

The Order 3141

Chapter: 3141

Chen Ping can be sure that the guy in front of him is very strong, and the young man also frowned slightly!

“Master Lu...”

At this time, a follower next to him was about to say something, but he was stared at hard!

This young man was Lu Chang. In order not to attract attention, Lu Chang did not bring many people with him, and he also deliberately hid his aura!

But he didn't expect that as soon as he entered the door, he would be stared at by Chen Ping for a long time!

Lu Chang also felt the fluctuation of spiritual power in Chen Ping's body, which is unique to immortal cultivators, so he can be sure that Chen Ping is an immortal cultivator!

Moreover????Chen Ping is now at the eighth level of transformation, that is, the eighth-grade Great Wuhou!

Such strength is rare in the secular world. You must know that the laws of heaven and earth in the secular world are very suppressed. If you want to practice Tao and transform in the secular world, it is simply more difficult than ascending to heaven!

In this way, Chen Ping and Lu Chang had their own thoughts and secretly observed each other, but soon, their eyes were attracted by five people in black robes who suddenly came in!

When Chen Ping and Jiang Wei saw the five men in black robes coming in, their faces turned cold and they became nervous!

These five men in black robes are none other than Ning Zhi with four in black gold robes!

After seeing Chen Ping, Ning Zhi was also a little surprised!

“Chen Ping, we are really enemies of each other. I didn’t expect to see each other here again.”

Ning Zhi said to Chen Ping with a ferocious smile.

“Ning Zhi, the dignified eldest son of the Ning family in Kyoto, is now reduced to being a dog and a willing shell for others. I wonder how you feel?”

Chen Ping sneered.

“Chen Ping, it’s all because of you that I’m like this now. I will definitely kill you.”

Ning Zhi was filled with anger, and then he waved his hand, and four men in black gold robes surrounded Chen Ping!

Chen Ping felt the aura of the four black-gold robes, his face was a little ugly, and then he said: “Ning Zhi, our hatred, I hope you will not involve others, and deal with me myself.”

After Chen Ping finished speaking, he said to Jiang Wei: “Brother Jiang, please go back first. I will go find you after I deal with the matters here.”

Chen Ping knew that even if he and Jiang Weig were together, they would be enough to defeat four black-gold-robed opponents!

After all, the other party is at the level of a Martial Saint!

“Mr. Chen, I will not leave. I will fight with you to the end.”

Jiang Wei said without fear.

Chapter: 3142

“Hmph, just the two of you, it would only take a matter of minutes to kill you.”

“Chen Ping, even if you improve your strength and become stronger, can you fight against four black-gold robes? They are all martial saints. If you obediently surrender, I can spare your death.”

Ning Zhi said with disdain.

Chen Ping absorbed a lot of strength in the past few days, so Ning Zhi and the others have been cultivating and have basically recovered now. Unexpectedly, they met Chen Ping again on Penglai Island!

Ning Zhi couldn't swallow this tone at all, so now that he met Chen Ping, he wanted to take revenge.

“Ning Zhi, even if there is a soul living in your body, if I want to kill you, I will definitely not be able to kill you with more than ten moves. Do you dare to fight me?”

Chen Ping began to provoke Ning Zhi!

After all, facing four black-gold robes, Chen Ping and Jiang Wei were indeed in trouble.

“Hmph, Chen Ping, don't try this trick on me. Do you think I will accept your trick? Since you don't want to be captured without mercy, I can only beat you until you bow your head...”

Ning Zhi said that he was going to let the four black gold robes take action!

At this moment, Lu Chang, who was in the corner, had an extremely solemn expression. He didn't know that in this secular world, demon cultivators had such high strength, and even reached the martial saint level, which is the so-called out-of-body realm!

Lu Chang originally thought that he had walked out of the secret realm with the power of the laws of heaven and earth. Even if he was not one of the best in the secular world, if he wanted to destroy a family, he had to just reach out!

But now seeing how powerful these demonic cultivators are, Lu Chang actually feels a little scared.

He tried his best to hide his aura, fearing that Ning Zhi and the others would discover his whereabouts.

At this time, Chen Ping's aura began to surge, and the terrifying aura billowing out caused many people around him to flee in panic!

Lu Chang felt the terrifying aura on Chen Ping's body, with a bit of surprise in his eyes!

"Is there already a place for spiritual energy recovery in the secular world? How come these people are not suppressed by the laws of heaven and earth?"

"Did he also come out of some secret realm?"

Lu Chang didn't understand how Chen Ping practiced, and he began to wonder if Chen Ping, like himself, had just come out of the secret realm.

"Don't start a conflict now. Have you forgotten what you came for?"

At this time, the soul in Ning Zhi's body roared at Ning Zhi full of anger.

After Ning Zhi heard this, he waved his hand and asked the four black gold robes to retreat!

Then he looked at Chen Ping coldly and said, "Chen Ping, just wait for me. I will take care of you when the things here are taken care of."

After saying that, Ning Zhi left with the black gold robe!

Chapter: 3143

As Ning Zhi walked back, Chen Ping breathed a long sigh of relief!

He was still a little stressed when facing four black-gold robes alone!

Last time, if these people hadn't been greedy and insisted on absorbing the spiritual power in Chen Ping's body, but it was backfired, I'm afraid Chen Ping would have been caught by them!

"Mr. Chen, let's go too..."

Jiang Wei was also covered in cold sweat at this moment!

Chen Ping nodded and followed Jiang Wei away, while Lu Chang sat blankly with a complicated expression in his eyes.

"Sir, the strength of those demon cultivators just now is probably not inferior to yours. What should we do?"

A follower asked Lu Chang.

Lu Chang didn't speak, just frowned!

Originally, he thought that with his strength, even if his strength was suppressed and imprisoned by the laws of heaven and earth, he would definitely be a leader in the secular world and could be manipulated at will. But now that he had just shown up, he met four black-gold robes from the Martial Arts Alliance!

This kind of blow is still quite big for Lu Chang.

"These demon cultivators must have come out of the secret realm. Why do you feel that their strength is not suppressed by the laws of heaven and earth at all?"

Another follower looked puzzled!

“Have you not noticed that there is a soul living in the bodies of these demon cultivators? In other words, the bodies of these people are just warriors in the secular world, and the souls in their bodies are the real demon cultivators.”

“The laws of heaven and earth will not suppress souls, and these demon cultivators took advantage of this loophole, so they can walk in the secular world unscrupulously.”

Lu Chang explained solemnly.

“But the young man just now doesn’t seem to be a demon cultivator, but the aura on his body is not weak either...”

The attendant continued.

“Maybe that person is a young master who came out of a certain secret realm.”

Lu Chang was very interested in Chen Ping’s identity at this time and wanted to know whether Chen Ping came out of the secret realm.

“Sir, what should we do next?” the attendant asked.

I originally thought I could control it, but now it seems that there are really hidden dragons and crouching tigers here, and there are so many masters!

“Hide your strength, wait and see what happens, and never take action unless absolutely necessary.”

After Lu Chang finished speaking, he began to eat by himself.

Chapter: 3144

.....

Chen Ping followed Jiang Wei back to the palace!

At this time, Chen Ping's face was not very good, and he was worried. This time, the situation on Penglai Island exceeded his expectations!

He also did not expect that there would be so many people and so many masters entering Penglai Island. In addition to the black gold robes of the Martial Arts Alliance, there were also other martial saints appearing!

In this way, it would be very difficult for Chen Ping to prevent the resurgence of spiritual energy!

"Brother Chen Ping..."

As soon as Chen Ping returned to the palace, he saw Long Xingxu leading someone over!

"Xingxu, why are you here?"

Chen Ping said with a surprised look on his face.

"Not only me, but also the head of the Ge family is here. Du Nan sent someone to look for you in Kyoto. You were not there at the time, so I brought someone here."

"The head of the Ge family is also here with people from the Ge family."

With that said, Ge Fuhai also walked out with a group of people!

Among them, Ge Jiayi and Ge Yuhan also came!

“Mr. Chen...”

Ge Fuhai stepped forward and greeted Chen Ping!

After Jiang Wei saw Ge Fuhai, he quickly and respectfully shouted: “Hello, Uncle Ge!”

Ge Fuhai nodded slightly, which was considered a greeting!

“Master Ge, why are you here too?”

Chen Ping was very surprised that Ge Fuhai had brought people here, and with Ge Fuhai’s ability, even if he came, he would probably be cannon fodder. After all, all the experts gathered on the island at this time.

“Mr. Chen, all the major families in the secret realm have sent people to Penglai Island, and our Ge family is no exception.”

“The clan elder said, let us do our best to help Mr. Chen. As long as the spiritual energy is revived and we control Penglai Island, our Ge family will have the upper hand.”

Ge Fuhai followed Chen Ping unabashedly.

When Chen Ping heard this, he knew that Ge Cangsheng knew that Penglai Island wanted to revive its spiritual energy, and also wanted to occupy Penglai Island.

Every family has this idea, so there will definitely be a bloody battle!

Chapter: 3145

What Chen Ping has to do is to stop this bloody battle!

“Master Ge, to tell you the truth, I came to Penglai Island this time not to occupy Penglai Island, but to find a way to prevent the spiritual energy recovery from happening.”

Chen Ping followed Ge Fuhai directly.

Ge Fuhai looked very surprised when he heard this, but he knew that Chen Ping’s words were orders, and all he could do was obey.

“Our Ge family follows Mr. Chen’s arrangements.”

Ge Fuhai didn’t ask the reason and said directly and firmly.

time flies!

Chen Ping and the others soon arrived at Penglai Island for more than ten days!

In the past ten days, Penglai Island has been surprisingly quiet. Except for the people who landed on the island one after another at the beginning, very few people landed on the island in the end!

In a hotel, Ning Zhi stood outside the window, looking at the entire Penglai Island, and slowly said:
“Senior, is it almost time?”

“Well, it’s time. Let’s notify and activate the mountain protection formation.”

The soul path in Ning Zhi’s body!

Ning Zhi nodded, and quickly called two men in black gold robes, heading to the hill in the middle of Penglai Island!

Not long after, the entire Penglai Island began to tremble slightly, like an earthquake!

And the hills in the middle of Penglai Island began to shine with bursts of light!

This sudden movement instantly attracted everyone's attention!

Chen Ping stood at the highest point of the palace, looking at the glowing hills in the middle, frowning!

"Mr. Chen, when we came here, we heard that there were ruins there, but no one discovered it. Is the spiritual energy going to revive now and the ruins appear?"

Jiang Wei asked excitedly as he looked at the glowing hills in the distance.

Chen Ping didn't say anything because he didn't know if the ruins were about to appear, but the hill in front of him suddenly glowed. It was by no means a strange phenomenon, but a large-scale formation was activated.

Even though he was so far apart, Chen Ping could feel the terrifying aura when the formation was activated!

Many people began to swarm towards the central hill, and everyone was afraid that they would be left behind!

"Brother Chen, there are ruins appearing on Penglai Island. Everyone says that there is an altar in the ruins. It is because of this altar that the spiritual energy is revived."

"And some people say that whoever can ascend the altar first can trigger the celestial phenomena and become immortal."

Chapter: 3146

Long Xingxu found Chen Ping panting and said hurriedly.

It seems that he is always inquiring about things outside!

At first, what Long Xingxu said was somewhat similar to Chen Ping, because the spiritual energy recovery would never choose Penglai Island for no reason, and as a generation overlord, the Blood Demon would not trap his body in Penglai Island to wait. resurrection!

There must be secrets in Penglai Island that they don't know, but the immortality mentioned later is obviously nonsense.

"Mr. Chen, why don't we go take a look too?"

Although Chen Ping didn't believe it, Jiang Wei was very excited. Of course he wanted to see this kind of thing!

Whether it's true or false, you have to see it to know!

"Let's go!" Chen Ping nodded.

When Chen Ping arrived with people, he found that the hill was already surrounded by people, and an ancient stone gate was revealed not far away!

So everyone looked at the stone gate with golden eyes, as if there would be endless wealth behind the stone gate!

Hong Qianjiu and the others, with their respective subordinates, stood at the front!

In front of Hong Qianjiu and the others, there were more than a dozen people lying in a mess, all of whom seemed to have lost their breath!

"How is this going?"

Jiang Wei looked at the people who fell to the ground dead and asked in confusion.

Hong Qianjiu looked very ugly and said nothing, but Zhu Hao couldn't help but cursed: "You idiot, there is a mountain protection formation here, causing us to lose so many people."

When Jiang Wei heard this, he immediately understood that these people in front of him were from Hong Qianjiu and his family!

They probably wanted to get inside first, so they didn't investigate, but were killed by the formation!

It is precisely because of Hong Qianjiu and the others that no one behind them dares to act rashly!

With such a powerful formation, no one is willing to risk their lives for fun!

For a time, thousands of people were here, and they could only watch helplessly, and no one wanted to break the formation!

After all, breaking the formation requires a lot of strength, and you may even lose your life, which will still give others an advantage!

So these people watched helplessly, and no one stepped forward to break the formation. Now they were all embarrassed!

Everyone stared with big eyes and small eyes, no one spoke, no one moved, only the heavy breathing of everyone!

Around the hill in front of you, rays of light are constantly flashing. This is the mountain-protecting formation on this hill. Only by breaking the formation can you enter!

Chapter: 3147

With such a huge formation protection, everyone believed that there must be a lot of good things in this ruins.

While no one was moving and waiting quietly, Chen Ping glanced around. He wanted to find Ning Zhi and the others, as well as Lu Chang, whom he had met in the tavern.

Because in Chen Ping's view, these people would pose a great threat to him!

It's a pity that Chen Ping didn't notice it after looking around. Maybe these people didn't come, or they were hiding in the corner!

"Senior, since we want all these people to enter this fake secret realm, why are we setting up such a powerful formation outside? Now no one dares to enter."

Ning Zhi asked very puzzledly.

He didn't understand why he wanted to trick these people into entering but set up obstacles!

The soul in Ning Zhi's body smiled faintly: "What do you know? The more powerful the formation outside is, the more they look forward to it inside. They will swarm in when the time comes. Someone will definitely break through this formation. Just wait slowly. ."

Time passed by, and still no one moved, no one left, and no one tried to break the formation!

Finally, an old man from an unknown family, with a beard on his face, walked towards the hill in front of him with steady steps!

When everyone saw someone moving, they all turned their attention to the old man.

Chen Ping saw that the old man's strength was in the late Dawuhou period, and he knew that he must be the elder of a certain family.

"Mr. Chen, can this person break the formation?"

Jiang Wei looked at the old man who came out and asked in a low voice,

“I don’t know either.” Chen Ping shook his head: “If the formation is broken later and you get inside, don’t be impulsive, let alone take action, wait for my order.”

Chen Ping ordered to Long Xingxu, Ge Fuhai and Jiang Wei.

The three people nodded, and now they all listened to Chen Ping.

At this time, the old man walked up to the formation in shock. Just after a burst of light flashed, the old man suddenly shouted loudly, the sound was like rolling thunder.

There was a strong wind, and then I saw a faint white mist coming out of the old man’s hand, and the white mist began to rotate on the old man’s hand, forming a whirlpool!

No one knows what kind of skills this old man used, they can only watch quietly!

“break.....”

The old man waved his palm, and the majestic momentum exploded instantly. Many people stepped back, feeling the terrifying power. Everyone felt that the formation must be broken!

But when the old man slapped his palm on the formation, his whole body was instantly bounced out, and then he fell heavily in front of everyone. His seven orifices were bleeding and his face was pale. He was seriously injured!

At this time, many people’s eyes widened in shock. If this kind of strength could not break the formation in front of them, then they would have no hope of entering the ruins!

Chapter: 3148

“This formation is so powerful that even with the strength of Da Wuhou in the later stages, he was unable to break through it.”

Jiang Wei was speechless for a while!

“The emphasis of the formation is to break the formation’s eye. To break the formation with brute force like this requires high enough strength.”

Chen Ping said calmly.

Obviously, Chen Ping knew from the beginning that the old man’s formation was unbreakable!

“Brother Chen Ping, can you break it open?”

Long Xingxu asked.

Chen Ping nodded: “I only need one sword to break this formation...”

Chen Ping was not bragging, but he had already seen where the formation was, and with his own strength and the Dragon-Slaying Sword, he could definitely break it!

But Chen Ping didn’t want to break it because he was waiting.

He knew that Ning Zhi came with four black gold robes. With four black gold robes, it would be too easy to break this formation together.

And I saw young people in the pub, they must be capable!

These people haven’t moved yet or even seen it, so Chen Ping doesn’t take any action either. They are all competing for patience!

Chen Ping could bear it, but some people couldn’t bear it anymore, and Hong Qianjiu stood up!

“Everyone, the Penglai Island we came to today cannot be stopped by a magic circle. Now our three brothers have formed an alliance, and we all have martial arts weapons in our hands. If anyone else is willing to form an alliance with us, you can come over!”

“It would be better if we have martial arts weapons in our hands. We can work together to break this formation. I believe that as long as we work together, there is nothing terrible about this formation.”

“But I’ll say it first. We broke the formation. Those who didn’t contribute, please stand back. Otherwise, don’t blame me for being rude.”

Hong Qianjiu saw that the magic circle outside was so powerful, and there would definitely be dangers inside the ruins, so he wanted to get more families to form an alliance and control the situation for the time being!

Relying only on the three of them, the strength is still a little weak!

“I am willing to form an alliance with Mr. Hong, and I also have a martial arts weapon in my hand.”

At this time, some families began to stand up. Now they all know that if they fight alone, they may get nothing in the end!

“I would also like to...”

Another family sided with Hong Qianjiu!

Soon, more than a dozen families chose to form an alliance with Hong Qianjiu and the others. At this time, Hong Qianjiu and the others had hundreds of people, and they were considered the most powerful!

Chapter: 3149

Seeing this, Hong Qianjiu finally had a sneer on his face, glanced at Chen Ping provocatively, and then turned his attention to the formation!

“Everyone, let’s work together to break this magic circle for him.”

After Hong Qianjiu finished speaking, he took out the martial arts weapon!

Others also showed off their weapons one after another, and then used their strength together. The energy gathered together and emitted a dazzling light!

These people all have the strength of the Great Wuhou, and coupled with the blessing of several martial arts weapons, the terrifying power cannot be matched by one person.

Everyone watched attentively, and as soon as the mountain guarding formation was broken, they rushed in without hesitation!

It’s just that Hong Qianjiu and his people have surrounded them, blocking everyone out!

Although many people are dissatisfied, there is nothing they can do!

boom.....

There was a deafening sound, and the gathered power bombarded towards the formation!

The entire Penglai Island was shaken by this blow, and huge waves were set off on the sea!

This shows how powerful this combined attack is!

It’s a pity that such a ferocious blow only left a shallow mark on the mountain-protecting formation. Although these people were not affected by the formation’s backlash, they could not break the formation.

At this moment, everyone was shocked. Even Hong Qianjiu and others were stunned on the spot. None of them expected that so many people and the blessing of the martial arts weapon could not break this formation.

After a moment of astonishment, Hong Qianjiu's face turned extremely ugly, and his eyes were ferocious and terrifying!

"Senior, so many people and martial arts weapons have not been able to break the formation. Is this formation too strong? If they really can't break it, then wouldn't our efforts be in vain?"

Ning Zhi was in the corner and couldn't help but worry when he saw that Hong Qianjiu and the others couldn't break the formation even though they worked together.

"You are a bunch of trash. Don't you know that to break the magic circle, you need to find the center of the formation? With so many people, doesn't anyone know where the center of the formation is?"

The demon in Ning Zhi's body did not expect that among so many people, no one understood the formation.

At this time, the aura on Hong Qianjiu's body continued to surge. With so many people unable to break the formation, they were afraid that they would be laughed out of their wits.

"Come again..."

With that said, Hong Qianjiu and the others joined forces to attack again, this time they almost tried their best!

The huge force caused Penglai Island to tremble continuously, and even the distant ocean set off huge waves!

But the result is still the same, the formation is not damaged at all!

Chapter: 3150

After these two attacks, Hong Qianjiu and the others had consumed most of their energy. Now everyone looked at each other in shock!

If you can't even break through the formation, why enter the ruins?

But the more this happens, the more people are looking forward to entering the ruins, because they know that there must be treasures in the ruins, and even the rumors of immortality may be true.

At this moment, Ning Zhi looked at this scene and felt very anxious. If the formation really couldn't be broken, then their trap would have been set in vain.

"Senior, if that doesn't work, let's do it ourselves and break the formation, right?"

Ning Zhi suggested!

After all, they set it up, and they could break it themselves.

But who would have thought, the soul said: "We can't break it. This formation was set up by the great master himself, but I didn't expect that such a powerful formation was set up..."

At this time, Ning Zhi was also confused. If it was really unbreakable, then they could only wait slowly!

"Breaking the formation, using brute force without finding the center of the formation, I really don't know how you have developed such strength."

Just when Hong Qianjiu looked frustrated and at a loss, Chen Ping slowly walked out and said with a sneer.

"Chen Ping, what the hell are you talking about? If you can, break it off and say something sarcastic?"

Zhu Hao was already angry, but when he saw Chen Ping making sarcastic remarks, he couldn't help but become furious!

Hong Qianjiu narrowed his eyes slightly and looked at Chen Ping coldly: "Chen Ping, what do you mean? Do you know where the eyes are?"

"Of course I know....."

Chen Ping smiled lightly.

"Stop bragging, you know, why don't you take action? Do you want the fishermen to benefit?"

Zhu Hao asked.

"Why should I take action? I can do whatever I like, and you still have to control me?"

Chen Ping immediately silenced Zhu Hao.

Hong Qianjiu looked at Chen Ping quietly, and then said: "Chen Ping, if you can really break through this magic circle, I can let you enter the ruins with us first, how about it?"

Everyone knows that whoever enters the ruins first will definitely have an advantage!

But who knows, Chen Ping shook his head: "I can break the formation, but I will not enter this ruins with you. You can go first..."

Hearing what Chen Ping said, Zhu Hao smiled coldly: "Chen Ping, are you afraid that there are some hidden weapons in the ruins?"
