

The Order 3031

Chapter: 3031

“Even if it’s hundreds of miles away, I can still find the remains of the tomb underground. This is the same truth.”

“If he really understood the way of heaven and could deduce the secrets of heaven, he would have become an immortal long ago.”

Master Hu’s face was full of disdain!

When Chen Ping heard this, he felt that what Hu Mazi said was right. Sometimes even Chen Ping had to accept Hu Mazi’s abilities.

“Master Hu, what is the derivation of the secret? How do you know where the tomb remains are? And how did you feel the energy of this heavenly material and earthly treasure before it was born?”

Chen Ping wanted to know how this was done.

“What? You want to learn?”

Hu Mazi looked at Chen Ping and asked with a proud look on his face.

“If you want to learn, as the saying goes, if three people are together, there must be my teacher. You give me this deduction technique, and I will teach you the talisman technique...”

Chen Ping was afraid that Hu Mazi wouldn’t teach him, so he revealed the talisman!

“Let me ask you something, if someone is near you right now and is ready to kill you, can you feel it?”

Hu Mazi asked Chen Ping.

“Of course, you can know that dangerous feeling right away.”

Chen Ping nodded and said.

“Then how do you feel it?”

Hu Mazi continued to ask.

This time, Chen Ping was stumped. He frowned slightly and said, “I don’t know. Anyway, it’s been a long time. When encountering dangerous smells, the body will react instinctively. I can’t describe the feeling.” !”

“I’m telling you, it’s because someone wants to kill you, and the body will naturally produce murderous intent for you. The expression of this murderous intent will make you feel dangerous, and your body will react.”

“If ordinary people were passing by you, or if ordinary people were next to you and didn’t have the slightest hostility towards you, this feeling of danger would not exist.”

“And this kind of murderous intention can’t be hidden deliberately, because as long as you think about killing the opponent, your body will reveal the murderous intention. Even if you can hide it, you can feel it instantly in front of a master. Arrived.”

“And the so-called way of heaven is actually the same as the various qi exuding from a person. The way of heaven is the law of heaven and earth. You regard the way of heaven as a person and feel the various qi exuded from this person!”

“Whether he is happy, sad, or wants to kill someone, you can all know it. The same is true for the way of heaven. You need to understand the existence of the way of heaven. When you truly understand the way of heaven, as long as there are subtle differences anywhere, you will not be able to escape. Your eyes!”

“Even if an ant dies in any corner of the world, you will know that by then, you will be the master of the world!”

“But if a herb that has been around for ten thousand years like this comes out, it is useless to understand the way of heaven. You only need to feel the visions of heaven and earth to know that it is inseparable.”

Chapter: 3032

Hu Mazi followed Chen Ping’s explanation carefully, but he didn’t know if Chen Ping could understand it!

In fact, Hu Mazi himself did not really understand what the way of heaven was.

Chen Ping closed his eyes slightly and felt everything around him with his heart, including Hu Mazi, Zhou Jie and Wan Hong. The auras of these people were quickly captured by Chen Ping!

But apart from these breaths, Chen Ping seemed to feel nothing at all!

Chen Ping worked hard to get rid of the breath of several people, and gently touched the earth with one hand to feel the breath of the earth, feel the flowers, grass, and countless trees!

Slowly, Chen Ping seemed to have entered a very strange world. In his mind, these flowers, plants, and even the entire earth seemed to come alive and become living creatures!

Chen Ping could clearly feel the crawling of ants on the ground at this moment.

They also seemed to be able to feel Chen Ping’s presence, and they all exuded different atmospheres. Whether it was flowers, plants or towering trees, they seemed to have their own stories to tell!

Chen Ping’s hand gently pressed on the ground, and in an instant, ethereal, yet extremely real feelings came from the earth!

At this moment, Chen Ping could clearly feel that not far in front of him, a manic and terrifying aura was desperately trying to break through the ground. This should be the place where the ten thousand-year-old medicinal herb was to be born.

However, the range that Chen Ping can feel now is very limited. A hundred meters away it becomes chaos and he can't feel anything!

"Is this the so-called way of heaven?"

Chen Ping murmured to himself!

"What way of heaven? Don't tell me, the way of heaven you understand..."

Hu Mazi looked at Chen Ping with disbelief.

Hu Mazi didn't even understand what the way of heaven was, so he just followed Chen Ping's talk. Chen Ping could understand the way of heaven. Wouldn't that be too perverted?

"No, I'm just curious!"

Chen Ping smiled lightly, because he seemed to understand it now, and he didn't know whether the feeling he had just now meant he had understood the way of heaven!

At this time, Wan Hong has already set up the formation. All the black stones on the ground are hidden in the grass. If you don't look carefully, you can't find them at all!

"With this magic circle, even if the medicinal herbs come out, they will never be able to find them. Then they will be mine!"

Wan Hong raised the corner of his mouth slightly, then looked around and left quickly!

Just when Wan Hong was about to leave, Hu Mazi wanted to rush out. After all, his enemies were extremely jealous when they met.

However, he was held down by Chen Ping: "Master Hu, the medicinal herbs haven't been obtained yet. If you act rashly now, many people will definitely know about it. When you get the medicinal herbs, you won't be too late to take revenge. Anyway, this guy was born after the medicinal herbs." When the time comes, it will definitely come..."

When Hu Mazi heard this, he stared at Wan Hong's back fiercely, with murderous intent flashing in his eyes!

Chapter: 3033

The hatred for killing his father, the hatred for taking away his wife, this is a mortal hatred!

Although it was only Hu Mazi's girlfriend who was deceived by Wan Hong, it was a shame that could never be erased in his life.

Seeing Hu Mazi like that, Chen Ping couldn't help but think of himself, if he hadn't learned the art of cultivating immortals from the old dragon head!

Now he is still living with endless shame!

Wan Hong left, and just when Chen Ping and the others were about to show up, suddenly the ground trembled slightly, followed by the sound of footsteps!

I heard a lot of people coming here!

Chen Ping and the others hurriedly hid again, and soon hundreds of people swarmed here!

The leader was none other than Zheng Anguo, and hundreds of people were his subordinates!

"I have surrounded this place, no one is allowed to come near here..."

Zheng Anguo ordered loudly.

“As ordered...”

Soon, hundreds of people surrounded the area for several miles, and someone would stand at a certain distance!!!

“Dad, why are you making such a big fight? Is something going to happen here?”

Zheng Kai asked puzzledly.

“There will be thousands of years of medicinal herbs coming out here...”

Zheng Anguo said with a somewhat excited expression.

“Ten Thousand Years Herb?” Zheng Kai was stunned: “Is it right here?”

“If Master Na Wan’s deduction is good, it will be in this place. I want to seal this place to prevent others from getting there first.”

Zheng Anguo said.

“This...this is a great opportunity for our Zheng family. We, the Zheng family, have discovered the Ten Thousand Years Herb...”

Zheng Kai was also full of excitement at this moment!

Not far away, Chen Ping looked at the Zheng family and his son and seemed to understand. At that time, Zheng Anguo kept asking why he came to Nanhu.

It seemed that he had known that the Ten Thousand Years Herb was about to be released, so he was afraid that he was here to snatch the herb.

“You are under strict supervision here. The day after tomorrow is the day when the Ten Thousand Years Herb is born. As long as we can get the Ten Thousand Years Herb, you will all follow us and rise to great heights...”

Chapter: 3034

Zheng Anguo said to several senior executives.

“Don’t worry, owner, not a single bird will fly in.”

A senior executive assured.

Zheng Anguo nodded, and then called Zheng Kai to leave. After all, the medicinal herbs would not come out until the day after tomorrow, so there was no need for them to wait here!

But just when Zheng Anguo and Zheng Kai were about to leave, they suddenly stopped, and then looked sharply at where Chen Ping and the others were hiding!

“Discovered...”

Hu Mazi saw Zheng Anguo looking here, so he spoke.

Chen Ping made a silent gesture to tell Hu Mazi to stop talking!

“Come out, it’s beneath your dignity to hide!”

Zheng Anguo counted in the direction of Chen Ping and the others.

Hu Mazi glanced at Chen Ping and saw that Chen Ping was still motionless, so he didn't move either!

Seeing that no one came out, Zheng Anguo frowned slightly: "If you don't come out, I will take action..."

After Zheng Anguo finished speaking, several senior members of the Zheng family all showed their weapons!

Seeing that there was still no movement, Zheng Anguo's right hand began to flash with a faint light, and then he swung out a palm, and a burst of energy visible to the naked eye quickly shot out!

boom.....

There was a roaring explosion, and dirt was flying everywhere!

Not far away from Chen Ping and the others, two figures jumped up!

Hu Mazi was startled when he saw the figure suddenly rushing out from the side. He didn't even know that there were other people hiding not far away!

When the two people stood still, Chen Ping couldn't help but feel surprised. He didn't expect that the person who suddenly appeared was Zhu Hao from the Southwest Zhu Family. Chen Ping had seen Zhu Hao once since the day Longmen opened, but he had never seen him again. After that, Zhu Hao was accompanied by an old man who was over fifty years old.

Seeing the person coming out, Zheng Anguo narrowed his eyes slightly and said, "Why is the rising late star in the entire Southwest, Mr. Zhu of the dignified Zhu family, doing something sneaky?"

"Master Zheng, what did I do secretly? Am I a little anxious and can't even poop in the woods?"

"Although you are the city lord of the entire Nanhu City, you can't control other people's shit, right?"

Zhu Hao said with a playful expression.

Hearing Zhu Hao say such words, Chen Ping couldn't help but laugh!

Chapter: 3035

“you.....”

When Zheng Anguo was told this by Zhu Hao, he didn't know what to say to refute it for a moment!

“Zhu Hao, stop pretending. Your Zhu family is hundreds of miles away. Why do you come here to poop? I think you are clearly here for the Ten Thousand Years Herb...”

Zheng Kai said angrily.

They are all young people, and they are all young men. Although Zheng Kai is not as strong as Zhu Hao, this is Nanhu's territory, so Zheng Kai is not afraid!

When Zheng Anguo heard this, his son opened his mouth and said the Ten Thousand Years Herb, and he almost died out of breath. Isn't this a fucking idiot?

“Ten thousand-year herb? What ten-thousand-year herb? Is there a ten-thousand-year herb coming from here?”

Zhu Hao said with a confused look on his face: “I just came here to play. I just felt anxious, so I went to take a dump. Who knew that not long after I squatted down, the head of the Zheng family directly took action and kicked me out.”

“I never expected that the Master of the Zheng family would be so violent that he would take action even if he poops on your territory!”

“Master Zhu, if you don't speak secretly, what is your purpose here? You should tell the truth.”

Zheng Anguo said with a cold face.

“I’m here for fun, can’t I? If it doesn’t work, then we’ll leave...”

After Zhu Hao finished speaking, he said to the old man beside him: “Let’s go...”

The two people turned around and left. Zheng Anguo looked at him angrily but did not move!

But Zheng Kai took a quick step and wanted to step forward to stop Zhu Hao!

But he was grabbed by Zheng Anguo!

“Dad, why are you pulling me? You can’t let them go. They are obviously here for the Ten Thousand Years Herb.”

Zheng Kai said anxiously.

Snapped!

Zheng Anguo went up and slapped Zheng Kai: “When the hell will you grow up? You are such a waste!”

“Although the Zhu family in Southwest China has always been unknown, it has become popular recently. Is it so easy to mess with?”

“Even if we stop Zhu Hao, won’t anyone else know about this?”

Zheng Kai covered his face and said with an aggrieved look, “What about that?”

“Hey, what else can we do? We can only use the troops to cover up the water and the soil. No matter who comes, this is Nanhu. This is the territory of my Zheng family. We must not let others take away the ten thousand-year-old medicinal herbs!”

Chapter: 3036

Zheng Anguo’s eyes narrowed slightly, with a chill in his eyes!

After Zheng Anguo and his son left, Chen Ping and the others also left. Now that they have determined their location, it is useless to stay there. Moreover, with so many people in the Zheng family guarding them, Chen Ping and the others cannot get close!

Back in Nanhu City, Chen Ping and the others found a hotel to stay in!

“It seems that the birth of this ten-thousand-year-old medicinal herb is no longer a secret...”

Chen Ping frowned slightly.

The more people know about this now, the more difficult it will be for Chen Ping to get the ten thousand-year-old herb. Faced with this tempting resource, everyone will work hard.

“When this ten thousand-year-old herb comes out, there will definitely be strange phenomena in the world. It is impossible to hide it from others. Now I don’t know how many people in the sect know about it.”

Hu Mazi’s face looked serious at the moment.

The emergence of such top-level resources is bound to cause a bloody storm, and battles are certainly inevitable.

“Come on, let’s go for a walk on the street. If these ten thousand-year-old herbs attract many sect families, we will definitely be able to feel the changes on the street!”

Chen Ping called Hu Mazi and prepared to walk around the street to see what he could find!

But at this time, Zhou Jie came over and said, “Mr. Chen, our deputy alliance leader has something to ask me about. I need to go back...”

“Okay, Miss Zhou, be careful on the road!”

Chen Ping nodded.

After these few days of contact, Chen Ping had a good impression of Zhou Jie. The person Chen Ping could trust the most in the entire Demon Spirit Sect was Zhou Jie.

Although Song Qingping was also polite and polite to him, Chen Ping always felt that Song Qingping was obedient.

There is also the leader of the Demon Spirit Sect. Since the last time we met and exchanged a few words, we have never seen him again!

Looking at Zhou Jie’s back, Hu Mazi said helplessly: “This little girl is too innocent. Sooner or later, she will be tricked into going to bed by that man named Song Qingping. What a good woman, what a pity...”

Hu Mazi sighed, almost crying!

Seeing Hu Mazi like that, Chen Ping smiled lightly and said, “Don’t worry about it, I’ve already gone to bed...”

When Hu Mazi heard this, his whole body seemed to be knocked instantly. He looked at Chen Ping in disbelief and asked, “What? You’ve gone to bed a long time ago? Is it true?”

“What did I lie to you for?” Chen Ping said.

“Oh, what a pity, what a pity...”

Hu Mazi kept slapping his thighs, shouting what a pity!

Chapter: 3037

But no matter what you do, it's all a matter of your own free will, and there's no force!

"What a pity, you don't lack women..."

Chen Ping pulled Hu Mazi out of the hotel!

The two of them were walking on the street. Chen Ping unabashedly spread his consciousness, and instantly felt that there were many masters around him!

However, these people are not hostile to Chen Ping, but are in groups, doing their own things!

Chen Ping frowned slightly and walked slowly on the street like this!

At this moment, in the hall of the Zheng family, Zheng Anguo was sitting in the main seat with an extremely ugly expression. Below him, many senior members of the Zheng family were sitting!

"Master, many strangers suddenly came to Nanhu City today, and they are all masters. At least they have the strength of Wuhou, and there are not a few big Wuhou among them."

A senior executive said to Zheng Anguo.

"Do you know the origins of these people?" Zheng Anguo asked.

"I don't know. Some of them come from the major sects and families around them, and some of them don't know their identities."

The senior management replied!

“Hey, Ten Thousand Years Herb, a top-notch resource like this, seems to be impossible to hide...”

Zheng Anguo sighed, his expression became much older.

“Dad, Nanhu is the territory of our Zheng family. With our Zheng family’s seven great Wuhous and as many as a dozen Wuhous, there is no need to be afraid of those people!”

“What about the big families from Kyoto? When we get here, we rely on our strength to speak for ourselves.”

Zheng Kai said with confidence.

“Master, you don’t have to be too anxious. With the strength of our Zheng family, those families who come from afar are not necessarily our opponents.”

A senior executive persuaded Zheng Anguo.

“If it’s just a southwest Zhu family, I wouldn’t be afraid, but now in the entire Nanhu City, how many sects and aristocratic families have come, and how many great Wuhou masters have come, who can tell clearly?”

“If these people unite to deal with our Zheng family, do we still have a chance of winning?”

“Even if we win and get the ten-thousand-year-old herb, our vitality will be severely damaged. How can we protect the ten-thousand-year herb?”

“The Ten Thousand Year Herb at that time was not a resource. It would become a time bomb for our Zheng family. Everyone would be watching to deal with our Zheng family...”

Zheng Anguo knew that after the news about the ten thousand-year-old herb spread, even if the Zheng family got the ten-thousand-year herb, they would not have a good life in the future.

Chapter: 3038

“Then what should we do? Are we just going to watch other sects take it away?”

Zheng Kai asked puzzledly.

“Of course not. Since our Zheng family can’t get it, we might as well be a favor...”

Zheng Anguo narrowed his eyes slightly, and then said to Zheng Kai: “Go and find a way to invite Chen Ping. Remember, you must have a good attitude. If you annoy Chen Ping, I will break your legs...”

“Dad, what are you doing? Do you want to give that thousand-year-old medicinal herb to Chen Ping?”

Zheng Kai said with shock on his face.

“We can’t get it, so what if we give it to him? Besides, we haven’t got the ten-thousand-year-old herb, so how can we give it away? As long as Chen Ping is able to get it, then we can count it as a favor and we can still follow Chen Ping. It’s good to have equal friendship, why not do it...”

Zheng Anguo explained.

“Dad, but...”

Zheng Kai wanted to say something else, but Zheng Anguo glared at him: “Shut up, when will you have some brains, you short-sighted guy...”

Zheng Kai was scolded and did not dare to speak. He could only turn around and look for Chen Ping!

Zheng Anguo looked at the senior officials and said, “Send everyone down. Be sure to check the information of the strangers who enter Nanhu City and see how many people come to snatch this ten thousand-year-old herb!”

“As ordered...”

The senior officials took orders and left.

On the streets of Nanhu City, Chen Ping was still walking around with Hu Mazi. At this moment, Chen Ping’s face became a little unsightly!

Because at this moment, he had already sensed no less than twenty Dawuhou.

Da Wuhou of this size is obviously not unique to the Zheng family of Nanhu.

“Chen Ping, it seems that many sects and aristocratic families have come to this Ten Thousand Years Herb, and it is going to be lively now.” Hu Mazi also felt that there were many Dawuhou, and said with some worry.

Chen Ping frowned slightly: “It seems that these ten thousand-year-old herbs are really not that easy to get.”

“I just don’t know if these people know the specific location where the medicinal herbs appear. If they don’t know, we can find a way to attract them away!”

Facing so many great Wuhou, Chen Ping had no confidence that he could easily take away the Ten Thousand Years Herb!

However, very little should be known about the specific location of the medicinal herbs. They only know the approximate location.

If he could find a way to prevent these people from mistaking the location of the Ten Thousand Years Herb, Chen Ping’s chances would be great.

“Why is this so attractive?”

Chapter: 3039

Hu Mazi didn't know how to let so many people know the location of the Wannian Herb incorrectly at the same time!

Chen Ping said nothing, his brows knitted together in thought!

But at this moment, Zheng Kai led the two of them to find Chen Ping!

"I finally found you..."

When Zheng Kai saw this, he stopped Chen Ping and Hu Mazi with a happy expression!

"Boy, what do you want to do? Do you still want to fight?"

Hu Mazi asked with a cold face when he saw Zheng Kai leading people to stop them.

"No, no, no, you misunderstood. I'm not here to fight. It was my dad who asked me to invite Mr. Chen."

Zheng Kai waved his hands repeatedly and said.

"Please me? What can I ask for?"

Chen Ping looked surprised!

"My dad knows that there is a ten-thousand-year-old herb found nearby, so he wants to invite Mr. Chen to come and discuss the matter of getting the ten-thousand-year herb."

Zheng Kai said truthfully.

Because he knew that if he wanted Chen Ping to believe him, he had to tell the truth!

When Chen Ping heard that Zheng Anguo actually wanted to invite him to discuss the matter of ten thousand years of medicinal herbs, he couldn't help but be stunned!

Hu Mazi whispered: "Chen Ping, what kind of plane does the Zheng family want to build? Why did they take the initiative to talk to you about the Ten Thousand Years Herb?"

Chen Ping shook his head. He still didn't know what Zheng Anguo's intention was!

However, he still nodded and said: "Okay, let's go to the circuit in front..."

Chen Ping decided to go to Zheng's house to see what Zheng Anguo meant!

Hu Mazi and Chen Ping arrived at Zheng's house quickly, and Zheng Anguo was waiting in the hall. Looking at Zheng Anguo, he looked a little anxious!

Seeing Chen Ping coming, Zheng Anguo hurriedly stepped forward: "Mr. Chen, I've waited for you..."

"Master Zheng, what do you want from me?"

Chen Ping asked.

"Mr. Chen, I believe you already know that there will be an opportunity around Nanhu City recently, and a thousand-year-old medicinal herb will be born."

Chapter: 3040

Zheng Anguo said straight to the point.

Seeing that Zheng Anguo was so direct and didn't make any detours, Chen Ping nodded and said, "Yes, I do know."

Then Zheng Anguo continued: "Now the news of the birth of the ten thousand-year-old medicinal herb has leaked out somehow, and many sect families have come to Nanhu!"

"To be honest, Mr. Chen, I originally planned to take the ten-thousand-year-old herb as my own, but now that so many sects and aristocratic families are all aiming for the ten-thousand-year herb, my Zheng family's hope of obtaining the herb is slim. Even if I get the medicinal herbs, I'm afraid I will be attacked by many sects and families!"

"So I thought about it over and over again and decided to give the Ten Thousand Years Herb to Mr. Chen. Our Zheng family can fully assist Mr. Chen in getting the Ten Thousand Years Herb."

"As long as we cooperate, I think there is a high chance of getting the Ten Thousand Years Herb."

Zheng Anguo didn't hold anything back, he followed Chen Ping and told everything on his mind!

When Chen Ping saw what Zheng Anguo said, he couldn't believe it.

"Master Zheng, you gave me the ten-thousand-year-old herb and tried your best to help me get the ten-thousand-year herb. What do you, the Zheng family, do for you?"

"As the saying goes, you can't afford to be too early if you don't have any profit. Master Zheng won't just imitate Lei Feng and do good deeds, right?"

Chen Ping asked, staring at Zheng Anguo.

"Mr. Chen, I have only one purpose for doing this, and that is to make friends with Mr. Chen. I want Mr. Chen to owe our Zheng family a favor. When our Zheng family is in trouble, I believe that Mr. Chen will not stand idly by."

Zheng Anguo said.

“Just for these?” Chen Ping looked surprised!

“Yes, just for these...”

Zheng Anguo nodded seriously.

Chen Ping saw that Zheng Anguo was not joking, so he asked: “Master Zheng, what is the strength of your Zheng family?”

Chen Ping didn't know how powerful the Zheng family was. If the Zheng family only had Zheng Anguo, a great Wuhou, it would be meaningless with or without the Zheng family's help!

“Including me, our Zheng family has a total of seven great Wuhou and more than a dozen Wuhou, and our Zheng family also has a martial arts sacred weapon...”

Zheng Anguo's words instantly stunned Chen Ping and Hu Mazi on the spot!

They never thought that in a small border town like Nanhu, the Zheng family would have such terrifying strength!

“Master Zheng, you are so powerful that you can go to Kyoto to establish a sect. Why are you staying in this small Nanhu?”

Chen Ping asked very puzzledly.

“Although Kyoto has many resources, there are more sects and aristocratic families, so there are not many to allocate. Besides, the martial arts alliance in Kyoto controls most of the resources, and the development of the major sects and aristocratic families will be restricted!”
