

The Order 2961

Chapter: 2961

Everyone only saw five or six Chen Pings who looked exactly the same, waving the long sword in their hands and constantly slashing at the second child!

No one knows which one is Chen Ping's true identity!

Everyone only heard the screams from the second child, and the blood and limbs splattering everywhere!

After a while, the screams disappeared!

And Chen Ping's figures finally slowly merged together!

At this time, everyone could really see clearly that the Dragon-Slaying Sword in Chen Ping's hand was dripping with blood!

And the second man in black and silver robes who fell on the ground had already lost all his limbs. His body was covered with wounds and bleeding!

But even with such a serious injury, the second child's chest was still rising and falling, obviously still alive.

Obviously Chen Ping didn't want him to die so happily!

The second child looked at Chen Ping with fear in his eyes, gasping for air. The severe pain made his face look hideous, but he couldn't shout a word.

Because his Adam's apple had already been cut off by Chen Ping with a sword, leaving him unable to make a sound!

“I said, you will regret it...”

Chen Ping looked coldly at the second man in black and silver robes who was already miserable, and said in a cold voice.

At this time, the second child was lying on the ground, with regret or fear in his eyes.

“Second brother...”

“Second brother...”

Several other men in black and silver robes rushed forward instantly, but looking at the dick that was almost turning into flesh, no one could do anything. Even Daluo Jinxian couldn't save him with such a body!

At this moment, a black mist suddenly emerged from Lao Er's body, and then fled away into the distance at an extremely fast speed!

This is the soul that lives in this black silver robe. Now that the body is dying, they need to find a suitable person to live in again in the shortest possible time.

But just as the soul was quickly escaping into the distance, Chen Ping suddenly opened his mouth, and a huge suction force instantly sucked the soul back.

The soul was directly sucked into Chen Ping's body, and Chen Ping felt as if he had eaten delicious food, with a look of satisfaction on his face!

Everyone was stunned when they saw this scene, especially those in black and silver robes. They were all very frightened!

Speaking of which, these black and silver robes are just puppets, but what can really dominate is the soul in their bodies!

These inhabiting souls can find a new inhabitant body as quickly as possible after the death of the inhabiting body.

Chapter: 2962

Therefore, they are not very concerned about the life and death of the host. It is like a house where humans live. If the house breaks down, you can find a new one!

But now they discovered that Chen Ping could even devour souls, which suddenly made them panic.

Especially the souls residing in these black and silver robes were all terrified.

“Boy, it seems that I underestimated you...”

The boss looked at Chen Ping angrily, and then said loudly: “Third, fourth, fifth, you three, take him down for me.”

The eldest brother knew that at first, Chen Ping deliberately showed weakness to himself and let himself be fooled, otherwise the second eldest brother would not be so miserable!

So this time he asked three people to deal with Chen Ping in one breath!

He didn't believe that Chen Ping could defeat his three brothers!

“Boy, I want to avenge my second brother...”

Lao Wu shouted angrily and slashed towards Chen Ping with a big knife!

At the same time, the third and fourth children also moved towards Chen Ping.

It can be seen that these black and silver robes usually practice together, their movements are very skillful, and their attack timing is just right.

Chen Pingping did not appear panicked when faced with the simultaneous attacks of three men in black and silver robes. Instead, he moved the dragon-slaying sword in his hand forward and directly blocked Lao Wu's broadsword!

But at the same time, Lao San's iron fist had already reached Chen Ping's chest. Chen Ping frowned slightly and could only withdraw with his sword, avoiding Lao San's punch!

But before Chen Ping could stand still, a nine-section whip was thrown at Chen Ping. The head of the nine-section whip passed across Chen Ping's body, and a golden light flashed instantly, and Chen Ping's indestructible golden body Another large piece of scales turned into nothingness.

"Boy, let's see how you can avoid the attacks of our three brothers..."

The fourth child snorted coldly. The nine-section whip in his hand was like a poisonous snake, and he turned around again and headed towards Chen Ping.

At the same time, the big knife in Lao Wu's hand directly attacked Chen Ping's legs.

The third child jumped up and hit Chen Ping on the head with a pair of iron fists. The three of them cooperated tacitly and planned to kill Chen Ping with one blow!

Because Chen Ping injured his second child, these three people seemed to have forgotten the magic envoy's instructions.

Everyone felt nervous when they saw this!

The devil in Ning Zhi's body frowned and said: "These idiots actually killed people, the powerful will blame them..."

“Master Demon Envoy, should we come forward to remind them?”

Ning Zhi asked.

Chapter: 2963

“Forget it, let’s see and then talk...”

The devil said.

On the stage, Chen Ping faced the simultaneous attacks of three people. The golden light on his body suddenly appeared, and then he shouted loudly, swung out his sword, and the Dragon-Slaying Sword in his hand was instantly released!

When everyone saw this, they thought Chen Ping was nervous and had thrown away the weapon without even grabbing it. Little did they know that Chen Ping’s Dragon-Slaying Sword could already be moved at will!

I saw the Dragon-Slaying Sword facing Lao Wu’s big sword alone, accompanied by a burst of fire!

The broadsword in Lao Wu’s hand was instantly cut off by the Dragon-Slaying Sword.

At the same time, Chen Ping clenched his right hand into a fist, with golden light shining on his fist.

“Holy Light Fist...”

A golden light shot towards the third child!

Rumble.....

The third child was instantly knocked away by Chen Ping’s huge fist.

At the same time, Lao Si's nine-section whip had already been whipped on Chen Ping's body. Chen Ping's indestructible golden body was instantly shattered. However, Chen Ping did not suffer much damage. He jumped up and stood up tightly. Then he kicked the old man away.

In the blink of an eye, no one could see what was going on, but they saw three men in black and silver robes had been knocked to the ground!

Especially the third child, his whole arm was twisted and deformed, it was obviously broken!

The dragon-slaying sword returned to Chen Ping's hand. He held the sword in one hand and looked coldly at the three men in black robes who fell to the ground!

At this time, the whole audience was shocked, and some even booed and booed!

"Hahaha, the three members of the Martial Arts Alliance were defeated so quickly."

"What about those who bet on the Martial Arts Alliance winning? I think you are going to lose."

"This Chen Ping is so awesome, I won't accept it..."

Everyone was talking about it, saying that the martial arts alliance was worthless.

He also said that the seven black and silver robes were worse than pigs and dogs...

Listening to everyone's discussion, the boss in black and silver robes looked extremely ugly.

He really couldn't understand how terrifying this guy Chen Ping was. Why were the three of them not his opponents?

You must know that each of them is in the late stage of Da Wuhou, and the boss himself is at the peak of Da Wuhou.

Chapter: 2964

Given time, they may all break through the Great Wuhou and reach the level of Martial Saint.

With such strength, none of the three could beat Chen Ping.

But the strength Chen Ping showed was only in the middle stage of Dawuhou. How could this be possible?

At this time, Ning Zhi's face in the stands became extremely ugly!

Originally, he thought that if he practiced hard, he would be able to defeat Chen Ping, but now he saw Chen Ping take action and instantly defeated three black and silver robes. This had a huge impact on Ning Zhi's confidence!

"What? Were you hit?"

The demon within Ning Zhi spoke.

Ning Zhi didn't speak, just nodded. He had been fighting with Chen Ping for so long, and Ning Zhi always thought that he was the most talented one, and also the smartest.

If it comes to scheming, Ning Zhi will not lose to anyone!

But every time Ning Zhi followed Chen Ping in a confrontation, he always ended in a disastrous defeat. He didn't know why.

Now seeing that Chen Ping defeated three black and silver robes with the strength of the late Da Wuhou with the strength of the middle Da Wuhou, this deeply stimulated Ning Zhi!

“Do you want to know why Chen Ping is so powerful and can fight beyond the next level?”

the devil asked.

“Yes, why? Why is Chen Ping better than others?”

Ning Zhi asked very puzzledly.

“Because of his special physique, knowing a person’s physique will determine how far his cultivation can reach.”

“This Chen Ping has a special physique. He is the true form of a golden dragon. How can ordinary people compare with him?”

The devil said calmly.

“The true form of the golden dragon?”

Ning Zhi murmured to himself, his face full of loneliness.

Chen Ping has a special physique, but he is just an ordinary person. How can Ning Zhi fight with Chen Ping?

The two people are obviously not the same level of opponents.

Seeing Ning Zhi’s depressed look, the demonic messenger continued: “Actually, your body is not that of an ordinary person...”

The Demon Envoy's words made Ning Zhi's eyes suddenly light up: "Master Demon Envoy, you said that I am not an ordinary person? What kind of physique do I have?"

Chapter: 2965

"If you were just an ordinary person, would the Almighty spare you due to your faults? Would Almighty give you precious resources to allow you to practice?"

"If you have an ordinary person's physique, do you think I, a dignified demon envoy, would be interested in your body?"

"You are a fire demon, but this special physique has been sealed and needs to be stimulated."

"When I activate your flame demon body, you don't have to be afraid of Chen Ping at all."

Ning Zhi's face was full of excitement at the words of the demon envoy, and his body was trembling slightly.

"Fire Demon Body, Fire Demon Body..."

Ning Zhi's eyes were full of fighting spirit and he looked sharply at Chen Ping on the ring!

He knew that he and Chen Ping would have a life and death battle...

Ning Zhi regarded Chen Ping as his lifelong enemy, but he didn't know that Chen Ping didn't take him seriously at all. Chen Ping's enemies were far more powerful than him!

At this time, on the ring, the third, fourth and fifth boys in black and silver robes have all adjusted their breaths, and the third boy's arm has also been connected!

"Lao Liu, Lao Seven, come together. If you can't capture us alive, we'll kill them..."

The boss ordered with a cold face to several people in black and silver robes.

This kind of scene was something he had never thought of. Now he could only bully the minority with more to see if he could defeat Chen Ping.

For a moment, five men in black and silver robes rushed towards Chen Ping at the same time...

Everyone looked at the shameless behavior of the martial arts alliance, and everyone sneered and shouted insults!

But these black and silver robes turned a deaf ear. They no longer cared about catching Chen Ping and being scolded by others.

Chen Ping faced the attack of five men in black and silver robes, his eyes filled with excitement.

The dragon-slaying sword in his hand was also buzzing continuously, and he seemed to be a little unbearable.

Chen Ping instantly performed the Nine Shadows Sword Technique!

Chen Ping's figure once again divided into two parts, then two parts into four...

Although Chen Ping's Nine Shadows Sword Technique has not yet been practiced to the ninth shadow, he is now considered extremely proficient!

I saw six identical Chen Pings, holding the same dragon-slaying sword in their hands, facing five men in black and silver robes!

The dragon-slaying sword is surrounded by the power of the divine dragon, and a small golden dragon surrounds the dragon-slaying sword!

Following Chen Ping's angry shout, six figures slashed at the same time!

Chapter: 2966

Suddenly the sword energy was everywhere, and the whole arena was filled with terrifying sword energy!

Rumble...

A series of terrifying sword energy instantly moved towards the five black and silver robes!

When the five black and silver robes saw this, they were all shocked. They did not expect that the afterimage transformed by Chen Ping would actually emit such terrifying sword energy.

You must know that the transformed shadows are generally confusing and have no real strength and attack power at all!

But the figures Chen Ping transformed seemed to have the same strength as Chen Ping's body!

In this way, they have to face six identical Chen Pings.

At this moment, the five black and silver robes all panicked and used their own strength to resist the terrifying sword energy!

But at this time, Chen Ping flashed, and his whole body shuttled back and forth among several figures at the speed of light!

No one can see clearly which one is the original body and which one is the phantom shadow!

Bang.....

The third child was the first to be hit hard and flew out by a sword energy!

Then came Lao Wu, Lao Liu...

Soon, all five men in black and silver robes were hit hard and fell onto the ring.

Every sword energy they faced was substantial, possessing terrifying power and damage!

But they didn't know that only one sword energy among them actually caused damage.

If they had not stopped to resist, rushed directly through the sword energy, and attacked Chen Ping, they would not have been hurt by the sword energy at all!

Chen Ping just used the time difference to make a person change in his figure. These sword energies were generated by Chen Ping's own sword strikes.

With Chen Ping's current strength, he has not yet been able to transform himself into a figure with the same strength!

Seeing the five black and silver robes being knocked away, the whole place was in an uproar.

No one has ever figured out how terrifying Chen Ping's strength is, and how he could defeat five Dawuhou with just one sword.

This is simply impossible!

The boss in black and silver robes was also stunned and looked at Chen Ping in disbelief!

Chen Ping's strength is refreshing his knowledge again and again!

Chapter: 2967

“You should come along too. It’s best to use your martial arts weapons, otherwise you will go to hell next time.”

Chen Ping looked at the boss in black and silver robes provocatively and said coldly.

The boss looked at the provocation in Chen Ping’s eyes, and his entire face turned blue!

The reason why he didn’t use the Holy Martial Artifact at the beginning was because he felt that if several people joined forces, they would definitely be able to take down Chen Ping.

You must know that martial arts weapons are very precious, and each time they are used, their lifespan will be shortened!

If the martial arts weapon is damaged, they cannot bear the responsibility.

The five men in black and silver robes stood up slowly. Although the sword energy failed to kill them, it still made their internal organs churn.

The boss slowly glanced at Lao Wu: “Lao Wu, take out the martial arts weapon...”

Lao Wu nodded, and then picked up the hilt that had been cut off long ago. A green aura was injected into the hilt, and soon the big knife slowly shattered, followed by a faint green light flashing!

The green light turned into a big knife, and the handle of the knife was still held tightly in Lao Wu’s hand.

The light dissipated, and the broadsword in Lao Wu’s hand became complete, and a terrifying aura emitted from the blade.

Moreover, on the back of the knife, three huge rings passed through the blade. When the blade moved slightly, the rings touched the blade and made a crisp sound.

The boss suddenly appeared on his hand with a pair of tiger fingers. The sharp thorns on the tiger fingers shone with a dazzling cold light!

When Tiger Finger appeared, a terrifying aura instantly hit everyone's hearts, shaking everyone!

Just the aura emanating from this holy weapon made many people feel pressure, as if a huge mountain was pressing on them.

This is the Martial Saint Weapon, a Martial Saint Weapon that looks ordinary, but can make people go crazy!

There are many martial arts families who have never owned a martial arts weapon in their entire lives.

If a martial arts family owns a martial arts sacred weapon, it will definitely be able to reach the top position in the martial arts world!

This shows the value of this sacred weapon!

The appearance of the two martial arts weapons made everyone in the stands hold their breath!

Although Chen Ping is very strong, he just defeated five Dawuhou with one sword!

But with the emergence of martial arts weapons, the balance of victory instantly tilted towards the martial arts alliance.

You must know that if you take out the Martial Saint Weapon, even a great Wuhou's strength will increase exponentially!

What's more, these are two sacred weapons. How can Chen Ping deal with them?

Chapter: 2968

Chen Ping calmly looked at the martial arts alliance's display of martial arts weapons, and his heart was filled with heat!

The dragon-slaying sword in his hand kept buzzing, and the light on the sword became more and more powerful!

In the end, the light from the sword enveloped the entire martial arts arena. The pressure that everyone had just felt from the martial arts weapon instantly became relaxed under the irradiation of this light!

The aura emanating from the Dragon-Slaying Sword in Chen Ping's hand instantly crushed the two martial arts weapons!

"Chen Ping, originally we wanted to capture you alive, but you are seeking death yourself, so you can't blame me."

After the boss finished speaking, he punched the void!

A huge energy wave is heading towards Chen Ping, and the entire void is trembling. At this moment, this energy is like a beast, opening its bloody mouth to devour Chen Ping!

Facing the boss' blow, Chen Pingping calmly raised his dragon-slaying sword and struck it down suddenly!

Endless brilliance rose, and a wave of energy in front of Chen Ping was instantly cut off by the light. The chaotic void turned into turbulent currents and began to run around!

And Chen Ping waved the dragon-slaying sword in his hand again, the turbulence disappeared, and the entire void became calm!

The blow from the boss's holy weapon was easily neutralized by Chen Ping's Dragon-Slaying Sword.

The boss in black and silver robe frowned slightly and shouted: "Let's go together..."

Facing the dragon-slaying sword in Chen Ping's hand, even though he had the holy weapon in his hand, the boss still felt a little unsure.

Let's just go together and blast Chen Ping to ashes.

For a moment, a crowd of sharp figures appeared on the stage, all heading towards Chen Ping!

Chen Ping glanced at the Dragon Sword. He placed all his hopes on the Dragon Sword.

The Dragon-Slaying Sword seemed to feel Chen Ping's instructions, and it buzzed loudly!

Immediately afterwards, Chen Ping took out the Dragon-Slaying Sword in his hand, and with a scream, a green light flew out of the Dragon-Slaying Sword instantly!

This is the sword spirit. I saw green light surrounding the Dragon-Slaying Sword several times. The Dragon-Slaying Sword seemed to have been inspired to fight. It buzzed loudly, and many people involuntarily blocked their ears!

boom.....

The dragon-slaying sword is like a dragon coming out of the sea, and sharp sword energy falls from the sky...

Everyone looked at the scene in front of them in disbelief. They were all unbelievable!

They didn't expect that a sword could exert such power on its own!

This kind of power is not inferior to that of the Martial Saint Weapon.

Chapter: 2969

It's even more powerful than the sacred weapon.

Feeling the power of the Dragon-Slaying Sword, those in black and silver robes were all frightened and began to hesitate in their movements.

"Don't worry about it. Kill Chen Ping first. Once Chen Ping dies, the sword will be useless..."

The boss roared angrily, telling everyone to ignore the dragon-slaying sword!

In his opinion, although the Dragon-Slaying Sword came out of his hand, it was still controlled by Chen Ping. At this time, Chen Ping controlled the Dragon-Slaying Sword, so his defense was the weakest.

But the boss was wrong. Now the Dragon Slayer Sword is no longer controlled by Chen Ping, but by the sword spirit himself.

Six terrifying auras were heading towards Chen Ping. The power emitted by two of the martial arts weapons was such that even if Chen Ping had an indestructible golden body, even if Chen Ping had a strong physical body, it would be almost impossible for him to withstand these attacks. possible.

But Chen Ping's physical body couldn't withstand these attacks, but he didn't panic, but waited quietly!

Seeing Chen Ping not moving, the boss showed a sneer on his lips. He thought that Chen Ping controlled the Dragon Slayer Sword and couldn't take care of this.

But just when the terrifying auras arrived in front of Chen Ping, someone suddenly appeared in front of Chen Ping.

To be exact, there was one more corpse!

The blood demon's body was used as a shield by Chen Ping, blocking him directly.

This sudden scene made everyone stunned, wondering what Chen Ping was really doing!

And those people in black and silver robes were all in a state of confusion!

I don't understand why Chen Ping would take out a corpse for what purpose at this critical moment of life and death?

But soon, they understood.

I saw that the breaths hitting the blood demon's body were blocked instantly, but the blood demon's body did not leave a trace!

Even the attacks of the two martial arts weapons were easily blocked by the blood demon's body!

At this time, all the people in black and silver robes were dumbfounded!

They couldn't understand how someone's body could be so powerful that they couldn't even leave a trace of a sacred weapon!

At this time, seeing the body of the Blood Demon, a person on the stand had a bright light in his eyes!

This person is Zhou Jie. She came to invite Chen Ping to cooperate, invited Chen Ping to the Demon Spirit Sect, and even told Chen Ping some secrets of the martial arts alliance, just for the sake of the blood demon's body!

"What the hell is this?"

The third man in black and silver robe asked with a puzzled look on his face.

Chapter: 2970

But before anyone could answer, they felt the threat coming from above!

I saw the Dragon-Slaying Sword exuding terrifying energy from top to bottom, covering the heads of several people!

“retreat.....”

The boss was shocked and backed away quickly.

The other black and silver robes also hurriedly retreated, but the sword energy was still falling towards several people like raindrops!

They had no choice but to wave the weapons in their hands and continue to resist with the sword energy!

What everyone saw at this moment was a few men in black and silver robes fighting with a sword, while Chen Ping seemed a little idle.

After a burst of sword light, several people in black and silver robes looked a little embarrassed, and the black robes on their bodies were also in tatters, like beggars!

Six great Martial Lords and two Martial Saint Weapons failed to capture Chen Ping, which shocked many people!

“Old Five, Old Seven, let me deal with that Chen Ping!”

“Third, Fourth, Sixth, hold on to that sword...”

After taking a breath for a moment, the boss shouted an order.

They were about to divide their forces to fight. It turned out that the dragon-slaying sword was not controlled by Chen Ping, but had independent attack consciousness!

Obviously this is a spiritual sword, and the sword spirit also possesses part of the divine consciousness.

Soon, the Dragon-Slaying Sword was entangled by three people!

Lao Wu, on the other hand, held the Martial Saint Sword and struck Chen Ping fiercely, and the green sword light roared out!

When Chen Ping saw this, he had no weapons in his hands and could only use the blood demon's body as a weapon.

With a loud shout, Chen Ping instantly made the blood demon's body dance!

clang.....

With a crisp sound, the sharp blade directly blocked the blood demon's body.

At the same time, Lao Qi held a ring-shaped sharp blade and came directly towards Chen Ping. The sharp edge tore the void apart, making a loud blast of sound!

Seeing this, Chen Ping jumped up and instantly let the ring-shaped blade fly past his feet. Then he held the Blood Demon's feet and instantly pushed the Blood Demon's body towards the old Qilun!

Chen Ping is using the blood demon's body as a stick!

When everyone saw this scene, they couldn't hold it back and laughed out loud!
