

The Order 3301

Chapter: 3301

“That’s all, that’s all...”

“I’m just going to take action once. Don’t bother me again in the future.”

After saying that, Kuroki Kawasaki’s body slowly floated up!

Then the place where he was sitting slowly opened, and a wave of heat hit. Everyone saw that where Kuroki Kawasaki was sitting, there was rolling magma below!

Seeing this scene, everyone almost kicked their eyes out!

And in this magma, a samurai sword was stuck in it!

Kuroki Kawasaki reached out and pulled out the katana!

The moment the katana was pulled out, everyone felt a chill reaching deep into their hearts!

You must know that their lowest strength is currently in Dawuhou, and the aura that can instantly shock their hearts will be extremely powerful.

And this is just what a seemingly ordinary katana exudes!

“You can go and ask the Daxia people to come here to find me in three days. As for what method to use, that is your business. I will not leave here.”

Kuroki Kawasaki said.

“clear.....”

The leader of the group nodded quickly!

It would be good if Kuroki Kawasaki agreed to take action, so they didn't dare to ask for more!

The group of people walked out of the wooden house, but when they looked at the crater, they felt a little confused!

When they came, although the outside was steep, there was still a certain slope and a place to stay!

But now they want to go up, but there is no place to stay. This is a crater more than a hundred meters deep!

With their strength, there is no way to reach hundreds of meters in one leap!

At this time, Kuroki Kawasaki slowly walked out of the wooden house and looked at those people with a slightly angry look!

Then the katana was drawn out with a clang!

Then with a casual wave of his hand, a sword light several feet long was instantly slashed out!

The coercion emanated from this random stab made it difficult for those dozen people to breathe!

The sword light headed towards the stone wall of the volcano crater, and instantly struck the stone wall!

Chapter: 3302

Rumble.....

There were loud noises, followed by rocks flying!

Soon, a sloping passage appeared, leading directly to the top of the crater!

At this moment, everyone was staring at it dumbfounded, and everyone was breathing rapidly!

You must know that this is a stone wall hundreds of meters high, and the stone wall of this crater has been washed by magma and is extremely hard!

However, Kuroki Kawasaki cut out a passage with his sword...

At this moment, everyone was excited. As long as a strong man like Kuroki Kawasaki exists in the island country, no one can shake the martial arts world of the island country.

After the group of people knelt down and worshiped Kuroki Kawasaki, they left along the passage!

And the news that Kuroki Kawasaki was going to take action spread throughout the island country instantly!

For a time, the martial arts community in the island country cheered for joy. You must know that Kuroki Kawasaki is a legend in the martial arts community in the island country!

The top leaders of the island country also felt relieved after hearing that Kuroki Kawasaki was going to take action, because they knew that as long as Kuroki Kawasaki took action, Chen Ping would definitely not survive.

The Watanabe family villa!

Chen Ping was in the first place, and opposite him sat an island man wearing a suit and a mustache!

“Mr. Chen, I am the messenger from the island country’s martial arts community. My name is Muto Shinichi.”

Muto Shinichi followed Chen Ping and introduced himself.

“What are you looking for me for? Could it be that the martial arts community of your island country plans to surrender to me?”

Chen Ping smiled lightly.

In fact, Chen Ping knew that when Muto Shinichi came to him, it was definitely not because the martial arts community in the island country wanted to surrender to him. He just wanted to make this guy disgusted!

Sure enough, when Chen Ping said these words, Muto Shinichi’s expression changed instantly.

But in the end, he restrained himself and shook his head slightly: “No, I’m here to deliver a war ticket to Mr. Chen.”

As he spoke, Muto Shinichi pushed a very exquisite battle post in front of Chen Ping!

Chen Ping directly threw the invitation aside: “Just say...”

Muto Shinichi looked at Chen Ping’s arrogant look and tried his best to restrain himself!

“Mr. Chen, your wanton massacre in our island country has aroused dissatisfaction among the martial arts community in our island country. Therefore, senior Kuroki Kawasaki wants to challenge you. Do you dare to accept the challenge?”

Chapter: 3303

Muto Shinichi said in a somewhat contemptuous tone.

He did this on purpose to stimulate Chen Ping and make him impulsively agree to the fight!

Because he knew that Kuroki Kawasaki was too famous, and he was afraid that Chen Ping would be too scared to challenge after hearing about it!

“Don’t use such a tone. Although Kuroki Kawasaki is the number one person in the island country in your eyes, in my eyes, he is nothing.”

“Isn’t it just a fight? I’ll just accept it...”

Chen Ping was stunned and sneered.

Muto Shinichi frowned: “You are too presumptuous. Senior Kuroki Kawasaki is the number one samurai of our island country. He has lived for nearly two hundred years and can be called a living god. How dare you say that to him?”

“Living immortal? Have you ever seen what an immortal looks like?”

“Besides, you are just a messenger and you dare to accuse me...”

Chen Ping exuded a huge aura, and the terrifying pressure went straight towards Muto Shinichi!

Although Muto Shinichi is also a warrior, under Chen Ping’s huge pressure, that really doesn’t matter!

Muto Shinichi made a puff and was forced to kneel down in front of Chen Ping!

“I won’t kill you today, but I will let you see what a true immortal is...”

Chen Ping put away his pressure, and Muto Shinichi stood up tremblingly!

At this time, his face was already extremely pale!

“Okay, in three days, Kuroki Kawasaki-senpai will be waiting for you at the crater of Mount Fuji...”

After Muto Shinichi finished speaking, he turned around and left!

“Wait a moment.....”

At this time, Lao Fan walked in, stopped Muto Shinichi, and then said: “Since it is a fight, why do you have to decide the time and place? You can set the time, but we have to decide the place...”

Upon hearing this, Muto Shinichi’s eyes twitched slightly, because Kuroki Kawasaki would never leave the crater. If Chen Ping really decided the place himself, then Kuroki Kawasaki would definitely not go.

“What? Are you afraid that you won’t be able to climb the Fuji crater at all?”

Muto Shinichi started to use the provocative method!

“Okay, don’t use the provocation method anymore. The time and place are up to you.”

“get out.....”

Chapter: 3304

Chen Ping waved his hand impatiently!

Seeing Chen Ping agree, Muto Shin felt happy and left quickly. He was afraid that Chen Ping would regret it!

Lao Fan looked at Chen Ping and said: “Mr. Chen, you have been fooled. Although Blackwood Kawasaki is powerful, his strength will drop a bit after leaving the crater, because most of the energy in his body is It comes from absorbing the heat from the magma in the crater.”

“This is also the reason why Kuroki Kawasaki has been living in seclusion in the crater. This is the information I got after a lot of effort.”

It seems that Lao Fan knows that Chen Ping will have a fight with Kuroki Kawasaki, so he has been searching for various information about Kuroki Kawasaki.

Chen Ping smiled lightly: “Mr. Fan, it’s okay, I have confidence...”

When Lao Fan saw that Chen Ping was so confident, it was hard to say anything!

Ever since Chen Ping promised to fight with Kuroki Kawasaki in three days, the island country’s martial arts community began to build momentum and forced important people in the martial arts community to visit!

Because this will be Kuroki Kawasaki’s last battle, and no one will see the style of the island nation’s number one samurai again!

Many people heard the news and started to leave very early for the crater of Mount Fuji!

Although ordinary people cannot climb the crater, they still try their best to climb Mount Fuji to the highest position they can reach!

The day of the battle has not yet come, and Mount Fuji is already overcrowded!

These people are here to witness the first warrior of their island country!

An immortal who has lived for nearly two hundred years!

Even the officials of the island country are paying close attention. At this time, everyone in the island country is attracted by this unprecedented battle!

Three days are coming quickly!

Chen Ping took Hu Mazi and Lao Fan to the crater of Mount Fuji!

We didn't bring Fumio Watanabe with us this time because the Watanabe family has many things that Fumio Watanabe needs to deal with now!

Among them, the construction of the shrine must also be monitored by Fumio Watanabe!

When Chen Ping and the others arrived, they were stunned by the sight in front of them.

I saw that Mount Fuji was crowded with people, and the entire Mount Fuji was almost full!

Muto Shinichi has been standing at the foot of the mountain, waiting anxiously for Chen Ping's arrival!

He was afraid that Chen Ping would break the promise. In that case, they would not be able to follow everyone's instructions!

So many people are paying attention to this matter, even the officials are paying close attention!

Chapter: 3305

If Chen Ping doesn't come, how will Muto Shinichi explain?

But when he saw Chen Ping's car slowly approaching, he finally felt relieved!

"Mr. Chen, I didn't expect you to be quite punctual..."

Muto Shinichi said.

“I’m always on time, especially in this kind of sure-fire game...”

Chen Ping smiled lightly.

“You are so arrogant...”

Muto Shinichi raised his lips and said.

“This is not arrogance, but confidence...”

Chen Ping said calmly.

“Very good, your confidence, I hope you can maintain your confidence until the end...”

After Muto Shinichi finished speaking, he turned around and took a look!

The dense crowd soon separated into a road!

Chen Ping followed Muto Shinichi and slowly walked towards the mountain!

Along the way, everyone was talking about Chen Ping!

“Is this guy the one who destroyed the four major shrines? He is too young...”

“Is there any mistake? This guy looks to be in his twenties, right?”

“Just like this, I can kill you with one punch, why should I use Kuroki Kawasaki-senpai to attack?”

Everyone looked at Chen Ping in disbelief!

Soon, Chen Ping and the others arrived at the crater. If they wanted to climb up the crater, they would need a certain amount of strength!

Although there are many people in the crater at this time, these are very powerful people in the martial arts world of the island country, and most of them are powerful in Wuhan!

“Senior Kuroki Kawasaki is waiting for you in the crater. You need to go up by yourself. I don’t have the strength...”

Muto Shinichi said.

Chen Ping glanced at the crater and jumped up suddenly, shooting straight into the sky like an arrow from a string!

Chapter: 3306

With just one leap, Chen Ping jumped up to a height of tens of meters!

Then he stepped on the stone wall with his toes, and his figure grew taller again!

After just two crossings, we reached the edge of the crater!

There are many people standing on the edge of the crater at this moment. Those who can stand here are all masters of the martial arts world of the island country!

And Kazuo Kawaguchi is also on the list!

Seeing Kazuo Kawaguchi, Chen Ping’s eyes paused on him. Feeling Chen Ping’s gaze, Kazuo Kawaguchi’s body trembled slightly and he hurriedly hid behind the person next to him!

Others looked at Chen Ping in shock, and all took a breath!

You must know that although they are very strong, they all climbed up with great strength, but Chen Ping actually climbed up easily.

They have never seen this kind of strength. If Chen Ping had such strength, they would not have to be trapped in the crater. They would have to let Kuroki Kawasaki cut out the passage with his sword in embarrassment!

Chen Ping looked at the small wooden house in the crater, and his figure floated down, landing steadily in front of the wooden house!

When Chen Ping just landed, the door of the wooden house opened automatically, and Kuroki Kawasaki slowly walked out!

When he saw Chen Ping, Kuroki Kawasaki was stunned. He didn't expect Chen Ping to be so young.

Chen Ping was also stunned. He did not expect that Kuroki Kawasaki's appearance would remain in middle age. He always thought that Kuroki Kawasaki was already an old man with a gray beard!

Both of them were just slightly stunned, but they quickly recovered!

"Are you Chen Ping?"

Kuroki Kawasaki asked.

"Are you Kuroki Kawasaki?"

Chen Ping also asked.

Kuroki Kawasaki was not angry when Chen Ping called him by his first name. You must know that in the island country, no one dared to call him by his first name, not even the emperor of the island country!

“Yes, I am Kuroki Kawasaki...”

Kuroki Kawasaki nodded.

“I am Chen Ping...”

Chen Ping also nodded!

The two people stopped talking and looked at each other!

Chapter: 3307

But at this moment, huge spiritual consciousness radiated from the two people, shrouding each other!

They are all trying to find out the details of each other!

At this time, everyone on the crater saw Kuroki Kawasaki and Chen Ping motionless, and they were all confused and couldn't figure out what these two people were doing!

After about a few minutes, Kuroki Kawasaki withdrew his consciousness and slowly said: “I didn't expect you to be so young. Although your physique is different from ordinary people, it is impossible for you to reach this state at such an age! ”

“Strange, really strange...”

Chen Ping also withdrew his consciousness: “No wonder you don't dare to come out of here to compete with me. If you leave here, not only will your strength decline, but your current appearance will also age rapidly!”

“To put it bluntly, this is just your cage. If I don’t agree to come here to compete with you, there’s nothing you can do about it.”

“You are just a caged tiger, but the world doesn’t know it and still regards you as the number one in the island country!”

The trial just now allowed the two of them to really understand each other!

“You are right, I am indeed just a caged tiger, but now that you are here, you can only accept your fate...”

Saying that, Kuroki Kawasaki waved lightly, and the cabin exploded instantly!

Immediately afterwards, in the middle of the wooden house, a stream of lava spurted out, mixed with a samurai sword!

Kuroki Kawasaki directly took the katana in his hand!

“Show your weapons...”

Kuroki Kawasaki said.

“When the heart and sword are united, when it’s time to use the weapon, I will naturally use it.”

Chen Ping said calmly.

“Oh? Are you planning to fight me with your bare hands?”

Kuroki Kawasaki’s eyes narrowed slightly, and then he inserted the katana in his hand into the magma again: “Then I will fight with you bare-handed...”

“I advise you to use your katana, otherwise I’m afraid you will never have the chance to use it!”

Chen Ping said calmly.

“Humph, arrogant child, you have cultivated to this level at your age, and your future will definitely be limitless. It’s a pity that you are too arrogant and your mood is unstable, so you have to pay the price for your arrogance...”

Kuroki Kawasaki snorted coldly, his eyes flashed coldly, and he slapped Chen Ping with one palm!

Kuroki Kawasaki takes action!

Chapter: 3308

Everyone on the crater saw Kuroki Kawasaki taking action, and their eyes widened, fearing that they would miss any of the exciting battle!

call.....

A roaring wind was heading towards Chen Ping!

The huge energy roared like a strong wind, and it was in front of Chen Ping in an instant!

Under the strong wind of this palm, even the sputtering magma was swept up, emitting bursts of hot flames!

When Chen Ping saw this, he formed a fist with his right hand and flashed with golden light!

“Holy Light Fist...”

With a punch thrown out, the strong spiritual power instantly condensed and turned into a huge fist, fiercely heading towards Kuroki Kawasaki's palm!

Rumble.....

The strength of the fist and the wind of the palm collided fiercely, and a sound like thunder rang out. The crater formed a natural loudspeaker, and the sound spread toward the sky!

The huge sound made everyone standing on the crater cover their ears. The entire island country could almost hear this deafening sound!

Then the huge remaining energy rushed in all directions, was blocked by the volcanic wall, and then rushed upward!

For a moment, everyone on the crater had not yet reacted, and they were all knocked away by this force. They fell from the crater one by one, causing heavy casualties in an instant!

Even Kazuo Kawaguchi fell down and fell hard to the ground!

You must know that those who can stand on the crater are the most powerful people in the martial arts world of the island country.

But at this time, because of the aftermath of the battle between Chen Ping and Kuroki Kawasaki, these people suffered heavy casualties!

It can be seen how much power the fight between Chen Ping and Kuroki Kawasaki contains!

The magma that was originally sputtering and flowing in the crater was blown out of the crater because of this fight, and fell from the sky one after another!

For a time, many people were burned by the lava, and they kept wailing. At this moment, it was like purgatory outside the crater!

But Chen Ping and Kuroki Kawasaki looked at each other after the fight!

Kuroki Kawasaki's face began to look a little solemn!

My right arm is shaking slightly!

Just after their first fight, Kuroki Kawasaki felt the endless power in Chen Ping's body!

When masters compete with each other, it only takes one move to determine the winner!

Chapter: 3309

Kuroki Kawasaki's pupils began to shrink continuously. His more than a hundred years of practice actually made him doubt himself at this moment!

Even if Chen Ping cultivated from his mother's womb, he shouldn't have such huge strength!

Although Kuroki Kawasaki was shocked, he did not show the slightest fear!

Because even if the energy in Chen Ping's body is huge, it will eventually be exhausted!

And as long as he is in this crater, he can continuously absorb the heat of the underground magma!

In other words, he can have a steady stream of power input, but Chen Ping does not!

This is his advantage!

"Boy, let me see how much energy you can store in your body..."

After saying that, Kuroki Kawasaki roared and shot at Chen Ping again.

He turned his palm into a knife and struck Chen Ping fiercely!

This time, the energy was so condensed that it cut through the void in an instant, making a harsh and sharp sound of breaking through the air!

When Chen Ping saw this, he cut his fingers into swords, a golden light flashed, and huge spiritual power shot out from Chen Ping's fingers in an instant, and then solidified into a long sword and slashed out!

Although the two people did not use weapons, they turned their energy into swords and started to compete!

clang.....

Even if it is condensed into a weapon, it still makes a metallic sound when it collides!

Immediately afterwards, Kuroki Kawasaki's overbearing blade was instantly cut off by Chen Ping's sword light. The terrifying sword energy did not stop and slashed directly towards Kuroki Kawasaki's chest!

Kuroki Kawasaki frowned and could only retreat back to avoid the sword energy. But now that he retreated, in the eyes of others, it was considered a failure!

Kuroki Kawasaki's face began to look extremely ugly. The fight that he originally thought he could easily win was actually at a disadvantage now!

Click.....

Kuroki Kawasaki opened his hand and pulled out the katana instantly, and he started to use the weapon!

At the same time as the katana was drawn out, another stream of magma splashed out, and then the magma not only began to bubble out, but then flowed everywhere!

Seeing the magma flowing to Kuroki Kawasaki's feet, Kuroki Kawasaki did not dodge!

Magma enveloped Kuroki Kawasaki's feet, but Kuroki Kawasaki still didn't move!

Waves of white mist began to emerge from the magma, and Kuroki Kawasaki was breathing heartily amidst these bursts of white mist.

Chapter: 3310

A large amount of the heat in the magma began to be absorbed and transformed by Kuroki Kawasaki!

The magma also flowed to Chen Ping's feet, and Chen Ping didn't care, as if the feet stepping on the magma at this moment were not his own!

With the katana in his hand, Kuroki Kawasaki's aura suddenly changed and he became much more confident!

Holding the knife in both hands, he then volleyed towards Chen Ping!

The silver sword light flickered, and Kuroki Kawasaki concentrated all his strength on the sword light!

Seeing this, Chen Ping grabbed the void with his right hand, and the Dragon-Slaying Sword appeared in Chen Ping's hand!

When the Dragon-Slaying Sword appeared, Kuroki Kawasaki was slightly startled. He originally thought that Chen Ping had no weapons. After all, Chen Ping did not have any weapons on him!

But I didn't expect that Chen Ping's weapon was really integrated with his body. This is the highest state of kendo, where man and sword become one...

However, Kuroki Kawasaki had already taken action and could not stop. He could only bite the bullet and continue to cut off the sword.

The dragon-slaying sword in Chen Ping's hand made a buzzing sound instantly, and he went straight to meet him!

The swords collided with a steely sound!

The moment the swords collided, the entire void began to shake violently, as if time and space were overwhelmed and about to collapse out of a black hole!

Kuroki Kawasaki saw that there was no way to break through Chen Ping's sword energy, and then the sword light turned, and his whole person turned into a stream of light, and he actually completed the integration of man and sword!

It's just that Kuroki Kawasaki's human-sword combination still lacks sufficient heat. As Kuroki Kawasaki's whole body turned upward, the katana in his hand also directly sent out sharp blades, which hit Chen Ping's whole body. Shrouded in it!

At this time, in the eyes of outsiders, around Chen Ping, there are countless Kuroki Kawasakis holding samurai swords and attacking Chen Ping!

No matter how Chen Ping resists, he can't stop attacks from all directions!

"Nine Shadows Sword Technique..."

Chen Ping shouted loudly, and then his body shook violently, and in an instant, clones appeared with aura!

Holding the same dragon-slaying sword in his hand, he started to swing it!

Chen Ping's body and avatar formed a circle, and the Dragon-Slaying Sword in his hand continued to emit bursts of sword energy.

This time, Kuroki Kawasaki instantly had no chance.

Dang Dang Dang.....

A clear and deafening sound came out, and Kuroki Kawasaki's blades were all blocked and did not break through Chen Ping's defense!

Seeing Chen Ping's Nine Shadows Sword Technique, Kuroki Kawasaki was stunned!
