

The Order 3181

Chapter: 3181

Chen Ping, an eighth-grade Great Wuhou, can defeat the Demon Envoy?

No one believes that Chen Ping can win!

“Chen Ping, you are so crazy. These garbage in the secular world make you feel invincible. Today I will let you get to know yourself again!”

The demon sneered, although Chen Ping’s aura was indeed powerful and had exceeded the peak strength of Da Wuhou, but so what?

In order to hit Chen Ping, the Demon Envoy put one hand behind his back, then slowly pushed forward with one hand, and a fierce breath rushed towards Chen Ping!

He wanted Chen Ping to know that with just one hand, he could make Chen Ping kneel down and beg for mercy!

Faced with such contempt and arrogance from the Demon Envoy, Chen Ping was not angry. The more the other party behaved like this, the more opportunities Chen Ping had. Even if it was not low, Chen Ping had enough information to protect himself!

Chen Ping suddenly swung his sword, and the sharp and majestic sword energy flashed towards the demon envoy!

The Demon Envoy had a sneer on his face, still holding one hand behind his back. He did this to undermine Chen Ping’s self-confidence, and also to scare the monkeys, for everyone to see!

At this time, Chen Ping’s face was full of indifference, and his attention was focused on his dragon-slaying sword. The power of the dragon continued to shoot out, and then turned into golden dragons and attacked the demon envoy!

boom.....

The sword energy collided fiercely with the palm wind, and the burst of breath blew past like a hurricane. Everyone could feel the power even if they were hundreds of meters apart!

And the collapsed hill, with rocks flying everywhere, collapsed again!

With this sword, the power of the dragon in Chen Ping's body burst out like a beast, and the raging aura collided with the devil's palm.

But this first contact and collision caused the demon envoy's face to change slightly!

He originally thought that he could easily knock Chen Ping away, but now he discovered that Chen Ping's sword was also extremely powerful.

Even compared to the newly promoted Martial Saint, it is even worse!

This time, the Demon Envoy's face looked ugly. He wanted to show off and teach Chen Ping a lesson, but at the same time, he failed!

Chen Ping's face didn't look good at the moment. He had almost used all his strength just now, but the demon envoy still had one hand on his back, so he easily resisted it!

It seems that the gap between the two people is still very big!

"Chen Ping, I have to admit that you are the strongest person I have ever seen in the secular world!"

The magic envoy slowly took out the hand behind his back.

"Stop talking nonsense and let's do it..."

Chen Ping said coldly!

Chapter: 3182

It's just that Chen Ping's attention is not on the demon at this time. What he needs is to destroy the altar or stop the resurgence of spiritual energy.

Through the observation just now, Chen Ping knew that the resurgence of spiritual energy was caused by the beam of light shot into the air from the altar. If that light could be blocked, the resurgence of spiritual energy might also stop!

"Boy, you are looking for death..."

The demon's eyes narrowed slightly, a sharp light flashed, and then a terrifying aura erupted from his palms!

This time, the demon envoy had murderous intentions, unleashed all his cultivation, and struck Chen Ping with one palm.

When he saw the demon envoy slapped him with his palm, Chen Ping's expression changed. The breath of death came instantly, and the breath became hotter. In Chen Ping's eyes, it was like a big mountain pressing down on him.

But just when the breath of death was about to erupt, Chen Ping's figure suddenly flashed, as if he had traveled through time and space, and his body instantly appeared on one side!

boom.....

This palm hit the target directly, and then the ground shook and a large crater of nearly ten meters was created in an instant.

Everyone looked at the big crater created by the bombardment, and their faces were extremely ugly. If this hit someone, even if Chen Ping was physically strong, he probably wouldn't be able to withstand it!

This palm hit the air, and the demon was stunned for a moment, and then a solemn look flashed in his eyes!

But Chen Ping ignored him, and instantly activated his indestructible golden body. His whole body was wrapped in golden scales, and then he jumped up, and then slashed towards the altar with his sword!

“Huh, I told you, you can’t destroy this altar.”

Seeing that Chen Ping actually wanted to destroy the altar, the demon couldn’t help but snorted coldly.

However, this time Chen Ping is not going to destroy the altar, but to cut off the beam of light!

After slashing with the sword, the light was instantly cut into two pieces, but soon the light shot into the air again!

You must know that this light cannot be cut off unless there is something to block it!

Swish, brush, brush...

After three more slashes, the light of the dragon-slaying sword in Chen Ping’s hand began to dim. Even if Chen Ping injected the power of the dragon again, it was a pity that he couldn’t stop it!

It seems that the sword spirit inside the dragon-slaying sword is damaged. After all, the intensity of the light can be imagined.

“Hahaha, Chen Ping, are you stupid? You want to use your sword to cut off the light that connects heaven and earth. How is that possible...”

“Unless you have something stronger than your physical body to block this light, you can’t even think about preventing the spiritual energy from reviving.”

When the demon saw that Chen Ping didn't want to destroy the altar, he wanted to cut off the light!

That is simply ridiculous. How can light be cut off unless it is blocked by something?

Chapter: 3183

The demon envoy's words instantly reminded Chen Ping of the Blood Demon body in his storage ring!

The blood demon's body was much stronger than mine, and it would definitely be able to block the light!

Thinking of this, Chen Ping took out the blood demon's body directly from the storage ring!

Many people were shocked when they saw Chen Ping pull out a corpse out of thin air. After all, many people didn't know the existence of the Blood Demon's body!

And when the demon envoy saw Chen Ping taking out the blood demon's body, bursts of excitement and excitement rose in his heart, but he just deliberately kept a straight face and showed a look of panic!

Chen Ping threw the Blood Demon's body towards the altar, and sure enough, the Blood Demon's tyrannical body blocked the light instantly!

The overwhelming spiritual energy also became much lighter at this moment!

When the demon envoy saw that Chen Ping had been fooled, he was extremely excited. Suddenly bursts of white light began to appear on his palms. Chen Ping did not dare to be careless and hurriedly put away the dragon-slaying sword, preparing to receive the demon envoy's palm.

"Moro Divine Palm..."

The devil shouted loudly, and the aura on his body exploded instantly, a strong wind roared, and the sky instantly became dark.

Soon, a palm like a mountain fell from the sky and headed directly towards Chen Ping!

Chen Ping's body was covered hundreds of meters away. This time, it was almost impossible for Chen Ping to dodge instantly!

Everyone looked at the hill-like palm in front of them in shock, and they were all stunned!

One by one, they couldn't help but continue to retreat. They could feel the breath brought by that palm!

Even the Martial Saint dare not say that he has the ability to withstand such a terrifying palm.

Lu Chang's face was extremely ugly. He had never thought that demon cultivators in the secular world could have such terrifying strength!

"Chen Ping..."

Ge Jiayi screamed, clasping her hands tightly together with sweat on her palms. She was worried about Chen Ping!

Chen Ping was shrouded in this palm, his whole face was full of ferociousness, and the cold light in his eyes kept flashing. He knew that whether he could withstand this blow was the most critical.

"Holy Light Fist....."

Chen Ping also shouted loudly, and a fist shadow flashing with golden light was instantly swung into the air!

But just when the fists were about to collide, suddenly the two terrifying auras disappeared!

The Demon Envoy looked into the air in shock, with a look of disbelief on his face!

What is equally incredible is Chen Ping. His Holy Light Fist also contained all his power, but it just disappeared without a sound!

Chapter: 3184

Just when both of them looked confused, they heard a crisp crack!

Kaka.....

Chen Ping and the demon envoy all followed the sound and suddenly discovered that the originally extremely hard altar began to crack!

But the blood demon's body actually stood upright at this time, and his whole body was wrapped in light!

Wow.....

The altar shattered instantly, the light disappeared, and the blood demon's body stood upright at this time, and his body began to exude aura!

Chen Ping looked at the scene in front of him and was stunned for a moment, not understanding what happened!

But when the demon envoy saw this, he was instantly surprised and hurriedly knelt down on the ground!

“Disciple pays homage to Lord Blood Demon...”

As soon as the demon envoy knelt down, Ning Zhi immediately ran over with four men in black gold robes and knelt down in front of the blood demon!

At this time, the Blood Demon was still floating in mid-air, motionless, but there was light in his eyes!

“What’s the matter?”

Chen Ping frowned!

“Hahaha, Chen Ping, you were deceived by me. I told you on purpose to use something to block the light from the altar, because only in this way will you release the blood demon’s body, and the blood demon can use the spiritual energy to revive. The power is reborn!”

“Hahahaha... the blood demon is resurrected, the whole world belongs to us, you all will die, you will all die...”

The demon laughed crazily.

After hearing this, Chen Ping’s face became extremely ugly. He did not expect that he would fall into the trap of these guys.

“I will never resurrect him...”

Chen Ping’s eyes narrowed and he planned to destroy the blood demon’s body directly!

But before Chen Ping could take action, an aura that broke through the sky and became extremely domineering instantly enveloped the entire Penglai Island!

I saw the Blood Demon suddenly raise his hand, and huge waves surged from the sea in the distance!

Just this breath made Chen Ping fall to the ground with a thud. Even others far away fell down one after another!

Some people with low strength were crushed to death after this breath!

Moreover, the Blood Demon just raised his hand slightly and exploded with such terrifying power.

Chapter: 3185

“Disciples welcome the rebirth of Lord Blood Demon...”

The demon’s whole body was shaking with excitement.

The Blood Demon slowly fell from the mid-air, and just glanced at everyone with his eyes, so everyone felt unprecedented pressure!

The Blood Demon showed no expression at all, everyone had their heads lowered, and no one dared to look directly into the Blood Demon’s eyes!

Only Chen Ping tried hard to raise his head and look at the Blood Demon!

The Blood Demon also looked at Chen Ping, but his eyes were lifeless.

“The proud Dragon Clan will not bow its head, but it has only been thousands of years. When did the Dragon Son become so weak?”

The Blood Demon looked at Chen Ping with a bit of confusion in his eyes!

“You said I am a dragon?” Chen Ping asked quickly when he saw the Blood Demon saying this.

Chen Ping was a little excited at this time. Maybe he could know his identity from the blood demon, and even know who his father was!

But the blood demon shook his head: "You are not a dragon yet. How can a real dragon be as weak as you?"

"But the Holy Light Fist you used just now is good. It is the old devil's unique skill. How did you learn this authentic Holy Light Fist?"

Gorefiend asked Chen Ping.

"Old Devil?" Chen Ping didn't know what Old Devil was. He only learned the Holy Light Fist in the Devil Suppressing Tower. At that time, there was a ray of soul of an old man who finally left!

It's just that Chen Ping doesn't know the identity of this old man, let alone what kind of old devil he is!

Chen Ping told the Blood Demon about his learning of Holy Light Fist. Unexpectedly, the Blood Demon burst into laughter!

"Hahaha, this old guy's remnant soul was suppressed in the tower. It's worse than me..."

Although the Blood Demon laughed, he could still tell that he and the old man must have a very good relationship!

"Since you saved the old devil and the old devil taught you Holy Light Fist, it proves that you are his disciple. Now that I have been reborn, you can make a request and I will repay you on behalf of the old devil."

The blood demon said to Chen Ping.

At this time, the blood demon had already restrained his aura, and everyone no longer felt the pressure and stood up one after another!

The blood demon's words made Chen Ping unprepared and he didn't know what to ask for!

This time, the demon envoys on the side were frightened. If Chen Ping suddenly made a condition and asked the blood demon to kill them all, wouldn't they not even have any bones left?

"Lord Blood Demon, this son is the enemy of our demon clan. You absolutely cannot do this..."

Chapter: 3186

The demon envoy hurriedly spoke out to stop the blood demon!

"who are you?"

Blood Demon asked.

"The disciple is from the Demon Heart Sect." The demon envoy said quickly.

"Demon Heart Sect?" Blood Demon frowned!

"We are a branch of the Heavenly Demon Sect."

The Demon Envoy knew that the Blood Demon definitely didn't know about the Demon Heart Sect, so he hurriedly explained.

"Huh, who is the Heavenly Demon Sect? How dare you call yourself a demon clan even if you are a branch..."

The blood demon snorted coldly, but ignored the demon envoy and said to Chen Ping: "Young man, have you thought about what you want to ask for?"

“Lord Blood Demon, you can’t...”

The demon envoy still wanted to persuade, but the blood demon suddenly turned his head and looked at him!

With just this look, the Demon Envoy suddenly flew out like a kite with its string broken, and hit a huge rock hard!

The boulder shattered, and the demonic messenger howled in pain!

“Lord Demon Envoy...”

Ning Zhi ran over with four men in black gold robes, but saw that the demon envoy’s body was already like mud. With such serious injuries, an ordinary person would have died long ago!

“Blood...blood demon...”

The demon pointed his finger at the Blood Demon, as if he wanted to say something, but before he could say anything, he passed out!

When everyone saw this scene, they all couldn’t help but gasp!

You must know that the Eighteen Arhats just self-destructed, but they couldn’t do anything to the demon envoy, but this blood demon, with one look, made the demon envoy look like this!

“Just like that, calling yourself a demon clan is simply embarrassing me, the demon clan...”

The Blood Demon snorted coldly, then stretched out a hand and grabbed it in the air!

The four black gold robes all trembled, and then four black shadows escaped from the bodies of the four black gold robes!

Four black shadows were simply running away in four directions!

These are the souls in the bodies of four black gold robes, and these souls are also members of the Demon Heart Sect!

Chapter: 3187

Seeing that the four souls were about to escape, the Blood Demon squeezed lightly, and soon the space in front of everyone began to distort!

The escape route of the four souls was instantly blocked, and the Blood Demon actually regarded the space as a burden and kept rubbing it, while the four souls were trapped in the space.

“This this.....”

Chen Ping was stunned when he saw the scene in front of him. He couldn't imagine how terrifying this blood demon's strength was!

The four souls kept struggling, but soon turned into ashes and disappeared!

And the auras of the four black-gold robes instantly weakened a lot, and they fell directly from the strength of the Martial Saint to the Great Wuhou!

“It is extremely shameful to use this kind of soul possession technique...”

The blood demon looked disdainful!

Ning Zhi simply took four men in black gold robes and carried the demon envoy away in a hurry!

They didn't dare to stay any longer. If they stayed, Chen Ping would let them go even if the Blood Demon didn't kill them.

After Ning Zhi and the others ran away, the Blood Demon set his sights on Ge Yuhan!

Because at this moment, only the soul of the Saint of Guanghan Palace is residing in Ge Yuhan's body!

Feeling the blood demon's eyes, Ge Yuhan was so frightened that she hurriedly ran away!

But it was useless. I saw a flash of light in the blood demon's eyes. Ge Yuhan felt dizzy for a while, and his soul instantly escaped from his body!

The blood demon captured the soul of the Saint of Guanghan Palace in one fell swoop.

When Chen Ping saw this, he was so frightened that he was about to speak, don't let the blood demon kill him, but the blood demon was stunned, looked at the soul and said: "You are actually from Guanghan Palace?"

"Yes, I am a saint from Guanghan Palace. When our Guanghan Palace was attacked by your demons, I finally escaped from Guanghan Palace, but only a trace of my soul survived."

The soul of the Saint of Guanghan Palace glared at the Blood Demon and said.

They, Guanghan Palace, are following the demons at the same time!

"Hmph, it's the demons who are taking the blame again. In order to find out the cause of the war between gods and demons, I was plotted and had no choice but to seal myself here."

"We gods and demons have been living in peace and harmony for thousands of years. How come we suddenly start a war, causing the whole world to collapse, order to collapse, and everything to become a mess? Isn't it possible that no one has thought about the reason?"

The blood demon said with an angry look.

When Chen Ping heard this, he was full of surprise and said: "Senior Blood Demon, is there something hidden in the war between gods and demons?"

Chen Ping had only heard of the war between gods and demons, but he didn't know exactly why it happened and why it became like this!

Chapter: 3188

"You are just an ordinary person now, so what's the use of telling you. Now that I have been reborn, I must investigate the matter clearly and never let the demons take the blame."

"A few of our demon tribe's old guys have been sealed and suppressed. I want to seek justice for the demon tribe."

The blood demon's aura began to rise, and the people around him were so frightened that they retreated into the distance!

Chen Ping looked at the blood demon like that and felt that the demon might really have been wronged, and that there might really be a secret behind the so-called war between gods and demons!

If you are not a demon, you must be heinous. Like the Demon Spirit Sect, many sect disciples are good!

The soul of the Saint of Guanghan Palace also made no sound at this moment.

"ah....."

Suddenly, Ge Yuhan screamed!

The soul was originally missing, and it had been possessed by the soul for such a long time, and now the soul suddenly left the body!

Ge Yuhan's body couldn't bear it at all. After screaming, Ge Yuhan fell directly to the ground!

“Miss Ge...”

When Chen Ping saw this, he was shocked!

You must know that Ge Cangsheng handed over his daughter to Chen Ping in the hope that Chen Ping could restore Ge Yuhan. If an accident occurred, Chen Ping would not know how to explain to Ge Cangsheng!

But just when Chen Ping was about to run out to check, he saw the blood demon waving his hand, and Ge Yuhan’s body was in front of the blood demon in an instant!

The Blood Demon just glanced at it and gently stroked Ge Yuhan’s head with his palm. Ge Yuhan opened his eyes instantly!

“It’s just that my soul is not intact. It’s fine now.”

The blood demon said calmly.

Ge Yuhan stood up and looked at Chen Ping and the others in confusion. Although she had some impression of Chen Ping at this moment, she seemed to know nothing!

Seeing this, Ge Fuhai and Ge Jiayi hurriedly took Ge Yuhan away. Ge Yuhan still remembered Ge Fuhai, after all, they were all Ge family members!

“How are you, young man? Have you thought about it? Do you want me to teach you your mental skills and teach you martial arts, or do you want some magical weapons?”

Gorefiend asked Chen Ping.

But who knew, Chen Ping shook his head.

When it comes to skills, his Heart Condensation Technique is a superior immortal technique. When it comes to magical weapons, the Dragon-Slaying Sword in his hand is also a top-grade spiritual sword!

Seeing Chen Ping shaking his head, the Blood Demon frowned slightly: "What exactly do you want?"

Chapter: 3189

"None of us want it, I just want to know who my father is, can you help me?"

Chen Ping looked at the Blood Demon and asked.

"That's not easy, you have to force out a drop of blood!"

Blood Demon said casually.

When Chen Ping saw this, he frowned. From the center of his eyebrows, a drop of blood slowly seeped out, and finally floated in the air!

The blood demon stretched out a finger and then gently touched the drop of blood!

That drop of essence and blood was instantly sucked into the blood demon's body!

Immediately afterwards, Chen Ping saw the blood demon's face change wildly, from surprise, to shock, to finally fear...

At this time, even the blood demon's breathing became much faster!

This time, Chen Ping was a little confused. He didn't understand why the blood demon had such an expression.

After a while, the Blood Demon finally let out a long breath!

The forehead is already covered with cold sweat!

“Senior Blood Demon, do you know who my father is?”

Chen Ping asked hurriedly.

The Blood Demon nodded, which made Chen Ping extremely happy. He had long wanted to know who his father was and what his identity was. Why did many people call themselves the Son of the Dragon?

Is his father really a dragon?

But while Chen Ping was waiting for the Blood Demon to answer him, the Blood Demon slowly said: “I finally know why the old devil taught you the Holy Light Fist. This old guy must have seen something.”

“I know who your father is, but I can’t tell you. But I can tell you something. Your father is someone I can’t even look up to...”

When Chen Ping heard this, he was stunned, because in his eyes, this blood demon was like a god. With the blood demon’s ability, if he just waved his hand, the entire secular world would disappear!

And his father is actually a figure that even the Blood Demon can’t look up to?

Then who is his father?

Just when Chen Ping was thinking, the Blood Demon suddenly frowned, his face became very ugly, and his expression became ferocious!

“Senior Blood Demon, what’s wrong with you?”

Chen Ping asked quickly.

Chapter: 3190

“This power of the laws of heaven and earth is so abnormal, it suppresses me and I can’t even breathe.”

Blood Demon frowned and said.

Now that the altar is destroyed and the spiritual energy recovery has disappeared, the stronger a person like the Blood Demon is, the more he will be suppressed by the laws of heaven and earth. If the Blood Demon stays in this secular world for a long time, his entire cultivation will be destroyed!

“I also practice immortal magic. Why can’t I feel the power of the laws of heaven and earth?”

Chen Ping was very surprised, why couldn’t he feel the suppression of the power of the laws of heaven and earth while he was also a cultivator of immortality?

“Are you kidding? Your bloodline and the laws of heaven and earth are nothing. It dares...”

The Blood Demon seemed to feel that he was about to spill the beans, so he hurriedly braked and said quickly: “I’m leaving here. If we are destined, I hope to see you in the world of heaven and humanity...”

As he spoke, the Blood Demon grabbed the void with one hand, and actually tore the space apart, revealing a black hole.

“Just go with me. You won’t survive here. If I have a chance, I will help you recover your body.”

The blood demon said, taking the soul of the Saint of Guanghan Palace with him, he jumped directly into the black hole!

“Hey... Senior Blood Demon, what is the world of heaven and humanity?”

Chen Ping wanted to ask, what is the Heaven and Human Realm, and where is the Heaven and Human Realm, but the Blood Demon has long since disappeared, and the black hole has also disappeared.

The blood demon left, and the scene fell into deathly silence!

Everyone has seen the power they have never seen before!

What a great Martial Lord or a Martial Saint is like an ant in the face of absolute power!

“Mr. Chen...”

At this time Jiang Wei stepped forward and wanted to ask Chen Ping what to do next!

The altar is destroyed, the spiritual energy recovery has stopped, and I don't know where the next spiritual energy recovery place will be, let alone when it will appear!

“let's go.....”

Now that the spiritual energy recovery has stopped, there is no need for Chen Ping to stay on Penglai Island!

Chen Ping and others turned around and left. Hong Qianjiu and the others looked at Chen Ping blankly. No one spoke or stopped them, especially Zhu Hao, who was looking at Chen Ping in his eyes. Apart from fear, there was no longer any arrogance. Color!

Only Lu Chang looked at Chen Ping with a bit of passion and fighting intent in his eyes!

He really wanted to compete with Chen Ping, but he couldn't use his full strength in the secular world. He could only hope that Chen Ping would have a chance to go to the secret realm!

Chen Ping, who had already left, suddenly stopped. He seemed to feel Lu Chang's eyes, and turned to look at Lu Chang: "Are you from the Thunder Gate Secret Realm?"
