

## **The Order 3311**

Chapter: 3311

Now even he himself can't tell which one is Chen Ping's true body!

Because everyone in Chen Ping can really feel the breath, and even feel the flow of blood!

Kuroki Kawasaki has never seen such a real clone!

The Nine Shadows Sword Technique is a unique skill of the Watanabe family. Kuroki Kawasaki has seen it before, but it has no such power at all!

Kuroki Kawasaki didn't understand at all that the Nine Shadows Sword Technique was not stolen by Chen Ping, but was taught to him by someone.

Now Chen Ping's ability to use the Nine Shadows Sword Technique is superior to anyone in the Duanbian family!

Kuroki Kawasaki's expression became very solemn.

The magma under his feet continued to gather heat on Kuroki Kawasaki's body!

The energy you just used up will be replenished instantly!

In other words, Kuroki Kawasaki's strength can always remain at its peak!

This is also what Kuroki Kawasaki relies on. It is precisely because of this reliance that Kuroki Kawasaki is confident!

"I want to see how long your clone can last..."

Kuroki Kawasaki said, swung his sword and rushed towards Chen Ping again!

And Chen Ping recalled all the clones. After all, a large number of clones would accelerate the consumption of spiritual power in Chen Ping's body!

Kuroki Kawasaki can extract power from magma, but Chen Ping can't. He can't convert heat into spiritual power!

Kuroki Kawasaki's katana was constantly waving in mid-air, changing dozens of moves in an instant, which was dazzling!

Chen Ping also slashed with his sword...

clang.....

A burst of fire splashed out, and the sound quickly spread to the surroundings!

The two people had already fought countless times at the moment when their weapons collided!

The magma in the crater began to be blown everywhere by the strong wind!

clang.....

After another crisp loud noise, the two people separated instantly!

Kuroki Kawasaki looked at Chen Ping with a flash of shock in his eyes!

Chapter: 3312

He didn't expect that after fighting for so long, Chen Ping didn't show any signs of exhaustion. He was still full of energy and powerful!

When Chen Ping looked at Kuroki Kawasaki, the fighting spirit in his eyes became stronger. The stronger the opponent, the more excited Chen Ping would be!

Because of the powerful opponent, Chen Ping can absorb more strength!

“Have fun, keep coming...”

Chen Ping held the dragon-slaying sword and smiled coldly. The fighting spirit in his body continued to rise, showing no signs of weakening!

The dragon-slaying sword was raised high, and then the sword was swung out!

This sword actually carried the sound of dragon roars, and the sword energy instantly turned into a golden dragon, rising into the air and swimming in the air.

Seeing this, Kuroki Kawasaki's face showed an unprecedented seriousness. He quickly slashed the katana in his hand, and the sword light kept slashing at the golden dragon's body!

clang.....

The sword energy and sword light collided hard together again!

Kuroki Kawasaki felt the huge counter-shock force, and his body involuntarily took several steps back!

The katana in his hand began to tremble continuously, as if he was afraid of the golden dragon in front of him!

Chen Ping did not stop, now Kuroki Kawasaki is at a disadvantage, this is Chen Ping's opportunity!

I saw the cold light in Chen Ping's eyes soaring, and his fighting spirit boiling.

"Nine Shadows Sword Technique, the First Sword..."

Chen Ping's Dragon-Slaying Sword kept flashing with light, and then a cyan light shot out from the Dragon-Slaying Sword!

This ray of light turned into a human figure. Although the appearance could not be clearly seen, and the male and female could not be distinguished, it could be clearly seen that it was definitely the same person!

"Sword Spirit....."

Chen Ping saw a bit of surprise in his eyes.

He did not expect that the sword spirit within the Dragon Slayer Sword had taken shape. Although it had not grown to maturity, it could now come out of the sword!

If the sword spirit finally takes shape, then Chen Ping will have a powerful helper by his side!

The sword spirit stood on the golden dragon, looking proud of the crowd!

When Kuroki Kawasaki saw this, his expression became gloomy and terrifying.

He didn't expect that the Dragon-Slaying Sword in Chen Ping's hand had already produced a sword spirit, and before the sword spirit took shape, it could already come out of the sword, and the aura it exuded was extremely powerful!

Chapter: 3313

Kuroki Kawasaki began to increase all the energy in his body, and the katana in his hand was trembling, but Kuroki Kawasaki was working hard to control it!

The magma under his feet began to slowly solidify and turn black because Kuroki Kawasaki absorbed a lot of heat!

The sword spirit controlled the golden dragon and roared towards Kuroki Kawasaki.

Kuroki Kawasaki gritted his teeth and pushed upward with all his strength.

Bang!

With the light shining, Kuroki Kawasaki's body took a few steps back again, and a small gap appeared in the katana in his hand!

At this moment, Kuroki Kawasaki was actually afraid!

Although he can continuously absorb energy, Chen Ping seems to have inexhaustible power in his body. If this continues, Kuroki Kawasaki may be defeated by Chen Ping even if he continues to absorb energy!

Just when Kuroki Kawasaki was thinking of a countermeasure, Chen Ping jumped up with his sword and bullied him.

Cyan light flashed out!

He will not give Kuroki Kawasaki the slightest chance to breathe, because every pause will allow Kuroki Kawasaki to regain more strength in his body. Chen Ping cannot give him this chance!

Cyan light shot out, and Kuroki Kawasaki didn't dare to be careless, and faced it with his sword again!

A violent explosion sounded, and Kuroki Kawasaki's body retreated again.

Chen Ping's moves are faster than the others!

Kuroki Kawasaki could only greet it passively. The energy in his body was consumed hugely. Even if he could absorb the heat from the magma to replenish it, it would be difficult to recover from such a huge consumption!

There was cold sweat on Kuroki Kawasaki's forehead, he was breathing heavily, and his katana was full of pits and gaps!

It was about to break, but Kuroki Kawasaki had no choice but to hold on with this katana!

Chen Ping became more and more excited as he fought. The spiritual power in his body continued to explode. The dragon crystal on his chest was also shining with light. The power of the dragon continued to fill Chen Ping's body!

Chen Ping saw that Kuroki Kawasaki was at the end of his strength, so he put away the Dragon-Slaying Sword. What he wanted was not to kill Kuroki Kawasaki, he wanted to absorb Kuroki Kawasaki's strength!

Seeing Chen Ping put away the Dragon Slaying Sword, Kuroki Kawasaki knew that this was his last chance!

“Shadow Slash...”

Kuroki Kawasaki burst out with his final strength, his eyes turned scarlet red, and he suddenly raised the katana in his hand, and his whole body and the katana almost merged into one.

The sword light soared into the sky, and the white sword light even rushed out of the crater, so that people outside the crater could clearly see the terrifying sword light!

Then Kuroki Kawasaki took a step forward, and the sword light in his hand fell down. Victory or defeat depended on this strike!

Chapter: 3314

Just after Kuroki Kawasaki delivered this blow, the katana in his hand could no longer bear it and instantly broke into several sections!

Looking at the katana with only the hilt left, Kuroki Kawasaki threw away the hilt in confusion!

No matter what happens with this attack, this will be the final attack!

Now he can only hope that his blow can directly injure or kill Chen Ping!

“snort.....”

Unexpectedly, facing Kuroki Kawasaki’s final blow, Chen Ping actually sneered!

Then he punched out, only to hear a muffled sound, and in an instant a black hole was punched out of the entire void!

Although Chen Ping is still unable to use the laws of space, let alone rely on his own strength to tear open the void and go where he wants to go!

But if he wanted to open a void crack with one punch, Chen Ping could still do it!

Kuroki Kawasaki’s sword struck the crack in the void instantly and disappeared without a trace!

The crack in the void disappeared immediately, but the residual power of Chen Ping’s punch did not disappear!

The remaining power hit Kuroki Kawasaki hard, and Kuroki Kawasaki’s body instantly flew backwards, falling heavily on the stone wall, and a mouthful of blood spurted out.

Kuroki Kawasaki’s face was aging rapidly, and he soon became like an old man, with wrinkles on his face and slow breathing, as if he was about to die!

There was no luster in Kuroki Kawasaki's eyes, but he put his hands on the ground, and the heat of the magma in the ground was constantly being absorbed into Kuroki Kawasaki's body!

Chen Ping walked towards Kuroki Kawasaki step by step, but Kuroki Kawasaki did not move, and he could not move at all. At this time, his physical body had already aged rapidly and had no energy at all!

"Even if I die, I can't let you absorb my strength..."

Kuroki Kawasaki saw Chen Ping's intention and slowly opened his mouth and said.

"Do you think you still have the right to choose now?"

Chen Ping showed a sneer!

Now Kuroki Kawasaki is the meat on the chopping board, and Chen Ping can eat whatever he wants!

"After all, I am one step away. If I can truly step into the God of War, you will never be my opponent..."

Kuroki Kawasaki's face is filled with regret!

If he really breaks through the Martial Saint and reaches the realm of Martial God, then Chen Ping will definitely not be his opponent!

Although Toyotomi Hideyoshi and the others are all gods of war, they are just wisps of remnant souls, and their strength is greatly reduced.

Chapter: 3315

But he himself is different. If he can break through the Martial God, he will be a truly living Martial God, the true supreme being in the martial arts world!

In the world of martial arts, the Supreme Martial God has no higher realm...

“Even if you break through the Martial God, the result will still be the same...”

Chen Ping’s eyes were filled with indifference as he walked towards Kuroki Kawasaki step by step!

After all, they are just warriors and don’t understand what the world of cultivating immortals is like!

So what if you reach the level of the God of War?

Once you truly reach the secret realm and the world of cultivating immortals, you are not just as worthless...

Kuroki Kawasaki looked at Chen Ping. He didn’t understand why Chen Ping was so confident, but he knew that he must not let Chen Ping absorb his own strength!

Soon, Kuroki Kawasaki let out a sharp roar, and the soul in his body suddenly rushed out, turning into a black smoke and trying to escape!

At this level, as long as his soul remains alive, Kuroki Kawasaki may be resurrected sooner or later!

When Chen Ping looked at Kuroki Kawasaki who was trying to escape, he couldn’t help but snorted!

Then he suddenly opened his mouth and sucked in!

With a huge suction, Kuroki Kawasaki’s soul was instantly sucked into his body!

Only the skin of Kuroki Kawasaki was left outside, and it began to burn under the heat of the magma!

Soon it was reduced to ashes.

Kuroki Kawasaki, the island country's number one master, who almost broke through to the God of War, just disappeared into thin air!

No trace left!

Outside the crater, everyone looked up at the top of the crater. No one dared to go up!

But at this time, no sound came from the crater for a long time!

Is the battle over?

Who won in the end?

But everyone thinks it is Kuroki Kawasaki!

Because Kuroki Kawasaki is the number one person in the island country and the spiritual pillar of the martial arts community in the island country.

No one thinks Kuroki Kawasaki will lose!

Chapter: 3316

"It should be over. Chen Ping's body can be taken out..."

Muto Shinichi looked at the crater where there had been no movement for a long time and said slowly!

But just when they were about to go up to the crater and carry out Chen Ping's body!

Suddenly, a figure slowly floated up from the crater!

I saw the figure's body floating directly to the crater, and then walking down step by step!

When everyone saw this figure, everyone was shocked and dumbfounded!

"What...what's going on?"

Muto Shinichi looked at Chen Ping in disbelief, walking down step by step, his face became extremely ugly!

"Where's Kuroki Kawasaki-senpai?"

"How could Senior Kuroki Kawasaki let him out? Why didn't he kill him?"

"Is this guy following Kuroki Kawasaki-senpai to beg for mercy?"

Many people are talking in confusion!

But only Kazuo Kawaguchi seemed to understand something, and his face became uglier than eating shit!

Chen Ping walked down step by step, and everyone consciously made way for him!

"Chen...Mr. Chen, where is Kuroki Kawasaki-senpai?"

Muto Shinichi asked Chen Ping.

Chen Ping glanced at Muto Shinichi coldly, just one glance. Muto Shinichi felt a big mountain pressing down on him instantly, and he knelt down with a pop!

“The number one person in your island country is no longer here. From now on, your island country is only allowed to have one god, and that is me...”

Chen Ping’s voice was calm, even soft!

But these words can be heard by all the islanders present!

And just as he finished speaking, Chen Ping burst out with extremely powerful pressure!

This coercion directly enveloped the entire Mount Fuji. Everyone felt the pressure and fell to their knees involuntarily!

Although they didn’t believe it at all and didn’t believe in the spiritual sustenance in their hearts, they were defeated and even lost their lives!

But now Chen Ping stood in front of them, exuding majesty like an immortal, and he had to make them believe it!

Chapter: 3317

“Welcome to the Lord God...”

At this time, someone shouted in the crowd!

And this person was Kazuo Kawaguchi. Kazuo Kawaguchi deceived Chen Ping and told Kazuo Watanabe a lot of information.

Now that Chen Ping has not only destroyed the four major shrines, but also killed Kuroki Kawasaki, is there anyone in the entire island country who can be Chen Ping’s opponent?

In order to survive, Kazuo Kawaguchi can only work hard to curry favor with Chen Ping!

It's just that Kazuo Kawaguchi shouted, but no one shouted with him!

Although Chen Ping killed Kuroki Kawasaki, it still takes time for the island nation's martial arts community to accept this fact.

And if you want to get the martial arts circles of the island country to surrender, you also need means!

When Kazuo Kawaguchi saw that no one was following him, he felt embarrassed and hurriedly lowered his head.

Chen Ping just glanced at Kazuo Kawaguchi, and then looked at Shinichi Muto: "If there are still people in your island country who are dissatisfied, you can come to me at any time. I will stay here for a few days..."

After Chen Ping finished speaking, he jumped up and floated down the mountain!

Looking at Chen Ping's figure soaring like an eagle, everyone in the martial arts world of the island country fell into deep thought!

Until Chen Ping's figure completely disappeared, Muto Shinichi looked at Kazuo Kawaguchi coldly!

"You shameless traitor, you have brought disgrace to the martial arts community of our island country. I will punish you to death for betraying you today..."

Muto Shinichi is furious!

Then all the people in the martial arts world gathered around him. Kazuo Kawaguchi was so miserable that he didn't say anything. His whole body was smashed to pieces by everyone, and he couldn't die anymore!

The news that Chen Ping killed Kuroki Kawasaki quickly exploded in the island country!

Although many people in the island country's martial arts community tried their best to block the news, it was of no use!

For a time, everyone in the martial arts world of the island country became a street rat, being ridiculed and reviled!

Many young people in the island country's martial arts community are clamoring to go out collectively to prove to the island country's martial arts community and avenge Kuroki Kawasaki!

However, they were all suppressed by seniors like Muto Shinichi, because they knew that if these people went, there would be no other result except death!

In front of Chen Ping, these people are not even ants!

The Watanabe family, under the leadership of Chen Ping, has become the most awesome family in the entire island country!

Watanabe Fumio began to build a shrine for Chen Ping, build statues, and let believers make offerings and worship!

Chapter: 3318

Although the island country's martial arts community has not been able to find anyone who can suppress Chen Ping, no one has truly compromised. They do not agree with Chen Ping, and they are even less likely to worship Chen Ping as a god!

After all, no matter how powerful Chen Ping is, he is still from Daxia, and the unique sense of arrogance of the island people makes these guys in the martial arts world unwilling to bow!

Chen Ping locked himself in the room and spent three days completely refining Kuroki Kawasaki's soul!

This made Chen Ping's strength jump to the fifth level Martial Saint. Now Chen Ping is not afraid at all when he really encounters the Martial God!

What's more, the Dragon-Slaying Sword in his hand has already left his body. If time passes, the Dragon-Slaying Sword in Chen Ping's hand may be able to fight a Martial Saint by himself!

"Master, now you have millions of believers in the island country, but those in the island country's martial arts circles still refuse to worship you."

Watanabe Fumio saw that Chen Ping had completed his practice, so he reported in a low voice.

"Don't worry about them, I have my own way..."

After Chen Ping finished speaking, he stood up and walked out of the room!

Looking at the bright moon in the sky, Chen Ping jumped up. His whole body rose hundreds of meters from the ground, as if he had jumped onto the moon in one fell swoop!

When Fumio Watanabe saw this scene, his mouth opened wide in shock!

Chen Ping made several leaps and landed steadily on a very luxurious palace in the center of Xijing!

This is the highest place in Xijing and the most luxurious palace.

Because the person living here is the highest spiritual leader of the entire island country, the Earth Emperor Yusa of the island country.

At this time, Yuzuo was in front of the living room window, admiring the bright moon in the sky!

In the past few days, the events in the martial arts world of the island country have also made him a little anxious!

Suddenly, Yuzuo noticed that there seemed to be someone standing on the roof of the palace!

He couldn't believe it, so he took off his glasses and wiped them, then put them on again and looked at them carefully!

But this time, he didn't see anyone!

Yuzuo let out a long breath. You know this is the most tightly secured place, how could there be someone standing on the roof.

It must be that I haven't had a good rest these past few days, and my eyesight is dazzled...

Yuzuo touched his signature mustache and prepared to go back to his room to go to bed. He had to go to rest early, but he had been hallucinating after working so hard during this period!

But just as Yuzuo turned around, he was stunned and stood there blankly!

Because he saw a young man sitting on the sofa in his living room, sipping his red wine!

Chapter: 3319

"who are you?"

Yusa asked with a horrified look on his face.

You must know that no outsider can enter here without his permission, not to mention that it is still night and no one can enter!

But now, someone was sitting right in front of him openly!

"My name is Chen Ping..."

Chen Ping shook the wine glass in his hand gently, then took a sip: "The wine is good..."

When Yuzuo heard the word Chen Ping, his body visibly trembled!

Because he knew that the person who had recently turned the entire island country's martial arts world upside down was named Chen Ping.

"You...what do you want to do here?"

Yusa said, approaching one side because there was an alarm there!

"It's useless if you sound the alarm. It's just causing more deaths among your guards."

"I just came to have a chat with you. I don't mean any harm. Just relax..."

Chen Ping smiled lightly, then took a seat and said, "Please sit down..."

If you didn't know better, you would have thought that Chen Ping was the owner here!

Yuzuo looked at Chen Ping, and finally withdrew his hand that reached for the alarm, and carefully sat down opposite Chen Ping!

"What do you want to talk to me about?"

Yusa asked softly.

"I know your status and rights in the island country. Now I just want you to give an order so that all those stubborn guys in the island country's martial arts community must worship my statue. Now that Kuroki Kawasaki has been killed by me, except for your island country, If you worship me, can you find the second person?"

Chen Ping said coldly.

Upon hearing this, Yuzuo frowned slightly: "I will not participate in the affairs of the martial arts world. What those people in the martial arts world choose is their right..."

"You mean you don't know how to give orders?"

Chen Ping's eyes narrowed slightly.

"right....."

Yuzuo nodded heavily, but at this moment his heart was trembling desperately!

Chapter: 3320

"Since you don't give the order, I don't mind changing your island country to another emperor..."

After Chen Ping finished speaking, the breath from his body suddenly burst out like an explosion!

Then a vivid golden dragon appeared from behind Chen Ping, its majestic figure constantly hovering in the air!

Although Yuzuo is the Emperor of the Earth, he is just an ordinary person. He has never seen such a scene before!

Looking at the golden dragon swimming in the mid-air, Yuzuo was dumbfounded. His whole body was shaking and he almost stopped peeing in his pants!

Although he has always heard that in the martial arts world, those who practice to a certain level can condense Qi and become gods, but he has never seen it before!

Now seeing Chen Ping like this, he was completely stunned!

“Since you don’t agree, then I will kill everyone in the martial arts world of the island country, and I will be the emperor of the island country myself...”

The aura on Chen Ping’s body surged again, and Jin Long’s big copper bell-like eyes stared at Yuzuo!

The golden dragon opened its bloody mouth and rushed towards Yuzuo!

Yuzuo was so frightened that he peed in an instant and said quickly: “Okay, okay, I will listen to you...”

When Chen Ping saw this, he waved his hand and the golden dragon retreated instantly!

“I’m planning the move now and will send someone to announce it tomorrow.”

Yuzuo trembled and promised Chen Ping!

“Okay, I hope you didn’t lie to me, because you know what will happen if you lie to me...”

After Chen Ping said that, his breath converged, and the golden dragon disappeared in an instant!

After drinking the red wine in front of him and looking at the full moon in the sky, Chen Ping’s body floated up!

Yuzuo watched Chen Ping drift away like this, and the security in his palace was like rubbish. He knew that he must issue this edict!

There is no way, those guys in the martial arts world are not as good as others. Even Kuroki Kawasaki, the number one person in the martial arts world, was killed. There is no one in the martial arts world who can compete with Chen Ping!

Yuzuo took out the edict and wrote it overnight. At dawn, he ordered it to be promulgated!

When he hit three strokes, Chen Ping stretched and woke up!

Watanabe Fumio found Chen Ping excitedly!

“Master, Master, it is a great joy. The Emperor of the Earth has issued an edict to make everyone in the martial arts world worship your statue. Those stubborn guys in the martial arts world have to worship you as a god now.”

Watanabe Fumio said, holding the edict issued by Yusa in his hand.
