

The Order 3351

Chapter: 3351

“break.....”

Chen Ping punched out every time, and the force of each punch turned into a golden dragon!

boom.....

boom.....

boom.....

Chen Ping’s fist force collided with the brilliance erupting from the gourd, making a deafening sound!

The terrifying aftermath caused the entire Bailian Pavilion to shake, the surrounding houses collapsed, and the ground began to cave in!

Even the mountains in the distance were filled with rocks, and boulders kept rolling down!

Soon, the face of Mr. Yan changed, a mouthful of blood spurted out, and the brilliance in the purple gold gourd disappeared!

Chen Ping put away the power of the dragon and his face became slightly ugly!

“Mr. Yan, Mr. Yan...”

Seeing this, Shi Yan hurriedly supported Mr. Yan.

Chen Ping walked towards the two people step by step: "If you hand over the Tianji Order now, you may still be able to survive..."

Looking at Chen Ping's cold expression and the killing intent in his eyes, Shi Yan regretted a little and regretted agreeing to Ning Zhi!

Why did he agree to follow Ning Zhi to deal with Chen Ping?

If he knew that Chen Ping was so powerful, he would not agree even if he was given a good magic weapon.

But there is no regret medicine in the world.

"Then... we really don't know where the secret is. It was stored by my father."

Shi Yan was so frightened that he almost cried, and followed Chen Ping to explain.

But how could Chen Ping listen? He stretched out his hand, grabbed Shi Yan's collar and lifted him up!

"I'm asking you again, where is the Tianji Order?"

The murderous aura in Chen Ping's body had already enveloped Shi Yan's entire body.

At this time, Shi Yan felt like he had fallen into an abyss, and chills came from the bottom of his heart!

Shi Yan was so frightened that he was speechless!

Chapter: 3352

"That secret order was really released by the Pavilion Master. We really don't know. Even if you kill us, it will be useless."

Upon seeing this, Mr. Yan hurriedly followed Chen Ping.

Chen Ping saw that they really didn't know where the Tianji Order was, so he said, "Then take me to see your pavilion master."

"Our cabinet master is in seclusion to refine weapons. No one can see him before the time is up. You can wait for a few days. The cabinet master should be able to leave seclusion in ten days."

Mr. Yan explained carefully.

He was afraid of offending Chen Ping and asked Chen Ping to kill Shi Yan!

Chen Ping sighed helplessly, let go and threw Shi Yan to the ground!

"When your Pavilion Master comes out of seclusion, tell me that I came to see him..."

After Chen Ping finished speaking, he snatched the purple gourd from Yan Lao's hand, turned around and left!

He couldn't make this trip in vain. This purple gold gourd should be compensated by Bailian Pavilion!

Seeing Chen Ping take away the purple gourd, neither Yan Lao nor Shi Yan dared to say anything!

Chen Ping walked back. Seeing this, Hu Mazi quickly asked: "How is it? Have you found the Tianji Token?"

Chen Ping shook his head: "It seems that we really have to count on this guy to take us into the secret realm. Fortunately, you stopped me just now and didn't kill Ning Zhi."

"Then what should we do now?" Hu Mazi asked.

“Go back first. If you want to get the Tianji Order, you need the master of Bailian Pavilion to leave the seclusion.”

“Let’s let Ning Zhi lead us to open the entrance to the secret realm first. If that doesn’t work, we’ll just go to Bailian Pavilion again!”

After Chen Ping finished speaking, he stepped forward and directly picked up Ning Zhi!

At this time, Ning Zhi was like a dead dog, being carried away by Chen Ping!

Chen Ping and the others returned to Kyoto. Although they did not get the Tianji Order, they captured Ning Zhi. This was considered a worthwhile trip, and they also got a purple gold gourd!

However, this purple gold gourd is not of much use to Chen Ping. With Chen Ping’s current strength, he no longer needs this purple gold gourd.

“Master Hu, seeing how hard it is for you to go to Bailian Pavilion with me, let me give you a gift...”

Chen Ping said.

Hu Mazi was stunned for a moment, then looked at Chen Ping warily: “What are you going to do? Why do you want to give me a gift all of a sudden? I can tell you, I only like women...”

Chen Ping was stunned for a moment, then laughed and scolded: “What the hell are you thinking? I took out a magic weapon from Bailian Pavilion. It’s of no use to me, so I want to give it to you.”

Chapter: 3353

“What? You stole a magical weapon from Bailian Pavilion? You destroyed other people’s houses, and you actually stole other people’s magical weapons...”

Hu Mazi's face was full of surprise.

"What does stealing mean? Don't speak so harshly. I didn't steal, I robbed..."

Chen Ping chuckled!

"Hahaha....."

Hu Mazi also laughed!

When Chen Ping took out the purple gourd, Hu Mazi's laughter stopped instantly and he looked at the gourd in shock.

"This...this is a purple gold gourd, a top-grade magical weapon..."

Hu Mazi exclaimed.

"Nonsense, if it's a low-grade magic weapon, I still don't like it, so I'll ask you if you want it?"

Chen Ping said with a look on his face.

"Yes, of course I want it..." Hu Mazi snatched the purple gourd, then hugged Chen Ping and wanted to kiss it.

Chen Ping pushed Hu Mazi away and said, "I can tell you, I only like women..."

Hu Mazi chuckled: "Chen Ping, thank you so much, this thing is more important than women..."

"What is more important than women?" Zhou Jie came unexpectedly at some point.

Seeing Zhou Jie, Hu Mazi said instantly: "Nothing is as important as you. I have missed you so much these past two days..."

With that said, Hu Mazi actually hugged Zhou Jie and left!

Chen Ping was speechless...

When he came to the room where Ning Zhi was being held, Chen Ping looked at Ning Zhi, whose breath was weak and his body was curled up, and he smiled coldly!

"Chen Ping, just kill me. It's useless for you to keep me. I can't open the entrance to the secret realm."

"I'm just a pawn of the Demon Heart Sect. They won't tell me the spell to open the entrance to the secret realm!"

Ning Zhi said to Chen Ping.

Ning Zhi now wants to die, because living in fear like this is the greatest pain!

"You don't have to beg to die in a hurry. Even if you can't open the entrance to the secret realm, I will still keep you because I want to see if the Demon Heart Sect takes you seriously!"

Chapter: 3354

"Now that your special physique has been developed, I believe that the Demonic Heart Sect will never treat you as an ordinary chess piece, otherwise your strength will not grow so fast!"

Chen Ping lit a cigarette and said slowly.

Regardless of whether Ning Zhi can open the entrance to the secret realm, Chen Ping will give it a try, because he has no other choice, except to wait ten days for the master of Bailian Pavilion to come out and borrow the Tianji Token!

After hearing this, Ning Zhi smiled bitterly, stood up with strong support on the wall, and then stretched out his hand towards Chen Ping.

Chen Ping understandingly threw a cigarette to Ning Zhi and lit it for him!

Ning Zhi took a deep breath of cigarette, and then spit it out heavily!

“You underestimate the Demon Heart Sect too much. You have never seen how powerful the Demon Heart Sect is. I am just a pawn in the Demon Heart Sect.”

After Ning Zhi finished speaking, he continued to smoke the cigarette vigorously!

“The Demon Heart Sect is more powerful than the Blood Demon?”

Chen Ping asked.

“Well.....”

Ning Zhi was choked immediately, because he had seen the strength of the Blood Demon, and the Demon Heart Sect would definitely not be able to match the Blood Demon.

“But with your current strength, wanting to destroy the Demonic Heart Sect is just wishful thinking!”

After being stunned for a moment, Ning Zhi spoke.

“Really?” Chen Ping smiled faintly and slowly exhaled a puff of smoke: “I will spare your life and let you watch me destroy the Demon Heart Sect with your own eyes. I know that you are very unconvinced in your heart. I will let you You are convinced!”

“No matter what special physique you have, you will never be able to defeat me, never...”

After Chen Ping finished speaking, he threw away the cigarette butt in his hand, turned around and walked out!

Ning Zhi quietly looked at the cigarette butt in his hand, lost in thought...

Early the next morning, Chen Ping ordered Long Xingxu to escort Ning Zhi to the entrance of the Demon Heart Sect’s secret realm!

Chen Ping, Hu Mazi and Zhou Jie also rushed over!

Zhou Jie stepped forward and waved her palms gently, and the entrance to the secret realm appeared. However, there was still a spell, so they could not enter the secret realm!

“Go and open the entrance to this secret realm...”

Chen Ping said to Ning Zhi.

“I told you, I can’t open it, and I don’t know the spell at all. I’m just a chess piece.”

Chapter: 3355

Ning Zhi shook his head!

“Go and open...” Chen Ping continued as if he didn’t hear Ning Zhi.

“I can’t open it, I...”

Ning Zhi still wanted to explain, but Chen Ping gently patted Ning Zhi’s shoulder with one hand, and a burst of spiritual power suddenly penetrated Ning Zhi’s body!

Soon, Ning Zhi felt the pain of thousands of ants eating his heart, and his whole face became ferocious!

The severe pain made Ning Zhi scream miserably!

He wanted to die because this torture was more painful than death!

It's a pity that he can't die and can only bear this pain!

"Go and open the entrance, I'll let you go..."

Chen Ping looked down at Ning Zhi and said with indifferent eyes.

"I...I really don't know, really..."

"Kill me, kill me..."

Ning Zhi begged Chen Ping!

"I won't kill you, I want you to witness and see if I can destroy the Demonic Heart Sect."

Chen Ping said coldly.

Everyone looked at Ning Zhi wailing in pain, and no one sympathized!

At this moment, there was a sudden fluctuation at the entrance to the secret realm, and then a figure appeared in front of everyone!

"Master Demon, Master Demon, save me..."

After Ning Zhi saw the figure, he seemed to see hope and desperately called for help!

But the demon didn't seem to see Ning Zhi, but looked at Chen Ping coldly, and said with an extremely domineering aura: "Chen Ping, let him go, otherwise your girlfriend will be in danger."

"You can let me release him, but you have to release my girlfriend first..."

Chen Ping said to the demon envoy.

"Are you bargaining with me? Do you have the qualifications?"

"This Ning Zhi is just a little guy. We, the Demon Heart Sect, don't care at all. And don't forget, your girlfriend is still in our hands."

Chapter: 3356

As he said that, the devil waved his hand lightly, and a scene quickly appeared in the void, which was the imprisoned Su Yuqi!

After seeing Su Yuqi, Chen Ping's eyes suddenly turned scarlet, his fists were clenched, and his teeth were clenching!

Chen Ping put a hand on Ning Zhi's head and stared at the demon envoy: "Let my girlfriend go, or I will kill him now..."

The Demon Envoy had a sneer on his face: "You can take action now. He is a waste now and is of no use to our Demon Heart Sect..."

"But your girlfriend is extremely important to you..."

After saying that, in the picture in front of me, I saw a guy wrapped in a black robe, holding a whip in his hand, and he kept beating Su Yuqi's body!

Although there was no sound, you could clearly see Su Yuqi's painful expression!

Seeing Su Yuqi being tortured like this right in front of him, Chen Ping's body was trembling, and tears of blood flowed from his eyes!

The terrifying murderous aura on Chen Ping's body rose up in an instant, and the permeating murderous aura continued to spread, covering half of the city of Kyoto!

Countless martial arts families ran out of their homes, with horror in their eyes, because they had never felt this kind of murderous aura!

In the Guardian Pavilion, Mr. Shi frowned slightly and forgot to glance at the direction of the martial arts alliance: "This Chen Ping, when will he be more stable? If this continues, it will be easy for others to take advantage of him."

"Mr. Shi, you are so worried about Chen Ping, why don't you go and help him?"

Xing Jun asked in confusion.

He stayed by Mr. Shi's side and often saw Mr. Shi worrying about Chen Ping's affairs. He didn't understand that with Mr. Shi's strength, he should be able to help Chen Ping solve it easily.

"I can help him for a while, but I can't help him forever. He needs to walk all the roads by himself. This is his fate. It was destined from the moment he was born..."

Mr. Shi sighed softly, then turned and returned to the room.

At this time, Chen Ping faced the demon envoy with a ferocious look on his face, as if he was crazy.

"I, your grandma, will not kill you until I kill you, and I swear that I will not be a human being..."

Chen Ping said word by word, and he rushed towards the demon envoy like a cannonball!

boom.....

Chen Ping hit the demon envoy's body hard, but penetrated directly through it. It turned out that this was just a shadow of the demon envoy, not the real body!

Chen Ping's blow directly smashed the demon's shadow into pieces!

"Hahaha, Chen Ping, let me tell you, if you dare to kill Ning Zhi, the torture your girlfriend will suffer will be more than just whipping..."

The demonic shadow disappeared, leaving only a cold voice!

Chapter: 3357

Chen Ping's anger reached its peak at this time, but there was nothing he could do. He wanted to go on a killing spree!

But if you can't even enter the secret realm, why go on a killing spree?

"Chen Ping, you can't lose your mind at this time. Obviously that old guy is deliberately irritating you!"

Seeing that Chen Ping's eyes were scarlet, and he seemed to be showing signs of demonic transformation, Hu Mazi hurriedly stepped forward to persuade Chen Ping!

"Brother Chen Ping, you have to calm down..."

Long Xingxu also hurriedly stepped forward to persuade Chen Ping.

At this time, Chen Ping's mood slowly calmed down, and the scarlet color in his eyes had receded!

Looking at the entrance to the secret realm in front of him, but it couldn't be opened, Chen Ping could only sigh, turned around and said, "Let's go back..."

Chen Ping walked up to Ning Zhi and kicked Ning Zhi hard!

Then everyone returned to Longmen!

Chen Ping knew that Ning Zhi should be very important to the Demon Heart Sect, otherwise the demon envoy would not show up, and it would be impossible to threaten him with Su Yuqi!

Although they kept saying that Ning Zhi was not important, they repeatedly warned themselves that they could not kill Ning Zhi!

Even if the Demon Heart Sect doesn't warn, Chen Ping will not kill Ning Zhi. He will let Ning Zhi watch him destroy the Demon Heart Sect with his own eyes, and let his psychology collapse little by little...

"Chen Ping, don't be discouraged. Don't we have other ways? When the master of Bailian Pavilion comes out of seclusion, I will accompany you to Bailian Pavilion and get the secret order from that day!"

Hu Mazi was afraid that Chen Ping would be worried, so he patted his shoulder to comfort him.

"Master Hu, I am not easily defeated, don't worry..."

Chen Ping forced out a smile and said!

In the next few days, Chen Ping never left Longmen. He practiced every day and planned the days.

Now only Bailian Pavilion's Tianji Token can allow him to open the entrance to the secret realm of Demonic Heart Sect!

On this day, Chen Ping was practicing cross-legged as usual, and Long Xingxu opened the door and walked in.

“Brother Chen Ping, the head of the Ge family is here...”

Long Xingxu said to Chen Ping.

“Please come in quickly...”

Chen Ping stood up quickly. During this period, Chen Ping did not contact the Ge family. It seemed that Ge Fuhai came here because he had something to do with him.

Chapter: 3358

“Mr. Chen...”

Ge Fuhai walked in and shouted respectfully to Chen Ping!

“Master Ge, do you have anything to do with me?”

Chen Ping asked.

“Mr. Chen, it’s the clan elder who is looking for you, saying that he wants to discuss something with you.”

Ge Fuhai said.

Upon hearing this, Chen Ping nodded: “Okay, let’s leave now!”

When following Ge Fuhai to the Ge family’s land, Chen Ping asked: “Master Ge, didn’t Mr. Ge tell you what happened?”

Ge Fuhai shook his head, “No, but the clan elder’s expression doesn’t seem to be good, and the atmosphere in the secret realm has become a lot more tense recently.”

With that said, the two people arrived at the entrance to the secret realm. Ge Fuhai muttered words, and with a wave of his hand, a door of light appeared!

After Chen Ping followed Ge Fuhai in, the light door disappeared instantly!

When Chen Ping arrived at the Ge family’s land, it was still the same place, with no changes, but there was a hint of chilling in the air!

When the guards at the door saw Chen Ping, they all bowed respectfully and opened the door!

Entering the main hall, Ge Cangsheng saw Chen Ping coming, and hurriedly stepped forward and knelt down directly: “Greetings to the master of the hall...”

“Elder Ge clan, you don’t need to pay such a big courtesy. Don’t call me the master of the palace in the future. I don’t want others to know...”

Although Chen Ping is the master of the Tianlong Palace, Chen Ping is still a little uncomfortable with such a grand ceremony!

“Yuhan, come and say thank you...”

Ge Cangsheng shouted.

Soon, Ge Yuhan came quickly and saluted Chen Ping: “Yuhan thanked Mr. Chen...”

Chen Ping nodded slightly. Seeing that Ge Yuhan had completely recovered, Chen Ping was also very happy.

“Actually, I didn’t do anything. If Senior Blood Demon hadn’t taken action, I’m afraid Miss Ge wouldn’t have been able to recover!”

Chen Ping felt that he deserved it. After all, Ge Yuhan had recovered, so it had nothing to do with following him!

“Mr. Chen, Fuhai has already told me about the incident on Penglai Island. If it weren’t for Mr. Chen, how could the Blood Demon take action?”

Ge Cangsheng looked grateful to Chen Ping.

Chapter: 3359

“Elder Ge Clan, I didn’t know why you came to me for something?”

Chen Ping didn’t want to be polite and just talked about something. After all, he was very busy now and was going to Bailian Pavilion in a few days!

Ge Cangsheng looked around and then said: “Fuhai, Yuhan, you all go out, I will discuss something with Mr. Chen...”

Soon, Ge Fuhai and Ge Yuhan left, leaving only Ge Cangsheng and Chen Ping in the entire hall!

“Mr. Chen, did you notice any changes in the secret realm when you came here?”

Ge Cangsheng asked.

Chen Ping nodded: “Yes, I can feel it. Although the environment has not changed, there is an added chill in the air!”

“Hey, it’s in chaos, it’s all in chaos, now the eight secret realms are in chaos...”

“Originally, all the sects and families in the eight secret realms lived in peace and harmony!”

“Because all the sect families know that the day when the spiritual energy revives will be the day of real turmoil!”

“Every sect family is silently preserving its strength, and no one fights.”

“But Penglai Island’s spiritual energy recovery failed. No one knows when the next spiritual energy recovery will be. All the many sects and families couldn’t help it and began to compete for the resources in the secret realm.”

“In just a few days, several sects and aristocratic families have disappeared due to fighting in our Fire Sect Secret Realm alone.”

Ge Cangsheng sighed heavily, his expression full of helplessness!

“Did the Ge family suffer any losses?”

Chen Ping asked with concern.

Ge Cangsheng shook his head: “Not yet, because we have formed an alliance with Tianluo Tower, and no sect family has targeted us yet.”

“But I believe it won’t last long. The Secret Realm Conference has been canceled for many years and will be restarted next month.”

“At that time, many people will definitely die due to resource allocation and conflicts of interest, and battles between major secret realms will also reappear.”

When Chen Ping heard this, he frowned slightly. He prevented the spiritual energy from reviving in order to prevent the world from being devastated!

But who knew that after the spiritual energy recovery was blocked, the world of immortal cultivation in the secret realm would fall into turmoil!

“Elder Ge Clan, what is the Secret Realm Conference about?”

Chen Ping asked puzzledly.

“Many years ago, the eight secret realms held a secret realm conference every year. Each secret realm would select representatives to participate in order to compete for and allocate resources from other secret realms!”

Chapter: 3360

“The winner of the Secret Realm Conference is eligible to go to the other secret realms of the losing party to select resources. However, with the rumors of spiritual energy recovery, the Secret Realm Conference has been terminated!”

“All the sects and families are actively preserving their strength and waiting for the spiritual energy to revive...”

“But now the spiritual energy recovery has come to nothing, and all secret realm conferences have been restarted.”

Ge Cangsheng explained.

“Where will the Secret Realm Conference be held? After all, the venue will definitely have an advantage.”

Chen Ping asked.

“The venue will not be these eight secret realms, but will be held in an unowned secret realm. The unowned secret realm has poor resources and no one is willing to occupy it, so it became the venue for the conference!”

“In this way, it is fair to every secret realm.”

Ge Cangsheng said.

“Then the Ge clan came to me. What do you want me to do?”

Chen Ping was puzzled. After all, with Chen Ping’s current strength, he was not qualified to participate in a battle like this in a secret realm conference!

Although Chen Ping is already invincible in the secular world, in the secret realm, that doesn’t count!

You must know that there are as many martial saints as dogs in the secret realm, and there are countless martial saints from the Ge family alone.

For example, Ge Yuhan is only in his twenties and has already reached the strength of a martial saint!

“Mr. Chen, I came to you because I want you to participate in the secret realm conference...”

Before Ge Cangsheng finished speaking, Chen Ping quickly waved his hand and said: “Forget it, don’t be joking. With my current strength, if I go to the Secret Realm Conference, wouldn’t I be asking for humiliation?”

“Mr. Chen, I invite you to the Secret Realm Conference not to ask you to compete, but to familiarize you with the eight secret realms.”

“There is another more important reason, that is, many families in the Eight Secret Realms have begun to collude with the Demonic Heart Sect!”

“There is no hope of spiritual energy recovery. These families are preparing to collude with the Demon Heart Sect and use the Demon Heart Sect to not be suppressed by the laws of heaven and earth, and want to occupy the entire secular world.”

“And I also heard that they are looking for something, which is a place where spiritual energy can be artificially resurrected.”

Ge Cangsheng said slowly.

“Artificially controlled spiritual energy recovery?” Chen Ping looked a little surprised!

But from this point of view, the Demonic Heart Sect is really stronger than I thought. If there are more families in the secret realm that cooperate with the Demonic Heart Sect, it will probably be even harder for me to completely eliminate the Demonic Heart Sect!

“Elder Ge Clan, when will the secret realm conference be held? I need to arrange the time!”
