

## **The Order 3111**

Chapter: 3111

After the dragon-slaying sword circled in the air, it instantly slashed towards Song Qingping!

Song Qingping was startled and quickly retreated. At this moment, the tornado was also directly chopped into pieces by the huge sword light at the moment Song Qingping retreated!

The terrifying power spread in all directions, and Chen Ping's body was blown back by the spreading power!

But Song Qingping was in trouble. The Dragon Sword had a sword spirit. Song Qingping hurriedly used vines to trap the Dragon Sword!

But they were all cut off by the sharp sword light of the Dragon-Slaying Sword!

boom!

The dragon-slaying sword slashed down instantly!

I saw that Song Qingping's arm had been cut off, and there was a lot of blood, and the aura on his body instantly became sluggish.

Song Qingping looked at his broken arm, his eyes filled with disbelief.

The Lingmu Jue disappeared. At this time, Song Qingping returned to his original appearance, half-kneeling on the ground!

"How could this happen? How could this happen..."

Song Qingping murmured to himself!

He is the pinnacle of the Great Wuhou, and this is the secret realm of the Demon Spirit Sect. He can call upon the power of law, and he has used the Spiritual Wood Technique!

Why is the result still like this?

Song Qingping looked at Chen Ping in disbelief. He really couldn't understand why!

Why could Chen Ping, a middle-level Great Wuhou, be able to hurt himself!

The dragon-slaying sword returned to Chen Ping's hand, and then Chen Ping pointed the sword at Song Qingping and said: "If you still have any ability, just use it. If you don't have it anymore, then go to hell..."

After Chen Ping finished speaking, he swung the dragon-slaying sword in his hand towards Song Qingping!

"Wait a moment....."

Just when Chen Ping was about to take action, Zhou Jie suddenly stopped Chen Ping!

Chen Ping looked at Zhou Jie and said, "Miss Zhou, what do you mean? Are you going to plead for Song Qingping?"

Zhou Jie shook her head: "I won't plead for him. I just want to ask him why, why he cheated on me..."

With that said, Zhou Jie walked up to Song Qingping, looked at Song Qingping with anger in her eyes and asked: "You hurt me, you ruined my life, why? Why did you do this to me?"

Song Qingping lowered his head slightly, not daring to look into Zhou Jie's eyes, and said slowly: "I have no choice. I have been controlled by the Demon Heart Sect. They gave me poison. If I don't obey, they will kill me!"

Chapter: 3112

Song Qingping explained that he wanted to win Zhou Jie's sympathy so that he might be able to survive!

"I don't want to hear this. I don't care if you betray the Demon Spirit Sect, but why are you doing this to me? Am I just your plaything, a tool for you to vent?"

Zhou Jie roared angrily, what she was talking about was the rude violence that Song Qingping had just done to her.

"No, no, I really love you. You are not a plaything. You have to believe me."

Song Qingping quickly shook his head in denial!

"I don't believe it, I don't believe it, you are just a beast..."

Zhou Jie cried and reached out to hit Song Qingping!

Song Qingping didn't move and let Zhou Jie beat him. Soon, Song Qingping's eyes flashed with light. When no one was paying attention, he grabbed Zhou Jie and stuck one hand firmly on Zhou Jie's neck. !

At this moment, Zhou Jie was stunned. She wanted to break free, but she couldn't break free at all!

"Chen Ping, get out of the way, all of you, get out of my way..."

Song Qingping held Zhou Jie hostage and shouted loudly!

He planned to escape, escape from the secret realm of the Demon Spirit Sect, and then go to find the Demon Heart Sect.

Seeing Zhou Jie being kidnapped, Hu Mazi became nervous!

“Song Qingping, if you fucking dare to touch her, I will cut him into pieces.”

Hu Mazi yelled at Song Qingping!

But Song Qingping didn't care, and said with a cold smile: “You old pervert, I know you like her, staring at her big white legs with your eyes, but you can only look at it, but I have already I'm tired of playing, what qualifications do you have to threaten me here?”

Song Qingping's words made Hu Mazi immediately speechless!

Zhou Jie looked ashamed and cursed at Song Qingping: “Song Qingping, you beast, kill me if you can, kill me...”

“Mr. Chen, please leave me alone, kill him, kill him...”

Song Qingping suddenly exerted force on his hand, and Zhou Jie was instantly speechless!

“Chen Ping, get out of the way quickly. As long as you let me go, I won't kill her.”

Song Qingping said to Chen Ping.

“Whether you kill her or not doesn't seem to have much to do with me. She is from the Demon Spirit Sect, and we have only known each other for a short time. We are not even ordinary friends. Why should I risk my life for her?” Are you letting me go?”

Chen Ping sneered disdainfully.

Chapter: 3113

When Song Qingping heard this, he was stunned, and then continued to increase his strength with his hands: “I tell you, I really know how to kill him, you think clearly...”

“Kill, you kill her, I will kill you...”

Chen Ping walked towards Song Qingping!

But when Chen Ping walked towards Song Qingping, he quietly glanced at Hu Mazi!

Hu Mazi understood it and quietly came to Song Qingping’s side!

“Stop, stop for me. If you take a step forward, I will kill her...”

Song Qingping started to retreat and said loudly to Chen Ping.

Chen Ping sneered and did not stop, which made Song Qingping panic!

However, Song Qingping’s attention was all on Chen Ping at this time, and he did not notice that Hu Mazi had arrived beside him!

Just as Song Qingping continued to retreat, a sharp palm wind suddenly struck from the side!

I saw Hu Mazi taking action towards Song Qingping!

Seeing this, Song Qingping instinctively waved his palm towards Hu Mazi to stop Hu Mazi’s attack!

Because Song Qingping had a broken arm, he would definitely let go of Zhou Jie with this palm strike!

Chen Ping took the opportunity to grab Zhou Jie and hurriedly pulled him back from Song Qingping!

Bang!

Song Qingping followed Hu Mazi in the palm of his hand!

Although Song Qingping was injured, after all, Da Wuhou was at the peak of his strength, and Hu Mazi was no match for him!

I saw Hu Mazi's body flying backwards instantly, and a mouthful of blood spurted out!

Hu Mazi fell heavily to the ground.

"Master Hu..."

When Zhou Jie saw this, her eyes were full of connections and she rushed over!

Song Qingping turned around and wanted to run away, but Chen Ping took action with the Dragon-Slaying Sword in his hand, and the Dragon-Slaying Sword directly penetrated Song Qingping's body.

Looking at his pierced body, Song Qingping fell to the ground with a thud!

Until death, Song Qingping's eyes had not closed!

Chapter: 3114

On the other side, Zhou Jie held Hu Mazi's head tightly and kept wiping the blood from the corners of Hu Mazi's mouth.

"Master Hu, wake up, wake up..."

Zhou Jie shouted with concern!

Hu Mazi, on the other hand, had her eyes closed tightly, her head in Zhou Jie's arms, and waves of body fragrance penetrated her nose!

Chen Ping walked over and just glanced at Hu Mazi, with a faint smile on his lips!

"Mr. Chen, look at Master Hu, look at him..."

Zhou Jie asked Chen Ping to look at Hu Mazi and treat him!

And she looked at Song Qingping who was still dead, ran over, took a knife, and slashed at Song Qingping's body!

Blood splattered, and Song Qingping's body was almost chopped into pulp by Zhou Jie. The scene was too horrific to watch.

Chen Ping put a hand on Hu Mazi's wrist, and with a slight exertion, Hu Mazi opened his eyes, and then winked at Chen Ping desperately!

After Zhou Jie finished venting, she turned around and walked over, asking anxiously: "Mr. Chen, how is Master Hu?"

Chen Ping looked solemn, and then sighed: "Master Hu is seriously injured. I need to take him back to the hotel for treatment."

After speaking, Chen Ping looked at Jiang Wei and said, "Brother Jiang, please send someone to carry Master Hu back to the hotel. I want to treat him."

Jiang Wei nodded and immediately ordered the Jiang family to carry Master Hu out of the secret realm!

Zhou Jie was concerned about Hu Mazi's safety, so she went with him!

“Mr. Chen, thank you so much.”

Deacon Lu stepped forward and said with gratitude on his face.

“No need to thank me, I’m doing it for myself. As for your Demon Spirit Sect’s affairs, you can handle it yourself.”

After Chen Ping finished speaking, he glanced at the people from the Demon Spirit Sect, and then left with Jiang Wei!

How Deacon Lu deals with those who betrayed the Demon Spirit Sect is his business. Chen Ping will not get involved or care!

Back at the hotel, Zhou Jie was carefully wiping the blood from the corners of Hu Mazi’s mouth!

“Ms. Zhou, I’m going to treat Master Hu. You should stay out of the way first!”

Chen Ping said to Zhou Jie.

Zhou Jie nodded and then walked out of the room. After walking out of the room, Chen Ping patted Hu Mazi on the shoulder: “Okay, Zhou Jie is out.”

Chapter: 3115

Hu Mazi opened his eyes and said intoxicatedly: “It’s so similar, so soft...”

Seeing Hu Mazi like that, Chen Ping couldn’t help but sigh: “I thought you had changed your ways, but I didn’t expect you were still the same.”

After Hu Mazi swallowed Xiaoyu’s golden elixir, he changed a lot. Chen Ping thought that Hu Mazi would completely change!

“What the hell, I really like this girl, not just to sleep with her.”

Hu Mazi said seriously.

“Then you don’t care that Zhou Jie’s body has been slept with?”

Chen Ping asked.

Hu Mazi shook his head: “I don’t care. I am an old man and have slept with many people. As long as she doesn’t dislike me.”

“Okay, don’t worry about it. I’ll help you. Just lie down...”

Chen Ping asked Hu Mazi to lie down and closed his eyes again!

After Chen Ping adjusted his mood, he walked out of the room, while Zhou Jie was waiting in the corridor. When she saw Chen Ping coming out, she immediately greeted him.

“Mr. Chen, how is Master Hu?”

Zhou Jie asked.

“Hey!” Chen Ping sighed, then hesitated and said: “Master Hu’s internal organs were impacted and seriously injured. I’m afraid... I’m afraid...”

Chen Ping’s hesitant look made Zhou Jie suddenly nervous!

“Mr. Chen, you have to save Master Hu no matter what. He did this because he saved me. As long as you can save her, I can do anything you want.”

With that said, Zhou Jie actually wanted to kneel down to Chen Ping!

Chen Ping hurriedly grabbed Zhou Jie and said, "You don't have to be like this, Miss Zhou. It's not impossible for Master Hu to save her, but it requires a little effort from you."

"What do I need to pay?" Zhou Jie asked.

"This this....."

Chen Ping looked embarrassed, then whispered into Zhou Jie's ear!

After finishing speaking, Chen Ping's face turned red, but Zhou Jie acted very calmly!

"As long as I can save Master Hu, I'm willing to do anything. I'm already a bad woman, so there's nothing else I can't do."

After saying that, Zhou Jie opened the door and walked into the bedroom!

Chapter: 3116

Chen Ping felt a little complicated when he saw Zhou Jie walking into the bedroom. He didn't know if it was right to deceive Zhou Jie like this, but looking at Zhou Jie like this, he must have a good impression of Hu Mazi!

Looking at the time, he found that it was almost dawn. Chen Ping went back to his room to rest!

This night made him very tired, but Chen Ping was lying on the bed and soon heard movement from his arm!

Then came the shouts of Zhou Jie and Hu Mazi.

At this time, Chen Ping was confused. Their two rooms were next to each other. He didn't expect that the sound from the next door could be heard so clearly!

Chen Ping was lying on the bed with his eyes closed, but he couldn't fall asleep. The voices of Zhou Hao and Hu Mazi could be heard in his ears. It had been more than ten minutes and he had no intention of stopping!

Chen Ping suddenly sat up from the bed, with a look of despair on his face!

He was simply looking for trouble for himself. He followed Hu Mazi to do this, and it made him unable to sleep.

In the end, Chen Ping had no choice but to chat with Jiang Wei.

When Jiang Wei saw Chen Ping coming, he made tea for Chen Ping, and then the two sat face to face and chatted.

"Brother Jiang, your families all suddenly came to this place. Is there something important going on?"

Chen Ping asked Jiang Wei.

"Mr. Chen, don't you already know that Penglai Island is the place where the spiritual energy is revived, so we were originally going to Penglai Island. We wanted to occupy Penglai Island before the spiritual energy was revived. Then we can take the initiative."

Jiang Wei said.

"So many families want to go to Penglai Island, and there will definitely be a fight. Such a melee will bring disaster to every family."

Chen Ping said.

"Of course I know these things, but now all the major sects in the secret realm want to occupy the place where the spiritual energy is revived, so that they can make adequate preparations before the spiritual

energy of the whole world is revived. Our families are the ones in the secret realm. He is the spokesperson of the big family, so he can only follow orders.”

Jiang Wei understood what Chen Ping meant, but he couldn't make the decision!

“Is there a way to prevent the spiritual energy from reviving? If the spiritual energy really recovers and the sects and families in the major secret realms leave the secret realm, then this time will be chaotic, and all ordinary people will be unlucky by then.”

Chen Ping knew that after these immortal cultivating families left the secret realm, no one in the secular world would be able to restrain them. Then wouldn't ordinary people become ants?

When the time comes when major sects and families fight for resources, ordinary people will suffer!

All Chen Ping wants to do is prevent the spiritual energy from reviving and keep those families in the secret realm staying in the secret realm!

The reason why the secular world has laws of heaven and earth that suppress people in the secret realm is God's will. After the spiritual energy is revived, the whole world will be in chaos.

“Mr. Chen, do you want to prevent the resurgence of spiritual energy?”

Chapter: 3117

Jiang Wei looked surprised, then shook his head and said: “I don't know if it can be stopped, but this revival of spiritual energy was probably planned thousands of years ago, so no one can stop it.”

Chen Ping frowned slightly, regardless of whether he could prevent the spiritual energy from reviving, he still wanted to visit Penglai Island.

Unknowingly, Chen Ping chatted with Jiang Wei until dawn. When Chen Ping came out of Jiang Wei's room and was about to go back to his own room, he met Zhou Jie walking out of Hu Mazi's room with a rosy face!

The two people looked at each other, and Zhou Jie's face turned red instantly!

"Mr. Chen, you actually learned how to lie..."

After Zhou Jie finished speaking, she turned around and ran away.

Hu Mazi stretched and walked out with a satisfied look on his face!

After seeing Chen Ping, he patted Chen Ping on the shoulder and said, "Chen Ping, thank you so much. If you need me in the future, just speak directly."

Seeing Hu Mazi's satisfied look, Chen Ping smiled lightly: "Now you are satisfied, you should treat others well in the future."

"That's natural. Zhou Jie will be my wife from now on."

Hu Mazi nodded!

Just when Chen Ping was about to take a rest, Xu Changsheng arrived with the Shennong Cauldron!

Xu Changsheng traveled all day and night, for fear of delaying Chen Ping's affairs!

Looking at the Shennong Cauldron, Chen Ping felt a little excited. He didn't know what kind of elixir he could produce with these ten thousand years of Polygonum multiflorum.

After explaining a few words to Xu Changsheng, Chen Ping asked Hu Mazi to protect the law, and he began to refine the elixir!

However, in order to prevent accidents, Chen Ping also asked Jiang Wei to send someone to guard his room!

He was really afraid that Hu Mazi was on his honeymoon right now and might go to bed secretly!

After placing the Shennong Cauldron, Chen Ping gently threw the ten thousand-year-old Polygonum multiflorum directly into the Shennong Cauldron!

Then Chen Ping sat cross-legged, and light blue flames flashed on the palms of his hands. This was the spiritual fire for refining elixirs!

Chen Ping flicked his finger and immediately threw himself into the Shennong Cauldron. Soon the Shennong Cauldron was burning with blazing flames!

Chen Ping closed his eyes slightly, held his breath and concentrated, focusing all his attention on alchemy!

Under the burning of the spiritual fire, the Thousand Years Polygonum multiflorum slowly turned into liquid, and waves of pleasant fragrance came out from the Shennong Cauldron!

time flies.....

In the blink of an eye, three days passed, and at this moment, the Shennong Cauldron began to emit bright and colorful light!

Chapter: 3118

The light became brighter and brighter, and even the entire hotel seemed to be wrapped in this bright light!

Feeling the aura coming from Chen Ping's room, both Hu Mazi and Jiang Wei were shocked!

When Zheng Anguo from the Zheng family saw the strange phenomenon in the hotel, he hurriedly led Zheng Kai towards the hotel!

"Dad, what's going on? Why did something strange suddenly appear in the hotel?"

Zheng Kai asked Zheng Anguo on the road.

“This should be the birth of a magical elixir. Mr. Chen must be using the ten thousand-year-old Polygonum multiflorum to refine the elixir...”

Zheng Anguo said excitedly.

Zheng Anguo followed Zheng Kai and accelerated his pace. At this time, in the hotel, Hu Mazi followed Jiang Wei and stood outside Chen Ping’s room, waiting quietly!

Buzz.....

Suddenly, the Shennong Cauldron in Chen Ping’s room buzzed, and then radiated light!

Colorful lights instantly rushed into the sky. This strange sight caused many people to stop and watch, wondering what was happening!

At this time, on a hilltop not far from Nanhu City, Ning Zhi looked at the sudden strange scene in Nanhu City, his face full of solemnity!

After escaping from Nanhu, Ning Zhi did not leave. He was waiting for news from Song Qingping. The next step was to go to Penglai Island, because they had already set a trap on Penglai Island!

If Chen Ping goes to Penglai Island, then this trap can be used to deal with Chen Ping, and he can also use the opportunity of spiritual energy recovery to resurrect the blood demon!

If Chen Ping does not go to Penglai Island, then this trap is for other families, and they will not watch other families occupy Penglai Island.

“What the hell is this?”

Ning Zhi looked at the vision with confusion on his face!

“The magic pill has been born. It must be Chen Ping. I didn’t expect that he would be able to practice the magic pill after receiving the Ten Thousand Years Herb...”

The demon in Ning Zhi’s body said slowly.

“Magic pill?” Ning Zhi looked confused. He didn’t know much about pills, let alone what the magic pill was!

“The divine elixir is a heaven-level elixir. You must know that the higher the elixir is, the more difficult it is to refine, and the more demanding the elixir furnace is.”

“I didn’t expect that Chen Ping could actually refine divine elixirs. The most important thing is how could he have an elixir furnace capable of refining divine elixirs.”

“There are really more and more secrets about Chen Ping. I hope that this spiritual energy recovery can completely eliminate him as a hidden danger.”

There was a hint of worry in the demon’s voice!

Chapter: 3119

“Senior, Chen Ping has experts around him to help him. I’m afraid it will be difficult for us to get rid of Chen Ping, right?”

At this time, Ning Zhi was quite frightened after the battle a few days ago, because every time he fought with Chen Ping, he ended in failure.

“Are you scared?”

the devil asked.

“1.....”

Ning Zhi didn't know how to answer, but now Ning Zhi's previous ambition began to waver as he was defeated again and again by Chen Ping.

“Hmph, didn't you just fail a few times? You actually feel fear in your heart. You are such a waste. Fortunately, you are still a fire demon. When you use your full physique, you won't have to be afraid.”

“And this time, I have informed the Black Gold Robe, and they will come back and send someone to help.”

The devil snorted coldly.

When Ning Zhi saw the black gold robes being deployed, his eyes were filled with hope. You must know that the black gold robes were all at the martial saint level. If the black gold robes were deployed, Chen Ping would have to be captured.

“This Song Qingping, it's been several days, and there's nothing at all!”

Ning Zhi looked at Nanhu City and said very dissatisfied.

They have been waiting for news about Song Qingping, but they have not seen any movement from Song Qingping for several days!

Ning Zhi and the others still don't know that Song Qingping is already dead at this time!

The entire Demon Spirit Sect was also undergoing major rectifications, and Deacon Lu began to bloodbath some of the cronies left by Song Qingping.

boom!

Suddenly, there was a deafening explosion in mid-air, and colorful lights shot out!

And in the light, an elixir covered in golden light radiated heat like the sun!

This light outshone the sun in the sky!

“Is that the magic pill?”

Ning Zhi looked at the radiant elixir in mid-air in surprise.

Then a figure rose into the sky and reached out to grab the elixir.

Soon, the elixir was caught, and the bright light disappeared instantly, and calm returned to the entire mid-air!

Chen Ping opened his hand and looked at the elixir that exuded a faint golden light, feeling extremely excited!

Chapter: 3120

“This...is this Ziyang Pill?”

Chen Ping’s face was filled with excitement and his whole body was trembling slightly!

He knew that this Ziyang Pill could improve his strength from the middle stage of Da Wuhou to the late stage, and even to the peak of Da Wuhou!

In fact, when refining the Ziyang Pill, Chen Ping also took a gamble. You must know that there is no 100% success rate in refining the pill. The higher the level of the pill, the greater the chance of failure!

If Chen Ping just absorbs and refines the ten thousand-year Polygonum multiflorum, it will not increase his strength greatly, but it is different when he refines this Ziyang Pill, which can make his strength grow by leaps and bounds!

But refining Ziyang Pill is also dangerous. If it fails, Chen Ping will not only get Ziyang Pill, but also lose ten thousand years of Polygonum multiflorum, and even the spiritual power during this period will be wasted.

It's just that this time Chen Ping made the right bet, and the Shennong Cauldron was also responsible for this. The Ancient Divine Cauldron was no joke.

Chen Ping slowly lowered himself with the Ziyang Pill, while Hu Mazi and Jiang Wei had already rushed forward!

"Chen Ping, you...are you refining the magic pill?"

Hu Mazi asked excitedly.

Chen Ping smiled slightly and nodded.

"You kid, you are so brave, you dare to refine the magic elixir. If you fail, then ten thousand years of Polygonum multiflorum will be wasted. How dare you bet!"

Hu Mazi said fearfully after a while.

"Isn't life just a gamble? No one knows what his future will be like."

Chen Ping smiled lightly.

"You're awesome. If it were me, I wouldn't dare..."

Hu Mazi said with a thumbs up.

At this time, Zheng Anguo and Zheng Kai also arrived. After seeing Chen Ping, Zheng Anguo's eyes were full of envy!

"Mr. Chen, congratulations, congratulations on getting the magic elixir."

Zheng Anguo quickly congratulated him!

"Congratulations, congratulations. I promise to refine the Sanyuan Dan for the Master of the Zheng family. I will write a prescription and you can prepare the materials."

Chen Ping said calmly.

Since he agreed, Chen Ping will do it, and now that the Shennong Cauldron is here, the refining of the Sanyuan Dan will be easier!

Although the Three Yuan Pill is not a magic pill, it is also an earth-level pill, which is also very helpful in improving strength!
