

The Order 2861

Chapter: 2861

But just after turning around and taking two steps, four men in black appeared. All four men had their faces covered, holding scimitars in their hands, and each of them had murderous intent in their eyes!

Seeing the four men in black suddenly appearing, Andrew felt like he was facing a powerful enemy and protected Anna tightly!

Chen Ping took a look at these four people. They were all in the realm of Wuhou and could be considered masters!

If these four people deal with Andrew, then Andrew will definitely not be his opponent.

“Andrew, if you hand over Princess Anna, I will spare your life, otherwise I will take your bearskin to make clothes...”

A man in black said to Andrew with a mocking face.

“Impossible, I am Princess Anna’s guard. I can die, but I will never let you hurt Princess Anna!”

Andrew said with a cold face.

“Okay, since you are stubborn, then we will kill you, and then kill Princess Anna...”

After saying that, the four men in black all exuded waves of icy chill.

The breaths of the four people locked onto Andrew instantly!

As for Chen Ping and Fan Jiang next to them, they seemed not to notice!

The four men in black ignored Chen Ping and Fan Jiang, who were relatively thin.

“Roar.....”

Seeing this, Andrew directly activated the transformation mode, raising his strength to the strongest!

I saw Andrew covered in hair, revealing sharp fangs!

It turned into a brown bear, roared loudly, and protected Anna tightly!

“Hmph, even if you transform, what will happen?”

A man in black snorted coldly, and then four people walked towards Andrew together.

Andrew roared angrily and rushed forward, fighting with the four men in black!

With the strength of Wu Hou, the melee between several people instantly caused constant explosions around them, and the snow was thrown into the sky one after another, and then slowly fell!

Even if Andrew transformed and raised his strength to the strongest level, he was still no match for the four men in black!

I saw Andrew's huge body being hit hard by a man in black. His whole body rose into the air and hit the ground heavily, making a deep pit in the hard ground!

When Ana saw this, her eyes were full of panic and anxiety.

Chapter: 2862

“Roar.....”

Andrew roared again, stood up suddenly, and then used his wide bear paw to slap the four men in black!

At this time, two men in black stopped Andrew directly.

The other two men in black were walking towards Anna!

When Anna saw this, her body kept regretting it, but soon the two men in black arrived in front of Anna.

“Princess Anna, should you take it upon yourself, or do we need to take action?”

A man in black asked Anna.

“Who are you? Are you sent by my brother?”

Anna asked the man in black.

“You don’t need to know this. We will tell you when you die.”

The man in black said with a sneer.

Anna bit her lip. Facing such a powerful man in black, Anna knew that she was doomed this time!

“Mr. Chen, these guys seem to be ignoring us.”

Fan Jiang looked at Chen Ping and said.

“Well, I was ignored...”

Chen Ping smiled!

You must know that Chen Ping is now in Daxia. He is a household name and will never be ignored.

But here, he was simply ignored!

“Since these guys have useless eyes, I’ll detain them for them...”

Fan Jiang asked.

“I think it’s okay!”

Chen Ping nodded.

Fan Jiang wanted to take action, and Chen Ping agreed.

The conversation between Chen Ping and Fan Jiang instantly angered the two men in black!

Chapter: 2863

“You two Daxia people, get out of here, or you will both die here...”

A man in black looked at Chen Ping and Fan Jiangdao with murderous intent.

At this time, Anna also looked at Chen Ping and said: “Chen Ping, don’t worry about my affairs. You’d better take your friends and leave. They are very powerful people.”

“I really want to see how powerful these people are.”

Chen Ping smiled and then winked at Fan Jiang!

Fan Jiang nodded, then jumped up and headed towards the two men in black!

“Chen Ping, you are no match for them. They are all Wuhou. You should leave quickly...”

Seeing that Fan Jiang actually took action, Anna quickly said to Chen Ping.

But just as Anna finished speaking, she heard two shrill screams!

I saw the two men in black covering their eyes with their hands!

And on the snow-white ground, four eyeballs were very conspicuously embedded in the snow!

From the gaps between the fingers of the two men in black, blood kept coming out!

This time, Anna was dumbfounded!

“Things that don’t have eyes don’t have to look at things now.”

Fan Jiang snorted coldly.

The other two men in black who were fighting with Andrew all rushed over after hearing the screams!

Andrew couldn’t hold on any longer, and there were scars all over his body. At this moment, when the two men in black left, he breathed a sigh of relief!

When the other two men in black arrived, they saw that the eye sockets of their two companions were empty and their eyeballs were missing!

This time, the two people were instantly shocked!

The four of them know each other's strength very well. The person who can instantly dig out the eyes of two companions must be much stronger than them!

Thinking of this, the remaining two men in black supported their companions, turned around and ran away.

"Want to run?"

When Fan Jiang saw this, he jumped up and instantly stopped the four men in black!

Then both claws came out again, and the remaining two men in black also screamed, and their eyeballs were also gouged out.

Chapter: 2864

This time, the four men in black became blind!

They were screaming, colliding with each other, and couldn't find their way!

Fan Jiang's skills stunned Anna and Andrew.

It wasn't until Fan Jiang came back that Anna couldn't help but ask Chen Ping: "Chen Ping, what is your friend's strength? How can he be so powerful?"

Chen Ping smiled: "He is just a peak Wuhou. Even the great Wuhou can't break through."

When Fan Jiang heard this, he was immediately embarrassed.

He has not been able to break through Da Wuhou for twenty years.

If someone had said this to him before, Fan Jiang would have been angry!

But now that Chen Ping is talking about him like this, Fan Jiang has no temper at all.

After all, it only took Chen Ping just over a year to break through to the realm of Da Wuhou!

This talent coupled with the disparity in strength made Fan Jiang admire Chen Ping.

When they heard that Fan Jiang was at the peak of Wuhou, Anna and Andrew's eyes were filled with admiration and disbelief!

Although Andrew is also a Wuhou, he is just a newly promoted Wuhou. If he wants to reach the peak of Wuhou, he doesn't know how long it will take.

But soon, Anna seemed to feel that something was wrong, so she asked Chen Ping: "You just said that he is a peak Wuhou, and that's it? You seem to look down on this peak Wuhou, so what is your own strength?"

"Me? I am now a fifth-grade Great Wuhou."

Chen Ping smiled slightly.

"Just brag. At your age, you can reach the fifth rank of Great Wuhou? You must know that a year ago you were just a grand master."

Anna didn't believe Chen Ping's words at all.

After all, Chen Ping was only the Grand Master a year ago, how could he reach the fifth rank of Grand Wuhou in just one year.

This is simply impossible!

Andrew relied on his identity as a bear man to practice quickly. It took him a year to go from Wu Zong to Wu Hou, and he also consumed an unknown amount of training resources during this period!

Chen Ping is just an ordinary person, how could he practice so fast!

Anna doesn't believe it, and neither does Andrew!

Seeing that Anna didn't believe it, Chen Ping could only helplessly spread his hands and said: "Since you don't believe it, I can only let you see it."

Chapter: 2865

"They say you women have long hair and short knowledge. It's true."

After Chen Ping finished speaking, he looked at the four wailing men in black not far away, raised his hand and waved lightly!

An overwhelming and terrifying aura came in an instant!

boom.....

The four men in black turned into scum in an instant, leaving nothing behind, falling to the ground like snowflakes!

It was as if the four men in black had never appeared!

Seeing this scene, Anna was dumbfounded, and Andrew was also dumbfounded...

After a long time, Anna finally reacted and became very excited!

“I didn’t... I didn’t expect that you are really the Great Wuhou. That’s great, that’s great...”

Anna excitedly stepped forward and hugged Chen Ping, kissing Chen Ping’s face desperately to express her happiness!

This time, Chen Ping was completely confused and tried desperately to push Anna away!

These foreign girls are so open-minded...

But just when Chen Ping was pushing Anna, and Anna was holding on to Chen Ping and kissing Chen Ping, Chen Ping suddenly felt a terrifying aura that sent a chill down his back!

The hair on Chen Ping’s whole body stood up. Chen Ping had never felt such a huge sense of crisis before!

Pushing Anna away desperately, Chen Ping hurriedly turned around, only to see Gu Ling’er and a group of girls not far away, staring at him eagerly!

Every girl has a bit of anger in her eyes!

At this moment, Chen Ping’s head was about to explode!

“Well, Chen Ping, why don’t you go shopping with us? It turns out you came here to find a foreign girl, and she’s an old acquaintance...”

Xiaolan took the lead and said to Chen Ping.

Xiaolan and Anna had met during the international competition a year ago, and the two of them often fought tit-for-tat together in order to compete for Chen Ping!

Now Xiaolan saw Chen Ping and Anna hugging each other and kissing each other, and her anger suddenly rose!

Gu Ling'er also knows Anna, and she doesn't mind if Chen Ping finds a confidante. Gu Ling'er knows that an outstanding man like Chen Ping will have many women in the future!

But someone like Chen Ping, who was so sneaky and so affectionate, made Gu Ling'er feel a little uncomfortable.

After all, apart from Su Yuqi, she was the first to follow Chen Ping. Now she and Chen Ping have never been so intimate, but Anna has taken the lead!

Chapter: 2866

"Brother Chen Ping, your appetite is getting bigger and bigger now..."

Xiaoru sighed helplessly.

"Brother Chen, it turns out you like foreign girls. No wonder my sister threw herself into your arms and you couldn't move her..."

Xiao Min also pursed her lips and said very dissatisfied.

This made Ji Ruxue so shy that she quickly said to Xiao Min, "Kid, what are you talking about?"

"Chen Ping, who is this foreign girl?"

Ge Jiayi stepped forward and asked Chen Ping.

Facing so many women, Chen Ping's head was about to explode as he questioned every word he said!

When Zhao Chuang and Fan Jiang looked at Chen Ping like that, they could only laugh secretly!

Having too many women is sometimes a burden...

“Hello sisters, my name is Anna, and Chen Ping and I are also old friends. Just now, Chen Ping and I just wanted to express our feelings about meeting our old friends.”

“This is how we greet each other here, I hope you don’t misunderstand.”

Before Chen Ping could speak, Anna explained to Gu Ling’er and the others.

“Yes, yes, we just said hello as a courtesy.”

“After all, this is bear country, and Anna is from this country, so she was quite excited to see me.”

Chen Ping quickly followed.

“Yes, I’ve also heard that when you say hello abroad, you always kiss...”

At this time, Zhao Chuang also said something!

This sentence instantly made everyone laugh and eased the tense atmosphere!

Chen Ping took the opportunity and shouted for everyone to go back to the hotel!

Anna took Andrew along with her. After knowing that Chen Ping was Dawuhou, Anna was about to hug Chen Ping’s thighs.

Chen Ping was worried at first that Anna would start a conflict with these girls!

But Chen Ping underestimated the communication skills of girls!

Soon Anna became involved with a group of girls and became sisters.

Chapter: 2867

And when they learned what happened to Anna, they were all filled with indignation and wanted to help Anna find the King of Medicine, and also help Anna teach her brother a lesson.

the next day.

Tang Dali came to the hotel early to wait for Chen Ping!

Waiting to take Chen Ping around to see if he can find any relics!

Originally, Chen Ping didn't plan to let the girls follow him, but Anna was going to find the Medicine King. If Anna was the only one to follow, the other girls would definitely not be happy, so they just took them with them!

"Where's Master Hu?"

Chen Ping saw that everyone had gathered, but Hu Mazi was nowhere to be seen!

"Master Hu has not left the room since he came. Who knows what he is doing in there..."

Zhao Chuang said.

Chen Ping knew immediately what this guy was doing.

However, Hu Mazi is an expert in finding holes and tombs, so he must take action!

So Chen Ping walked to Hu Mazi's room and knocked hard on the door!

Soon, the door opened, and Hu Mazi yawned, his eyes were dull and the circles under his eyes were dark.

And on the hotel bed, two blond girls were lying down!

"Master Hu, today we are going to find the ruins."

Chen Ping said to Hu Mazi.

"Ah, so fast?"

Hu Mazi was stunned.

"If you don't hurry up, you will probably become a human and die in this place in two days."

Chen Ping rolled his eyes at the flax!

Hu Mazi chuckled: "This foreign girl is amazing, wait for me to get off, and I'll put on my clothes."

Soon, Hu Mazi got dressed and came out. Seeing Hu Mazi's appearance, everyone knew what this guy was doing after not going out for two days.

"Damn it, Chen Ping, you are so awesome, you managed to get a foreign girl in two days?"

After Hu Mazi saw Anna, he immediately admired Chen Ping!

Chapter: 2868

“Okay, okay, it’s getting late, let’s go quickly...”

Chen Ping was afraid that Hu Mazi would be talking nonsense, so he quickly urged everyone to set off!

With Tang Dali leading the way, a minibus pulled everyone towards the foot of the snow-capped mountain!

When we were still more than ten kilometers away from the snow-capped mountains, the car stopped because there was no road ahead and we needed to walk!

Tang Dali took some daily necessities and a simple tent from the car, and then said: “Mr. Chen, because the weather here changes quickly, we need to bring some supplies. Maybe we will have to spend the night here.”

“good!”

Chen Ping nodded, looked at the supplies, and then waved, putting them all into the storage ring!

This time, Tang Dali looked envious.

The group of people stepped on the snow and kept getting closer to the snow-capped mountains. They originally went for adventure, but they were turned into a game by these girls!

These girls were all playing around, throwing snowballs, and having snowball fights...

Chen Ping was also speechless for a while!

Tang Dali was speechless because he found that each of these girls looked fragile, but they were much stronger than him.

Along the way, Chen Ping and the others could also encounter groups of people, hurriedly heading towards the snow-capped mountains. Everyone's aura was strong, and they were obviously there to explore the ruins.

However, these people didn't pay attention to Chen Ping and the others. After all, they were obviously traveling with so many girls and they were having fun, so they didn't take it to heart!

As we got closer and closer to the snow-capped mountains, the weather became worse and worse. Streams of fog rose up, spreading from the foot of the mountain, and soon covered the surrounding areas, as if they were isolated.

Chen Ping emitted his spiritual consciousness, but was surprised to find that he couldn't even penetrate the thick fog. It was obvious that the fog was not naturally formed.

"This fog is caused by the magic circle. Everyone, please be careful..."

At this time, Hu Mazi changed his playful look and his face became serious!

The girls also became cautious and walked forward cautiously one by one!

"Gang Leader Tang, can you still remember the place you mentioned?"

Chen Ping said to Tang Dali.

He was afraid that Tang Dali would not know the direction in such a thick fog.

"Don't worry, Mr. Chen, I can tell even with my eyes closed..."

Tang Dali has a strong sense of direction. Although he has only been there twice, he can still find it.

Chapter: 2869

Chen Ping nodded and asked Tang Dali to lead the way!

After walking for more than an hour, the group found that the thick fog began to dissipate, and the towering snow-capped mountains were right in front of them. Looking from the air at this moment, they found that the thick fog had formed a large ring, covering the snow-capped mountains. Wrapped!

With this layer of fog, it is estimated that many people will get lost in it and lose direction!

“Mr. Chen, the places where people often disappear are at the foot of the mountain to the east of the Snow Mountain...”

Tang Long pointed to the east direction and said.

“Okay, let’s go there!” Chen Ping nodded, then looked at Gu Ling’er and the others and said: “You girls, stay here and don’t move forward, so as not to be in danger. I will give you the tents and supplies. You are here.” Wait here!”

Chen Ping took out the supplies from the storage ring, then opened the tent and asked Gu Ling’er and the others to wait!

Originally, Ge Jiayi and Xiaolan were not willing to wait, but Ji Ruxue and Gu Ling’er knew that this exploration of the ruins would definitely be dangerous, and following them would distract Chen Ping, so they agreed to stay!

Chen Ping asked Tang Dali to take him, and then called Hu Mazi, Fan Jiang, and Anna’s master and servant to head towards the place where the grandmaster disappeared!

“Chen Ping, let me go with you. If we are really in danger, I can still resist...”

Ge Yuhan wants to go with Chen Ping!

After all, Ge Yuhan’s strength is also that of Da Wuhou, and he can handle it on his own if he really encounters danger.

And Ge Yuhan must be well-informed. If he encounters something very ancient, maybe Ge Yuhan can recognize it!

Thinking of this, Chen Ping nodded and said: "Okay, you can follow..."

After arranging the accompanying people, Chen Ping said to Zhao Chuang: "Zhao Chuang, you have to take good care of them. They are only allowed to wait here and don't go anywhere..."

"Brother Chen, don't worry, I won't let them run around..."

Zhao Chuang agreed!

Chen Ping and the others set off, and as their direction changed, Chen Ping felt that the aura of the world had changed a lot!

And Ge Yuhan seemed to feel it, frowning slightly!

Soon, Chen Ping and the others arrived at that place, but at this time, there were several big signs stuck around the place!

Several large signs read: "This place is dangerous, please do not enter..."

Chen Ping was very surprised. Who would put up so many signs here?

"Gang Leader Tang, who did these?"

Chen Ping asked.

Chapter: 2870

Tang Dali also shook his head in confusion: "I don't know either. The first two times I came here, there was no such thing..."

"Someone has already been here. I guess this sign is just to scare people."

At this time, Hu Mazi spoke.

"Ignore it, let's go in..."

Chen Ping took the lead and walked inside.

But just when Chen Ping took a step forward and continued walking forward, bursts of roars of beasts suddenly came!

The roar was very loud, and it sounded very scary!

"There are actually monsters roaming around here?"

Chen Ping's face was full of surprise!

You must know that in such an extremely cold place, it is difficult for some beasts to survive.

Listening to those roars, Tang Dali's face became a little ugly!

"Chen...Mr. Chen, let's not move forward..."

Tang Dali said with his body trembling.

"What's wrong? Did a few roars scare you?"

Chen Ping asked in confusion when he saw Tang Dali like that.

“Mr. Chen doesn’t know something. It’s rumored that there used to be a tiger monster that lived here. It was so big that it could swallow a person with its mouth!”

“It’s just that no one has seen the tiger demon for many years, and it was slowly forgotten and regarded as a legend!”

“But now, this roar is probably made by the tiger demon, and the people who disappeared here are also likely to die at the tiger demon’s mouth.”

“I think we should not continue walking forward, it is too dangerous...”

Although Tang Dali knew that Chen Ping was a great martial arts master, if he really encountered the legendary tiger demon, they would probably become the tiger demon’s food.

“Tiger demon? Are there still such things here?”

Chen Ping looked surprised!

“If there is a tiger demon, then there must be a Medicine King. You must know that there must be spiritual beasts guarding a Medicine King. Maybe the tiger demon is guarding the Medicine King.”

Anna looked excited, which at least meant that there must be a Medicine King in this place!
