

The Order 2831

Chapter: 2831

“Okay!” After Chen Ping finished speaking, he found that the Blood Demon was missing, so he asked in surprise: “Where is the Blood Demon?”

Chen Ping released his consciousness and found that his consciousness could no longer connect with the blood demon.

“It’s time to control the puppet corpse...”

Fan Jiang pointed to the body of the Blood Demon lying on the ground and said.

Chen Ping felt annoyed when he saw this. He didn’t expect that he had stayed there for several days.

Although his strength has improved a lot, he can no longer control the Blood Demon!

Chen Ping had no choice but to put the blood demon’s body into the storage ring, and then took a look at the Tianfu Sect ruins, and light blue flames came out of his palms!

With a wave of his hand, flames poured down from the sky and covered the earth, and all the scattered bones on the ground burned fiercely in the fire!

Seeing the ruins of Tianfu Sect reduced to ashes, Chen Ping took Hu Mazi and the others out!

Chen Ping, who received the inheritance of spells, immediately went to the dungeon to find a way to rescue Su Yuqi.

He wanted to verify whether what Zhou Jie said was true.

This time, Hu Mazi did not choose to stay in Baihai City. After all, the ruins of Tianfu Sect were gone, and Hu Mazi had no reason to stay.

Another point is that Hu Mazi wants to follow Chen Ping and let Chen Ping teach him spells.

The three of them returned to Kyoto together...

Kyoto, Martial Arts Alliance!

Since the Martial Arts Alliance was destroyed, more glorious buildings have been re-erected in just a few days!

And this time, there are seven black and silver robes in the martial arts alliance. Each black and silver robe has the strength of the late Great Wuhou, and among these seven people, two have martial arts sacred weapons in their hands. This kind of strength, no one else It is said that in the Kyoto martial arts world, even the entire Daxia martial arts world is a top-notch existence!

These seven black and silver robes are considered the best among the entire black and silver robes. It won't take long for them to be promoted to black and gold robes!

This time they are sitting in the Martial Arts Alliance, which can be regarded as a test before promotion!

And on the master's seat of the Martial Arts Alliance, the hunchbacked old man suddenly appeared on it!

"Lord Demon Envoy..."

Seeing this, the seven men in black and silver robes quickly shouted respectfully.

"As long as the seven of you can catch Chen Ping, you can be promoted to the Black Gold Robe. Now that the martial arts weapon in Chen Ping's hand has been destroyed, and the puppet corpse is probably out of control, so the seven of you join forces to catch him. It's not difficult!"

“But don’t take it lightly. The most important thing is not to destroy his body. His body and power are still useful!”

Chapter: 2832

The hunchbacked old man said to the seven people.

“As ordered...”

Seven people nodded.

Soon, the figure of the hunchbacked old man disappeared from his seat. When he appeared, he was already in the secret realm!

The hunchbacked old man walked quickly to a secret room and opened a mysterious window in the secret room. It was pitch black inside!

The hunchbacked old man recited a few mantras silently, and the secret room suddenly lit up.

I saw a pool of dark liquid in the secret room, which looked very disgusting!

But at this moment, in the pool, Ning Zhi was naked and soaking in it!

“This boy’s physical body is really good. It seems that the time has come...”

The hunchbacked old man glanced at his body in disgust, then opened the door and walked in!

The hunchbacked old man waved his hand, and a black mist emerged from Ning Zhi’s body, and then turned into a human form!

This is the soul in Ning Zhi’s body, and it has been coexisting with Ning Zhi.

“Lord Demon Envoy...”

When the soul saw the hunchbacked old man, he hurriedly saluted!

“This boy’s physical body is really strong. He can soak in this black devil pool for such a long time. Such a good physical body has been ruined by you...”

The hunchbacked old man said coldly to the soul.

When the soul heard this, it immediately trembled with fear: “Master Demon Envoy, this villain just found a body at random. I didn’t choose it at the time...”

“Whether you chose it randomly or not, I want this body now...”

As the hunchbacked old man opened his mouth, he saw the soul struggling twice and being swallowed into his stomach in an instant!

Then a black mist emerged from the hunchbacked old man’s body, and then entered Ning Zhi’s body!

And the hunchbacked old man instantly lost consciousness and fell to the ground, and then fell into the black water!

The physical body was instantly corrupted and turned into white bones, and finally disappeared completely!

Ning Zhi suddenly opened his eyes at this moment, with a terrifying light in his eyes!

“Haha, this body is really good...”

Chapter: 2833

The soul of the demon couldn't help laughing as he looked at the strong body.

"Who are you?"

At this time, Ning Zhi also felt something strange, because he found that the soul aura in his body had obviously changed!

Moreover, the energy in his body became extremely turbulent, and his strength was obviously much higher.

"Boy, you should feel lucky that I have taken notice of your body. I am the demon envoy, commanding all of you people in black robes. Do you understand?"

Soul said in a proud tone.

Ning Zhi was stunned for a moment, and then his whole face showed an incredible expression.

"Demon...Master Demon?"

Ning Zhi was only wearing a black copper robe at that time. At his level, he was not qualified to meet such a big figure as the Demon Envoy.

Now I didn't expect that the demon's soul actually entered my body!

This means that he suddenly has the identity of a demon envoy, and all the people in black robes must obey him.

"Boy, be obedient from now on and I will make you stronger..."

Soul said calmly.

“yes!”

Ning Zhi’s eyes gleamed, and the corner of his mouth raised a sneer: “Chen Ping, just wait for me...”

.....

Dragon Gate!

Chen Ping is calling everyone for a meeting. This is Chen Ping’s first meeting since the establishment of Longmen!

As the temporary butler of Longmen, Long Wu took charge of everything in Longmen after Long Xingxu went to Penglai Island.

“Uncle Long, you said that the Martial Arts Alliance restored all its buildings within three days?”

Chen Ping asked Long Wu.

“Yes, in three days, the buildings of the Martial Arts Alliance seemed to appear out of thin air, and they were even more magnificent than before!”

“And this time, there are seven people with the strength of the late Wuhou in the martial arts alliance.”

“There are countless Wuhou and Wuzong...”

Chapter: 2834

“Logically speaking, you destroyed the Martial Arts Alliance last time and killed so many masters of the Martial Arts Alliance. How could so many of them appear again all at once?”

“Is it true that as Fan Jiang said, these people are in some secret realm?”

Long Wu was very surprised because he had never understood any secret realm.

Chen Ping thought for a moment. It seemed that the Martial Arts Alliance was much more powerful than he thought. He didn't know how many masters there were in the secret realm of the Martial Arts Alliance.

Those who appear now are only the Great Wuhou, and as for the Wusheng level, I guess the hunchbacked old man may be it, but Chen Ping is not sure!

After all, the Blood Demon was there at the time and he knocked the hunchbacked old man away with two slaps, so Chen Ping didn't dare to be too sure about the hunchbacked old man's true strength!

Now that the Martial Saint Artifact is gone, the time has come to control the Blood Demon. Facing the seven masters of the later stage of the Great Wuhou, Chen Ping doesn't know if he is sure!

Originally, Chen Ping thought that the martial arts alliance was ruined. As long as he entered the dungeon, found a way to open the cell door and rescued Su Yuqi!

But he didn't expect that the martial arts alliance would recover within three days and send so many masters again.

This time, Chen Ping was very passive and at a loss for a while!

Although the current Dragon Gate seems to be powerful, it has just been established after all, and there are not many truly powerful masters!

In the battle between the Dawu Hous, it is estimated that only Ge Yuhan and Hu Mazi can help.

Others are not strong enough to follow the masters of Dawuhou in the later period!

“Mr. Chen, even if you face seven masters from the late stage of Dawuhou, you may not have a chance to win. Have you forgotten that you still have one thing?”

At this time, Fan Jiang walked in and said.

“What?” Chen Ping asked in shock.

“That blood demon!” Fan Jiang said.

“But the blood demon is no longer under my control, what else can I do?”

When Chen Ping heard this, he said a little discouraged.

“Mr. Chen, although the blood demon is no longer under your control, it is very good to use his body as a shield. You must know that the blood demon’s body is extremely powerful, and even the sacred weapon cannot break it. What does it mean to be famous as a great Wuhou...”

Fan Jiang explained.

When Chen Ping heard this, his eyes suddenly lit up: “Yes, why did I forget how to use this...”

Using the Blood Demon’s body as a shield, if the Blood Demon were still alive, he would probably be pissed to death!

At this moment, Chen Ping felt confident. When the time came, he would ask Ge Yuhan and Hu Mazi to help him, and it would not be impossible to deal with the seven Dawuhous!

Chapter: 2835

Just when Chen Ping was about to break up the meeting and make some preparations, someone immediately came to report that Xing Jun from the law enforcement team was here!

Chen Ping hurriedly asked people to invite Xing Jun in!

Chen Ping hasn't seen Xing Jun for a while.

I don't know what this guy is up to!

Xing Jun entered the door, and after seeing Chen Ping, he was slightly stunned, and then smiled and said: "Chen Ping, your boy's strength has improved a lot?"

"I remember when I first met you, you were a child who was bullied casually, and you relied on Long Wu to protect you..."

"But in just one year, you have become the leader of the largest sect in Kyoto!"

Xing Jun sighed with emotion. A year ago, he looked up to Chen Ping like an ant, but now he looks up to Chen Ping.

"Captain Xing, please stop flattering me. If you have anything to do, go to the Three Treasures Hall. If you have anything to say, just say it!"

Chen Ping smiled lightly.

"Mr. Shi misses you and asked me to come and pick you up..."

Xing Jun said.

"Mr. Shi misses me?" Chen Ping was a little surprised. He didn't understand what Mr. Shi was suddenly doing to him at this time.

"Come with me, don't keep Mr. Shi waiting..."

After Xing Jun finished speaking, he dragged Chen Ping and left!

Soon, Chen Ping came to the Guardian Pavilion and saw Mr. Shi drinking tea leisurely, and in front of him, there was a chessboard!

Seeing Chen Ping coming, Mr. Shi waved his hand and said: "Chen Ping, come and sit down and play a game with me..."

Chen Ping was stunned. Didn't he understand that Mr. Shi wanted to play chess with him?

But Chen Ping didn't say anything, he just walked over and sat in front of Mr. Shi!

Mr. Shi personally poured a cup of tea for Chen Ping: "Try it, the authentic Dahongpao!"

Chen Ping looked at Mr. Shi. He couldn't guess what Mr. Shi was thinking. He could only take a sip and said: "Good tea..."

"Hahaha, whether tea is good or not depends on one's state of mind. In fact, it has little to do with tea."

"Play a few games with me and let me see if you have any chess skills."

Mr. Shi laughed and started playing chess with Chen Ping!

Chapter: 2836

Chen Ping played several games with Mr. Shi and lost every time!

But Mr. Shi didn't say anything and let Chen Ping continue!

But at this time, Chen Ping's forehead was already sweating, and he was worried!

He had to prepare to rescue Su Yuqi, so there was no time to waste playing chess with Mr. Shi here!

Seeing Chen Ping's anxious look, Mr. Shi didn't say anything and just kept playing chess with Chen Ping.

Finally, Chen Ping couldn't stand it any longer and said, "Mr. Shi, do you have something to ask me for? If nothing happens, I'm leaving. I still have some things to deal with..."

"Go to the martial arts alliance to save your girlfriend?"

Mr. Shi said with a faint smile.

Chen Ping was stunned for a moment, but he still nodded and said: "Yes, my girlfriend has been arrested for such a long time. Now I finally have the ability. I must rescue her..."

"Are you capable?" Mr. Shi slowly raised his head, looked at Chen Ping and said, "What is your strength now?"

"Fifth-grade Great Wuhou..."

Chen Ping said.

"Fifth-grade Great Wuhou..."

After Mr. Shi finished speaking, he suddenly swung his palm towards Chen Ping!

Chen Ping felt horrified and instinctively wanted to retreat, but it was too late!

I saw Chen Ping's body fly out directly, and then hit the chair, smashing the chair to pieces!

However, Chen Ping's body was not injured, and he looked at Mr. Shi with a gloomy expression!

"Do you think you are strong enough to deal with seven great Martial Lords, plus two Martial Saint Weapons?"

Mr. Shi looked at Chen Ping and asked.

"Two martial arts weapons?" Chen Ping was stunned: "You said the Martial Arts Alliance now has two martial arts weapons?"

"good....."

Mr. Shi nodded.

At this time, Chen Ping was a little panicked. At that time, Chen Ping was a little unable to resist the martial arts weapon. Fortunately, there was a blood demon.

Now that there are seven great Wuhou on the other side, holding two sacred martial arts weapons, how can Chen Ping have any chance of winning?

Chapter: 2837

Chen Ping really couldn't understand. This martial arts alliance was so wealthy. How come they had as many martial arts weapons as rags in their hands?

"Now do you still think that with your strength, you can save your girlfriend?"

Mr. Shi asked.

Chen Ping said nothing because he knew that with his strength, he really couldn't save Su Yuqi!

Chen Ping, who looked dejected, sat back down again!

The fighting spirit and aura in his body disappeared in an instant!

Seeing Chen Ping like that, Mr. Shi smiled and said slowly, "But you don't have to be discouraged. What you have is actually something that no one else has!"

Mr. Shi said, a faint red light emitted from his palms, and then waved towards Chen Ping!

The dragon-slaying sword in Chen Ping's body came out instantly!

Chen Ping looked surprised. You must know that he and the Dragon-Slaying Sword have already merged into one sword. Only a thought in his mind can bring out the Dragon-Slaying Sword!

But at this time, Chen Ping had no idea of using the Dragon-Slaying Sword, but found that the Dragon-Slaying Sword was already in Mr. Shi's hands!

The dragon-slaying sword made a huge buzzing sound in Mr. Shi's body.

Waves of terrifying sword energy emitted from the Dragon Slayer Sword, and bright golden light kept flashing!

Feeling the terrifying aura on the Dragon-Slaying Sword, Chen Ping was stunned!

He had never thought that the Dragon-Slaying Sword could be so powerful!

"In front of this sword, the martial arts weapon is worse than rubbish. It's a pity that you only focus on improving your own strength and forget about it..."

"Remember, he is a part of your body, and the weapon is also a kind of strength. Don't treat it badly..."

After Mr. Shi finished speaking, he released the Dragon-Slaying Sword and instantly returned to Chen Ping's body!

Chen Ping thought carefully about Mr. Shi's words, and there was a hint of shame on his face!

He has always been envious of other people's martial arts weapons and wanted to get other people's martial arts weapons, but he forgot his own dragon-slaying sword!

You must know that what you are holding is a spiritual sword, a spiritual sword that has given birth to a sword spirit!

Chen Ping had always just looked for resources on his own to improve his own strength. He had never thought about improving the strength of the Dragon-Slaying Sword Spirit!

If you only rely on fighting again and again to improve the strength of the Dragon Sword Spirit, the speed will be simply too slow!

But soon, Chen Ping discovered a problem. He didn't know how to improve the strength of the Dragon Slayer Sword!

Chapter: 2838

He himself can swallow beast elixirs, various elixirs, and even the strength of other people!

But how to improve the strength of this dragon-slaying sword?

You can't let it suck the beast elixir, right?

It's obvious that Dragon Slayer Sword doesn't have the ability to absorb beast elixir!

"Mr. Shi, may I venture to ask, how can I improve the strength of this dragon-slaying sword?"

Chen Ping asked Mr. Shi.

“Beat me once, and I’ll tell you...”

Mr. Shi smiled slightly.

Chen Ping took a deep breath and then nodded.

Chen Ping worked hard to calm down his mood, put aside distracting thoughts, and began to play chess with Mr. Shi seriously.

But after playing several games in a row, Chen Ping still couldn’t beat Mr. Shi. Now Chen Ping became anxious again!

Seeing Chen Ping’s anxious look, Mr. Shi said: “The chess game is like life. What we play is not chess, but life, and life is all-encompassing. You need to see the chess game clearly...”

After listening to Mr. Shi’s words, Chen Ping looked at the chessboard in front of him carefully, and suddenly the chessboard seemed to change before his eyes.

It turned into a magic circle, and the chess pieces became the key to breaking the magic circle!

At this moment, Chen Ping seemed to understand what Mr. Shi meant!

Runes flashed in Chen Ping’s mind, and each rune represented a small magic circle!

Relying on the inheritance of Tianfu Sect, Chen Ping finally narrowly defeated Mr. Shi with one move!

When the chess game was decided, Chen Ping discovered that his inherited spells had greatly improved!

Some spells that he had not fully understood were now understood...

Chen Ping looked excited and looked at Mr. Shi gratefully!

“Mr. Shi, can you tell me now, how can I improve the strength of this dragon-slaying sword?”

Chen Ping asked Mr. Shi.

“sure!”

After Mr. Shi finished speaking, he looked at Xing Jun, and Xing Jun seemed to have been ready for it. He took out a map from his arms!

Chapter: 2839

Mr. Shi opened the map and pointed his finger: “There will be ruins opened in this place recently. Then you will understand how to improve the strength of the Dragon Slayer Sword.”

“Ice Bear Island?” Chen Ping was stunned: “Isn’t this the boundary of my Daxia territory?”

Mr. Shi nodded: “Yes, this is the territory of the Bear Country, but along the border with our country, there are also many Daxia people living there, and it is a trading place!”

Chen Ping looked at Mr. Shi with some confusion: “Why does Mr. Shi also know about foreign resources?”

“Hahaha, then the Martial Arts Alliance can know so many resource areas, shouldn’t I, as an official, know some? There are many things in this, and you don’t need to know them!”

“You just need to remember that after you get out, you are completely on your own. And if the ruins are opened, there will probably be many masters there.”

Mr. Shi warned.

Chen Ping nodded: "Thank you, Mr. Shi, for reminding me, I will remember it..."

After Chen Ping left the Dharma Protector Pavilion, he returned to Longmen and immediately found Hu Mazi and Fan Jiang!

After all, these two people are well-informed. Ask them if they know about the ruins of Ice Bear Island.

"I don't know. I rarely get involved in foreign affairs..."

Hu Mazi shook his head and said.

Fan Jiang frowned slightly, as if he was thinking about something, and then said: "If I remember correctly, there should have been a very large sect on Ice Bear Island hundreds of years ago, called Wenjian Sect. The entire sect They all use swords, and there are many swordsmiths in Wenjian Sect!"

"At that time, many sword masters went to ask the Sword Sect for advice, but many of them failed. But later, for unknown reasons, the Sword Sect seemed to have disappeared out of thin air!"

"There was once a rumor that a spiritual sword in the Wenjian Sect was possessed by a demon and was out of control. It killed everyone in the Wenjian Sect overnight!"

"But I don't know whether it's true or not. They're just rumors..."

When Chen Ping heard what Fan Jiang said, he immediately felt that this relic must be related to the Wenjian Sect.

Mr. Shi pointed out this relic. In order to enhance the strength of his Dragon-Slaying Sword, it must be right that the Wenjian Sect is also related to the Spiritual Sword!

“Two days later, you guys will go to Ice Bear Island with me. The ruins on Ice Bear Island will be opened. It is probably the ruins of Wenjian Sect!”

Chen Ping said to Fan Jiang and Hu Mazi.

Fan Jiang didn't say anything, but Hu Mazi curled his lips and said, “That shabby place would probably freeze to death. How miserable it would be to go there!”

“Master Hu, with your current strength, you are not afraid of the cold even if you are naked. Why would you freeze to death?”

Fan Jiang asked puzzledly.

Chen Ping knew that Hu Mazi just didn't want to go so far away. How nice it would be to be in Wenrou Township!

Chapter: 2840

“Master Hu, I heard that the women in the Xiong Kingdom have blue hair and blue eyes, and they are all very developed. Is it true?”

Chen Ping pretended not to understand anything and asked for advice.

When Hu Mazi heard this, his eyes gleamed: “Yes, yes, and he is still tall. I will go and get ready. I will set off in two days...”

Seeing Hu Mazi's behavior, Fan Jiang chuckled and said, “Mr. Chen is really controlling Master Hu now...”

After deciding to go to Ice Bear Island, Chen Ping used this time to check the information about the Sword-Asking Sect!

It's a pity that there is very little information about Wenjian Sect. After all, it already belongs to an overseas sect, so there is not much information that Chen Ping wants to find!

Just before the last day of departure, Chen Ping suddenly received a call from Gu Ling'er asking him to go to the Red Lotus Palace!

Chen Ping thought something had happened and hurried over!

When he arrived at Honglian Palace, Chen Ping felt that something was wrong in the atmosphere!

A group of girls all looked directly at him, and there was a bit of anger in their eyes.

This made Chen Ping confused. He didn't know where he had offended these women!

Although Chen Ping himself didn't know where he offended them, but being looked at directly by these women, Chen Ping became panicked.

These women didn't say anything, just looked at Chen Ping!

But Chen Ping's face was full of panic!

Finally, Xiaoru couldn't help but said: "Brother Chen Ping, I heard that you are going to the Bear Country?"

Chen Ping nodded: "Yes!"

"And also going to Ice Bear Island?"

Gu Linger also spoke!

"Yes!" Chen Ping nodded again.

“You’re leaving tomorrow?”

Ji Ruxue asked.

“Yes!” Chen Ping continued to nod!

“You guy, you go to such a nice place abroad and you don’t tell us or take us with you. Do you still have us people in your heart? Do you have any conscience?”

“Sister Ruxue moved here from thousands of miles away for you, and you treat her like this?”
