

The Order 3641

Chapter: 3641

Chen Ping only felt a heavy punch in the chest, and his body flew out directly, hitting a huge boulder hard!

But before Chen Ping could react, the great protector came to Chen Ping again and stepped on him hard!

boom.....

There was a loud noise, the earth trembled, and a huge pit appeared instantly!

And Chen Ping's body was instantly trampled into a deep pit.

"Hahaha, boy, let me see what else you can do this time!"

The Great Protector looked down at Chen Ping wildly and laughed loudly.

"Mr. Chen....."

When Liu Rui saw this, she shouted anxiously.

In the deep pit, blood overflowed from the corner of Chen Ping's mouth. With Chen Ping's current status as a Martial God, he still had no way to deal with masters at the peak of the Martial God!

In terms of strength and speed, the peak of the Martial God is almost beyond the Martial God. All it takes is an opportunity to break through the Martial God and reach the realm of the Martial Emperor!

Chen Ping struggled to get up. Although he knew that with his current strength, it was almost impossible to deal with the peak of the Martial God, but Chen Ping would never surrender and wait to die!

He just needs to think of ways to absorb some strength and let his strength break through, and he will be able to deal with this great protector!

But except for the two psychic fruits in his storage ring, there was almost nothing at the scene that could help him quickly improve his strength!

But if they eat two psychic fruits, then Hu Mazi and Long Xingxu are basically hopeless and will have to lie in bed for the rest of their lives!

Chen Ping must not do this, he must save these two people!

Another way is to absorb Liu Rui's strength and let himself break through, but in that case, Liu Rui will die and become a mummy.

This is what Chen Ping can't do. He can't do things that hurt his friends for his own sake!

Just when Chen Ping was helpless in the deep pit, suddenly a stream of spiritual energy came from his feet quickly!

Chen Ping's face was full of surprise. He hurriedly looked down and found a thick tree root exposed in front of Chen Ping!

Looking at the tree roots and the thick aura, Chen Ping was overjoyed!

This should be the root of the psychic tree, now exposed in front of Chen Ping!

You must know that such a huge psychic tree must have huge spiritual energy inside. Now Chen Ping only needs to make the spiritual energy in this psychic tree his own, so why worry about not improving his strength?

Chen Ping gently touched the roots of the psychic tree with his hand, and a surging power instantly filled Chen Ping's body!

Chapter: 3642

In an instant, this force broke through Chen Ping's limbs and hundreds of acupuncture points, hovering in his dantian!

At this moment, the Heart Condensation Technique began to operate at full speed, constantly transforming this power and turning it into one's own use!

The psychic tree seemed to have sensed something, and began to move automatically without wind. The leaves rustled, and leaves kept falling. At this moment, every leaf that fell turned into a sharp weapon, constantly attacking the surroundings!

Liu Rui and the great protector all retreated quickly, avoiding the attack range of those leaves!

Looking at the constantly shaking psychic tree, the Great Protector's eyes were filled with doubts. He didn't know what was going on, and why the originally motionless psychic tree was shaking so violently!

Just when the Great Protector's face was full of doubts, he suddenly felt Chen Ping's rising aura from the deep pit!

"How is this going?"

The Great Protector frowned and wanted to get closer to see what happened to Chen Ping in the pit!

But every leaf on the psychic tree is as sharp as a steel knife. Even if the Great Protector is at the peak of the Martial God realm, as long as he comes within range, his skin will be instantly scratched by the leaves!

Soon, the Great Protector discovered that there was a golden light in the deep pit, and Chen Ping's aura reached the peak of the first-grade Martial God from the newly promoted first-grade Martial God in an instant, and was about to break through to the second-grade Martial God!

“What’s going on? What’s going on?”

The Great Protector was a little confused. What kind of situation could allow a person to reach the peak from a first-level Martial God in just a short moment!

Before the Great Protector could figure it out, the aura on Chen Ping’s body had already broken through the first-grade Martial God and reached the second-grade Martial God realm!

And the aura has not stopped, it is still rising. No one knows to what extent Chen Ping’s strength will rise!

At this time, the psychic tree has begun to slowly dry up from the top of the tree crown!

Looking at the gradually drying psychic tree, the Great Protector seemed to understand!

“Damn, this kid is actually absorbing the power of the psychic tree...”

The Great Protector knew that Chen Ping was actually absorbing the power of the entire psychic tree!

You must know that the effect of this entire psychic tree is many times more powerful than that of the psychic fruit!

“No, we must not let this guy break through again...”

The Great Protector shouted loudly, and black mist rose up around his body. He casually wrapped himself tightly and rushed directly towards the deep pit!

The leaves continued to fall along the way, and then passed by the Great Protector, sparking a stream of fire, but this could not stop the Great Protector!

At this time, Liu Rui seemed to see something, so he ignored the danger and rushed in with a long sword in hand. The leaves scratched wounds on Liu Rui's body like steel knives, but Liu Rui was not afraid at all!

She needed to buy Chen Ping some time, even if it was just a minute and a second.

Chapter: 3643

The long sword in Liu Rui's hand turned into a spiritual snake and headed directly towards the Great Protector!

But the Great Protector didn't even look at it, and waved his hand gently: "Humph, something that doesn't overestimate its own capabilities..."

With just this gentle wave, Liu Rui's body flew upside down like a kite with its string broken!

The difference in strength was too big. Liu Rui couldn't stop the Great Protector, not even for a second!

When the Great Protector came to the pit, he saw Chen Ping sitting cross-legged in the pit, with the golden light on his body flashing continuously.

The Great Protector's eyes were red, he stared at Chen Ping, and shouted loudly: "I will not let you have a chance to make a comeback..."

After saying that, the Great Protector slapped his palm towards the pit, and a huge palm print appeared, surrounded by black mist, covering the entire area of the pit!

Seeing that palm getting closer and closer, it immediately reached the top of Chen Ping's head. Chen Ping's eyes suddenly opened!

Chen Ping's skin turned golden, and golden scales covered Chen Ping's body, accompanied by Chen Ping's roar!

A terrifying force emitted from Chen Ping's body, and quickly shot up from the deep pit into the sky!

The huge palm print of the Great Protector was instantly destroyed by this force!

Chen Ping's body slowly rose from the pit, and finally floated in mid-air. Behind Chen Ping, the withered psychic tree was now burning with raging flames!

In just a moment, the psychic tree turned into ashes. An ancient sacred tree has now turned into nothingness...

The Great Protector looked at Chen Ping in mid-air, with a bit of surprise and shock in his eyes!

He didn't expect that Chen Ping could easily pass through his palm prints.

At this moment, Chen Ping had an indifferent expression in his eyes. Feeling Chen Ping's gaze, the Great Protector's body began to tremble involuntarily!

A monstrous aura erupted from Chen Ping's body, and then Chen Ping roared, and a golden light suddenly appeared on his body.

Feeling Chen Ping's explosive aura, the Great Protector was stunned. This was the aura of a third-grade Martial God. He never expected that Chen Ping would be promoted from a first-grade Martial God to a third-grade Martial God in just a short period of time!

But before the Great Protector could react, the aura in Chen Ping's body began to spread in all directions!

Feeling the terrifying aura, the Great Protector's body began to retreat continuously, and in the end, he was directly blown away by the terrifying aura!

Upon seeing this, the Great Protector knew that Chen Ping could not be allowed to continue like this, so he had no choice but to use his unique skills!

"Burning Sky Palm....."

The Great Protector shouted loudly, and an overwhelming energy instantly condensed in front of the Great Protector, and there were flames burning all around!

When Chen Ping saw this, he snorted coldly, and then waved his hand!

Chapter: 3644

A bright golden light instantly collided with the Great Protector's Burning Heaven Palm, making an earth-shaking loud noise!

The breath exploded and the space shook!

The ground began to collapse, and rocks continued to fly across the surrounding stone walls!

The ruins of Narcissus Palace seem to be collapsing!

The golden light that Chen Ping waved instantly penetrated the Burning Heaven Palm and hit the great protector hard!

The body of the Great Protector flew out instantly, with incredible expression in his eyes!

While the great protector was still stunned, Chen Ping's body instantly arrived in front of the great protector, and his speed was actually a few points faster than the great protector!

"this....."

The Great Protector showed no reaction, and was immediately kicked out by Chen Ping!

boom.....

The Great Protector's body hit the stone wall hard, causing the rocks to collapse, and the entire Narcissus Palace was about to be destroyed.

The Great Protector suddenly spurted out a mouthful of blood, and the aura on his body began to wane!

Chen Ping slowly walked towards the great protector, and the great protector's expression was extremely ugly!

"Chen Ping, if you let me go, I can give you a lot of resources..."

The Great Protector is following Chen Ping to beg for mercy!

"Humph, you are just a protector of the Burning Heaven Sect. Your leader has not spoken, so what you say is nothing!"

"But your strength, the peak of the ninth-grade Martial God, is the best resource for me!"

Chen Ping had a sinister smile on his face. He was confident that as long as he absorbed the power of this great protector, he would definitely be able to improve!

Seeing Chen Ping like this, the Great Protector would definitely not let him go, so he narrowed his eyes slightly and said: "Chen Ping, don't think that you will defeat me today. If I don't have some means to save my life, how dare I do it?" Protector of the Burning Heaven Sect!"

After the Great Protector finished speaking, he suddenly took out a token from his body, and then crushed the token in an instant!

As the token was crushed, the space in front of the Great Protector began to become distorted, and the figure of the Great Protector became increasingly faint!

"Space magic, you want to escape..."

When Chen Ping saw this, he suddenly rushed forward, and then grabbed the big protector with a huge palm!

Unfortunately, Chen Ping was still a step too late. The figure of the Great Protector slowly disappeared, but Chen Ping did not catch him!

Chapter: 3645

Seeing the great protector escaping, Chen Ping was very upset. He never thought that the great protector of the Burning Heaven Sect could actually know space magic!

Just after the great protector escaped, the entire Narcissus Palace ruins began to tremble violently, and large rocks fell one after another!

“Miss Liu, let’s go quickly...”

Upon seeing this, Chen Ping hurriedly took Liu Rui back along the original route.

When Chen Ping and the others came out of the tiankeng, they found that the tiankeng was surrounded by the corpses of many warriors!

Most of these corpses came from the martial arts community outside the world, but Chen Ping did not find Jiang Wei and the others. He didn’t know whether these people were killed or escaped!

“Mr. Chen, are there other hidden sects appearing in the Kunlun Mountains?”

Liu Rui looked at the corpses on the ground and asked involuntarily.

You must know that basically all the people brought by Tong Youcai were killed by Chen Ping. Now that so many of these outsider warriors have died, it should be other hidden world sects who did it!

“That’s right, we have to be careful...”

Chen Ping warned Liu Rui!

But not long after the two people left, they heard the sound of fighting. Chen Ping and Liu Rui followed the sound and looked for it!

At this time, Chen Ping discovered that there were five old men attacking Jiang Wei and others. These five old men were like wolves among the sheep. Jiang Wei and others, outside warriors, would only be slaughtered!

“Mr. Chen.....”

After seeing Chen Ping, Jiang Wei, Hong Qianjiu and others quickly shouted for help!

“Who are these people?”

Chen Ping frowned slightly and asked Liu Rui.

These people are ruthless, killing people is like stepping on ants!

“People from the Feixing Sect, these are the five elders of the Feixing Sect...”

Liu Rui followed Chen Ping and said.

Chen Ping and Liu Rui stepped forward and protected Jiang Wei and others behind them, while the great elder of Feixing Sect said with a cold face: “Who are you?”

“Brother, this little girl is from the Chunyang Sect.”

Another elder said.

“People from the Chunyang Sect?” The great elder frowned slightly: “Don’t meddle in other people’s business and get out of here...”

Chapter: 3646

“I think it’s you who should get out, right?”

Chen Ping’s eyes flashed with murderous intent, and he stepped forward and slapped the elder away!

“The eldest son of your Flying Star Sect is dead, but you don’t want to think that you, the little elders, dare to show off your power...”

Chen Ping said coldly.

“What? Did you kill our eldest son?”

The elders of Feixing Sect were all shocked!

Chen Ping didn’t say anything, but took action directly to kill the hurried elder!

These elders were ruthless and actually massacred so many people in the martial arts world. Chen Ping would never leave these people alive!

When Jiang Wei and others saw Chen Ping fighting these elders alone, they were all shocked and speechless!

You must know that the strength between them and Chen Ping was not very different in the past, but now, Chen Ping’s strength is beyond their reach!

“Mr. Chen, please be merciful and don’t kill them...”

When Liu Rui saw that Chen Ping had murderous intentions and wanted to kill all five elders of the Feixing Sect, he immediately stepped forward to stop him!

“Mr. Chen, if you kill all five elders of the Feixing Sect, the Feixing Sect will never let you go. There is no need for you to provoke them.”

“And if this happens, they will also think that you killed Leng Yun, and then you and the Feixing Sect will be in a fight to the death, which will not be good for you!”

Liu Rui analyzed it for Chen Ping, then looked at the elders and said: “Your eldest son is dead, but he was killed by people from the Burning Heaven Sect and has nothing to do with us!”

“Hmph, our young master is dead. Of course you just said it casually, and the Burning Sky Sect has disappeared for many years. Do you think we will believe you when you put this responsibility on the Burning Sky Sect?”

The great elder snorted coldly.

“I don’t care if you believe it or not, even if I don’t kill you today, I will never let you leave so easily!”

After Chen Ping finished speaking, golden light flashed on his palms, and then he headed towards the five elders!

These golden lights were like sharp swords, instantly penetrating the bodies of the five elders.

Although the five elders did not die, everyone was seriously injured, with their hands and feet broken!

When the five seriously injured elders saw Chen Ping’s strength, they didn’t dare to speak. They could only glare at Chen Ping fiercely, then supported each other and left quickly!

“Mr. Chen, thank you for saving me...”

Jiang Wei and others stepped forward and quickly followed Chen Ping to thank him.

Chapter: 3647

“Brother Jiang, it’s just a little effort. You should leave here quickly and don’t come here again. This is not a place for you to stay!”

Chen Ping asked Jiang Wei and the others to leave as soon as possible. After all, these are all hidden world sects, and the difference in strength is too great. If Jiang Wei and other warriors from outside the world come, they will only die!

Jiang Wei and the others have also seen it, and even if Chen Ping didn’t say anything, they might never dare to come again in the future!

After Jiang Wei and others left, Chen Ping also rushed back to Chunyang Sect with Liu Rui. Chen Ping had to rescue Hu Mazi and Long Xingxu as soon as possible!

Back at Chunyang Sect, Chen Ping took out the psychic fruit and swallowed it one by one for each of Hu Mazi and Long Xingxu!

After consuming the psychic fruit, the bodies of Hu Mazi and Long Xingxu were constantly flashing light. It only took a moment for all the bones and muscles of the two people to recover!

“Chen Ping, what did you give us to eat? Why is it so magical?”

“I always feel like there is a force moving inside me.”

Hu Mazi immediately jumped up from the bed and asked Chen Ping curiously.

“Brother Chen Ping, I also feel a manic force in my body, as if my body is going to explode.”

Long Xingxu said with some pain on his face at this moment!

“This is the psychic fruit. The water from the Rebirth Spring had the miraculous effect of reshaping the physical body only after it flowed through the roots of the psychic tree.”

“You two have refined the power in your body first. Maybe your level will be improved a lot!”

“Especially Xingxu, your level is low, you have to refine that power as soon as possible, otherwise you are in danger of exploding and dying!”

Chen Ping said to Hu Mazi and Long Xingxu.

Seeing Chen Ping’s sudden words, Hu Mazi and Long Xingxu hurriedly started practicing to refine the power in their bodies!

Chen Ping stayed in Chunyang Sect, waiting for Hu Mazi and Long Xingxu to finish refining the power of the psychic fruit before leaving and returning to Kyoto!

“Junior sister, have you really entered the ruins of Narcissus Palace?”

Liu Xing felt the breath of Liu Rui and Chen Ping and asked with some envy.

You must know that when Liu Rui left, his level of strength was no match for Liu Xing, but this time when he returned from the trip to the ruins of Narcissus Palace, his strength actually surpassed him!

Especially for Chen Ping, Liu Xing could really feel the terrifying aura in Chen Ping’s body. If the two of them fought at this time, they might not even be able to take a single move from Chen Ping!

“Of course, we also saw the psychic tree...”

Liu Rui followed Liu Xing with excitement on her face as she talked about the things inside the ruins of Narcissus Palace!

When Liu Xing heard that Chen Ping had beaten the great protector of the Burning Heaven Sect, the ninth-grade peak Martial God, to death and fled, he was filled with surprise!

Chapter: 3648

From this point of view, let alone receiving a move in front of Chen Ping, Chen Ping's breath would probably make him breathless!

Chen Ping stayed in Chunyang Sect for another three days before Yue Buqun rushed back from the meeting!

When he saw Chen Ping and Liu Rui, Yue Buqun didn't seem surprised.

"Master, we have returned from the ruins of Narcissus Palace, and..."

When Liu Rui saw Yue Buqun, she wanted to tell Yue Buqun about the ruins of Narcissus Palace, but Yue Buqun waved his hand.

"I know everything!" Yue Buqun's face looked a little ugly: "And you were still in the ruins, and you had a conflict with people from the Feixing Sect and Tianlei Sect, and killed them all."

"Did Leng Yun and Tong Youcai both die in your hands?"

Liu Rui was stunned and didn't understand how Yue Buqun knew.

However, Chen Ping said calmly: "We did have a conflict, but it was not us who killed Leng Yun and Tong Youcai, but the great protector of the Burning Heaven Sect who absorbed their strength and killed them.!"

"The Burning Heaven Sect?" Yue Buqun frowned: "Then the Burning Heaven Sect actually appeared?"

"Master, the Burning Sky Sect has always been in the Kunlun Mountains, and the Alchemy Sect has been cooperating with the Burning Sky Sect. Some of the resources we have given to the Alchemy Sect over the years have been shared with the Burning Sky Sect."

Liu Rui hurriedly followed Yue Buqun.

When Yue Buqun heard this, his face turned ugly. For so many years, their Chunyang Sect had been treated like monkeys!

“What a medicine refining sect. No wonder Bao Yukun couldn’t see through my fault for so many years. It turns out he did it on purpose.”

Yue Buqun gritted his teeth angrily!

“Master, how did you know what happened in the ruins?”

Liu Rui asked curiously.

“Now the entire hidden world knows about it, and the Feixing Faction and Tianlei Faction have already taken action. It is estimated that Brother Chen will be hunted down soon!”

“Brother Chen, you’d better leave the hidden world as soon as possible and go hide for a while!”

Yue Buqun said to Chen Ping.

“Zongzhu Yue, I’m leaving, what will you do?”

Chen Ping asked.

“They won’t do anything to me, Chunyang Sect, and I, Chunyang Sect, are not soft persimmons who can be easily manipulated by others.”

Yue Buqun said.

Chapter: 3649

Chen Ping nodded. He knew that with his current strength, he was not able to compete with the two sects.

Now that Hu Mazi and Long Xingxu have just finished refining the power in their bodies, it's time to leave!

After saying goodbye to Yue Buqun, Chen Ping took Hu Mazi and Long Xingxu and returned directly to Kyoto!

At this time, in a hall of Feixing Sect!

Five elders were sitting on chairs with serious injuries. In front of them, an old man who was nearly eighty years old had an angry look on his face!

This person is Leng Wudao, the leader of Feixing Sect, and Leng Yun is his only son!

Leng Wudao had a son in his old age, so he doted on his son very much, so much so that Leng Yun's character became neither male nor female. Even so, Leng Wudao couldn't reprimand his son!

But now, his son is dead, Leng Wudao's heart is trembling!

"The murders of the master and the young master were all done by people from the Chunyang Sect, and we were also injured by them."

The great elder said to Leng Wudao.

"I know that guy's name is Chen Ping. He is not from the Chunyang Sect. He is from outside the world."

"But why don't the five of you stay with the young master to protect him?"

Leng Wudao looked at the five elders coldly and asked.

“Young Master didn’t let us follow him and asked us to guard outside, so...so...”

The great elder said with a trembling body.

“I asked you to protect the young master. Now that the young master is dead and you are back, I think you should go underground to accompany him.”

After Leng Wudao finished speaking, without waiting for the five elders to react, he waved his hand and sent a wave of energy overwhelming the sky and the earth!

Without any screams, the five elders turned into a pile of meat in an instant!

Looking at the pile of meat on the ground, Leng Wudao’s eyes flashed with murderous intent: “Chen Ping, I will make you pay for my son’s life...”

.....

Heavenly Thunder Sect!

Tong Youcai’s mother was crying in Wang Defa’s arms!

“Defa, our son is dead. He is dead. Why did you let him go to some ruins? Why didn’t you stop him?”

Tong Youcai’s mother was crying hard, and Wang Defa’s face was extremely gloomy!

Chapter: 3650

At this moment, the door was pushed open and Tong Haiyang walked in!

When Wang Defa saw this, he quickly pushed Tong Youcai's mother away!

"Brother..." Wang Defa shouted towards Tong Haiyang!

When Tong Youcai's mother saw that her husband was back, her eyes were a little panicked, and then she rushed towards Tong Haiyang.

"Hai Hai, our son was killed. You must avenge him. You must avenge him, otherwise I will not live!"

Tong Youcai's mother cried.

"Don't worry, I will definitely avenge our son."

Tong Haiyang looked calm, without the anger and pain of losing his son!

"Defa, I don't care what method you use to catch that man named Chen Ping. I want him to be tortured to death..."

Tong Haiyang said to Wang Defa.

"Brother, don't worry, I will definitely catch him with my own hands and cut him to pieces..."

Wang Defa's eyes burned with anger, and he gritted his teeth and said!

"Okay!" Tong Haiyang nodded, then pushed his wife away: "Defa, comfort your sister-in-law, I'll go see how you are doing."

Tong Haiyang left. The moment he walked out of the door, Tong Haiyang's eyes flashed with a fierce look!

“Dad, was my brother killed by that Chen Ping? I’m going to avenge him...”

Tong Yougong came back from Siguoya and asked Tong Haiyang angrily.

“Your brother is dead. I have asked your Uncle Wang to catch that Chen Ping. You should practice your martial arts at home and leave this matter alone!”

Tong Haiyang warned Tong Yougong!

“Dad, although Youcai and I have the same father and mother, he was killed. This revenge must be avenged by me, the older brother.”

Tong Yougong was filled with anger and wanted to kill Chen Ping now!

“Okay, I told you to leave it alone, so just leave it alone and just go and practice!”

After Tong Haiyang finished speaking, he left. He really wanted to tell Tong Yougong that in fact, he and Tong Youcai were not half-brothers, but half-brothers!

Burning Heaven Sect!

Yao Qing also secretly monitored the meetings of the three sects and six sects in the hidden world for several days.
