

The Order 3471

Chapter: 3471

Shi Qingpei looked at the scene in front of him in shock, his mouth opened wide: “Is this, is this a duel between the gods of war?”

Jue Yuan looked at this scene with shock on his face. Although he had been promoted to the God of War, with his strength, if he joined this battle, he would be reduced to ashes in an instant!

Liu Rui looked nervous, clenched her fists, and stared at the two fighting men!

She knows that Liu Xing’s strength is not as good as that of Tong Yougong. You must know that the stronger the strength, the gap in each small realm is an insurmountable gap!

The realm above the Martial God will become increasingly difficult!

Bang.....

There was a deafening sound, and a figure flew backwards quickly.

Then it hit a boulder not far away that was more than ten meters tall, and instantly smashed the boulder into powder!

This kind of power can be imagined...

“Senior brother.....”

Upon seeing this, Liu Rui hurried over and helped Liu Xing up.

Liu Xing's face was pale at the moment, and he was obviously hurt, but there was still a look of arrogance in his eyes, and he was very dissatisfied!

“What? You don't accept it?”

Tong Yougong smiled coldly.

“Tong Yougong, sooner or later I will surpass you...”

Liu Xing gritted his teeth and said.

“Stop talking nonsense, you can get out now, the body is mine!”

After Tong Yougong finished speaking, he waved his hands to his men, and two members of the Tianlei Sect jumped into the pit instantly, intending to lift Chen Ping's body up!

“Senior brother, let's go, go back and follow Master and explain it carefully!”

Liu Rui called Liu Xing to leave!

But at this moment, the entire peak suddenly shook, and then golden light burst out in the pit, and terrifying auras emanated from the pit.

The two members of the Sky Thunder Sect who originally jumped into the pit were all knocked out of the pit by a huge force!

“what happened?”

Tong Yougong frowned slightly.

Chapter: 3472

“Master, that...that person is not dead...”

One of the Tianlei Sect members said.

When Liu Xing and Liu Rui heard that Chen Ping was not dead, they all stopped and looked into the pit in disbelief!

As the aura in the pit continued to surge, the golden light grew stronger and stronger.

Chen Ping’s body slowly floated up from the pit!

At this time, Chen Ping was wrapped in golden light, holding a dragon-slaying sword, standing solemnly, like a golden-armored war god!

“This...how is this possible?”

Jue Yuan looked at Chen Ping in shock, his face full of disbelief!

The power of the Twelve Buddhas could not kill Chen Ping, a fifth-grade martial saint!

This is incredible.

And now it seems that Chen Ping’s aura seems to be much stronger!

“The eighth-grade Martial Saint is still a little bit behind...”

Chen Ping felt the power of his body, and a trace of loss flashed in his eyes!

He thought that with the power of these beliefs and the strength of enlightenment he absorbed, he could break through to the God of War!

It seems that as his strength becomes higher and higher, the resources Chen Ping needs to improve his cultivation will become more and more huge!

But even with the strength of an eighth-grade Martial Saint, facing a fifth-grade Martial God, Chen Ping was not weak at all!

This is the special point of his Heart Condensation Technique, although the resources needed to improve his cultivation are several times that of others!

But with the same level of cultivation, Chen Ping will be invincible!

Chen Ping glanced at Tong Yougong, Liu Xing and others, and then set his sights on Jue Yuan!

Just at this glance, Jue Yuan's body shook unconsciously!

"Old bald donkey, you didn't expect me to be alive, did you?"

Chen Ping sneered.

"Hmph, what can you do if you are alive? If I can smash you once, I can smash you a second time..."

After saying that, the aura on Jue Yuan's body exploded, and he chanted a spell in his mouth!

Chapter: 3473

The Buddha beads flashed with light!

The Buddha statue that originally stood motionless is now moving again!

The Twelve Buddhas slowly approached Chen Ping!

Looking at the twelve Buddhas in front of him, Chen Ping sneered again and again, and slowly raised the dragon-slaying sword in his hand!

A golden dragon hovered over the Dragon-Slaying Sword, and then Chen Ping swung the Dragon-Slaying Sword in his hand!

Accompanied by a dragon roar!

Countless rays of terrifying sword energy shot out in all directions instantly!

These sword energy instantly penetrated the bodies of the twelve Buddhas.

boom.....

With the sound of explosions, all twelve Buddhas were blown into powder!

There was no sign of Kuzen Temple on the entire mountain peak, and the last twelve Buddha statues were reduced to ashes!

When he saw the scene, he was suddenly startled, and his face became extremely ugly!

You must know that these twelve Buddhas are the killers of his Kuchan Temple, but they don't want to be destroyed by Chen Ping with just one sword!

Even Liu Xing and Tong Yougong on the side frowned slightly when they saw this!

With their ability, it is not difficult to defeat the twelve Buddhas, but it seems that Chen Ping is just a martial saint. This kind of strength can actually defeat the twelve Buddhas in Kuchan Temple. That is simply incredible. !

“Besides these twelve Buddha statues, do you have any other skills?”

Chen Ping looked at Jue Yuan coldly and asked.

“I.....”

Jue Yuan opened his mouth, but he didn't know what to say!

Now this is his killer weapon. Even the killer weapon was easily destroyed by Chen Ping. How can he have any other means!

What's more, all his believers are dead, and he doesn't even have a place to absorb the power of faith!

“I think we must have a misunderstanding. The person you are looking for is him and has nothing to do with me...”

Jue Yuan directly pushed Shi Qingpei in front of Chen Ping, and then continued: “There is also Shi Yan, who was beaten to the last breath by me. If you want revenge, you have to go to them...”

“Elder brother, you...”

Chapter: 3474

Shi Qingpei looked at Jue Yuan in disbelief!

“Shut up, who is your senior brother? You have to deal with your own affairs. It's all because of you. Now my Kuzen Temple is destroyed!”

Seeing that he could not defeat Chen Ping, Jue Yuan planned to stop caring about Shi Qingpei!

“Elder brother, how could you do this? You went to Longmen to kill people and injured others, but it was all your fault...”

Seeing that Jue Yuan wanted to ignore him, Shi Qingpei said anxiously.

“Shut up. If it weren’t for you, why would I go to Kyoto to cause trouble in Longmen...”

Jue Yuan gave Shi Qingpei a hard look!

Seeing the two senior brothers actually biting each other, Chen Ping’s face condensed slightly and he said: “You two, stop biting each other, you are both going to die today...”

After Chen Ping finished speaking, the Dragon-Slaying Sword in his hand instantly shot out a sword light!

Realizing the situation, he jumped up, but Shi Qingpei couldn’t escape, and was directly penetrated by the sword light, and his body was cut into two pieces!

Looking at the two pieces of Shi Qingpei’s body, Jue Yuan suddenly broke out in cold sweat on his forehead. He jumped up and rushed down the mountain, planning to escape!

But how could Chen Ping almost escape for him!

Almost at the same time, Chen Ping rushed out.

He stopped in front of Jue Yuan in an instant, and then looked at Jue Yuan with a murderous look!

Realizing the situation, he knew that he could not escape. He quickly turned back to Liu Xing and Tong Yougong and said: “Master Liu, Master Tong, please help me. If any of you can save me, I am willing to be a cow and a horse for the rest of my life.” ...”

Liu Xing didn't say anything, but Tong Yougong laughed and said: "Jueyuan, you are just a new Martial God. Even if you work for our Tianlei Sect, we still don't like you. You are still wasting resources..."

When Jue Yuan heard this, he was furious, but there was nothing he could do. He couldn't handle Chen Ping. He didn't dare to offend Tong Yougong!

"Boy, since you are pressing forward every step of the way, don't blame me for dying with you..."

Say it, Jue Yuan suddenly crushed the Buddha beads in his hand, and rays of Buddha light slowly rose from the beads!

Looking at the rays of Buddha's light, Jue Yuan kept chanting scriptures in his mouth, and blood began to slowly seep out from his forehead!

"You want to burn blood essence?" When Chen Ping saw this, he knew that Jue Yuan wanted to burn blood essence and fought hard with him!

However, Chen Ping would not give him this opportunity. If Jue Yuan's essence and blood were burned, Chen Ping would no longer be able to absorb his strength.

Chen Ping suddenly grabbed Jue Yuan with a claw, and a ray of Buddha's light shot out, hitting Chen Ping's hand hard to stop Chen Ping!

However, Chen Ping didn't pause at all, and directly grabbed Jue Yuan's head. He activated the Heart Condensation Technique, and the huge suction force instantly began to absorb Jue Yuan's strength!

Chapter: 3475

The slowly rising rays of Buddha's light were all shooting towards Chen Ping at this moment!

But Chen Ping was indifferent and didn't even blink!

When these Buddha lights hit Chen Ping, it's like scratching an itch!

Jue Yuan's eyes widened and he looked at Chen Ping in horror. In the end, in fear, Chen Ping sucked all his strength away and turned him into a mummy!

Everyone who saw this scene frowned tightly!

Especially Liu Xing, with murderous intent flashing in his eyes.

"This kid turns out to be an evil cultivator. No wonder he is so powerful in the martial saint realm..."

Liu Xing said through gritted teeth.

It can be seen that Liu Xing hates the evil cultivator deeply, and Liu Rui also has a cold face at this time, staring at Chen Ping!

I don't know what the Chunyang Sect has to do with following the evil cultivator!

Let the two of them hate each other so much!

On the other hand, Tong Yougong frowned slightly, with a somewhat complicated expression in his eyes. Chen Ping absorbed Jue Yuan's strength. This situation exceeded his expectations!

At this time, Chen Ping felt the eyes from several people, but he did not look at them, but turned around and left!

Because Chen Ping could tell that although these people were young, they were very powerful, and each of them was in the realm of a martial god!

They have entered the realm of martial gods at such an age, and are still unknown in the martial arts world. Chen Ping does not know them at all, which means that these people must be from the hidden sect!

Now Chen Ping doesn't know much about the Hidden World Sect, so he doesn't want to provoke them!

"stop....."

But just when Chen Ping was about to leave, Tong Yougong spoke!

Then several men brought by Tong Yougong immediately surrounded Chen Ping!

"what are you up to?"

Chen Ping looked at Tong Yougong and asked.

"It's nothing, I just want to make friends with you. Did you just absorb the strength of that old bald donkey Jueyuan, did you use evil cultivation techniques?"

Tong Yougong asked Chen Ping with a smile.

"No comment..."

Chapter: 3476

Chen Ping looked at Tong Yougong warily and said.

"Hahaha, don't be nervous. Even if you use evil cultivation techniques, so what. Cultivation is to increase your strength. You can do whatever it takes. As long as you have the strength, who cares what techniques you use."

Tong Yougong laughed, stepped forward and patted Chen Ping on the shoulder, as if he was deliberately trying to get closer to Chen Ping!

But Chen Ping dodged lightly and avoided Tong Yougong!

Tong Yougong was stunned for a moment, but he was not angry. Instead, he continued: "I admire you very much. You can go back to Tianlei Sect with me. A talent like yours will not develop at all if you go it alone. ."

"Tian Lei Sect?" Chen Ping frowned!

He had never heard of any Tianlei sect in the martial arts world.

Seeing Chen Ping's expression, Tong Yougong smiled and said: "You have never heard of our Tianlei Sect, but I believe you must know the Hidden World Sect. Your current ability is considered one of the best in the martial arts world. I think many people are. Look at that horse's lead..."

"But the strength of a martial saint like you is only the worst disciple in our Tianlei Sect. Look at them, which realm is not higher than yours?"

Tong Yougong pointed at the Tianlei sect disciples surrounding Chen Ping and said.

The strength of these Tianlei Sect disciples is indeed not low. The worst ones are at the peak of the Martial Saint, and even higher than Chen Ping!

"But you don't have to be discouraged. You relied on the strength of the Martial Saint to kill Jue Yuan, an old bald donkey who had just been promoted to the Martial God. This proves that you are very capable. Our Tianlei Sect welcomes talented people like you!"

Tong Yougong is constantly extending olive branches to Chen Ping!

"I'm sorry, I have other things to do, and I don't want to join the Sky Thunder Sect..."

Chen Ping shook his head, turned around and wanted to leave!

However, several disciples of the Tianlei Sect blocked the way and had no intention of letting Chen Ping leave!

“It’s not a matter of whether you think about it or not, because no one can refuse our Tianlei Sect. I’m not discussing with you, it’s an order...”

Tong Yougong said very domineeringly.

Chen Ping frowned: “What if I insist not to go with you?”

“Then I’ll break your legs and carry you away...”

Tong Yougong said without hesitation.

“Just because you don’t have that ability...”

Chen Ping’s eyes narrowed, and bursts of fighting spirit exuded from his body!

“Hahaha...hahaha...”

Chapter: 3477

“You, a frog in a well, don’t think that just because you killed a Jue Yuan, you feel invincible?”

“That Jue is no better than the new Martial God. He doesn’t even have ten percent of the power of a real Martial God. Today I will let you see what the power of a Martial God is...”

After speaking, Tong Yougong slowly raised his arm. With this slight lift, a powerful aura burst out instantly.

The terrifying aura rolled toward Chen Ping like ocean waves, rushing endlessly...

Chen Ping suddenly felt as if the air around him was condensing, and even the void seemed to be twisting and deforming!

Chen Ping's expression changed slightly, as if there were several mountains pressing on Chen Ping!

Plop.....

Chen Ping gritted his teeth and knelt on one knee. The bones on his body were making rattling sounds, and the skin on his body turned blood red. The huge pressure caused the blood to begin to penetrate the skin!

Chen Ping's breathing became rapid, and the cold sweat on his forehead continued to fall!

Seeing Chen Ping like this, Tong Yougong raised the corners of his mouth slightly, his eyes full of disdain!

A Martial Saint is a Martial Saint. No matter how talented he is, there is no way he can fight against a real Martial God!

"Remember, I don't care how high your status is in the martial arts world or how famous you are, but in the eyes of our Hidden World Sect, you are all trash..."

Tong Yougong said with contempt in his eyes.

Chen Ping didn't say a word, lowered his head, cold sweat dripping down!

"How about it? Do you want to follow me obediently, or do you want me to break your legs?"

"Second choice, you can choose..."

Tong Yougong said to Chen Ping.

“What if I don’t choose anything...”

Chen Ping suddenly raised his head, and then a powerful breath burst out from Chen Ping’s body!

Tong Yougong was stunned. He didn’t expect that Chen Ping could still emit such a powerful aura under his suppression!

But just as he was stunned, Chen Ping had already punched a Holy Light Fist, severely knocking away a disciple of the Tianlei Sect. His whole body was like lightning, rushing down the mountain!

Just now, Chen Ping was deliberately showing weakness to let Tong Yougong relax his vigilance, and then find an opportunity to escape!

Although Chen Ping is not afraid of fighting with Tong Yougong, Tong Yougong also brings several disciples of the Tianlei Sect. If these people come together, Chen Ping may not be his opponent.

What’s more, Liu Xing and Liu Rui were looking at him with murderous intent. Chen Ping didn’t know what these two people were doing, so he could only look for opportunities to escape!

Chapter: 3478

“Damn, chase after me...”

Tong Yougong shouted angrily and started chasing Chen Ping with his men!

“Brother, what should we do?”

Liu Rui asked Liu Xing.

“We are also chasing him. We cannot let the Tianlei Sect take this guy away. This guy is an evil cultivator. If he is taken away by the Tianlei Sect, the Tianlei Sect will definitely take advantage of him.”

“We cannot allow evil cultivators to resurgence...”

After Liu Xing said that, he flew directly with his sword and chased Chen Ping!

Chen Ping, on the other hand, was filled with anger, his spiritual power condensed on his feet, and he ran forward as fast as lightning!

Chen Ping was fast, but Tong Yougong was not slow either, and he quickly caught up with Chen Ping!

“Boy, the person who is favored by my Tianlei Sect is your destiny. Why are you running away?”

“As long as you are obedient, I, the Tianlei Sect, will never make things difficult for you.”

Tong Yougong persuaded Chen Ping from behind!

The reason why he took Chen Ping away was to study Chen Ping and to know what method Chen Ping used to attract such a huge power of faith!

There is also the evil cultivation technique practiced by Chen Ping, which can absorb the strength of others to improve himself. This kind of technique is also what Tong Yougong wants!

“I told you, I don’t care at all.”

Chen Ping ran forward with all his strength, not believing what Tong Yougong said!

“Hmph, as a Martial God, it would be a joke if a little Martial Saint like you escaped.”

After Tong Yougong finished speaking, he jumped suddenly and landed directly in front of Chen Ping, blocking Chen Ping’s way.

When Chen Ping saw this, he could only stop and look at Tong Yougong warily!

At this moment, the other disciples of the Tianlei Sect also caught up and surrounded Chen Ping!

Chen Ping glanced at it and knew that it would be difficult for him to escape today, so he said coldly: "As a hidden sect, do you, the Tianlei Sect, bully the minority with more people?"

"If you have the guts, we can fight alone."

Chen Ping knew that he could not escape and had only one battle, so he wanted to stimulate Tong Yougong and let him fight with him alone!

If Tianlei sends these people together, Chen Ping has no chance of winning!

Chapter: 3479

"Hmph, there's no need to bully the minority when dealing with you. I'm enough on my own."

Tong Yougong snorted coldly, and then said to his men: "You all stand down and let me subdue this kid."

The disciples of the Tianlei Sect all nodded, and then stepped aside. Upon seeing this, Chen Ping directly used the Dragon Slaying Sword, activated the Indestructible Golden Body, and exerted his aura to the extreme!

The dragon-slaying sword kept buzzing, a shadow appeared, and the sword spirit was summoned by Chen Ping!

Facing Tong Yougong, Chen Ping knew that he had to go all out. It would be best if he could defeat the enemy with one move!

Tong Yougong looked at the Dragon-Slaying Sword in Chen Ping's hand, his eyes full of greed.

“You are not very strong, but you have a lot of treasures, but these treasures will soon be mine.”

After saying that, Tong Yougong suddenly rushed towards Chen Ping, reaching extremely fast speed.

Chen Ping only felt the figure flicker, and Tong Yougong had arrived in front of him, the speed was staggering.

Chen Ping instinctively swung his sword, and bursts of dragon roars sounded, and the terrifying sword light shot out instantly!

Facing Chen Ping’s sword light, Tong Yougong did not dodge, but kicked out quickly!

With this kick, a ball of condensed energy was seen, like a cannonball, which collided with the sword light fiercely!

boom!

There was a violent explosion, and the scattered aftermath instantly stirred up waves of rubble!

Chen Ping, on the other hand, took a few steps back, his hand holding the Dragon Sword trembling slightly!

Tong Yougong fell in front of Chen Ping with a sneer on his lips!

Chen Ping frowned slightly. He was now holding the Dragon-Slaying Sword and even sacrificed the sword spirit. He was actually at a disadvantage. This shows that Tong Yougong’s strength is truly amazing!

“Today I will let you see the true strength of the God of War...”

After saying that, Tong Yougong's body jumped up again, his feet turned into afterimages, and countless energy was like cannonballs, roaring towards Chen Ping!

"Nine Shadows Sword Technique..."

Chen Ping looked at the sky full of energy and waved the dragon-slaying sword in his hand. Countless sword shadows were emitting golden light all over the sky!

One way, two ways, three ways...

Six figures of Chen Ping appeared, each figure exuding a terrifying aura. The six figures waved their swords at the same time, blocking the overwhelming energy!

Boom boom boom.....

Chapter: 3480

The void trembled, explosions continued, and the heaven and earth seemed to tremble at this moment!

Halfway up the mountainside, rocks flew everywhere, and this terrifying force suddenly caused the mountainside to collapse into a deep pit!

In almost the blink of an eye, Tong Yougong kicked out countless kicks!

And Chen Ping also relied on the Nine Shadows Sword Technique to wield countless sword lights!

The sword light and energy collided in mid-air, causing an explosion!

When Liu Xing, who was not far away, saw this scene, his face became a little ugly!

“I didn’t expect that this kid, relying on the strength of the Martial Saint, could fight with Tong Yougong so fiercely...”

Liu Xing did not expect that Chen Ping, a martial arts saint, could still fight with Tong Yougong!

In his opinion, as long as Tong Yougong really makes a move, Chen Ping might not be able to catch a single move!

But now, looking at the fight between the two, Chen Ping’s strength is not inferior to his own.

The battle between Liu Xing and Tong Yougong was not so fierce, and after only a few moves, Liu Xing was defeated!

“This guy’s swordsmanship is so strange. Those figures don’t look like illusions. Every figure actually carries an aura.”

Liu Rui looked at the Nine Shadows Sword Technique used by Chen Ping and asked strangely.

“This kid is a little strange. I don’t know how he has such strength at such a young age.”

“And the sword in his hand is obviously not a mortal thing. The sword spirit has awakened.”

“I really don’t know, when did such a person appear in the martial arts world?”

Liu Xing also felt very strange.

“Senior brother, is it possible that this person came out of the secret realm?”

Liu Rui asked.

“Impossible. Although there are many masters in the secret realm, the secular world where they come from cannot display their true strength at all. The secular world suppresses them.”

“Otherwise, do you think we, the reclusive martial arts families, would still have such a relaxing and comfortable training environment?”

“Many resources have been robbed by those families in the secret realm long ago, and you and I will not be able to practice so fast.”

Liu Xing shook his head and said.

“Master said that we are on an equal footing with those families in the secret realm. In the end, we will return by a different path and we will embark on a path of cultivation.”
