

The Order 3131

Chapter: 3131

Chen Ping smiled lightly, and then said: "Master Zheng, in fact, in Nanhu City, you are not the only family, there is also a Demon Spirit Sect, but the Demon Spirit Sect is in the secret realm, you can't see it!"

"But the entrance and exit of the Demon Spirit Sect is just outside Nanhu, so I hope that if the Zheng family leader meets someone from the Demon Spirit Sect, there will be no conflict. If the Demon Spirit Sect wants to deal with you, you can tell me my name. They don't dare to do anything."

Chen Ping decided to tell Zheng Anguo the secrets of the Demon Spirit Sect in order to prevent the two families from fighting on the same territory in the future!

After hearing this, Zheng Anguo's face was full of surprise. He had been in Nanhu for so long, and he didn't even know that there were other sects in his territory!

"Mr. Chen, thank you for letting me know. I will pay attention..."

If Chen Ping hadn't told him, Zheng Anguo wouldn't have known about it at all!

But it's also because people from the Demon Spirit Sect don't walk around easily in the secular world, let alone hurt people casually in the secular world. That's why Zheng Anguo didn't notice it for so many years!

After leaving Nanhu, Chen Ping took Jiang Wei, Hu Mazi and Zhou Jie straight to Penglai Island!

Zhou Jie is now following Hu Mazi, and Chen Ping can only let her follow him. Moreover, Zhou Jie following him will be of great help in opening the secret realm of Demon Heart Sect and rescuing Su Yuqi in the future.

At the same time, on Penglai Island, Du Nan sat on the throne worriedly!

Ever since Chen Ping destroyed the stone statue of the Blood Demon, strange phenomena have been happening on Penglai Island, causing many people to flee Penglai Island!

However, Du Nan did not leave, but continued to lead people to live on Penglai Island. At least it was isolated from the world and there were no disputes!

And he can still live like an emperor, so Du Nan is very comfortable!

But in the past few days, people suddenly kept coming to Penglai Island, and they were all very powerful!

This made Du Nan unable to sit still. Although these people did not do anything and settled down after landing on the island, and did not appear to be number one, so many masters suddenly landed on the island, which still made Du Nan's heart uneasy!

He sent people to pay attention to the movements of those people all the time, and also sent people to Kyoto, intending to notify Chen Ping!

Just when many sects and families in the secular world are paying attention to Penglai, there are also many families in the major secret realms who are paying attention to Penglai Island!

Penglai Island is the first place where the spiritual energy is revived. If any sect family can take the lead in occupying Penglai Island, they will have the upper hand when the spiritual energy is revived!

At this time, the Zixiao Mansion in the Thunder Gate Secret Realm was holding a meeting.

As the master of the palace, Han Fusheng said solemnly: "The reincarnation of heaven and the revival of spiritual energy. Now I think all the secret realms should have known the place where the spiritual energy will be revived. They will definitely send people to fight for the territory. Our people will be sent out. Yet?"

“Master, we have already set off. We have arrived at Penglai Island now. Hong Qianjiu, the eldest son of the Hong family, is leading the team, bringing the eighteen Arhats, the strongest members of the Hong family, to go...”

An elder stood up and replied to Han Fusheng!

“Do you know the strength of the people sent by other major secret realm families?”

Han Fusheng asked.

Chapter: 3132

At this moment, everyone was silent. They didn't know what lineups the other sect families had sent, and they had no way to investigate!

You must know that the representative families of sect families in the secular world in major secret realms are kept secret. If it were not for the revival of spiritual energy, these families would not appear, and there would be no way to investigate.

Seeing this, Han Fusheng sighed heavily and said: “The revival of spiritual energy means the beginning of a bloody storm. If we don't know the strength of our opponent now, how can our Zixiao Mansion gain a foothold in the future?”

“You guys go investigate for me immediately. All the major sects and families in the eight secret realms have to be investigated for me.”

After Han Fusheng finished speaking, he waved his hands angrily and asked everyone to leave!

The reason why Han Fusheng was so angry was not only because of these reasons, but also because he had hidden Long Ruotong for so long, but he never had the chance to touch her!

The tigress at home was so strict that Han Fusheng always had a thief heart but no courage...

At this moment, in the hot spring in the secret realm, Han Qing'er took off her clothes and soaked quietly inside, while Qiu Ju stood guard to prevent anyone from coming!

"Miss, I remember you didn't like hot springs so much before. Why do you suddenly like to come here now? Do you still miss Chen Ping? Just give up. How could Chen Ping come here?"

Qiu Ju said with a playful look.

"Sister Qiu Ju, don't talk nonsense. I just like taking baths. What are you thinking about Chen Ping..."

Han Qing'er didn't admit it, but feeling the temperature in the hot spring, Han Qing'er's heart had already flown to the time when she first met Chen Ping!

Seeing Han Qing'er distracted, Qiu Ju giggled!

Qiu Ju's laughter brought Han Qing'er back to reality, and then she said, "Sister Qiu Ju, can I discuss something with you?"

"What's the matter? We need to leave the secret realm and go to the secular world. Let's not talk about it."

Qiu Ju said.

"You... just promise me once. I overheard my dad saying that Penglai Island needs spiritual energy to revive. We can go to Penglai Island to play!"

Han Qing'er said to Qiu Ju coquettishly.

"Forget it, the master has spoken. If anyone dares to take you to the secular world, he will be beheaded directly. There is no room for negotiation. Do you want the master to chop off my head?"

Qiu Ju looked at Han Qinger and asked.

Han Qing'er pursed her lips and shook her head...

At the same time, a meeting was also taking place in the Waning Moon Castle not far from Zixiao Mansion!

Waning Moon Castle is in the same secret realm as Zixiao Mansion, and the two families are also close to each other, so they have a relatively good relationship!

Moreover, Lu Chang, the eldest young master of Cangyue Castle, is Han Qing'er's childhood sweetheart. The two families intend to bring the two people together. By marrying them, their strength in the secret realm will be even stronger!

Chapter: 3133

But now we are facing a spiritual energy recovery. If the spiritual energy is fully recovered, then this cage-like secret realm will have no advantage at all. Many people from sects and aristocratic families will choose to leave the secret realm!

And the Waning Moon Castle is no exception. They are also discussing Penglai Island in their meeting this time!

"Lord, the representative family of Zixiao Mansion in the secular world has arrived at Penglai Island, and other sects and aristocratic families have also sent people there."

"As for other families in the secret realm, they must have sent people there. Penglai Island is probably overcrowded now."

A senior executive said to Lu Buwei, the master of Waning Moon Castle.

"Before this spiritual energy recovers, there will be a bloody war. If the spiritual energy recovers, the whole world will be reshuffled."

“Now every family wants to seize the opportunity, but it’s a pity that the family that represents our Waning Moon Castle in the secular world is a waste. There is only one Dawuhou now, which is of no use...”

Lu Buwei said angrily.

The Waning Moon Castle has also cultivated a representative family in the secular world, but this family is unsatisfactory and its strength is too low. With such strength, if it is sent to Penglai Island, it is just cannon fodder!

“Dad, how about I take people to Penglai Island? We can’t just watch other sect families occupy Penglai Island.”

“Furthermore, Penglai Island has become the first place where spiritual energy is revived. I believe there must be unknown secrets on the island.”

Lu Chang stood up and planned to leave the secret realm and go to Penglai Island in person.

“How is this possible? If you leave the secret realm and stay in the secular world for a long time, your strength will stagnate or even decline. You must know that the laws of the outside world have restrictions on us.”

Lu Buwei shook his head, he didn’t want his son to take risks!

“Dad, I can take the Soul-Guarding Pill. As long as my strength is fixed, my strength won’t improve after I go out, but it won’t go backwards.”

“If we can occupy Penglai Island and find the secret of the spiritual energy recovery on Penglai Island, it will be a great opportunity for us at Waning Moon Castle.”

Lu Chang persuaded Lu Buwei!

It seemed that Lu Chang had long thought about leaving the secret realm and heading to Penglai Island.

Lu Buwei thought for a moment and finally nodded. He could only agree to Lu Chang, but he still warned: "After you go out, you must be careful. I don't know how many sects and aristocratic families will gather on Penglai Island this time. You must not take the lead." , often only the one standing at the end is the winner."

"I see."

Lu Chang nodded, and then left the secret realm with excitement!

.....

Penglai Island!

At this time, hundreds of powerful people have gathered on Penglai Island. These people belong to various sects and families and come from all over the country, and there are still a steady stream of people coming to Penglai Island!

Chapter: 3134

On Penglai Island, there is no order to restrain these people, but these people all occupy their own places, neither fighting nor making trouble, as if they are waiting for something!

"Master Demon Envoy, I didn't expect so many people to come to Penglai Island."

A man in black gold robe looked at the many masters on Penglai Island and couldn't help but sigh!

"It seems that the families in the eight secret realms have long cultivated their own power in the secular world, and they have hidden them deeply enough."

Ning Zhi spoke slowly, but what came out of his mouth was that old sound. Remember URL

The Demon Heart Sect supports the Kyoto Martial Arts Alliance behind the scenes in order to one day allow the Demon Heart Sect to gain status in the secular world!

Especially to use the Martial Arts Alliance to collect information!

“Senior, will all these people fall for the trap we set on Penglai Island?”

Ning Zhi saw that there were too many people here, so he asked worriedly.

After all, there are too many people here and the size is too big. I just don't know how big the trap they have laid is!

“Don't worry, the people from these families are not as powerful as the Great Wuhou, so we don't have to be afraid of them!”

“Even if some of their families have martial arts weapons, we don't need to be afraid. Four black-gold robes are following you. You are so scared. I think you are getting timid and timid. You are scared by that Chen Ping.”

The demon soul said with some displeasure.

Ning Zhi didn't dare to speak anymore, and then the soul said to the four black-gold robes: “You put on your clothes and spread the news, saying that there are ruins in the center of Penglai Island, and there is a magic circle that can activate spiritual energy recovery. .”

“As ordered...”

The four black-gold robes nodded and then left!

“Senior, does Penglai Island really have ruins and that magic circle?”

Ning Zhi asked curiously.

“I don’t know if there are any ruins, but there must be magic circles or altars. Otherwise, why would the spiritual energy recovery choose this place?”

The devil said calmly.

“Isn’t the revival of spiritual energy a result of the laws of heaven and earth?”

Ning Zhi was surprised for a while, could the laws of heaven and earth still be controlled by humans?

“You are too naive. The laws of heaven and earth were also established by humans, including the entire world, which was established by a certain god.”

“The power of heaven and earth seems to mortals to be the power of nature, but to us, these are the powers of gods.”

Chapter: 3135

“Beyond this, there is a vast space world, just like the eight secret realms. If there are immortals who can create the eight secret realms, then there will be gods who can create other worlds, even the universe...”

“It’s just that these are not things I can understand. What we have to do now is to find ways to strengthen ourselves, penetrate the laws of heaven and earth, and go to another world to meet the Demon Lord...”

Soul said slowly, and Ning Zhi’s brain was running out of energy!

Ning Zhi is not a monk, so he doesn’t know much about many things. It was only after he joined the Martial Arts Alliance that he learned a little about the world of immortality!

But now listening to the words of the demon envoy, Ning Zhi suddenly felt as if there was a pair of eyes looking at each of them.

“I’m telling you what to do, but you don’t understand...”

The soul reacted and felt that it was too much to follow Ning Zhi, so he said: “Let’s go and check the ruins. As long as those family members are tricked into entering, let them be buried in it forever.”

Soon, Ning Zhi came to a raised hill in the middle of Penglai Island. This place was only more than a hundred meters higher than the surrounding altitude. It was considered a small hill.

In a hidden place, there is a stone door with carved patterns, and the stone door is simple and has an open gap!

Ning Zhi walked in smoothly. Inside was a very dark corridor. After walking about two to three hundred meters, there was a huge hall!

The main hall is large enough to accommodate tens of thousands of people, and in the middle, there is something similar to an altar. However, the stone pillars on the altar are tilted here and there. It seems that the place has been damaged!

“Senior, is this a fake ruins we built to deceive those people?”

Ning Zhi looked around, his eyes full of surprise!

If this is a fake ruins, then the effort is too big. It would be impossible to build such a place within a few years.

Did the Kyoto Martial Arts Alliance know about the revival of spiritual energy here for a long time, and then build fake ruins here?

Ning Zhi didn’t quite believe it!

“This is what this place was originally. I just don’t know which sect’s relics this is, but it has been destroyed.”

“Some time ago, I sent people to re-deploy the magic circle here and make some changes. As long as those members of the sect come in, they will not be able to leave.”

“At that time, the entire Penglai Island will be ours, and we can slowly wait for the spiritual energy to revive and see where the unique places of Penglai Island are.”

Soul said slowly.

It turns out that the strange phenomenon that Long Xingxu and the others felt some time ago was not caused by the revival of spiritual energy here, but was caused by the martial arts alliance setting up a formation to deliberately scare away many people on the island!

If Chen Ping knew that all this was done by the Martial Arts Alliance and scared Long Xingxu so much that he ran back to Kyoto, he would definitely scold Long Xingxu.

Soon, word began to spread on Penglai Island that in the center of Penglai Island, there were ruins that were the magic circle that started the spiritual energy recovery!

And this matter is becoming more and more mysterious as it spreads!

Chapter: 3136

Many people went looking for it, but they all came back without success!

Because the entrance had long been sealed, Ning Zhi would not let these people find it until the last moment.

By the time Chen Ping, Jiang Wei and Hu Mazi arrived at Penglai Island, there were already close to a thousand masters from major families on the island!

Chen Ping was a little surprised when he saw this scale!

Chen Ping didn't stay and took everyone directly to the palace to find Du Nan!

After Long Xingxu and the others evacuated, Du Nan did not evacuate. After all, he was the local emperor here and was unwilling to leave!

After Du Nan saw Chen Ping coming, he happily ran out of the hall to greet him!

"Mr. Chen, you are finally here. A lot of people suddenly came to Penglai Island. I'm afraid there will be chaos..."

After seeing Chen Ping, Du Nan started to complain and almost cried!

Because these people on the island are all masters, one person may be able to destroy his entire palace!

Fortunately, no one came to trouble Du Nan during this period. Those people all drew an area to set up camp!

"You knew I was coming?"

Chen Ping looked at Du Nan in surprise, wondering how Du Nan knew he was coming.

"Ah, I sent someone to Kyoto to ask for Mr. Chen, but I didn't expect Mr. Chen to come so quickly..."

Du Nan thought it was his people who invited Chen Ping here, but he didn't know that his people went to Kyoto and couldn't see Chen Ping at all!

"I came from somewhere else, and I haven't seen the people you sent at all. Now prepare the room and let us rest first."

Chen Ping said to Du Nan.

“Okay, okay...”

Du Nan hurriedly prepared the room, and then everyone Jiang Wei brought was properly arranged.

Hu Mazi couldn't wait to pull Zhou Jie into the room, and then there was a sound in the room!

Jiang Wei and Chen Ping looked at each other and smiled, they both knew what Hu Mazi was doing!

“Brother Jiang, let's go for a walk...”

Chen Ping said to Jiang Wei.

“Okay!” Jiang Wei nodded!

Chapter: 3137

Chen Ping and the others walked out of the palace and strolled on the street. Many doors on the street were locked, and it was obvious that many people had left here!

If it weren't for the sudden arrival of thousands of experts from various families, the entire Penglai Island would probably look much deserted!

Along the way, Chen Ping and the others could always hear about the ruins in the center of the island, and many people were talking about it!

“Mr. Chen, why did the ruins suddenly appear again? Did someone discover something?”

Jiang Wei was very surprised that in just a few days, he already knew about the ruins of Penglai Island!

Chen Ping was also a little puzzled and frowned slightly: "I don't know if there are any ruins on Penglai Island, and I don't know if there are magic circles or altars. But since someone has discovered the ruins, how can they spread it everywhere?"

"And if there are ruins and the location is known, why haven't these people found them?"

When Jiang Wei heard this, he felt it made sense, so he asked, "Mr. Chen, do you think the rumors about this ruins are false?"

Chen Ping shook his head: "I can't tell whether it's true or false until I figure it out, but we have to be careful."

Chen Ping was chatting with Jiang Wei when he saw three people walking towards him. These three people were Zhu Hao of the Zhu family, Qiao Zhiyong of the Qiao family, and Hong Qianjiu of the Hong family.

Comparatively speaking, these people are relatively familiar to each other among the many sects and aristocratic families, so they naturally get closer.

When Zhu Hao saw Chen Ping, there was still anger in his eyes!

"Brother Jiang, I didn't expect to meet again so soon."

Hong Qianjiu stepped forward and said hello to Jiang Wei, then looked at Chen Ping and said, "Congratulations to Mr. Chen. I have obtained Ten Thousand Years Polygonum multiflorum. I believe Mr. Chen's strength will definitely increase a lot."

"It's just a fluke..."

Chen Ping said calmly.

“Haha, Mr. Chen got it by strength. It’s not a fluke.” Hong Qianjiu laughed, then looked at Jiang Wei and said: “Brother Jiang, I have something to say to you, can you lend me a step?”

“If you have anything to say, just say it here!” Jiang Wei said calmly.

And Hong Qianjiu glanced at Chen Ping and seemed to hesitate to speak!

“Brother Jiang, you guys chat, I’ll go around by myself first...”

Chen Ping saw that Hong Qianjiu was too embarrassed to speak because of his presence, so he planned to leave!

But who would have thought that Jiang Wei grabbed Chen Ping and said, “Mr. Chen, you don’t have to leave.”

After stopping Chen Ping, Jiang Wei was slightly unhappy and said to Hong Qianjiu: “If you have anything to say, just say it. If you don’t say it, then I’ll leave.”

“Wait a moment.....”

Chapter: 3138

Hong Qianjiu stopped Jiang Wei and then said: “Brother Jiang, you have also seen that there are dozens of sects and aristocratic families on Penglai Island. You should know what these sects and aristocratic families represent. There are many sects and aristocratic families now.” The aristocratic families have begun to unite in secret, so I hope that the four of us can temporarily form an alliance to deal with what happens next.”

“If we fight on our own and are scattered, we will all be driven away or eliminated in the end.”

Hong Qianjiu found Jiang Wei because he wanted to form an alliance and stand out among the many sect families!

Jiang Wei did not expect that Hong Qianjiu would form an alliance with him, so he looked at Chen Ping. After all, Jiang Wei wanted to listen to Chen Ping now.

He represents Tianluo Tower, and Jiang Wuya, the owner of Tianluo Tower, has spoken. How dare Jiang Wei disobey!

When Hong Qianjiu saw Jiang Wei looking at Chen Ping, a trace of surprise flashed across his face!

Even if Jiang Wei follows Chen Ping and cares about them well, they should be equal, but looking at this situation, Jiang Wei seems to want to listen to Chen Ping's arrangements!

"Jiang Wei, as the eldest son of the Northwest Jiang family, why do you still need to ask for Chen Ping's opinion? Is Chen Ping your father?"

When Zhu Hao saw the way Jiang Wei looked at Chen Ping, he was immediately furious!

"Zhu Hao, shut up..."

Seeing this, Hong Qianjiu quickly scolded Zhu Hao!

He knew that this was not the time to vent his anger. If they fought now, the other sect families would be happy!

Why are there so many sect families gathered on Penglai Island, but there is no conflict? They are all conserving their strength and not fighting for unnecessary things!

Jiang Wei's face instantly became angry when Zhu Hao said this, and he said with fierce eyes: "Zhu Hao, what the hell are you saying to me..."

With that said, Jiang Wei was about to punch Zhu Hao!

But he was stopped by Hong Qianjiu.

“Brother Jiang, don’t be angry, this guy Zhu Hao talks like this, you just think it’s fart.”

Hong Qianjiu said this, so Zhu Hao dared to get angry.

“Brother Jiang, forget it...” At this time, Chen Ping spoke, and Jiang Wei gritted his teeth and took two steps back!

When Hong Qianjiu saw this, Jiang Wei really listened to Chen Ping, so he looked at Chen Ping and said: “Mr. Chen, I believe that when you come to Penglai Island, you know what will happen here, so I just suggested that I hope you can consider it. , as long as we unite, who among the other sects and families dares to disobey?”

“When the spiritual energy recovers, we can return it to our territory. It’s better than being scattered and being wiped out by other sects and families, right?”

After listening to Hong Qianjiu’s words, Chen Ping smiled faintly: “Thank you very much for your kindness, but I prefer to be alone, I’m sorry...”

Chen Ping’s intention is very clear, he will not form an alliance with Hong Qianjiu and the others!

Hong Qianjiu frowned slightly when he heard this. He didn’t expect Chen Ping to refuse so quickly!

Chapter: 3139

Just when Hong Qianjiu was about to say something else, Zhu Hao spoke again: “????Chen Ping, who do you think you are? Don’t think you are the best in the world. Don’t even look at Penglai Island.” There are many great Wuhou among these people coming up, but you alone will definitely die miserably.”

“Whether I will die or not seems to have nothing to do with you, right?”

Chen Ping looked at Zhu Hao coldly, with a bit of chill in his eyes!

Seeing Chen Ping's eyes, Zhu Hao was so frightened that he didn't dare to speak!

Seeing this, Hong Qianjiu could only look at Jiang Wei and said, "Brother Jiang, what do you mean?"

Jiang Wei said without hesitation: "Of course I will follow Mr. Chen, no need to ask!"

"Brother Jiang, I hope you will consider it, although Chen Ping is now..."

"Okay, no need to say anything else, we'll leave if nothing happens!" Before Hong Qianjiu could finish speaking, Jiang Wei interrupted him.

Hong Qianjiu's face turned cold, and then he said coldly: "Brother Jiang, in Penglai, if you are not a friend, you are an enemy. When we meet again, I will not show mercy..."

"me too....."

Jiang Wei said calmly.

"Brother Jiang, let's go..."

Chen Ping called Jiang Wei and left.

Hong Qianjiu looked at the backs of the two of them, his teeth chattering!

"Bah, what the hell, that Jiang Wei is an idiot." Zhu Hao cursed, and then said to Hong Qianjiu: "Brother Ninth, that Jiang Wei is an idiot, we don't care about him, even if the three of us cooperate, here The island is also invincible."

Hong Qianjiu didn't speak, but turned and left!

On the other side, Chen Ping followed Jiang Wei to a tavern, ordered a few dishes, ordered a bottle of wine, and started drinking!

“Brother Jiang, do you know why I didn’t form an alliance with them?”

While drinking, Chen Ping asked Jiang Wei.

Jiang Wei shook his head, and then said: “Mr. Chen’s strength, without forming an alliance, I am afraid he is invincible on this island.”

When Chen Ping heard this, he immediately laughed: “Brother Jiang has also learned how to flatter...”

“The reason why I don’t want to form an alliance is because they are all looking forward to the revival of spiritual energy, but I want to destroy this revival of spiritual energy.”

“If the revival of spiritual energy really starts, the massacre will spread from Penglai Island to the entire world.”

“At that time, all living beings will be wiped out, and all the families in the martial arts world will become slave-like existences.”

Chapter: 3140

“I believe Brother Jiang should know the strength of those sects and aristocratic families in the secret realm, right? Is it comparable to the martial arts world in the secular world?”

Chen Ping’s words made Jiang Wei stunned and fell into deep thought!

If the spiritual energy is revived and the sects and families in the secret realm return to the secular world, then there really will be nothing wrong with these families in the martial arts world!

At that time, they will all be reduced to affiliated families, living as hard as they can!

Moreover, in order to compete for resources, major families will fight without restraint. After all, there are no rules that can restrain these sect families!

By that time, the whole world will be in chaos, and ordinary people may be worse than ants.

“Mr. Chen, how do you plan to prevent the resurgence of spiritual energy?”

Jiang Wei asked curiously.

Chen Ping frowned slightly, then sighed and said: “I haven’t thought it through yet, I can only take it one step at a time...”

While Chen Ping was drinking and chatting with Jiang Wei, a man in his twenties wearing casual clothes walked in, followed by four entourages behind him!

At first glance, it was the young master from that sect family, but he glanced at the tavern, then found a corner and sat down!

Chen Ping frowned slightly, and then looked at the young man carefully!

Jiang Wei saw Chen Ping’s expression and asked, “Mr. Chen, do you know that person?”

Chen Ping shook his head: “I don’t know him, but I feel that the aura on this person is very strange. Although he is deliberately suppressing the aura, I think his strength is probably above that of Da Wuhou, at least at the peak of Da Wuhou.” .”

When Jiang Wei heard this, he couldn’t help but look at the young man twice, and said with some curiosity: “I don’t think there is anything special. There are many young men like this in Penglai Island now, and at this age, they can reach the peak of Dawuhou. It’s impossible to even be a Martial Saint, right?”

“Mr. Chen is the most talented person I have ever seen. He has not yet reached the peak of Dawuhou. How can anyone surpass you?”

“He is not a warrior...” Chen Ping said calmly.

“Not a warrior?” Jiang Wei was stunned: “Is he a cultivator? Did he come from the secret realm?”

Chen Ping did not speak because he was not sure whether the other party came from the secret realm. However, in the secular world, the immortal cultivators Chen Ping encountered, except for the evil cultivators from the Martial Arts Alliance who were possessed by souls, were not I have never seen such a powerful immortal cultivator!

After all, the laws of heaven and earth are no joke. Immortal cultivators will be suppressed by the laws of heaven and earth in the secular world, and it is impossible for their strength to grow to a particularly high level!

But if it comes from the secret realm, then it must bear the power of this law and be willing to have its strength suppressed and stagnated, or even regressed!

Who would do that?

Because of this, those in the secret realm will not enter the secular world casually, otherwise the secular world will be in chaos.

Just when Chen Ping was looking at the young man carefully, the young man suddenly looked at Chen Ping. Their eyes met, but they looked away at the same time!
