

## **The Order 3631**

Chapter: 3631

We are only one step away from the realm of the Martial God!

“Hey, this technique consumes too many resources...”

Chen Ping sighed helplessly. If it were anyone else, the five psychic fruits would have already broken through to the realm of the God of War!

But Chen Ping’s ten psychic fruits are only at the peak of the Martial Saint, and he is still one step away from becoming a Martial God!

Chen Ping glanced at Liu Rui and found that the aura on her body had become stronger. She should be able to reach the realm of the fifth-grade Martial God, but Liu Rui only consumed two psychic fruits, and there was another one in front of her!

Chen Ping felt that the power in his body had become many times stronger, and he felt that he should be able to deal with Tong Youcai and the others. Even if he was defeated, it would be easy to escape!

Chen Ping tried to open the ball that trapped them in front of him, but no matter what method Chen Ping tried, he couldn’t move at all!

At this time, Chen Ping was a little panicked. He didn’t expect that the ball formed by the branches and leaves of the psychic fruit was so strong!

If this cannot be opened, won’t they be trapped here?

At this moment, Liu Rui opened his eyes, the aura on his body began to become a little manic, and his face turned red!

When Chen Ping saw this, he frowned slightly, and a burst of spiritual power instantly penetrated Liu Rui’s body, directly suppressing the manic aura in Liu Rui’s body!

“This psychic fruit is so powerful. I only ate two of them and I almost couldn’t control the power in my body. If I had eaten a few more, I would have exploded and died.”

Liu Rui let out a sigh of relief, but when she saw that Chen Ping had eaten all ten psychic fruits, she was stunned.

“Mr. Chen, you...how can you eat so much and still have nothing to do?”

Liu Rui looked at Chen Ping with envy: “With ten psychic fruits, I’m afraid Mr. Chen’s current cultivation level has already reached the level of the God of War, right?”

Chen Ping shook his head: “It’s just the peak of the Martial Saint, only one step away from the Martial God...”

“Ten psychic fruits only increased your cultivation level by this small amount. It’s a bit of a waste...”

Liu Rui couldn’t help but feel a little regretful when she saw that Chen Ping’s improvement from ten psychic fruits was almost the same as his own two!

However, Chen Ping didn’t say anything. The resources he needed for cultivation were several times that of others!

“Mr. Chen, since you are now at the peak of the Martial Saint, there is also a psychic fruit here. If you eat it, will you be able to break through to the Martial God?”

Liu Rui handed Chen Ping a psychic fruit in front of him and said.

Chen Ping didn’t know if a psychic fruit could help him break through to the Martial God, but since he still had one, let’s give it a try!

So Chen Ping swallowed the psychic fruit directly!

A vast galloping force began to circulate around Chen Ping, and Chen Ping began to refine it!

Chapter: 3632

As Chen Ping was refining, Liu Rui's eyes became more and more surprised, because she felt that the aura on Chen Ping's body had reached a terrifying level!

The spiritual power in Chen Ping's body began to roar, impacting the realm of the God of War again and again!

Rumble.....

Suddenly, there was a sound of thunder, followed by a large black cloud, floating over the psychic tree!

Seeing this sudden change, Tong Youcai and Leng Yun all looked up!

"Is that boy going to break through the Martial God? This should be a thunder disaster!"

Leng Yun looked at the black clouds in the sky and frowned slightly!

"This kid must have secretly eaten the psychic fruit, otherwise how could he have broken through so fast!"

When Tong Youcai thought about Chen Ping eating the psychic fruit, his eyes were full of anger!

Only the great protector looked at the black clouds in the sky with a solemn expression!

"How could this kid break through the Martial God and have such a powerful thunder disaster?"

The Great Protector passed through the black cloud and discovered the difference in this thunder tribulation!

Just as the Great Protector finished speaking, suddenly above the black clouds, a bolt of lightning instantly struck towards the ball!

Rumble.....

The thunder calamity struck the ball instantly, but the ball did not change at all!

Chen Ping, who was inside at the moment, had already fallen into meditation, and his whole body relaxed, waiting for the last moment of breakthrough!

Rumble.....

Another thunderstorm came down!

The thunder calamity hit the ball, bursting out waves of terrifying power. Even though Tong Youcai and the others were on guard, they were still shaken backwards by the terrifying aftermath!

“Isn’t this Thunder Tribulation too perverted?”

Tong Youcai got up from the ground and said in surprise.

“It is indeed a bit perverted. If it weren’t for the protection of this ball, wouldn’t Chen Ping be wiped out by this kind of lightning disaster? Can he still break through?”

Leng Yun was also surprised, how could he resist such a thunder disaster?

Before a few people could wake up from the shock, another thunderstorm crashed down!

Chapter: 3633

Rumble.....

Rumble.....

.....

“This...how many thunder tribulations is this? Is it over yet?”

Tong Youcai felt a little stupid when he saw that the black cloud had not dispersed for a long time, and the thunder calamities continued to strike down!

You must know that they have all experienced breakthroughs from the God of War and endured thunder tribulations, but no one has endured such a terrifying thunder tribulation!

Even if he broke through the Martial Emperor’s thunder tribulation, he wouldn’t be so abnormal, right?

“The seventh path...”

Leng Yun said slowly, with deep shock in his tone!

Click.....

Just after the seventh thunderstorm crashed down, the ball finally made a crisp sound!

Then the ball began to fall apart like petals and spread out in all directions!

The figures of Chen Ping and Liu Rui were also exposed!

Although the ball has dispersed, Chen Ping still closed his eyes slightly and remained motionless!

And the black clouds in the mid-air are still dense, with no intention of dispersing!

“Is there another thunder disaster behind me? I want to see how this kid can resist!”

Tong Youcai saw that the black cloud had not dispersed, so he said.

Rumble.....

A bolt of purple lightning flashed through the thick black clouds, accompanied by a huge roar, and struck directly towards Chen Ping!

This time, the power of the thunder tribulation was even stronger, like thousands of horses galloping down. Liu Rui, who was beside Chen Ping, couldn't bear the pressure and fell directly from the psychic tree!

The power of the thunderstorm hit Chen Ping's body, and green smoke rose up. The huge smoke covered Chen Ping's body!

Tong Youcai and others in the distance could even smell the burnt smell!

“I would say that no one can bear this kind of perverted thunder disaster. I guess Chen Ping is not wiped out in ashes now, but has become a coke.”

Tong Youcai said with a sneer on his face.

Chapter: 3634

After smelling the burnt smell, the Great Protector said with a little regret: “What a wonderful body, what a pity, what a pity...”

“Chen Ping is also unlucky. He probably swallowed the psychic fruit, which is why the thunder calamity was so fierce. It seems that the psychic fruit is a good thing, but it also has its drawbacks!”

Leng Yun thought that Chen Ping caused such a perverted thunder disaster because of his breakthrough in swallowing the psychic fruit!

But just when several people thought Chen Ping was dead, the smoke cleared, but Chen Ping was still sitting there, not dead at all, nor turned into charcoal!

It's just that the clothes on his body were torn to pieces by the thunder tribulation, and he looked like a beggar!

Chen Ping's body began to float slowly, the skin on his body slowly became transparent, and the blood in his body could be clearly seen!

“this.....”

When Tong Youcai and the others saw this, they all looked up and stared blankly, their mouths wide open, their faces full of disbelief!

Rumble.....

Another bolt of lightning came, and this time it was golden lightning.

With the flash of golden lightning, the black cloud finally dissipated!

And the thunder tribulation hit Chen Ping, instantly turning Chen Ping's transparent body into golden color!

At this time, Chen Ping was suspended in the air, his whole body covered with bright golden light!

The aura of terror kept rising and soon reached its peak!

Buzz.....

I saw a fluctuation in the entire void, and then the aura on Chen Ping's body began to increase exponentially!

The terrifying aura began to spread to the surroundings. Tong Youcai and others felt this aura, and their hearts trembled, and they even felt like kneeling!

Slowly his breath dissipated, and Chen Ping slowly opened his eyes. At this time, Chen Ping had a kind of majesty on his body. His body was hanging in the air, and wherever he looked, he was like a god looking down on all living beings!

"Breaking through the Martial God, fighting like this, this guy is so extraordinary!"

A solemn look appeared on the Great Protector's face, and he adjusted his breath to the best state!

"Hmph, he relied on the psychic fruit to cause such a huge thunder disaster. Originally, the psychic fruit belonged to us."

Tong Youcai snorted coldly and looked at Chen Ping with gritted teeth.

Leng Yun also looked very ugly. If he had swallowed the psychic fruit, maybe the breakthrough formation would be so huge!

Chen Ping's body fell slowly, and Liu Rui had already taken off the clothes from the others and brought them to Chen Ping!

Chapter: 3635

We can't let Chen Ping fight naked, right?

And as a girl, Liu Rui would inevitably blush when she saw Chen Ping like this!

“Mr. Chen, clothes.....”

Liu Rui blushed and handed the clothes to Chen Ping!

Only then did Chen Ping realize that his clothes were in pieces, except for his important parts.

Chen Ping hurriedly put on his clothes, then looked at Tong Youcai and the others coldly and said, “This psychic fruit tastes really good, but it’s a pity that you will never be able to taste it!”

“Chen Ping, what are you so proud of? Even if you eat the psychic fruit, you have just broken through to the Martial God. Moreover, you can’t eat all the dozens of psychic fruits. There must still be psychic fruits hidden in you.” !”

Tong Youcai gritted his teeth and shouted loudly at Chen Ping!

“Boy, if you hand over the remaining psychic fruit, I can make your death painless. Don’t think that you can escape from here just because you broke through the Martial God!”

Although the Great Protector was shocked by Chen Ping’s battle formation when he broke through, even if Chen Ping broke through, he was only a first-class Martial God.

Compared to him, an eighth-grade Martial God, it was still a world of difference!

“Even if there’s some psychic fruit left, I can’t give it to you. Besides, there’s no left at all. I’ve eaten all of it, and I’m still not full!”

Chen Ping touched his belly and said.

“Depend on.....”

Tong Youcai hated it so much that the psychic fruit was a priceless treasure. One fruit was enough for others to practice for a year and a half, but Chen Ping actually took this spiritual fruit and ate it as food and said he was not full!

“Tong Youcai, he is deliberately making you angry. Stop nagging him. Kill him and take the psychic fruit!”

Leng Yun knew that it was impossible for Chen Ping to eat all those psychic fruits!

Tong Youcai nodded, and then the three of them looked at Chen Ping eagerly, ready to take action at any time!

And Liu Rui was on the side, his aura rising, and he was fully alert!

Tong Youcai’s body began to be filled with a faint green gas. This was the reason for genetic modification!

“Today, I will definitely kill you...”

After saying that, Tong Youcai rushed directly towards Chen Ping!

But before Chen Ping could make a move, Liu Rui from the side immediately stepped forward to greet him!

“Tong Youcai, let me teach you...”

Chapter: 3636

After Liu Rui swallowed the psychic fruit, her strength also increased greatly, so she was not afraid of Tong Youcai anymore!

“It’s just you two now, come on together so I can send you on your way at the same time!”

Chen Ping looked at the Great Protector and Leng Yun and said!

“Boy, I envy you that you can fight beyond the next level. But you are a newly promoted Martial God. If you want to fight an eighth-level Martial God like me, are you overestimating your capabilities?”

The Great Protector said with a sneer.

“I don’t think it’s you who overestimates your own abilities. You relied on absorbing the strength of others to quickly rise to the realm of the eighth-grade Martial God. However, this strength is ultimately obtained by evil magic. Even if you reach the realm of the eighth-grade Martial God, it’s a pity that you have not used it. It doesn’t show the power of a true eighth-grade Martial God!”

“Do you think I’m right?”

Chen Ping said with a smile.

The Great Protector’s face turned slightly cold. The strength gained from this kind of absorption is indeed not the same as the state achieved through down-to-earth practice!

The Great Protector didn’t understand how Chen Ping knew the disadvantages of this evil technique!

“Hmph, even if I can’t exert the power of a true eighth-grade Martial God, it’s more than enough to kill you!”

After the Great Protector finished speaking, he didn’t hesitate and rushed directly towards Chen Ping, punching him with one blow!

Chen Ping’s aura also exploded at this moment, golden light shone, and a golden dragon flashed behind him!

The power of the divine dragon reached its peak, and then a Holy Light Fist was swung out!

There are no skills or moves, just pure power!

The Great Protector and Chen Ping used their most primitive power to compete against each other!

The void trembles, and energy surges...

I saw two figures, one black and one gold, constantly colliding in the mid-air, with endless roars!

Leng Yun felt the manic power around him and kept retreating!

Chen Ping had just been promoted to the God of War, and the surging power in his body had nowhere to vent. At this moment, he happened to be practicing with this great protector.

boom.....

There was another violent collision, and the two people exerted their strength without reservation!

This impact caused the rocks to collapse and the earth to explode!

Even the psychic tree, which had been motionless, began to shake violently at this moment!

Chapter: 3637

Chen Ping and the great protector separated, and the two of them were evenly matched!

Leng Yun, who was watching the battle, was extremely shocked at this moment!

You must know that Chen Ping is just a newly promoted Martial God, but he is fighting with an eighth-level Martial God!

This is a bit incredible!

If it were him, he probably wouldn't be able to withstand even one punch in Chen Ping's hands!

Seeing Chen Ping's terrifying growth in strength, Leng Yun was frightened and frightened. If Chen Ping could not be destroyed here, they might all be retaliated against after they left!

"Great Protector, you are in the realm of the eighth-grade Martial God, but you are on par with Chen Ping. It seems that the strength increased by using evil magic is really unreliable!"

Leng Yun said to the Great Protector.

He did this on purpose, in order to arouse the fighting spirit of the Great Protector, so that the Great Protector and Chen Ping could fight to the death!

"Hmph, you know nothing..."

The Great Protector snorted coldly, then looked at Chen Ping and said, "Boy, it's amazing that you, a newly promoted Martial God, can have such power, but no matter how powerful you are, what's the use?"

"Just when we were fighting, I had already planted demon seeds in your body, and you will soon experience the feeling of hell!"

The Great Protector laughed, with endless ridicule in his eyes. He gently raised his palm, and the ground around Chen Ping began to tremble, and black tentacles emerged from the ground!

Chen Ping looked at these tentacles, which were exactly what the Great Protector used to absorb the strength of those warriors!

All the tentacles were moving towards Chen Ping together, and something seemed to be squirming in Chen Ping's body, and an unknown force was constantly impacting outwards from Chen Ping's body.

And this force attracted those tentacles, and they continued to attack Chen Ping!

Chen Ping wanted to dodge, but found that his body seemed to be frozen in place, unable to move at all.

Countless tentacles were all attached to Chen Ping's body, wrapping Chen Ping tightly!

These tentacles were like vampire bats, and they began to crazily absorb the power from Chen Ping's body, seeming to suck Chen Ping dry!

Liu Rui was shocked when she saw this scene. She wanted to rush over to help Chen Ping out, but she was hit by Tong Youcai's palm and her body flew out!

"Hahaha, no matter how strong you are, you are still making wedding clothes for others..."

The Great Protector laughed crazily.

At this time, he had already felt that the power in Chen Ping's body was constantly pouring into his body.

When Tong Youcai and Leng Yun saw this scene, they both looked envious!

Chapter: 3638

You must know that this great protector is absorbing Chen Ping's strength, and I am afraid that his strength will increase a lot!

By then, the Burning Heaven Sect may be the king and hegemon in the entire Hidden Realm, and a great protector will be so powerful!

Needless to say, the leaders of the Burning Heaven Sect, who rely on sorcery, must have grown in strength very quickly!

And just when the Great Protector's face was full of pride and he felt the power in his body growing, his body suddenly trembled slightly, and a smile instantly solidified on his face!

Immediately afterwards, the Great Protector's face was full of astonishment, and he looked at Chen Ping who was wrapped in tentacles in disbelief, his eyes full of horror!

"How...how could this happen?"

I saw the great protector's body shaking, and the power in his body was flowing away rapidly!

The Great Protector hurriedly controlled the tentacles to break away from Chen Ping's body, but found that the tentacles did not obey his command at all!

"ah....."

I saw a flame rising from the palm of the great protector's hand, and then the flame was instantly thrown towards those tentacles!

boom.....

The flames exploded instantly, and the tentacles were blown to pieces like fireworks!

And at the moment when those tentacles exploded, Chen Ping's figure flashed, and then he punched the great protector hard!

I saw the body of the great protector flying directly out, and then fell hard to the ground. His whole body was smashed into the ground several meters deep!

"Chen Ping?"

Tong Youcai and Leng Yun both looked at Chen Ping in disbelief, their eyes full of shock!

“Mr. Chen...” Liu Rui shouted happily when she saw that Chen Ping was fine!

At this time, Chen Ping was full of energy and stood proudly. He did not look like someone who had absorbed his strength.

The Great Protector climbed up from the pit and looked at Chen Ping in disbelief.

“You...how were you able to draw power through the Hands of Hell?”

The Great Protector didn't understand why Chen Ping was allowed to learn the unique skills of their Burning Heaven Sect?

“What is this? You haven't seen the things I know!”

“But I really appreciate the power you sent me. Otherwise, the battle just now would have consumed a lot of power.”

“It's really a nap, so someone gave me a pillow!”

Chapter: 3639

Chen Ping looked at the Great Protector with a sneer on his face.

Not to mention how ugly the Great Protector's face was at this moment. He originally wanted to absorb Chen Ping's strength, but he didn't want Chen Ping to suck away his own strength. Fortunately, he reacted quickly enough, otherwise he would have become a mummy by now. Got it!

“Chen Ping, don't be proud. Even if the hands of hell can't deal with you, I still have other ways...”

The Great Protector was so angry at Chen Ping's appearance that he almost vomited blood and stared at Chen Ping!

“You have other options, don’t I?”

After Chen Ping finished speaking, a cold look flashed in his eyes, and then he stretched out his right hand, and the Dragon-Slaying Sword instantly appeared in his hand!

At this time, the sword energy of the Dragon-Slaying Sword soared into the sky, heading straight into the sky. As Chen Ping was promoted to the God of War, the power of the Dragon-Slaying Sword also increased a lot!

Then Chen Ping shouted angrily, and the dragon-slaying sword was filled with light and sword energy.

One after another, the terrifying sword energy went straight towards the great protector, but the great protector could only retreat and keep parrying!

The endless sword energy slashed hard, and the great protector instantly disappeared into the smoke!

When the smoke and dust dissipated, the Great Protector slowly stood up, but at this time, his whole body was covered in scars, and one arm was shaking constantly, with only a little flesh attached to it!

Tong Youcai and Leng Yun looked at the Great Protector with shock on their faces!

You must know that they can only count on the Great Protector to deal with Chen Ping, but now that the Great Protector himself has been injured like this, one of his arms was almost cut off, then aren’t they doomed?

“The eighth-grade Martial God is indeed extraordinary. He was not hacked to death...”

Chen Ping held the dragon-slaying sword and said lightly.

The Great Protector looked at his severed arm and gritted his teeth and said: “You, a little new Martial God, dare to hurt me. I will cut you into pieces...”

The Great Protector roared angrily, and his body began to slowly rise into the air. Then a black aura filled the air around his body, and countless tentacles began to emerge from the ground!

These tentacles began to attack all living creatures on the ground crazily, even Tong Youcai and Leng Yun were not spared!

And Liu Rui, accidentally, the tentacles under his feet entangled his body!

“Mr. Chen.....”

Liu Rui was shocked and hurriedly shouted to Chen Ping!

When Chen Ping saw this, the dragon-slaying sword in his hand instantly erupted with a sword light, instantly cutting off the tentacle!

Tong Youcai and Leng Yun were also entangled by the tentacles unpreparedly!

“Great Protector, what are you doing? Let us go...”

Chapter: 3640

Tong Youcai and Leng Yun shouted!

“None of us can escape until this kid dies. Instead of being killed by this kid, you might as well contribute your part and help me kill him. This will grant you your wish!”

The Great Protector said with a stern expression.

“no, do not want.....”

“Do not do this.....”

Tong Youcai and Leng Yun struggled desperately!

They never expected that they would not die in Chen Ping's hands, but would be tricked by Fentian Sect!

Chen Ping waved his sword to protect Liu Rui, preventing Liu Rui from being entangled by those tentacles, while his cold eyes watched the struggle of Tong Youcai and Leng Yun!

When the two of them chose to cooperate with the Burning Heaven Sect, they should have thought of this final outcome!

"If you treat us like this, after you get out, our Tianlei Sect will definitely destroy your Fentian Sect."

"We, the Flying Star Sect, will spare no effort to avenge me and hunt down everyone in your Burning Heaven Sect."

Tong Youcai and Leng Yun threaten the Great Protector!

But the Great Protector was not afraid at all, and said with a cold smile: "You died here, who knew it was me who killed you? I can say that you were all killed by this kid Chen Ping, haha..."

It seemed that the Great Protector had already made a plan. Even if they got the psychic fruit, Tong Youcai and Leng Yun probably wouldn't be able to get it in the end.

"Chen Ping... no... Mr. Chen, help me. As long as you save my life, I will never trouble you again."

"Handsome Chen, for the sake of me leading you to find the ruins, save me, save me..."

Tong Youcai and Leng Yun began to desperately call for help from Chen Ping!

However, Chen Ping's face was cold and he would not save them at all.

Soon, Tong Youcai and Leng Yun gradually lost their voices, and the aura of the great protector was growing rapidly!

The arm that was about to be broken began to recover quickly, and even the wounds on the body were recovering quickly, and a green aura began to fill the body!

Chen Ping knew that this was due to absorbing the strength of Tong Youcai. That Tong Youcai modified his genes to make wounds heal quickly. Now the great protector also has this ability!

"Boy, I think you're not dead this time..."

The Great Protector's cultivation level broke through the eighth level, and did not stop until he reached the peak of the ninth level. If he were to swallow a few psychic fruits at this time, he would probably be able to break through to the Martial Emperor!

I saw the Great Protector suddenly rushing towards Chen Ping, as fast as lightning, so that Chen Ping could not catch him at all!
