

The Order 3041

Chapter: 3041

“It’s not as good as my small place. It’s vast and sparsely populated. No one pays attention to this place. All the resources belong to my Zheng family. If it weren’t for the ten-thousand-year-old herb that was born this time, how could there be so many masters from the sects and aristocratic families in front of me?” Come here, I can’t even invite you normally.”

Zheng Anguo explained.

Chen Ping thought about it and it was right. Some sects and aristocratic families in Kyoto put their energy into intrigues all day long, and coupled with the control of the martial arts alliance, it was difficult to develop!

“Master Zheng, since you are so sincere, I, Chen Ping, can’t say anything else. As long as Master Zheng helps me get the Ten Thousand Years Herb, our Longmen is willing to form an alliance with the Zheng family. If anything happens to the Zheng family, I will Chen Ping will never stand idly by!”

Chen Ping patted his chest and promised.

“Okay, with Mr. Chen’s words, our Zheng family will definitely go all out to help Mr. Chen get the Ten Thousand Years Herb!”

Zheng Anguo said with excitement.

“By the way, how did the Zheng family master know that the ten-thousand-year-old medicinal herb was about to be released?”

Chen Ping asked.

Chen Ping knew it through the map of the Demon Spirit Sect, and he wanted to know how Zheng Anguo knew it.

“To be honest, Mr. Chen, it was Master Wan who spied on the way of heaven and deduced it...”

Zheng Anguo told Wan Hong!

“Wan Hong?” Chen Ping was stunned!

“Yes, that’s him. Does Mr. Chen know Master Wan?” Zheng Anguo was curious about how Chen Ping knew Wan Hong.

Chen Ping smiled lightly and looked at Hu Mazi.

Hu Mazi sneered and said: “That bullshit master is still spying on the way of heaven. He knows nothing. When the ten-thousand-year-old medicinal herb comes out, there must be visions in the world. You can know it just by doing some calculations.”

Zheng Anguo looked at Hu Mazi, and then asked Chen Ping: “Mr. Chen, this is...”

“This is Master Hu, a top talisman master. His ability to explore caves and find tombs is unrivaled...”

Chen Ping praised Hu Mazi!

When Zheng Anguo heard this, he quickly said respectfully: “It turns out to be Master Hu, disrespectful...”

Hu Mazi also cupped his hands, which was like saying hello to Zheng Anguo!

“Master Zheng, you were deceived by Wan Hong...”

Chen Ping said to Zheng Anguo.

“Mr. Chen, how do you say this?”

Chapter: 3042

Zheng Anguo said with a puzzled look.

So, Chen Ping told Zheng Anguo what he saw and heard in the west of Nanhu City!

And he even said that Wan Hong had set up a formation at the place where the Ten Thousand Years Herb was born in advance!

Zheng Anguo was shocked when he heard this, and then his face turned full of anger!

“This guy, it turned out that he knew the place where the Ten Thousand Years Herb was born, but he didn’t tell me. He only told me a rough location, and he even went to set up the formation in advance!”

“It seems that he is also spying on the ten thousand-year-old medicinal herbs. It’s a shame that I trusted him so much and gave him so many resources!”

Zheng Anguo’s face turned red with anger, and then he said to Zheng Kai: “Zheng Kai, you immediately lead the whole city to search for Wan Hong. When you see it, catch him directly. Remember to bring more experts, this guy is very strong!”

“Dad, don’t worry, I already dislike that old thing!”

Zheng Kai nodded, and then left with the two Da Wuhou.

The entire Nanhu City belongs to their Zheng family, so it is not difficult to hunt down someone!

“Mr. Chen, with the help of our Zheng family, how sure do you think we can get the ten thousand-year-old herb?”

Zheng Anguo asked.

Chen Ping pondered for a moment and said: "I don't know how many sects and aristocratic families have come, and how many masters of the Great Wuhou are here, so I can't say for sure now."

Chen Ping didn't know the details of his opponent, and he couldn't say how sure he was, but then Chen Ping continued: "But I have a way. If it succeeds, it can increase the chance of getting the ten thousand-year medicinal herb!"

"Mr. Chen, what can I do?"

Zheng Anguo asked hurriedly.

"That is to lead other sect families in the wrong direction and make them go to the wrong place. Then our chances will be great!"

Chen Ping said.

"Then how can we make so many sect families get it wrong?"

Zheng Anguo continued to ask.

"I have an idea, but I don't know if it's feasible. Let's find a thousand-year-old herb and place it somewhere in advance, and then think of ways to create some strange phenomena!"

"In this case, some people will definitely mistakenly think that it is the place where the Ten Thousand Years Herb was born. They will definitely flock to it and even fight over it."

"And we can wait at the place where the Ten Thousand Years Herb actually appears. As long as the Thousand Years Herb is born and we get it, it won't be that easy for other sects and families to try to snatch it away."

Chen Ping told him his method.

Chapter: 3043

When Zheng Anguo heard this, he thought Jue's method was very good, so he said excitedly: "Mr. Chen, I happen to have a three-thousand-year-old wild ginseng in my hand. It's just right to use it as a ten-thousand-year-old herb! It's the source of this heaven and earth phenomenon." How to make it?"

"This is not a trivial matter. Leave it to me. With a few spells, I will make the heaven and earth shake and the avenue buzz..."

Hu Mazi said with a relaxed expression.

Now that they have the medicinal materials that serve as ten thousand-year-old herbs, and flax seeds that can create strange phenomena, Chen Ping and the others can only wait quietly.

Zheng Anguo had people take the wild ginseng up the mountain in advance and bury it in the opposite direction from the ten thousand year old herb!

"Master Zheng, I will let you lose a three-thousand-year-old wild ginseng, but after the incident is completed, I will refine a Sanyuan Pill for Master Zheng, which can be used in Master Zheng's cultivation path, so that you can get twice the result with half the effort!"

Chen Ping couldn't let the Zheng family lose a three-thousand-year-old wild ginseng in vain.

When Zheng Anguo heard this, he immediately said excitedly: "Thank you so much, Mr. Chen. I have long heard that Mr. Chen is a pharmacist and the owner of the Medicine God Valley."

"Master Zheng, you're welcome. We are allies now, as it should be. Let's go around the streets and see how many sects and aristocratic families are here. As the saying goes, if you know yourself and the enemy, you will be victorious in any battle!"

Chen Ping said.

"Okay, I hope Mr. Chen can successfully get the Ten Thousand Years Herb this time!"

Zheng Anguo nodded!

Chen Ping followed Hu Mazi and left Zheng's house and continued walking on the streets of Nanhu.

Within the Demon Spirit Sect!

After Zhou Jie returned to Demon Spirit Sect, she found that the atmosphere in the hall was a bit solemn!

Song Qingping sat in the position of deputy sect leader, and sitting below were many deacons of the Demon Spirit Sect.

Feeling the solemn atmosphere, Zhou Jie could not help but step forward cautiously and said to Song Qingping: "Deputy leader, you are looking for me..."

"Zhou Jie, did Chen Ping find the place where the medicinal herbs were born?"

Song Qingping asked.

"As far as I know, Deputy Sect Master, I have already found it, but someone got there first and set up a magic circle where the herb was born!"

Zhou Jie said truthfully.

"A magic circle was set up? Who could know in advance where the medicinal herb was born?"

Song Qingping was slightly startled.

"It seems to be a man named Wan Hong, who is said to be some kind of deduction master..."

Chapter: 3044

Zhou Jie replied.

“Wan Hong?” Song Qingping frowned, but he had never heard of this name.

At this time, Deacon Lu below said: “Deputy Sect Master, this Wan Hong is indeed a very famous deduction master. They say that he has understood the way of heaven and nothing can be hidden from him.”

“It wouldn’t be surprising if he deduced in advance and found the location of the medicinal herbs.”

“It turns out there is such a strange person. It seems that it is still difficult for us to get the herb.”

Song Qing’s face was so ugly!

When Zhou Jie heard this, she was very surprised and said: “Deputy Sect Leader, didn’t we give the herb to Mr. Chen? Do we want to take it ourselves?”

Song Qingping snorted coldly: “If it’s an ordinary medicinal herb, that’s fine, but it’s a ten thousand-year-old medicinal herb. How can we give it to him so easily? The price would be too high for us.”

“I called you back to ask you to secretly observe Chen Ping. As long as Chen Ping succeeds and gets the Ten Thousand Years Herb, you will find a way to get the herb!”

Song Qingping wanted Zhou Jie to take the opportunity to steal the Ten Thousand Years Herb from Chen Ping’s hands!

When Zhou Jie heard this, her face suddenly showed bitterness: “Deputy Sect Master, you don’t know Chen Ping’s abilities. How could I possibly get the Ten Thousand Years Herb from him...”

“Deputy Sect Leader, Chen Ping is very powerful. Even if he is unprepared, it is almost impossible for Zhou Jie to steal the Ten Thousand Years Herb from Chen Ping.”

“I heard that Chen Ping also has a treasure storage ring on him. He puts everything in it so that others can’t get it. The blood demon’s body should also be in that storage ring!”

At this time, Deacon Lu stood up and said to Song Qingping.

When Song Qingping heard this, he frowned slightly, but then he relaxed and took out a bottle of colorless and odorless liquid from his arms.

“Zhou Jie, as long as Chen Ping gets the Ten Thousand Years Medicinal Herb, you can find a way to get him to drink this water. When the time comes, Chen Ping will be captured without a fight!”

Song Qingping threw the Sangong water in his hand to Zhou Jie!

Zhou Jie held the San Gong Water in her hand and said with a puzzled look on her face: “Deputy Sect Master, don’t our Demon Spirit Sect want to cooperate with Mr. Chen? If we do this, will Mr. Chen still cooperate with us?”

“Don’t talk about cooperation now, the Ten Thousand Years Herb is a once-in-a-lifetime occurrence. We, the Demon Spirit Sect, must get it. Follow my instructions!”

Song Qingping waved his hand and asked Zhou Jie to leave!

Zhou Jie had no choice but to turn around and leave. After Zhou Jie left, Song Qingping looked at the deacons in front of him and said, “Now that the spiritual energy recovery is imminent, we, the Demon Spirit Sect, must take action as soon as possible.”

“Our first goal now is to eradicate the Zheng family, or make the Zheng family surrender to us, and make Nanhu City the territory of our Demon Spirit Sect!”

“In this way, our Demon Spirit Sect can develop, and with the revival of spiritual energy, our Demon Spirit Sect will occupy more places and let the whole world know about our Demon Spirit Sect.

“Deputy leader, our Demon Spirit Sect has ancestral teachings. We should not leave the secret realm easily before the spiritual energy recovery is complete, and we are not allowed to cause conflicts with sects and families in the secular world!”

Chapter: 3045

“If we suddenly attack the Zheng family and make Nanhu City our territory, then I am afraid that the secret of our Demon Spirit Sect’s secret realm will not be kept.”

“And for such an important matter, does the sect leader need to come forward to announce it?”

Deacon Nalu asked Song Qingping.

“You don’t need to ask the sect master. The sect master has already authorized me. You just need to act according to my arrangements.”

Song Qingping said with a cold face.

Deacon Lu wanted to say something else, but Song Qingping waved his hand and said: “Okay, you guys, please step back and just obey the order...”

When everyone saw this, they had no choice but to retreat!

After everyone left, a man in black robe walked out, and then slowly took off the hat on the black robe, revealing an exquisite face!

This man in black robe is none other than Ning Zhi, who became the demon envoy!

“Song Qingping, I have met Lord Demon Envoy...”

After Song Qingping saw Ning Zhi, he knelt down and worshiped!

“Get up...”

Ning Zhi said calmly.

Song Qingping stood up and then looked at Ning Zhi with envy!

The two are similar in age, but Ning Zhi has now become a demon envoy. It is not because Ning Zhi is stronger, but because the soul of the demon envoy resides in his body. Of course, Ning Zhi has also become a demon.

Coming from the same lineage, Demon Heart Sect can create a large number of souls, but Demon Spirit Sect does not allow this kind of thing to exist.

Song Qingping is a member of the Demon Spirit Sect, but he has always yearned for the life of the Demon Heart Sect. Now he also hopes to have a powerful soul living in his body!

In this way, in addition to improving his strength by leaps and bounds, he can also improve his status!

“Is the matter settled?”

Ning Zhi asked Song Qingping.

“It’s done. As long as Chen Ping takes the San Gong Water, he will never be able to escape. But I don’t know if Zhou Jie will succeed.”

Song Qingping said.

“It doesn’t matter, even if Chen Ping didn’t take the San Gong Water, the Ten Thousand Years Herb would not fall into his hands!”

“As for the blood demon’s body, I believe it won’t take long for him to be resurrected. When the blood demon is resurrected, it will be our demon clan’s world.”

Chapter: 3046

Ning Zhi smiled ferociously and made a hoarse chuckle.

“Magic envoy, if Chen Ping refuses to hand over the body of the Blood Demon, how can we resurrect the Blood Demon?”

Song Qingping asked.

“Refuse to hand over? I never thought that Chen Ping would hand over the body of the Blood Demon. He is not a fool...”

Ning Zhi narrowed his eyes slightly, and his eyes became extremely deep!

“You know he won’t hand it over?”

Song Qingping was a little confused for a moment, so he asked: “Since the Demon Envoy knows that Chen Ping is unwilling to hand over the blood demon body, why do you still let me cooperate with Chen Ping?”

“If he doesn’t cooperate, how will he know the secrets of our demon clan? If he doesn’t cooperate, how will he know the secret realm of our Demon Heart Sect? If he doesn’t cooperate, how will he know that Penglai Island is the place where spiritual energy is revived?”

Ning Zhi smiled lightly!

This made Song Qingping even more confused: “Master Demon Envoy, you asked me to cooperate with Chen Ping just to let him know this?”

“Of course, otherwise he might not believe it if we say it. But now that you are asking him to cooperate, he will definitely believe what you say.”

“It’s just that according to his temperament, he won’t completely believe you, let alone hand over the blood demon body easily!”

“But Chen Ping will definitely go to Penglai Island next, or find a secret place to rescue his girlfriend. Whether he goes to Penglai Island or a secret place to rescue his girlfriend, then our plan is half successful!”

“If he dares to enter the secret realm, I have prepared countless traps for him in the secret realm. He can only get in but not get out.”

“If he chooses to go to Penglai Island, when the spiritual energy is revived, Penglai Island will definitely have strange phenomena coming from the sky. Even if Chen Ping has the golden body of a true dragon, he will not be able to withstand it at all, while the blood demon’s physical body can use the spiritual energy to revive The vision of time, resurrect yourself!”

“At that time, the entire world will be our demon clan’s, and every land where spiritual energy will be revived will be occupied by our demon clan first!”

“So whatever Chen Ping does next, it’s already in the palm of my hand.”

Ning Zhi said with excitement on his face.

Song Qingping couldn’t help but break out in cold sweat when he heard what Ning Zhi said!

He felt that the person in front of him was so thoughtful that he could calculate so far, even himself was included in his calculations!

Seeing Song Qingping like that, Ning Zhi smiled faintly: “Don’t worry, as long as our Demon Heart Sect annexes the Demon Spirit Sect, your merits will be remembered.”

“Thank you, Lord Demon...”

Song Qingping lowered his head slightly. He found that he did not dare to have any other thoughts in front of Ning Zhi!

He has been lurking in the Demon Spirit Sect for so many years, and his state of mind has been tempered to be calm!

Chapter: 3047

But facing Ning Zhi, Song Qingping's heart kept beating!

.....

In Nanhu City, many people wearing uniforms were looking for a photo!

These are all members of the Zheng family, and that is Wan Hong in the photo!

Wan Hong deceived Zheng Anguo, Zheng Anguo couldn't let him go!

At this time, Zheng Kai was also looking for two Dawuhou on the street!

"Damn it, when I find that old guy, I will definitely light a sky lantern for him..."

Zheng Kai said cursingly.

At this time, Na Wanhong was drinking tea in a teahouse, quietly waiting for tomorrow night to come!

Because this ten thousand-year-old herb is born, it will be chosen at night when the moon is full.

Soon, a pair of people wearing uniforms rushed to the teahouse, then took the photos in their hands and started checking the tea drinkers one by one!

Wan Hong sighed and frowned slightly. He knew that these were people from the Zheng family, but the people from the Zheng family were fighting like this. Who did they want to arrest?

Just when Wan Hong didn't know who these people were looking for, a member of the Zheng family suddenly looked at Wan Hong, and then looked at the photo in his hand!

“found it.....”

The Zheng family member suddenly yelled!

Everyone looked at Wan Hong in unison!

At this moment, Wan Hong also knew that these Zheng family members were looking for him.

I saw several members of the Zheng family holding scimitars, and they were slashing at Wan Hong!

Although Wan Hong was not afraid of several members of the Zheng family, in order to cause unnecessary trouble and interfere with the acquisition of ten thousand years of medicinal herbs, Wan Hong jumped up and jumped directly from the upstairs!

This was the sixth floor. Wan Hong jumped up and landed firmly on the ground. Then he glanced at the panicked Zheng family upstairs with a sneer, turned around and left!

But just when Wan Hong looked disdainful, three people suddenly walked towards him.

It was Zheng Kai who brought the two Dawu Marquis. After seeing Wan Hong, Zheng Kai's eyes lit up: “You liar, I finally found you. If you dare to deceive me, the Zheng family, you are simply seeking death...”

Seeing this, Wan Hong turned around and was about to run away, but the two great Wuhous of the Zheng family jumped up and directly stopped Wan Hong!

Wan Hong frowned slightly as he looked at the two great Wuhous of the Zheng family and Zheng Kai who was eyeing them eagerly.

Chapter: 3048

Although Wan Hong's strength is not weak, facing two great Wuhou plus Zheng Kai, the Wuhou, it is almost impossible for him to fight one against three.

"Mr. Zheng, what do you mean? Why can't I understand? When did I deceive you, the Zheng family?"

Wan Hong asked dumbly, pretending to be stupid.

"Damn it, you're still pretending to be stupid. You told us the general location of the birthplace of a medicinal herb in the Zheng family, but you secretly found the location and arranged the formation!"

"It seems that you have planned it long ago. You will use our Zheng family to attract other people's attention, and you will take away the thousand-year-old herb secretly hidden in the formation."

"right?"

Zheng Kai asked Wan Hong loudly.

Wan Hong was stunned. He didn't know how Zheng Kai knew about his plan. When he cast the spell, he could see clearly that there was no one there at all!

Seeing that Wan Hong was still silent, Zheng Kai said sternly: "Now follow me back to see my father obediently, then kneel down and kowtow to admit your mistake, and see if my father will forgive you..."

Wan Hong rolled his eyes and then nodded: "Mr. Zheng, I will go back with you and meet the Master of the Zheng family. I will definitely apologize personally."

Wan Hong lowered his head, but Zheng Kai relaxed his vigilance and stepped forward directly to take Wan Hong away!

But just as Zheng Kai took two steps forward, Wan Hong suddenly smiled, then raised his hand, and a white smoke instantly enveloped Zheng Kai!

Zheng Kai was startled, and his body instinctively retreated. He then held his breath, stretched out both palms, and a terrifying strong wind roared up!

Zheng Kai knew that the sudden white smoke must be poisonous and he could not inhale it!

The strong wind roared, blowing away the white smoke, but at this moment Wan Hong had already arrived in front of Zheng Kai, grabbed Zheng Kai's shoulder, and pressed his other hand firmly against Zheng Kai's back!

Now as long as Wan Hong exerts force, Zheng Kai's internal organs will definitely be shattered, and then he will go directly to see the King of Hell!

When the two Dawu Marquis saw Zheng Kai being restrained by Wan Hong, they were all shocked. They jumped up and headed towards Wan Hong!

"Stop, if you don't want your eldest young master to die, just be honest..."

Wan Hong controlled Zheng Kai and shouted to the two Dawuhous of the Zheng family.

At this moment, the two Dawuhous of the Zheng family stopped and had no idea for a moment.

Now that Zheng Kai is in the opponent's hands, they have no way to take action!

Seeing that the two great Wuhous of the Zheng family did not dare to take action, Wan Hong raised the corner of his mouth slightly, and then began to control Zheng Kai to retreat!

And the two Dawuhou didn't dare to follow, they could only watch anxiously from where they were!

Just when Wan Hong thought he could escape, someone suddenly shouted at Wan Hong!

Chapter: 3049

“Wanhong...”

Wan Hong instinctively looked sideways, and then his eyes froze!

“benne?”

Wan Hong didn't expect that he would see him here after not seeing him for so many years.

“Wan Hong, I didn't expect you to still remember me. I touched you today and I will cut you into pieces...”

Hu Mazi gritted his teeth and said.

Wan Hong smiled coldly: “Hu Mazi, you were not my opponent before, and you are still not now. You don't believe it either. Why didn't Xiaoyu choose you back then, but ran away with me?”

When Hu Mazi heard this, he immediately trembled with anger, and the violent aura in his body continued to rise!

When Chen Ping looked at Hu Mazi's angry look, he knew that Xiaoyu in Wan Hong's mouth must be Hu Mazi's former girlfriend.

“Master Hu, Wan Hong is obviously deliberately irritating you. If you are angry, you will be fooled.”

“Besides, that was all decades ago. Now you probably play with more women than Wan Hong has ever seen!”

Chen Ping persuaded Hu Mazi!

Hearing what Chen Ping said, Hu Mazi's anger subsided, and he nodded and said: "You are right, I have played with more women now than that idiot has ever seen, and those were all in the past. No, I won't be angry."

Hu Mazi, who had figured it out, looked at Wan Hong, raised the corner of his mouth and said: "Wan Hong, don't use your fucking words to provoke me, I have already seen through the world of mortals, but if I meet you today, you are dead..."

After Hu Mazi finished speaking, several talismans suddenly appeared in his hand, and then he threw them in his mouth, and several flames burned in the air!

Then the flames began to connect together, forming a fire network, blocking Wanhong's retreat.

Seeing this, Wan Hong frowned slightly: "Humazi, we have time to settle our grievances. I don't have time to talk to you today. Get out of my way immediately, otherwise I will kill him..."

Wan Hong used Zheng Kai as a shield, hoping that Hu Mazi would get out of the way!

But who would have thought that Hu Mazi smiled coldly: "You kill him. If you kill him, you have nothing to do with me. Do I know who he is?"

Hu Mazi pretended not to know Zheng Kai at all.

Wan Hong was stunned for a moment, then said: "Let me tell you, this is Zheng Kai, the eldest young master of the Zheng family, and the entire Nanhu belongs to their Zheng family..."

"I don't care whose eldest son he is. Anyway, you were the one who killed him. His father is also seeking revenge from you. What does it have to do with me? It's you I want to kill today..."

Hu Mazi said, a faint light glowed on his palm, and he slapped it out without caring about Zheng Kai's safety!

When Wan Hong saw this, he did not dare to kill Zheng Kai. If he really killed Zheng Kai, he knew that he would be hunted by the Zheng family for the rest of his life.

Chapter: 3050

Now threatening Hu Mazi with Zheng Kai was obviously useless. Wan Hong could only push Zheng Kai aside, and then met Hu Mazi with a palm!

boom!

After a loud noise, terrifying energy vibrated around.

Deng Deng Deng.....

Hu Mazi's figure kept retreating, and his right hand was numb!

Compared with Wan Hong, Hu Mazi's strength still lags behind!

"Hmph, Hu Mazi, you were no match for me before, and you are no longer my match now. You will always have to live at my feet..."

Wan Hong said with a slight smile.

"Wan Hong, don't be so arrogant, let's see how I deal with you..."

Hu Mazi narrowed his eyes slightly. Although Hu Mazi was not strong, he had few opponents in terms of spells.

I saw Hu Mazi pinching the spell with both hands, and yellow talismans rose from his body instantly!

Blood-red runes quickly appeared on the yellow talismans. These talismans instantly turned into ferocious beasts, roaring and rushing towards Wan Hong!

Seeing this, Wan Hong sneered: “Hu Mazi, even if it’s a spell, I’m not afraid of you...”

As he said that, Wan Hong looked aside, reached out and pulled off a piece of yellow cloth in front of a house, then bit his finger and started painting on the yellow cloth!

Soon, the yellow cloth burst into flames, and then a big bird flew out of the flames, and the big bird’s body was still burning with blazing fire!

“Fire Divine Bird...”

Hu Mazi frowned: “Wan Hong, how did you summon the Fire Bird? This is Xiaoyu’s...”

Hu Mazi’s former girlfriend had a special constitution in her body that could summon this kind of fire bird!

It’s just that this kind of thing is not a skill, so it cannot be taught, and others cannot learn it at all!

Now Wan Hong can actually summon the Fire God Bird, which shocks Hu Mazi!

“What’s hers is mine. Since he has chosen to follow me, he must give everything he has...”

Wan Hong smiled coldly.

Hu Mazi looked at Wan Hong like that, and a bad premonition came to his heart!

“What did you do to Xiaoyu?” Hu Mazi asked.
