

## **The Order 2971**

Chapter: 2971

They had never seen a fight like this.

And the Blood Demon, who was also a hero thousands of years ago, is reduced to a weapon at this moment!

If he knew this, he would probably be furious to death.

In the stands, Zhou Jie saw that Chen Ping was actually using the body of the Blood Demon as a weapon. His face was full of regret and helplessness. This was simply a waste of natural resources!

“Old Qj, be careful...”

When the boss saw this, the tiger fingers on his hands emitted a dazzling light, and then he punched out, and a terrifying aura greeted Chen Ping!

Chen Ping showed no sign of weakness and waved the blood demon's body vigorously.

Strong winds rose up, and the entire void in the arena became distorted under Chen Ping's swing!

Boom boom boom.....

The boss blasted out a series of terrifying auras, but Chen Ping blocked them with the body of the Blood Demon!

There were violent explosions, but there were no wounds on the blood demon! On the contrary, the boss only felt that his wrists were numb and his arms were shaking slightly.

“Fuck you...”

Chen Ping turned around the blood demon’s body, and the roar came instantly!

When the boss saw this, he looked shocked and hurriedly stepped back!

But it was too late, Chen Ping had already swung the blood demon’s body and hit him.

I saw the blood demon’s head heading towards the head of the boss in black and silver robes. If it hit the head, the blood demon’s body would be fine, but the boss’s head would burst with brain matter!

“Brother...”

When Lao Wu saw this, he suddenly threw the Wusheng Sword in his hand and blocked it directly in front of the boss!

clang.....

With a loud noise, Lao Wu’s Martial Saint Sword was blown away, while the boss took the opportunity to take two steps back and avoided the blow!

Chen Ping glanced at the Wusheng Sword that was still flying in mid-air, his eyes suddenly lit up, and then he suddenly used force on his feet and grabbed the Wusheng Sword directly.

This is the Martial Saint Weapon. If they can keep it as their own, then Longmen will also have the Martial Saint Weapon.

By then, even when Chen Ping is not around, no one will dare to look down on Longmen.

Lao Wu saw Chen Ping’s intention and jumped up in a hurry!

Chapter: 2972

He didn't dare to throw away the martial arts weapon. If the powerful knew about it, he would be punished.

Seeing that Lao Wu was about to get the Wusheng Sword, Chen Ping directly used the body of the Blood Demon in his hand as a dart and threw it towards Lao Wu.

Lao Wu couldn't dodge and collided with the blood demon's body fiercely!

What's even more coincidental is that the two people were face to face, and their mouths collided with each other.

This time, the old man was disgusted!

The huge impact caused Lao Wu's body to fall rapidly, and the internal organs in his body were tumbling!

Chen Ping took advantage of the situation and grasped the handle of the Wusheng Sword. Chen Ping instantly felt waves of aura coming from the Wusheng Sword.

Slowly falling to the ground, Chen Ping reached out to catch the blood demon's body!

At this moment, Chen Ping was holding a knife in his right hand and the Blood Demon's body as a shield in his left hand. He also slapped the Blood Demon's body provocatively with the knife, making several crisp sounds.

Seeing Chen Ping like that, several people in black and silver robes were dumbfounded.

"go to hell....."

This time, Chen Ping seized the Wusheng Sword and added the blood demon's body as a shield, so he could completely ignore these black and silver robes.

Chen Ping waved the Martial Saint Sword in his hand, and the light burst out instantly, heading towards several black and silver robes.

The green light was several times more dazzling than that of Lao Wu when he used it. The Martial Saint Weapon had the aura of a powerful Martial Saint.

Coupled with the blessing of Chen Ping's divine dragon power, with Chen Ping's wave, dozens of rays of light shot out from the Martial Saint Sword in an instant!

Seeing that the Wusheng Sword was so powerful in Chen Ping's hands, Lao Wu's face was very ugly!

The same weapon, but in the hands of different people, exerts different power!

This is enough to show that Lao Wu's strength is incomparable to that of Chen Ping.

“snort.....”

When the boss saw this, he snorted coldly, and then the tiger finger in his hand emitted a dazzling light!

Then he kept pumping out his fists, and rays of light came directly to meet him.

Dozens of green rays of light were directly smashed down, which showed that the martial arts weapon in the boss's hand was obviously more powerful.

“Yes, it seems that the martial arts weapon in your hand is also going to be given to me...”

After Chen Ping said that, he raised the Martial Saint Sword in his hand again, and then roared. The golden light around Chen Ping continued to surge, and the power of the dragon poured into the Martial Saint Sword!

Chapter: 2973

It was just the first time that Chen Ping used the Wusheng Sword, and there was no tacit understanding at all.

Now Chen Ping also seems to understand Wu Sheng Dao.

“cut.....”

The Martial Saint Sword instantly erupted with a sharp edge several feet high, and the bright light was dazzling!

As Chen Ping swung his sword, the huge blade instantly turned into hundreds or thousands of dense blades, heading toward several people in black and silver robes!

This time the blade was like a strong wind sweeping across the sky and covering the earth.

Seeing this, the three men in black and silver robes could only resist desperately!

The boss kept pumping out his fists, and rays of light shot out, desperately trying to stop these locust-like blades.

Lao Wu didn't have the Martial Saint Sword, so he could only vent his energy to protect his whole body, and he also desperately used his fists to block it with waves of energy!

And Lao Qi threw the ring-shaped blade in his hand high, and the rapidly rotating blade instantly rushed into the densely packed blades, trying desperately to block it!

Boom boom boom.....

Blades kept falling down, hitting the three people, and the three people's figures began to retreat continuously.

The eldest brother and the seventh child were okay. They still had weapons in their hands to stop them.

But Lao Wu could only rely on his fists to resist, and his body was too strong!

But as the blades hit him one after another, wounds began to appear on Lao Wu's body. Finally, his whole body was covered with wounds, blood flowed out, and it was terrible to see.

"Let's see how long you can hold on..."

Chen Ping's voice was cold, and he swung the Martial Saint Sword in his hand again!

The blades that were about to disappear are now falling densely like raindrops again!

At this moment, several black and silver robes were about to collapse.

puff.....

Lao Wuzai couldn't bear it anymore, a mouthful of blood spurted out, and his body fell back heavily!

I saw Lao Wu's body covered with scars, and several blades penetrated Lao Wu's body!

"Lao Wu..."

The boss's face changed drastically, and he shouted loudly. The tiger finger in his hand continued to shine brightly, and kept moving in the direction of the fifth boss.

Chapter: 2974

He wanted to protect Lao Wu from these locust-like blades.

At this moment, the ring-shaped blade in Lao Qi's hand was finally unable to withstand the violent attack and instantly turned into powder.

After all, what he has in his hand is not a sacred weapon, how could he withstand such a crazy attack!

After Lao Qi's weapon turned into powder, his body was instantly scratched by several blades, and his body flew out directly, creating a deep ravine on the ring!

When the boss saw this, he became extremely ferocious.

In the blink of an eye, Chen Ping continuously snatched away the Wusheng Sword, and now directly injured Lao Wu and Lao Qi. Now they are obviously at a disadvantage.

“Set up the formation.....”

Suddenly, the boss shouted loudly!

Soon, the eyes of Lao Wu and Lao Seven, who were seriously injured, all shone with light and they sat up!

The third, fourth, and sixth children who were holding the Dragon Slayer sword instantly broke away from the battle and stood behind the boss.

“Chen Ping, I want you to die, I want everyone here to die...”

The boss gritted his teeth and looked extremely ferocious.

“It’s bad, these guys are going to destroy their own souls...”

The devil in Ning Zhi secretly screamed something bad, and immediately said to Ning Zhi: “Go quickly, get out of here...”

Although Ning Zhi didn’t know what the demon envoy was afraid of, Ning Zhi could only obey the order and hurriedly got up and left.

When leaving, Ning Zhi looked back and said: “Chen Ping, I hope you can survive and wait for my duel with you...”

No one noticed Ning Zhi leaving, everyone was still watching with interest!

At this time, the eyes of the boss in black and silver robes began to slowly change color. There were no whites in his eyes anymore, and they were pitch black and looked very scary.

I saw the boss murmuring words, and the souls in their bodies began to slowly leave their bodies and float in the air!

Several people in black and silver robes looked at each other, and then suddenly they all swung towards their hearts.

The boss’s sharp tiger finger instantly pierced his heart, and a mouthful of blood spurted out!

The other black and silver robes also used their own weapons to instantly break their hearts!

Scarlet blood flowed all over the ground.

And the aura on these black and silver robes instantly withered and disappeared, and they all fell to the ground!

Chapter: 2975

At this moment, everyone was confused. They didn't understand what these black and silver robes were doing. Why did they suddenly commit suicide?

But soon, the bodies of several black and silver robes began to shine with light, and runes flashed on the bodies of several black and silver robes.

It turns out that these people have runes carved on their bodies!

At this moment, the runes flickered and the blood on the ground was instantly absorbed!

The souls in mid-air were floating quietly, illuminated by the light of the runes!

Soon, everyone discovered that the bodies of several black and silver-robed men who had died suddenly started to move.

Immediately afterwards, a terrifying aura emanated from the bodies of these black and silver robes!

The eyes of several people in black and silver robes turned pitch black, and they all acted very dull, like puppet corpses.

The souls that were floating quietly in the air now instantly penetrated into the bodies of those black and silver robes!

The dark eyes of the men in black and silver robes seemed to light up instantly and turned blood red, making them look even more terrifying.

“What kind of magic is this? It actually requires sacrificing one's life?”

In the stands, someone said in confusion.

“The Martial Arts Alliance has colluded with evil cultivators for a long time. It is not surprising that they know such evil cultivators.”

“Let Chen Ping uproot this martial arts alliance today to avoid ruining the reputation of the martial arts world.”

“Relying on souls and cultivating evil arts all day long, you will never be able to understand the true meaning of the martial arts world.”

Many people have accused the Martial Arts Alliance.

It's just that the few black and silver robes at this time have long been unable to listen to everyone's discussions, and they don't care about reputation and face. At this moment, they are just corpses.

“You are the first person who can push us to this point...”

The boss in black and silver robes spoke, but his voice changed and turned into an old voice.

Chen Ping knew that it was the soul in the body of the black and silver robed boss that had taken over.

“Hmph, you people who are already dead have caused chaos in the entire martial arts world. Today I will completely eliminate you.”

After Chen Ping finished speaking, he put away the Wusheng Sword and held the Dragon-Slaying Sword in his hand!

Using the Dragon Slayer Sword, he can do whatever he wants.

“I am willing to use my life in exchange for the door of hell to be opened...”

Chapter: 2976

The boss suddenly shouted!

Immediately afterwards, several people in black and silver robes knelt down on the ground, and then rays of brilliance appeared from under them, and then the brilliance spread rapidly to the surroundings!

In the end, the entire martial arts arena was enveloped.

At first, everyone didn't take it seriously, but as the ground shook and black mist rose around them, someone finally realized something was wrong.

Rumble.....

Black mist shrouded from all directions, enveloping the entire martial arts arena.

Moreover, there is black mist lingering under everyone's feet. These black fogs are like shackles, grabbing everyone's feet!

At this time, some people started to get scared, struggling desperately, yelling, trying to escape from here!

But soon they discovered that there was no way to escape the shackles of the black mist, and everyone could feel that the energy in their bodies was slowly draining away!

Although the speed is very slow, you can still feel it.

Some people wanted to stop it, but found that it was impossible to stop it!

And several black and silver robes were surrounded by black mist, and the aura on their bodies was constantly growing!

It was obvious that everyone's energy was being absorbed by these black and silver robes!

Chen Ping frowned slightly. He didn't expect these black and silver robes to be able to perform such evil magic!

Chen Ping jumped up and slashed out with the dragon-slaying sword in his hand instantly!

He couldn't let these black and silver robes continue, otherwise everyone here would die in the end.

Uh-huh.....

The extremely sharp sword energy slashed towards the boss in an instant!

The boss didn't even dodge and rushed straight towards Chen Ping!

The sharp sword energy struck the boss's arm instantly, cutting off the boss's arm directly!

And the boss's punch also hit hard, hitting the blood demon's body!

Chen Ping's body instantly took a few steps back, and he could really feel the change in the boss's strength.

Fortunately, there was the blood demon's body as a shield, otherwise Chen Ping might have been injured by this punch.

But cutting off the boss's arm with one sword was considered a profit!

Chapter: 2977

But when Chen Ping looked over, he found that the chopped off arm began to disappear quickly and turned into a black mist.

Then black mist surrounded the broken arm of the boss, and then a new arm actually grew out.

This time, Chen Ping was very surprised!

Just when Chen Ping was surprised, several other black and silver robes also attacked Chen Ping!

For a time, Chen Ping was fighting six men in black and silver robes by himself!

Although the dragon-slaying sword in Chen Ping's hand was extremely sharp, each sword could seriously injure a person in black silver robe.

But these guys are not afraid. Even if their heads are cut off, they can still grow back intact. This makes Chen Ping very troubled!

If it weren't for the blood demon's body as a shield, Chen Ping wouldn't know what he would be like at this moment.

But even so, Chen Ping's body was already scarred.

"Damn, these guys are all immortal, and they can endlessly absorb other people's energy. This won't work anymore..."

Chen Ping frowned and struggled to hold on!

Now all his strength is useless, even the Dragon-Slaying Sword is useless even if it is sharp.

boom.....

With a loud noise, Chen Ping's body was hit hard again, and he flew backwards and fell heavily to the ground!

This is the first time I have been knocked away.

Chen Ping used his sword to support the ground and slowly stood up. Looking at the black and silver robes in front of him who were no longer human, he frowned tightly!

Looking at the rising black mist around him and the people who kept shouting, Chen Ping knew that if this continued, everyone would die.

The martial arts field at this moment is a huge magic circle, and everyone is surrounded by this magic circle.

These black and silver robes are even more immortal in this huge magic circle!

Suddenly, Chen Ping didn't think of anything at all!

These black mist are the most yin energy, which can be used as Chen Ping's cultivation resources!

And the best way to deal with the magic circle is to find the center of the circle and break it.

Or use more advanced magic circles to suppress the opponent!

Thinking of this, Chen Ping put away the dragon-slaying sword and the blood demon's body.

Chapter: 2978

Chen Ping closed his eyes slightly, and the Heart Condensation Technique began to operate crazily. The huge suction force caused the black mist to begin to penetrate into Chen Ping's body!

Chen Ping's lost spiritual power is rapidly recovering!

Moreover, the spells inherited from Tianfu Sect were flashing in Chen Ping's mind at this moment.

He has to find a way to deal with this magic circle!

Seeing the surrounding black mist pouring into Chen Ping's body, the black-silver-robed boss frowned: "Quickly, kill him, and I won't be able to keep his physical body..."

But just when several men in black and silver robes were about to take action, Chen Ping's slightly closed eyes suddenly opened, and blazing flames actually rose in Chen Ping's eyes!

"Fire flames burn the sky..."

Chen Ping suddenly pinched his fingers, and a gossip-shaped disc instantly appeared in mid-air!

There was a raging fire burning on the Bagua, and the Bagua was constantly expanding, instantly covering the entire martial arts arena!

The flames began to devour the black mist, and soon everyone broke free!

Feeling the heat of the surrounding flames, the hasty black silver robe instantly became nervous.

You must know that this is the Samadhi True Fire. They are not afraid of ordinary flames, but the Samadhi True Fire is the nemesis for souls like them.

They never expected that Chen Ping could actually understand such a superb magic circle.

"Run away, run away quickly..."

The boss shouted loudly, and then several black shadows instantly emerged from the body of the black silver robe!

These souls must escape while Chen Ping's blazing flames have not yet been fully deployed, otherwise they will be wiped out.

As for these bodies, they didn't care at all. They were all dead anyway. Even if they were left behind, they would be useless in the future.

Several black shadows rose into the sky, ready to flee!

"Want to run?"

A cold light flashed in Chen Ping's eyes, and he grabbed the void, and a soul was instantly caught in Chen Ping's hand.

Immediately after Chen Ping opened his mouth, the soul was directly sucked into his body and was instantly refined by Chen Ping's Heart Condensation Technique!

The other souls were all frightened and did not dare to stop at all!

Seeing that these souls are about to escape from all directions.

boom.....

Chapter: 2979

The flames around the martial arts arena instantly rose several feet high, and the fierce flames swallowed up the souls who escaped.

A shrill scream sounded, and soon the soul disappeared, burned to the point of being burned to the ground.

"What a pity....."

Looking at the souls that were burned, Chen Ping felt very sad.

If he could swallow these souls, maybe Chen Ping could gain some strength!

The flames slowly disappeared and calm returned to the arena!

There were only a few corpses in black and silver robes, lying quietly on the ground!

Chen Ping slowly walked up to the boss, bent down and took off the tiger finger. You must know that this is a martial arts sacred weapon. A martial arts sacred weapon can quickly increase the status of a martial arts family!

What's more, this time Chen Ping got two martial arts artifacts. With these two martial arts artifacts, Longmen's status in the martial arts world will be even higher.

"Mr. Chen, thank you for saving me..."

Someone said thank you to Chen Ping!

If it weren't for Chen Ping, maybe all of them would have been drained of their strength and died!

"Thank you Mr. Chen..."

"Thanks....."

Many people began to thank me.

Chen Ping nodded slightly as a return gift!

“Chen Ping, your strength is far higher than I thought...”

Zhou Jie stepped forward and said with a surprised look on his face.

“I don’t even know what level my strength is.”

Chen Ping smiled lightly.

Over the past year or so, Chen Ping has always felt as if his path has been planned and he is moving forward!

This may be the path paved by his father.

But now that Chen Ping has embarked on this road, no matter how difficult it is, he will continue on.

“Now that you’ve finished your work, do you have time to go to the Demon Spirit Sect with me?”

Chapter: 2980

Zhou Jie asked.

“My girlfriend hasn’t been rescued yet, I have to rescue her first...”

Chen Ping rushed towards the Martial Arts Alliance impatiently!

Zhou Jie shook her head and then followed.

When Chen Ping arrived at the Martial Arts Alliance, the Martial Arts Alliance had already been captured by Long Xingxu and his men.

It's just that because the dungeon is protected by a formation, Long Xingxu and the others can't enter!

Chen Ping walked to the rockery and gently touched it with his palm. The spells began to float in the air and shimmered faintly.

This is the magic circle that protects the dungeon. The magic circle flashed, Chen Ping's eyes quickly scanned the spells, and then he found the formation's eye at a glance!

With the Dragon-Slaying Sword in hand, Chen Ping slashed out with his sword, instantly destroying the formation eye, and the magic circle also disappeared at this moment.

With a gentle push, the dungeon door opened, and Chen Ping rushed into the dungeon impatiently.

Gu Ling'er and the others also followed in, because they hadn't seen Su Yuqi for a long time.

After rushing into the dungeon, Su Yuqi was still locked in the corner room, but this time Su Yuqi had scars on her body!

"Yu Qi....."

Seeing the injuries on Su Yuqi's body, Chen Ping felt guilty and distressed.

"Yuqi, Yuqi..."

Gu Linger was also shouting loudly.

Su Yuqi looked very surprised when she saw Chen Ping and Gu Ling'er coming.

"You...how did you get in?"

Su Yuqi knew that this was the Martial Arts Alliance dungeon and it was not easy to get in.

“Yu Qi, Chen Ping has destroyed the martial arts alliance, we will rescue you now.”

Gu Ling'er stepped forward and used both hands to open the cell door where Su Yuqi was locked up!

But no matter how hard Gu Ling'er tried, the cell door wouldn't move!

“Ling'er, don't waste your efforts, it can't be opened.”

Su Yuqi shook her head towards Gu Ling'er.
