

The Order 3561

Chapter: 3561

After all, Jiang Wei and the others are too weak. If they really go down into the cave, they will probably be thrown to death. From above, there is no way to know how deep the cave is!

“Well, Mr. Chen, be careful too!”

Jiang Wei nodded, they themselves were self-aware and knew that their strength would not allow them to go down the hole!

Chen Ping took Liu Rui with him and jumped down without hesitation.

No matter how deep the cave is, it doesn't matter to Chen Ping's strength. Now they can control the air and fly, so it is impossible to fall to death!

With the wind whistling in their ears, Chen Ping and Liu Rui were descending rapidly!

There was darkness in front of them. When their vision returned, they found that they had reached an open space.

Chen Ping looked up and found that he could not see the entrance of the cave at all. At this time, they seemed to have entered another world!

“Is this a secret realm?”

Chen Ping couldn't help but be a little surprised. Many secret realms were created by tearing apart space.

But this secret realm is actually inside the mountains, but Chen Ping is not sure, so he can only explore slowly!

Chen Ping could only choose a direction at random, take Liu Rui and walk forward slowly!

Soon a large forest appeared in front of the two of them, and the trees were so dense that they could not be seen to the end!

“Mr. Chen, is this...is this inside the Kunlun Mountains? Is there a world inside the Kunlun Mountains?”

Looking at the vast forest, Liu Rui asked in surprise.

“I don’t know, but even if there is another world inside the mountain range, it’s not unusual!”

Whatever happens now is not surprising to Chen Ping.

Chen Ping took Liu Rui into the forest, and soon Chen Ping frowned.

And Liu Rui’s face began to turn red, and her expression became a little unnatural!

“There is poisonous fog here, be careful...”

Chen Ping took out an antidote pill from his body and asked Liu Rui to take it!

Chen Ping himself is invulnerable to all poisons, so this poisonous mist has no effect on him at all!

“Roar!”

At this time, bursts of roars of beasts came, followed by screams!

Chapter: 3562

When Chen Ping and Liu Rui heard this, they hurried towards the place where the sound came from!

But when they arrived, they found several corpses of warriors lying on the ground!

These warriors are not from the Tianlei Sect. They look like they belong to a certain family. They may have sneaked in when the Tianlei Sect sealed off the mountain range!

But the strength of these people is too low. If they go down into this cave without authorization, they will only seek death!

Looking at several ferocious beasts, Chen Ping drew out his Dragon-Slaying Sword and followed Liu Rui to take action!

You must know that these beasts are also resources, and soon several bright beast pills were pocketed by Chen Ping and the others!

However, there are still ferocious beasts in the Kunlun Mountains, which Chen Ping could not have imagined!

I don't know what else I'll find next!

At this moment, deep in the forest, there is an open space!

Several people wearing strange costumes gathered together, and beside these people, there were also the corpses of several beasts!

The clothes on these people are all embroidered with flame patterns, and the aura on their bodies is also a bit weird!

It is obvious at a glance that these people are evil cultivators!

“The leader is not here, so we have to guard this place. If we can take the ruins of Narcissus Palace as our own, then our Burning Heaven Sect will no longer be afraid of those three sects and six sects!”

An old man said with a gloomy expression.

“Great Protector, are you really sure that this is the ruins of Narcissus Palace?”

“With such a big change, it’s impossible for other sects not to send people.”

someone else asked.

“Don’t worry, we are the closest to here. When people from other sects arrive, we will have found the ruins of Narcissus Palace and will take it for ourselves!”

“The leader failed to obtain resources from the Medicine Refining Sect this time. We, the Burning Heaven Sect, can only rely on ourselves.”

The Great Protector said.

“But when the leader left, we had to be careful and wait for him to come back.”

Another person spoke.

“Don’t miss this opportunity. If you wait for the leader to come back, the ruins of Narcissus Palace may have been looted by others!”

“Now we have set up formations everywhere. As long as someone comes in, we can trap them for a while. When we find the ruins of Narcissus Palace, I believe the leader will reward us heavily.”

Chapter: 3563

“When the time comes, we will no longer have to live in hiding in this mountain!”

The great protector’s eyes were shining with light, and his face was full of confidence!

“We obey everything arranged by the Great Protector!”

Several people all nodded.

“Okay, let’s keep going now.”

The Great Protector waved his hand, and several people disappeared deep into the forest in an instant!

Just after the Burning Sky Sect and the others left, where they were resting, streams of green mist began to fill the forest!

There are many places like this with green mist throughout the forest!

At this moment, Chen Ping followed Liu Rui and continued to move deeper into the forest!

Chen Ping’s spiritual consciousness spreads. In a place like this, Chen Ping can only rely on his spiritual consciousness to identify the direction!

However, Chen Ping and Liu Rui felt like they had been gone for a long time, but it seemed as if they had not moved anywhere!

Because everywhere I walked was full of trees, and now there are still trees on both sides, no change!

“Mr. Chen, do you think we will stay in the same place? Why do I feel like we are still in the same place after walking for a long time?”

“And now there’s not even a sound to be heard, not even from the wild beasts.”

Liu Rui asked Chen Ping with some fear.

Chen Ping frowned slightly, then shook his head: “Impossible. Although the trees on both sides feel the same, haven’t you noticed that the poisonous mist around you is getting thicker and thicker? And it’s starting to change from black to green...”

When Chen Ping said this, Liu Rui discovered that at some point, the surrounding fog had slowly turned green.

However, Liu Rui took the detoxification pill and the poisonous mist had no effect on her, so Liu Rui didn’t pay too much attention along the way!

Chen Ping closed his eyes slightly, then took a sudden breath and sucked the poisonous mist into his body!

Then Chen Ping frowned.

“Mr. Chen, what’s wrong? What’s different about this poisonous mist?”

Liu Rui asked hurriedly when he saw this.

“The poisonous fog at the beginning was naturally formed, but these poisonous fogs were man-made.”

“It seems that we have walked into someone else’s formation. No wonder we can’t get out!”

Chapter: 3564

Only then did Chen Ping realize that they had fallen into the formation by mistake!

The reason why Chen Ping didn't notice it at first was because he was careless. He wouldn't have thought that anyone would set up such a formation!

Moreover, this formation is definitely not something that ordinary sects can set up. It must be a proficient spell master, and based on this green poisonous mist, the opponent may be an evil cultivator!

"Mr. Chen, someone has set up a formation here, could it be Tong Youcai?"

"After all, they came in before us, so they should be right in front of us!"

Liu Rui asked.

Chen Ping shook his head again: "This shouldn't have been set up by Tong Youcai. He doesn't have the ability. There must be others besides the Tianlei Sect here. We have to be careful now!"

Chen Ping reminded Liu Rui that after all, it was very dangerous for a group of unknown people to suddenly appear here!

Because we don't know whether the other party is an enemy or a friend, and the other party is still in the dark, and they are in the open!

"Then what should we do? Can you break this formation?"

Although Liu Rui is a Martial God, he knows nothing about this kind of magic circle!

"For me, this small magic circle can be broken with just a wave of my hand!"

Chen Ping said confidently.

Such a small magic circle really couldn't catch Chen Ping's attention. If he hadn't been careless at the beginning, Chen Ping wouldn't have been trapped in this magic circle!

At the same time, the people from the Burning Heaven Sect who had already left suddenly stopped!

“Great Protector, what’s wrong?”

Someone asked the Great Protector.

“Someone has broken into our formation. Black and white are impermanent. You two go over and have a look. If you can catch the person, it would be best. You can use it to exchange for resources!”

“If they resist, we will kill them, no matter who they are, do you understand?”

The Great Protector said to the guy with two skin colors, one white and one black.

“Don’t worry, Great Protector, we two brothers promise to complete the mission...”

After saying that, the black and white impermanent figure instantly disappeared into the thick fog!

At this time, Chen Ping was flipping his hands, and huge suction forces caused the poisonous mist around him to be sucked in by Chen Ping!

And along with the golden light, water-like fluctuations appeared in the surrounding space!

Chapter: 3565

But at this moment, Chen Ping frowned and shouted: “Who is sneaking around? Get out...”

As Chen Ping shouted angrily, his voice spread far away with billowing spiritual power!

“I didn’t expect that there are magic experts in the hidden world who can break our formation so quickly...”

Following a loud sound, a black and white figure appeared!

Both men were wearing strange costumes and both had a large flame pattern on their chest!

But the skin color of the two people is very special!

One of them looked pale, as if he had vitiligo.

And the other one had a dark complexion, and for those who didn't know it, he thought he had borrowed his seed from abroad!

This contrast makes it very funny for two people standing together, but both of them exude the aura of the fourth-grade Martial God. With such strength, no one dares to laugh at them!

"The Burning Sky Sect? Are you actually members of the Burning Sky Sect?"

After seeing these two people appear, Liu Rui's face clearly showed a trace of panic!

Black and White Wuchang was slightly startled, looked at Liu Rui and said, "I never thought that a little girl like you would know about my Burning Heaven Sect."

"Yes, we are the Black and White Wuchang of the Burning Heaven Sect, and we came here specifically to take your lives."

Bai Wuchang looked at Liu Rui with greedy lust in his eyes!

"Miss Liu, what is the Burning Heaven Sect?" Chen Ping asked.

He doesn't understand, aren't there only three sects and six sects in this hidden world?

When will another Burning Heaven Sect appear? And judging from the strength of these two people, the overall strength of the Burning Heaven Sect must be very good!

“Mr. Chen, the Burning Heaven Sect is an evil cultivator organization. The residual soul that was planted in my master’s body belongs to the leader of the Burning Heaven Sect, Yao Qing.”

“Back then, he challenged my master to fight, but he left a trace of his soul in my master’s body. This is why the Medicine Refining Sect extorts a lot of resources from our Chunyang Sect every year.”

Liu Rui followed Chen Ping and explained in detail.

“Is it him?” Chen Ping thought of that remnant soul. That remnant soul was very powerful at that time!

If this body existed, its strength would be even more unimaginable!

“It seems that there are too many old people with abnormal strength in this hidden world...”

Chen Ping couldn’t help but sigh!

Chapter: 3566

“It turns out you are the little girls from the Chunyang Sect. We just happened to catch you and let that old guy Yue Buqun redeem you with resources.”

When Hei Wuchang heard that he was from Chunyang Sect, he immediately said confidently!

Because among the three sects and six sects, Chunyang Sect has the worst overall strength except for the Medicine Refining Sect, so there is no need to worry about attacking Chunyang Sect!

“Old Hei, you’ll deal with that boy who only has the Martial Saint in a while, and I’ll deal with this little bitch. I’m going to have a good time.”

“I haven’t touched a woman in how many years. I want to enjoy it today...”

Bai Wuchang stared at Liu Rui with his eyes fixed on him, wishing he could devour Liu Rui in one bite!

Chen Ping is just a Martial Saint, and Liu Rui is a second-grade Martial God, so Black and White Wuchang can definitely defeat Chen Ping and the others!

“You...shameless, beast...”

Liu Rui’s face suddenly turned red when she saw Bai Wuchang’s dirty words, feeling very embarrassed!

“Hahaha, seeing this little girl angry, why am I getting more and more excited?”

Bai Wuchang laughed!

Hei Wuchang said to Chen Ping: “Boy, just keep the valuable things on you and get out of here. Your cultivation is not like that of a person from the hidden world, so I will show mercy and spare you a life.”
Life!”

“You won’t kill me?” Chen Ping pretended to be surprised.

“Yes, get out now. I don’t have to kill you. As long as you stay here and get in the way, we two need to be together, hehe...”

Hei Wuchang said with a lewd smile!

“Hey, it’s a pity that you don’t kill me, but I want to kill you...”

Chen Ping sneered and said!

Hei Wuchang was stunned. He didn't expect Chen Ping, a little martial saint, to dare to say such a thing!

"Boy, don't you know who you are talking to?"

Hei Wuchang's eyes narrowed slightly.

You must know that a little martial saint, after meeting the martial god, has no choice but to kneel down and beg for mercy. How can he dare to speak rudely?

"I really don't know who I'm talking to. You look so dark and you look like a bastard. Did your mother go to Africa when she gave birth to you?"

Chen Ping asked.

Pfft.....

Chapter: 3567

At this tense moment, Chen Ping's words instantly made Liu Rui laugh out loud!

However, Hei Wuchang became furious and pulled out a completely black soul-drawing stick. The soul-drawing stick was filled with black energy and made bursts of ghostly cries and howling sounds!

"Boy, today I will cut you into pieces and drive your soul into the eighteenth level of hell. You will never be reincarnated!"

Hei Wuchang shouted angrily, and the aura on his body exploded instantly!

At this moment, Bai Wuchang also instantly pulled out a pure white soul-inducing stick, and the stick was exuding bursts of cold air!

Liu Rui stopped laughing, looked at the other party warily, and all the breath in his body was mobilized!

But as a second-grade Martial God, it would be difficult for her to survive five moves in the opponent's hands!

After all, Liu Rui doesn't have Chen Ping's ability to fight at a higher level!

The higher the realm, the difference between each small realm is world-wide.

What's more, this Black and White Wuchang is a fourth-grade Martial God, and Liu Rui has no chance of winning!

"Miss Liu, just rest aside and watch me suck these two guys together..."

Chen Ping smiled slightly, and then the aura on his body exploded!

Liu Rui nodded, then took a few steps back, intending to watch Chen Ping deal with this black and white impermanence alone!

"Hmph, are you crazy? You are just a little martial arts saint, but you dare to deal with the two of us. I will kill you by myself..."

Hei Wuchang snorted coldly and immediately headed towards Chen Ping!

Chen Ping's humiliation just now made him extremely angry. If Chen Ping was not killed, he would not be able to swallow this breath.

In the blink of an eye, Hei Wuchang was already in front of Chen Ping. He raised the soul-inducing stick in his hand high and smashed it down hard!

If this stick goes down, no matter what it is, it will probably be smashed to pieces!

Chen Ping smiled coldly, turned his body slightly and hid directly!

Immediately afterwards, the body emitted golden light, and the indestructible golden body covered the whole body, like a golden-armored war god!

Seeing the indestructible golden body that suddenly appeared on Chen Ping, Black and White Wuchang was stunned!

“No wonder you are so arrogant. It turns out you have hidden treasure armor. But even if you have a copper head and iron arms, I will smash you into a pulp today!”

Hei Wuchang roared!

Chen Ping didn't speak, golden light burst out, and then a Holy Light Fist was thrown towards Hei Wuchang!

Chapter: 3568

The bright golden light instantly illuminated a large forest!

Hei Wucheng's expression changed slightly, and he quickly used the soul-inducing stick to block it.

clang.....

With a deafening sound, huge power spread to all directions, and all the thick trees around were uprooted by the force!

And Hei Wuchang only felt his arms go numb, and his body kept retreating!

“What a terrifying power. How could this be emitted by a small martial saint?”

Hei Wuchang looked at Chen Ping in disbelief!

“Old Hei, be careful. This kid is pretending to be a pig and eating the tiger. His strength cannot be that of a small martial saint...”

Bai Wuchang on the side reminded Hei Wuchang!

Hei Wuchang nodded and jumped up!

While he was still in mid-air, Hei Wuchang suddenly swung out a stick, and saw endless black mist emitting from the soul-inducing stick, and then transformed into fierce ghosts, lunging at Chen Ping with teeth and claws!

Chen Ping looked at the fierce ghosts transformed into black mist in front of him, raised the corners of his mouth slightly, and actually laughed!

Seeing Chen Ping actually smiling, Hei Wuchang was stunned. It felt very strange!

But before he could react, he saw Chen Ping’s anger sinking into his Dantian, and he suddenly opened his mouth. A huge suction force, like a whirlwind, swallowed up those evil spirits!

Slowly the strong wind subsided, Chen Ping touched his belly and suddenly burped!

And Hei Wuchang looked at Chen Ping in surprise, his eyes full of disbelief!

“You...your kid can actually do evil arts? Are you also an evil cultivator?”

Hei Wuchang asked in surprise.

“Bah, I don’t care about sorcery, but my technique is just right to restrain you!”

Chen Ping let out a sigh, then kicked his foot, and rushed towards Hei Wuchang like an arrow from the string!

Seeing Chen Ping rushing over, this time Hei Wuchang’s face was no longer so relaxed, his pupils suddenly shrank, and the aura on his body exploded.

“Holy Light Fist...”

This time, the golden light on Chen Ping’s fist was as dazzling as the sun. The dazzling light made everyone almost unable to open their eyes!

Endless spiritual power gathered together and headed towards the black and impermanent chest!

Chapter: 3569

Hei Wuchang’s expression changed, and he quickly used the soul-inducing stick to block it again!

But Chen Ping didn’t slow down and punched him!

boom.....

There was a deafening loud noise, and the whole earth was shaking!

Even Jiang Wei and the others on the mountain range felt the strange movement in the mountain range!

Hei Wuchang’s eyes were full of horror, and he saw that his soul-inducing stick was instantly broken under Chen Ping’s punch, but Chen Ping’s strength did not diminish, and he hit Hei Wuchang’s chest hard!

Hei Wuchang's body was like a piece of paper, flying up in an instant. Dozens of trees were severely knocked down, and then fell to the ground!

Blood spurted out from Hei Wuchang's mouth, with a look of horror on his face!

"How is it possible? You...what state are you in?"

Hei Wuchang didn't expect that Chen Ping, who he didn't pay attention to at all, would have such strength!

"Old Hei, are you okay?"

Bai Wuchang was also full of surprise. He stepped forward to help Hei Wuchang up and gave him a pill by the way!

After Hei Wuchang took the elixir, the breath in his body began to recover quickly!

"It's okay, we're not dead yet, it looks like our two brothers are going to join forces!"

At first, Hei Wuchang felt that to deal with Chen Ping, there was no need for the two of them to attack together. He only needed to slap Chen Ping to death with one slap!

But he didn't want to be slapped in the face by Chen Ping and get hurt!

"Okay, this kid is pretty well hidden, but when did such a young master appear in the hidden world again, so unheard of?"

Bai Wuchang looked at Chen Ping, his eyes full of doubts!

There are no masters in the martial arts world outside the world, and among the three sects and six sects in the hidden world, they don't remember that there is a young master like Chen Ping!

"Whether he is outside the boundary or inside the boundary, he must die, otherwise the reputation of our two brothers will be ruined..."

Hei Wuchang gritted his teeth and said with anger in his eyes.

"Even if you two go together, the result will still be the same, so I advise you not to fight fearlessly."

Chen Ping smiled coldly.

"Arrogant..." Hei Wuchang snorted coldly, and his breath had recovered!

Chapter: 3570

"Old Hei, let's kill him together!"

Bai Wuchang's breath exploded, his eyes condensed and he said!

Suddenly, the two people jumped up, and then headed towards Chen Ping from the left to the right!

The two fourth-level Martial Gods attacked Chen Ping together, but Chen Ping did not move, and the indestructible golden body on his body was used to its maximum.

Soon, behind Chen Ping, a golden dragon began to flash out, and the huge golden dragon hovered behind Chen Ping!

At this moment, Chen Ping's skin is also shining with light. With his strong body and indestructible golden body, Chen Ping's body is already extremely hard!

“All souls return to the clan...”

Bai Wuchang waved the soul-inducing stick in his hand, and countless black energy turned into ghosts and rushed towards Chen Ping!

As for Hei Wuchang, flames rose from his palms, and black mist surrounded the flames!

The two people arrived in front of Chen Ping almost at the same time, and Chen Ping waved out his palm and directly collided with Hei Wuchang!

Bang.....

Hei Wuchang's body was instantly knocked away.

At the same time, the soul-inducing stick in Bai Wuchang's hand hit Chen Ping's body hard, and firelight flew out. Many of Chen Ping's golden scales were smashed off and turned into nothingness!

The shining skin was exposed, but Chen Ping was not harmed at all!

However, Bai Wuchang only felt his wrist go numb, and the soul-inducing stick in his hand almost fell out of his hand!

Chen Ping looked at Bai Wuchang coldly, stretched out his hand and grabbed Bai Wuchang's soul-inducing stick. Then he took it in his hand and used both hands to break Bai Wuchang's soul-inducing stick!

Then he kicked out, directly hitting Bai Wuchang in the chest, and kicked Bai Wuchang away!

Black and white and Wuchang both fell to the ground and looked at Chen Ping in disbelief!

Two fourth-grade Martial Gods were so vulnerable in front of a small Martial Saint like Chen Ping!

Now all the weapons of the two men were destroyed, and they were also injured!

“Old Bai, it looks like we two are going to fall into trouble today.”

Hei Wuchang said solemnly!

“Even if it means death, I have to hold this guy on his back. It seems like it’s time for the two of us to sacrifice!”

Bai Wuchang said.
