

The Order 3061

Chapter: 3061

“It’s just a ten-thousand-year-old herb. It’s not worth traveling thousands of miles. I’m just passing by here, so I just came over to take a look!”

Hong Qianjiu said with a proud attitude.

“That’s right. I heard that the Hong family has a rootless land where rare things can’t grow. Where can I find these ten thousand-year-old herbs!”

Zhu Hao quickly flattered Hong Qianjiu!

Chen Ping listened to Hong Qianjiu’s words and regarded them as bragging. Now this young man likes to brag if he has some strength!

“Chen Ping, do these young people like to brag so much now?”

“Fortunately, you are different from them. If you were bragging like this every day, I would have been blown away by that!”

Hu Mazi chuckled.

“Freedom of speech, if people like to brag about it, we can’t control it!”

Chen Ping smiled lightly.

“Mr. Chen, what you said is wrong. Hong Qianjiu is really not bragging...”

At this time, a voice sounded from behind Chen Ping!

Chen Ping turned around and saw that Jiang Wei was walking over with a dozen people!

“Brother Jiang, why are you here too?”

Chen Ping asked with a surprised look on his face.

He didn’t expect that the emergence of this ten thousand-year-old herb would attract so many sect families!

And these are all the representative families of the Secret Realm in the secular world!

“I just brought people here to join in the fun!”

Jiang Wei smiled lightly.

“Brother Jiang, you just said that Hong Qianjiu was not bragging. Could it be that the Hong family really looks down on a thousand-year-old herb?”

Chen Ping asked.

Jiang Wei nodded: “Yes, as far as I know, the Hong family is probably the most resource-rich. I heard that the Hong family has a rootless land that can grow many rare herbs, so the Hong family has the richest resources! ”

“What the hell is Rootless?”

Chen Ping asked.

Chapter: 3062

Jiang Wei smiled awkwardly: “I don’t know either, I just heard about it!”

Seeing that Jiang Wei didn't know, Chen Ping did not ask further questions, but said to Jiang Wei:
"Brother Jiang, how did you know that this ten thousand-year-old herb was born? Did you bring people here to compete for this ten-thousand-year herb?" ?"

Seeing Chen Ping's question, Jiang Wei smiled and said, "Mr. Chen, I'm not bragging. A thousand-year-old medicinal herb is really not worth traveling thousands of miles to bring people here. We have other things to do, and we are just passing by." Here, I heard about this and stopped by to take a look."

"Is there anything else? What is it?"

Chen Ping asked curiously.

"this....."

Jiang Wei looked embarrassed.

When Chen Ping saw this, he quickly said: "Brother Jiang is in trouble, so don't tell me. As long as Brother Jiang doesn't come here to fight for the Ten Thousand Years Herb, otherwise I really don't know what to do!"

"Don't worry, Mr. Chen. Since you want the ten thousand-year-old herb, I won't do it. If Mr. Chen needs it, I can help you!"

Jiang Wei said.

"I appreciate Brother Jiang's kindness. I won't use it for the time being. If necessary, I will inform Brother Jiang!"

Chen Ping doesn't want Jiang Wei to help yet. Although when Chen Ping went to the Ge family's land, Jiang Wuya, the owner of Tianluo Tower, said that as long as Chen Ping has something to do, the Jiang family can help him, but Chen Ping still doesn't want to let him go. Jiang Wei help!

“Mr. Chen, if you need anything, just say hello to me!”

“I’ll go over and say hello...”

After Jiang Wei finished speaking, he walked over and followed Zhu Hao and Hong Qianjiu to say hello!

At this time, there were many sects and aristocratic families around, as well as martial arts masters. Seeing that several families that had recently become famous and appeared suddenly appeared, and they all brought many masters with them, they all started to beat drums in their hearts!

Some people had the idea of quitting and slipped away quietly. Although the universal herb is tempting, the prerequisite is that you have a life to endure it!

If your life is gone, the ten thousand-year-old medicinal herbs will be of no use!

As time passed, the moon hung high in the sky, and the bright moonlight shone on the mountain forest, making the mountain forest look even more holy!

Zheng Anguo led the most elite people of the Zheng family to come, whether they were Da Wuhou or Wuhou, they all moved in full force!

But when Zheng Anguo arrived with his people, looking at the people from the major families in front of him, he felt panic in his heart!

Fortunately, he evacuated his people in advance and chose to cooperate with Chen Ping. If he had forcibly sealed off this place because it was his own territory and obtained the Ten Thousand Years Herb alone, all the elite members of the Zheng family would have become corpses by now!

In that case, the Zheng family is the common enemy of these people in front of them. How powerful is the Zheng family to deal with the attacks of so many aristocratic families!

“Mr. Chen...”

Chapter: 3063

Zheng Anguo walked up to Chen Ping and shouted!

“Master Zheng, are you ready?”

Chen Ping asked.

“Everything is ready, but the time is about to come. If the real ten-thousand-year-old herb is born, there will definitely be changes in the world. I’m afraid I won’t be able to hide it from them!”

Zheng Anguo said.

“Don’t worry, I have improved it on top of the formation that Wan Hong arranged. This formation can suppress the ten thousand-year-old herb.”

“At that time, as long as these people are attracted elsewhere, the thousands-year-old medicinal herb will cause changes in the world, and those people will be too late!”

Chen Ping said confidently.

Now everyone is waiting with their own hidden agendas!

Waiting for the moment when the Ten Thousand Years Herb arrives!

“Brother Ninth, this time the Ten Thousand Years Herb comes out, I think Chen Ping is bound to win it!”

Zhu Hao took the initiative to approach Hong Qianjiu and said.

“It’s inevitable that we will win. What does it have to do with me...”

Hong Qianjiu just came to see the excitement and didn't care who got the ten thousand-year-old herb!

"Brother Ninth, Chen Ping is now considered the leader of the younger generation in the martial arts world. Now the world only knows him, Chen Ping. Who else knows Brother Ninth? You can't be overshadowed by Chen Ping!"

"If Chen Ping gets the Ten Thousand Years Herb, his strength will definitely increase greatly. By then, I'm afraid we will only be stepped on by him!"

Zhu Hao encouraged Hong Qianjiu in a low voice!

But Hong Qianjiu is not a fool. When the ceremony was held in Longmen, Hong Qianjiu went there because he wanted to step on Chen Ping and ascend to the throne!

It was only because of the appearance of Mr. Shi and the envoys from the island countries that none of them took action against Chen Ping!

But now, Hong Qianjiu doesn't want to compete with Chen Ping, because he has more important things to go!

"Zhu Hao, when did you learn to be so evil? Do you want to provoke me and let me deal with Chen Ping?"

"I'm telling you, don't think of me as a fool. Whoever wants the Ten Thousand Years Herb has nothing to do with me. I just came over to watch the excitement."

"I believe you brought so many experts here not just for these ten thousand-year-old herbs, right? We all know in our hearts what is important."

Hong Qianjiu scolded Zhu Hao. Zhu Hao looked a little ugly, but he didn't dare to say anything!

Chapter: 3064

At this time, not far away, two people dressed in black, hiding themselves in the dark, were quietly looking at the people in front of them!

Although many of these people were at the peak of Da Wuhou's strength, no one noticed these two people!

These two people were Song Qingping and Ning Zhi. They seemed to be worried about the ten thousand-year-old medicinal herbs, so they came to take a look.

The moon in the sky is getting rounder and rounder. Seeing that midnight is approaching, everyone's mood becomes complicated!

Some people started to have shortness of breath!

"The time has come..."

Suddenly someone shouted, and everyone couldn't help but look at the time!

It's a pity that when the time came, everyone didn't wait for the birth of the Ten Thousand Years Herb, and the entire mountain forest was still as peaceful as ever!

"What's going on? Did you calculate the wrong date?"

When Zhu Hao saw this, he couldn't help but frown!

Others also started talking about it. Logically speaking, so many people knew it was today, so it shouldn't be wrong!

"Could it be that the place is wrong?"

someone said.

“Yes, it must be the wrong place. The place where the Ten Thousand Years Herb was born is not here.”

Some people started to pinch their fingers and recalculate the place where the thousand-year-old medicinal herbs were born!

Chen Ping winked at Hu Mazi at this moment, and Hu Mazi left with understanding!

Not long after, a dark cloud suddenly appeared in the sky in the southwest where everyone was. The dark cloud blocked the moonlight, and was accompanied by a rumbling sound!

This vision instantly attracted everyone’s attention, and they all looked toward the southwest!

“The Ten Thousand Years Herb was born, but it’s not here...”

Not only did someone shout, but everyone ran towards the southwest!

Jiang Wei looked at the strange phenomenon in the southwest and was curious to go over and have a look. However, he saw that Chen Ping was motionless, so he asked curiously: “Mr. Chen, why don’t you go over? Don’t you want to Do you want to get the thousand-year-old herb?”

Chen Ping smiled and said: “The thing born there is definitely not a ten thousand-year-old herb...”

Jiang Wei was stunned and didn’t know why Chen Ping was so confident, but he couldn’t resist his curiosity and ran towards the southwest!

At this moment, Hu Mazi was there, the talismans in his hands hitting the sky one after another!

Chapter: 3065

Rumble.....

The thunder roared louder, and it was accompanied by waves of tremors on the earth!

“Chen Ping, when you get the Ten Thousand Years Herb, you can’t forget me...”

Hu Mazi was already sweating profusely at this moment!

You know, it takes quite a lot of energy to perform this kind of magic!

Everyone felt the tremor of the earth, and the speed became even faster!

Seeing everyone getting closer and closer, Hu Mazi instantly hit a spell on the ground, and then the ground began to crack, as if something was about to rise into the sky!

“The Ten Thousand Years Herb is about to be born...”

Zhu Hao, who was the first to arrive, shouted excitedly as he watched the earth continue to rise.

Then others hurriedly arrived!

Everyone watched the ground rise and fall, their hearts in their throats, and they unconsciously held weapons in their hands.

boom!

There was another roar, and then a ray of light rose into the sky, and the dark clouds in the sky were instantly washed away by this ray of light!

“Born...”

Zhu Hao was so happy that he jumped up and headed straight for the light!

At the same time, countless people around them rose up from the ground. For the ten thousand years of medicinal herbs, these people were afraid that they would even risk their lives!

Since they chose to stay, they planned to fight tooth and nail.

“Stop them...”

Seeing this, Zhu Hao hurriedly ordered loudly.

I saw the men brought by Zhu Hao began to stop those who were rushing towards the Ten Thousand Years Herb!

As for the old man from the Zhu family, a terrifying aura erupted from his body, and he shot out both palms, and in an instant several figures were knocked away.

Da Wuhou’s peak strength is no joke!

The old man waved his palms like a tiger descending from the mountain. There was no way for anyone else to get close to the thousand-year-old herb!

Seeing the ferocity of the old man, many people did not dare to step forward, let alone have any thoughts about the ten thousand-year-old medicinal herbs!

Chapter: 3066

Everyone in the Zhu family formed a circle and surrounded Zhu Hao. At this moment, Zhu Hao grabbed a wild ginseng in mid-air!

“Hahaha, I got it, I got it...”

Zhu Hao laughed excitedly.

Everyone looked at the wild ginseng in Zhu Hao's hand, with greed and envy shining in their eyes!

Zhu Hao is not afraid of those people. He only sets his sights on Hong Qianjiu. As long as Hong Qianjiu doesn't want the herb, no one can take the herb away from him!

Someone looked at the herbs in Zhu Hao's hand and couldn't bear it anymore. He jumped up and headed towards Zhu Hao, trying to snatch the herbs from Zhu Hao's hand!

"court death....."

The old man snorted coldly, and then clapped out with a palm!

boom!

The old man waved his hand, and the guy who wanted to snatch the herbs was shot to death instantly.

This time, no one dared to snatch it, they could only look at Zhu Hao with envy!

And at the same time on the other side!

Hu Mazi ran back panting and said to Chen Ping: "Chen Ping, those fools have been fooled, hurry up and take away the Ten Thousand Years Herb. You owe me a favor, you almost exhausted me to death!"

"Don't worry, Master Hu, I will definitely remember it!"

Chen Ping smiled slightly, then pinched his fingers, and then the ground began to tremble slightly!

Soon, black stones rose into the sky, shining brightly in the moonlight!

“break.....”

Chen Ping waved his hand, and the black stones exploded instantly, and the formation set up by Wan Hong also disappeared instantly!

The moment the formation disappeared, the entire mountain forest was instantly illuminated by a strange light!

I saw a thousand-year-old Polygonum multiflorum growing quietly on the ground!

Polygonum multiflorum exudes golden light, and the bright light outshines the moonlight!

When they saw this thousand-year-old Polygonum multiflorum, everyone’s eyes widened with disbelief!

“This...this is the Ten Thousand Years Herb...”

Zheng Anguo was trembling all over. This was the first time he had seen this ten-thousand-year-old medicinal herb!

Chapter: 3067

Everyone was staring at the ten thousand-year-old Polygonum multiflorum, but Chen Ping was stunned on the spot!

Because he discovered that the ten thousand-year-old Polygonum multiflorum actually came from the resource land discovered in the secret realm of the Demon Spirit Sect.

After Chen Ping entered it for the second time, he found that the thousand-year-old Polygonum multiflorum slowly disappeared!

But I didn't expect that it would appear here!

"Could it be that the medicinal herbs in it will eventually be born in this secular world?"

Chen Ping was full of surprise and couldn't figure out what this was for.

"Chen Ping, hurry up and pick these thousand-year-old Polygonum multiflorum..."

Hu Mazi urged Chen Ping.

"Oh!" Chen Ping nodded, and then headed towards the ten thousand-year-old Polygonum multiflorum!

Chen Ping was extremely excited at this moment!

But just when Chen Ping was about to approach the ten thousand-year-old Polygonum multiflorum, a thunder suddenly struck!

Rumble.....

This thunder struck instantly on the ten thousand-year-old Polygonum multiflorum, and then the Ten-thousand-year-old Polygonum multiflorum exuded a burst of terrifying power!

The huge force directly knocked over the people around him, even Chen Ping was no exception, his body was hit far away!

Dark clouds began to gather in the sky, and streaks of blue lightning flashed through the dark clouds, seemingly looking for their target!

Chen Ping stood up, looked at the ten thousand-year-old Polygonum multiflorum, and suddenly jumped up!

No matter what, he must get this ten thousand-year-old Polygonum multiflorum!

But just when Chen Ping was about to touch the thousand-year-old Polygonum multiflorum, another thunderbolt was suddenly drawn down, and the huge force blew Chen Ping away again!

“It seems that it is not easy to get this ten thousand-year-old medicinal herb!”

Chen Ping frowned slightly.

“That’s of course. Before a ten-thousand-year-old medicinal herb like this is born, it is usually surrounded by spiritual beasts to protect it. Now this ten-thousand-year-old Polygonum multiflorum is not protected by spiritual beasts. It seems that the thunder and lightning in the sky are protecting it.”

Hu Mazi looked up at the thunder and lightning in the air and said.

“We have to find a solution quickly, otherwise those people may come back!”

Zheng Anguo reminded.

Chapter: 3068

With such a vision, those people who just ran away will definitely turn back.

When Chen Ping wants to get the Thousand Years Polygonum multiflorum, I’m afraid it won’t be that simple.

“Indestructible golden body...”

Chen Ping shouted angrily, his body glowed with golden light, and golden scales covered his body!

Chen Ping planned to resist the thunder and lightning attack and get the ten thousand-year-old Polygonum multiflorum!

Chen Ping activated his indestructible golden body, coupled with his powerful physical body, and headed towards the ten thousand-year-old Polygonum multiflorum!

Just when Chen Ping was approaching the Ten Thousand Years Polygonum Multiflorum, a thunderbolt was drawn down and struck Chen Ping hard!

Rumble.....

This bolt of lightning struck Chen Ping and instantly destroyed Chen Ping's indestructible golden body. Chen Ping's legs also bent under the huge force!

But soon, Chen Ping gritted his teeth, stood up straight, and grabbed the ten thousand-year-old Polygonum multiflorum!

But just when Chen Ping was about to catch the thousand-year-old Polygonum multiflorum, another thunder suddenly struck!

Rumble.....

This thunder struck Chen Ping, and Chen Ping's body fell to the ground with a thud, and his clothes instantly became tattered!

Chen Ping gritted his teeth, struggled to hold himself up, and wanted to grab the ten thousand-year-old Polygonum multiflorum!

But what followed was another thunder!

boom!

This time, Chen Ping's entire body actually sank into the mud, and there was no movement for a long time!

At this time, Hu Mazi and Zheng Anguo were a little panicked!

"Chen Ping, withdraw quickly..."

Hu Mazi shouted, he knew that if Chen Ping persisted like this, he would probably be blown to pieces by the thunder!

At this moment, the two men in black hiding in the dark had surprise in their eyes!

"Lord Demon Envoy, it seems that you are really good at predicting things. This ten thousand-year-old herb is really not that easy to obtain. Letting Chen Ping be the dead ghost is definitely a quick move."

Song Qingping said to Ning Zhi.

"Have everyone made arrangements? If anyone follows Chen Ping to snatch these ten thousand-year-old herbs, you should help Chen Ping with your cooperative will!"

Chapter: 3069

"Anyway, the ten-thousand-year-old medicinal herb will fall into our hands in the end, and it will make Chen Ping grateful."

Ning Zhi asked.

"It's been arranged. Now as long as I give the order, those people will appear."

Song Qingping said.

Ning Zhi nodded, and then looked at Chen Ping again. He found that Chen Ping had rolled his body out of the soil, away from the ten thousand-year-old Polygonum multiflorum!

“Chen Ping, are you okay?”

Hu Mazi stepped forward and asked.

“It’s okay, how can this thunder and lightning be so powerful? It’s more powerful than my tribulation!”

Chen Ping stood up slowly and looked at the ten thousand-year-old Polygonum multiflorum, a little at a loss!

Zhu Hao on the other side, after getting the medicinal herbs, was about to leave, but suddenly found that there was a rumbling sound from where they were just now!

Then there was a black cloud in the sky, and within the black cloud, countless blue lightnings were constantly shuttling!

This kind of vision is far more spectacular than this one!

“Will two thousand-year-old herbs be born today?”

Someone said in confusion.

Zhu Hao held the wild ginseng in his hand, frowned slightly and said, “It’s broken, we may have been fooled...”

In fact, when Zhu Hao got the wild ginseng, he was a little suspicious, because the smell exuding from the wild ginseng was not like a ten thousand-year-old medicinal herb.

But at this juncture, Zhu Hao was not sure!

But now he saw that where they were just now, there were frequent strange phenomena, and Chen Ping didn't come with them at all, he knew that he might have been deceived!

"Go back quickly..."

Zhu Hao roared and quickly headed towards where he was just now!

Hong Qianjiu looked at the strange phenomena in the sky and earth, and said lightly: "This Chen Ping seems to be much smarter than I thought!"

Hong Qianjiu also rushed back with his people, and Jiang Wei heard what Chen Ping had just said to him, and he understood what it meant!

Soon, everyone who left rushed back.

When they saw the golden glow of the ten thousand-year-old Polygonum multiflorum, they realized that this was the real ten-thousand-year-old herb in front of them!

Chapter: 3070

What Zhu Hao got was just a fake. You have to know how it was possible to get the Ten Thousand Years Herb so easily.

Looking at the Ten Thousand Years Herb in front of them, some people couldn't control themselves and rushed towards the Thousand Years Polygonum multiflorum!

But just as we got closer, we haven't encountered the thousand-year-old Polygonum multiflorum yet!

A thunder and lightning struck in the sky!

That man was wiped out in an instant, not even a scrap was left!

Seeing this scene, no one dared to move forward easily!

Zhu Hao frowned and said to the old man beside him: “Old Qiu, can you get the ten thousand-year-old Polygonum multiflorum?”

Because it was protected by lightning, Zhu Hao didn’t dare to risk it. If it was beaten to ashes, he would be finished, and he might not even have a chance to be reborn!

“I don’t know, but if you give me time, I can do it!”

The old man spoke.

Zhu Hao frowned. With so many people watching eagerly, how could they give him time?

If he could drive away all the people in front of him, then Zhu Hao could spend a few days slowly taking out the ten thousand-year-old Polygonum multiflorum.

“This Polygonum multiflorum has been fixed by me. If you don’t want to die, please leave quickly, otherwise don’t blame me for being rude...”

Chen Ping glanced at everyone with cold eyes and said.

With so many people watching, Chen Ping knew that if he couldn’t withstand the thunder and lightning, these people would probably swarm him.

Therefore, he planned to drive these people away and then find a way to take out the Thousand Years Polygonum multiflorum.

“Chen Ping, this thousand-year-old Polygonum multiflorum is an ownerless thing. Whoever gets it belongs to whoever gets it. If you haven’t got it yet, you just say it’s yours and threaten us to leave. Aren’t you a little too domineering?”

Zhu Hao stepped forward, looked at Chen Ping coldly and said.

“Leave or die, you can choose for yourself!”

The terrifying aura on Chen Ping’s body began to erupt, spreading to the surroundings instantly!

Chen Ping knew that if he couldn’t suppress these people at this time, there would be endless troubles later!

Feeling the terrifying aura on Chen Ping’s body, everyone’s expressions changed slightly, and some began to waver and flinch!

Originally, many people couldn’t get the ten-thousand-year-old medicinal herb, so why stay here and seek death!

“Since this Chen Ping dares to go against the Martial Arts Alliance, he must be really capable.”
