

## **The Order 2901**

Chapter: 2901

At this time, the second priest who was in the ruins suddenly frowned: "Why is this old blind man here?"

"Omar..."

The second priest shouted!

Soon, a tall, muscular man appeared in front of the second priest.

This Omar has long hair all over his body, like a savage!

After Andrew saw Omar, his expression changed slightly.

It was obvious that he knew this Omar.

As a brave man among the bears, Omar never expected to listen to the call of the two priests!

"Master Priest, what are your orders?"

Omar said, kneeling down on one knee.

"Someone has broken into the top of the mountain. You lead people to block the entrance. Don't let anyone break through the last mountain-protecting formation..."

The second priest said to Omar.

"As ordered..."

After Omar finished speaking, he led the people away, and the second priest looked at Andrew and said: "Andrew, you come too. Whether you can let your wife and children go, it depends on whether you will be loyal to me..."

Andrew had no choice but to go out with Omar.

At this time, the high priest had already led Chen Ping and the others to the entrance of the ruins. They saw a deep cave entrance, all the way down!

If the snow hadn't collapsed, finding the entrance would have been even harder than climbing to the sky!

"Now that we have found the entrance, we can go in..."

Who goes to the entrance first, Fan Jiang!

But just as he was approaching the entrance, a flash of light suddenly appeared, and Fan Jiang's body was instantly bounced back by a huge counter-shock force!

Then I saw something like a glass cover, which was constantly flashing with brilliance, and you could also see runes flashing!

"Damn it, why is there still a formation?"

Fan Jiang stood up and cursed angrily. Unexpectedly, when they reached the entrance, there was a magic circle blocking it!

Moreover, the formation this time was obviously much more powerful, even Fan Jiang was directly knocked back!

Chapter: 2902

“It seems that you are really cautious, and you even set up a magic circle at the entrance...”

Chen Ping narrowed his eyes slightly.

Just when Chen Ping was about to break the formation, more than a dozen people suddenly walked out of the entrance. The leader among them was huge and covered in hair!

This person is Omar, the realm of Wuhou!

Seeing people walking out of the ruins, Chen Ping felt much more at ease.

As long as these people are still in the ruins, none of them can escape!

But when Andrew walked out of the entrance to the ruins and saw Chen Ping and the others, Andrew lowered his head in embarrassment.

Chen Ping was stunned for a moment, his eyes filled with disbelief!

“Andrew, why are you here? Where is Anna?”

Chen Ping suddenly took a few steps forward and asked Andrew.

Although the two people were close at hand, Chen Ping could not pass through the magic circle!

Andrew lowered his head and said nothing because he didn't know how to explain to Chen Ping!

However, Andrew's expression instantly made Chen Ping guess what he was doing, and he said angrily: “Andrew, you betrayed Anna, right? Has Anna been caught, is she in this ruins?”

“No, I didn’t, I didn’t...” Andrew shook his head in pain: “They arrested my wife and children. I had no choice but to do this.”

Andrew shouted loudly, explaining through Chen Ping!

But how could Chen Ping listen to Andrew’s explanation!

At this moment, Chen Ping regretted letting Anna rest and leaving Andrew behind.

“If something happens to Anna, all of you will die...”

Chen Ping’s eyes narrowed slightly, and the terrifying murderous aura on his body instantly penetrated the magic circle and directly enveloped Andrew and the others.

Feeling the terrifying murderous aura on Chen Ping’s body, both Andrew and Omar were shocked and took two steps back!

“You dare to break into the mountain gate without permission. Leave here quickly and I will spare your life. Otherwise, you will only die...”

Omar roared angrily, and then the mountain guarding formation emitted waves of terrifying pressure!

Chen Ping and the others suddenly felt waves of pressure coming down. The high priest and Daniel instantly fell to the ground. They simply could not withstand the pressure of this formation!

Seeing the high priest immediately lying on the ground following Daniel, Omar laughed crazily: “Hahaha, you blind old man, how dare you come here if you don’t want to live your whole life in the Burning God Cult.”

Chapter: 2903

The high priest was insulted and was so angry that he was shaking all over, but there was nothing he could do. He was directly suppressed by the terrifying pressure and could not move!

Chen Ping looked at Omar's arrogant look and raised the corner of his mouth slightly: "Little magic circle, do you also want to stop me?"

As he spoke, the Dragon-Slaying Sword suddenly appeared in Chen Ping's hand, and then he raised the Dragon-Slaying Sword high, and the terrifying spiritual power surged rapidly!

"Break it for me..."

Chen Ping roared angrily, followed by a terrifying and ferocious aura that instantly emanated from Chen Ping's body.

Even across the magic circle, Omar and Andrew felt waves of oppression.

There was a bit of disbelief in Omar's eyes. You must know that he is a bear man with the strength of Wuhou. They are stronger than ordinary people in terms of body and strength.

And even though they were separated by the mountain-protecting formation, the terrifying aura on Chen Ping's body seemed to be unblocked!

Just when Omar's face was full of doubts, the dragon-slaying sword in Chen Ping's hand had already been slashed down with one strike!

boom!

There was a shocking loud noise, and the whole mountain was shaking, and under Chen Ping's sword, the magic circle began to flicker with streams of light, and tiny cracks appeared in the shield like a glass cover!

Under the bombardment of this sword, the coercion emanating from the mountain-protecting formation disappeared instantly, which also made Daniel and the high priest who were lying on the ground slowly stand up.

Looking at the cracked magic circle, Omar's eyes widened with disbelief on his face. You must know that when setting up this magic circle, it took countless crystal stones and took a full month to set up.

The second priest once said that such a magic circle could not be broken even by hundreds or thousands of Wuhou masters. It was impregnable!

But with one sword strike, the formation was full of scars!

Omar's confidence when he first came out was severely hit at this moment!

He didn't know if the formation could hold up a blow, and he didn't know if he would be the opponent of the young man in front of him.

Just when Omar was thinking wildly!

Chen Ping raised the Dragon-Slaying Sword in his hand again, and a golden dragon wrapped around the Dragon-Slaying Sword. Then Chen Ping waved, and the golden dragon roared out!

boom!

The golden dragon hit the magic circle. In an instant, the golden dragon turned into spots of light and disappeared. The magic circle also disappeared without a trace in an instant under the violent impact...

Seeing the scene in front of him, Omar's mouth opened wide with surprise on his face!

Chen Ping ignored Omar who looked surprised, but walked towards Andrew with an angry face, then grabbed Andrew and lifted him up directly!

"Take me to find Anna. If Anna makes a mistake, you know the consequences..."

Chapter: 2904

After Chen Ping finished speaking, he let go and let Andrew fall to the ground!

Andrew didn't speak, but he still got up silently, then turned and walked towards the entrance of the ruins!

Chen Ping's ignorance of Omar instantly aroused Omar's anger.

As the most honorable warrior of the Bear people, Omar has never been so ignored and humiliated!

"Boy, how dare you ignore me? Do you think I'm afraid of you..."

With that said, Omar slapped an angry palm directly towards Chen Ping.

Omar knew that Chen Ping was very powerful, so he used all his strength as soon as he struck. As a warrior of the bear people, Omar's palm was probably powerful.

Chen Ping frowned slightly, without even looking at Omar, he waved a palm casually, and the palm collided with Omar's.

The moment of the collision, a terrifying aura burst out that shook the earth and the mountains. The men in black who were following Omar were instantly knocked away by this terrifying aura!

Their strength is too low and they cannot withstand this kind of collision between masters!

Even Andrew was gritting his teeth at the moment, desperately resisting this terrifying aura to prevent himself from being harmed!

This blow made Omar horrified. We must know that the bears are famous for their strength. He did not expect that Chen Ping would dare to confront him head-on, and Chen Ping's power seemed to be stronger than him!

At this moment, Omar felt as if he was falling into a torrent, his body was out of control and he kept retreating!

It wasn't until he hit the mountain wall that Omar was restrained!

Omar looked at Chen Ping in horror, and began to panic in his heart!

Chen Ping just glanced at Omar coldly and said nothing. He turned to Andrew and said, "Lead the way..."

Andrew nodded, facing Chen Ping, he did not dare to make the slightest move!

And Omar looked at Chen Ping's back with mixed feelings in his heart!

Chen Ping had such terrifying power at such a young age. As a bear warrior, he was knocked back by a punch!

But what Omar didn't know was that Chen Ping's punch just now was not with all his strength.

If Chen Ping used the Holy Light Fist with all his strength, Omar would probably be a corpse now, how could he still be alive?

The two people are not opponents of the same weight at all.

There is no comparison at all!

It's just that Chen Ping saw that Omar was not a member of the Burning God Sect. Looking at the hair on his body, he looked like a bear, so he didn't kill him!

Chapter: 2905

Hu Mazi and the others also hurriedly followed, and the group walked towards the ruins!

Omar sighed, and finally had no choice but to take those men in black back!

Now we can only wait and see what the second priest will do.

Omar knew that he had no ability to deal with Chen Ping and the others.

Soon, Andrew led Chen Ping and the others into the ruins.

The ruins are huge and almost the entire snow mountain is empty.

And it was pitch black inside, with only a winding path extending downwards, with abyss on both sides. If you fell in, you would definitely be shattered to pieces.

However, this kind of road is difficult for ordinary people to walk, but for Chen Ping and others, it seems much easier.

Now Chen Ping and the others were at the top of the mountain, so they continued to go down along the path, sometimes turning and sometimes going up!

This path seems to be suspended inside the entire mountain.

But just after Chen Ping and the others walked for a while, Chen Ping suddenly stopped and then frowned!

“Chen Ping, what’s wrong?”

Seeing this, Hu Mazi asked quickly.

“Mr. Chen, this is the way I came in. I definitely didn’t go wrong. I won’t lie to you.”

Andrew was afraid that Chen Ping would misunderstand, so he quickly explained.

After all, it was a winding path with dark, bottomless abyss on both sides. It was normal for Chen Ping to be suspicious.

“I know you didn’t lie to us...”

Chen Ping affirmed to Andrew, then looked at Hu Mazi and said, “Master Hu, do you feel anything in the abyss on both sides?”

“What’s there?” Hu Mazi frowned slightly, and then a spiritual consciousness came out of his body and instantly explored the abyss.

It’s a pity that it was cut off by a violent aura before it even came to the end.

“Holy crap, is there something scary in this abyss? The smell is so scary...”

After Hu Mazi’s consciousness was cut off, he couldn’t help but said in shock.

At this moment, Chen Ping had slightly closed his eyes, quietly sensing something. Suddenly, Chen Ping’s body flashed with light, and the Dragon-Slaying Sword came out of his body without being summoned!

Just after the Dragon-Slaying Sword came out of the body, strange sounds came from the abyss on both sides, and Chen Ping’s Dragon-Slaying Sword also began to tremble violently, as if he sensed something.

Chapter: 2906

Chen Ping grabbed the Dragon-Slaying Sword, but the Dragon-Slaying Sword was still shaking. Chen Ping couldn’t control it even with all his strength. This was the first time that Chen Ping couldn’t control the Dragon-Slaying Sword!

Soon, Chen Ping let go of his hand, and the Dragon-Slaying Sword came out, and then buzzed continuously in the mid-air, as if responding to the sound in the abyss.

“Mr. Chen, what’s going on?”

Fan Jiang asked in surprise.

“I don’t know, but there should be something in this abyss that is attracting my dragon-slaying sword.

Chen Ping looked at the buzzing dragon-slaying sword and said solemnly.

Buzz.....

The dragon-slaying sword buzzed again, and then instantly rushed into the abyss.

The Dragon-Slaying Sword was emitting light, and Chen Ping and the others looked down with the help of the light from the Dragon-Slaying Sword!

Unfortunately, the abyss was too deep, and the light on the Dragon-Slaying Sword was quickly swallowed up by the darkness!

Chen Ping was afraid that something might happen, so he quickly used his mind to control the Dragon-Slaying Sword back.

But Chen Ping was surprised to find that the connection between him and Dragon Slayer Sword disappeared.

This time, Chen Ping looked panicked!

You must know that he and the dragon-slaying sword have already become one, and they also have a spiritual connection with the sword spirit!

Now he suddenly lost contact. How could this not make Chen Ping panic?

Soon, within the abyss, there were sounds of metal collisions, like two people fighting with weapons!

The sound slowly disappeared, and the Dragon-Slaying Sword returned to mid-air.

Chen Ping waved his hand, and the Dragon-Slaying Sword returned to Chen Ping's hand.

Looking at the dragon-slaying sword in his hand, it is obvious that there are traces of the battle just now!

"Is there someone down here?" Chen Ping looked surprised, and then asked Andrew: "Andrew, do you know where this abyss is? Is there anyone living there?"

Andrew shook his head quickly: "Mr. Chen, I don't know much about this place. This is my first time here..."

Just as he was talking, Omar came over with someone, and Andrew quickly said: "Then Omar must know..."

Chen Ping looked back at Omar and felt Chen Ping's gaze. At this moment, Omar, the bear warrior, started to tremble slightly in his legs.

"Let me ask you, what is the place under the abyss on both sides? Is there anyone living there?"

Chapter: 2907

Although Chen Ping spoke softly, he had an unquestionable tone.

If Omar didn't answer, he was about to get punched.

“I...I don’t know very well. They won’t tell me the secrets here, but there is a sword grave here. I heard that the Wenjian Sect buried all the swords in that place.”

“There seems to be a divine sword that suppresses the swords in the entire Sword Tomb to prevent those swords from escaping from the Sword Tomb and hurting people.”

“But I don’t know if this is the place of the sword tomb!”

Omar said honestly, he did not dare to lie!

“The Land of Sword Tombs?” Chen Ping frowned slightly: “How many months have you been here, have you ever entered the Land of Sword Tombs?”

“No, the Sword Tomb is full of murderous energy. Dozens of people have been sent in, but no one has come out alive, so the second priest plans to use the power of the altar to enter the Sword Tomb!”

Omar said.

“It seems that this sword tomb is the place Mr. Shi mentioned. It is also the place where my dragon-slaying sword can increase its strength...”

Chen Ping looked at the Dragon-Slaying Sword in his hand, his eyes flashing.

Chen Ping felt that within this abyss, there must be some kind of sword tomb, otherwise his dragon-slaying sword would not have such a big reaction.

And the sound of metal clashing just now must be the result of the fight between his Dragon-Slaying Sword and other spiritual swords in the Sword Tomb.

Thinking of this, Chen Ping decided to go to the sword tomb to take a look after rescuing Anna!

Putting away the dragon-slaying sword, Chen Ping asked Andrew to lead the way, and the group continued to move forward along the path!

Soon, Chen Ping and the others arrived at a wide area, where they saw bright lights and many people in black walking around.

But no one paid attention to Chen Ping and the others!

In the middle, an altar made of crystal stones was shining, and on the middle pillar of the altar, Anna was tied there!

Directly above the altar, there was a round hole through which the sky could be seen. It was already late at night, and the faint moonlight shone in from the round hole, which happened to shine on Anna's body.

"Princess Anna is up there..."

Andrew said to Chen Ping.

At this moment, Chen Ping saw the tied up Anna, and a strong murderous intention instantly rose in his body!

This killing intent instantly enveloped the entire ruins!

The second priest also felt someone breaking in, and immediately rushed over with people!

Chapter: 2908

When the second priest saw Andrew coming in with someone, and Omar still following behind, his anger instantly burned.

"Andrew, how dare you bring people in? Don't you want your wife and children to live?"

The second priest shouted at Andrew.

Andrew said nothing and could only lower his head silently.

Seeing that Andrew remained silent, the second priest looked at Omar: "Omar, I asked you to keep them out. How did they get in?"

"Second Priest, my strength cannot stop them at all..."

Omar said matter-of-factly.

"Hmph, I think you did it on purpose? Can't you deal with a blind man?"

In the eyes of the two priests, the high priest is the strongest, but he is no match for Omar!

As for Chen Ping and the others, the second priest didn't take them seriously at all!

"You traitor, you dare to set up a private altar and want to release the devil. Today I will clear the door for the Burning God Sect..."

As the high priest spoke, the aura on his body began to rise, and the copper bell in his hand kept shaking!

The second priest smiled coldly and said: "You blind man, you still seem to be killing me. It's just a dream..."

As he said that, the second priest actually pulled out a long sword. As the sword light flashed, countless sword lights headed towards the high priest!

The high priest did not dodge, shaking the copper bell desperately, and sound waves collided with the sword light!

Soon bursts of roar erupted in the ruins!

The two forces continued to collide and then spread to all directions!

The high priest's body shook during this collision, and then he took a few steps back, his throat sweetened, and a mouthful of blood spurted out!

The high priest was besieged outside and was injured himself, so when he followed the two priests, he was at a disadvantage!

"Hmph, you are so vulnerable. I think you, the high priest, should give up your position. Since you broke in today, let your blood be used to pay tribute to the devil who was born..."

The second priest had a sneer on his face, then waved his hand and said: "Surround them all, keep an eye on them, no one can escape..."

Dozens of men in black instantly surrounded Chen Ping and the others, but no one made a move!

The two priests also focused on the altar. Looking up, they saw the moon in the sky clearly visible in the round hole.

The entire altar began to flicker under the soft moonlight, and rays of light shuttled around the altar, as if charging the altar!

Chapter: 2909

"Time is up....."

The second priest's eyes flashed and he ran quickly towards the altar!

“Stop him, don’t let him succeed, otherwise the devil will be born and everyone will die...”

The high priest roared, he hoped that Chen Ping and the others could stop the second priest!

However, Chen Ping stared blankly, as if he had no intention of stopping the two priests!

Fan Jiang glanced at Chen Ping and saw that Chen Ping didn’t move, so he didn’t move either, but Fan Jiang was a little confused, wondering why Chen Ping didn’t move!

“Mr. Chen, please save Princess Anna...”

Seeing that Chen Ping was not moving, Andrew actually began to beg Chen Ping.

“You guy, you became a traitor and betrayed your princess, and now you want us to save you. Do you want to be a bitch and build a memorial arch?”

Hu Mazi glanced at Andrew with disdain and said.

He despises this kind of traitor the most. Although he doesn’t know if Andrew can know the meaning of the last sentence, Hu Mazi still wants to say it!

Andrew lowered his head in shame. He knew that if he made one mistake, there would be no turning back!

At this time, the two priests were already standing on the altar, and then they were mumbling something, as if they were chanting some spell.

Then he inserted the scepter in front of Anna.

The gem on the scepter instantly emitted a blue light that shot straight into the sky!

Rumble.....

The earth began to tremble, and the rays of light on the altar were rapidly rotating around the altar!

The breath of terror began to emerge from the ground, and everyone's face became a little panicked.

“Ha ha ha ha.....”

The second priest laughed crazily.

Anna was tied to the stone pillar. No matter how hard she struggled, it was useless. Finally, she looked at Chen Ping with helpless eyes!

She didn't understand, why didn't Chen Ping save herself?

Soon, streaks of black mist emerged from the ground, and these black mist transformed into terrifying faces with teeth and claws!

Everyone gathered towards the altar, and soon the altar was shrouded in black mist, and the people below could no longer see what was going on above!

Chapter: 2910

“The devil has come, the devil has come...” The high priest looked frightened and sat on the ground muttering.

“They are really some souls and yin energy, bullshit demons...”

Hu Mazi looked at the clouds of black mist and said with disdain.

“It’s such a good thing, then I will accept everyone who comes...”

After Chen Ping finished speaking, he jumped up.

The men in black were about to intercept Chen Ping, but Fan Jiang slapped them one by one and sent them flying away!

Soon, Chen Ping’s figure rushed to the altar!

On the altar, Anna had a ferocious look on her face, and countless black mist was pouring crazily into her body!

At this time, Anna still had a trace of reason and shouted to Chen Ping: “Chen Ping, kill me quickly, kill me quickly, I don’t want to become a devil...”

Chen Ping smiled: “You can’t become a demon even if you want to. These are not demons at all...”

With that said, Chen Ping walked towards Anna!

Seeing that Chen Ping was ignoring him, the second priest shouted angrily: “Boy, the devil has come, you still dare to be so rampant, you should die...”

The second priest stabbed Chen Ping with the long sword in his hand!

Chen Ping slapped his hand on the swords of the two priests.

The sword in the second priest’s hand was snapped in an instant, and the second priest’s wrist seemed to have suffered a huge backlash, causing unbearable pain!

The second priest looked at Chen Ping in horror, and for a moment he didn't dare to take action.

Chen Ping walked up to Anna and put one hand on Anna's head!

The Heart Condensation Technique in the body started to work quickly.

All the Yin Qi souls in Anna's body were sucked out by Chen Ping crazily.

Soon, Anna's complexion began to turn rosy, and her whole body recovered!

The second priest was dumbfounded when he saw this scene. He couldn't figure out what kind of witchcraft Chen Ping used to suck out the demon from Anna's body!

And after Chen Ping inhaled it, there was no change at all, as if nothing happened!

After untying Anna, Anna cried and threw herself into Chen Ping's arms!

Anna, who was heartbroken, felt a little comfort only when she saw Chen Ping.
