

The Order 3281

Chapter: 3281

“But even if that’s the case, it doesn’t matter. At worst, I will kill you and finally take your body.”

“Although this will reduce your Golden Dragon’s true body, it is enough for me...”

As he spoke, Toyotomi Hideyoshi’s huge palm, which had just been blown off, slowly began to appear above Chen Ping’s head again!

“I tell you, in this shrine, I am the master, and you can never kill me!”

Toyotomi Hideyoshi quickly slapped Chen Ping with his palm!

The huge palm pressed against Chen Ping like a mountain!

And Chen Ping waved his right hand, holding the dragon-slaying sword in his hand, and slashed it in the air with sword energy!

At this time, the believers outside looked up at the vision in the temple with horrified expressions!

You must know that their gods live here!

But at this moment, there were dark clouds over the temple, which had to frighten them!

Rumble.....

Suddenly, the ground shook.

Immediately afterwards, the majestic shrine exploded with a loud noise!

The entire shrine was torn apart instantly as if being bombed. Many believers had no time to dodge and were killed by the scattered bricks and stones!

For a moment, the square in front of the altar was filled with wailing and blood flowed like a river!

Everyone saw a black shadow jumping up and then landing on the statue!

It was an old man with a withered figure, as if he hadn't eaten for a long time, and the bones in his body could be seen through the skin!

At this moment, everyone was stunned. They didn't know who this old man was!

Then a young man flew out and landed firmly on the altar, looking coldly at the old man on the statue!

"In order to survive, you even destroyed the shrine that has supported you for hundreds of years. How can your followers accept this?"

Chen Ping looked at Toyotomi Hideyoshi and smiled slightly.

Toyotomi Hideyoshi's face was extremely ugly at the moment, standing on his own statue, glaring at Chen Ping!

At this time, Hu Mazi and the others also ran out in a hurry. Also running out was Ono Hongichi!

Ono Hiroichi was covered in dirt and in a miserable state. His body was injured, and it was already great that he was able to escape. There was no need to worry about his image!

Chapter: 3282

But when those believers saw the embarrassed look of Ono Hongichi, their eyes nearly popped out!

You must know that Ono Koichi is the president of the shrine and a figure that everyone respects!

But now he has become like a beggar!

“This old man is the god you admire. Now I want to show you what your god is in front of you.”

Chen Ping said loudly to the believers in the square.

Those believers looked at it in disbelief. They could not believe that the god they had always admired would be this skinny old man in front of them!

“Boy, I told you, I am the master of this place. Even if the shrine is destroyed, as long as you are on the top of the mountain, you can’t kill me.”

After Toyotomi Hideyoshi finished speaking, he suddenly raised his head and shouted: “With the power of heaven and earth, and the blood of all people, resurrect me...”

Rumble.....

Suddenly, the entire top of the mountain was shrouded in black clouds, followed by a huge suction force that began to continuously suck the blood of those believers who died tragically!

For a moment, the blood began to gather and then scattered on the statue.

Click.....

Along with a slight cracking sound, the statue was covered with dense gaps!

Soon, the statue began to fall piece by piece, along with the soil around the statue.

A body covered in black scales and with green face and fangs, like a monster, appeared!

Everyone was shocked when they saw this corpse. No one thought that the statue they knelt down and admired actually contained the body of a monster!

“Holy shit, this is so fucking ugly. Isn’t this the body of Toyotomi Hideyoshi?”

Hu Mazi said with a disgusted look on his face.

“In all my life, I have never seen such an ugly guy.”

Lao Fan also looked surprised!

“I think this guy is probably a cross between his mother and a monster. Otherwise, how could he look like this?”

Hu Mazi analyzed.

However, these words made Toyotomi Hideyoshi so angry that he glared at Ma Zi fiercely, but he did not take action!

And those believers all screamed and backed away. They did not expect that there would be such an ugly body inside the tall and mighty statue of the God of War!

Chapter: 3283

I saw Toyotomi Hideyoshi shaking all over, and a black mist emerged from his body. This black mist instantly entered the ugly body!

And the withered body of the old man fell to the ground instantly after the black mist left the body, and the withered body began to burn with flames!

“Boy, you can actually force me to activate my physical body in advance. Today I will kill you...”

Toyotomi Hideyoshi opened and closed his mouth, and the sound like a bell spread throughout the top of the mountain!

“No wonder you want my body. You are too ugly like this. I don’t know if your mother fell to the ground and was stepped on when she gave birth to you.”

“I have never seen anyone as ugly as you. If you dare to recruit followers with such a body, I guess there won’t be any.”

Chen Ping said while making waves of retching.

“you wanna die.....”

Toyotomi Hideyoshi’s eyes widened, and the surrounding area was instantly shrouded in black mist. Huge streams of spiritual consciousness burst out from his eyes and began to strangle Chen Ping!

He wants to crush Chen Ping’s mental power and kill Chen Ping’s soul in his body!

Toyotomi Hideyoshi knew that he was ugly, but being ridiculed by Chen Ping and Ma Zi made him extremely angry!

“Hmph, you monster.”

Chen Ping snorted coldly, a dragon roar sounded, and then his body was covered by pieces of golden scales!

And in the mid-air behind Chen Ping, a golden dragon was looming and hovering!

Toyotomi Hideyoshi's black scales were inferior to Chen Ping's golden scales!

From a visual point of view, Chen Ping is dressed in golden armor and looks majestic!

And Toyotomi Hideyoshi was covered in black scales and looked extremely terrifying.

"Boy, I have changed my mind now. I no longer want your body. I want to swallow your dragon crystal, your soul, and absorb all your strength..."

Toyotomi Hideyoshi's voice came like a tsunami, and this voice carried a huge spiritual attack.

Toyotomi Hideyoshi, who had recovered his body, actually spoke with huge attack power!

This kind of spiritual attack has no impact on ordinary people, but it is fatal to cultivators.

I saw Hu Mazi and the others covering their ears with their hands, their expressions were very painful!

"We both have the same ideas. I also want to devour your strength..."

Chen Ping clasped his hands behind his back with a nonchalant look on his face. Falling into this spiritual attack was of no use to Chen Ping!

Chapter: 3284

I saw the eyes of the golden dragon behind Chen Ping bursting with golden light, followed by a dragon roar!

Chen Ping's consciousness also came out of his body in an instant, and collided with Toyotomi Hideyoshi's consciousness fiercely!

With the roar of the dragon, Hu Mazi and the others suddenly felt a lot more relaxed!

boom.....

Two huge streams of consciousness collided together, followed by a violent explosion, and two sound waves visible to the naked eye spread out in all directions!

Wherever the sound wave passed, it was like the end of the world, and the entire building on the top of the mountain had turned into nothingness at this moment.

Fortunately, this divine consciousness cannot attack ordinary people, otherwise these believers would have become corpses by now!

Toyotomi Hideyoshi frowned slightly, and a red light flashed on the top of his ugly head, as red as blood!

Soon, in the eyes of everyone, a blood-red wave swept over Chen Ping, and then the blood-red color transformed into a dragon, dragging its long tail and letting out dragon roars!

It's just that the dragon's body is covered with blood-red scales, and its appearance is extremely ugly, and it looks very fierce!

"It's okay for people to be ugly. I didn't expect that the objects transformed by spiritual thoughts would be so unsightly. It seems that it makes sense for the appearance to come from the heart."

Chen Ping looked at the fierce and ferocious dragon and smiled coldly.

"Boy, although you are the true form of the Golden Dragon, you are still too weak. When you see my strength, you will not speak so calmly."

Toyotomi Hideyoshi had a cold face, while the blood-red dragon kept baring its teeth and claws at Chen Ping!

“Weak?” Chen Ping smiled coldly!

Immediately afterwards, the golden dragon behind Chen Ping suddenly emitted a golden light, shining golden light on the entire top of the mountain, even compared to the sun in the sky!

“Roar.....”

The golden dragon roared, its beards trembled, and it was so majestic. The majestic aura exuded by the golden dragon alone was not comparable to Toyotomi Hideyoshi’s dragon.

Looking at the golden dragon above Chen Ping, the muscles in the corners of Toyotomi Hideyoshi’s eyes twitched slightly, and a chill rose in his heart!

At the same time, the blood-red dragon took a few steps back, no longer as arrogant as before!

These two dragons were both created by divine thoughts, but compared to the two dragons, they are very different!

Just when Toyotomi Hideyoshi felt fear rising in his heart, Chen Ping found the right opportunity. The golden dragon roared and rushed towards the blood-red dragon!

Seeing this, the dragon twisted its body and waved its claws as if it wanted to resist!

It’s a pity that the golden dragon’s huge body opened its mouth and swallowed the dragon into its belly in an instant!

Chapter: 3285

There was no fight, no fighting. In just a few seconds, the confrontation between the two people’s consciousness was over!

The golden dragon circled in a circle like a winner, and then slowly disappeared.

“You...you actually have such strong mental power? How could this happen?”

Toyotomi Hideyoshi couldn't believe it. He thought that Chen Ping's transformed golden dragon was just looking to bluff people. Although Chen Ping, a young man in his early twenties, was not weak in strength, it was impossible for him to have such strong mental power, and also be so powerful. So condensed!

Although Toyotomi Hideyoshi has been living with his soul and has no way to improve his strength, he can practice his spiritual thoughts. He originally thought that his spiritual thoughts were enough to rival anyone in the world!

But now he met Chen Ping. Chen Ping was young, but his spiritual thoughts were stronger and more condensed than his!

Also looking in disbelief were the believers, who watched helplessly as the gods they believed in were easily crushed in front of Chen Ping!

Especially when Chen Ping's golden dragon appeared, feeling the majesty of the golden dragon, these believers almost knelt down to worship.

Their faith has begun to collapse at this moment!

“What other abilities are there? If I have no other abilities, then I will take action...”

Chen Ping's face condensed, and he suddenly swung the dragon-slaying sword forward in his hand!

A sword beam several feet long shot out instantly and stabbed directly at Toyotomi Hideyoshi.

Toyotomi Hideyoshi's eyes narrowed slightly, he crossed his hands and stabbed into the ground fiercely, and flames emerged from the ground!

These flames began to gather and finally formed a large fireball. Toyotomi Hideyoshi suddenly threw the fireball.

Rumble.....

The sword light collided with the fireball, and the whole world began to tremble, like an earthquake!

Seeing the scene in front of them, the believers were so frightened that they kept retreating!

Hu Mazi and Lao Fan also hurriedly released their body protection spells, otherwise they would be killed or injured if they were affected by this residual power!

“You still have some abilities...”

Chen Ping stared at Toyotomi Hideyoshi.

“Boy, I said, as long as I’m here, I live. I can use everything here, and what about you? When the spiritual power in your body is exhausted, I’ll see what you can do to fight with me...”

Toyotomi Hideyoshi said coldly.

“Then try if you can make me consume all my spiritual power...”

After Chen Ping finished speaking, he jumped up again with the dragon-slaying sword in hand!

Chapter: 3286

For a moment, Chen Ping was fighting with Toyotomi Hideyoshi, and rumbling sounds continued to sound on the top of the mountain!

“Master Hu, Master...”

Yumiko was a little worried when she saw Chen Ping fighting with Toyotomi Hideyoshi.

“Don’t worry, Chen Ping will definitely win.”

Hu Mazi said firmly.

Soon, the battle between Chen Ping and Toyotomi Hideyoshi reached a fever pitch. At this time, Toyotomi Hideyoshi could only parry!

The older he gets, the more frightened he becomes. He doesn’t understand why Chen Ping’s spiritual power is like spring water, with an endless supply and can’t be used up at all?

Now Toyotomi Hideyoshi can only dodge to the left, dodging Chen Ping’s attack in a panic!

Not far away, Koichi Ono saw that the god in his heart, the ancestor he had spent half his life worshipping, was being beaten to a miserable state, and he felt mixed emotions in his heart!

“Boy, you rely on the spiritual sword in your hand to suppress me everywhere. What kind of skills do you have?”

Toyotomi Hideyoshi already felt that he had reached his limit.

Moreover, the dragon-slaying sword in Chen Ping’s hand was too sharp. Even though Toyotomi Hideyoshi’s body was covered with thick black scales, it was still easily broken open. At this time, his body was already covered with large and small wounds. !

As long as he can prevent Chen Ping from using the Dragon-Slaying Sword, he might still have a chance to win!

Otherwise, Chen Ping would have to suppress and beat him!

“You think it’s unfair for me to use weapons, don’t you?”

Chen Ping asked calmly.

“Of course, I am bare-handed, but you use weapons, of course it is not fair...”

Toyotomi Hideyoshi said loudly.

At this moment, whether it was Ono Koichi or the believers, each of them felt as if they had been struck by lightning!

The god in their hearts, the majestic Toyotomi Hideyoshi, the martial god, actually bargained at this moment and used the provoking method.

This simply refreshed their understanding...

“Well, since you think it’s unfair, then I won’t use it...”

After Chen Ping finished speaking, the dragon-slaying sword in his hand disappeared instantly!

Toyotomi Hideyoshi looked at Chen Ping and felt a little stupid himself. He was just giving it a try. After all, who would care about fairness and unfairness in a life and death battle!

Chapter: 3287

He didn’t expect that Chen Ping actually put away the Dragon Slaying Sword!

The only explanation for why Chen Ping did this is that he didn’t take Toyotomi Hideyoshi seriously at all.

“Remember, without a sword, you are still trash in my eyes...”

After Chen Ping finished speaking, golden light flashed in his right hand and he stepped hard on the ground with his right foot!

A pit was instantly stepped on the ground, and Chen Ping's body glared with all his strength, and then headed towards Toyotomi Hideyoshi like a bow and arrow from the string!

Chen Ping's speed was extremely fast, and there were bursts of sound piercing the air. He reached Toyotomi Hideyoshi in a short distance almost in an instant.

"Holy Light Fist..."

Chen Ping punched Toyotomi Hideyoshi hard in the chest!

Toyotomi Hideyoshi had no time to react before he was punched hard, and the black scales on his body instantly flew everywhere!

The huge body also flew backwards in an instant!

Rumble.....

Toyotomi Hideyoshi's body hit the ground hard, creating a large pit of nearly ten meters in the ground. The broken rocks buried Toyotomi Hideyoshi!

Everyone looked at it in disbelief. The scene was completely silent. Ono Hongichi's Adam's apple rolled and he couldn't help but look down the mountain, as if he was looking for a way to escape!

Soon, there was movement in the nearly ten-meter large pit. Toyotomi Hideyoshi was scared to come out of it. A big hole appeared in his chest, but it did not kill him!

"Boy, you...you actually know the Holy Light Fist. This is the unique skill of the Demon Lord thousands of years ago."

Toyotomi Hideyoshi looked at Chen Ping with confusion, and the wound on his chest was healing at a speed visible to the naked eye!

“It seems that you know our Daxia quite well, and you actually know whose stunt this is...”

Chen Ping smiled lightly.

“Boy, no matter whose stunt you learn, you can’t kill me. I’ve said before, I am the master here and I am an unkillable existence...”

Glancing at his already healed wounds, Toyotomi Hideyoshi said coldly.

But looking at Toyotomi Hideyoshi’s healed wound, Chen Ping was not surprised at all!

“It’s not that you can’t die, but I don’t want to kill you because I want to swallow up all your strength...”

Chen Ping said coldly.

“Hmph, don’t even think about it, I...”

Chapter: 3288

Toyotomi Hideyoshi wanted to say something, but before he finished speaking, he only felt a cold light flashing in front of his eyes!

I don’t know when, Chen Ping was already in front of him!

Upon seeing this, Toyotomi Hideyoshi suddenly took action and directly grabbed Chen Ping’s shoulder, and Chen Ping also grabbed Toyotomi Hideyoshi’s shoulder at this moment!

“Then let’s see whose devouring power is stronger...”

After Toyotomi Hideyoshi finished speaking, a vortex formed in his body, and a huge suction force began to suck the spiritual power out of Chen Ping’s body!

Chen Ping smiled slightly and activated the Heart Condensation Technique. A suction force like a flood instantly sucked a large amount of Toyotomi Hideyoshi’s strength into Chen Ping’s body!

Toyotomi Hideyoshi’s face changed drastically, and he instinctively wanted to let go, but found that Chen Ping’s body seemed to be full of suction, and he could not move his hand at all.

You must know that Chen Ping’s Heart Condensation Technique is a superior technique. In fact, Toyotomi Hideyoshi’s technique can be compared.

Toyotomi Hideyoshi struggled, but he couldn’t get away at all, and everyone looked at him in confusion!

Soon, Toyotomi Hideyoshi’s huge body began to slowly dry up, and the breath in his body became extremely weak, until finally he was completely lifeless!

Chen Ping let go of his hand, and Toyotomi Hideyoshi’s withered body fell to the ground with a thud!

“It’s so cool...”

Chen Ping felt the surging spiritual power in his body and was extremely excited!

Although he absorbed Toyotomi Hideyoshi’s strength, Chen Ping’s strength did not rise further!

But even so, Chen Ping is already very satisfied. After all, Toyotomi Hideyoshi’s current skill is only a fraction of what it was before!

Moreover, after Chen Ping is promoted to Martial Saint, if he wants to improve his realm, he will need an extremely huge amount of spiritual energy and resources!

Ono Hiroshi stared dumbfounded, looking at the withered and dead Toyotomi Hideyoshi on the ground.

This is a god that countless people believe in throughout Xijing, a god that has been believed in for hundreds of years!

Was it completely wiped out like this?

How is this possible?

Ono Hongichi didn't believe it at all, but the fact was before his eyes and he had seen it with his own eyes, so he couldn't help but not believe it!

"Master is mighty, you are the real god..."

At this moment, Watanabe Fumio suddenly knelt down in front of Chen Ping and shouted loudly!

Seeing this, Yumiko hurriedly knelt down!

Chapter: 3289

As the head of the Watanabe family, many people know Fumio Watanabe and respect him!

Now Fumio Watanabe is kneeling in front of Chen Ping and worshipping Chen Ping as a god!

When Ono Hong saw this scene, he hurriedly ran away and knelt in front of Chen Ping, trembling all over!

"God above, please accept our sincere prayer..."

Ono Hongyi knelt on the ground with a pious look on his face!

“God.....”

At this moment, the surviving believers of Qianzuru Shrine all knelt down and worshiped!

Even Koichi Ono has chosen a god again, and there is no need for believers like them to stick to their previous beliefs!

And their faith collapsed right in front of them!

Chen Ping looked at Ono Hongichi coldly, with a sneer on his lips.

“You have believed in Toyotomi Hideyoshi for many years, how come you changed your mind so quickly? It seems that your belief is not firm at all...”

Chen Ping said calmly.

“My god, that Toyotomi Hideyoshi is just a false god. He is just a remnant soul, and you, my god, are the real god...”

Ono Hongyi boasted to Chen Ping: “I will order people to rebuild the shrine and enshrine the statue of the god in it.”

“Let the gods enjoy the power of admiration from thousands of people...”

I have to say that Koichi Ono worked hard to please Chen Ping in order to survive!

“A person like you who is greedy for life and afraid of death, why should I keep you...”

After Chen Ping finished speaking, he waved lightly, and a breath instantly penetrated Ono Hongichi's chest!

Ono Hongyi looked at the blood spurting out from his chest and slowly fell down...

Looking at the kneeling believers, Chen Ping said to Fumio Watanabe: "Fumio Watanabe, I'll leave this to you. You want everyone to know that I am their god, and their god He is from Daxia..."

"I understand, Master..."

Watanabe Fumio nodded and said.

Chen Ping took Hu Mazi and the others down the mountain, while Yumiko followed Chen Ping closely, never leaving!

At this time, Yumiko looked like a maid, with her head slightly lowered. She had to understand Chen Ping's every move!

Chapter: 3290

In just one day, the news that the Chizuru Shrine was destroyed and the Watanabe family re-established itself as a god spread throughout the island country in an instant!

Coupled with the vivid spread of the believers who saw it with their own eyes, Chen Ping's followers increased exponentially!

Watanabe Fumio also rebuilt the shrine and built Chen Ping's sculpture!

At the same time, the news that the new god was from Daxia also spread.

This began to arouse dissatisfaction with shrines in other places, because the gods enshrined in shrines were all famous figures in the island country!

It is obviously inappropriate for an unknown Daxia person to suddenly appear as the god of the island country.

Other shrines began to put pressure on Fumio Watanabe. Although the Watanabe family was a big family and had a considerable status in Xijing, they were jointly suppressed by several shrines, which instantly made it difficult for Fumio Watanabe to support him!

“Master, the construction of our shrine has been stopped, and a large number of believers have been deceived by other shrines...”

Watanabe Fumio was like a child who had done something wrong, lowering his head and reporting in front of Chen Ping!

Originally, Chen Ping planned to return to China. After all, Watanabe Fumigan was dead and no one would go to Daxia to cause trouble for him!

He also destroyed the Chizuru Shrine and became a god himself!

But now seeing this situation, Chen Ping decided to stay in the island country for a while!

And after absorbing Toyotomi Hideyoshi’s strength, Chen Ping felt that improvement in this way was much faster than his own hard training!

And these are guys from island countries, so there is no need to feel any baggage!

“Watanabe Fumio, how many shrines are there in your island country?”

Chen Ping asked calmly.

Watanabe Fumio was stunned, and then said: "Master, there are four shrines in our island country. In addition to the Chizuru Shrine that you destroyed, there are also Shimazao Shrine, Maeda Shrine, li Shrine..."

"And the gods enshrined in these three shrines are all great warrior gods from hundreds of years ago..."

After Watanabe Fumio finished speaking, he looked at Chen Ping quietly. He knew that Chen Ping would not ask this question for no reason.

"Chen Ping, you don't want to destroy several other shrines, right?"

Hu Mazi saw Chen Ping's thoughts!

Chen Ping nodded: "Yes, I want the island country to have only one god to believe in, and that is me..."

In addition to making the islanders believe in him, Chen Ping also wants to absorb the strength of those guys!

If the strength of the gods from the other three shrines is absorbed, Chen Ping's strength may be improved to a higher level.
