

The Order 3221

Chapter: 3221

Then he took out a wad of money and put it on the bar, and said to the waiter: "Put this money here. This old gentleman will not be allowed to collect money when he comes to drink in the future..."

"Okay..." The waiter looked at the wad of money and hurriedly collected it!

"Hahaha, little brother is courageous and well-organized. He is much better than that picky guy like Lao Hu."

"Let's take you to my house to sit..."

Lao Fan laughed and put his arm around Chen Ping's shoulders!

Hu Mazi glared at Old Fan fiercely, and then several people walked out of the tavern!

Just when the three of them walked out of the tavern, Chen Ping felt that someone seemed to be following him. But just when Chen Ping was about to turn around to see who it was, Old Fan gently pressed his shoulder: "No. Look back..."

When Chen Ping saw this, he pretended not to know and continued to move forward!

After walking to a secluded place, Lao Fan stopped and his hazy eyes suddenly became brighter!

"If you don't want to die, get out..."

Lao Fan's voice is very soft, but it has great penetrating power. Even if it is hundreds of meters away, it can be heard clearly!

After hearing Lao Fan's voice, two warriors wearing warrior uniforms came out from the hiding place behind them!

"A bunch of Watanabe brats dare to follow me?"

Lao Fan's eyes narrowed slightly, and an invisible murderous aura instantly enveloped the two warriors!

When the two warriors saw this, they trembled with fright and hurriedly knelt on the ground: "Master Fan, please forgive me, we don't dare to follow you, we are following this person..."

The two warriors pointed at Chen Ping, but Lao Fan also knew that these people did not dare to follow him!

"This man is my friend, why are you following him?"

Lao Fan asked.

The two warriors looked at each other, but neither one dared to say anything!

"Hmph..." Lao Fan snorted coldly, and then breathed out gently, and saw a light mist instantly surrounding the two warriors!

"ah....."

The two warriors howled in pain.

"Master Fan, it's... our family head who asked us to investigate this person because he saved our eldest lady. Our family head wants to know the details of this person..."

A samurai couldn't bear the pain and hurriedly spoke out!

Chapter: 3222

When Lao Fan saw this, he waved his hand gently, and the pain of the two warriors disappeared instantly, and they all stood up in fear!

“Now I know, he is my friend. Go back and tell that kid Fumio Watanabe, don’t try to take advantage of my friend.”

Lao Fan said coldly.

“I know, I know.....”

The two Watanabe samurai were so frightened that they turned around and ran away!

After the two warriors ran away, Chen Ping and Hu Mazi looked at Old Fan in shock!

None of them understood why the Watanabe samurai were afraid of Lao Fan, a sloppy old drunkard like him.

He also shouted like Mr. Fan.

Didn’t it mean that the Watanabe family was the largest family in Xijing and no one dared to mess with it?

In the current situation, it seems that the Watanabe family does not dare to offend Lao Fan.

“Old Fan, what’s going on? How come the warriors of the Watanabe family call you Master Fan and are they so afraid of you?”

Hu Mazi asked very puzzled.

“Because they know that if they piss me off, I will kill them...”

Lao Fan smiled lightly.

Hu Mazi wanted to ask something else, but was interrupted by Lao Fan: “Okay, let’s talk about it after we get home...”

Hu Mazi followed Chen Ping and walked with Lao Fan for more than half an hour before arriving at a village in the suburbs!

This village looks quiet and peaceful, and Lao Fan’s house is in the village!

It’s a very dilapidated wooden house!

Chen Ping followed Hu Mazi into the wooden house and couldn’t help but be shocked by how simple the wooden house was!

There is no decent furniture in the room, but there are a lot of wine bottles!

“Old Fan, do you live here? This is no better than a doghouse.”

“What kind of job do you do in the island country? You can’t even support yourself!”

Hu Mazi couldn’t help but sigh.

Chen Ping was also very surprised. According to Lao Fan’s strength, he shouldn’t be able to mix up like this.

Chapter: 3223

“Hey, it’s hard to do business now, there’s nothing we can do...”

Lao Fan sighed.

“What exactly is your business?” Hu Mazi asked.

“The business of killing...”

Lao Fan said calmly.

“A murder business?” Hu Mazi didn’t understand for a moment!

However, Chen Ping came to his senses and said quickly: “Are you a killer?”

Lao Fan didn’t hide anything and nodded without hesitation.

“You’re a killer, and you’ve gotten to this point? With your strength, wouldn’t anyone be looking for you to kill someone?”

Seeing that Old Fan was acting like this, Hu Mazi must have been involved in the murder business and no one was looking for him!

Lao Fan shook his head: “It’s not that no one is looking for him, but that he can’t find him...”

Chen Ping and Hu Mazi were stunned again by Lao Fan’s words. They didn’t understand what Lao Fan meant!

“Can’t afford it? How much does it cost to kill someone? They can’t afford it?”

Hu Mazi asked curiously.

“Ten billions of dollars...”

Lao Fan said casually.

This time, Chen Ping and Hu Mazi were shocked.

Ten billion dollars to kill one person?

No wonder no one can find it...

“You have gotten to this point and are paying tens of billions of dollars in rewards. Who is the fool to look for you? Can’t you be cheaper and improve your living conditions first?”

Hu Mazi didn’t understand. This old fan had trouble eating and drinking, yet he dared to ask for a reward of tens of billions of dollars!

“I can go without food or drink, but the price cannot be changed, otherwise I will lose my worth...”

Lao Fan said with great style!

This sentence left Hu Mazi speechless, but Chen Ping asked strangely: “Why are the samurai of the Watanabe family so afraid of you? Is it because of your tens of billions of dollars in remuneration?”

Chapter: 3224

“Of course not, because I killed all the killers in Xijing just to have business, so these people are afraid of me!”

“It’s just that there are no killers in Xijing now, and no one is looking for me...”

Lao Fan said slightly helplessly.

Hu Mazi and Chen Ping were both shocked when they heard that Lao Fan actually killed all the assassins in Xijing just to get business!

This novel business acumen is probably something only this old fan can come up with!

In order to have a voice, he killed all his colleagues...

Chen Ping admired Lao Fan very much, while Hu Mazi looked at Lao Fan speechlessly!

“Mr. Fan, can you tell me about the Watanabe family? I came here this time for the Watanabe family.”

Chen Ping asked Lao Fan.

“Here for the Watanabe family?” Old Fan was slightly startled!

Hu Mazi hurriedly explained and told Chen Ping’s grudges with the Watanabe family!

When Lao Fan heard this, he understood and slowly said: “For the sake of buying me a drink, I will tell you some secrets that you don’t know...”

As Lao Fan spoke eloquently, Chen Ping and Hu Mazi became more and more frightened as they listened...

It turns out that the reason why the Watanabe family has become one of the best families in the island country, and also the largest family in the western suburbs, is entirely because of the shrine behind the Watanabe family!

You know, in the island country, everyone believes in shrines and even sacrifices their lives for the sake of unfounded gods!

The president of the Chizuru Shrine behind the Watanabe family, it is said that the soul of the ancient god survived through Shinto conversion.

It sounds like being reincarnated!

And there are many masters in Qianzuru Shrine, as well as some secret organizations!

The Watanabe family is just a subordinate family of Chizuru Shrine, specializing in providing resources and money.

Listening to what Old Fan said, Chen Ping frowned tightly!

If this is the case, then it would be difficult for Chen Ping to destroy the Watanabe family, even Watanabe Fumigan's lineage!

Also, when Kazuo Kawaguchi introduced the Watanabe family to Chen Ping, he didn't mention the Chizuru Shrine at all!

It was obviously deliberately concealed. It seemed that Kawaguchi Kazuo did not really surrender to Chen Ping!

"It seems like it won't be that easy to destroy the Watanabe family..."

Chapter: 3225

Hu Mazi said solemnly.

"It all depends on man-made..."

Lao Fan said lightly, then picked up the wine and started drinking again!

When Chen Ping saw this, he knew that the matter had come to this, so he decided to follow his plan, so he stopped thinking and started drinking with Lao Fan!

.....

Inside Fumio Watanabe's villa!

Listening to the reports of his two subordinates, Watanabe Fumio's face was full of shock!

"Who is that young man? Is he actually a friend of Master Fan? If it seems like that, I really want to meet him in person!"

Watanabe Fumio is now full of curiosity about Chen Ping!

So he said to his subordinates: "Go and invite the young lady..."

Soon, Yumiko was found, and Watanabe Fumio quickly asked: "Yumiko, tell the truth to your father, what is the name of the friend who saved you, and how did you meet him?"

"Dad, why are you asking these questions?"

Yumiko looked at Fumio Watanabe warily.

She knew that her father was a very thoughtful and suspicious person. If Chen Ping's information was revealed, Yumiko was afraid that Fumio Watanabe would be rude to Chen Ping!

"Dad wants to thank him properly, so of course he needs to know the other person's information. You tell me..."

Watanabe Fumio asked anxiously.

Seeing this, Yumiko could only tell the truth. When she heard that Yumiko only met Chen Ping on the plane, Watanabe Fumio's expression changed a little!

He was not sure whether Chen Ping's chance encounter with Yumiko was deliberately planned!

"Then what's his name, do you know?"

Watanabe Fumio asked again.

"He said his name is Chen Ping, but I think it's true..."

Yumiko said.

"Chen Ping?" Watanabe Fumio was slightly stunned and frowned slightly: "Why is this name so familiar? I seem to have heard it somewhere..."

At this time, a subordinate came forward and whispered a few words in Watanabe Fumio's ear. Watanabe Fumio's eyes suddenly widened with surprise on his face!

Chapter: 3226

"It can't really be him, right? Would he have the courage to come to the island country?"

Fumio Watanabe couldn't believe it!

"Dad, what did you say?"

Yumiko looked at Watanabe Fumio like this and asked in confusion.

“Oh, it’s nothing, you go and rest...”

Watanabe Fumio sent Yumiko away and became a little anxious inside!

If Chen Ping is really the Chen Ping who killed Ichiro Watanabe, it would definitely be inappropriate for Fumio Watanabe to meet Chen Ping at this time!

Moreover, when Chen Ping came to the island country, he obviously came for the Watanabe family!

From this point of view, Chen Ping’s chance encounter with Yumiko should have been planned, as well as his sudden rescue of Yumiko, all to gain trust!

Watanabe Fumio originally wanted to meet Chen Ping, but now he was at a loss. After all, Chen Ping didn’t know the real situation of the Watanabe family, and he would definitely put all the debt for chasing him on the Watanabe family. !

As the head of the Watanabe family, Fumio Watanabe will be the first to be targeted for revenge by Chen Ping!

Watanabe Fumio didn’t know yet, but Chen Ping already knew everything about the Watanabe family!

“Master, if Chen Ping really comes to the island country to take revenge, you will be in danger. I heard that Chen Ping is the number one person in Daxia Kyoto.”

“And even the martial arts alliance in Kyoto was destroyed by him. He also founded Longmen, the first sect in Kyoto!”

“Now that the general election is coming, we have internal and external troubles. If Chen Ping comes to cause trouble, we will be in trouble.”

A servant said to Fumio Watanabe very worriedly.

How could Watanabe Fumio not know, but what can he do now?

“This Watanabe Fumigan can’t offend anyone, but he offends this person. Now the debt will probably be on my head.”

Watanabe Fumio yelled at Watanabe Fumigan!

If Watanabe Fumigan hadn’t gone to Daxia again and again to seek revenge on Chen Ping, how could Chen Ping come to the island country?

Isn’t it just the death of a son?

Watanabe Fumigan has three sons, so what if one of them dies!

“Master, since the eldest lady knows Chen Ping, why don’t we use the eldest lady to explain to Chen Ping that the pursuit of him was not our fault.”

“If we can get Chen Ping’s help, we will have a better chance of winning the next general election!”

Chapter: 3227

“I have already inquired, and Watanabe Fumigan is already contacting the old man...”

The servant whispered.

“What? Then Fumigan Watanabe went to contact grandpa? Grandpa is already over ninety years old and doesn’t care about family affairs at all. Is it possible that Fumigan Watanabe can still persuade him?”

Watanabe Fumio looked surprised!

The grandfather mentioned by Fumio Watanabe is called Kazuo Watanabe. He is not the biological grandfather of Fumio Watanabe and Fumigan Watanabe, but the brother of their grandfathers!

Kazuo Watanabe is over ninety years old and has stopped interfering with family affairs for a long time. However, as the oldest and most senior member of the Watanabe family, Kazuo Watanabe is considered the soul of the Watanabe family!

Kazuo Watanabe is still very influential in the family. I believe many descendants of the Watanabe family will listen to Kazuo Watanabe's words!

If Fumigan Watanabe really got help from Kazuo Watanabe, then Fumio Watanabe would not be re-elected as the head of the family.

Another more important reason is that Watanabe Kazuo can directly contact Chizuru Shrine behind the Watanabe family!

Although the Watanabe family is a subordinate family of Chizuru Shrine, as the head of the family, Watanabe Fumio, even entering the shrine is more difficult than climbing to the sky!

But Kazuo Watanabe is different. He can go to the shrine to worship at any time and say a few words to the senior officials of the shrine!

"No, I can't wait any longer. Prepare the car immediately and go to the ancestral home..."

Watanabe Fumio has a strong sense of crisis at this moment. He also wants to see Watanabe Kazuo, hoping that he will not interfere in family affairs!

Just when Fumio Watanabe rushed to see Kazuo Watanabe, at this time in Fumigan Watanabe's villa!

Taro Watanabe has already found Kazuo Kawaguchi!

"Kawaguchi-kun, sit down quickly, sit down quickly..."

Seeing Kazuo Kawaguchi, Fumigan Watanabe entertained him very warmly!

Kawaguchi Kazuo just smiled slightly, but did not sit down. Instead, he said to Watanabe Fumiganshi: "I wonder what else the second master wants to see me for?"

"Kawaguchi-kun went to Daxia and helped me so much. Of course I want to thank you."

Watanabe Fumigan smiled faintly, and then winked at his son!

Soon, Taro Watanabe brought a wooden box, which contained snowdrops. Although they were not big, you could tell at a glance that they were snowdrops on Fuji Snow Mountain!

You must know that the growth of snow lotus is extremely slow. Even this small snow lotus may take more than a hundred years to grow. Especially the snow lotus on Fuji Snow Mountain grows even more slowly!

In the bushido of the island country, all the great samurai are proud to own a snowdrop from Fuji Snow Mountain, so this kind of snowdrop is very rare and expensive!

"Second Master, you...what are you doing?"

Chapter: 3228

Kazuo Kawaguchi's eyes widened when he saw the snowdrops. He didn't understand what Fumigan Watanabe was doing!

"You helped me avenge myself, of course I have to repay you. Although I lost some people, it's nothing."

Watanabe Fumigan said.

At this time, Kawaguchi Kazuo felt a little ashamed. After all, he failed to kill Chen Ping at all, but only deceived Fumigan Watanabe.

But looking at the snowdrops in front of him, Kawaguchi Kazuo knew that if you don't take it, you won't take it...

"Thank you very much, Master Er."

Kazuo Kawaguchi hurriedly took the snowdrop from Taro Watanabe's hand!

Looking at the snowdrops that look like white snow, Kazuo Kawaguchi couldn't put it down!

Seeing this scene, Watanabe Fumigan smiled slightly!

"Kawaguchi-kun, I have one more thing, I want to ask you for a favor..."

Watanabe Fumigan said.

"Second Master, please speak..."

At this time, Kazuo Kawaguchi only had snowdrops in his eyes, and he would probably agree to whatever Watanabe Fumigan said!

"I want you to capture Yumiko..."

Watanabe Bungan Road.

When Kazuo Kawaguchi heard this, the excitement on his face disappeared instantly.

Then he threw the snow lotus to Taro Watanabe again.

"Second Master, I don't want to get involved in the affairs of your Watanabe family. I hope you can understand. I have something else to do, so I'll take my leave..."

After Kazuo Kawaguchi finished speaking, he turned around and ran away!

Kawaguchi Kazuo is not stupid. He will not participate in such a big family fight. He knows that no matter who wins in the end, he will become a victim in the end!

Seeing Kazuo Kawaguchi running away in fear, Watanabe Fumigan couldn't help but cursed angrily:
"Coward, just a coward..."

"Dad, what should we do next? I'm afraid I'm trying to take advantage of Yumiko now. It'll be difficult..."

Taro Watanabe asked.

Because of this failure, Watanabe Fumio will definitely strengthen the security around Yumiko and even prevent Yumiko from going out!

Chapter: 3229

"Hmph, even if Yumiko didn't threaten me, I would still be the head of the family this time."

"Follow me to my ancestral home..."

Watanabe Fumigan said with a grim expression.

.....

On the outskirts of Xijing, at the foot of Fuji Snow Mountain, there is a simple wooden house. This is the ancestral home of the Watanabe family. Kazuo Watanabe, who lives here, is the oldest member of the Watanabe family!

Watanabe Fumio drove people here. Looking at the wooden house in front of him, which was still several hundred meters away, Watanabe Fumio got out of the car and started walking.

Although he is the head of the Watanabe family, he still needs to show respect and etiquette to his elders.

After walking to the wooden house, Fumio Watanabe gently knocked on the door!

Soon, the door slowly opened, and Watanabe Fumio walked in, only to find that there were already many people in the wooden house at this time, and they seemed to be discussing something!

This made Fumio Watanabe's heart skip a beat, because Kazuo Watanabe had stopped asking about things for a long time, and he wouldn't let so many people bother him.

This situation today is very rare, and as the head of the Watanabe family, no one informed him!

Seeing Fumio Watanabe coming, many people stood up and bowed. After all, as the head of the family, Fumio Watanabe was higher than these people in terms of status!

There were only two people who didn't get up. One was Kazuo Watanabe, who was sitting at the top with sparse hair and missing teeth, and the other was a middle-aged man wearing a samurai uniform next to Kazuo Watanabe!

The middle-aged man knelt down next to Kazuo Watanabe, placing a slightly old samurai sword in front of him. Although the man's eyes were full of indifference and disrespect, Fumio Watanabe did not dare to complain at all!

Because this man is Qiandaoguan, a famous kendo master in Xijing. He has already perfected a samurai sword, and no one knows his true strength!

And Qiandaoguan has been by Kazuo Watanabe's side since he was young, and until now, he is fulfilling his duty to protect Kazuo Watanabe's safety!

This is why Kazuo Watanabe is still the soul of the Watanabe family even though he is not involved in the affairs of the Watanabe family.

The existence of the Chishima River allows Kazuo Watanabe to enjoy his old age so peacefully...

Just as Watanabe Fumio had just sat down, the door was knocked open again soon!

I saw Watanabe Fumigan also walking in.

Watanabe Fumigan was slightly startled when he saw the situation in front of him, especially when he saw Watanabe Fumio was there, Watanabe Fumigan's heart was very complicated!

"You two are here just in time, sit down..."

Kazuo Watanabe waved his hand!

Soon, everyone sat down and waited quietly for Kazuo Watanabe to speak. At this time, no one dared to make the slightest move or show any disrespect to Kazuo Watanabe!

Chapter: 3230

Because they knew that if there was even the slightest movement, they would be greeted by the sharp samurai sword of the Chidashima River!

"There is news from Chizuru Shrine that our Watanabe family needs to send resources and money in advance this year."

Kazuo Watanabe said slowly.

"Grandpa, I have already prepared the resources and money and can deliver them at any time."

Watanabe Fumio said immediately.

The election is approaching, and Fumio Watanabe needs to express himself to the best of his ability!

“Very good!” Kazuo Watanabe nodded, and then continued: “I heard that some time ago, the samurai of our Watanabe family had conflicts with the Daxia official, and even killed many people from the Daxia official?”

“Yes, I have also investigated this matter. It was Watanabe Fumigan who ordered people to go to Daxia to hunt down his enemies. There was a conflict with Daxia officials. This had a very bad impact on our Watanabe family. I have sent people Go to Daxia to explain this matter.”

When Fumio Watanabe mentioned this matter to Kazuo Watanabe, he immediately told everything he knew!

He wants to use this matter to prevent Watanabe Fumigan from competing with him for the position of head of the family!

At this time, there is no brotherhood between the two of them!

Watanabe Fumigan glared at Watanabe Fumio and opened his mouth to explain: “Grandpa, I...”

Watanabe Fumigan wanted to explain, but was interrupted by Watanabe Kazuo waving his hand!

“Wen’an, you have done a good job. Our Watanabe family will not let others take advantage of us. We must avenge ourselves, especially when facing the Daxia people.”

Kazuo Watanabe’s words instantly stunned Fumigan Watanabe, and then he nodded quickly and said: “I will follow my grandfather’s teachings...”

At this time, Fumio Watanabe was a little dumbfounded. He originally wanted to use this incident to suppress Fumigan Watanabe, but who knew it would turn out like this!

At this time, Kazuo Watanabe looked at Fumio Watanabe with a cold face: “Fumio, as the head of the Watanabe family, you took the initiative to send someone to apologize. It is a disgrace to our Watanabe family.”

“I also heard that you actually sent your daughter to study in Daxia? I think you have forgotten what kind of blood is flowing in your body.”

“Now your daughter has been contaminated and needs to be sent to the shrine for purification...”

Kazuo Watanabe’s words instantly struck Fumio Watanabe like a thunderbolt!

Everything else is fine, even if he is no longer in the position of head of the family!

But Fumio Watanabe was unwilling to send his only daughter to a shrine for purification, even if she was beaten to death!

Because he knows what will happen to his daughter after sending him to the shrine!

“Grandpa, I...”
