

The Order 2921

Chapter: 2921

Chen Ping was speechless for a while. Apart from women, this Hu Mazi didn't know if there was anything else in his mind.

"I'm in..."

After saying that, Chen Ping continued to walk forward, and soon Chen Ping's figure slowly became blurred and disappeared from Hu Mazi's sight.

When Chen Ping advanced a certain distance, the sword energy was indeed getting stronger and stronger, and it was densely packed in front of him, and the ground was full of long swords!

These swords seem to be stuck on the ground randomly, but they actually have their own rules!

And Chen Ping could clearly feel that there were two auras constantly intertwining and fighting in this sword tomb!

The scene in front of me is no longer one of dead branches and leaves, the branches and leaves visible to the naked eye on the big tree are growing rapidly.

But as soon as it grew, it was chopped off by the raging sword energy!

In this way, the two forces seem to be fighting.

Chen Ping took out the Dragon-Slaying Sword and frantically absorbed the raging sword energy. As a result, the branches and leaves on the trees began to grow rapidly, and finally became full of green trees!

"It seems that this place is not as dangerous as the woman said, but fortunately there is this dragon-slaying sword!"

Chen Ping's face was filled with joy!

But just when Chen Ping was happy, a murderous aura suddenly struck him, and Chen Ping's eyes were slightly condensed, staring straight ahead!

Soon a man walked over slowly, holding a sword in his hand.

It's just that this person's face is pale, his eyes are lifeless, and he has no other aura besides murderous aura.

Chen Ping could tell at a glance that this should be the sword puppet that the woman was talking about!

Sword puppets are killed by sword energy, and then their bodies become immortal and are refined by that sword energy.

Over time, it becomes a sword puppet, directly controlled by the sword energy. It has no thoughts and consciousness, and is similar to a zombie.

Because this kind of thing has no thought and is still dead in itself, it is not afraid of being beaten at all.

Even after their arms and legs were chopped off, these sword puppets still had no consciousness. Their minds were only controlled by the essence of sword energy.

Chen Ping was a little worried when he encountered this kind of thing. After all, this kind of thing is not afraid of death, so basically if a sword penetrates the body, the sword puppet will not take it seriously.

Once you fight with the sword puppet, there is no other way unless you completely blow him to pieces. Another way is to find the sword energy matrix and then cut off the sword energy. But looking at this situation, the magic weapon I'm afraid the sword will be hard to find.

Chen Ping waved his dragon-slaying sword and rushed forward.

When the sword puppet saw Chen Ping charging towards him, he didn't even react at all. He was still walking forward. It wasn't until Chen Ping's Qiankun Sword arrived in front of him that the sword puppet raised his arms and directly used his own sword. Both arms blocked Chen Ping's Qiankun Sword.

Chapter: 2922

The sword puppet is very difficult to deal with, but this cute and silly look makes Chen Ping feel a little ridiculous. He actually blocked the spiritual sword with his body. The result can be imagined.

At this time, the dragon-slaying sword had absorbed a large amount of sword energy, and had also swallowed a sword spirit, so its power was greatly increased. A green light suddenly appeared on the sword body. With one strike, the sword puppet's arms were directly cut. Cut off.

However, with both arms cut off, the sword puppet showed no expression at all. He waved his half-arm and rushed directly towards Chen Ping.

Chen Ping knew that even cutting off the heads of the sword puppets would be useless. He could only blast them into pieces. Looking at the sword puppets rushing towards him, Chen Ping saw that the dragon-slaying sword in Chen Ping's hand was airtight, huge and dense. The sword energy instantly enveloped the sword puppet.

"Break it for me!"

Chen Ping roared angrily, and the green light exploded like a firework in an instant, and the sword puppet instantly became torn into pieces, with flesh and blood flying all over the sky, and turned into dregs.

Looking at the stumps and broken arms on the ground, Chen Ping raised the corner of his mouth slightly, and was pleasantly surprised. The power of the dragon-slaying sword was already much greater, and the feeling between the sword and the spirit was even stronger.

The sword puppet has been killed. Chen Ping plans to go through the dense swords to find the suppressed demon sword. He wants to see what kind of demon sword can actually destroy a sect.

But just as Chen Ping took a step forward, suddenly the long swords on the ground all emitted light, and an obvious sword array appeared in mid-air!

The light shone on Chen Ping, and then the scene in front of Chen Ping began to change!

In the end, the light disappeared, and Chen Ping found that he was already in a sand dune!

The yellow sand dunes stretched as far as the eye could see, which shocked Chen Ping!

We were clearly in the Sword Tomb just now, how could we suddenly be in the desert now?

Just when Chen Ping was at a loss, suddenly a long sword rose into the air from under the sand dunes!

Immediately afterwards, the sword energy moved horizontally and stabbed towards Chen Ping!

There is no one controlling the long sword at all, but it carries a strong killing intent!

Chen Ping was surprised for a while, and swung the dragon-slaying sword in his hand suddenly!

clang.....

With a crisp sound, the long sword was cut off by Chen Ping!

After the long sword was cut off, a faint light entered the Dragon-Slaying Sword in Chen Ping's hand!

Chen Ping could clearly feel that the strength of the Dragon-Slaying Sword had improved a little again!

This time, Chen Ping was even more confused, not knowing what was going on.

Just when Chen Ping was confused, the sand dunes suddenly shook, and then he saw a lot of sand starting to roll!

Then these rolling quicksand finally formed the shape of a man holding a sword!

Chapter: 2923

Slowly, the human shape formed by the gathering of sand and soil turned into the appearance of an old man!

When Chen Ping saw this, he quickly said: "Senior, I wonder where this place is? Who are you?"

When Chen Ping saw someone appearing, he wanted to ask what was going on.

But the old man did not speak, but waved the long sword in his hand, and then countless long swords emerged from under the sand dunes, and then tightly surrounded Chen Ping.

When Chen Ping saw this, he frowned slightly, and the Dragon-Slaying Sword in his hand began to emit bursts of green light!

Then, countless long swords poured down towards Chen Ping like a rain of swords...

Chen Ping could only wave the dragon-slaying sword in his hand as hard as he could, thinking of it as an airtight sword wall!

Dang Dang Dang.....

There were constant sounds of metal collisions, and broken swords were scattered on the ground!

However, Chen Ping discovered that every time he cut off a long sword, the dragon-slaying sword in his hand would become stronger!

This may be the training for his Dragon Slaying Sword!

Thinking of this, Chen Ping waved the Dragon-Slaying Sword in his hand even harder!

After a while, there were more broken swords on the ground, and cold sweat began to appear on Chen Ping's forehead!

But Chen Ping still gritted his teeth and persisted. He knew that this time it was a test for his opponent's dragon-slaying sword, and it was also a test for himself!

When Chen Ping cut off the last long sword, he collapsed on the ground exhausted!

And the old man looked at Chen Ping, with a bit of a smile on his face!

"You have passed this level. I hope you can make it to the end, so that our hundreds of years of wish can be fulfilled..."

The old man spoke to Chen Ping.

Just when Chen Ping was about to ask who the old man was, the old man suddenly threw the long sword in his hand towards Chen Ping, and then the whole person disappeared.

I saw the long sword in the old man's hand heading towards Chen Ping, but finally stopped in front of Chen Ping!

Immediately afterwards, the long sword emitted a faint light, and the light was absorbed by the Dragon Slaying Sword. Finally, when the long sword fell, it turned into powder.

As the long sword turned into powder, the scene in front of Chen Ping changed. He found that he was still standing there, and the sword formation in front of him had disappeared.

Looking around, Chen Ping didn't see anyone, and even the sword energy around him disappeared.

“Could it be possible to see the magic sword like this?”

Chapter: 2924

Chen Ping was very surprised, and then stepped forward!

If it were so easy to find the magic sword, it would be a bit too easy!

Chen Ping continued to walk forward for more than ten minutes, and the sword energy that quickly disappeared began to appear again, and this time the sword energy was even more fierce!

However, what stood in front of Chen Ping this time was not a dense array of long swords, but three swords stuck in the ground in a perfect glyph shape!

Looking at the three swords in front of him, Chen Ping knew that this should also be a sword formation!

Since there is a sword formation, there must be sword puppets around!

As soon as Chen Ping finished thinking this, he noticed murderous intent coming one after another, followed by more than a dozen sword puppets, approaching Chen Ping step by step!

The sword puppet I encountered this time was obviously much stronger than the one I encountered at the beginning!

These sword puppets are still wearing the clothes they wore before they died, with the logo of Wenjian Sect embroidered on their clothes!

It seems that these are all senior disciples of Wenjian Sect!

Chen Ping didn't waste any words. He raised the dragon-slaying sword in his hand high. After all, these sword puppets had no thoughts, and Chen Ping's words were useless.

“Nine Shadows Sword Technique...”

Chen Ping shouted loudly, holding the dragon-slaying sword in his hand, he rose into the air.

The endless bright sword light fell, instantly smashing a sword puppet to pieces!

The huge shock wave sent other sword puppets directly into the distance!

But these thoughtless sword puppets didn't know how to be afraid at all. They immediately got up and rushed towards Chen Ping!

Chen Ping wielded the Dragon-Slaying Sword. Every time he swung the sword, a sword puppet was killed!

Soon, more than a dozen sword puppets all turned into scum!

The strength of the dragon-slaying sword in Chen Ping's hand has improved again!

After finishing killing the sword puppet, Chen Ping stared closely at the three long swords. He knew that the sword array should be activated at this time.

Sure enough, after all the sword puppets were killed, a beam of light began to fall from the middle of the three swords!

The beam of light seemed to come from outside the sky, instantly illuminating the position in the middle of the three long swords!

Chen Ping looked at the beam of light, stepped lightly, and stood directly in.

Soon, light fell and wrapped around Chen Ping. At this time, Chen Ping felt his feet light up, and his whole body was slowly rising upwards.

Chapter: 2925

Chen Ping's body was suspended in mid-air, enveloped by the beam of light!

Extremely crazy sword energy began to surge within the light pillar!

Upon seeing this, Chen Ping hurriedly wanted to activate his indestructible golden body to resist, but found that he could not use any spiritual power at all!

Chen Ping was shocked and could only grit his teeth and rely on his strong body to resist the attack of the sword energy!

At this time, the dragon-slaying sword was like a divine dragon absorbing water, absorbing the sword energy crazily to prevent the sword energy from harming Chen Ping!

The body of the Dragon-Slaying Sword was shaking, and the cyan light began to slowly change!

The Dragon-Slaying Sword is absorbing the sword energy crazily, but it seems like it can never be absorbed completely!

Previously, Chen Ping's physical body began to be cut by the sword energy, and the sword energy left wounds on Chen Ping's body!

Buzz.....

Suddenly, the Dragon-Slaying Sword made a violent buzzing sound as if it exploded.

Chen Ping ignored the pain on his body and held onto the Dragon-Slaying Sword with one hand. He could clearly feel that the spiritual energy on the Dragon-Slaying Sword was constantly rolling.

Then the dragon-slaying sword flashed with light, and the terrifying aura instantly blew away the sword energy, and even the beam of light disappeared!

Chen Ping's body fell directly from mid-air.

Chen Ping instinctively wanted to use his spiritual power to let his body fall gently, but at this time, the spiritual power in Chen Ping's body could not be used at all, as if it was sealed!

At this critical moment, the Dragon-Slaying Sword in Chen Ping's hand broke free and was then placed at Chen Ping's feet!

Chen Ping shook twice and slowly stood firm!

Seeing the Dragon-Slaying Sword slowly falling while holding him, Chen Ping's eyes were filled with surprise.

If this continues, he will soon be able to fly with a sword. It seems that the Sword Tomb is really a good place for the growth of the Dragon Slayer Sword.

Chen Ping landed slowly, not caring about the wounds on his body. He kissed and hugged the Dragon-Slaying Sword in his hand. He found that the strength of the Dragon-Slaying Sword was probably far more powerful than he imagined!

I don't know what level this dragon-slaying sword can reach after absorbing the magic sword spirit!

Chen Ping looked and found that the three long swords on the ground were gone. However, Chen Ping did not leave. Instead, he waited quietly for a while. When the formation was broken, shouldn't an old man appear?

Just as Chen Ping thought about it, a light flashed, and then a white-haired old man appeared, also holding a sword in his hand!

And this sword is all green and exudes a faint light.

“You are the first to come to me in hundreds of years. Maybe my wish of hundreds of years will be granted to you...”

Chapter: 2926

After the old man finished speaking, the green sword in his hand shone with light, and then in the green light, a firefly-like light spot appeared. Then the light spot floated towards the dragon-slaying sword in Chen Ping’s hand, and was instantly killed. The dragon sword was absorbed.

“The appearance of ancient spiritual swords may be God’s will, and it can also be regarded as our atonement for our mistakes...”

The old man suddenly laughed, and then slowly disappeared.

At this moment, Chen Ping was confused. He didn’t understand who this old man was and why he wanted to atone for his sins.

But Chen Ping didn’t have time to think too much. After all, if he didn’t go out for a long time, Hu Mazi would be gone!

If Gu Ling’er and the others were told that they would die directly at the Sword Tomb, who knows what stupid things these girls would do!

Thinking of this, Chen Ping quickened his pace and continued to move forward!

This time the sword energy was even more powerful. Chen Ping activated the indestructible golden body, but he could only hold on for a while, and the indestructible golden body was instantly shattered by the blow.

Fortunately, Chen Ping has the Dragon-Slaying Sword in his hand, which is constantly absorbing the sword energy, allowing Chen Ping to move forward with difficulty!

Otherwise, Chen Ping might not be able to take a single step!

Soon, a sword appeared in front of Chen Ping. The sword was deeply embedded in a huge stone!

Forgetting to glance around, Chen Ping cautiously walked towards the long sword!

If you follow the rules, a sword puppet should appear at this time, and it will definitely be more powerful than the last time you encountered it!

However, after waiting for a long time, no sword puppet appeared, so Chen Ping reached out and tried to pull out the long sword!

But just after Chen Ping approached the long sword, a light flashed, and then another old man appeared.

After the old man appeared, he reached out and pulled out the long sword on the boulder!

The terrifying sword energy burst out instantly, like a storm, striking Chen Ping hard.

So fast.....

Chen Ping had no time to react. He narrowed his eyes slightly and was instantly hit hard by the burst of sword energy!

There were wounds all over the body, and blood was flowing out!

The Dragon-Slaying Sword in Chen Ping's hand was greedily absorbing the sword energy, but Chen Ping found that no matter how his Dragon-Slaying Sword absorbed the sword energy, the sword energy emitted by the long sword did not decrease at all!

"Demon God Slash..."

The old man suddenly swung his sword towards Chen Ping!

The huge boulders and branches flying all over the sky are like the end of the world!

Chapter: 2927

“Is this the magic sword?”

Chen Ping was a little surprised.

He didn't know who the old man was who used this magic sword?

As the old man swung his sword, a loud roar suddenly came, and a black mist filled the air and turned into a human form!

I saw this man wearing a black cloak, exuding bursts of bloody and terrifying aura.

The old man wielding the sword spurted out a mouthful of blood. His whole body instantly aged and he leaned on a stone!

“who are you?”

Chen Ping looked at the man in a black cloak and asked.

I saw the man slowly taking off his cloak, revealing an old face!

Chen Ping was shocked when he saw this man's face.

Because this man looks exactly the same as the old man who just wielded the sword, no difference at all!

“I haven’t tasted human blood for a long time...”

With that said, the man rushed directly towards Chen Ping!

“Nine Shadows Divine Sword...”

Chen Ping shouted loudly, then jumped up, and the dragon-slaying sword in his hand instantly emitted a green light!

A large amount of divine dragon power gathered on the Dragon-Slaying Sword, and then exploded!

A series of green lights intertwined, and then headed towards the guy in the cloak!

Rumble.....

The sound of explosions is endless!

The entire Sword Tomb place began to tremble continuously, and trees flew everywhere!

But when the sword light disappeared, Chen Ping found that the guy in the cloak was missing!

But just when Chen Ping felt puzzled, a black shadow suddenly fell from mid-air!

Chen Ping was shocked and was about to swing his sword to block, but the opponent’s speed was too fast. He was directly punched by the opponent, and then the whole person flew backwards.

“What a great strength...”

Chapter: 2928

Chen Ping stood up, wiped the blood from the corner of his mouth, and the immortal golden body began to operate again.

I saw Chen Ping's whole body covered with golden scales, and then a golden light rose into the sky!

A golden dragon began to circle above Chen Ping's head!

Seeing Chen Ping, a demon ape, the old man holding the sword actually had a bit of surprise in his eyes!

But the guy in the black cloak frowned slightly, then roared and attacked Chen Ping!

Chen Ping also shouted angrily, and the Dragon-Slaying Sword in his hand was instantly released. The golden dragon also surrounded the Dragon-Slaying Sword and attacked the guy in the cloak together!

Uh-huh...

There was a flash of golden light, and the guy in the cloak had his arm cut off with a sword!

It's just that the wound on the severed arm was extremely smooth, and no blood flowed out!

The guy in the cloak didn't seem to care, he just glanced at his broken arm, then showed a sneer, and then his whole body turned into a burst of black mist, and instantly entered the long sword!

Soon, the long sword broke free from the old man's hand and floated in mid-air. The sword was filled with murderous aura...

Seeing this, Chen Ping pointed his Dragon-Slaying Sword toward the sky, and a green light instantly flew out of the Dragon-Slaying Sword. This was the sword spirit in the Dragon-Slaying Sword.

I saw the green light heading towards the magic sword in an instant. Just as it hovered over the top of the magic sword, a black light suddenly flashed in the magic sword, and a black light appeared.

When Chen Ping saw the black light appearing, he couldn't help but raise the corner of his mouth slightly. This was the sword spirit of the magic sword, one green and one black instantly entangled.

However, this demon sword is quite powerful. Although the Dragon Slayer Sword is an ancient spiritual sword, the spirit of the Dragon Slayer Sword has not yet grown up and its current strength has not been fully exerted. Therefore, fighting with the demon sword's sword spirit is obviously a bit awkward. Lost.

However, Chen Ping did not panic. A sharp light flashed in his eyes, and then he ran straight towards the magic sword, grabbed the magic sword, and stood on the boulder. Chen Ping held the magic sword in his hand.

Ding.....

Chen Ping flicked his finger at the magic sword, and the magic sword instantly made a crisp sound, and then broke into two halves.

Without the sword spirit, the magic sword would be no different from an ordinary sword in Chen Ping's hands.

After the body of the Demon Sword collapsed, the black light that had always been dominant instantly became much dimmer. The Dragon-Slaying Sword Spirit seized the opportunity and swallowed the Demon Sword Spirit in one gulp.

The green light amplified infinitely, and countless sword energies in the Sword Tomb were quickly absorbed into the green light.

In this lifeless dead land, trees and flowers began to sprout, and the land of sword tombs disappeared in an instant.

The strength of the dragon-slaying sword has reached the level of a martial arts weapon, which made Chen Ping extremely excited.

The old man not far away was dumbfounded when he saw the scene in front of him. He had never thought that the demon sword that they had suppressed for hundreds of years with their lives would be handled so easily by Chen Ping.

Chapter: 2929

“Why.....”

The old man suddenly sighed.

Chen Ping put away the Dragon-Slaying Sword, walked towards the old man and said, “Who are you?”

The old man stood up slowly and said with a look of relief: “I am the leader of the Wenjian Sect...”

“Then who was the one wearing the black cloak just now?”

Chen Ping was surprised, how could someone look exactly the same!

“That’s me too...”

The old man said.

This time, Chen Ping was confused!

Seeing Chen Ping’s confused face, the leader of the Wenjian Sect slowly began to explain to Chen Ping.

It turns out that the person wearing the black cloak is just the inner demon of the leader of the Sword Asking Sect, and this inner demon controls the magic sword!

In fact, this sword used to be called the Tianwai Flying Sword. It was said that it flew from nine heavens away and was inserted into the Wenjian Sect.

For so many years, Wenjian Sect has been guarding the flying sword, and many people have learned many sword techniques from this flying sword!

But when it comes to this old man's generation, because of his own greed, he wants to take the flying sword as his own and get the entire inheritance of the flying sword!

So he persuaded several elders to jointly pull out the Flying Sword from Heaven!

Afterwards, several people devoted themselves to research, but unknowingly they went crazy and were controlled by their inner demons!

Suddenly, that day Wai Feijian went on a killing spree in Wenjian Sect!

The entire Wenjian Sect turned into a slaughterhouse, with corpses everywhere and rivers of blood flowing everywhere.

At the last moment, the leader of Wenjian Sect and several elders suddenly woke up!

Then he used all the sword formations of the Wenjian Sect, including their lives, to suppress the flying sword in this sword tomb!

As time goes by, many people break into this place, but they can't even set foot here!

The sword formation that suppressed the flying sword and their souls were also becoming weaker and weaker. I don't know when this flying sword would be reborn and cause harm to the world!

In that case, the sins of these people will be even more serious!

Now that Chen Ping suddenly appeared, they all seemed to see hope. This is why the previous old man suddenly talked about atonement to Chen Ping.

Chapter: 2930

“Now that the magic sword has been destroyed, we can finally be reincarnated...”

The old man looked at Chen Ping, showed a faint smile, and then slowly disappeared.

Chen Ping sighed, a moment of greed destroyed a sect!

Chen Ping walked out and found that Hu Mazi was no longer waiting for him!

So Chen Ping could only return the same way.

At this time, Hu Mazi was sitting in the ruins with a depressed look on his face!

“I think we should go back. Those women in Chen Ping, I want to think about how to tell them!”

“This guy is so strong. There are so many girls waiting for him, but he doesn’t cherish them and dares to go in.”

“It’s okay now, just hang up...”

Hu Mazi followed Fan Jiang and the others.

“No...it’s impossible, right? Chen Ping won’t die. He promised to treat my father.”

Anna’s eyes were full of tears. If Chen Ping died, who would treat his father?

“Master Hu, Mr. Chen won’t die so easily, right?”

“Did you see it with your own eyes?”

Fan Jiang also didn't believe it. Chen Ping was the son of a dragon. How could he die so easily?

“Are you doubting me? It's so dangerous inside, he won't survive...”

Hu Mazi said affirmatively.

“I also think Chen Ping will not die.”

At this time Ge Yuhan also spoke.

However, when Ge Yuhan spoke, Hu Mazi did not refute, because he knew Ge Yuhan's identity and did not dare to offend her too much!

“If you don't believe it, forget it. Then just wait here for two days. If you can't wait, then we will leave. We can't die here forever!”

Hu Mazi said helplessly.

“Master Hu, you said I was dead without even seeing it. Isn't this a curse on me?”

At this time, Chen Ping's voice came from behind Hu Mazi!
