

The Order 2891

Chapter: 2891

The high priest seemed to sense Daniel's breath, so he shouted!

He escaped from the mist by himself and didn't care about the others. Now he suddenly sensed Daniel's breath and felt a little strange, so he shouted.

"High Priest..."

Daniel shouted back.

The high priest did not speak, but his brows were furrowed tightly.

"Daniel, who is around you? Why is the aura so powerful?"

The high priest slowly took out the copper bell and made a defensive posture!

Because Chen Ping and the others hid their auras at the beginning, the auras of Chen Ping and the others that the high priest felt were completely different from what they are now.

He couldn't have imagined that these people in front of him were the same people he was forced to face the tiger demon!

"High Priest, they are the group of tourists we met on the road."

Daniel replied.

The high priest's face was shocked: "Impossible, how is it possible, how can the aura on their bodies be so powerful?"

The high priest couldn't believe it at all. If these people were so powerful at that time, how could they be threatened by him?

Daniel couldn't answer the high priest and could only look at Chen Ping.

But before Chen Ping could speak, Hu Mazi spoke angrily.

"We all hid our auras just to amuse you. You blind man, you really think you are a master."

"Holding a broken bell and talking about it, it's quite mysterious!"

"If I hadn't taken action, you wouldn't have been able to break the barrier, and you would have dared to threaten us."

"I think you, an old guy, just deserve a beating..."

Hu Mazi was so angry that he stepped forward and slapped the high priest twice!

These two slaps directly stunned the high priest, and he found that he was not even qualified to hide.

At this time, the high priest's expression turned extremely ugly, but he did not dare to say a word!

And when Daniel saw the high priest who was slapped twice and didn't even dare to fart, he felt mixed emotions in his heart!

If the high priest had listened to him and not forced Chen Ping and the others to stay and deal with the tiger demon, they might not have received these two slaps.

Chapter: 2892

And those followers of the Burning God Sect don't have to die...

But there is no what if in this world...

"Master Hu, let's go..."

Chen Ping shouted to stop Hu Mazi. He was afraid that Hu Mazi would be impulsive and kill this high priest again!

Chen Ping and the others were about to leave, but now the high priest was a little embarrassed following Daniel!

If the two of them go down the mountain now, they may be in danger if they encounter any formation mechanism!

But if you follow Chen Ping and the others, I'm afraid the other party won't agree!

Just when Daniel was considering whether to open his mouth and ask Chen Ping to take them in, suddenly more than a dozen auras came towards this direction in an instant!

Immediately afterwards, more than a dozen men in black, holding scimitars, directly surrounded Chen Ping and the others!

Facing the men in black who surrounded them, Chen Ping frowned.

"Fan Jiang, do you think the aura of these people is familiar to you?"

Chen Ping asked Fan Jiang.

"Yes, very familiar. Just like the person who intercepted and killed Princess Anna..."

Fan Jiang nodded and said.

“Could it be that these people took over the ruins early?”

Chen Ping was a little surprised, why could these men in black suddenly appear here!

Unless they were here very early, the layers of checkpoints and formations would not be easy to break through.

However, after the dozen or so men in black suddenly appeared, the high priest’s face actually showed an excited expression.

“The Burning God Cult members obey orders...”

The high priest suddenly raised the copper bell in his hand and shouted loudly!

These men in black are all followers of the Burning God Sect!

The high priest felt it as soon as these people appeared.

And when these dozen men in black saw the high priest raising the bell, a flash of panic flashed in their eyes, but they soon stabilized!

When Daniel saw these people and the high priest’s orders, he was indifferent and his brows instantly furrowed!

Chapter: 2893

He seemed to understand something, so he said in the ear of the high priest: “High priest, these people should be in the imperial court and belong to the two priests.”

Daniel's words instantly caused the excitement on the high priest's face to disappear, replaced by endless anger!

"You traitors, I will kill you today..."

The high priest roared angrily, and the aura on his body began to surge crazily!

Holding the copper bell in his hand, he shook it vigorously. As the copper bell rang, sound waves rippled around.

Upon seeing this, the dozen men in black immediately formed a circle, and their auras condensed together to form a shield to resist the attack of the high priest!

When Daniel saw this, he jumped up with a weapon!

"You traitors, take your lives..."

As Daniel waved the weapon in his hand, countless sharp edges headed towards the dozen men in black!

Soon, Daniel followed the high priest and fought with these dozen men in black!

Chen Ping and the others became spectators!

"Mr. Chen, what should we do?"

Fan Jiang asked.

"Let's go, this is their sect's private matter, let's leave it alone..."

Chen Ping waved his hand and planned to leave!

After all, whether the other party is a traitor or not, it doesn't matter if he follows you!

Chen Ping just wants to find the ruins as quickly as possible and doesn't want to waste time!

"Men in black like Chen Ping suddenly appeared. They might have been hiding in the ruins. Why don't we arrest one and question them?"

Hu Mazi said.

Chen Ping was delighted: "Yes, Master Hu is still smart, so let's catch one and ask..."

At this time, Daniel and the high priest were fighting with more than a dozen men in black!

Although they were not defeated, they were already at a disadvantage. Whether it was Daniel or the high priest, there were already several wounds on their bodies at this moment!

"Fan Jiang, go grab a tongue..."

Chen Ping said to Fan Jiang.

Chapter: 2894

Fan Jiang nodded, his figure disappeared in a flash, and he instantly joined the battle!

When a man in black saw Fan Jiang suddenly appeared, he slashed with the scimitar in his hand!

Fan Jiang turned to one side and then struck out with a palm, instantly knocking the scimitar out of the man in black's hand. The scimitar that flew out penetrated the chest of another man in black!

Just as the man in black was stunned when the machete flew away, Fan Jiang stepped forward and grabbed the man by the collar, and carried the man in black over!

No matter how hard he struggled, the man in black couldn't break free, and he was immediately stunned!

Plop...

Fan Jiang threw the man in black in front of Chen Ping, and then stepped on the man in black!

The man in black looked at Chen Ping in front of him, with a hint of panic in his eyes!

"Let me ask you, why did you stop us? Have you discovered the ruins?"

Chen Ping asked the man in black.

Although the man in black was afraid, he did not speak and gritted his teeth!

It seems that he plans to fight to the end!

Seeing that the man in black was quite brave, Chen Ping sneered, and then drew a few random strokes in the air with his finger.

"Heart-Eating Talisman..."

I saw spots in the air, and then these spots entered the body of the man in black.

Hu Mazi looked at Chen Ping's way of randomly drawing talismans using the sky and the earth as patterns, and was filled with envy!

“ah.....”

Soon, the man in black screamed in pain, his whole body trembling!

It's like countless ants are crawling everywhere in the body, eating the internal organs!

“I said, I said...”

The man in black couldn't bear the torture, but just when he was about to open his mouth, his head suddenly exploded!

Look at the man in black who suddenly had his head shot!

Chen Ping frowned: “Damn it, I was actually cursed...”

Chen Ping did not expect that sects abroad would also like to put curses on the heads of believers to prevent betrayal!

Chapter: 2895

“Fan Jiang, go catch another one...”

Chen Ping said.

Fan Jiang nodded and disappeared in a flash!

The high priest followed Daniel and was still struggling to hold on. Suddenly he felt a breath coming, then turned around in the crowd, and then left with a man in black!

At this time, only a few of the dozen or so men in black were left, fighting with the high priest and Daniel!

Although they saw their companion being carried away like a chicken, they couldn't spare any manpower to rescue him!

The fear in the eyes of the man in black who had just been captured was even more obvious!

Chen Ping did not speak, but put a hand on the head of the man in black. A burst of spiritual power entered instantly, and then broke the curse in the head of the man in black.

At this time, Chen Ping asked: "Who are you? Why did you stop us? Have you already found the ruins?"

This time, the man in black did not hesitate and said quickly: "We are members of the Burning Heaven Sect, and we belong to the second priest. Now for all those who enter the snow-capped mountains to look for ruins, we must find a way to make them give up or disappear."

"Because we have already found the ruins, and we have been in the ruins for several months."

When Chen Ping heard this, his heart suddenly felt cold.

It has been here for several months, so what good things can be preserved in the ruins?

"What have you been doing in the ruins for several months?"

Chen Ping didn't understand why these people stayed there for so long even if they just wiped out the ruins.

"Build an altar, and it was all made of spar."

The man in black dare not hide anything!

“An altar made of spar, what is the use of this altar?”

Chen Ping was very curious.

The man in black shook his head: “Then I don’t know. Only the priests know this...”

Chen Ping saw that the man in black was just a little guy and probably didn’t know much, so he reached out and slapped him to death...

Chen Ping would not do anything like raising tigers to bring disaster!

“Fan Jiang, go help and rescue that high priest. I think we can use him.”

Chen Ping didn’t know what the altar was for, maybe the high priest knew.

Chapter: 2896

Fan Jiang nodded, and then jumped up!

At this time, the high priest followed Daniel and was on the verge of collapse, struggling to hold on!

At this moment, Fan Jiang appeared and with a few random punches, all the men in black went to see the King of Hell!

Seeing Fan Jiang kill those men in black so easily, Daniel’s face was filled with gratitude!

“Thank you, thank you for helping me...”

Daniel thanked Fan Jiang.

Although the high priest did not speak, his face was full of embarrassment and he was too embarrassed to speak!

“This is Mr. Chen’s order, otherwise I won’t save you...”

After Fan Jiang finished speaking, he turned around and walked towards Chen Ping!

What the high priest did at the beginning made Fan Jiang very dissatisfied!

Daniel and the high priest hurriedly followed. Now both of them were injured. If they didn’t follow Chen Ping and the others closely, they probably wouldn’t have been able to go very far.

“Mr. Chen, thank you for your generous help. We...we...”

Daniel followed Chen Ping to thank him, but he didn’t know what to say!

After all, everyone knows how the Burning God Sect treats Chen Ping and others!

But the high priest lowered his head and said nothing. He had no face to speak!

“Let me ask you, does your Burning God Cult like to build altars? And do you still build them with crystal stones?”

Chen Ping asked Daniel.

Daniel looked confused. He was not very clear about some things about the Burning God Sect. After all, the Burning God Sect had a strict hierarchy. He couldn’t know what he shouldn’t know!

But after hearing about using crystal stones to build an altar, the high priest who had been lowering his head suddenly looked up with an incredible expression on his face!

“Spars to build an altar? Are they trying to summon demons?”

The high priest’s voice was full of panic!

“Summoning a demon? Tell me clearly, what’s going on?”

Chen Ping asked the high priest.

The high priest took a deep breath, and then said slowly: “Our Burning God Cult has a legend that if anyone can build an altar with crystal stones and add the magic power of the scepter, he can summon the demons underground.”

Chapter: 2897

“As long as a demon is summoned, the demon’s divine power will be exerted on the summoner, and the summoner will become a new demon and command the entire hell messenger...”

“By then, I’m afraid the whole world will be plunged into turmoil...”

When the high priest was talking, his body couldn’t stop shaking!

It’s like saying something extremely terrifying!

“Summoning demons? It’s true. Isn’t it just using the magic circle to absorb the souls from the ground? That altar should be a magic circle, and that scepter should be the opening mechanism of the magic circle!”

“Wherever there are demons, they are nothing more than souls and yin energy buried deep underground...”

Hu Mazi said with disdain.

“There really is a devil. If you don’t believe it, you will pay the price for it...”

The high priest looked determined, he was convinced that the altar could summon demons!

“Okay, let’s go and see if we can summon the devil. Now that we know that they have set up an altar, I think you can find a way to know their location?”

Chen Ping said to the high priest.

The high priest nodded, then murmured something in his mouth, and the copper bell in his hand suddenly started shaking on its own!

Every time you walk a certain distance, the copper bell will shake, and the high priest will choose the direction of travel based on the frequency of the vibration of the copper bell!

Soon, the group will reach the top of the mountain.

At the same time, inside the ruins, the two priests looked at the towering altar with excitement on their faces!

At this time, the second priest was holding a scepter inlaid with gems in his hand, and the other hand was holding a crystal!

Now, he only needs to put the crystal in his hand on the altar, and the real construction is complete!

“Master Priest, Princess Anna has brought...”

A man in black said to the two priests.

“Bring her in...”

The second priest said calmly.

Soon, Anna was brought in, but at this time, Anna’s eyes were closed tightly, and she was obviously in a coma!

Andrew looked calm next to Anna, not being restrained, but not resisting either!

Looking at Anna in a coma, the second priest gently touched Anna’s face with his hand: “As expected of the princess, look at how attractive this face is. When she is possessed by the devil, she can become the queen of the entire country. And I am the man behind the Queen...”

Chapter: 2898

The eyes of the second priest are filled with a strong desire for power. He will not be willing to be just a priest in the royal family. He wants to obtain the supreme power!

It’s just that in this Bear Country, no matter how powerful you are, if you don’t have royal blood, you can’t rule the entire country.

So he needs to use Anna’s noble bloodline to rule the entire bear country!

As for Prince Hal, he is just one of his pawns. When Anna is possessed by the devil, there will be no need for Prince Hal to exist!

When Anna becomes the Queen, he will be the Queen’s man, the pinnacle of power.

“Second Priest, I have brought Princess Anna to you. Is it time for you to let my wife and children go?”

Andrew asked the second priest expressionlessly.

“Andrew, you did a great job. Not only did you trick Princess Anna to come here, but you also prevented Prince Hal from assassinating her, so you deserve a lot of credit!”

“Don’t worry, your wife and children are fine. As long as you follow me obediently, you will be the captain of the royal guard in the future...”

The second priest said to Andrew with great satisfaction.

But Andrew didn’t seem to care about being the captain of the guard, but continued: “I just want to take away my wife and children. I’m sorry for the trust Princess Anna and Duke Ross have in me. I can’t stay with them anymore.”

“You just need to let my wife and children go, and I will fly away with them...”

Andrew is the most loyal guard of the Duke’s Palace, so Duke Ross asked him to personally protect Princess Anna.

It’s just that the second priest captured Andrew’s wife and child, and Andrew was forced to lie and lie that there was a medicine king here who could save Duke Ross!

He tricked Anna here to exchange for his wife and children!

If it weren’t for meeting Chen Ping and the others, Andrew would have brought Anna here!

“I told you, don’t worry. When my plan is completed, I will definitely let your wife and children go.”

The second priest gently waved his hand on Anna’s forehead, and Anna slowly opened her eyes!

When she saw the second priest and the men in black around her, she was stunned!

“Andrew, where are we?”

“Why are these people from the Burning God Cult here?”

Anna was a little panicked because she knew that these two priests belonged to her brother Hal.

Now that Hal is chasing him, these two priests must also kill him.

But Andrew did not answer Anna, but lowered his head slightly and said nothing!

Chapter: 2899

“Princess Anna, don’t be afraid, I won’t hurt you. I asked you to come here to make you the real queen. Your brother, Prince Hal, wants me to kill you, but I won’t listen to him. ”

“I am willing to follow Princess Anna’s instructions, because only you can become the most powerful queen in the entire Bear Kingdom.”

The second priest whispered to Anna. He was afraid that Anna would be scared and do something drastic!

“No, I don’t want to be a queen. I just came here to find Medicine King to save my father. I don’t want to get any rights...”

Anna shook her head and said.

“Princess Anna, there is no Medicine King here at all. If you want to save your father, you can only listen to me. When you have the ability, let alone save your father, you can even bring him back to life!”

The second priest said.

Anna was stunned when she heard this, and then looked at Andrew blankly: “Andrew, what’s going on? Is there no Medicine King here?”

Anna heard what Andrew said, so she took the risk to come.

After all, Andrew is her most trusted guard, and she only believes in Andrew!

But now Andrew lowered his head, not daring to look at Anna, and not daring to make a sound!

Seeing Andrew like this, Anna seemed to understand something, and her whole body seemed to collapse.

“Andrew, are you lying to me? Are you lying to me?”

“Why, why did you lie to me?”

“say something.....”

Anna pounded Andrew as hard as she could.

Andrew knelt down in front of Anna with a bang: “Princess Anna, I’m sorry for you, and I can’t help it. My wife and children are in the hands of the second priest, and I can only listen to him...”

Anna was so angry that her whole body was shaking, and her eyes were full of helplessness. Her brother was chasing her, and now her most trusted guard betrayed her. Anna suddenly felt that her life was meaningless!

“Princess Anna, remember, no one in this world can rely on you except your own strength, so you need to improve your strength. Now I will give you the opportunity to improve your strength...”

With that said, the second priest winked, and then two men in black lifted Anna up and walked towards the altar!

Two men in black tied Anna to the stone pillar in the middle of the altar, and then walked down!

The two priests held a crystal stone and slowly walked onto the altar.

There is a gap on the edge, where the crystal stone in the hands of the second priest is placed.

As long as this crystal is placed on it, the entire altar will be officially completed!

Chapter: 2900

The second priest took the spar and gently placed it on it.

With a buzzing sound, the entire altar emitted a burst of dazzling light, and then, like lightning-like rays of light, began to flash over the ruins.

The entire snow mountain began to shake at this moment!

“Hahaha.....”

“Successful, successful...”

“As long as you wait until midnight, the devil will come to the world...”

The second priest was like a madman, laughing crazily!

Andrew looked at the tied Anna on the altar, feeling deeply guilty and self-blame!

But there is no turning back when the bow is drawn. Things have come to this point and he has no choice!

boom.....

The snow mountain shook again, and the snow on the snow began to collapse at this moment!

“What’s going on? Is there going to be an earthquake?”

Feeling the shaking of the snow-capped mountains, Daniel said in a panic.

If there was an earthquake here, none of them would survive!

“It’s broken. The traitor succeeded in destroying the altar. We must find the entrance to the ruins before midnight, otherwise he will summon the devil and none of us will survive...”

The high priest said solemnly!

But before they could finish speaking, there was a loud rumble and avalanches were seen everywhere in the snow-capped mountains!

The snow that originally covered the mountain collapsed in a large area, and the brown rocks were exposed!

After a while, the mountain stopped shaking, but there was no snow on the entire top of the mountain, and all the large rocks were exposed!

“Now that the snow is gone, can we find the entrance to the ruins?”

Chen Ping said to the high priest.

“Can.....”

The high priest nodded, and then the copper bell in his hand shook violently!

Sound waves spread and enveloped the entire mountain top!
