

The Order 3121

Chapter: 3121

When Zheng Anguo heard this, he immediately nodded excitedly: “Okay, I’ll get ready right away!”

Chen Ping wrote a prescription for Zheng Anguo, and Zheng Anguo mobilized the entire Nanhu non-stop to search for the medicinal materials on the prescription!

It only took half a day to gather the medicinal materials, which showed that Zheng Anguo was not the city lord for nothing.

That night, Chen Ping used the Shennong Cauldron to make Sanyuan Dan for Zheng Anguo. Chen Ping also made some big tonic pills for Hu Mazi!

With a life-threatening game like Hu Mazi’s, it is estimated that the person will not die by then, and his kidneys will be gone!

After Zheng Anguo received the Sanyuan Dan, he was extremely grateful to Chen Ping and wished he could offer Chen Ping as his ancestor!

And Hu Mazi was extremely happy after getting the Dabu Pill.

There is still some time before Penglai Island’s spiritual energy recovers, so Chen Ping wants to use this time to practice and improve his strength. With the recovery of Penglai Island’s spiritual energy, Chen Ping knows that more and more masters will appear.

It’s good to be able to prevent the resurgence of spiritual energy. If it can’t be prevented, the order of the entire secular world will become increasingly chaotic. Chen Ping can only protect the people around him if he has enough strength.

“Master Hu, I will use Ziyang Pill to practice next, so I still need you to protect me.”

Chen Ping said to Hu Mazi.

“Don’t worry, I promise to guard you, not even a mosquito can fly in...”

Hu Mazi said, patting his chest.

“Mr. Chen, if you want to practice, you might as well come to my house. It’s safer there, and I will issue an order to close the city and no one will be allowed in or out.”

At this time, Zheng Anguo said.

Chen Ping thought for a moment, then nodded in agreement.

It is indeed much safer in the Zheng family’s mansion than in a hotel!

A group of people went to Zheng’s house. In order to protect Chen Ping, Jiang Wei also took people there and did not rush to Penglai Island!

Chen Ping sat cross-legged in the secret room prepared for him by Zheng Anguo, holding the Ziyang Pill in his hand. The spiritual power like a mountain and sea rushing into Chen Ping’s body!

Chen Ping opened his mouth and swallowed the Ziyang Pill!

The terrifying spiritual energy swept through Chen Ping’s entire body. At this time, Chen Ping was as if he was bathing in an ocean of spiritual energy, and he could fly at will!

As the Heart Condensation Technique was running, small whirlpools began to appear in Chen Ping’s body. The thick spiritual energy filled Chen Ping’s surroundings with white mist!

Chen Ping frowned slightly. Although Ziyang Pill could improve his strength, the crazy impact forced Chen Ping to work hard to guide and control that power!

Chen Ping's strength was slowly improving, and his body began to become stronger.

Chapter: 3122

Time passes minute by minute, half a month in the blink of an eye!

For the past half month, Chen Ping has been motionless in the secret room!

"It's been half a month. Will Mr. Chen be okay?"

Zheng Anguo asked worriedly.

You must know that although the magic pill is good, it also has a great impact on the body. If the body cannot bear it, it may be in danger.

"It'll be fine. That boy Chen Ping is the true form of the Golden Dragon. It's just a magic pill. It can't destroy his body."

Hu Mazi drank a little wine, not worried at all!

During this period of time, Hu Mazi played and sang every night, and Zhou Jie became more charming and fairer under the nourishment of Hu Mazi!

When Hu Mazi saw Zhou Jie, she couldn't put it down!

"Master Hu, will Mr. Chen really be okay?"

Jiang Wei was also a little worried!

After all, it had been half a month, and there was no movement at all in the secret room. They couldn't even feel Chen Ping's breath!

“Don’t worry. If I say it’s okay, it means it’s okay. Chen Ping’s body is different from ordinary people. Even if he takes the magic pill, I don’t think his level will improve much.”

Hu Mazi has a very thorough understanding of Chen Ping!

Seeing that Hu Mazi was so sure, Zheng Anguo and Jiang Wei stopped saying anything!

Another three days have passed, and there is still no movement in the secret room!

But at night, when everyone had gone to sleep, the bright moonlight was suddenly covered by dark clouds!

The entire sky became extremely dark, and it was almost impossible to see!

Suddenly, a burst of light burst out from the secret room, directly illuminating the entire night sky as bright as day!

Rumble.....

There was a sudden explosion, and the hard secret room turned into powder in an instant, and Chen Ping’s body was like a shooting star, jumping up and running towards the mountain not far away!

“ah.....”

At this moment, Chen Ping’s whole body was covered in fiery red, as if his body was on fire!

With a loud roar, a terrifying aura instantly swept through the entire mountain forest. The surrounding trees collapsed one after another, and the ground began to collapse and tremble!

Chapter: 3123

At this moment, the mountain was as if it had been hit by a meteorite, and it became a mess, with not a single blade of grass growing!

Everyone was awakened and looked at the mountain not far away in surprise.

“What’s going on? Could it be that there was a meteorite impact?”

Zheng Anguo stood up in a hurry and said with an ugly expression.

Everyone ran into the yard and looked at the fiery red light on the mountain not far away!

“It’s a human being. I think the light shining on the top of the mountain is a human being...”

Zheng Kai said.

Everyone was startled and hurriedly ran to the backyard and saw that the solid secret room had long since disappeared and turned into powder on the ground!

“Is that Mr. Chen?”

Zheng Anguo’s face was full of shock!

Because they felt the terrifying aura approaching at this time. Although they were all Dawuhou, the pressure made each of them beat faster.

“It’s Mr. Chen, it’s him...”

Jiang Wei’s eyes widened and he said with surprise.

Hu Mazi said very calmly: "This Chen Ping is really a weirdo. With his current strength, I am afraid he can destroy a small mountain."

"Why did Mr. Chen suddenly run to that mountain?"

Zheng Kai asked puzzledly.

"If he hadn't gone up the mountain, I guess your Zheng family would have been gone by now. It would have been all in ruins."

Hu Mazi said with a smile!

Only then did Zheng Kai understand that Chen Ping was trying to prevent his aura from destroying the entire Zheng family!

"Let's go take a look..."

After Hu Mazi finished speaking, he headed towards the mountain!

Everyone followed behind, wanting to see the power of the magic pill that Chen Ping had taken!

At this time, Chen Ping's body continued to erupt with fiery red light, which directly illuminated Chen Ping's internal organs very clearly!

The light kept flashing, and Chen Ping's aura was also rising!

Chapter: 3124

Now Chen Ping is trying hard to control the aura in his body and let him rise slowly. If it all explodes, the whole mountain will be flattened!

And his own body was afraid that he would suffer severe damage directly during this explosion!

“It’s right in front. With such a terrifying aura, I’m afraid it will break through Da Wuhou.”

At this time, not far away, Ning Zhi looked at the place where the light was shining, and kept getting closer!

Behind Ning Zhi, there were four men in black gold robes!

Originally, Ning Zhi planned to go to Penglai Island after the Black Gold Robe. If he could wait for Chen Ping, he would deal with Chen Ping on Penglai Island.

If you can’t wait, then deal with the people from other sect families. With four black gold robes here, this is an invincible existence!

But before Ning Zhi took four black gold robes to Penglai Island, he discovered something strange here.

Ning Zhi knew something was wrong. This sudden change must be caused by Chen Ping’s breakthrough. You must know that Chen Ping had just refined the magic elixir not long ago!

Now that this kind of strange phenomenon occurs again, Chen Ping must have swallowed the magic pill and his strength is rapidly breaking through!

After much consideration, and with the permission of the demon envoy, Ning Zhi came with the black gold robe!

They can no longer allow Chen Ping to improve like this. If Chen Ping breaks through the Great Wuhou and reaches the realm of Martial Saint, then it will be even harder for them to catch Chen Ping than to reach the sky.

Soon, Ning Zhi arrived with people. Looking at Chen Ping with his eyes closed tightly and red light constantly emitting from his body, Ning Zhi felt a trace of panic in his heart!

To be able to get here, Ning Zhi and the others have spent a lot of energy. You must know that the aura exuded by Chen Ping is so oppressive that Ning Zhi and the others have to resist the pressure to get here!

“As expected of the true form of the Golden Dragon, it can directly swallow the divine elixir, suppress the manic aura, and improve its strength bit by bit.”

“But for such an important matter, Chen Ping didn’t send anyone to protect him, so don’t blame us.”

The demon in Ning Zhi’s body said with a sneer.

At this moment, the aura in Chen Ping’s body continued to rise, and he was trying his best to suppress that power to prevent it from exploding too quickly and injuring his body. He could only slowly let his aura rise!

Chen Ping had actually felt Ning Zhi’s arrival, but he didn’t dare to act rashly at this time. He just hoped that the power in his body would be absorbed by him quickly!

Feeling the explosion of aura on Chen Ping’s body, Ning Zhi knew that his chance had come. If he kept waiting, Chen Ping would be in trouble if he really made a breakthrough.

Ning Zhi, who was unabashed, walked up to Chen Ping with four men in black gold robes!

“Chen Ping, you didn’t expect that we would meet so soon, right?”

Ning Zhi said with a sneer.

Chen Ping just looked at him but did not speak, but his eyes showed a bit of anxiety!

Chapter: 3125

Seeing Chen Ping’s eyes, Ning Zhi became even more proud.

“If Almighty hadn’t fallen in love with your body, I would have killed you right now...”

Ning Zhi said with murderous intent in his eyes.

He hated Chen Ping so much that Ning Zhi would never forget the murder of his father, and the Ning family was also destroyed by Chen Ping.

If it weren’t for Chen Ping, Ning Zhi would still be a young master and enjoy everything!

But now he has to run around and become someone else’s lackey.

“Stop talking nonsense. He is at a critical moment now. You just happened to absorb the spiritual power in his body and leave the physical body behind...”

The devil in Ning Zhi said!

When Ning Zhi saw this, he glanced at the four black gold robes, and all five of them put their hands on Chen Ping’s body!

They plan to absorb the spiritual power from Chen Ping’s body and turn Chen Ping into a useless person!

And these spiritual powers can just help them practice. They also know that the spiritual power in Chen Ping’s body is too surging. If one person absorbs it, he may not be able to absorb it all, and his body will explode!

But just as the five people put their hands on Chen Ping, several strong winds suddenly hit, forcing several people to dodge!

“You are so brave, you dare to plot against Mr. Chen in our Nanhu City...”

Zheng Anguo glared at Ning Zhi and the others and shouted loudly!

At this time, Hu Mazi's face became a little ugly when he saw Ning Zhi and the hurried black gold robe behind him!

"Are you from the Kyoto Martial Arts Alliance?"

Hu Mazi asked coldly.

Ning Zhi was slightly startled. It was night, and they were all wearing black robes. Moreover, the Kyoto Martial Arts Alliance no longer existed. He didn't expect that anyone would be able to recognize them!

"That's right, I didn't expect anyone here to be able to tell us our identities..."

Ning Zhi nodded in direct recognition!

Because he knew that the people in front of him were no match for them at all.

Hu Mazi, Zheng Anguo, and Jiang Wei are all only the powerful Marquis of Wu. As for Zheng Kai, he is only the Marquis of Wu. How can he possibly deal with these four Martial Saints!

The four black gold-robed warriors are powerful enough to deal with Hu Mazi and the others!

"A member of the Kyoto Martial Arts Alliance?"

Chapter: 3126

Jiang Wei also frowned, his expression very solemn!

"Whatever the Kyoto Martial Arts Alliance, this is Nanhu, and it is the territory of our Zheng family. Whoever comes here must be obedient..."

Zheng Kai didn't know the opponent's strength, so he shouted loudly!

"Zheng Kai, shut up..."

Zheng Anguo also seemed to sense the opponent's strength and scolded Zheng Kai loudly.

But Zheng Kai didn't seem to be aware of the danger, and still yelled at Ning Zhi: "You'd better get out of our Nanhu, otherwise you will have to walk around without food..."

Just as Zheng Kai finished speaking, Ning Zhi waved his hand, and Zheng Kai's body instantly flew backwards, and a mouthful of blood spurted out in mid-air!

"son....."

Zheng Anguo jumped up in a hurry and caught Zheng Kai!

"If you don't want to die, just get out of here. I only want to deal with Chen Ping. I don't want to kill you..."

Ning Zhi doesn't want to follow Hu Mazi and the others!

Hu Mazi and Jiang Wei glanced at Chen Ping????, and then they looked at each other and seemed to have made up their minds!

Suddenly, Jiang Wei pulled out the immortal rope, and then pulled it out fiercely!

The Immortal Binding Rope is a sacred martial weapon, so its power is naturally extraordinary!

When Ning Zhi saw this, he jumped up, and the four men in black gold robes behind him instantly came up to him!

A man in black gold robe immediately grabbed Jiang Wei's Immortal Binding Rope, and then slashed it with a hand knife, causing the Immortal Binding Rope to snap!

Seeing the immortal rope being cut off so easily, Jiang Wei was stunned!

Just when Jiang Wei was stunned, the man in black gold robe hit Jiang Wei hard with a heavy punch. Jiang Wei's body was like a kite with its string broken, and he was instantly knocked hundreds of meters away!

The two of them are not competing at the same level at all. There is a huge difference between Da Wuhou and Wu Sheng.

Even if Jiang Wei has a Martial Saint weapon in his hand, the actual strength he can use may not reach the level of a Martial Saint! Remember URL

That's why the opponent easily cut off the immortal rope and then flew away!

Seeing this, Hu Mazi knew that with his own strength, he couldn't stop the other party at all, but they couldn't let these people attack Chen Ping, so he took out a handful of talismans, bit the tip of his tongue suddenly, and sprayed a mouthful of blood on the talisman. superior!

These talismans instantly raised blazing flames, and then the flames turned into a burning man ten meters high, rushing towards the hurried black gold robe!

The blazing flames directly caused the surrounding temperature to rise instantly, and the burning of the flames made people breathless!

Chapter: 3127

But the four black gold robes seemed not to be afraid, and they all punched together!

There was a roar like a landslide and the earth was shattering, and the ten-meter-high burning man was instantly shattered. The scattered flames scattered all over the ground, igniting the surrounding trees!

The terrifying power did not disappear after crushing Huo Ren. It penetrated Huo Ren's body and hit Hu Mazi's body hard!

Hu Mazi's body flew out instantly, and then fell to the ground!

At this time, Hu Mazi's face was pale, and a large mouthful of blood poured out of his mouth. Then Hu Mazi took out a spell from his chest, feeling secretly afraid!

If it weren't for this life-saving amulet, and that power just now, Hu Mazi would have died long ago.

Zheng Anguo hugged Zheng Kai and looked at the scene in front of him, not daring to move!

He knew that even if he took action, it would be useless.

Facing an opponent with a disparity in strength, we have no choice but to accept our fate!

When Da Wuhou follows Wu Sheng, there is an unbridgeable gap!

What's more, when the opponent takes action, there are four martial saints. With this kind of strength, not to mention the Zheng family in Nanhu City, even in the entire Daxia, no family can withstand this kind of strength.

"Huh, you guys want to stop me? It's a joke..."

Ning Zhi looked at the injured Hu Mazi and the others and sneered.

"Stop talking nonsense, hurry up, Chen Ping is about to break through..."

The devil in Ning Zhi's body urged.

Ning Zhi nodded, and then he and the four black gold robes arrived in front of Chen Ping and were about to attack Chen Ping.

But when several people put their hands on Chen Ping, intending to absorb the spiritual power from Chen Ping's body, there was a sudden buzz!

A strange power began to fill Chen Ping's body. This power seemed to have a huge suction force, instantly absorbing the spiritual power of several people at a rapid pace!

"What...what's going on?"

Ning Zhi panicked all of a sudden because he felt that the breath in his body was passing quickly, instead of absorbing Chen Ping's spiritual power!

"It's broken, it's broken..."

The four black-gold robes were also panicked. You must know that they are all martial saints, but even so, they could not stop the breath in their bodies from flowing rapidly towards Chen Ping's body!

They don't know that Chen Ping's Heart Condensation Technique is a truly superior technique that can absorb and refine everything!

They want to absorb the spiritual power from Chen Ping's body. This is the stupidest thing to do!

Chapter: 3128

If they attack Chen Ping, Chen Ping may not be able to deal with it, but these guys still want to absorb the spiritual power from Chen Ping's body, and Chen Ping just caught the opportunity!

"Quick, step back..."

The demon in Ning Zhi's body was roaring crazily!

Because even his soul felt the loss of his life, as if he himself was being sucked into Chen Ping's body for refining!

Ning Zhi and the others tried desperately to break free, and everyone had cold sweat on their foreheads!

When Hu Mazi and the others saw this, their eyes widened in shock, looking in disbelief!

Four martial saints and one Dawuhou took action at the critical moment of Chen Ping's practice, but they were so panicked that they were sweating profusely!

They didn't know that the auras of these people were being sucked in by Chen Ping rapidly!

Ning Zhi and the others tried desperately to break free, but their palms seemed to be sucked, pressing firmly on Chen Ping's body!

"What kind of technique is this? It can be so abnormal..."

Ning Zhi said with a look of horror.

"Hurry up, put away your skills, use pure strength to break free, hurry up..."

The magic envoy seemed to know the power of the Heart Condensation Technique in Chen Ping's body and said quickly.

When Ning Zhi and the others heard this, they quickly put away their spiritual power, used pure strength to break away from Chen Ping, and hurriedly retreated!

Ning Zhi and the four men in black gold robes looked at Chen Ping in disbelief, their eyes full of doubts!

Buzz...

At this moment, Chen Ping's body began to burst into bursts of golden light!

The terrifying aura continued to rise, and Chen Ping's body began to change. Chen Ping's body seemed to be quenched.

Immediately afterwards, the terrifying aura rose into the sky, bursting out with bright light, lighting up the night sky as bright as day!

Rumble.....

There was a sudden tremor, and the whole mountain began to shake. The burning trees all around were instantly extinguished by this burst of breath, and the whole mountain seemed to be collapsing!

Hu Mazi and the others resisted the aura erupting from Chen Ping's body. Looking at the mountain that was about to collapse, Hu Mazi got up and supported Jiang Wei, and then ran down the mountain with Zheng Anguo and his son!

It's not that they don't want to save Chen Ping, but the aura exuded by Chen Ping is too terrifying. If they stay there, they will soon be crushed into a pulp.

Ning Zhi and the four men in black gold robes saw this and jumped up quickly. Just after they jumped up, the whole mountain began to collapse, and Chen Ping was submerged in an instant!

Chapter: 3129

Seeing Chen Ping being submerged by the entire mountain, Ning Zhi was a little reluctant to let go. He was not reluctant to let Chen Ping die, but he was reluctant to let go of the treasures and secrets Chen Ping had!

Ning Zhi retreated to the foot of the mountain with four men in black gold robes, looking at the entire mountain collapsed, a mess, and smoke covering the entire sky!

“Master Demon Envoy, Chen Ping is probably buried under the rocks, right?”

A man in black gold robe asked Ning Zhi.

Looking at the collapsed mountain, Ning Zhi didn't know how to answer.

After all, if such a big mountain collapses, even if a martial saint's strength is buried, he can only accept his fate.

The Martial Saint is not a god. If he is pushed down by the rocks of this mountain, he will never be able to get out.

Even Wu Sheng couldn't get out, let alone Chen Ping!

“Come on, this mountain can't hold down Chen Ping.”

The demon in Ning Zhi's body seemed to feel something and said hurriedly.

They had just lost a lot of spiritual power on Chen Ping and had not yet responded. If Chen Ping really breaks through, they would be in trouble.

Upon seeing this, Ning Zhi hurriedly took four black gold robes and fled towards the distance!

As the smoke and dust cleared, Chen Ping's figure slowly walked out of the rocks. At this time, there was no trace of dust on Chen Ping's body.

Looking at Ning Zhi and the others escaping, Chen Ping did not chase them, but looked at Hu Mazi and others not far away!

At this time, Chen Ping's face was calm, and the powerful aura on his body made several people feel a kind of pressure before they were in front of Hu Mazi and the others!

Chen Ping worked hard to control the aura on his body. He also knew that the inadvertent aura on his body would cause a lot of pressure to Hu Mazi and the others!

“Master Hu, are you okay?”

When Chen Ping saw Hu Mazi like that, he reached out and touched Hu Mazi’s shoulder, and a surge of spiritual power entered Hu Mazi’s body!

Hu Mazi only felt a warm current passing by, and her body felt much better instantly!

Chen Ping treated Jiang Wei and Zheng Kai again, and both of them were fine!

“Mr. Chen, have you made a breakthrough? I’m afraid you have reached the peak of Da Wuhou’s strength now, right?”

Zheng Anguo looked at Chen Ping and said with envy and shock.

Chen Ping clenched his fists slightly, and the power in his body surged extremely!

“I am only an eighth-grade Great Martial Lord now. I am still far away from the peak. And I am afraid there is still a long way to go before I can become a Martial Saint...”

Chapter: 3130

Although this Ziyang Pill made Chen Ping’s strength improve by leaps and bounds, reaching the late stage of Da Wuhou, it made Chen Ping a little unhappy!

He also didn’t expect that his strength would be improved many times that of others.

If other people had taken the Ziyang Pill, they would have reached the peak of the Great Wuhou, and might even have broken through to the Martial Saint!

And Chen Ping himself has only reached the eighth rank of Great Wuhou!

“Hey, it seems there is still a long way to go...”

Chen Ping sighed, but what made Chen Ping happy was that although he was only the eighth-grade Great Martial Lord, Chen Ping was still very confident in dealing with the newly promoted Martial Saints.

Chen Ping is the true form of the Golden Dragon, so it is normal to fight across ranks.

And as Chen Ping’s strength improves, whether it’s his spells, spells, or alchemy skills, they all improve a lot!

Although Chen Ping failed to reach the expected peak of Da Wuhou this time, it was enough!

Back at Zheng’s house, Chen Ping asked everyone to continue resting and planned to leave for Penglai Island tomorrow!

He has to find a way to stop the spiritual energy or avoid the fearless killings on the island!

You must know that many people have lived on Penglai Island in recent years. Now many sect families go to Penglai Island to see the revival of spiritual energy!

These are all masters. If they go, it is impossible for Du Ziteng of Penglai Island to stop these people.

Maybe the Du family’s palace will be knocked down, and Du Ziteng probably won’t dare to say a word!

Therefore, Chen Ping must rush to Penglai Island as soon as possible and cannot let these people conflict on it!

If possible, Chen Ping prevents the spiritual energy from reviving. In that case, people in the secret realm will not dare to come out easily and set foot in the secular world.

The order of the secular world will remain the same as before.

Early the next morning!

Chen Ping took Jiang Wei, Hu Mazi and others to the Zheng family's hall!

"Mr. Chen, are you ready to leave?"

Zheng Anguo knew that Chen Ping was planning to leave Nanhu!

Chen Ping nodded: "Yes, I have been harassing the Zheng family master here for many days. It is troublesome."

"What are you saying, Mr. Chen? From now on, you can come to Nanhu City as you please. The door of Nanhu City will always be open to you."

Zheng Anguo assured.
