

The Order 2881

Chapter: 2881

The high priest did not speak. Feeling the terrifying aura of the tiger demon in front of him, he said after a moment: "We can only bypass this tiger demon."

"Bypass, how to get around? This tiger monster is probably faster than us..."

Daniel didn't understand how the high priest was going to get around this tiger monster.

The high priest had a sinister look on his face and said, "Aren't there still people following us?"

Daniel was stunned for a moment, but he instantly understood what the high priest meant.

"Does the high priest want these people to deal with the tiger demon?"

Daniel asked.

"Yes, let these people deal with the tiger demon. When the tiger demon eats these people, we can bypass the tiger demon from other places."

The high priest plans to use Chen Ping and the others as food for the tiger demon!

In this way, the high priest and the others can sneak around the tiger demon from one side while the tiger demon is eating people!

"High Priest, this...isn't it good to do this?"

Daniel said with a embarrassed look on his face.

“Isn’t it good? What’s wrong? Now we have life and death at stake. Shouldn’t we let them die and let us die?”

The high priest frowned and asked Daniel in a cold voice.

Daniel was speechless.

Seeing that Daniel was not moving, the high priest personally led people towards Chen Ping and the others.

Chen Ping was annoyed that the tiger monster was raised and could not be tamed, but the high priest led people to surround them.

These people from the Burning Heaven Sect were all holding weapons and staring at Chen Ping and the others with eager eyes!

The high priest said with a cold face: “Now the tiger demon is blocking the road. Since you choose to follow, you have to pay a price...”

“What do you mean?”

Chen Ping asked pretending to be confused.

In fact, when he saw the high priest leading people to surround them, Chen Ping understood what was going on.

“You go deal with that tiger demon...”

The high priest said bluntly.

Chapter: 2882

“What? Let us deal with the tiger demon?”

“The tiger demon is very ferocious at first glance. Our strength is so low. If we deal with the tiger demon, wouldn't we risk death?”

Anna was startled and asked the high priest.

The high priest took out the copper bell, and a breathtaking aura erupted from his body. This aura instantly enveloped Chen Ping and the others.

“If you kill the tiger demon, you can still have a chance of survival. If you don't go, you will die...”

After saying that, those people from the Burning God Sect showed murderous intent on their faces, and pointed their weapons at Chen Ping and the others!

As long as Chen Ping and the others dare to say no, they will immediately go on a killing spree!

Anna became angry when she heard this, and was about to get angry, but was stopped by Chen Ping!

“Master, our strength is lower than yours. Isn't it inappropriate for us to deal with the tiger demon?”

Chen Ping asked cautiously.

“Hmph, it doesn't matter whether it's appropriate or not. This is a society where the jungle is strong and the strong eat the strong. It would be better for you to die than for us to die...”

The high priest had a cold face and shook the copper bell in his hand!

As a crisp bell rang, sound waves immediately hit Chen Ping and the others!

“Master, please stop, can’t we go deal with that tiger demon?”

Chen Ping quickly begged for mercy.

“Hmph, you know what’s going on. You two will fight to the death against that tiger monster. When we leave, you can escape for your lives. This way you can still have a chance to survive...”

The high priest snorted coldly.

Anna’s little face turned red with anger. She didn’t expect that the Burning God Sect was actually this kind of sect. Fortunately, they still publicized it all day long by helping the world and saving people!

Chen Ping winked at everyone, and then walked towards the tiger demon!

With the strength of Chen Ping and the others, it only takes a matter of minutes to deal with the tiger demon.

When Chen Ping and the others passed by Daniel, Daniel turned his head in shame, not daring to look at Chen Ping and the others.

“Roar.....”

The tiger demon looked at Chen Ping and the others who were walking in front of him, and roared suddenly!

Waves of roaring tiger energy swept over like a strong wind!

Chapter: 2883

Chen Ping waved his palm gently in front, and a barrier instantly blocked the breath!

“Daniel, let’s leave quickly...”

The high priest urged Daniel.

They should take advantage of this time to escape from this place quickly, because the high priest knew that with Chen Ping’s strength, they would not be able to resist the tiger demon for a long time.

Daniel had no choice but to leave quickly with the high priest and the others, and then choose another path towards the snow-capped mountains!

Seeing that the people from the Burning Heaven Sect were gone, Chen Ping and the others no longer had to hide their strength!

“Hmph, this Burning God Sect is really rubbish. When I save and cure my father, I will definitely give this rubbish god sect the name of a cult.”

Anna yelled angrily.

“Okay, don’t be angry, let’s kill this tiger monster first!”

Chen Ping persuaded Anna!

“Chen Ping, you can only kill this tiger demon. If others go up to it, they may have to fight for a while, and they might even be injured!”

Hu Mazi said to Chen Ping very wisely.

“Okay, I’ll do it!”

Chen Ping nodded, and then took a step forward!

Chen Ping waved his right hand, and the Dragon-Slaying Sword instantly emerged from his heart and appeared in Chen Ping's hand!

A bright light shone on Chen Ping's body.

Although Chen Ping is sure to kill this tiger demon, he will not be careless!

After all, it is a monster in the realm of Da Wuhou. Although it is bred and is less ferocious than wild monsters, Chen Ping is still prepared!

The power of the dragon in Chen Ping's body was continuously injected into the dragon-slaying sword. The sword pointed at the sky, and a green light suddenly appeared!

Behind Chen Ping, a huge sword shadow appeared, like a mountain!

At this moment, the dragon-slaying sword made a huge buzzing sound, and it seemed that the entire snow mountain was shaking.

And within the snow-capped mountains, there seemed to be sounds coming out, responding to the Dragon-Slaying Sword in Chen Ping's hand!

This response was sensed by Chen Ping, causing incredible excitement on Chen Ping's face.

The tiger demon felt the aura emanating from Chen Ping, and his originally fierce eyes showed fear at this moment!

Chapter: 2884

The tiger demon's body was slowly retreating, as if it was unwilling to fight with Chen Ping!

"It's a good thing that he was raised by humans, so he is so spiritual..."

Seeing the tiger demon's retreating body, Chen Ping smiled coldly!

But he won't let this tiger demon go easily. The beast elixir in the tiger demon's body is the best cultivation resource!

But just when Chen Ping was about to take action, the tiger demon turned around and ran away at extremely fast speed!

Within a few jumps, the figure instantly disappeared into the snowy mountains!

This time, Chen Ping was a little confused.

Hu Mazi and the others were also confused!

"Damn, this fucking beast actually ran away so fast..."

Hu Mazi couldn't help but exclaimed!

You must know that monsters are cruel by nature. No matter what kind of enemy they encounter, they will only attack and rarely turn around and run away.

But this tiger demon can only turn around and run when it senses danger, which shows that it has activated its spiritual intelligence!

"This is a raised monster, so it is normal for it to have intelligence and run away when encountering a strong enemy."

Ge Yuhan explained.

“Raised?” Hu Mazi was startled: “It would be awesome if I raised such a beast at some point.”

Hu Mazi had a look of envy on his face. After all, he was raising a monster beast that was in the realm of the Great Wuhou. How majestic it was, and it could also be used as a mount!

Chen Ping put away the dragon-slaying sword in his hand and said with a helpless expression: “It looks like we have to let this tiger demon live a little longer. Let’s go...”

Chen Ping took Hu Mazi and the others and continued to move forward!

At this moment, in the ruins, the second priest felt the vibration in the ruins just now, and his face was full of surprise!

“The vibration just now came from the Sword Tomb. Is this Sword Tomb about to be opened?”

The second priest looked closely at the spar altar in front of him, his eyes full of expectation!

“Master Sacrifice, the tiger demon is back...”

A man in black comes to report!

“Well, this guy is probably full this time.” The second priest nodded: “Have those people who passed through the barrier retreated now?”

Chapter: 2885

The man in black shook his head: “Not yet. We found two groups of people climbing mountains in different directions. There was a girl in one of the groups, who looked very much like Princess Anna...”

When the second priest heard this, he suddenly said: “What? Did you see it clearly?”

“It’s a little far away, but it’s very similar...”

The man in black can't guarantee it!

"I didn't expect Anna to actually come..." The second priest's eyes were filled with chills: "You take people to intercept and kill them. You must bring Princess Anna with you, and you can't hurt her life. As for the others, shoot them without mercy."

"Understood....."

The man in black nodded, then turned and left!

The second priest had a sinister smile on his face. Hal asked the second priest to kill Anna, but the second priest wanted to capture her alive. It can be seen that these two priests may also have their own conspiracy hidden in them.

At this moment, Chen Ping and the others did not know that someone was intercepting and killing them, and they were still moving towards the top of the mountain.

The entrance to this ruins is likely to be on the top of the snow mountain!

"How long do we have to go?"

Anna asked breathlessly as she looked at the snow-capped mountains whose tops could not be seen at all.

Her strength was at its lowest here, so the long climb and the harsh environment made Anna a little unbearable.

"Why don't you rest here and wait until we find the ruins and find the King of Medicine, and then we'll come find you..."

Chen Ping knew that with Anna's strength, it would be difficult to move forward. If he insisted on following them, not only would he not be able to help, but he would also become a burden!

Anna nodded. She also knew that with her own strength, she was afraid that she would not be able to continue upward!

"Chen Ping, I'm leaving it to you..."

Anna said.

"Don't worry, let Andrew take care of you here..."

After Chen Ping finished speaking, he took out some supplies from the storage ring, settled Anna in place, and then continued to climb up!

"Princess Anna, please have a good rest..."

Andrew found a sheltered place for Anna and said to Anna.

Anna nodded, lay down in the sleeping bag, and fell asleep unknowingly!

The high priest and others on the other side chose another direction and headed towards the top of the snow mountain!

Chapter: 2886

Daniel's face showed a bit of confusion and anger!

Seemingly sensing Daniel's anger, the high priest said, "Daniel, you seem to be very dissatisfied with me?"

“High Priest, our Burning Heaven Sect has always been adhering to the purpose of saving the world and helping people, but how could you just use force to force others to die?”

Daniel was very puzzled. This was completely different from what he was taught when he first entered the Burning Heaven Sect!

“Daniel, don’t be childish. This is a society where the weak eat the strong. The strong is respected, so put away your sympathy.”

“Now that the two priests have entered the royal family, I am afraid that he will be the only one in the Burning Heaven Sect in the future, and we will all die by then!”

“This time, the Pope sent us to search for the relics. If we can find the relics and find the legendary sword, we can eradicate the two priests. Even if the royal family comes forward, we, the Burning God Sect, will not give us face.”

“As long as you follow me well, my position as high priest will be yours from now on, and I can give you my entire inheritance.”

The high priest kept persuading Daniel!

Daniel stopped talking, but he still couldn’t understand!

Soon, they encountered a mass of fog blocking their way!

This fog is very strange, as if it was blocked here on purpose!

“High Priest, it suddenly fogged up ahead...”

Daniel said looking at the fog in front of him.

“I know!” The high priest frowned and the copper bell in his hand shook slightly!

Sound waves passed into the fog and disappeared in an instant!

“What a weird mist...”

The high priest’s frown deepened!

“High Priest, what should we do? Should we go around here?”

Daniel said.

“I’m afraid this fog can’t be bypassed. Send someone in to explore the path. Don’t go too deep...”

The high priest said.

Daniel nodded, and then looked at the people of the Burning God Cult behind him!

Each of these people looked extremely nervous. No one wanted to be the pioneer and enter this unknown fog!

Chapter: 2887

“You, go in and explore...”

Daniel pointed to a believer and said.

The believer’s face instantly turned extremely pale, and his whole body was trembling!

But since he was called, he didn’t dare to disobey!

I can only walk tremblingly towards the mist!

This believer walked very slowly until he reached the edge of the fog and did not dare to take another step!

The high priest felt that the believer had stopped, frowned, waved his palm lightly, and a breath came in an instant, directly pushing the believer into the mist!

Everyone looked at the fog in front of them nervously, and then waited quietly!

Finally, after more than ten minutes, the believer said: "High Priest, it's okay, it's safe. Come in..."

Hearing the cry of the cultist, the man breathed a sigh of relief and then walked towards the mist!

But when everyone just reached the edge of the fog, they heard screams coming from inside!

Then the cultist who went in ran out, his body still burning with flames!

"Quickly, put out the fire..."

Upon seeing this, Daniel quickly directed people to put out the fire, but it was already too late!

The believer was instantly burned to ashes!

Everyone's expressions changed drastically, and the high priest's expression became extremely solemn!

"damn it....."

The high priest cursed and then hit a believer with his breath!

“Go in and take a look, what’s going on inside?”

This time, the cultist carries a breath of the high priest, which allows the high priest to sense the situation in the fog!

The believer’s face was extremely ugly, but he did not dare to disobey the order and walked into the fog trembling all over!

At this time, Chen Ping and the others had already been traveling in the fog for a while!

“Chen Ping, I feel like this fog is weird. We seem to be lost and can’t get out at all!”

Hu Mazi frowned.

Chapter: 2888

“I also feel it. In this fog, I can’t tell the direction at all.”

Fan Jiang also spoke.

Chen Ping stopped and his consciousness continued to spread. Although it could spread out from his body, no matter how he spread his consciousness, all he saw was foggy.

At this time, Hu Mazi took out a bronze compass from his arms. One look at the patina on the compass revealed that it was very old!

I saw that when the compass was taken out, the pointer on it kept turning as if it had been disturbed!

Hu Mazi bit his finger, dropped a drop of blood on the compass, and then muttered something!

I saw that the compass pointer gradually stabilized, and then stopped!

“Damn, we’ve been walking for a long time, but we didn’t go up at all, but we were circling the snow-capped mountains...”

Hu Mazi cursed!

“You have this thing, if you didn’t take it out sooner...”

Chen Ping was speechless for a while. They had been trapped in this mist for a long time, and only then did this guy take out this treasure!

“Are you kidding? This is passed down from our ancestors, so you can’t use it casually!”

“Now you all follow me, we should be out soon...”

After Hu Mazi finished speaking, he put away the compass, and then began to walk forward, with Chen Ping and the others following behind Hu Mazi!

But just after a few people took a few steps, a figure suddenly rushed towards them!

The man was holding a knife and roared loudly as if he had been stimulated by something.

“I’m going to kill you, kill you...”

The man rushed in front of Chen Ping and the others without any explanation, and then slashed with his knife!

Fan Jiang's eyes turned cold, he immediately rushed forward and knocked the man away with one punch!

This punch caused the man to vomit blood and fall to the ground unable to get up!

Fan Jiang stepped up and was about to kill this man, but was stopped by Chen Ping.

"Don't kill him first, let's see who he is?"

Suddenly a person rushed out of the fog. Chen Ping was very curious as to who was ambushing him here!

When Chen Ping and the others got closer and saw the man clearly, they discovered that this man turned out to be a member of the Burning God Sect!

Chapter: 2889

The believer's eyes were wide open, full of fear. Although he was seriously injured, he kept mumbling: "Kill you, kill you..."

"This person is mentally damaged..."

Ge Yuhan looked at the Burning God cultist and said.

Chen Ping also saw that this man's mind was damaged, which is why he looked crazy.

"Let's all be careful, it seems this fog is not simple..."

After Chen Ping finished speaking, the group of people continued to move forward, ignoring the followers of the Burning God Sect!

Chen Ping is not a relative of the Burning God Sect, so there is no need to save their people!

Besides, the high priest had just forced them to deal with the tiger demon. It was obvious that this Burning God Sect was not a good thing either.

But Chen Ping and the others walked a certain distance again and found that the fog in front of them had changed and turned pink. The pink fog was very beautiful!

But after seeing the pink mist, Hu Mazi's expression changed drastically!

"Be careful, this mist can damage the mind and make people cruel..."

Hu Mazi reminded loudly.

Soon, several people were holding their breath and concentrating, tightly protecting their minds to avoid damage!

As soon as he stepped into the pink mist, Chen Ping felt dizzy.

But as the golden light flashed in Chen Ping's mind, he suddenly woke up!

Hu Mazi and Fan Jiang had solemn expressions on their faces, staring straight ahead, not daring to be distracted at all!

Ge Yuhan seemed much more relaxed. The soul in her body was the saint of Guanghan Palace, a person who had lived through thousands of years!

The mind is already indestructible!

As Chen Ping and the others went deeper, Hu Mazi and Fan Jiang had cold sweat on their foreheads. Although they did not dare to be distracted at all, their eyes began to change at this moment, slowly turning red!

A raging aura was slowly rising from his body, but the two of them hadn't noticed it yet!

Feeling the changes in the auras of Hu Mazi and Fan Jiang, Chen Ping knew that these two people might not be able to hold on for long, because he didn't know how long it would take to get out of here!

Suddenly, Chen Ping remembered his Pure Heart Spell. Isn't this the one that can restrain this fog?

"Master Hu, Fan Jiang, I will teach you a set of spells so that you can resist the erosion of this fog."

With that said, Chen Ping passed the Pure Heart Curse to the two of them without reservation!

Chapter: 2890

As the two of them recited the Heart-Cleaning Mantra, a cool and refreshing feeling instantly hit their bodies, and their scarlet eyes slowly recovered!

Just when Chen Ping felt that he could easily pass through the fog, there was a sudden sound of fighting in front of him!

And the fighting was very fierce, accompanied by screams.

After Chen Ping and the others glanced at each other, they immediately headed in the direction of the fight!

When Chen Ping and others arrived, they found a dozen people fighting, and all of them were members of the Burning God Sect.

Everyone's eyes were scarlet, and they turned each other into mortal enemies!

There were several corpses lying on the ground at this moment.

Daniel also went crazy, waving the weapon in his hand constantly!

Only the high priest, with cold sweat on his face, kept shaking the copper bell in his hand, hoping to wake up these men who had lost their minds!

But no matter how loud his bell was, it was of no use!

In the end, the high priest had no choice but to put away the bell, and he quickly ran out of the mist.

As for these subordinates, he doesn't plan to take care of them anymore!

"Mr. Chen, what should we do?"

Fan Jiang looked at Chen Ping and asked.

Chen Ping looked at Daniel with scarlet eyes, and finally he jumped up and grabbed Daniel's wrist directly, and then a burst of spiritual power entered Daniel's body!

Daniel woke up, and when he saw Chen Ping and others, he was shocked.

"You... you are still alive?"

Daniel thinks that Chen Ping and the others should have been eaten by the tiger demon long ago.

"Don't talk anymore. Let's talk after you leave..."

Chen Ping was afraid that Daniel would be distracted and his mind disturbed again, so he took Daniel and ran quickly out of the fog!

Daniel looked at his men who were killing each other. Although his eyes were full of reluctance, he couldn't do anything about it!

Soon, Chen Ping and the others rushed out of the fog. When they passed through the fog, they looked back and found that the fog had disappeared!

On the snow, there were more than a dozen corpses lying in random directions, all of them were followers of the Burning God Sect!

"Daniel..."
