

The Order 2871

Chapter: 2871

Tang Dali saw that Chen Ping and the others didn't seem to be afraid of the tiger demon, and were still determined to move forward, so he looked confused: "Mr. Chen, my strength is low, and I really don't dare to go further. Besides, I have never been on this snow." If I haven't been there, I probably won't be able to guide you!"

Tang Dali's intention was very obvious, that is, he wanted to quit and go back. He was scared!

"Gang Leader Tang, thank you for taking us here. Please pay attention to safety when you go back..."

Chen Ping didn't blame Tang Dali. After all, Tang Dali was just a martial arts master. If he was really in danger, he might not even have the ability to escape.

"Mr. Chen, then I'll be waiting in the city to take care of you..."

Tang Dali said.

After Tang Dali left, Chen Ping and the others continued to move forward, but the road became increasingly difficult, and they were still walking towards the snow-capped mountains.

Fortunately, these people are all experts. If they were ordinary people, they wouldn't be able to get here!

"Master Hu, can you find out where the ruins are?"

Chen Ping asked Hu Mazi.

"Nonsense, have you forgotten what I do?"

After Hu Mazi finished speaking, he took out a thin and bright metal rod that was only a few dozen centimeters long!

Hu Mazi glanced around casually, and then found a place to insert the metal rod into the snow!

I saw Hu Mazi standing in front of the metal rod and starting to recite a spell.

“Kanyu’s formulas are not often passed down. Looking for dragons and ancestors, look at the pointed circles. The screens and tents are lined up for a while, and the halls downstairs are descended to the peaks and mountains. The dragon with the waist of the wasp and the crane’s knees changes, and the remaining branches are wrapped around the ring.”

“A living dragon, a living snake, and a dragon are twisting and turning, breaking and connecting together. Walking from the dragon with the warehouse and the storehouse, crossing the pass and crossing the gorge to protect the harem. The front is greeted and the back is sent without interruption, and the lotus root is broken and the silk is connected and mysterious.”

“The five stars are metal, wood, water, fire, and earth. The wood and fire civilizations produce noble and virtuous people; Saturn produces thousands of gold and wealth, and the gold and water dragons produce wealth and wealth.”

Along with the chanting of Hu Mazi’s mantra, the tops of the metal rods began to emit streaks of golden light!

The golden light continues to spread, and the spread range is getting wider and wider!

“Buzz...”

Suddenly, the metal rod began to shake, accompanied by bursts of buzzing sounds!

The metal rod shook more and more violently, and as it shook, the metal rod began to heat up, and the surrounding snow began to melt!

Seeing this, Hu Mazi's face changed slightly, and he hurriedly waved: "Take it..."

The metal rod stopped shaking instantly, the light disappeared, and flew directly into Hu Mazi's hands!

Chapter: 2872

Hu Mazi's operation made Chen Ping and others stunned.

This can be regarded as a specialization in the art industry!

"Master Hu, how are you?"

Chen Ping stepped forward and asked.

"This ruins is really not small, but the mountain gate of this ruins is probably destroyed by someone..."

Hu Mazi said.

"What's the meaning?"

Chen Ping frowned: "You mean, someone has already entered this ruins?"

Hu Mazi nodded.

"If someone comes in, aren't we here in vain?"

Fan Jiang sighed and said.

"Not necessarily. These people can enter the ruins, but they may not be able to get the things inside the ruins."

“Just like the Fu Sect’s ruins that day, even though we went in many times, we got almost nothing.”

“There is a difference between exploring ruins and exploring ancient tombs.”

“If the ancient tomb is opened, it will basically be completely destroyed, and the ruins are protected by formations, and the things inside the ruins cannot be touched by just anyone.”

Hu Mazi explained.

“Master Hu, just tell me where the entrance to the ruins is? Can’t we find out if we go in and take a look?”

Chen Ping asked anxiously.

Hu Mazi shook his head: “I can’t find the entrance to the ruins. The traces at the entrance have been erased and the formation has been rearranged. Now we need to find it slowly...”

“Are those guys who broke through the ruins still in the ruins?”

Anna spoke.

“Probably.....”

Hu Mazi nodded!

“Could it be that the spread of rumors about tiger demons and the disappearance of people are all related to this group of people? Are they doing this deliberately to scare those who are exploring the ruins?”

Chapter: 2873

Ge Yuhan thought.

“Yes, this is also possible, but for the specific details, we should find the entrance to the ruins first...”

Chen Ping is now eager to find the ruins as soon as possible.

Just when Chen Ping was about to lead everyone to continue heading towards the snow-capped mountains, suddenly there was a breath coming from behind them.

And these auras are not weak, the worst ones are at the realm of the Great Wuzong, and there are several auras of Wuhou among them!

You don't need to think about it to know that these people must also be coming for the ruins.

“Mr. Chen, what should we do?”

Fan Jiang also felt the other party's aura, so he asked aloud.

Chen Ping frowned slightly, pondered for a moment and said: “Everyone hide their auras and don't let the other party see our true identity. We can let them go first and we will follow behind.”

Chen Ping planned to let this group of people go ahead. After all, no one knew what dangers they would encounter ahead. Instead of taking risks himself, he finally let these people go first!

Hu Mazi glanced at Chen Ping: “You kid, you are really bad...”

Chen Ping chuckled: “As the saying goes, soldiers never tire of deceit.”

Chen Ping and the others calmed down their breath, and then went to the side to rest, showing that they were extremely tired!

Soon, a dozen people walked over quickly, and one of them, a tall man with yellow hair and blue eyes, was obviously the leader!

Next to the man, there was a skinny old man, and the old man seemed to be blind, holding a cane in his hand!

After this group of people saw Chen Ping and the others, they all stopped, and the yellow-haired man looked at Chen Ping and the others. He didn't say anything, but looked at the old man and said: "High Priest, what did you just say?" Someone is using the technique of exploring caves and tombs to find the ruins, is it in this place?"

The old man did not speak, but took out a copper bell from his arms, and then gently shook the bell, and the bell made a crisp sound, and the sounds quickly began to spread!

These sound waves seemed to be full of magic power, constantly impacting towards Chen Ping and the others' minds!

A golden light flashed in Chen Ping's mind, directly forcing the sound wave back!

Others controlled their minds one after another and were not disturbed by the sound wave.

But Anna's strength was too low, and it seemed that she was not controlled by the sound wave, and her eyes began to become dull!

Seeing this, Chen Ping grabbed Anna's hand, and a burst of spiritual power instantly penetrated Anna's body, causing Anna to wake up instantly!

Anna immediately laughed when she saw Chen Ping holding her hand, and her eyes kept teasing Chen Ping!

When Chen Ping saw this, he wanted to let go of her, but Anna held Chen Ping's hand tightly and wouldn't let go!

Chapter: 2874

Chen Ping was speechless for a while. He didn't expect that Anna would misunderstand it!

"Don't get me wrong, I'm saving you..."

Chen Ping explained in a low voice.

"I didn't misunderstand. Isn't it nice for the two of us to hold hands like this? Why should we let go?"

"Are my hands not white enough or tender enough?"

Anna's voice was full of teasing tone!

This scene made Hu Mazi envious: "Girl, this guy Chen Ping doesn't know how to be charming, why don't I hold hands with you?"

Anna rolled her eyes at Hu Mazi and didn't move to pay him any attention!

But Hu Mazi doesn't care. If you want to pick up girls, you have to be thick-skinned!

Just when Chen Ping and the others were talking quietly and no one was paying attention to the group, the old man ringing the bell spoke: "Daniel, is there someone on our left?"

"The high priest, there are indeed six people, four men and two women. They are probably traveling."

The yellow-haired man said.

"Tourism? Has any tourist ever been here?"

The high priest seemed a little angry.

“High Priest, the most powerful one among this group is just the Great Martial Sect. The rest are all Martial Sect members and are not here for tourism. Do you dare to come to train the relics with this strength?”

Daniel explained hurriedly.

“It turns out that the Great Wuzong is still here. It seems that I made a miscalculation...”

With that said, the high priest started ringing the bell again, and this time, the ringtones carried spiritual power into Chen Ping’s ears, and then began to desperately attack the consciousness in Chen Ping’s mind!

This time, it was obviously much more powerful than the first time. Chen Ping was about to force the sound wave back, but it stopped instantly!

If they force this sound wave back now without being controlled at all, then their true strength will definitely be doubted by the other party.

So Chen Ping winked, and everyone understood and immediately pretended to be controlled, their eyes dull!

But Anna was really controlled, her eyes were dull!

This time, the high priest raised the corner of his mouth, and then said: “You all come here...”

In one sentence, Chen Ping and the others all stood up obediently, and then walked to the high priest!

Chapter: 2875

“Let me ask you, what are you doing here?”

the high priest asked.

“While traveling, try your luck and see if you can find the legendary ruins...”

Chen Ping replied!

The high priest sneered: “It seems that you really came here for a trip, and you still have the idea of trying your luck. Are these people crazy now?”

“I really thought that if I found the ruins, I would get rich, but I don’t know that there are many dangers in the ruins. With these people’s strength, they will die if they go in.”

After saying that, the high priest rang the bell, and Chen Ping and the others suddenly woke up!

“What...what’s going on? Who are you?”

Chen Ping and the others asked in a panic as they pretended.

“You don’t have to be afraid. We are members of the Burning Heaven Sect. This is our high priest. It’s very dangerous here. With your strength, it’s best to go back to avoid losing your life in vain.”

Daniel said.

“Burning God Cult?” Suddenly, Anna screamed excitedly: “Are you the Burning God Cult who are very powerful in divination and can predict the future, life and death?”

Daniel nodded and said, “Yes, I didn’t expect this young lady to know about us.”

“Of course I know, and I also know that there are many people from your divine sect in the royal family who are responsible for observing the sky and measuring good and bad luck.”

Anna is the princess of the Duke’s Palace, so she knows about the Burning God Cult!

But for ordinary people, they are very unfamiliar with this religious religion, because ordinary people have no access to it at all.

But just as Anna finished speaking, she heard the high priest snort coldly: “Hmph, forget about those people, they are no longer members of our Burning God Sect. These guys deceived their masters and destroyed their ancestors, violated their ancestors’ precepts, and have been expelled long ago. He left the Burning Sky God Cult.”

“ah.....”

Anna was confused. She didn’t know that the members of the Burning God Sect in the royal family had been expelled.

“Guys, you just saw someone casting a spell here, using the spell of finding holes and exploring tombs.”

Daniel asked Chen Ping and the others.

“Oh, I saw a few people wearing Taoist robes, but they have already left...”

Chen Ping pointed and said.

“It seems that someone is going to get there first. Let’s go quickly...”

Chapter: 2876

After the high priest finished speaking, he quickly ran forward.

Although he is blind, the high priest seems to be able to see things!

Daniel saw this and hurriedly led people to chase him.

“Chen Ping, what should we do?”

Anna asked Chen Ping.

“Of course I followed...”

With that said, Chen Ping followed directly!

Although the road up the mountain is very rough, it is nothing to them!

When Daniel saw that Chen Ping and the others were following us, he couldn't help but frowned: “Why are you following us if you don't come down from the mountain?”

“We just want to enjoy the beautiful scenery and see if you can find the entrance to the ruins.”

“But please don't worry, we will never fight with you for the things in the ruins. We are just curious.”

Chen Ping said.

Daniel frowned slightly, then glanced in the direction of the high priest.

“Let them follow, maybe they can still be useful...”

The high priest said coldly.

When Daniel saw this, he could only say to Chen Ping: "Then just follow. If there is any danger, don't blame me."

Chen Ping and the others followed behind them, and after walking some distance toward the mountain, the high priest suddenly stopped!

"High Priest, what's wrong?"

Daniel asked.

"There are taboos ahead. We can't leave anymore. We need to break the taboos."

The high priest said, his hands suddenly inserted into the ground, and then he muttered something like crazy!

Soon, a ray of light rushed forward from the ground, and after rushing out for more than ten meters, it exploded!

Along with the explosion, a gleam of light appeared, which was obviously the boundary of the magic circle!

If they crashed straight in, they might be trapped inside!

Chapter: 2877

Seeing this scene, Daniel was quite surprised, and Chen Ping also admired this blind high priest!

This guy, who can't see with his eyes, can actually judge the location of the magic circle so accurately.

"Breaking the formation..."

Daniel shouted loudly, and then a dozen people behind him instantly formed a strange shape!

Soon, more than a dozen people burst out with auras, and then they gathered together and suddenly rushed towards the barrier!

boom.....

There was a deafening sound, and the surrounding snow was blown away.

But just when that huge aura hit the barrier, the barrier actually emitted a bright light, followed by counterattacks one after another, like huge waves, incessantly...

For a time, the huge pressure instantly caused the formation of more than a dozen people to begin to loosen up, and some people's faces became very ugly, gritting their teeth and persisting!

Bang.....

Like a heavy punch, more than a dozen people were instantly knocked away. Although their lives were not in danger, each of them had obviously suffered internal injuries.

This scene made Daniel's face look very ugly!

"Hmph, a bunch of useless things..."

The high priest snorted coldly, then took out the copper bell, and then muttered something in his mouth. Sound waves were like huge waves, heading towards the barrier, one wave higher than the other!

boom.....

boom.....

boom.....

The sound waves continued to impact the barrier, and the barrier began to shake violently. The huge backlash also made the high priest's face become extremely ugly!

"Help them secretly, otherwise these guys might not be able to get in..."

Chen Ping said quietly to Hu Mazi.

Hu Mazi smiled, then took out the charm and randomly drew some strange patterns on it!

As soon as Hu Mazi let go, the talisman rose into the sky and was directly pasted onto the barrier!

For a moment, the barrier seemed to have been hit hard, and then it began to break...

The moment the barrier collapsed, the high priest's forehead was already covered in cold sweat!

Chapter: 2878

"The high priest is still powerful..."

Daniel boasted to the high priest.

"I didn't expect this magic circle to be so powerful. It seems that there must be many treasures in this ruins..."

The high priest said.

Chen Ping couldn't help but sneer after listening to the high priest's words!

This so-called mountain-protecting array is actually not the array left by Wenjian Sect.

Otherwise it would not have been broken down so easily.

It was just a magic circle that someone re-arranged after entering the Wenjian Sect!

At this time, there were many men in black busy among the ruins inside the snow-capped mountains.

Sitting on the main seat was a foreign man with blond hair and blue eyes.

Next to the man sat an old man wearing a black robe.

At this time, a man in black hurriedly ran over and reported: "Your Highness, someone has broken through the barrier and is already approaching here."

The man frowned, then glanced at the old man next to him!

The old man looked calm: "Release the tiger demon, and send someone to intercept them secretly. They must not be allowed to enter here."

"As ordered..."

The man in black took the order and left!

"Second Priest, who do you think can break through this barrier?"

The man asked with a strange look on his face.

“Prince Hal, don’t worry. Even if these people break through the barrier, they won’t be able to pass the level of the tiger demon. To get here, they have to go through more than a dozen formations. No one can get in alive!”

The second priest said with confidence.

“That’s good. We have been operating here for several months. I wonder when we can enter the Sword Tomb?”

“As long as you get the sword inside, let alone the position of a duke, even the position of a king, what’s the problem?”

Hal’s eyes flashed with greedy desire!

“Prince Hal, don’t worry. As long as there are enough spar, I can break through the sword tomb in a few months.”

Chapter: 2879

The second priest assured.

“That’s good, I’ll go back and urge the crystal stone mining.”

“And my sister will probably come here looking for some kind of medicine king. When I see her, I will kill her without mercy...”

Hal said.

“no problem.....”

The second priest nodded!

Hal left, and the two priests walked to a high platform made of crystal stones, with a sinister smile on their faces.

Chen Ping and the others on the other side had already passed through the barrier and continued to climb towards the snow-capped mountains, but the path became steeper as they walked!

And it was accompanied by bursts of terrifying aura, which made everyone have to be more vigilant!

Suddenly, the high priest raised his hand and told everyone to stop.

“High Priest, what’s wrong?”

Daniel asked.

“It’s dangerous, I smell a monster...”

The high priest frowned slightly and said!

“Monster?” Daniel’s expression changed slightly: “Could it be that tiger monster?”

But before the high priest could answer, a tiger’s roar suddenly came!

At this moment, everyone became nervous, except for Chen Ping and others with excitement in their eyes.

You must know that the beast elixir in this tiger monster’s body is an excellent resource for cultivation. If you can meet a few more powerful monsters, this trip will be worthwhile.

Chen Ping couldn’t help but set his sights on Ge Yuhan, because Ge Yuhan knew how to control animals. If they could subdue this tiger monster, they would have another helper along the way!

At this moment, a huge tiger demon slowly appeared with steady steps. After seeing these people, the tiger demon opened its mouth and roared, seeming to threaten Chen Ping and the others!

Seeing the appearance of the tiger demon, no matter it was the high priest or Daniel, their faces changed drastically, and they all showed their weapons and stood ready!

“The tiger monster in the realm of Dawuhou, it seems that there are really good things here, otherwise there would not be such a powerful monster guarding...”

Seeing the cultivation of this tiger demon, Chen Ping’s eyes gleamed!

Ge Yuhan, on the other hand, frowned: “This is not a mountain-protecting spiritual beast...”

Chapter: 2880

Chen Ping was stunned for a moment, then looked at Ge Yuhan: “What do you mean?”

“This tiger monster is not a spiritual beast guarding the ruins. It is raised by someone, not a wild beast...”

Ge Yuhan explained.

“Raised?” Chen Ping instantly thought of what Hu Mazi had just said about the ruins being discovered first.

It seems that this tiger demon was raised by someone, and the person who raised it must be the first person to enter the ruins.

In order to prevent others from entering the ruins again, the tiger demon was released, and then spread the news to prevent others from approaching.

At this time, Chen Ping became very curious about the person who entered the ruins first.

Being able to raise a pet with the strength of Lord Wu, how powerful it must be to deal with!

“Roar.....”

Seeing that Chen Ping and the others were motionless, the tiger demon grinned and roared again!

This roar contained an extremely terrifying aura. Several members of the Burning God Sect with low strength were instantly shocked by this roar, causing their internal organs to churn instantly, and blood kept gushing out from their mouths!

In the end, he died directly, being roared to death by the tiger demon’s roar.

Daniel looked at his dead men with a surprisingly ugly expression!

As for the rest, although they held weapons in their hands, their bodies were shaking like a sieve!

Only the high priest was calm, but his forehead was also covered with cold sweat.

“High Priest, this... this is the tiger demon with the strength of Lord Wu. We... I’m afraid we are no match...”

Daniel said to the high priest with a look of panic on his face.

These people are just like the Great Wuzong or Wuhou, and none of them can reach the strength of the Great Wuhou!

The high priest was the strongest, only at the peak of Wuhou, and was no match for the tiger demon.

“We are indeed no match for the tiger demon with the strength of Marquis Wu Wu...”

The high priest knows that when monsters and humans are at the same level of strength, monsters are stronger than humans.

At this moment, they would definitely not be able to deal with this tiger monster with the strength of Marquis Wu.

“High Priest, what should I do? What should I do?”

Daniel panicked. Since the high priest said he was no match, then they were waiting to die!
