

## The Order 3651

Chapter: 3651

Yao Qing was very happy at this time, because he knew that the three sects and six sects in the hidden world were now at odds with each other, and there might be a conflict one day.

As long as the three sects and six sects are in chaos, it will be time for their Burning Heaven Sect to reappear. Who can control them then!

Maybe the entire hidden world will be controlled by Fentian Sect!

Just when Yao Qing was happy, the Great Protector came back dragging his injured body, but at this time, the aura on the Great Protector's body had long since failed to reach the peak of the ninth-grade Martial God.

This kind of state that relies on absorbing the strength of others to improve is very unstable. After the Great Protector was injured, his aura was disordered and his state began to decline. At this time, he was only at the level of the ninth level!

"Great Protector, what's going on?"

Yao Qing frowned slightly after seeing the Great Protector.

"Leader, I found the ruins of Narcissus Palace and also found the psychic fruit, but a kid got there first and took away all the psychic fruit."

The Great Protector said with a face filled with shame.

"What?" Yao Qing was stunned: "The aura of the ninth-grade Martial God in you must have used evil skills to absorb other people's strength. Could it be that at this level, you can't defeat other people?"

"In the entire hidden world, apart from those old guys having a meeting, who else can be your opponent?"

Yao Qing couldn't believe that all the sect leaders of the three sects and six sects were having a meeting. Who could make the great elder so embarrassed!

"It's a boy named Chen Ping, who is said to be a warrior from outside the world. The little girl from the Chunyang Sect was following him at that time!"

The Great Protector followed Yao Qing and said.

"Chen Ping?" Yao Qing thought carefully and suddenly remembered the young man who followed Bao Yukun to refine medicine!

"Is it that kid? It's impossible. His strength has not reached the level of the God of War. How can he be your opponent?"

Yao Qing feels a little incredible!

"That kid swallowed the psychic fruit, and his strength skyrocketed to the level of a third-level Martial God. I am no longer his opponent. If I hadn't used space magic, I would be dead now!"

The Great Protector remembered the scene of the battle with Chen Ping, and he was still frightened!

"This guy is so good at refining medicine, I didn't expect that he could fight beyond the level!"

Yao Qing's eyes narrowed slightly: "Okay, you go and recuperate, I will handle the rest..."

The Great Protector nodded and was about to turn around and leave, but suddenly stopped, and then said to Yao Qing: "Master, I killed Leng Yun, the eldest son of the Feixing Sect, and Tong Youcai, the second son of the Tianlei Sect. , in order to improve my strength at that time, I could only do this!"

When Yao Qing heard this, his head suddenly became a little big. He glared at the Great Protector and said, "You thing, aren't you putting our Burning Heaven Sect to death?"

Although the Burning Heaven Sect is now very powerful, it would be difficult for them to resist if many sects were to strangle them.

Chapter: 3652

“Master, except for Chen Ping and the little girl from Chunyang Sect, no one knows that I killed these two people.”

“On the way back, I heard that Feixing Faction and Tianlei Faction have sent people to hunt down Chen Ping!”

The Great Protector said.

“Okay, I understand, you go and rest!”

Yao Qing waved his hand, signaling the Great Protector to rest!

Just after the Great Protector left, Yao Qing immediately began to recruit people.

An outsider, a third-grade Martial God, could actually defeat a ninth-grade Martial God. He had never seen such a talented person before.

So Yao Qing plans to come forward in person, and then capture Chen Ping to see what is special about Chen Ping!

“If this kid is not mortal, then my old body can be replaced.”

Yao Qing took a look at his aging body, with a sneer on his lips.

Hidden world, in a mountain range!

Chen Ping, Hu Mazi and Long Xingxu were walking through the jungle, and behind them, there were more than a dozen terrifying auras chasing closely!

“Chen Ping, what on earth have you done? Why have so many people been chasing us since we left Chunyang Sect?”

“Tell me, did you steal someone else’s woman and make someone a cuckold? That’s why they won’t let go.”

Hu Mazi asked Chen Ping breathlessly.

Chen Ping rolled his eyes at Hu Mazi and said, “You only have eyes for women. Do you think everyone is like you and likes to be merciful everywhere?”

“I didn’t provoke these guys just to save you!”

Chen Ping told Hu Mazi what happened at the ruins of Narcissus Palace. When Hu Mazi heard this, he was very grateful to Chen Ping!

However, there are people chasing them from all directions, which makes Hu Mazi feel a little uncomfortable!

Moreover, these people are all very powerful. If you throw any of these people into the martial arts world, I am afraid they can cause a storm!

“In this martial arts world, when did so many hidden families come out, all of them powerful perverts!”

Hu Mazi kept complaining!

Long Xingxu was covered in sweat at this time. His strength was the weakest here, and he had never seen so many masters, each of whom was a god of martial arts.

You must know that the God of War is a god-like existence in his mind!

Chapter: 3653

Although he swallowed the psychic fruit and reached the realm of the Martial Saint, there is still a huge difference between following the Martial God!

Soon, Chen Ping, who was running, suddenly stopped, and then he frowned, and a ray of consciousness headed into the distance!

Then his face became very ugly and he said: "We are changing the route, there are people blocking us in front..."

With that said, the three of them chose a new path and started running again!

The three of them, Chen Ping, were being chased and intercepted from morning to night, but they couldn't escape from here at all.

"Brother Chen Ping, why don't you and Master Hu leave first and leave me alone..."

Long Xingxu couldn't run anymore and could only sit under a big tree to rest!

He knew that carrying him would be a burden, so he said this to Chen Ping!

"What nonsense are you talking about? I won't abandon you." Chen Ping said with a serious face.

"Let's take a rest first. I'll set up a few magic circles around me. If someone comes, I can resist for a while!"

After Hu Mazi finished speaking, he took out a few talismans, and then began to arrange them hundreds of meters away!

Chen Ping, on the other hand, was looking at the sky solemnly, thinking about the way to escape!

He never expected that these guys would move so fast and send so many people.

Without Long Xingxu and Hu Mazi, it would be easy for Chen Ping to escape, but with the two of them, he would be somewhat restricted!

Just when Chen Ping was thinking about how to escape, Yue Buqun from Chunyang Sect also looked anxious!

“Master, the Feixing Faction and Tianlei Faction have sent a large number of people to hunt down Mr. Chen and the others!”

“And there is also a group of people, they should be the people of the Burning Heaven Sect. Now all three parties want to catch Mr. Chen. It is estimated that Mr. Chen and the others will have a hard time getting out of the Hidden World!”

Liu Rui followed Yue Buqun and said.

“Liu Rui, Liu Xing, you two go find Mr. Chen immediately, and then take him out of here by water. Don’t let them be caught!”

Yue Buqun said to Liu Xing and Liu Rui.

“Take the water route?” When Liu Xing heard this, his face changed slightly and said: “Master, if you take the water route, you must sail from the sea. Monsters are rampant in this sea area, and there is an old monster guarding the Diaoyu Island. , we’re afraid we won’t be able to get through, right?”

“Now we can only take the water route. How will we know if we don’t give it a try? In other directions, people from several companies are probably keeping an eye on us!”

Yue Buqun frowned.

“Then... what should we do if we encounter that old monster? I heard that he can even eat people.”

Chapter: 3654

It can be seen that Liu Xing is very afraid of the old monster he mentioned!

“Those are all rumors. You don’t have to believe them. Go quickly...”

Yue Buqun glared at Liu Xing and said.

Liu Xing didn’t dare to say anything, so he could only follow Liu Rui and set off!

Chen Ping and the others rested in the forest for the night, and Long Xingxu’s physical strength also recovered a lot!

When it was dawn, Chen Ping planned to leave with Hu Mazi and Long Xingxu.

But just when Chen Ping was about to leave, suddenly the magic circle set up by Hu Mazi was activated, and flames continued to spurt out, accompanied by the sound of someone shouting!

“Chen Ping, someone is coming, let’s leave quickly...”

Seeing this, Hu Mazi hurriedly said to Chen Ping.

Chen Ping nodded and was about to take Long Xingxu away when he heard an angry curse: “Who the hell set up a formation in this deep mountain forest...”

It was this angry curse that made Chen Ping stop instantly and then quickly move towards the formation!

Hu Mazi and Long Xingxu saw this and hurriedly followed behind!

When Chen Ping ran to the magic circle, he saw Liu Xing and Liu Rui being embarrassed by Hu Mazi's magic circle!

Although the two people have good strength, they lack experience in dealing with this kind of magic circle!

Upon seeing this, Chen Ping hurriedly waved his hand, and the magic circle in front of him disappeared instantly!

When Liu Xing and Liu Rui saw Chen Ping, they ran over immediately!

"Why are you two here?"

Chen Ping asked in surprise.

"Mr. Chen, Master asked us to take you by water. Now the whole hidden world is surrounded by people. I'm afraid it will be difficult for you to escape from here!"

Liu Rui said to Chen Ping.

"Take the water route?" Chen Ping was stunned.

"Yes, after passing this mountain, you can see the sea. You can also leave here by water."

Liu Rui said.

"Why have I never heard you mention it?"

Chapter: 3655

Chen Ping was very puzzled. He had been in the hidden world for so long, and he had never heard anyone mention it. There was some waterway to leave here!

“Because there are many monsters in that sea area, so few people go there!”

“Now is not the time to talk. I will explain to you slowly when I leave here!”

Liu Xing said.

Chen Ping nodded, and then left with Liu Xing and the others.

After all, Liu Xing and Liu Rui were born and raised here, and they were much more familiar with the terrain than Chen Ping, so they quickly arrived at the beach!

Looking at the vast sea, Liu Xing waved his hand, and several big trees broke, and then fell into the sea!

Several people jumped up and stood on the tree trunk easily!

With their current abilities, they can sail on the sea without taking a boat!

“Hope it goes well this time...”

Liu Xing looked ahead with a worried look.

“Brother Liu, with your current ability, you shouldn't be afraid of a few monster beasts. If you encounter a monster beast, you can kill it and get some beast pills!”

Chen Ping said to Liu Xing.

“Hey, monsters are not scary. What is scary is that old monster. I hope we don’t encounter it, otherwise it will be very bad!”

Liu Xing sighed and said.

“Old monster?” Chen Ping was stunned and didn’t understand what the old monster Liu Xing was talking about!

“Yes, there is a Diaoyu Island in this sea area. I heard that there is an old monster living on it, and the monsters in the entire sea area are raised by the old monster.”

“No one knows when the old monster has been on that island. They only know that none of the people who passed by came back. I heard that they were all eaten by the old monster.”

Liu Xing said with some fear.

“An old monster that eats people? This is all a legend, right? How could there be such a person, raising monsters, and really treating this sea as their home!”

Hu Mazi didn’t believe it at all and smiled coldly.

“Believe it or not, I hope we won’t touch it!”

Liu Xing didn’t say anything, but looked at the sea with a solemn expression!

Because he has never been here, he doesn’t know where the Diaoyu Island is, so he can only pray that they will not pass by the Diaoyu Island and not be discovered by the old monster!

Chapter: 3656

Chen Ping and the others sailed quickly on the sea. The endless sea was calm and there were no islands at all!

This made Liu Xing, who had been worried, finally breathe a sigh of relief!

But at this moment, the calm sea suddenly began to stir up waves, and the waves kept hitting Chen Ping's tree trunks, forcing them to change direction!

"There's no wind at all, so why are there waves?"

Liu Rui asked curiously.

Chen Ping's face was solemn and he said loudly: "Be careful, there are monsters..."

Chen Ping's words made everyone nervous.

And above the sea level, everyone also saw a dozen huge figures tumbling in the sea. These waves were caused by these monsters!

Moreover, monsters kept jumping up from the sea, and then slapped heavily on the sea, causing huge waves that made Chen Ping and the others very embarrassed!

"A monster in the realm of the God of War, this is too terrifying..."

Hu Mazi couldn't help but look surprised when he looked at those monsters!

He has never seen such powerful monsters before, and there are still more than a dozen of them!

Facing the pursuit of more than a dozen monster beasts, Long Xingxu finally failed to control himself and fell into the sea!

Even though Long Xingxu is currently in the Martial Saint realm, on this sea, facing the monsters in the Martial God realm, all he has to do is become food!

Seeing Long Xingxu falling into the sea, Chen Ping tiptoed, jumped up like a roc spreading its wings, stepped forward, grabbed Long Xingxu, and lifted him up.

“Master Hu, you go first, I will kill these monsters before we talk...”

Chen Ping said to Hu Mazi.

“Chen Ping, you have to be careful, there are so many monsters, and they are still in the sea...”

Hu Mazi warned Chen Ping.

“Don’t worry, these monsters came to your door by themselves, and I just happened to take their beast elixirs...”

After Chen Ping finished speaking, he plunged into the sea, while Hu Mazi and Liu Xing quickly drove away!

After entering the sea, Chen Ping deliberately exuded aura to attract the pursuit of those monsters!

Soon, around Chen Ping, monster beasts with fierce auras came towards Chen Ping to surround him!

These monsters were obviously fighting as a team. Each monster had its own position, blocking all of Chen Ping’s roads!

Chapter: 3657

Roar!

A demonic beast the size of a killer whale opened its bloody mouth and swallowed Chen Ping in one bite!

When Chen Ping saw this, golden light erupted from his body, and the dragon crystal in his body emitted the power of the dragon, forming a bubble around Chen Ping so that Chen Ping could move freely in the water!

Facing the monster beast that rushed towards him with its mouth open, Chen Ping raised his fist and punched it out!

The terrifying spiritual power came out instantly, directly stirring up waves several meters high in the water. However, the punch hit the monster, which only delayed the attack of the monster, but failed to kill the monster. die!

This made Chen Ping feel very surprised. He knew that the power of his punch was enough to beat the monster into a pulp, so why couldn't he kill the monster?

As the monster approached, Chen Ping punched again, but the result was still the same, and every time he punched, Chen Ping felt very strenuous!

Soon, Chen Ping figured out that when fighting in the water, the sea water would consume a lot of Chen Ping's strength. Therefore, the power of this punch was greatly offset by the sea water. Of course, when it hits the monster, it will be much weaker!

Unless the monster's strength is much lower than his own, but now facing monsters that are all in the realm of the God of War, it is almost impossible for Chen Ping to kill a monster with one punch!

Seeing that he couldn't kill these monsters quickly, Chen Ping could only plunge deep into the depths quickly, while the monsters were chasing after him!

A monster beast showed its fangs and quickly caught up with Chen Ping. In desperation, Chen Ping put his fingers together, and a dazzling golden light flashed on his fingertips!

Then he suddenly pointed at the monster, and the golden light shot out instantly. It did not dissipate in the water, but penetrated the monster's body in the blink of an eye.

Chen Ping suddenly realized that in this water, only by gathering spiritual power in one place can he better resist the resistance of the sea water.

Chen Ping wanted to understand, and then several more golden lights shot out, and a monster beast was instantly pierced with several bloody holes. With a howl, the monster beast's body began to fall downwards!

Chen Ping hurriedly stepped forward, punched the monster's body with a punch, then took out a beast pill and put it directly into the storage ring!

With this kill, Chen Ping also gained confidence in his heart. Then he looked at the monsters charging towards him and slowly raised his hand, with energy forming on his fingertips!

Facing a charging monster, Chen Ping waved his finger and several bursts of energy shot out!

Puff puff.....

Under this sharp force, the monster's body was instantly penetrated, and blood spurted out, dyeing the water area red!

Roar!

Seeing their companions being killed, the other monsters roared, opened their bloody mouths and rushed towards Chen Ping desperately!

Facing these monsters, Chen Ping no longer had any fear at all, but was only excited!

These are all excellent resources for cultivation!

But just when Chen Ping was about to kill these monsters again, a low sound sounded in the water. The sound was like a drum, causing ripples in the water!

Chapter: 3658

And those monsters that were originally attacking Chen Ping, when they heard this voice, they all turned around quickly and swam in one direction, ignoring Chen Ping!

Chen Ping was a little surprised. Are these monsters really controlled by someone?

After taking out the beast elixir from the monsters he had just killed, Chen Ping actually chased those monsters!

Chen Ping himself didn't know how long he had been swimming, but soon a small island appeared in front of him. The island was lined with green trees and the birds were singing and the flowers were fragrant!

When those monster beasts swam to the edge of the island, they all stopped, and then started to circle around the island!

Chen Ping didn't care about those monsters anymore. He wanted to go up to the island to see if it was the Diaoyu Island Liu Xing mentioned, and if there were old monsters living on it!

But just when Chen Ping was about to go ashore, he suddenly felt his body lighten, and then his whole body rushed from the sea into the air, and then his body fell directly towards the island!

At this moment, Chen Ping panicked, because he knew that he had not used any spiritual power, but someone was controlling his body. His body was not under control at all, and he was lifted out of the sea!

boom.....

Chen Ping's body hit the ground hard, making a deep pit in the ground!

When Chen Ping slowly got up, he discovered that Hu Mazi and the others were also on the island!

“Master Hu, why are you here?”

Chen Ping asked Hu Mazi in confusion!

But Hu Mazi didn't speak, he just kept winking at Chen Ping!

Chen Ping followed Hu Mazi's eyes and saw an old man with white hair fishing on a big rock!

“I wanted to fish, but I didn't want to catch anyone...”

The old man turned his back to Chen Ping and the others and said slowly!

Only then did Chen Ping realize that he had been caught by this old man. No wonder his body was out of control!

“Senior, don't you know where this place is? We are just passing by, no offense intended...”

Chen Ping took a few steps forward and said to the old man.

From the old man's body, Chen Ping could not feel the slightest breath fluctuation. If the old man was just an ordinary person, how could he fish himself out of the sea?

Therefore, Chen Ping can be sure that this old man must be a master, and he is the kind who can't even detect the aura himself!

“Just passing by, you killed two of my monsters. You must know that I raised them to eat.”

“Since you killed my monster, I can only eat you...”

Chapter: 3659

“You make your own fire and see who can be roasted first.”

The old man said without looking back.

Chen Ping frowned when he heard that the old man wanted to eat people, and Liu Xing's face turned pale at this time. He knew that they had really encountered the legendary old monster!

“Senior, I killed two of your monsters unintentionally. I can compensate you. I can give you whatever money or whatever you want.”

“We are all friends, and no one would abandon their friends.”

It was impossible for Chen Ping to let any of them sacrifice themselves and let the old man eat.

“Since we are so affectionate and righteous, no one should leave. Five people can feed me for a few days...”

The old man said slowly.

When Chen Ping saw that the old man was out of touch, his brows instantly furrowed, and there was murderous intent in his eyes!

“Senior, I can compensate you for killing your monster, but if you insist on keeping us, then don't blame me for being rude!”

Chen Ping's tone began to turn cold!

“Hahaha, even though I'm old, I still like to chew hard bones, so you don't have to be polite to me!”

The old man still didn't look back and burst into laughter!

“Then don’t blame me...”

The aura on Chen Ping’s body burst to the extreme. He knew that to deal with such a person, he could only hit with one hit, otherwise there would be no chance later!

“Holy Light Fist...”

Chen Ping punched the old man hard on the back without any mercy!

The terrifying spiritual power was overwhelming, the fists were fierce, and even the sea surface was stirred up by Chen Ping’s punch!

However, after Chen Ping’s punch, the old man did not move at all. The surrounding trees were broken at the waist, and Chen Ping also felt a huge counter-shock force, which caused him to keep retreating, and his body almost fall down!

At this moment, Chen Ping looked at the old man in shock, with a look of disbelief on his face. He knew his own strength best. Unexpectedly, one punch failed to shake the old man at all, and even knocked him out. !

At this moment, even Hu Mazi and the others opened their mouths in shock and were speechless. Even Chen Ping couldn’t do anything to the old man. It seemed that they were in danger today!

“In all these years, you are the first one who dares to attack me...”

“Since you killed my monsters, let me monsters devour you as compensation!”

The old man said to me, and gently picked up the fishing rod in his hand!

Chapter: 3660

I saw monsters one after another, as if they were fished out of the sea, and they all landed on the island!

There are five monsters in total, including turtles, octopuses, and a strange fish with four legs...

These monsters are all at the level of the Martial God. They are all extremely ugly and disgusting to look at!

The old man threw the fishing rod into the sea again and sat quietly, never looking back from the beginning to the end!

Roar.....

The four-legged monster fish let out a roar and attacked Chen Ping and the others directly!

And other monsters also attacked one after another, Chen Ping and the others could only accept the challenge!

Because Hu Mazi and Long Xingxu are low in strength, they can only deal with one monster!

Chen Ping himself was dealing with two monsters.

I saw the dragon-slaying sword in Chen Ping's hand appearing, endless brilliance rising into the sky, and terrifying energy spreading around!

Soon Chen Ping and the others were fighting with those monsters, and the old man was not far away, staring quietly at the sea as if he couldn't hear or see!

Chen Ping shouted loudly, and the dragon-slaying sword in his hand burst out with dazzling light, and the power of the dragon on it continued to flow!

“cut.....”

Chen Ping slashed with his sword. The dragon-slaying sword struck hard on the back of a turtle. The hard turtle's back emitted a burst of light. Chen Ping's dragon-slaying sword only left a white mark on the turtle's back. Imprint!

“Roar.....”

Just when Chen Ping's dragon-slaying sword struck the turtle's back, another monster attacked Chen Ping, and its terrifying fangs bit Chen Ping fiercely.

Chen Ping's body glowed with golden light, his indestructible golden body activated, and golden scales covered his body!

At this time, Chen Ping was like a golden dragon. When the monster saw Chen Ping like this, he was stunned for a moment and did not dare to take a step forward!

Chen Ping, on the other hand, took advantage of the gap between the monster and the dragon-slaying sword, and instantly merged into one with the dragon-slaying sword, and slashed at it directly!

Countless dragon powers wrapped around Chen Ping. At this moment, Chen Ping was like a sharp sword, slamming into the monster.

The extremely sharp energy instantly penetrated the monster's body, leaving a large hole as thick as a person's body!

But before the monster had time to scream, it suddenly fell to the ground!

The monster in the realm of the God of War was instantly killed by Chen Ping!

And the turtle moved its body slowly, suddenly opened its mouth, and a blazing flame headed towards Chen Ping!
