

The Order 3291

Chapter: 3291

“Master, if you destroy the other three shrines, I’m afraid it will attract the attention and shock of the higher-ups...”

Watanabe Fumio reminded.

“What can I do if you pay attention? If you are not convinced, I will go and destroy the Earth Emperor of your island country, and I will be the Earth Emperor...”

Chen Ping smiled coldly and didn’t care at all!

With Chen Ping’s current strength, he is almost invincible in this secular world!

As long as he doesn’t go to the secret realm, Chen Ping can overlook the entire secular world!

The highest level of cultivation in the secular world is nothing but a Martial Saint. Although Chen Ping is now at the level of a Martial Saint, he is not comparable to those of other Martial Saints.

After listening to Chen Ping’s words, Watanabe Fumio could only lower his head and dare not speak, because he believed that Chen Ping dared to speak and do, and he still had the strength!

Chen Ping came to Mount Fuji, with his hands behind his back, overlooking the entire island country, with a cold look in his eyes!

This will be the beginning of his stay in the island country!

“Starting today, I’m going to go on a killing spree...”

After saying that, Chen Ping's figure disappeared instantly!

.....

Akinayama in the island country!

It is famous for its dangerous racing routes, and a large number of racing enthusiasts come here every year to race!

And on the top of Akina Mountain, a small shrine is located there!

This is Shimazuo Shrine, one of the four major shrines in the island country.

The god enshrined is near the Martial God Island, and a huge statue stands on the square!

However, there are no believers in the Shimazuo Shrine Square at this time, only hundreds of warriors in full formation!

Inside the shrine, President Shima Zuo Xuanye closed his eyes slightly and sat quietly, as if waiting for something!

And around him were ten famous magic masters from the island country.

Zuo Xuanye on this island is the seventh generation descendant of Sakon on Wushen Island, and he has been protecting his ancestors here!

It's just that the destruction of Chizuru Shrine gave Shimazuo Genno a deep sense of crisis. After divination, he felt that something big was going to happen at the shrine today, so he summoned all the power of the shrine!

Everyone was waiting quietly. No one spoke, and no one knew what they were waiting for, but they just waited...

Chapter: 3292

At the foot of Qiu Ming Mountain, several modified off-road vehicles were making a huge roar!

With a whistle blowing, several racing cars rushed out like crazy!

Akina Mountain is full of winding mountain roads, but these racing cars did not slow down, but kept drifting around corners!

A young man with dyed yellow hair is far ahead of the first place!

Looking through the rearview mirror and seeing the car that he had left far behind, Huang Mao laughed.

brush.....

But at this moment, Huang Mao felt his eyes blur, and then a figure passed by his car!

Huang Mao was so frightened that he almost drove the car into a nearby cliff!

Huang Mao, whose face was full of shock, rubbed his eyes vigorously, with panic in his eyes!

Because he saw clearly that it was a person.

A man can run faster than his racing car?

But just when Huang Mao wanted to see who it was, he found that the person had already run away...

At the same time, Shimazuo Genno in Shimazuo Shrine suddenly opened his eyes.

“coming.....”

Shimazuo Genno stood up slowly and walked out, followed closely by the ten magic masters!

When Shimazuo Genno walked out of the shrine, he found that a figure had slowly walked to the top of the mountain and stood in front of him!

This person is wearing smart sportswear, he is only a few years old, and there is no expression on his calm face!

It looks like a morning runner!

But Shimazuo Genno felt a huge threat from this person!

And this person is Chen Ping!

Facing the hundreds of samurai who had gathered in the square, Chen Ping walked step by step towards Shimazuo Genno as if he were taking a walk, feeling the rising sun shining on him!

The eyes of hundreds of warriors were all focused on Chen Ping!

Just as Chen Ping took a few steps forward, dozens of samurai drew their swords and instantly surrounded Chen Ping. Each of these people had cold eyes and strong skills. The samurai swords in their hands radiated under the sunlight. There are bursts of chills!

The strength of these warriors is comparable to that of the Great Wuzong. Such characters can be placed anywhere in the secular world and become the overlord of one party!

Chapter: 3293

But now dozens of warriors comparable to the Great Wuzong surrounded Chen Ping, but there was no trace of emotion on Chen Ping's face!

Because in his eyes, these people are like ants!

Even worse than ants...

"Who are you? What are you doing here at Shimazuo Shrine?"

Shimazuo Xuanye asked Chen Ping loudly.

"Kill..." Chen Ping spat out two words calmly!

Shimazuo Genye frowned: "Did you destroy the Chizuru Shrine?"

Chen Ping nodded: "Yes, if you don't want to be destroyed, then knock down the statue, replace it with mine, and worship me as a god. In this case, I will not massacre my own believers..."

"presumptuous....."

Shimazuo Xuanye shouted angrily, knowing that the god he worshiped was the ancestor of his Shimazuo family, how could he be replaced by Chen Ping.

"Since you don't agree, the only option is to die..."

After Chen Ping finished speaking, he was completely different from the warriors around him and continued to move forward!

"Do it..."

Shimazuo Xuanye saw this and gave an order!

When dozens of samurai saw this, they shouted loudly, and then the katana in their hands flew towards Chen Ping!

Dozens of samurai swords formed streaks of cold light in the air, and these cold lights instantly enveloped Chen Ping!

But Chen Ping turned a blind eye and still walked forward!

Dang Dang Dang.....

Chen Ping didn't dodge or dodge, he didn't even resist, and let those samurai swords slash at him!

Even if Chen Ping doesn't activate his indestructible golden body, these warriors can't break through this powerful physical body!

With the sound of metal collisions, the katana swords in the hands of the first few warriors were all broken, and the huge repulsive force caused these warriors to fly backwards, and their bodies instantly exploded into blood mist in mid-air... ..

Seeing this scene in Nadao Zuo Xuanye's eyes, his brows couldn't help but frown deeply!

Although the warriors in front were blown into a mist of blood by the force of the earthquake, none of the warriors behind them flinched!

At this moment, the spirit of Bushido dominates the thoughts of these warriors, so they are all fearless of death...

Chapter: 3294

"kill....."

Dozens of warriors cut down Chen Ping in unison, and dozens of blades merged into one.

When Chen Ping saw this, the golden light on his body shone, and the indestructible golden body activated, and golden scales covered Chen Ping's body!

At this time, Chen Ping seemed to be wearing golden armor!

"Hmph, today I'm going to break your Bushido spirit..."

Chen Ping snorted coldly and waved his palm lightly!

A terrifying force rushed out, and dozens of warriors were hit by this force. They were thrown into the air like ants one by one, and then began to explode.

Lines of blood mist sprayed, and blood rained from the sky. Broken limbs and internal organs were scattered all over the ground. For a time, the entire top of the mountain was enveloped in a thick smell of blood!

This is what Chen Ping wants. Since these warriors are dominated by bushido ideas, Chen Ping will use bloody and violent methods to make them feel scared and panic!

This group of warriors died, but dozens more warriors rushed up immediately, with murderous intent in their eyes, without the slightest fear!

When Chen Ping saw this, he suddenly opened his right hand, and the Dragon-Slaying Sword appeared in his hand!

Immediately afterwards, the Dragon-Slaying Sword was swung forward, and a sword light several feet long instantly cut off the samurai who rushed forward!

The upper bodies of these warriors fell to the ground one after another, but due to the inertia of their legs, they ran forward for a few steps before falling!

Blood splattered, Chen Ping used the dragon-slaying sword to kill dozens of warriors who were rushing towards him with one sword stroke!

As this group of warriors were cut off by Lan Yao, another group of warriors who were not afraid of death rushed forward.

Chen Ping's eyes narrowed, and the Dragon-Slaying Sword in his hand instantly swung out sword energy!

These sword energies directly strangled and crushed the warriors who rushed up.

Chen Ping will not leave them with a whole body!

Looking at the large number of fallen samurai, Shimazao Genno turned his head and glanced at the ten magic masters. The ten magic masters nodded and then began to cast spells.

White threads appeared in the sky. These threads were like silk, and then they swarmed towards Chen Ping.

Then he began to wrap Chen Ping around continuously. In the end, Chen Ping was like a silkworm chrysalis, tightly wrapped by those white silk threads!

Seeing Chen Ping being restrained, Shimazao Genye breathed a sigh of relief, and a smile appeared on his lips!

But Shimazao Genno's smile still hung on his face, and he saw that the white threads were surrounded by golden light. In the end, they all collapsed in an instant, and Chen Ping's body was free again!

“Want to compete with me in magic?”

Chapter: 3295

Chen Ping crossed his hands, and then suddenly raised his hands toward the sky...

Soon the sky was covered with dark clouds, and thunder rumbled!

This sudden vision of heaven and earth made the expressions of Shimazuo Xuanye and those magic masters change!

They understand that a spell that can create such a strange phenomenon requires a huge amount of mental power to support it!

But before they could react, thunder fell from the sky one after another...

Rumble.....

Every time a thunder struck, a magic master disappeared in front of Shimazuo Genno's eyes, and was reduced to rubbish...

The ten magic masters disappeared in the blink of an eye, and nothing was left after being bombarded by the thunder!

Even these ten magic masters don't even have the ability to resist and dodge!

Shimazuo Xuanye was dumbfounded and looked at Chen Ping in front of him in a daze!

The warriors, after a brief shock, began to swarm up and attack Chen Ping with weapons from all directions!

They are going to use the human sea tactic to tire Chen Ping to death!

Unfortunately, their idea is doomed to be wrong.

In Chen Ping's eyes, they are just ants, and they can be killed with just one sword.

No matter how many people there are, it's just a matter of wielding two more swords!

The dragon-slaying sword exudes a bloodthirsty green light. With one strike of the sword, dozens of warriors around Chen Ping will be cut into two pieces in an instant!

Soon, there were only a few of the hundreds of warriors left in the square!

The entire square was already covered in blood and broken limbs!

At this moment, the remaining warriors could no longer hold on!

Even with Bushido thought control, he couldn't hold on.

Some warriors couldn't bear the smell of blood and began to vomit!

Some people started going crazy and running around like crazy!

Others turned around and started running away, no longer showing the fearless spirit they had just now.

At this moment, all the spirit of Bushido was completely crushed by Chen Ping!

Chapter: 3296

Seeing this, Shimazuo Xuanye knew that he would be finished if this continued, so when Chen Ping wasn't paying attention, he punched Chen Ping suddenly!

Zuo Xuanye of this island is the peak strength of Dawuhou, which is much stronger than Kazuo Kawaguchi!

Shimazao Genno's punch unleashed all his strength, because he knew he only had this one chance!

At this time, Shimazuo Xuanye was like a crazy bull, heading towards Chen Ping fiercely!

Chen Ping turned around suddenly and punched out too!

Rumble.....

After a deafening loud noise, two huge forces collided together!

The aftermath of the collision instantly blew the entire shrine away!

Chen Ping's figure did not move, but Nadao Zuo Xuanye flew out directly!

Shimazao Genye fell heavily to the ground, and a mouthful of blood spurted out!

Chen Ping looked at the towering statue and slashed the dragon-slaying sword in his hand instantly...

The huge statue was cut in half and collapsed suddenly!

And a black mist flew out of the statue in an instant, and then headed towards the island Zuo Xuanye!

Chen Ping knew that this black mist must be the soul of Shima Sakon, and he wanted to use Shima Sakon's body!

Chen Ping would not let him succeed, and swung the dragon-slaying sword in his hand towards Shimazuo Xuanye!

Shimazao Genno, who was seriously injured, saw Chen Ping's rapidly approaching sword energy and had no time to dodge!

puff.....

Shimazuo Genno's head was cut off instantly and thrown far away!

The black mist stayed in front of Shimazuo Genno, and slowly the black mist condensed into a human form!

"Boy, you dare to kill my descendants..."

Shima Sakon glared at Chen Ping!

"Not only do I want to kill your descendants, I also want to refine you..."

Chen Ping smiled lightly, facing Shima Sakon who only had a soul, it was much easier to deal with than Toyotomi Hideyoshi!

I saw Chen Ping's stomach began to bulge, and then he opened his mouth wide, and a huge suction force instantly moved towards the island!

Chapter: 3297

Shima Sakon is just a soul now, and there is no way to stop this huge suction force.

In the end, it was sucked directly into Chen Ping's stomach!

The Heart Condensation Technique quickly moved far away and quickly refined the souls near the island!

Looking at the corpses on the ground, Chen Ping was expressionless!

“The next one...”

Putting away the dragon-slaying sword, Chen Ping slowly walked down the mountain!

At this moment, Huang Mao also drove the racing car to the top of the mountain. Seeing the broken limbs and broken arms all over the mountain, and the rivers of blood, he suddenly became stupid!

When Chen Ping passed by the yellow hair, he grinned slightly.

It was this smile that stayed in Huang Mao’s mind for a lifetime...

In one day, Chen Ping wiped out two other shrines and almost slaughtered all the people in the shrines!

It was on this day that countless believers in the island country were all confused, because the gods they believed in were destroyed, and the shrines they worshiped were destroyed...

At the same time, Chen Ping directed Watanabe Fumio to quickly rebuild shrines in various places. At this time, the statues of gods enshrined in the shrines were changed to Chen Ping!

Coupled with the momentum built by the Watanabe family and the publicity of some people who have experienced it, Chen Ping gained a large number of believers in a short period of time!

You must know that this famous tribe in the island country is very strange. They only respect the strong!

Although Chen Ping is from Daxia, even though Chen Ping killed thousands of islanders in one day!

But ordinary people still regard him as a god, because in their eyes, Chen Ping is the strong one.

The news that all four major shrines in the island country had been destroyed spread like wildfire and soon spread throughout the entire island country.

This shocked the martial arts world of the entire island country!

Even the top leaders of the island country felt the seriousness of the situation and summoned the major masters in the martial arts world of the island country to discuss countermeasures!

You must know that the strength of these shrines is one of the best in the island country, but they were all destroyed by one person in one day. This kind of blow and shock is unbearable for many people in the island country!

At this time, in Fumio Watanabe's villa, Chen Ping was sitting cross-legged, adjusting his breath!

Devouring so many Martial God-level souls in one breath, even if Chen Ping's Heart Condensation Technique is powerful, it still takes a while to digest!

Three days later, Chen Ping slowly opened his eyes, his eyes as deep as the vast universe!

At this time, Hu Mazi and Lao Fan walked in!

Chapter: 3298

Feeling the aura on Chen Ping's body, Hu Mazi smiled faintly and said, "Chen Ping, you have made another breakthrough now?"

Chen Ping nodded: "I have now reached the level of a third-grade Martial Saint. The souls of those old guys are really good things, but it's a pity that there are too few..."

If the island country could have ten or eight such shrines, Chen Ping's strength should be able to improve faster and higher!

“Do you want to devour more? You destroyed these shrines, and the island country has been turned upside down. Now the top leaders of the island country are furious, and the martial arts world of the island country is even more indignant, and they want to completely eliminate you!”

Hu Mazi reminded.

“Really? That’s great, this way I can absorb more strength!”

Instead of being worried, Chen Ping became happy!

They are all from the island country anyway, so Chen Ping is welcome. Now he has the strength of a third-grade Martial Saint to cope with everything!

“Mr. Chen, you should not be too optimistic. I have heard that the top leaders of the island country are furious and have already said that the martial arts community in the island country must pull you down from the altar, otherwise ordinary people in the island country will become your believers.”

“So the martial arts community of the island country plans to invite the top master of the island country, Kuroki Kawasaki. I heard that this guy has lived for nearly two hundred years and has reached the strength of a martial saint very early. Now no one knows what level Kuroki Kawasaki has reached. !”

“He has been living in seclusion for decades because he has no opponents. I heard that this time the island nation’s martial arts community will mobilize collectively to invite Kuroki Kawasaki to come out...”

Lao Fan followed Chen Ping with a solemn expression.

“Is there such a master in the island country?” Chen Ping’s eyes flashed: “Wouldn’t this give me another meal?”

When Hu Mazi and Lao Fan heard this, they looked at each other and felt a little stupid.

They originally wanted to persuade Chen Ping to return to the country, but after all, they had turned the island country upside down!

Moreover, Chen Ping also took revenge and his strength also improved.

It's enough to say that this trip to the island country is considered a worthwhile trip!

But he didn't expect that Chen Ping would still want to fight with the island country's top master...

Seeing the appearance of the two people, Chen Ping smiled slightly: "Don't worry, if I am not that Kawasaki's opponent, I can still escape if I want to, he can't stop me..."

"That's right. With your current abilities, no one in the entire secular world can stop you."

Hu Mazi nodded.

.....

Island country, Mount Fuji crater!

The temperature inside the crater is hot all year round. Although the volcano has not erupted, the magma surging underground still transfers a lot of heat!

Chapter: 3299

But after leaving the crater, there was thick snow outside, and the weather became extremely cold again!

It is simply a world of ice and fire!

The crater is still more than ten kilometers away from the original Chizuru Shrine!

However, because the crater is so steep, it is rarely visited!

But right in the center of the crater, a small wooden house was built here. There are obvious traces of human activities outside the wooden house!

There are people living here?

If ordinary people found out, their jaws would probably drop!

At this time, there were more than a dozen people walking quickly towards the crater. Although it was very steep, these people were walking very fast!

Among these people, the ones with the lowest strength are all at the level of Da Wuhou. No wonder walking between these cliffs feels like walking on flat ground!

When they came to the edge of the crater and looked at the 100-meter-deep crater, a dozen people jumped in without hesitation!

Soon a dozen people came to the cabin, and then they all knelt down and worshiped.

You must know that these people are all famous figures in the island country, and each of them is a presence that makes the island country tremble with their stomping feet!

But now they knelt down in front of the wooden house, each with their heads lowered, their faces full of reverence!

At this time, an old man wearing a samurai uniform in the wooden house was meditating with his eyes lowered!

This person is Kuroki Kawasaki, the island nation's top player.

Kuroki Kawasaki completely ignored those people kneeling outside.

I did it quietly without opening my eyes.

And those people didn't dare to speak out and just kept kneeling on the ground, even though everyone was very strong!

But inside the crater, the hot temperature quickly made them sweat, but no one dared to move!

After several hours, Kuroki Kawasaki slowly opened his eyes!

“come in.....”

Kuroki Kawasaki's voice rang out!

As if their burdens were relieved, a dozen or so people quickly stood up and filed into the wooden house!

Only a very small number of these people have seen Kuroki Kawasaki. Many people have only heard about it but have never seen Kuroki Kawasaki!

Chapter: 3300

After entering, many people secretly looked at Kuroki Kawasaki.

But it doesn't matter if you don't look at it, everyone is shocked when they take a look!

Because in their perception, Kuroki Kawasaki should be an old man with a gray beard who is about to die...

But at this time, Kuroki Kawasaki didn't have any beard and his hair was black. He looked like a middle-aged man, not like an old man who was nearly 200 years old!

"You came to me because all four shrines were destroyed?"

Kuroki Kawasaki spoke slowly.

At this moment, everyone was stunned, with incredible expressions on their faces!

You must know that only Kuroki Kawasaki lives here, and the outside world has long been isolated. How did he know?

But soon, all these people knelt down!

"Senior, our island country's four major shrines were destroyed, and a Daxia kid yelled at us. We asked senior to take action to protect the prestige of our island country..."

Someone pleaded piously!

"Hmph, it's just a few strands of soul, but you have worshiped me as a god. You have been unwilling to make progress all day long. Now that someone has knocked on your door, you realize that you are not strong enough."

"Our island nation's martial arts world is in such decline, and you guys have nothing to do with it..."

Kuroki Kawasaki snorted coldly!

Just this sentence scared everyone into breaking out in a cold sweat!

These people can indeed represent the entire island country's martial arts world. They are all leaders in the martial arts world. In terms of power and strength, no one in the island country can match them!

But now, Kuroki Kawasaki's words will scare him to death!

"Senior, we cannot escape the blame for the decline of the island country's martial arts world. However, we still ask our seniors to take action and kill that Daxia kid to stabilize the hearts and minds of our island nation. We will naturally apologize in front of our seniors..."

A guy at the head quickly kowtowed and said.

They all know that Kuroki Kawasaki is very angry that the martial arts world of the island country has reached this point.

Someone must be responsible for this!

"We are willing to apologize and ask our seniors to take action to promote the majesty of our island country..."

These people shouted together!

Looking at the dozen or so people in front of him, Kuroki Kawasaki sighed.
