

The Order 361

Chapter: 361

Chen Ping glanced at the box again. All the classmates were curled up, their hearts filled with fear and regret. Especially Jiang Wenjing, who was hiding behind others, so scared that she wet her pants!

Finally, Chen Ping's eyes fell on Chen Erga, and he smiled at Chen Erga and said, "Granny, do your best. I believe in your ability. If there is anything you can't handle, you can go to Lin Tianhu!"

Lin Tianhu reacted very quickly and immediately said to Chen Erga: "Brother Ga Zi, if something happens, just report my name!"

Chen Erga was already confused at this time and could only nod his head!

Chen Ping and Lin Tianhu left. Biaozi gritted his teeth and asked people to drag Yuan Hua and Liu Jiajia out. Soon, screams came from outside. Lin Tianhu spoke, but Biaozi did not dare to lie!

At this time, everyone in the box was filled with regrets and wanted to slap themselves hard. If they had not ridiculed Chen Ping at that time and said a word to Chen Ping, maybe they could change their lives. Then Chen Ping Erga is an example!

.....

In the private room on the third floor, only Chen Ping and Lin Tianhu were there!

"Has there been any news about Feng Sihai during this period? He's not looking for trouble, is he?"

Chen Ping asked.

Lin Tianhu shook his head: "That's not true. His master Shenlong is not that easy to find!"

"Hmph!" Chen Ping sneered: "It's useless even to find his ancestor, the ancient martial arts master is not worth mentioning in my eyes!"

“That’s natural. The master of the palace learned magic!” Lin Tianhu immediately started flattering!

“Okay, stop shooting!” Chen Ping smiled and took out the Strength Pill from his body: “I have a pill here. After you take it, your strength will increase. Then Feng Sihai will no longer be your opponent. Got it!”

Lin Tianhu took out the elixir with curiosity on his face. This elixir was only about the size of a thumb. It looked so dark. How could it have such strength?

“Palace Master, what kind of elixir is this, so powerful?”

Lin Tianhu asked.

“This is called the Juli Pill. Don’t underestimate it. The medicinal materials used in this pill cost millions!”

“So expensive?” Lin Tianhu was shocked and ate the Juli Pill without hesitation.

Soon, Lin Tianhu felt warm and comfortable in his stomach, and there was also a flow of heat running through his body!

At this time, Lin Tianhu suddenly felt his strength surge and wanted to vent!

Chen Ping also saw what Lin Tianhu meant, smiled slightly and said: “Do you have a backyard here? You can try it!”

“Yes!” Lin Tianhu immediately took Chen Ping to the backyard!

In the backyard, there was a large stone with several words carved on it, which Lin Tianhu bought with money.

Chapter: 362

“Punch your fist at the stone and see!”

Chen Ping pointed at the big stone and said.

Lin Tianhu didn’t hesitate and punched the stone hard!

Click.....

Under this punch, the stone split directly from the middle!

“this.....”

Lin Tianhu looked at his fist and was shocked. This punch could break mountains and crack rocks. It was probably as powerful as a thousand pounds!

“You can easily kill a cow with one punch now, so if Feng Sihai’s hard qigong is in front of you, it is a joke. Remember, in the face of absolute strength, there is no so-called hard qigong!”

Chen Ping patted Lin Tianhu on the shoulder and said.

Lin Tianhu said with excitement on his face: “Palace Master, do you have any more? Give me two more!”

I just took one Gathering Pill and my strength became so great. What if I took two more pills?

Chen Ping rolled his eyes at Lin Tianhu and said: “Not to mention the medicinal materials required for this elixir are extremely expensive and difficult to find. In order to refine the elixir, I spent a lot of spiritual energy. You still want to take two more!”

When Lin Tianhu heard this, he scratched his head and said with a smile: “This pill is really good. If this pill is put on the market, I am afraid that tens of millions of people will want it. You must know that now the whole people are martial arts, and many people want to become ancient Warriors don’t hesitate to spend a lot of money to hire masters and buy various auxiliary medicinal materials. The reason why Feng Sihai was able to become a disciple of Ye Fengchun is said to have cost 200 million.”

“Two hundred million?” Chen Ping couldn’t help but be secretly surprised. Just what Feng Sihai learned in two strokes, still need two hundred million?

Lin Tianhu could instantly defeat his so-called hard Qigong by simply taking one of his pills. Then wouldn’t his pill be worth more than 200 million!

Chen Ping's eyes lit up, and he seemed to have discovered the way to get the money!

"Lin Tianhu, if I develop some elixirs, can you sell them?"

Chen Ping asked Lin Tianhu.

"Palace Master, if you refine it, it will be so good for our own people to eat, why bother selling it? If you are short of money, we have a commercial street under the name of Juyi Hall, and you can make a lot of money in a year!"

Lin Tianhu didn't understand why Chen Ping wanted to sell such a good elixir!

If this is bought by an opponent, wouldn't that be causing trouble for yourself?

"I'm not selling this power-gathering pill. The medicinal materials required for this pill are too precious, and it also consumes spiritual energy. I've refined some simple small returning pills, which can concentrate the mind, replenish the brain, and prolong life. It also has an important function. It can make men rejuvenate!" Chen Ping followed Lin Tianhu in explaining, and then asked: "How much benefit can that commercial street produce every year?"

"Two hundred million, maybe, but because Juyi Hall also needs a lot of funds to maintain, the remaining amount is only tens of millions!"

Lin Tianhu thought for a moment and said.

Chapter: 363

When Chen Ping heard this, he shook his head slightly: "I need a lot of money to buy medicinal materials now, maybe several billions, or tens of billions, so relying on your commercial street, I will make money for as long as the year of the monkey!"

"Tens of billions!" Lin Tianhu took a breath: "Palace Master, why do you need so much money?"

Chen Ping did not hide anything from Lin Tianhu, and said truthfully: "I need spiritual energy to practice, and even on the top of Panlong Mountain, the spiritual energy is too thin, and there is no way to improve my strength, so I need a lot of precious medicinal materials to refine the poly The elixir can only be used to assist cultivation!"

“Oh!” Lin Tianhu nodded in understanding, frowning slightly: “I’m afraid even if I give the entire Su family to you, I won’t be able to raise so much money.”

“What do you mean? Do you think I look like a man who spends women’s money?” Chen Ping glared!

“It’s not like, it’s not like, how can we, the master of Tianlong Hall, be raised by a woman!”

Lin Tianhu shook his head hastily!

“I’m going to tell you some medicinal materials now. They are common medicinal materials and not expensive. You go and buy a batch for me. I will refine some small Huandan. Then you take them out and sell them. As for how much they can be sold for, you Decide for yourself!”

After Chen Ping finished speaking, Lin Tianhu immediately asked someone to bring paper and pen to prepare for recording!

“Gardenia, calla lily, lychee core, four seasons green...”

Chen Ping mentioned a dozen kinds of materials, but they were all common medicinal materials that were easy to buy and not expensive!

“Remember everything?” After Chen Ping finished speaking, he asked Lin Tianhu.

“Hall Master, I have written them all down. These are common medicinal materials. We have them in Hongcheng Traditional Chinese Medicine Pharmacy, but not in such large quantities. I sent people to Yuncheng. There is a medicinal material base there. All kinds of medicinal materials are available, and they are cheap. , this way you can save a lot of money!”

When Lin Tianhu knew that Chen Ping needed a lot of money, he also began to save money and did not dare to spend too much money!

“Yuncheng?” Chen Ping suddenly remembered that Yuncheng, only a few hundred miles southwest of Hongcheng, had the largest medicinal material base in the country.

Almost all the Chinese medicinal materials in the country are transferred to various places through Yuncheng, so over time, Yuncheng has another name: Medicine City!

“I wonder if this medicine capital has the medicinal materials I need!”

What Chen Ping needs are very precious medicinal materials. The ginseng and Ganoderma required to refine the Spirit-Gathering Pill cannot be used for more than a hundred years, at least three hundred years!

You must know that wild ginseng and Ganoderma lucidum, which are more than three hundred years old, are found in the barren mountains and wild mountains without people, so there are very few that can be collected. In addition, if you want to maximize the effectiveness of the Lingzhi Pill, you need to blindly introduce it. That is Tianshan Snow Lotus.

It is even more difficult to get this Tianshan Snow Lotus, so Chen Ping can't rush it. He can only accumulate wealth first, and then use high returns to buy these things. After all, there are brave men under the big rewards!

“Palace Master, there is an auction house in Yuncheng that specializes in auctioning rare treasures collected from all over the world, among which the most precious medicinal materials are the most valuable. I will send someone to keep an eye on it. If there is anything the Palace Master needs, I will inform you immediately!”

Lin Tianhu whispered.

“Well, that's all it can do!”

Chen Ping nodded!

Chapter: 364

He didn't stay long at the Tianyuan Restaurant. After explaining everything to Lin Tianhu, Chen Ping left for the Su family!

The elixir refined for Su Wenzong is ready, Chen Ping wants to take it to Su Wenzong!

Although he and Su Yuqi have not established any relationship, it is already a certainty that Su Wenzong will become his father-in-law!

Chen Ping doesn't dare to be too negligent when doing things for his father-in-law!

Lin Tianhu personally drove Chen Ping to the Su family villa!

As soon as they arrived at the door of the villa, the two of them saw a black Audi car parked at the door. The license plate was Hong A00001. This license plate number looked very eye-catching!

"Damn it, isn't this the car of Hongcheng's leader? Why is it here?"

Lin Tianhu couldn't help but exclaimed after seeing the license plate!

Chen Ping was also a little confused, why did Hongcheng's top leader come to the Su family? But considering that Su Wenzong is also the richest man in Hongcheng, it is not impossible for the top leader to come over to discuss something!

Chen Ping hesitated for a moment, thinking about whether to go in, but finally got out of the car and walked in. From now on, he would be his father-in-law's house, and there was no need to be restrained. Besides, if he got to know more people like this, it might be useful someday!

As soon as he entered the villa, Chen Ping saw Su Yuqi and a strange young man in the yard. The two seemed to be talking about something, but Su Yuqi didn't look very happy!

"Ling Feng, don't come to my house anymore. If you don't know, you'd think I have something to do with you!"

Su Yuqi frowned and said to the young man.

"Yu Qi, I just came here to see Uncle Su. I heard that he was ill, and I brought him the Thousand-Year Ginseng. I spent a lot of effort to get this from the Medicine City!"

Ling Feng said, actually wanting to grab Su Yuqi's hand!

Su Yuqi was so frightened that she hurriedly retreated and hid, but Ling Feng didn't seem to want to give up!

“How did your parents teach you to move around in broad daylight?”

When Chen Ping saw this scene, he became very angry.

“Chen Ping!” Seeing Chen Ping coming, Su Yuqi’s face lit up with joy and she hurriedly ran towards Chen Ping!

When Ling Feng saw Su Yuqi’s appearance when she saw Chen Ping, hostility flashed across her eyes, and she gave Chen Ping a sharp look: “Who are you? Do you know who I am?”

“I don’t care who you are, I will beat whoever touches my wife...”

After Chen Ping finished speaking, he wanted to go up and give Ling Feng a kick!

But Su Yuqi hurriedly stopped Chen Ping: “Don’t do anything first, he didn’t touch me either!”

But Chen Ping’s words made Su Yuqi feel warm in her heart. She found that she liked Chen Ping more and more!

Chapter: 365

“Your wife?” Ling Feng’s eyes widened instantly, his face full of disbelief!

“It’s not my wife, it’s your wife. Do you want to see the marriage certificate?”

Chen Ping looked at Ling Feng disdainfully and sneered.

Su Yuqi was dumbfounded when she heard that she didn’t know when she got a marriage certificate with Chen Ping, but when she thought about it, she knew that Chen Ping was deliberately angry with Ling Feng.

“Okay, show it to me.”

Ling Feng stretched out his hand and said.

When Chen Ping heard this, he was slightly startled. He didn't expect that this guy could really read!

"I didn't bring it with me. Besides, why should I show you my wedding photos?"

Chen Ping looked playful, obviously he was teasing Ling Feng.

Su Yuqi looked at Chen Ping like that, covered her mouth and laughed secretly!

"Boy, do you know the consequences of playing tricks on me? Believe it or not..."

Before Ling Feng finished speaking, he saw Su Wenzong walking out with a pot of tea. When he saw Chen Ping was there, he was a little surprised and said: "Chen Ping, you are here too. Come and taste it with me." I'm soaking in Biluochun, Xiaofeng, you come too!"

After Su Wenzong learned that Chen Ping and Su Yuqi were getting closer, their names slowly changed and they began to call them by their first names. In this way, following Chen Ping also seemed close to them!

"My dad's Biluochun is delicious, let's go drink it together!"

Su Yuqi actually took Chen Ping's arm and walked to a pavilion in the courtyard in front of Ling Feng!

When Ling Feng saw this scene, his face turned black, but he followed him!

A few people were sitting in the pavilion. Su Wenzong poured a few cups of tea himself, and then said to Ling Feng with a smile: "Xiao Feng, this is Chen Ping. He cured my illness. Otherwise, I would have been there by now." It's down to earth!"

"Uncle Su, isn't this Yu Qi's husband? They both have marriage certificates!"

Ling Feng asked Su Wenzong.

"Husband? Marriage certificate?"

Su Wenzong was stunned. He didn't know about this at all, and Su Yuqi didn't tell him either!

Seeing Su Wenzong's expression, Ling Feng smiled coldly and confirmed his guess. He had guessed just now that Chen Ping lied to him and deliberately made him angry. He and Su Yuqi were not married at all, and there was no marriage certificate!

"Dad, it was Chen Ping who was joking!" Su Yuqi hurriedly followed Su Wenzong and explained!

Although Su Wenzong was very satisfied with Chen Ping, if Su Yuqi dared to secretly obtain the certificate, Su Wenzong would definitely not agree. You must know that Su Wenzong is a very traditional person.

Chapter: 366

"Oh!" Su Wenzong's expression softened!

When Ling Feng saw this, he smiled coldly at Chen Ping and glanced at Chen Ping with a provocative look!

"Uncle Su, I heard that you were not feeling well some time ago. I brought you the thousand-year-old ginseng from Yuncheng. This kind of thing is hard to come by. I got it from a mountain farmer at a high price. Listen, it is said that eating it can prolong life and prevent all diseases!"

After Ling Feng finished speaking, he took out a very delicate box from his body. The box was wrapped in red cloth and tied with a red rope!

"These thousand-year-old ginseng is all spiritual. If it is not wrapped in red cloth and tied with a red rope, it will probably run away!"

Ling Feng explained as he handed the box to Su Wenzong!

"Xiao Feng, you are so polite!" Su Wenzong happily took the box, and then continued: "Is your dad busy recently? I always want to find time to sit with him, but I never have the chance!"

"Uncle Su, my dad has been very busy recently. You also know that there is a Hong Kong businessman who wants to invest in Hongcheng. My dad accompanies him everywhere every day. However, I told my dad about the development of the land west of Sujia City. , he has already ordered people to start the review and approval!"

After Ling Feng finished speaking, he didn't forget to glance at Chen Ping!

He believed that Chen Ping would know his identity when he heard this, and he would definitely be scared!

When Su Wenzong heard Ling Feng's words, he laughed happily: "Xiao Feng, Uncle Su is so grateful to you. If the land in the west of Sujia City can be developed, Uncle Su will not forget this kindness from you!"

"Uncle Su, you're welcome. We are all one family, so why are you so polite?"

When Ling Feng was talking about his family, he deliberately emphasized his tone and gave Chen Ping a provocative look!

However, Chen Ping didn't look at him at all, with a calm expression on his face. Chen Ping was not surprised at all about Ling Feng's identity!

Ling Feng was a little surprised to see Chen Ping so calm. He was surprised that Chen Ping hadn't understood his identity yet!

"Mr. Su..." Chen Ping took out the refined elixir and spoke!

But as soon as he opened his mouth, Su Yuqi pinched him hard and glared at Chen Ping!

Chen Ping woke up suddenly and hurriedly changed his words: "Uncle, the elixir I have refined for you is ready. As long as you eat it, your body will be fine!"

Su Wenzong took the elixir from Chen Ping, and he was even more excited than he was when he got Ling Feng's thousand-year ginseng!

After all, Su Wenzong knew Chen Ping's abilities, and it would not be an exaggeration to say that the elixir Chen Ping refined was an elixir!

After taking the elixir, Su Wenzong swallowed it directly.

Seeing a black pill that made Su Wenzong more happy than his own thousand-year-old ginseng, Ling Feng suddenly became very angry!

“Uncle Su, a black pill won’t make you so happy, right? I’ve taken this thousand-year-old ginseng, but it’s much better than his pills that I don’t know where it came from!”

Ling Feng said slightly unhappy!

Chapter: 367

Su Wenzong was about to open his mouth to explain, but Chen Ping smiled coldly: “Who knows if you have thousand-year-old ginseng or grass roots inside?”

When Ling Feng heard this, his face suddenly changed: “Boy, what do you mean? I spent more than one million to buy this thousand-year ginseng. How could it be grassroots? If I wasn’t afraid that the ginseng would escape if I opened the box, I’ll show you now!”

Hearing what Ling Feng said, Chen Ping and Su Yuqi burst into laughter.

They didn’t expect that Ling Feng really believed that the thousand-year-old ginseng was spiritual and could escape!

And how can one million buy thousand-year ginseng? You must know that the century-old ginseng, *Ganoderma lucidum* and the like prepared by Su Yuqi cost several million. The elixir refined by Chen Ping cost more than one million. !

“Why are you laughing? Do you think I can’t lie?”

Ling Feng was a little anxious!

“Ling Feng, you didn’t look at this thousand-year ginseng when you bought it, right? Did you just sell it to you directly?”

Su Yuqi tried hard to suppress her laughter and asked Ling Feng.

“Of course I saw it. How could I be that stupid? But we were covered by a red cloth and opened a crack so that the human ginseng couldn’t escape!”

Ling Feng hurriedly explained.

Hearing what Ling Feng said, Chen Ping and Su Yuqi became even more convinced that this guy had been deceived. Even Su Wenzong shook his head with a helpless smile on his face!

This Ling Feng is just a young man who has never been beaten in society at all, so he thinks many things too naively. After all, who dares to provoke the young man who is the top leader in Hongcheng?

As for the Audi car outside, no matter where it drives in Hongcheng, others will stay away.

“I believe you are not lying, I absolutely believe it!” Chen Ping suddenly followed Ling Feng with a serious look on his face!

Just when Ling Feng looked at Chen Ping and couldn’t figure out what Chen Ping meant, Chen Ping, who was originally serious, laughed again, and then said: “But I don’t believe that mountain farmer, maybe he You lied!”

Ling Feng’s eyes widened, he understood that Chen Ping still didn’t believe it!

“I have to slap you in the face today. I want you to see if it’s grass roots or wild ginseng!”

Ling Feng was anxious, took the box and opened it.

When the box was opened, Ling Feng was stunned for a moment. He saw a few dry grass roots lying inside the box. There was no thousand-year-old ginseng!

“Kekeke...”

When Su Yuqi saw this, she almost shed tears of laughter.

Su Wenzong couldn’t help but laughed out loud.

One million to buy a few grass roots, what a huge mistake!

Chapter: 368

“Damn it, if you dare to lie to me, I will find him and put him in prison for the rest of his life...”

Listening to the laughter of several people, Ling Feng was so angry that he threw the box to the ground and roared loudly.

“Do you know the name of the man who sold you ginseng? Where does he live? Where are you going to find him? That’s Yuncheng, not Hongcheng. Your father’s hands can’t reach there!”

Chen Ping continued to stimulate Ling Feng, which made Ling Feng’s face turn red with anger, but he had nothing to say. After all, what Chen Ping said was the truth!

“Okay, okay, you will gain wisdom after every experience. There is no one who will not suffer losses when walking in society. Let’s continue to drink tea!”

Su Wenzong hurriedly helped Ling Feng step down.

Otherwise, if Chen Ping and Ling Feng really start a fight, the matter will not end well. After all, Ling Feng is the son of the top leader in Hongcheng, and Su Wenzong does not dare to offend easily!

“Uncle Su, I still have a few hundred-year-old ginseng plants at home. They are all genuine. I’ll ask the driver to get them for you now!”

Ling Feng felt that he was losing face, so he planned to ask the driver to bring some ginseng plants from home!

“Xiao Feng, no need, Uncle Su has accepted your wishes!”

Su Wenzong hurriedly stopped him!

But Ling Feng had already stood up and walked out, walked to the car, whispered a few words to the driver, and glanced at Chen Ping from time to time. The driver nodded and drove away!

It only took more than twenty minutes for the driver to come back with a gift box in his hand. After seeing Ling Feng, he handed it to Ling Feng and said a few words in Ling Feng's ear!

After the driver finished speaking, a flash of excitement suddenly flashed across Ling Feng's face, and he looked at Chen Ping with contempt in his eyes!

Ling Feng waved his hand and asked the driver to go out and wait. He walked up to Su Wenzong with the gift box and said, "Uncle Su, here are some century-old ginseng plants. Make soup for yourself when you have nothing to do!"

This time, Ling Feng opened the gift box in person. As expected, there were several ginseng plants inside, and they were in good condition.

"Xiao Feng, you don't have to be so polite. Since it's your wish, then Uncle Su will accept it!"

Su Wenzong took the gift box!

"Uncle Su, you should take good care of your health in the future. Don't eat everything given by anyone, especially the food given by the reform-through-labor prisoners. Don't you know that these people are very bad. There are no good people in prison. Even if they are released, they will still be there." It can't change his status as a reform-through-labor prisoner!"

When Ling Feng said this, he looked directly at Chen Ping, his face full of sarcasm!

It was obvious that he had just asked the driver to investigate Chen Ping and found out something about Chen Ping!

"Ling Feng, what do you mean? After being in prison, there are no good people anymore? Don't be mean in your words..."

When Su Yuqi heard that Ling Feng was obviously targeting Chen Ping, she immediately became unhappy!

Seeing that Su Yuqi was actually protecting Chen Ping, Ling Feng's face instantly turned ugly, and he shouted at Su Yuqi: "Yu Qi, let me ask you, what attracts you to this prisoner through labor, and why do you always speak up for

him? I am right Can't you see what you're thinking? As long as the two of us come together, the Su family can prosper forever in Hongcheng. Isn't that good? "

Chapter: 369

"Ling Feng, although you are a second-generation official that everyone admires, I don't care about you. Do you understand?"

Su Yuqi gave Ling Feng a bored look!

"Why, why is this?" Ling Feng grabbed Su Yuqi's arm: "Am I not as good as this labor prisoner? How am I inferior to him?"

Ling Feng's face was full of ferocity and he roared loudly!

Su Yuqi frowned, her expression slightly painful: "Ling Feng, you hurt me!"

But Ling Feng seemed to be crazy, holding on to Su Yuqi and not letting go at all!

"Xiaofeng....."

Su Wenzong's face turned cold. It was too much to attack his daughter directly in front of him!

"you wanna die....."

Chen Ping narrowed his eyes slightly, and a murderous intention burst out from his body!

Then he directly stretched out his hand to rest on Ling Feng's wrist. Ling Feng felt as if his wrist was clamped by a vise, and waves of severe pain came from his heart!

"ah....."

With a scream, Ling Feng let go of his hand, and Su Yuqi took the opportunity to run behind Chen Ping!

Chen Ping punched Ling Feng!

“Chen Ping, please don’t do anything...”

Su Wenzong hurriedly stopped him!

Ling Feng is the most powerful young man in Hongcheng, so he can’t hit him casually. If he punches him, he’s afraid something bad will happen. If Chen Ping doesn’t care about the severity and beats Ling Feng to death with one punch, it will be a big deal!

Seeing Su Wenzong speak, Chen Ping stopped his fist in time, but the sharp punch still caused a burning pain on Ling Feng’s face, and his crotch instantly became wet.

In such a young life, Ling Feng had never been bullied like this before. Just feeling Chen Ping’s fist made Ling Feng scared to death.

“If you dare to touch Yu Qi, I will kill you!”

With Chen Ping’s slight flick, Ling Feng instantly flew out of the pavilion and fell heavily to the ground!

Ling Feng stood up, his eyes full of viciousness. Looking at his wet pants, he had no shame in staying any longer!

“Boy, you are just a reform-through-labor prisoner. If you dare to go against me, I will kill you in minutes. Just wait!”

Ling Feng put down his harsh words, turned around and left!

Chapter: 370

After Ling Feng left, Su Wenzong breathed a sigh of relief: “Fortunately you stopped. If you had hit him, I’m afraid this matter would be difficult to handle. This is the city’s top son!”

“His wrist has been broken by me!”

Chen Ping said calmly!

He has known Ling Feng's identity for a long time, so what can he do if he is the city's top young master? Chen Ping is not afraid at all!

"What?" Su Wenzong was shocked: "You...you broke Ling Feng's wrist? This is really bad!"

Su Yuqi was also shocked: "It's over, I'm afraid Ling Feng won't let it go now!"

The faces of Su Wenzong and Su Yuqi were full of worry!

"It seems that we can only ask Gu Gu about this matter. Although he has retired from the provincial government, he should still have some connections and can help to strike up a conversation!"

Su Wenzong immediately thought of Gu Wentian.

Although the Su family is the richest man in Hongcheng, in the eyes of other politicians, businessmen like them are just pawns to make money, with no status at all!

"Although that guy is the son of a city leader, there's no need to be so nervous, right? He just broke his wrist, but it's not like he can't reattach it. Besides, as the head of a city, his father won't be unreasonable, right?"

Seeing Su Wenzong's worried look, Chen Ping was puzzled!

"You don't know, this Ling Feng is used to being domineering in Hongcheng. Although Mayor Ling is honest and upright, he is so busy with work that he doesn't know anything about Ling Feng at all, and no one dares to tell him. It's become like this now, I'd better go to Gu Gu to ask about this matter!"

After Su Wenzong finished speaking, he left directly to ask Gu Wentian!

"You really shouldn't have been so harsh. This time you are really in trouble!"

Su Yuqi glanced at Chen Ping helplessly and said.

“I will hit anyone who touches you, not even the King of Heaven!”

Chen Ping looked at Su Yuqi and said seriously.

Seeing Chen Ping’s serious look, Su Yuqi felt sweet in her heart. She rolled her eyes at Chen Ping and said, “You’d better go out and hide quickly. Let my dad look for Gu Gu. When the matter is resolved, you will come back!”

Su Yuqi pushed Chen Ping away. She was afraid that Ling Feng would really find someone to come and cause trouble in the future!

Chen Ping had no choice but to go home after being pushed out by Su Yuqi. The resources in the seven-star disk were enough for him to practice for one day. After returning home, Chen Ping didn’t go anywhere and just practiced in his room!

Early the next morning!

Su Wenzong personally called Chen Ping and asked Chen Ping to go to Su’s house. Chen Ping had to listen to his father-in-law’s call!

When Chen Ping rushed to Su’s house, he found that Su Wenzong had prepared a whole trunk full of gifts!
