

The Order 3171

Chapter: 3171

At this time, Lu Chang was also trembling slightly with excitement.

The revival of spiritual energy means that they can break away from the shackles of the secret realm and the suppression of the laws of heaven and earth, and can freely walk in the secret realm and the secular world.

“Get ready to take action...”

Lu Chang said softly.

Several of his men nodded and immediately got ready for battle!

After Chen Ping looked at the altar, he understood that Penglai Island’s spiritual energy was revived because of the altar in front of him. As long as the altar was broken, he could control the spiritual energy recovery.

“Master Hu, Brother Jiang, are ready to take action...”

Chen Ping also whispered following Hu Mazi and the others.

At the same time, Hong Qianjiu looked at the dark but small altar in front of him, with a light shining in his eyes!

“Brother Ninth...”

Zhu Hao shouted to Hong Qianjiu excitedly!

“Tell everyone to prepare to take action...”

Hong Qianjiu also ordered excitedly!

Seeing that all the forces in the secret realm are about to break out!

But at this moment, Ning Zhi came in with four men in black gold robes!

These people were like wolves entering the flock of sheep. No one could stop them. They cut a bloody path in front of them in an instant!

Ning Zhi looked at the radiant, dark altar, his eyes filled with excitement!

When Hong Qianjiu saw Ning Zhi coming in with four men in black gold robes, his face became very ugly!

Chen Ping also frowned.

If he only dealt with Hong Qianjiu and the others, Chen Ping would still be somewhat confident, but now that Ning Zhi has rushed in with four men in black gold robes, he is thinking of destroying the altar, which is almost impossible!

Ning Zhi walked slowly towards the altar, completely ignoring everyone. Four people in black gold robes stood around Ning Zhi. People around him could only watch, no one dared to say anything!

Even Na Lu Chang frowned. If he knew this, he would have brought more experts!

Now that the spiritual energy has revived, they are no longer suppressed by the laws of heaven and earth on Penglai Island, and their strength has been restored!

Chen Ping looked at Ning Zhi who was getting closer to the altar. He clenched his hands slightly and wanted to take action, but he was gently pulled by Hu Mazi and shook his head at Chen Ping!

Chapter: 3172

The four black-gold robes are all warrior saints. Chen Ping has no chance of winning if he attacks at this time!

Moreover, the people around them all have their own thoughts, and no one will help Chen Ping and the others.

In this way, under the eyes of everyone, Ning Zhi slowly walked to the altar and felt the breath emanating from his body. Ning Zhi looked like he was enjoying it!

Soon, Ning Zhi's body began to shake violently, and then a black shadow slowly separated from Ning Zhi's body!

The originally domineering aura of Ning Zhi's body became significantly weaker after the black shadow separated and appeared!

I saw a dark shadow standing in front of the altar, gently touching it with one hand!

Then a ray of light entered the black shadow's body, and slowly the black shadow began to become substantial, and finally turned into a living person!

And this person is the devil in Ning Zhi!

Looking at his body, the demon suddenly laughed crazily!

"Hahaha...hahaha..."

"The spiritual energy has been revived, and I no longer have to live in the darkness..."

The demon threw his head back and laughed.

Although Ning Zhi's strength had dropped a lot because the demon envoy left his body, he didn't dare to complain and hurriedly knelt down on the ground!

"Welcome to the rebirth of the Demon Envoy..."

Ning Zhi shouted loudly.

The four black gold robes also hurriedly knelt down and shouted in unison!

Many people from the sect families couldn't help but gasp when they saw what was happening in front of them!

It turns out that these people in front of me are all demon cultivators!

"Ning Zhi, let these people go away or die. This place has been occupied by our martial arts alliance."

The demon envoy said to Ning Zhi.

Ning Zhi nodded, then glanced at everyone.

"The devil has an order for you to get out of here quickly, or else you will all die..."

Ning Zhi shouted like a dog fighting against the power of others!

But these people all came to Penglai Island, how could they leave so easily!

Chapter: 3173

Seeing that everyone was silent, Ning Zhi said with a cold face: "I only give you one minute, anyone who doesn't leave will die here!"

Hong Qianjiu and the others looked at each other in confusion, facing four men in black gold robes, and now there was an additional demon envoy. It was obvious that this demon envoy was more powerful!

They can't defeat each other no matter what, not to mention they are fighting on their own and their hearts are not aligned!

"What you said is too big..."

After saying that, Lu Chang led the people and walked forward slowly!

The aura of the martial saint emanating from his body unabashedly!

Even several of his followers are at the peak of the Great Wuhou.

As soon as such strength came out, everyone was shocked. None of them expected that among their group of people, there was actually a master of the martial saint level hidden!

Ning Zhi frowned when he saw Lu Chang coming out. He had never thought that a Martial Saint would appear in this crowd!

However, only Lu Chang has the strength of a martial saint, so Ning Zhi is not afraid!

But what makes Ning Zhi strange is that there are very few martial saints in the entire martial arts world, and these black gold robes would never have been able to cultivate to the strength of martial saints if it weren't for the Demon Heart Sect behind them.

But which family does the Lu Chang in front of him belong to? He is actually a Martial Saint at such a young age!

Just when Ning Zhi was puzzled, the magic envoy smiled coldly and said: "A young master from the Cangyue Castle dares to stand up and speak big words. Even if your father Lu Buwei comes, he doesn't dare to fart..." "

Lu Chang looked at the demon envoy in surprise. He didn't understand how the guy in front of him knew that he was the eldest young master of Cangyue Castle, and also knew about his father!

When he heard the words Cangyue Castle, Hong Qianjiu was startled. He hurriedly stepped forward and saluted Lu Chang: "Hong Qianjiu of the Hong family has met Master Lu..."

Lu Chang was stunned for a moment, looked at Hong Qianjiu, frowned slightly and said, "Who are you?"

"Back to Master Lu, our Hong family is the spokesperson family of Zixiao Mansion. I heard the master of the palace said that Zixiao Mansion and Cangyue Castle are family friends, and he told us that when we meet people from Cangyue Castle, we must treat each other with courtesy. !"

Hong Qianjiu explained!

When Lu Chang heard this, he realized that Hong Qianjiu was the spokesperson family of Zixiao Mansion.

"In that case, that's great. If you and I join forces, it's not like we can't fight..."

Lu Chang said happily!

If that's the case, if they add people like Hong Qianjiu and Ning Zhi, they won't necessarily lose!

At this time, when Chen Ping on the side heard the words Zixiao Mansion, his face instantly turned ugly!

Because he knew that his mother was imprisoned in Zixiao Mansion, but what Chen Ping didn't know was that after Long Ruotong entered Zixiao Mansion, he was treated very well every day. Compared with when he was in the Long family, he didn't know How much better!

Chapter: 3174

Seeing Chen Ping's expression, Long Xingxu knew the reason and gently pulled Chen Ping's sleeves!

He was afraid that Chen Ping would be impulsive. In this situation, no matter which party Chen Ping attacked, it would be the most unfavorable.

Hong Qianjiu didn't know Chen Ping's grudge against Zixiao Mansion at all, so he turned to look at Chen Ping and said: "Chen Ping, now that things have come to a close, why don't we join forces to deal with these guys from the Martial Arts Alliance? I know you also have differences with them. We share a common hatred!"

"It seems your girlfriend is still in their hands, right? Don't you want to avenge your girlfriend?"

If Hong Qianjiu wants to win over Chen Ping, he only needs to join forces with Chen Ping. There are so many of them, and Lu Chang is also a martial saint. If there is a fight, it is estimated that Ning Zhi and the others will not take much advantage.

"Okay, I promise you, we will join hands..."

Although Chen Ping is hostile to Zixiao Mansion, he is still rational now. Only by cooperating with Hong Qianjiu can he have a chance to destroy the altar!

"Hmph, Chen Ping, don't think that if you join forces, you have the strength to fight me..."

Ning Zhi snorted coldly.

"Stop talking nonsense and take action..."

Lu Chang knew that he couldn't delay for too long. After all, they were all just united for their own interests.

If it takes a long time, it is likely to fall apart!

Now they can only fight together, and these people have no choice but to fight tooth and nail!

After saying that, Lu Chang went straight towards a man in black gold robe. They were both martial saints, and Lu Chang was not afraid of him at all!

As Lu Chang took action, his hurried followers also took action, and Hong Qianjiu and his people also swarmed forward!

“Master Hu, Brother Jiang, you should also take action...”

Chen Ping nodded towards the two of them, and then the two of them joined the battle group!

Chen Ping, on the other hand, was staring at the altar and looking for an opportunity to destroy it!

It’s just that the demon envoy stood in front of the altar, motionless, and was indifferent to the fact that Ning Zhi and four men in black gold robes were besieged!

He only guarded the altar to prevent anyone from approaching!

For a moment, the entire ruins were shaken, and rocks were flying. However, no one dared to use all their strength at this time. If such a loud battle caused the entire ruins to collapse, then none of them would be able to escape!

But even though everything was restrained, cracks began to appear in the entire ruins, and rocks continued to fall!

“Master Ge, Long Xingxu, take your people and leave quickly, this place is going to collapse...”

Upon seeing this, Chen Ping hurriedly told them to take people out of here!

Chapter: 3175

“Chen Ping, what should you do?”

Ge Jiayi asked Chen Ping.

“I’m fine. This little stone can’t hurt me. You guys should leave quickly...”

Chen Ping urged.

“Mr. Chen, take care...”

After saying that, Ge Fuhai pulled Ge Jiayi and ran outside.

At this time, many people also reacted, looking at the ruins that were about to collapse, and began to run outside!

But the corridor is narrow and not many people can escape!

Fortunately, Chen Ping warned him in advance, and Ge Fuhai and Long Xingxu ran out!

Rumble.....

The ground shook and the mountains shook for a while, and then rocks began to fall in large areas!

At this moment, everyone stopped and ran outside one after another, and Hu Mazi and Jiang Wei also came to Chen Ping!

“Mr. Chen...”

Jiang Wei was very confused when he saw that Chen Ping didn’t run out!

“Master Hu, it’s up to you whether we will be smashed to death...”

Chen Ping smiled at Hu Mazi and said!

“It’s such a small thing, so simple!”

I saw Hu Mazi taking out a few talismans and randomly drawing a few strokes on them!

Then he threw it hard, and several talismans began to spin above Chen Ping and the others!

The boulders that kept falling overhead were directly blocked!

When Jiang Wei saw this, he looked at Hu Mazi with shock and envy in his eyes!

And Ning Zhi led four men in black gold robes around the demon envoy!

The demon envoy exuded aura one after another, covering all the people!

Even if the mountain collapses, they, including the altar, will be fine!

Chapter: 3176

Rumble.....

The mountain really started to collapse, dust was flying, and boulders kept falling!

Many people did not escape and began to be stoned to death. Some people were wailing in pain!

But at this time, no one can help anyone!

The collapse lasted for more than ten minutes!

In the end, the entire hill collapsed, and the people who ran out looked at the collapsed hill in front of them, with expressions of confusion and confusion on their faces!

Although Hong Qianjiu and the others ran out this time, many people were still trapped inside, and half of them were lost!

“Chen Ping...Chen Ping...”

Ge Jiayi faced the collapsing hills and shouted desperately!

“Don’t worry, Chen Ping will be fine...”

Ge Yuhan pulled Ge Jiayi and said.

“Sister Yuhan, how do you know?”

Ge Jiayi asked.

“If he was crushed to death so easily, then he was no longer Chen Ping, and I can feel Chen Ping’s breath. If he was crushed to death, he might still have breath.”

Ge Yuhan explained!

Hearing what Ge Yuhan said, Ge Jiayi’s mood calmed down a little!

Rumble.....

Suddenly, the quiet hill began to shake again! Immediately afterwards, rocks splashed in all directions!

Soon, Chen Ping and the others were revealed, as well as Ning Zhi and the others. They also knocked away the surrounding rocks, exposing the altar!

Seeing that Chen Ping and the others were unharmed, many people were very surprised!

However, Chen Ping himself knew that although they withstood the damage caused by the mountain collapse, they also consumed a lot of spiritual energy.

The same is true for the opponent. Whether it is the demon envoy or the four black gold robes, they will not be much easier when resisting the collapse of the mountain!

“Hong Qianjiu, if you don’t take action now at such an opportunity, what are you waiting for?”

“Do you want to wait for them to regain their strength?”

Chapter: 3177

Chen Ping shouted to Hong Qianjiu, who looked confused!

Only then did Hong Qianjiu react and glance at Lu Chang. Lu Chang also understood what Chen Ping meant. Then he nodded, and the group of people attacked Ning Zhi and the others again!

Ning Zhi brought four men in black gold robes and immediately responded to the challenge. It was obvious that the aura of the four black gold robes was much weaker this time. It seemed that resisting the mountain collapse just now also cost them a lot of strength!

But even so, the demonic envoy still stayed close by, still guarding in front of the altar, leaving Chen Ping no chance to take action!

Hu Mazi saw Chen Ping’s thoughts, so he said: “Chen Ping, I will lure the old devil away, and you go attack the altar...”

After saying that, before Chen Ping could speak, Hu Mazi jumped up and headed towards the demon envoy.

Facing the demon envoy, Hu Mazi didn't dare to be careless at all. He burst out all his breath, and the dozens of densely packed talismans on his body suddenly dispersed. Those dozens of talismans were like sharp blades, moving towards the demon. The demon is gone!

“Wanfu returns to his clan...”

Hu Mazi shouted loudly and used his lifelong skill.

He had to hold back the demon envoy and create time for Chen Ping. Everyone looked at Hu Mazi's unique skills and couldn't help but marvel.

Even Chen Ping couldn't help but be surprised. He didn't expect that Hu Mazi, who was so carefree all day long, could actually have such an amazing skill!

But it can be seen that this is a desperate move by Hu Mazi, because after this move, there will be no more talismans on Hu Mazi's body, and for a talisman master, without the talismans on his body, it means that the tiger is gone. tooth!

The densely packed spells, with endless terrifying aura, moved towards the demon envoy, and instantly surrounded the demon envoy!

When Ning Zhi saw this scene, his face became a little ugly, because he could also see that this move was very powerful. If the magic envoy couldn't resist, then they would be here!

But the demonic envoy smiled coldly, with disdain on his face. Even though dozens of talismans had surrounded him, the demonic envoy didn't even panic at all, and didn't even move!

“You dare to show off such a trivial skill in front of me, you really don't know how to live or die...”

After saying that, the magic envoy waved lightly. This wave did not contain a breath, and no one could even feel the power in it!

Seeing this scene, everyone didn't know what the magic envoy was going to do. Even Chen Ping didn't understand the power of the magic envoy's wave!

But at this time, Hu Mazi, who was close to the demon envoy, changed his face drastically, because he could really feel the overwhelming pressure, as if a huge mountain was coming towards him!

In his eyes, a single swipe of the magic messenger was enough to move mountains and fill seas, but others couldn't feel it!

From this we can see how terrifying this demon's strength is!

Immediately afterwards, everyone saw Hu Mazi's body flying backwards like a kite with its string broken, and the dozens of talismans exploded and burned instantly, turning directly into ashes and blown away by the wind without a trace. Got it!

And from beginning to end, the magic envoy stood still and just waved his hand gently!

"Master Hu..."

Chapter: 3178

"Lao Hu..."

Chen Ping and Zhou Jie rushed forward!

Zhou Jie's eyes were full of worry. She stepped forward and hugged Hu Mazi tightly, tears streaming down her face!

"Cough cough cough....."

Hu Mazi coughed twice, and then told Chen Ping: “Chen Ping, this demon is too powerful. Find a chance to escape. You are no match for him!”

Chen Ping frowned slightly. Although he knew that the demon envoy was powerful, he could not let these people occupy the altar. In that case, it would be even more impossible for him to rescue Su Yuqi!

“Master Hu, please watch with peace of mind and don’t worry about it...”

After Chen Ping finished speaking, he said to Zhou Jie: “You can help Master Hu back to the palace...”

Zhou Jie nodded and wanted to help Hu Mazi leave, but Hu Mazi did not leave and said to Zhou Jie: “I’m fine. I can’t die. How can I be willing to die with such a beautiful beauty like you by my side? Let me left behind.....”

Seeing that Hu Mazi’s life was indeed not in danger, Zhou Jie couldn’t help but roll her eyes at him: “It’s already like this, and he’s not serious yet...”

Chen Ping took out the dragon-slaying sword and looked at the demon envoy coldly.

But just when Chen Ping was about to attack the demon envoy, suddenly a group of people launched a suicidal attack on the demon envoy!

The most obvious feature of these people is their bald heads!

Chen Ping could tell at a glance that these were the Eighteen Arhats brought by Hong Qianjiu!

Hong Qianjiu regarded these eighteen Arhats as killers, so he never touched them. This was just a little secret that Hong Qianjiu had in mind!

He just thought that after the war, he still had a force that could fight!

Now that the two sides are in a stalemate, Hong Qianjiu decided to let the Eighteen Arhats take action and snatch the altar!

And these eighteen Arhats are also the deadliest servants of the Hong family, so no matter how powerful the enemy they face, as long as there is an order, they must attack!

Facing the sudden influx of the Eighteen Arhats, the demonic envoy still had a calm expression on his face. He was single and carried behind him, and his whole body was full of momentum. He didn't take these people seriously at all!

Chen Ping was also a little surprised. This demon was obviously very powerful, so why did Hong Qianjiu send the Eighteen Arhats to die?

But soon, Chen Ping understood!

I saw that the eyes of these eighteen Arhats were full of sternness, the energy and blood in their bodies surged, and even their clothes were torn, revealing their strong skin!

Explode!

It turned out that these eighteen Arhats planned to blow themselves up and use this method to deal with the demon envoy.

Chapter: 3179

Everyone was shocked. You must know that these eighteen Arhats are all in the middle stage of Dawuhou, and they still have the strength in the later stage!

There is no difference between a self-destruction of this strength and a bomb!

What's more, there are so many people self-destructing together, the power can be imagined!

"retreat....."

Hong Qianjiu shouted, and then everyone stepped back.

Because of the power brought by the self-destruction, I am afraid that the entire mountain will be flattened!

“You guys retreat quickly...”

Chen Ping hurriedly shouted at Hu Mazi and the others!

When Hu Mazi and Ge Fuhai saw this, they also stepped back one after another!

“Magic?”

Ning Zhi looked at the demon envoy in shock!

They dare not leave without permission before receiving orders!

The magic envoy waved his hand: “You should also step back...”

“But you...”

Ning Zhi wanted to ask the Demon Envoy if he could withstand the self-destruction of these people!

“Don’t worry, these people can’t do anything to me...”

The corners of the devil’s mouth raised, his face full of disdain!

Upon seeing this, Ning Zhi hurriedly retreated with four men in black gold robes!

Soon, everyone under the entire hill ran away. Only Chen Ping was still standing there, as if waiting for something!

Just when the eighteen Arhats were about to rush in front of the demon envoy, the demon envoy finally moved. As the demon envoy's body flashed, he suddenly swung out a palm!

With huge power, a strong wind blew up in an instant, and the two Arhats were instantly blown high into the air!

puff.....

In mid-air, the bodies of the two Arhats were like bombs. They exploded, and blood and flesh flew everywhere. The whole sky was filled with the smell of blood, and the remaining limbs and pieces of flesh fell like rain!

A faint mist surrounded Chen Ping, instantly isolating the blood rain...

Chapter: 3180

And the demonic envoy kept waving his palms, and the hurricanes blew all the eighteen Arhats away, and then they self-destructed in mid-air!

Chen Ping knew that the opportunity had come, and the demon envoy finally left the altar!

I saw Chen Ping holding the dragon-slaying sword and suddenly rushing towards the altar!

The dragon-slaying sword kept buzzing, and Chen Ping's body burst out with endless momentum!

"cut....."

Chen Ping slashed down with a bang, and the Dragon-Slaying Sword struck the altar hard!

I saw a burst of light emitting from the altar, followed by a huge counter-shock force, which instantly knocked Chen Ping away!

But the altar was intact and not damaged at all!

Chen Ping looked surprised. He knew that his Dragon-Slaying Sword was a spiritual sword, cutting iron like clay, but he didn't know what kind of material this altar was made of. It was so hard and contained so much power!

At this time, the Demon Envoy had already flashed and returned to the altar, and all the Eighteen Arhats self-destructed in the air, causing no harm to the Demon Envoy!

Hong Qianjiu looked at the Eighteen Arhats who had already become minced meat, feeling heartbroken. He didn't expect that the demon envoy's strength was so terrifying!

"Boy, even with your little ability, you want to destroy the altar. It's simply wishful thinking. Let me tell you, this altar was made by Kunlun Cold Iron. If you can destroy it, wouldn't it mean destroying Kunlun? In the name of it!"

The devil looked at Chen Ping with a sneer.

"Since I can't destroy the altar, then I will destroy you..."

A flash of light burst out in Chen Ping's eyes, and he stared at the demon envoy!

When Chen Ping looked at the demon envoy, he felt uncomfortable all over his body. He didn't know why. Chen Ping was just a big Wuhou, how could he put pressure on himself?

Now that he has borrowed the power of the altar to be reborn, his strength is much stronger than when he was a soul. But looking at the light in Chen Ping's eyes, the demon still feels very stressed!

"Go to hell..."

Chen Ping roared and rushed over.

With one step of his foot, Li Jian shot out towards the demon envoy like he was unsheathed, and the spiritual power in his body was also spinning wildly!

Chen Ping's body was constantly filled with auras, and everyone could feel that terrifying sense of depression even if they were far apart!

Ning Zhi looked at Chen Ping and felt the aura emanating from Chen Ping's body. His whole body fell into a sluggish state. At this time, Chen Ping was like a huge beast, even more terrifying than the aura of the peak Dawuhou!

But even so, do you dare to attack the demon?

You must know that the eighteen Arhats who just blew themselves up were not able to harm the demon envoy at all!
