

## **The Order 3521**

Chapter: 3521

“Don’t worry, Sect Leader Bao. If the Rebirth Spring is as magical as the legend says and can save my brother’s life, I will definitely not treat him badly.”

“Whatever resources Sect Master Bao wants, I will satisfy Sect Master Bao even if I give everything I have.”

Chen Ping knew that this Bao Yukun just wanted to exchange resources!

“Hahaha, so happy, I will take you to see the Rebirth Spring now!”

“As long as your friend is still breathing, throw him into the spring water and soak him for seven or forty-nine days. I’m sure he will come out alive and kicking!”

Bao Yukun said very happily when he saw that Chen Ping spoke so generously!

Chen Ping and Yue Buqun, then led by Bao Yukun, headed towards the Rebirth Spring!

This regeneration spring is located at the foot of the Kunlun Mountains!

The spring water emerges from the depths of the mountains all year round, because many sects have fought for the Rebirth Spring, and many battles have taken place!

Countless people were killed and injured, but no one completely occupied the Rebirth Fountain!

Later, with the consensus of the three sects and six sects, the Rebirth Spring was counted as a resource of the entire hidden world. Each sect managed it for one year. During this year, the sect under management had the right to use it!

Chen Ping and the other three walked with great speed, and they reached the foot of the Kunlun Mountains in less than half an hour!

“Ahead is the Rebirth Fountain...”

Bao Yukun pointed to the cloud-shrouded place in front and said.

Chen Ping looked at the Rebirth Spring in front of him. The aura of this place was much better than other places!

But just as Chen Ping was walking towards the Rebirth Spring, several guards suddenly jumped out from both sides and stopped Chen Ping instantly!

“I brought him here, let him go...”

At this time, Bao Yukun slowly said!

When several guards saw Bao Yukun, they all saluted and then stepped aside!

Chen Ping walked to the Rebirth Spring and looked at the clear spring water. There were many fish swimming in it!

Then Chen Ping put his hand into the spring water, wanting to feel what was different about this rebirth spring!

But Chen Ping put his hand in the spring water and felt it, but found nothing strange. Except that the spiritual energy was stronger than other places, everything else was normal!

Looking at the slowly flowing spring water, Chen Ping wondered if this rebirth spring was a lie.

How could this seemingly ordinary spring water make a person with broken muscles and bones recover again?

Chapter: 3522

Seemingly sensing Chen Ping's doubts, Bao Yukun smiled lightly and said, "Do you think this spring water is very ordinary?"

Chen Ping nodded, but did not speak!

Bao Yukun smiled, suddenly stretched out his hand, grabbed the water from the void, and directly caught a fish. The fish kept struggling in Bao Yukun's hand!

I saw Bao Yukun bite the fish hard and tear off a large piece of fish meat!

This scene made Chen Ping stunned and looked at Bao Yukun in disbelief!

This guy actually eats fish raw and is so cruel. How can he look like a pharmacist who heals diseases and people!

But Yue Buqun seemed not to be surprised, looking at Chen Ping with a faint smile on his face!

After Bao Yukun tore off a piece of fish meat, he casually threw the fish into the water again!

Although a large piece of meat is missing from the fish, it can still swim continuously in the water!

Chen Ping looked surprised and didn't understand what Bao Yukun wanted to express.

Did he just want to show himself how cruel he was?

"Brother Chen, look carefully at the fish in the water..."

At this time, Yue Buqun reminded in a low voice!

Chen Ping then turned his attention to the fish and saw that the fish was swimming in the water, and the piece of meat that had been bitten off was recovering at a speed visible to the naked eye!

In just ten minutes, the fish returned to its original appearance, with its body intact!

Looking at the scene in front of him, Chen Ping's face was full of disbelief!

"How about it, do you believe in the power of this spring water now?"

Bao Yukun looked at Chen Ping's incredible look and said with a hint of disdain.

Chen Ping did not speak, but put his hand into the spring water again, closed his eyes slightly, slowed down his breathing, and concentrated all his mental energy into the spring water!

Chen Ping's consciousness also seemed to turn into a pool of spring water, constantly flowing everywhere!

Soon, Chen Ping opened his eyes and frowned slightly!

Seeing Chen Ping like that, Yue Buqun quickly asked: "Brother Chen, is there anything wrong?"

"Oh Nope....."

Chen Ping smiled quickly, shook his head, and then asked: "Sect Master Yue, do you know where the water of the Rebirth Spring comes from and where it flows to?"

Chapter: 3523

Yue Buqun shook his head: “The spring water flows out from under the Kunlun Mountains. I don’t know where it flows specifically, because the spring water disappears when it reaches the rocky hills in front!”

“No one knows where it went. Some people were curious and went to Rock Hill to investigate, but they all failed. Moreover, after going to Rock Hill, their strength will stagnate when they come back. No matter how much they practice, they will not be able to breakthrough!”

“So gradually no one will ask where the spring water flows...”

Yue Buqun explained along with Chen Ping, while Chen Ping became very interested in Rock Hill!

“Sect Master Yue, where is the rocky hill?”

Chen Ping asked.

Yue Buqun pointed to the distance and said: “It’s over there, but in order to prevent people from entering the rocky hill by mistake, our three sects and six sects have jointly set up taboos. Now that place is a restricted area and cannot be entered again!”

Chen Ping nodded. Although he didn’t pass, his consciousness instantly spread out and he wanted to explore it!

But just as he was approaching Rock Hill, a golden light suddenly flashed through, and Chen Ping’s consciousness was cut off in an instant!

Chen Ping swayed and almost fell!

You must know that Chen Ping’s mental power is very strong. His spiritual consciousness cannot be matched by otherworldly masters like Yue Buqun!

But such a powerful consciousness was cut off in an instant, which surprised Chen Ping!

“Hahaha, young man, don’t think about exploring the Rock Hill. You are just a martial saint, and you still want to use your spiritual consciousness to explore the Rock Hill. If your spiritual consciousness penetrates the taboo, then our hidden world Aren’t the three sects and six sects a joke?”

Seeing Chen Ping like that, Bao Yukun laughed loudly!

Yue Buqun also persuaded Chen Ping: “Brother Chen, even us old guys can’t break this taboo unless our three sects and six sects join forces.”

“Okay, don’t talk to him so much. Now that you have seen the Rebirth Spring, should we talk about the terms?”

Bao Yukun said.

“Okay, tell me, what do you want?”

Chen Ping nodded and asked.

“It’s not what I want, but what you can give me. You have to know that the so-called panaceas and resources owned by those martial arts families outside your world are just rubbish in my eyes.”

“Now let’s see if you can come up with something that makes my heart move...”

Bao Yukun said very arrogantly.

However, he does have arrogant capital. As for the medicinal herbs of the Medicine Refining Sect, they are not comparable to those of other martial arts families.

Chen Ping frowned slightly and began to think deeply. He was thinking about what he could come up with to make Bao Yukun’s heart flutter!

Chapter: 3524

After thinking for a moment, Chen Ping said: "I can exchange the pill recipe..."

"Elixir?" Bao Yukun was stunned for a moment, and then burst into laughter: "Are you kidding me? Do you know that I am the master of the Medicine Refining Sect, and the medicine prescriptions owned by my Medicine Refining Sect are the best in the entire martial arts world? All, the most advanced."

"You're telling me now that you want to exchange for elixirs? I know that there is a place called Medicine God Valley in Kyoto's martial arts world. I heard that it is very famous and can cure diseases and make elixirs."

"But the Medicine God Valley is nothing compared to my Medicine Refining Sect. I can send just one elder to compare with the Medicine God Valley."

"The pharmacists and alchemists of our Medicine Refining Sect are the most powerful beings..."

Bao Yukun praised his medicine refining sect, but he didn't know that Chen Ping was the owner of the Medicine God Valley that he had trampled down to be worthless!

Seeing Bao Yukun like that, Chen Ping said calmly: "I am the valley owner of the Yaoshen Valley that you mentioned..."

Bao Yukun was stunned for a moment, and then he smiled without any embarrassment: "No wonder you dare to brazenly offer to exchange the elixir recipe. It turns out that you are the owner of the Medicine God Valley. But do you seem to look down on our Medicine Refining Sect? You offered to exchange the elixir recipe. Come to exchange?"

Bao Yukun felt that Chen Ping looked down on them and believed that the elixirs of the Medicine Refining Sect were not as advanced as those of the Medicine God Valley, so he proposed such an exchange condition!

But before Chen Ping could explain, there was a sudden violent explosion that attracted the attention of three people!

“what happened?”

Yue Buqun looked at the direction of the explosion. It was coming from the Alchemy Sect.

Bao Yukun frowned, his face instantly became extremely ugly, and then he immediately rushed towards the Alchemy Sect!

Yue Buqun and Chen Ping followed closely behind. Before the matter was discussed, Chen Ping and the others also wanted to go over and continue the discussion!

Soon the three of them returned to the Medicine Refining Sect!

It's just that the Medicine Refining Sect is in a mess at this time, and the entire Medicine Refining Sect is filled with a strong smell of medicine!

“What's going on?”

Yue Buqun looked at the mess and asked in confusion.

Bao Yukun just had a gloomy face. Without saying a word, his body was already full of murderous intent!

Chen Ping just glanced at it, with a smile on his face, and followed Yue Buqun in a low voice to explain: “The alchemy furnace exploded...”

When Yue Buqun heard this, his face was full of disbelief: “The alchemy furnace exploded? Does this mean that the alchemy failed?”

Chen Ping nodded!

Soon, four or five people from the Medicine Refining Sect ran over and knelt down in front of Bao Yukun with a thud!

“Sect Master, the alchemy furnace exploded and the Ascension Pill was destroyed...”

Chapter: 3525

One person followed Bao Yukun with a trembling body and said.

“Trash, they are just a bunch of trash. I have been refining the elixir for three years and it is about to be successful. I just let you see that after a while, I ruined it all...”

Bao Yukun was filled with anger and his eyes were full of murderous intent: “What’s the use of keeping you trash, what’s the use...”

As he spoke, Bao Yukun exuded a violent murderous aura and strangled the hurried disciple in front of him directly.

This time, several disciples of the Alchemy Sect were frightened!

“Even if you take care of this elixir yourself, this elixir furnace will still explode.”

Chen Ping said slowly at this time!

Hearing Chen Ping’s words, Bao Yukun’s hand stopped instantly, and the disciples of the hurried medicine refining sect in front of him were scared to death!

“What do you mean? Are you questioning my alchemy skills?”

Bao Yukun narrowed his eyes slightly and said!

“It’s not a question, it’s a fact. You even blew up the alchemy furnace, how dare you say that your alchemy skills are invincible?”

Chen Ping said with a smile.

After hearing this, Bao Yukun's face flushed with anger: "This is an accident, it does not mean that I am not good at it, and this Ascension Pill is a sixth-level pill. Do you understand the meaning of a sixth-level pill?"

"No matter what the elixir is, your recipe is wrong, and the ratio of herbs is wrong. It's normal for the elixir furnace to explode!"

Chen Ping still said calmly!

"You're talking nonsense. I found this elixir recipe from an ancient elixir book."

"Boy, don't think that the explosion of the alchemy furnace means that I am not good at alchemy. I am now refining alchemy with my eyes closed, and I am better than you. If you are not convinced, let's compete. I want you to know what a real alchemy master is!"

Bao Yukun shouted angrily!

He wants to compete with Chen Ping and let Chen Ping know how powerful he is. Otherwise, if word spreads about Chen Ping and the Alchemy Sect's alchemy furnace explodes, wouldn't it ruin the reputation of his Medicine Refining Sect!

"Okay, I can compete with you, but what if I win?"

Chen Ping looked at the furious Bao Yukun with a smile on his face.

Chen Ping was deliberately irritating Bao Yukun and making Bao Yukun propose to compete with him!

In this way, Chen Ping takes the initiative. When the time comes, he can use the provocation method to make Bao Yukun lend him the Rebirth Spring!

“You can’t beat me. No one in the entire martial arts world can beat me in alchemy...”

Chapter: 3526

Bao Yukun is full of confidence in himself!

“I said what if, what if I win?”

Chen Ping asked!

“If you win, you can use the Rebirth Fountain as you wish, and I will never stop you!”

Bao Yukun said.

“Okay, then we have an agreement!” Chen Ping smiled slightly, knowing that the old guy Bao Yukun had been fooled, and then asked: “Then how can we compete?”

“We will compete to see who can refine the elixir the fastest, and the effect must be strong. Starting from the selection of herbs, we must do it ourselves.”

“But it takes too long to refine the high-level elixir. How about we just refine the third-level elixir to ward off evil spirits?”

Bao Yukun asked.

“I have no problem...” Chen Ping nodded!

“Well, I’ll order someone to prepare a furnace for you...”

As Bao Yukun said this, he was about to order someone to bring a cauldron to Chen Ping, but Chen Ping stopped him!

“No need, I brought the cauldron myself...”

After saying that, Chen Ping took out the Shennong Cauldron from the storage ring!

When the Shennong Cauldron appeared, Bao Yukun was stunned for an instant, his eyes widened, looking at the Shennong Cauldron in disbelief!

“Is this...is this the Shennong Cauldron of the legendary Alchemy God?”

Bao Yukun asked, his body trembling slightly because of his excitement.

“It’s just fake, you don’t have to be so excited...”

Chen Ping looked at Bao Yukun like that and explained casually!

“False?” When Bao Yukun heard this, his excitement disappeared instantly, and then he waved his hand, and a furnace cauldron flew in front of him.

“How do you say that your dignified Master of the Medicine God Valley uses a fake cauldron? Are you expecting to defeat me with this fake cauldron?”

Bao Yukun said disdainfully.

Chen Ping just smiled slightly and said without explanation, “Then let’s get started?”

“Okay!” Bao Yukun nodded!

Chapter: 3527

But at this time Yue Buqun stopped him and said: “No, this is too unfair to Brother Chen. You still need to find the herbs yourself. How does Brother Chen know where the various herbs of your Medicine Refining Sect grow?”

“And as the leader of the Medicine Refining Sect, you can know where the needed medicinal materials are with your eyes closed. This is beneficial to you from the beginning!”

“Then I can start half an hour later. Isn’t that fair?” Bao Yukun said.

“No, you set off half an hour late, I’ve already mastered the elixirs, what else could you compare to?”

Chen Ping waved his hand directly and said.

“Hmph, you are so brazen. Although it is only a third-level elixir, how could it be possible to practice it in half an hour!”

Bao Yukun snorted coldly.

“Just because you can’t, doesn’t mean others can’t...”

After Chen Ping finished speaking, he said directly to Yue Buqun: “Zongzhu Yue, you are the referee, now set the time!”

Yue Buqun also wanted to persuade Chen Ping, but when he saw Chen Ping’s confident face and thought of the explosion of the Sansheng Stone, Yue Buqun knew that Chen Ping was an extraordinary person, so he also wanted to see what other special skills Chen Ping had!

“let’s start.....”

Yue Buqun glanced at the time and then said!

After starting, Bao Yukun jumped up and ran directly to the peaks on both sides of the Medicine Refining Sect, which were covered with medicinal herbs.

Chen Ping did not move, but stood quietly, closed his eyes slightly, and sniffed the air hard!

After a moment, Chen Ping suddenly opened his eyes, and then his figure disappeared like lightning!

Soon, Chen Ping and Bao Yukun came back almost at the same time. They brought back the herbs needed for alchemy, and they were exactly the same!

When Bao Yukun saw this, his face showed a bit of surprise. It was incredible to know that Chen Ping got the herbs at the same time as he did without knowing where they grew!

However, the surprise on Bao Yukun's face was only fleeting. Then he put various herbs into the alchemy furnace, and flames burned on his palms. Then he pushed hard, and the flames burst into flames and began to burn blazingly under the alchemy furnace. !

Bao Yukun glanced at Chen Ping disdainfully, but just this look instantly stunned Bao Yukun!

I saw that after Chen Ping put the herbs into the Shennong Cauldron, a light blue flame jumped in his hand, and then he threw the flame directly into the cauldron!

The medicinal herbs began to burn violently under the light blue flames. While burning, the Shennong Cauldron emitted streaks of golden light.

It only took a moment for the herbs in Chen Ping's Shennong Cauldron to emit bursts of fragrance.

The aroma was overwhelming, which proved that the elixir was almost finished refining, which surprised Bao Yukun!

“How dare you say it's a fake Shennong Cauldron if it's really true?”

Chapter: 3528

When Bao Yukun looked at the Shennong Cauldron, he was full of greed!

Heavenly Thunder Sect!

In Tong Youcai's room, his mother was crying softly, looking at her son with a distressed face!

"Talented, are you feeling better?"

Tong Youcai's mother asked softly.

"Mom, I'm much better, but I can't swallow this breath. In front of so many people, I was actually injured by an unknown person."

Tong Youcai's face was full of anger, and he was always holding a sigh of relief in his heart!

"Don't worry, when you get better, I will make that kid pay the price."

After Tong Youcai's mother finished speaking, she glanced at Wang Defa behind her: "I asked you to follow Youcai. How did you do it? Don't you feel bad that you can still get him injured like this?"

"Sister-in-law, it's all my fault..."

Wang Defa lowered his head, his face full of shame!

"Mom, don't blame Uncle Wang, it has nothing to do with him." Tong Youcai interceded on Wang De's behalf, and then said: "I want to modify the genes quickly. After I finish modifying the genes, I will kill that guy Chen Ping with my own hands. . "

“Okay, you recover from your injuries first. When you are healed, I will ask your Uncle Wang to modify your genes.”

“It seems that your father is hopeless. You were so seriously injured, but he didn’t even look at you. He only sees your good-for-nothing brother...”

Tong Youcai’s mother said angrily.

When he mentioned his father, Tong Youcai also looked puzzled. He was also a son, but he found that his father was far less kind to him than his brother!

He modified his brother’s genes and even took his brother to major conferences!

As for him, he could only practice silently. Now that he was injured, he didn’t even look at himself!

“Mom, don’t worry. After I finish modifying my genes, I will let my father see who is the real genius. I will step on that loser brother under my feet.”

Tong Youcai gritted his teeth and said firmly with eyes!

“Okay, Mom believes in you. You take good care of yourself. Your Uncle Wang and I will go next door to talk about something.”

After saying that, Tong Youcai’s mother and Wang Defa went next door!

As soon as he entered the next door, Wang Defa suddenly hugged Tong Youcai’s mother, and then threw himself on the bed!

Soon, Tong Youcai heard a faint gasp.

Chapter: 3529

Tong Youcai frowned slightly, stood up hard, then got out of bed, and quietly walked towards the next door!

Through the gap, Tong Youcai saw the scene inside the room!

At this time, Tong Youcai was stunned. He was stunned on the spot, his eyes widened, as if he was stupid!

He never thought, how could his mother do such a thing?

Just when Tong Youcai was in shock, everything in the room had calmed down!

“What a waste...”

Tong Youcai’s mother said dissatisfied.

“I’m old, there’s nothing I can do...”

Wang Defa sighed!

“I can tell you that when your son recovers from his injury, you must genetically modify him and pass on your strength to him using genetic technology.”

“Anyway, he is your son, and you two have the same genes. Otherwise, if this continues, when will you be able to get ahead!”

“I’m afraid that Tong Haiyang will be in trouble if he finds out about our relationship.”

Tong Youcai’s mother said softly.

“Don’t worry, as long as I modify my genes, I can reach the level of a fifth-grade Martial God or even higher if I am talented!”

Wang Defa hugged Tong Youcai’s mother and said.

Tong Youcai was outside listening to everything said inside, and his whole body felt as if he had been hit hard again!

Only now did he realize that he was not Tong Haiyang’s son, nor was he a young master from the Tianlei Sect!

Tong Youcai walked back to the bed in a daze, and lay down slowly, with confusion in his eyes...

This sudden change in identity was difficult for Tong Youcai to accept for a while. At this time, Tong Youcai could only try not to think about it and try to forget what he had just heard.

Alchemy Sect!

At this time, the fragrance of Chen Ping’s Shennong Cauldron continued to overflow, and soon followed by a burst of explosion, an evil-proof pill was prepared!

Yue Buqun looked at the time and said with surprise on his face: “In twenty-seven minutes, Brother Chen has finished practicing the anti-evil pill!”

And looking at Bao Yukun, the temperature of the fire has just been adjusted, and the herbs in the alchemy furnace are still the same!

“Haha, Lao Bao, your skills are not good. Brother Chen has finished refining it, but you haven’t even finished half of it.”

Chapter: 3530

Yue Buqun sneered at Bao Yukun!

Bao Yukun's eyes were full of disbelief, and he stood up and stepped forward, "Impossible, how could you refine the evil-preventing elixir in less than half an hour?"

"Could this be fake? Is it the elixir you prepared in advance?"

Bao Yukun wanted to see the anti-evil pill in Chen Ping's hand, but Chen Ping threw it to him without hesitation!

"This elixir is made from your medicinal herbs, so I give it to you!"

Chen Ping said very generously.

It's just that third-level elixirs are not precious. For Chen Ping, as long as there are herbs, they can be refined at any time!

Bao Yukun took the anti-evil pill, looked at it again and again, and then threw it directly into his mouth!

Until this moment, Bao Yukun's face was still full of disbelief!

"So, is it fake? Your alchemy skills are no match for Brother Chen..."

Yue Buqun asked.

Bao Yukun didn't speak. He was so shocked that he couldn't react for a while!

I saw Bao Yukun staring at Chen Ping with his eyes, and looking at the Shennong Cauldron from time to time!

“It seems that this Shennong Cauldron is really powerful, otherwise you wouldn’t be able to practice the evil-preventing elixir in half an hour.”

Bao Yukun didn’t think that Chen Ping’s alchemy skills were right. This should all be attributed to the Shennong Ding.

Now Bao Yukun likes Shennong Ding even more.

“Old Bao, if you lose, you lose. Don’t make excuses. Don’t forget your promise to Brother Chen to lend him the Rebirth Spring.”

Yue Buqun said to Bao Yukun.

“Hmph, he is being opportunistic. Just now he didn’t dare to admit that the Shennong Cauldron is real. Is he afraid that if you are not allowed to use the Shennong Cauldron, you will not be able to refine the elixir?”

Bao Yukun snorted coldly.

Seeing Bao Yukun like that, Chen Ping smiled lightly: “Well, I won’t count this time. You continue to refine, and I will find something to refine again. If my refining speed is slower than yours, I will leave immediately!”

Seeing what Chen Ping said, Bao Yukun suddenly became angry: “What do you mean? Are you doubting my ability to make alchemy?”

Chen Ping shook his head: “It’s not that I doubt you, but that I look down on you...”

“You...” Bao Yukun’s face flushed with anger: “Good boy, I will make you regret it.”
