

The Order 3791

Chapter: 3791

“This is all a misunderstanding. We have no grievances or enmities, so why risk death for a fight? Let’s say goodbye...”

After the tall man finished speaking, he stepped forward to help the short man and turned around to leave!

Seeing the two people leaving, Chen Ping breathed a long sigh of relief, then turned around and left!

At this time, Chen Ping’s forehead was already covered with sweat. If the two of them had not retreated and attacked together, Chen Ping would definitely be dead even with the Dragon Slayer Sword!

Now that the two people have been scared away, Chen Ping needs to leave here as soon as possible. He might meet other people again soon!

Chen Ping began to speed up his pace and kept running, but the two people, one tall and one short, seemed to have thought of something after turning around and leaving!

“Senior brother, that’s not right. The terrifying aura just now seemed to be emanating from the sword, not from Chen Ping’s body.”

“Maybe Chen Ping is really injured and his strength is greatly reduced, but his sword should be a spiritual sword. The sword spirit has taken shape, so he can fight on his own.”

The short man analyzed.

“Yes, it’s very possible. Let’s not be fooled by Chen Ping. If he still has the strength and can kill us easily, he will never let the two of us leave...”

The tall man seemed to have reacted and immediately said: “Let’s go back and take a look...”

With that said, the two people turned around and started to return!

Soon, the two people returned to where they were, but Chen Ping was no longer there!

“Damn it, I was really deceived by him, let’s chase after him...”

The tall man had a gloomy look on his face and said through gritted teeth.

Immediately afterwards, the two people’s consciousness spread out and began to look for Chen Ping, and they knew that Chen Ping would not be able to escape far!

After sensing Chen Fang’s position, the two people quickly chased after him!

At this time, Chen Ping was still glad that he had deceived the two guys, but soon, two divine consciousnesses came over him. This shocked Chen Ping, and he quickly ran away!

The two men, one tall and one short, were chasing after each other, while Chen Ping was running in front!

Not to mention how angry Chen Ping is now. Now he is being chased all over the mountain by the disciples of the sect in the hidden world. It is so embarrassing! Remember URL

“Which bastard created this secret realm? What kind of heavenly method did he use to suppress my strength? If I knew who created this secret realm, I would scold him in front of his eight generations of ancestors...”

Chen Ping ran and cursed, venting his frustration!

If it weren’t for the power of heaven contained in this secret realm, which suppressed his strength, Chen Ping wouldn’t be like a lost dog, being chased everywhere!

“You kid dare to scold anyone, be careful that old monster can hear it and cause trouble for you...”

Chapter: 3792

The old man’s voice sounded. It seems that the old man should know who created this secret realm!

He should also be an expert in the world of gods and humans, because no one in the eight secret realms or in this secular world should have the ability to create secret realms!

Even the powerful one from the Demonic Heart Sect doesn’t have this ability, otherwise he wouldn’t be looking for those unowned secret realms. Wouldn’t it be easier to just create one yourself!

“Do you know who created this secret realm?”

Chen Ping asked in surprise.

“Nonsense, of course I know, and this secret realm was specially created for me to summon the soul. Otherwise, why would there be an entrance in the depths of the sea!”

“It’s all your fault for taking away my skull, otherwise I would have completed the summoning and returned to the world of heaven and humans!”

The old man complained to Chen Ping!

Chen Ping looked embarrassed. He just saw a treasure map on the bones, so he took the skull away in order to get the treasure map, but he didn’t want to delay such a big thing!

However, in order for this guy to summon his soul and return to the heaven and human world, a secret realm was created for him. This shows that this old man is by no means an ordinary person in the heaven and human world!

“Who are you? Someone actually created a secret realm just for you. Isn’t this awesome?”

“Who is the guy who created the secret realm? Tell me and I’ll scold him. Or you can go back to the world of heaven and man, bring me a message and scold him...”

“Other secret realms are not suppressed by the power of heaven, so he created a secret realm with the power of heaven to deliberately show off his strength?”

Chen Ping was nagging very dissatisfied!

“Hahaha, the person who dares to scold that old monster hasn’t been born yet. If you dare to scold him, maybe he can really hear it, and then you will die miserably...”

The old man burst out laughing!

“If you scold him or not, he will die. Why don’t you scold me? Now I am like a lost dog, being chased everywhere.”

Chen Ping said very depressed!

Just as Chen Ping finished speaking, an extremely dangerous aura suddenly struck Chen Ping!

Chen Ping instinctively jumped forward, then rolled on the spot, dodging the blow!

Chen Ping thought the two guys were catching up just now, but when he got up and looked around, he found a ferocious giant lion looking at him eagerly!

The mouth is full of fangs, exuding the smell of blood, and there are constant low roars coming from the mouth!

“Hahaha, I asked you to scold me, now you’re in trouble...”

Looking at the giant lion, the old man burst out laughing!

Chapter: 3793

Chen Ping, on the other hand, had a depressed look on his face. He was just complaining. Isn't this guy who created the secret realm really so stingy?

He actually let a monster beast deal with him. Looking at the monster beast in front of him, Chen Ping felt helpless. Now he wanted to run away, but he was afraid it was impossible!

The giant lion looked at Chen Ping, but did not launch an attack. Instead, it kept circling Chen Ping!

The giant lion does not attack, but Chen Ping cannot wait, otherwise the two guys will catch up soon. When the time comes, facing the monster beast and those two guys in front of him, Chen Ping will definitely die!

But just when Chen Ping was about to attack the giant lion, the tall and short guy had already caught up with him!

When they saw Chen Ping being blocked by a monster, they burst into laughter!

"Brother, we are so lucky today. Not only can we kill Chen Ping to get resources, but we can also get a beast pill!"

The short man looked at the giant lion and said excitedly.

"We two are indeed lucky today, but should we kill that monster first or Chen Ping first?"

said the tall man.

Now that the short man has broken his arm, his strength is greatly reduced. If the two of them deal with the giant lion and Chen Ping at the same time, it will be difficult to win quickly, so they have to join forces to deal with one of them first!

"Kill Chen Ping first. If he breaks my arm, I will make him suffer..."

The short man looked at Chen Ping coldly and said.

“good.....”

The tall man nodded, without the slightest hesitation, and jumped up. The long knife in his hand instantly wielded countless sharp edges and went straight towards Chen Ping!

When Chen Ping saw this, he took out the Dragon-Slaying Sword in his hand. As the Dragon-Slaying Sword continued to emit bursts of buzzing, sword energy shot out, directly blocking the tall man’s blade!

When the short man saw this, he swung his sword with one hand and came straight towards Chen Ping. Now that Chen Ping was not protected by the Dragon Slayer Sword, the short man was confident that he could kill Chen Ping with one hand!

Chen Ping looked at the short man rushing over and fell into helplessness for a moment. His strength was suppressed and he could not fight with the short man!

Just when the short man rushed towards him, Chen Ping suddenly saw the giant lion still looking at him eagerly!

An idea suddenly came to his mind, and he swung his palm directly at the giant lion!

He had to find a way to get the short man to fight with the giant lion, so that he could have a chance of survival.

So Chen Ping took the lead in irritating the giant lion, and then got into a melee, so that he could find an opportunity to slip away!

Chen Ping slapped the giant lion with his palm. He thought that the giant lion would go crazy and attack him, but unexpectedly, the giant lion dodged and escaped Chen Ping’s attack. Then he rolled his eyes and looked at Chen Ping with contempt. One glance!

Seeing the look in the giant lion's eyes, Chen Ping was dumbfounded. He didn't expect a monster to guess his intentions, so the giant lion dodges and had no intention of taking action!

Chapter: 3794

"go to hell....."

Just when Chen Ping was stunned, the short man had already arrived in front of him, and the long knife in his hand struck Chen Ping hard on the back!

clang.....

With a crisp sound, Chen Ping's body flew out instantly, with a bone-deep wound on his back bleeding continuously!

Chen Ping was severely injured, with blood spurting out of his mouth. The scene in front of him became increasingly blurry, and in the end he fainted!

The short man looked at himself and couldn't help but cursed secretly: "Damn it, how did this guy's body become so hard..."

The short man raised the knife and walked towards Chen Ping. Chen Ping had already passed out and the short man was not alert at all.

But just when the short man was about to attack Chen Ping, a strong gust of wind suddenly hit him!

"Roar....."

The giant lion monster actually attacked the short man!

A roar and a huge breath frightened the short man so much that he stepped back!

After the short man retreated, the giant lion slowly walked up to Chen Ping, licked Chen Ping with his tongue, and then opened his bloody mouth!

When the short man saw this, he knew that the giant lion wanted to eat Chen Ping, but he did not stop him. As long as he could keep a head, he could also fight with Leng Wudao with Chen Ping's head!

The short man put away his long knife and watched the giant lion eat Chen Ping from a distance. Chen Ping would die anyway. The short man didn't want to deal with the giant lion alone. He had a broken arm now. No match for that giant lion!

“Roar.....”

The giant lion roared and scratched Chen Ping's body with its claws, but the sharp claws of the giant lion could not break through Chen Ping's hard body!

Then he started biting with his teeth, but still couldn't break Chen Ping's body. At this time, Chen Ping was like a stone. The giant lion wanted to bite, but it couldn't bite at all!

The helpless giant lion looked at the unconscious Chen Ping, and then slapped Chen Ping on the head with its paw!

But just when the claws of the boulder were about to hit Chen Ping's head, a bright light suddenly flashed on Chen Ping's chest!

Then a golden ball of light slowly emerged from Chen Ping's body!

The moment this golden light group appeared, a vast aura began to fill the air, and the giant lion was so frightened that it backed away!

The golden ball of light grew larger and larger, and finally began to slowly spread out, turning into a fire phoenix, spinning around Chen Ping!

Seeing the sudden appearance of the fire phoenix, the giant lion's eyes were full of fear. After letting out a frightened roar, he knelt down directly on the ground!

The giant lion lowered its head, as if worshiping the fire phoenix!

Chapter: 3795

When the short man saw this scene, his face was filled with shock. He didn't understand why a fire phoenix suddenly flew out of Chen Ping's body.

The fire phoenix let out a cry, and finally rushed into Chen Ping's forehead. On Chen Ping's forehead, a fire phoenix mark appeared, but soon, the mark disappeared!

After the fire phoenix disappeared, the giant lion was still lying on the ground, his eyes as gentle as a house cat!

Seeing that the giant lion did not dare to eat Chen Ping, the short man drew out his long knife and prepared to kill Chen Ping himself!

But just when the short man stepped forward, the giant lion that was lying motionless suddenly rushed towards the short man with a murderous look in its eyes!

When the short man saw this, he rolled to avoid it, but the giant lion refused to let go and continued to attack the short man desperately!

At this time, the giant lion fights against the short man, and the dragon-slaying sword fights against the tall man!

Chen Ping was lying on the ground unconscious, motionless...

"Roar....."

The giant lion roared, and the short man could no longer resist. His other arm was bitten hard by the giant lion and torn off!

“ah.....”

The severe pain made the short man scream heartbreakingly!

When the tall man heard the screams, he couldn't help but be distracted, and his head was instantly chopped off by the Dragon-Slaying Sword!

And the short man was bitten on the head by the giant lion and swallowed his head!

One tall man and one short man died, and Chen Ping was temporarily safe!

The dragon-slaying sword returned to Chen Ping's body, and after the giant lion licked Chen Ping, he picked up Chen Ping in one gulp and left quickly!

But not long after the giant lion left with Chen Ping in its mouth, a group of people came here after hearing the roar just now! ! !

The leader was Yao Qing, the leader of the Burning Heaven Sect. They heard the roar of the monster beasts and the sounds of fighting, so they rushed over!

You must know that the beast elixirs of monsters are excellent cultivation resources, and the monsters in this secret realm are definitely much stronger than those in the hidden world.

But when Yao Qing and his people arrived, there were only two dead bodies on the ground!

Yao Qing observed what was on the ground, and then gently touched the body with one hand. The scene of the fight soon appeared in front of his eyes!

“What a powerful giant lion...” Yao Qing narrowed his eyes slightly, then lightly touched another corpse, and then his eyes flashed: “This spiritual sword actually activated spiritual wisdom. It seems that this Chen Ping has a lot of good stuff, give it to me...”

Yao Qing led his men and quickly chased in the direction where the giant lion escaped.

Now in the entire secret realm, almost everyone is looking for Chen Ping!

Chapter: 3796

Some people want to kill Chen Ping to get the resources of the Feixing Sect, and some people want to kill Chen Ping and get the treasures from him!

Someone else found Chen Ping and wanted to help him!

For a time, the secret realm was full of people looking for Chen Ping's figure. Fortunately, the secret realm was big enough. Finding someone in it was like looking for a needle in a haystack!

"Damn it, where did this kid go?" Remember the website address

Leng Wudao couldn't help but feel a little anxious after seeing no news from Chen Ping for a long time!

"Brother Leng, this secret realm is so big, it's not that simple to find someone. If you want to know where Chen Ping is, just ask the fortune teller to divine for you, and it will be like..."

Tong Haiyang said to Leng Wudao.

Leng Wudao's eyes suddenly lit up and he said, "Yeah, why did I forget about this guy? I'll ask someone to find him right now..."

Leng Wudao sent out people, but he looked for the fortune teller, and soon an old man with a goatee was invited over!

This person is the divine fortune teller, the number one divination master in the hidden world. He asks about astronomy and geography. The divine fortune teller only needs three copper coins to know!

It is precisely because of this that the divine fortune teller's divination gang can also take a place in the hidden world.

"Did Gang Leader Leng ask me to divine where Chen Ping is hiding?"

The fortune teller saw Leng Wudao and said directly.

"Master of Divine Calculation is indeed well-deserved. I invited you here precisely to calculate the location where Chen Ping is hiding. I also ask Master of Divine Calculation to help!"

Leng Wudao said very politely to the fortune teller!

"Divining directions is a piece of cake, but Gang Leader Leng should know my rules, right?"

The fortune teller said with a proud attitude.

"Of course I know. As long as the master of divine calculation divines Chen Ping's hiding place, I will definitely send a large amount of resources..."

Leng Wudao said quickly.

The fortune teller nodded: "Okay!"

After saying that, the fortune teller took out three copper coins, and then threw the three copper coins high into the air!

The three copper coins emitted light, suspended in mid-air, and began to rotate!

Leng Wudao and Tong Haiyang looked up at the copper coins. They were very curious as to how on earth this divine fortune teller could predict everything with three copper coins!

“Master of Divine Calculation, what kind of ancient artifacts are these three copper coins?”

Chapter: 3797

Tong Haiyang couldn't help but ask.

“It's just three ordinary copper coins. How can it be an ancient divine object.”

The fortune teller smiled lightly.

“But why can these three ordinary copper coins be used to divine everything in the hands of a divine fortune teller?”

Tong Haiyang asked.

“The secret must not be leaked. Please forgive me for having no comment.” After the fortune teller finished speaking, he pinched his hands together, and the three copper coins kept changing their positions in mid-air!

After about ten minutes, there was still no reaction from the fortune teller. He was still working on the magic formula with his hands, but Leng Wudao was a little anxious!

It has been more than ten minutes, but there is still no response. He is not sure whether this divine fortune teller is a trick to bluff people. After all, he has not asked the divine fortune teller to help him. He has only heard about the divine fortune teller's reputation!

“Master of divine calculation, isn't that enough?”

Leng Wudao asked impatiently.

“alright.....”

After the fortune teller finished speaking, the copper coins in the air suddenly came together!

Immediately afterwards, rays of light shot out from the copper coins, forming a projection, and the information in the projection was exactly when Chen Ping followed the tall and short man in a confrontation!

The fortune teller suddenly waved his hand, and the space seemed to split open instantly, and streams of breath spurted out from the cracks!

“You can feel if this is Chen Ping’s aura!”

The fortune teller looked at Leng Wudao and Tong Haiyang and said!

“It is indeed Chen Ping’s aura. I have fought with him before, and I know the aura on his body.”

Leng Wudao said!

“Since Patriarch Leng can feel the presence of the aura, let Patriarch Leng follow the aura and search for it. We will definitely find Chen Ping!”

The fortune teller said!

“Okay, thank you Master Divine Calculation for agreeing to your resources. When I get back, I will send it to your house because of your anger!”

After saying that, Leng Wudao led his men and quickly chased after the breath!

The fortune teller followed Tong Haiyang.

At the same time, Chen Ping was being held by the giant lion and running quickly. No one knew where the giant lion was taking Chen Ping!

Chapter: 3798

Chen Ping was unconscious, but the old man inside him was desperately calling him to stop Chen Ping from being carried forward by the giant lion!

Now they have already deviated from the route, following the place marked by the treasure, going in the opposite direction!

Soon, the aura calculated by the divine fortune teller disappeared, and Leng Wudao also lost the direction in which Chen Ping disappeared!

“It’s a big deal, what’s going on here?”

Leng Wudao asked the fortune teller.

“Then Chen Ping escaped too fast and far away. My divination and divination is also limited by time and distance, and I can’t always provide you with services!

The fortune teller said!

“Escape quickly”

Leng Wudao said with a confused look on his face: “Then Chen Ping was obviously injured internally, but he was able to escape so fast after being injured internally. I’m really convinced.”

“I can feel that Chen Ping is running faster and faster now...” Shen Shuanzi closed his eyes slightly and seemed to feel something!

“Master of Divine Calculation, do you know where Chen Ping is? Are you helping with the calculation...”

Leng Wudao said quickly.

“Leader Leng, my divination is priced at one price. If you want to continue divination, you need...”

The master of calculation makes an action of counting money!

“Okay, no problem, I’ll arrange for someone to go and look for it right away...”

Leng Wudao happily agreed.

After hearing this, the fortune teller threw the three copper plates in his hand into the air again.

Soon, Chen Ping’s aura was exposed, and he was not far away from Leng Wudao and the others!

“Hahaha, there are traces of Chen Ping. He is not far away from us. Let’s go after him...”

Leng Wudao couldn’t help laughing!

The group of people quickly chased in Chen Ping’s direction again, but Chen Ping had no idea that Leng Wudao was catching up!

He was still unconscious, letting the giant lion carry him around!

“Hey, this is really strange. Where is Chen Ping going? How did you find out that he was walking randomly?”

The fortune teller felt the aura on Chen Ping’s body and realized that Chen Ping was running around with no fixed direction at all!

Chapter: 3799

“This Chen Ping must be doing this to avoid being chased. No wonder so many people can’t find him...”

After Leng Wudao finished speaking, he sent out his spiritual consciousness to detect Chen Ping's traces in real time!

But soon, the three copper coins of the fortune teller suddenly lost their effect and fell directly from the suspended mid-air to the ground!

"Master of fortune telling, what's going on?"

Leng Wudao asked when he saw that the divine fortune teller had dropped his copper coins.

"This...how is this possible?"

The fortune teller's expression changed a little: "Chen Ping is obviously nearby, why is he suddenly out of the scope of exploration?"

Divine Fortune Teller's copper coin divination also has distance requirements. If the distance is too far, there will be no way to divine the opponent's position!

Now that the copper coins suddenly fell, it proved that Chen Ping was far away from them and out of range!

"Damn it, you're not going to lie to us like this, are you?"

"You said you were right in front of you just now, but now you are suddenly very far away and out of range. Are you kidding me?"

Leng Wudao's face turned cold, and he stepped forward and grabbed the divine fortune teller by his collar!

He was going crazy. Chen Ping was injured, and his strength was not as strong as the legend said. How could he run so far in the blink of an eye?

Unless Chen Ping knows space magic, he will be able to travel through space at will, but this is a secret realm, and even if he knows space secret magic, he can't use it!

From this point of view, there is only one possibility, that is, the fortune teller is talking nonsense, and he cannot calculate Chen Ping's position at all!

The divine fortune teller was grabbed by the collar by Leng Wudao, and his face became very ugly: "Are you doubting my divination skills?"

"Master Divine Calculation, don't be angry, Brother Leng is too anxious!"

Seeing this, Tong Haiyang hurriedly stepped forward to smooth things over!

Leng Wudao also knew that he was a little out of character. After all, the Divination Gang's status in the hidden world was not lower than that of his Feixing Faction, and was even a head above it.

"Master Divine Calculation, I was a little too anxious. I will apologize to you..."

Leng Wudao bowed his head and admitted his mistake!

When the fortune teller saw this, he didn't pursue it. After all, Leng Wudao was also the leader of a gang. It was enough to bow his head and admit his mistake!

"Master Divine Fortune Teller, please do some divination to see where Chen Ping has gone. Otherwise, we will be searching like headless flies and have no clue at all!"

Tong Haiyang said to the fortune teller!

Chapter: 3800

"Okay, I'm just trying. I won't ruin my brand with this guy Chen Ping..."

After saying that, the fortune teller bit his finger, and then three drops of blood dripped out on the three copper coins!

The three copper coins began to make a buzzing sound, and then turned directly into blood red, emitting a red light!

“Search.....”

The fortune teller threw three copper coins into the air, and the three coins suddenly disappeared without a trace!

The fortune teller moved his fingers, and his forehead was covered with cold sweat. It seemed that he had lost a lot of strength this time!

At this time, Chen Ping was still being carried by the giant lion and running fast!

Even if the divine fortune teller showed his special skills, he could not divine Chen Ping’s position because Chen Ping was already hundreds of kilometers away from them at this time!

The divine fortune teller gasped and said: “That kid is erratic and difficult to predict. I can’t do anything for you. You can think of a solution for yourself!”

The divine fortune teller has left. He has spent too much mental energy trying to divine Chen Ping’s location!

Leng Wudao and Tong Haiyang looked at each other, and in the end they could only rely on a slow search to see if they could find Chen Ping!

And Chen Ping was carried by the giant lion. After reaching the top of a mountain, Chen Ping was put down!

Then he licked Chen Ping with his tongue, but Chen Ping was still unconscious!

The helpless giant lion lay next to Chen Ping, guarding Chen Ping!

There are all kinds of monsters passing by here. Although there are also monsters that are interested in Chen Ping and want to eat Chen Ping, they are blocked by the giant lion.

In this way, Chen Ping was unconscious for seven days. During these seven days, countless monsters tried to attack Chen Ping, but unfortunately they were all stopped by the giant lion!

There are also people who have been here before, but there are too many monsters here, and the realm of the monsters is very high, so these people can only move at the foot of the mountain and have not gone to the top of the mountain. If you go to the top of the mountain, you can find Chen Ping Got it!

In these seven days, because there are many monsters on this mountain peak, all the sects in the hidden world have moved closer here. After all, the beast pills of monsters are rare resources!

If you can hunt some monsters and take out the beast elixir, it will be of great help to the development of the gang!

At this time, the three sects and six sects in the hidden world, except for the Chunyang sect, all other sects gathered together.

“Everyone, we have almost explored this secret realm now. The resources and environment here are hundreds of times stronger than the hidden world, and there are high-level monsters everywhere on this mountain peak. If we can work together to hunt down some monsters, Beast, then our sects can develop rapidly.”

“When the time comes, we people will not be worse than the monks in the eight secret realms. We can also become immortals and Buddhas, we can fly to heaven, and we can live forever...”

Tong Haiyang said with excitement!

“What the Tong Gang Leader said is right. Such a secret entrance suddenly appeared in our hidden world, and it is also an unowned secret. This proves that we must seize the opportunity given to us by God.”
