

The Order 3051

Chapter: 3051

“It’s okay. The two of us have become one now. The golden elixir in her body is now in my body. Otherwise, how could I summon this fire bird...”

Wan Hong said with a sneer.

“You actually killed her?” Hu Mazi’s body was trembling, and the flames of anger kept rising!

It can be said that Xiaoyu still maintains her position in Hu Mazi’s heart, otherwise Hu Mazi would not have been decadent for so many years and used other women to anesthetize herself!

Now that he heard that Wan Hong actually killed Xiaoyu, Hu Mazi’s deep longing for Xiaoyu burst out instantly!

“Don’t say it so harshly. That’s not killing her, but letting her live in my heart in a different way...”

Wan Hong said boldly.

“ah.....”

“go to hell.....”

Hu Mazi’s body erupted with overwhelming anger, and the beast turned into a talisman also roared loudly!

Wan Hong remained calm and waved his hand, and the Fiery Bird attacked directly!

Huhuhu.....

The wings of the Fire Bird continued to flap, and flames rose up in the sky, turning half of the sky red!

The beasts transformed by the talismans of Hu Mazi roared in the flames!

They were all set on fire, and finally disappeared into thin air.

Seeing this, Hu Mazi hurriedly activated the magic formula again, and the talisman on his body rose into the sky again!

“Water control spell...”

Hu Mazi shouted, and then the ground around him exploded, and pillars of water shot up into the sky!

The water pillars gathered together to form a waterspout, and then swept towards the blazing fire bird!

The fire bird spits blazing flames from its mouth, but it is extinguished when it touches water, and the waterspout approaches instantly!

The Fire God Bird was quickly surrounded, and a large amount of water columns hit the Fire God Bird!

The flames on this fire bird are not spiritual fire or samadhi true fire, so in front of a large amount of water, the flames become darker and darker!

Seeing that the fire bird was about to be swallowed up by the waterspout, Hu Mazi stopped!

Because this fire bird is the only one in the world where Xiaoyu exists!

Chapter: 3052

But just when Hu Mazi was stunned, the Fire God Bird, under the command of Wan Hong, roared and rushed out of the waterspout, slamming into Hu Mazi fiercely!

Hu Mazi couldn't dodge and was knocked straight away, a mouthful of blood spurting out!

No one controlled the waterspout, and it instantly turned into a pool of stagnant water and fell back to the ground!

The flames on the Fire Divine Bird are burning brightly again!

"Hahaha, Hu Mazi, you can never surpass me. Even your most beloved woman has chosen me. What else do you have to say in front of me?"

Wan Hong looked at Hu Mazi like that and laughed, stimulating Hu Mazi!

"You're numb..."

Hu Mazi covered his chest, his blood and energy surged up, and he was about to follow Wan Hong desperately!

But as soon as he moved, a mouthful of blood spurted out again!

"Master Hu, stop moving and let me deal with this guy!"

Seeing this, Chen Ping stopped Hu Mazi and told him to stop moving.

Wan Hong looked at Chen Ping and snorted coldly: "Boy, who are you? Dare you say such big words? Are young people so crazy now?"

"Believe it or not, I can beat you to a pulp with just one hand?"

Seeing that Chen Ping dared to speak arrogant words at such a young age, Wan Hong immediately threatened Chen Ping with a cold face!

“My name is Chen Ping...”

Chen Ping said calmly.

When the word “Chen Ping” came out of his mouth, Wan Hong, who had originally looked disdainful, suddenly turned extremely ugly!

“Chen Ping?” Wan Hong looked at Chen Ping: “Are you the Chen Ping who established Longmen and followed the martial arts alliance to fight against you?”

Chen Ping’s name is considered a household name in the entire martial arts world!

Chen Ping’s name appears most frequently on martial arts forums.

“You’re right, so I really want to see how you can slap me into a pulp...”

Chen Ping smiled lightly.

Wan Hong’s face is uglier than eating shit!

Who doesn’t know that Chen Ping’s physical body is extremely powerful, and with the blessing of an indestructible golden body, even the peak Dawuhou cannot even think of slapping Chen Ping to death.

Chapter: 3053

Even if Wu Sheng came, he would not dare to say such big words when facing Chen Ping.

Wan Hong said this, which is obviously bragging!

“Chen Ping, you and I have no quarrel with each other. I have no enmity with you. Why do you want to deal with me?”

“You know that I am a master of deduction, and my best skill is deduction. If you use force to attack me, aren't you afraid of losing your reputation?”

Wan Hong just hopes that Chen Ping won't do anything to him at this moment!

Because he knew that he was definitely no match for Chen Ping!

“What a coincidence. I have also understood the way of heaven and learned some deduction techniques. The technique of deduction is to rely on strong mental power to understand the way of heaven and the whole world. Since you and I both understand, let's compare our mental powers. Bar!”

Chen Ping sneered.

Wan Hong's eyes flashed: “Chen Ping, are you telling the truth?”

“Of course, I also want to see what level of mental power you so-called masters of deduction have achieved!”

Chen Ping nodded and said.

“Well, I hope you won't regret it...”

After saying that, Wan Hong recalled the Fire God Bird, then closed his eyes slightly, took out black stones from his body, and kept throwing them on the ground!

“Chen Ping, he is cheating. He is using the stones on the ground to mark out areas to expand his perception distance!”

Hu Mazi reminded Chen Ping.

Wan Hong only needs to feel the stones he throws on the ground, and he can sense the surrounding situation through the stones!

This is a trick, but it will be transmitted through stones, so the perception of some things will be inaccurate.

“I’ll let him cheat and see what happens...”

Chen Ping smiled lightly!

Chen Ping is very confident in his own mental power, and his understanding of the way of heaven is not deep. If he can deepen his understanding of the way of heaven by following Wan Hong’s confrontation, then Chen Ping’s goal will be achieved!

Soon, Wan Hong closed his eyes slightly, and bursts of huge mental power began to spread to the surroundings!

As Wan Hong’s mental power spread, the black stones on the ground began to shine!

Looking at the luster of the stones on the ground, one can easily tell where Wan Hong’s perception has reached!

Chen Ping was instantly enveloped in that huge mental power, and his whole body seemed to be in a strange space!

Chapter: 3054

I saw that in this space, there was a vast expanse of white everywhere, with nothing at all!

Even the sky and the earth were a vast expanse of white, and Chen Ping seemed to be floating in mid-air!

People in this kind of environment will become very frightened and anxious!

Chen Ping, on the other hand, had a calm look on his face. He was waiting quietly, waiting for how Wan Hong would deal with him!

Soon, the white surroundings began to disappear, and land appeared under Chen Ping's feet!

Houses appeared one after another around, and there were even large fields, with many people working in the fields!

"Chen Ping..."

"When did your kid come back!"

"Chen Ping is already so old..."

People working in the fields kept saying hello to Chen Ping!

Chen Ping looked very familiar to these people, but he couldn't remember them!

"Chen Ping, you kid, your uncle and aunt say hello to you, but why don't you say anything?"

At this time, a familiar voice came into Chen Ping's ears!

Chen Ping turned around and saw that it was his mother Tang Hongying. At this time, Tang Hongying still had black hair and was holding tools in her hand, and was about to work in the fields.

“Mom, you...”

Chen Ping was about to talk to Tang Hongying, but soon a stinging pain flashed through his mind!

A faint spiritual power has entered Chen Ping’s mind and began to probe Chen Ping’s thoughts!

Chen Ping raised the corner of his mouth slightly. It seemed that this Wan Hong was not useless. He did have a lot of mental power. He actually put the mental power into his mind without even knowing it!

“Have you had enough fun?”

After Chen Ping finished speaking, he gently touched his palm, and everything in front of him disappeared, and the spiritual power in his mind was cut off instantly by Chen Ping!

Wan Hong suddenly took a step back, his forehead was covered with cold sweat, and he was breathing heavily!

Chen Ping looked at Wan Hong quietly: “With this little ability, do you dare to call yourself a master and understand the way of heaven?”

Chen Ping raised the corner of his mouth, and then a ray of light shot out from his eyes, and an extremely domineering spiritual power instantly entered Wan Hong’s mind!

Wan Hong was stunned, and his eyes instantly became dull!

Chapter: 3055

Soon, fear appeared on his face, his whole body was shaking, and he started waving his arms!

“No, don’t come over, Xiaoyu, I was wrong, don’t come over, I will return the golden elixir to you, return it to you...”

Wan Hong seems to have seen something terrible and is constantly begging for mercy!

And a hand suddenly grabbed his abdomen, blood spurted out, and Wan Hong took out a golden elixir directly from his body!

The golden elixir exuded a faint light, and Chen Ping reached out and took the golden elixir from Wan Hong's hand!

Chen Ping handed the golden elixir to Hu Mazi, because it was Xiaoyu's golden elixir!

Hu Mazi looked at the golden elixir in Chen Ping's hand, with complicated expressions in his eyes!

He slowly stretched out his hand and took the golden elixir. After hesitating for a moment, he opened his mouth and swallowed the golden elixir into his stomach!

A familiar feeling swept through Hu Mazi's body. At this moment, Hu Mazi seemed to have seen the woman who betrayed him but whom he loved deeply!

Hu Mazi stretched out his hand and stroked it gently in front of him, as if Xiaoyu was right in front of him!

These are all because of Chen Ping's mental power, in order for Hu Mazi to untie the knot in his heart!

Soon, Hu Mazi's face was covered with tears, and she gently hugged the air in front of her!

Chen Ping felt that the time had come, so he slowly took back his mental power!

"Xiaoyu...Xiaoyu..."

Hu Mazi shouted reluctantly, but Xiaoyu disappeared in front of him!

Wan Hong on the other side was also looking at Xiaoyu in horror. He was looking forward to Xiaoyu disappearing in front of him!

If Xiaoyu was still alive at this moment, I don't know what she would feel if she saw such a scene!

“ah.....”

Wan Hong woke up and looked at the blood on his chest, and he immediately screamed in pain!

Looking at his hands, he instantly understood that everything in front of him was an illusion, controlled by Chen Ping's mental power!

From this point of view, Wan Hong is still far behind Chen Ping in terms of mental strength!

“Do you have anything to say now?”

Chen Ping looked at Na Wan Hong coldly and said.

Wan Hong was facing Chen Ping at this moment. He was already convinced. He lowered his head and said: “Please, please spare my life. As long as you spare my life, I am willing to work for you...”

Chapter: 3056

“Spare you?” Chen Ping slowly looked at Hu Mazi: “Master Hu has the final say...”

Wan Hong was stunned and looked at Hu Mazi with a horrified expression!

But before Wan Hong could say anything, Hu Mazi had already rushed forward aggressively.

“Wan Hong, I want to avenge Xiaoyu...”

With that said, Hu Mazi slapped Wan Hong with one palm!

At this moment, Wan Hong was already seriously injured. Wherever he could escape, he was hit by Hu Mazi with one palm, and his brains exploded and he died!

Seeing that Wan Hong was dead, the anger in Hu Mazi dissipated instantly!

“Fortunately you didn’t destroy his body, otherwise it would be a pity to lose the golden elixir in his body...”

As Chen Ping spoke, he waved his hand and Wan Hong’s body exploded like a bomb!

A golden elixir was instantly thrown into the air, and Chen Ping caught it steadily!

Although Chen Ping is now the Great Wuhou, even if he swallows Wan Hong’s golden elixir, his strength will not increase much, but it is better than nothing!

Now Chen Ping is afraid that he has to swallow the golden elixir of the peak Great Wuhou, or even the Martial Saint, in order to increase his strength!

Zheng Kai, who was watching quietly from the side, his legs were already weak at this time!

He was glad to have listened to his father’s words. If he was still going against Chen Ping at this time, he would definitely not survive!

Now Zheng Kai began to admire his father for his ability to quickly adjust his thinking and choose to cooperate with Chen Ping when it was not good for the Zheng family!

Now it seems that this decision is definitely the most correct one. Even if we lose the Ten Thousand Years Herb and make friends with Chen Ping, it is definitely worth it!

Chen Ping followed Hu Mazi back to the hotel!

Zheng Kai went back to give Zheng Anguo his order!

Just when Chen Ping followed Hu Mazi back to the hotel, Zhou Jie also came back from the Demon Spirit Sect!

Only this time, Zhou Jie's face looked a little melancholy!

"Miss Zhou, what's wrong with you?"

Chen Ping asked.

"Oh, it's okay, maybe I'm a little tired..."

Zhou Jie quickly explained!

Chapter: 3057

Zhou Jie had San Gong water in his pocket, but he didn't want to give it to Chen Ping and Hu Mazi!

During this period of contact, Zhou Jie felt that Chen Ping was pretty good.

The most important thing is that Song Qingping's approach goes against the purpose of their Demon Spirit Sect!

"Since you are a little tired, then Miss Zhou, please take more rest!"

Chen Ping said.

Zhou Jie nodded, and then walked towards her room, but when she passed by Hu Mazi, Hu Mazi didn't even look at her, not even her white thighs!

This time, Zhou Jie was a little at a loss. She suddenly felt that Hu Mazi was a different person!

Zhou Jie paused deliberately, but Hu Mazi still didn't look at Zhou Jie!

This is what women are like. When you are stalking her every day, she regards you as the most annoying person. But one day you really ignore her and you can't stand it anymore!

Zhou Jie is like this now. Although she is often taken advantage of by Hu Mazi, Zhou Jie is very angry, but now that Hu Mazi suddenly stops talking and doesn't look at her, Zhou Jie is still a little uncomfortable with it.

In the end, Zhou Jie could only go back to the room with a confused look on her face, while Hu Mazi had a calm look on her face, and there was no longer that lustful look in her eyes.

Chen Ping knew that the reason why Hu Mazi had such a change was entirely due to Xiaoyu's golden elixir!

But this may be a good thing for Hu Mazi, and it will relieve the worries that he has been suppressing in his heart!

the next day!

Zheng Anguo sent people to hide a 3,000-year-old wild ginseng on the mountain, and all the people sent to surround the entire mountain were withdrawn!

I don't know how many sect families are staring at that place now. Even if people like Zheng Anguo are guarding, it is useless. They will also point out to those people the place where the ten thousand year old herb was born!

At night, the Ten Thousand Years Herb will be born, but during the day, no one is seen heading towards the place where the herb is born!

It's just that the atmosphere in Nanhu City has become a little weird!

On the surface, everything looks like normal, no different, but there is already an undercurrent!

I don't know how many sects and families have secretly formed alliances, because they know that when this ten thousand-year-old herb comes out, the mountains and the earth will collapse, and everyone will fight for their heads. If they are not absolutely powerful, then both sides will suffer!

Therefore, many sects and aristocratic families began to form alliances secretly, so that they could have an advantage when snatching the Ten Thousand Years Herb!

When the sky gradually darkened, Chen Ping, Hu Mazi and Zhou Jie began to head towards the place where the medicinal materials were to be born!

Along the way, Chen Ping let go of his spiritual consciousness and directly covered the surrounding area for more than ten miles!

Soon, all the masters who had been hiding in the dark were discovered by Chen Ping!

Chapter: 3058

"Chen Ping, there are actually a lot of masters hidden here. There are more than 20 of them in the Great Wuhou alone..."

Hu Mazi also felt the powerful aura around him and couldn't help but be surprised.

"I'm afraid this is only part of it. The allure of the Ten Thousand Years Herb is not small. Maybe all the sects and aristocratic families will come out in full force!"

Chen Ping frowned and said.

If this is the case, then Chen Ping must be even more careful and never let these people know where the Ten Thousand Years Herb was truly born!

The closer you get to the place where the medicinal herb was born, the stronger the aura becomes. Although those people are restraining their aura, so many masters together still create a strong sense of oppression!

If ordinary people passed by here, they would not dare to take a step at all!

Just as Chen Ping was emitting spiritual consciousness and constantly exploring the surroundings, there were also several auras coming towards Chen Ping and the others!

Chen Ping is probing those people, and those people are also probing Chen Ping!

They all tested each other, but no one took action. Everyone knew that the Ten Thousand Years Herb had not yet been born. If you start fighting at this time and waste your energy, you would be a fool!

“snort.....”

Hu Mazi also felt aura probing them, so he picked up a spell, and then drew on it with his fingers. A soft aura instantly merged with Chen Ping’s own aura!

This can cover up part of Chen Ping’s true strength. They cannot let the other party know their true strength at this time, otherwise there will be no suspense!

Chen Ping followed Hu Mazi and Zhou Jie to the place where the Ten Thousand Years Herb was about to be born, and then stopped. There were also many people approaching here. It seemed that many people had guessed that the Ten Thousand Years Herb was about to be born. The place.

“Chen Ping, you, the majestic master of Longmen, actually come to such a remote and remote place?”

Zhu Hao brought several people with him, then walked up to Chen Ping and asked.

“Your dignified eldest son from the Zhu family in Southwest China is here. Why can’t I come?”

Chen Ping said with a faint smile!

While speaking, Chen Ping’s consciousness instantly covered the old man brought by Zhu Hao!

Because Chen Ping could tell that among the people Zhu Hao brought, only the old man was the most powerful.

Just when Chen Ping was emitting his spiritual consciousness to explore the old man’s strength!

Suddenly, a terrifying aura burst out from the old man’s body, which shocked Chen Ping!

“The peak strength of Lord Wu?”

Chen Ping was shocked.

Chapter: 3059

Hu Mazi and Zhou Jie’s expressions all changed. It was obvious that they had also felt the aura just now.

Seeing Chen Ping’s expression, Zhu Hao smiled coldly: “Chen Ping, this place is not like Kyoto. In Kyoto, there are people to protect you, but there are none here. If you are here for the ten thousand-year-old medicinal herb, I advise you to hurry up.” Click to leave! ”

“Otherwise, with so many people eyeing that thousand-year-old medicinal herb, it would be your turn, and the province would be completely wiped out. Don’t blame me for not notifying you!”

When Chen Ping heard this, he couldn’t help but smile: “Then I have to thank Mr. Zhu, but I like to be lively. I like to go wherever there are many people!”

Seeing that Chen Ping refused to listen, Zhu Hao said: “Chen Ping, let me tell you the truth, our Zhu family has decided on these ten thousand-year-old herbs. I hope you will not stand in front of us, otherwise...”

Zhu Hao said with murderous aura exuding from his body.

“Thousand-year-old herbs are ownerless things and can be taken by anyone. Are you threatening me by saying this?”

After Chen Ping finished speaking, his face turned cold!

A strong sense of oppression instantly shook Zhu Hao’s body, and his face changed slightly!

When the old man next to Zhu Hao saw this, he directly defeated Chen Ping’s strong sense of oppression, which allowed Zhu Hao to take a breath!

Chen Ping glanced at the old man, didn’t say anything, but turned and left. He didn’t want to start a conflict with Zhu Hao yet!

“Chen Ping, it seems that it is really difficult to get the ten-thousand-year-old herb this time. I wonder if so many experts will be fooled.”

Hu Mazi whispered to Chen Ping.

“What did you fall for?”

Zhou Jie asked with curiosity on her face.

Because Zhou Jie was not there when Chen Ping was discussing countermeasures with Hu Mazi, so he didn’t know that Chen Ping and the others were planning to steal the news!

Hu Mazi did not explain, nor did he look at Zhou Jie!

This time, Zhou Jie felt a little uncomfortable all over. She didn't understand what was wrong with Hu Mazi?

"Did he realize that he was going to be detrimental to them?"

Zhou Jie started beating the drum in her heart!

In fact, Hu Mazi simply changed his mind a lot. At this time, Xiaoyu's golden elixir was in Hu Mazi's body, and the two of them were together in this way!

So Hu Mazi didn't dare to be tempted by other women or look at them randomly. He thought that Xiaoyu would also find out about it.

This shows that Hu Mazi is sincere towards Xiaoyu!

"Let's take it one step at a time, but with the support of the Zheng family, we may not have no advantages!"

Chapter: 3060

Chen Ping said slowly.

Now as long as these masters don't unite and fight independently, Chen Ping still has hope.

At this moment, there was a sudden commotion around, and the masters who had been hiding in the dark all appeared one after another, and all of them looked frightened!

"It's broken, it's broken. I didn't expect that the Hong family would send out the Eighteen Arhats..."

“I’m afraid no one else will have a chance now. The Hong family has brought all their bosses here!”

“Okay, we have a good show to watch. Even the Hong family, who are thousands of miles away, are here. It seems that the birth of this ten thousand-year-old medicinal herb is no longer a secret!”

Many experts around were talking with fear on their faces!

Chen Ping looked to one side and found that under the faint moonlight, a group of people were coming here quickly!

Most of the people in this group have shaved heads and their heads are very bright!

Chen Ping counted and found that there were eighteen people who had shaved their heads. These should be the eighteen Arhats among those people!

The leader of these people is Hong Qianjiu of the Hong family in East China.

Chen Ping had no impression of this Hong Qianjiu, and he had only seen him once on the day Longmen opened!

Moreover, these families are all spokespersons of major secret realms. They have only recently taken off their veils and been exposed to the public view of the martial arts world.

In a short period of time, these families have been able to have such a great influence in front of everyone in the martial arts world, which shows that these families themselves are quite powerful!

Soon, Hong Qianjiu led people over, and his keen eyes swept over everyone. Many people felt Hong Qianjiu’s gaze and turned their heads involuntarily.

Finally, Hong Qianjiu’s eyes rested on Chen Ping. Seeing that Chen Ping was there, Hong Qianjiu was obviously shaken!

He didn't expect Chen Ping to be here!

"I didn't expect that the famous Dragon Sect Master would be here too. It's been such a long time..."

Hong Qianjiu stepped forward and hugged Chen Ping!

Chen Ping also returned the greeting and said: "Master Hong, thank you very much. I am just an ordinary person, I just have better luck. How can I compare to Master Hong..."

"Master Chen, you're welcome!" Hong Qianjiu smiled lightly and then walked towards Zhu Hao!

When Zhu Hao saw Hong Qianjiu, his eyes were obviously filled with fear.

"Brother Ninth, I didn't expect that your Hong family would also get the news and come all the way here."

Zhu Hao stepped forward and followed Hong Qianjiu.
