

The Order 3801

Chapter: 3801

“But facing so many high-level monsters, we must work together. As long as we work together, this secret realm will be our base camp. If anyone dares to seize our secret realm, we will never agree!”

Leng Wudao stood up and echoed.

“Chief Tong, Gang Leader Leng, we in the hidden world are advancing and retreating together. Whatever needs to be done, you just have to say a word!”

“Yes, anyway, this secret realm is big enough for our sects to survive.”

“From now on, we can practice with peace of mind and no longer have to worry about resources!”

Everyone agreed with Tong Haiyang and Leng Wudao!

“What about the Chunyang Sect?” At this time, Bao Yukun from the Medicine Refining Sect spoke up!

Everyone was silent. After all, the Chunyang Sect was considered a sect within the three sects and six sects of the Hidden Realm. Arranging the Chunyang Sect was a difficult problem for the sect!

“I’ll tell the Medicine Refining Sect to find a nook and cranny place for them to settle down. If they don’t want to be in the secret realm, let them get out. Then let them continue to stay in the hidden realm!”

Someone suggested!

“Let the Chunyang Sect get out and return to the hidden world. The resources in this secret realm cannot be shared with them!”

Someone else said!

Most of these people's suggestions are to drive the Chunyang Sect out of the secret realm and let them return to the hidden world. After all, if one Chunyang Sect leaves, other people will be able to get more resources!

Leng Wudao listened, then waved his hand to calm everyone down and said, "Everyone, although we have this secret realm, we can't lose the territory of the hidden realm!"

"If our secret realm is known by people from the eight secret realms, and they come to rob our secret realm resources, we will not be able to deal with it with our current strength."

"So we have to be prepared with both hands. We cannot lose the territory of the hidden realm. If people from the eight secret realms really come to rob our secret realm resources, we can still retreat to the hidden realm. People like them dare not leave the secret realm."

"But if we drive the Chunyang Sect out now and let them return to the Hidden Realm, wouldn't all the territory in the Hidden Realm become the property of the Chunyang Sect?"

"If we really encounter danger in the secret realm, where can we retreat? Who can guarantee that the Chunyang Sect will not retaliate against us before we return to the hidden realm?"

Leng Wudao analyzed it carefully for everyone!

"What Leader Leng said makes sense. If that's the case, what do you think the Chunyang Sect should do with it?"

Someone asked Leng Wudao.

Leng Wudao glanced around, then his eyes narrowed slightly, and he said with murderous intent: "Kill..."

With Leng Wudao saying "kill", everyone fell silent!

Although the three sects and six sects in the hidden world often scheming and fighting each other secretly for the sake of resource interests!

Chapter: 3802

But if I really want to do something like destroying the sect, I have never thought about it like this!

Now that Leng Wudao said that he wanted to destroy Chunyang Sect, everyone didn't know how to answer for a while!

"I think Gang Leader Leng's method is very good. Since the Chunyang Sect is alienated from us, we must get rid of it. It will be a disaster sooner or later if we keep it!"

"And after the Chunyang Sect is destroyed, everyone can still get a share of all the resources of the Chunyang Sect."

Tong Haiyang spoke up and supported Leng Wudao's method!

Seeing that Tong Haiyang also spoke up and could even share Chunyang Sect's resources, everyone was no longer silent!

"Kill, I have long disliked Yue Buqun..."

"Destroy the Chunyang Sect and keep his female disciple for me. Every time I see his female disciple, I can't help it!"

"There is more than one female disciple of Chunyang Sect, and everyone will be happy when the time comes..."

"Ha ha ha ha....."

Amidst the laughter, the fate of Chunyang Sect was decided by these people!

At this time, Yue Buqun and his disciples from the Chunyang Sect were setting up camp not far away. He had no idea what these people were thinking!

What he was worried about at the moment was Chen Ping's safety. He didn't know if Chen Ping had escaped!

"Master, it's been so many days and those people haven't caught Mr. Chen. That proves that Mr. Chen must have escaped. You don't have to worry!"

Liu Rui comforted Yue Buqun and said.

"Well, Mr. Chen has a very tough destiny and will not die easily."

"We are looking for a suitable place to relocate the Chunyang Sect. The resources in this secret realm are so abundant. I believe that with these resources, the strength of all of you can increase faster!"

Yue Buqun said!

"Master, don't we go hunt some monsters and get the beast elixir?"

Liu Xing asked Yue Buqun in confusion.

"I've seen it. Those are high-level monsters, and they are powerful. If you want to hunt those monsters, you will have to pay a high price."

"And the resources here are rich. Even if you don't use the beast pill, you can still practice. In this case, why take the risk!"

Yue Buqun didn't plan to hunt monsters, he just wanted to find a place to settle down the Chunyang Sect!

“Okay, tomorrow my junior sister and I will lead people to find a suitable place!”

Chapter: 3803

Liu Xing nodded!

At this time, where the three sects and six sects were meeting, everyone reached an agreement and prepared to take action against the Chunyang Sect and directly destroy the Chunyang Sect!

But just as he was about to end the meeting, there was a sudden space fluctuation, and a figure slowly appeared!

Everyone who saw this scene was stunned, and then they took up their stance as if facing a formidable enemy!

But when all the figures were revealed, everyone was shocked!

“Yao Qing, you’re not dead?”

Leng Wudao looked at the figure who appeared and asked.

It turns out that this figure is Yao Qing, the leader of the Burning Heaven Sect!

The Burning Heaven Sect was a cult that was destroyed by the three sects and six sects, but they didn’t expect Yao Qing to show up now!

Seeing Yao Qing’s appearance, everyone else became nervous and their auras rose!

“Don’t panic, everyone. This is just a phantom of Yao Qing. There is no threat.”

Bao Yukun quickly comforted everyone and said!

Among these people, only Bao Yukun knew that Yao Qing was not dead and had been in contact with the Burning Heaven Sect!

Bao Yukun was able to deceive the Chunyang Sect of resources for many years because he cooperated with Yao Qing and deceived Yue Buqun!

“Yao Qing, what are you doing here?”

Leng Wudao asked Yao Qing.

“Nothing, I just heard that you were going to destroy Chunyang Sect, so I came here to join in the fun. I also wanted to join you and go up the mountain to hunt monsters together!”

Yao Qing said with a faint smile.

“Impossible, you are an evil cultivator, how could you be with us...”

Someone loudly refused!

“If it doesn’t work, then I will tell Yue Buqun about this. Besides, I am an evil cultivator, and you are doing whatever it takes for cultivation and resources? Otherwise, why would you destroy the Chunyang Sect? We are just It’s just half a pound!”

“Besides, I practice evil arts because of a lack of resources. I just want to speed up my practice. Now that there are abundant resources here and there are so many monsters, I don’t need to use evil arts to absorb the strength of others!”

“If you allow me to join, then I, the Burning Heaven Sect, can take the place of the Chunyang Sect. Besides, I, the Burning Heaven Sect, can also contribute to killing the monsters.”

Yao Qing said with a sneer.

Chapter: 3804

After listening to Yao Qing's words, everyone was silent!

At this time, they can just deal with one Chunyang Sect. If the Burning Heaven Sect also gets involved, it will definitely cause losses to other sects!

Just when everyone was silent, Bao Yukun from the Medicine Refining Sect spoke up.

"I think what Yao Qing said is not unreasonable. Anyway, this secret realm is big enough, as long as they don't practice evil arts in the future."

"And we leave the matter of destroying the Chunyang Sect to the Burning Sect, so that we don't have to take action to avoid being criticized!"

Bao Yukun is speaking for Yao Qing!

"It's a good idea to let the Burning Heaven Sect destroy the Chunyang Sect!"

Tong Haiyang said!

Although the Chunyang Sect is not strong, there will still be losses if the Chunyang Sect is really destroyed. No one is willing to do such a thing. After all, if word spreads in the future, it will have a bad reputation!

Now that the Burning Sky Sect is such an evil sect, it would be normal for the Chunyang Sect to be destroyed. Even if this incident spreads, everyone will angrily criticize the Burning Sky Sect. It doesn't matter if they follow other sects in the hidden world!

"Yao Qing, I ask you to destroy the Chunyang Sect, will you agree? If you destroy the Chunyang Sect, then your Burning Heaven Sect can take the place of the Chunyang Sect!"

Leng Wudao asked.

“No problem, just Chunyang Sect, I will destroy him with a wave of my hand.”

Yao Qing nodded!

“Well, after you destroy the Chunyang Sect, we will discuss hunting the monsters and dividing the territory!”

Leng Wudao said.

Yao Qing’s figure began to fade and fade, and finally disappeared!

If Leng Wudao knew that his son was killed by people from the Fentian Sect, he wonders if he would still agree to Yao Qing!

.....

Chen Ping is still unconscious on the top of the mountain!

The giant lion has always been waiting by his side, never leaving a step, but this made the old man attached to Chen Ping very anxious!

He must quickly find the place marked on the treasure map and let his soul find it. Then he can tear apart time and space and return to the world of heaven and man!

As long as he returns to the world of gods and humans, he can reshape his physical body and come back to life!

But now that Chen Ping is unconscious, he can only worry!

Chapter: 3805

At this time, the fire phoenix mark on Chen Ping's forehead began to slowly flash out, and then a group of golden light slowly rose, and finally turned into a phoenix, flying around Chen Ping!

A vast aura emanated from the body of the fire phoenix. The giant lion that had been guarding the side, after seeing this, hurriedly leaned down and roared, with fear in his eyes.

Immediately afterwards, the earth began to tremble, and countless extremely powerful auras began to surround the top of the mountain!

Roars, roars, one after another!

Not long after, hundreds of monster beasts all ran over, lying on the ground one by one, with horror in their eyes.

The fire phoenix flashed its wings and flew over the heads of these monsters, but these monsters were so frightened that they did not even dare to raise their heads!

I saw a ray of light emitting from the top of each monster beast, and then hundreds of rays of light converged on the Fire Phoenix!

In an instant, the fire phoenix spread its wings and shook a few times, and bright golden light shot up into the sky, illuminating the entire mountain peak instantly, like a full sun!

Hundreds of monster beasts felt the aura emanating from the fire phoenix, and they were all trembling. Even though the fire phoenix was absorbing the power of the beast elixir from these monster beasts, not a single monster beast dared to resist!

The earth trembled, rays of light shone, and countless monsters lay in the darkness on the top of the mountain. If anyone saw this, they would probably be scared to death.

You must know that these are all Martial God-level monsters. There are even a few monster beasts that have reached the peak of Martial God and are about to break through to Martial Emperor!

Even if all the people from the three sects and six sects of the Hidden Realm came, looking at this scene, they would be so frightened that they would turn around and run away!

“Then what’s going on on the top of the mountain?”

Someone saw golden light rising from the top of the mountain, and a very terrifying aura constantly coming from the top of the mountain!

People from the three sects and six sects all looked up at the strange scene on the top of the mountain!

“What a powerful aura. Could it be that there are more advanced monsters on the top of this mountain?”

Leng Wudao frowned slightly.

“You can still feel this aura from such a long distance. It seems that this is the king of monsters. His strength is definitely higher than that of the Martial Emperor!”

Tong Haiyang also looked very solemn!

If there is such a powerful monster in the secret realm, then they have to be careful and stay away from it when dividing the territory. Maybe they will be wiped out by a monster then. The gain outweighs the loss!

“It seems that we have to be careful when hunting monsters. I didn’t expect that there would be such high-level monsters in this secret realm!”

Leng Wudao sighed!

At this moment, on the other side of the mountain, Qu Yunchang looked at the golden light on the top of the mountain, feeling the terrifying aura, and his face became a little ugly!

“Such a terrifying aura, it seems there is a beast king on the top of the mountain!”

Chapter: 3806

After Qu Yunchang finished speaking, he originally planned to go to the top of the mountain, but he chose a new path. He didn't want to become the food of the beast king!

.....

The fire phoenix on the top of the mountain, after absorbing the power of the beast elixirs of those monsters, circled around Chen Ping twice, and then turned into a golden light again, disappearing into Chen Ping's forehead!

The fire phoenix disappeared, but those monster beasts were still lying on the ground, not daring to move. The strength of these monster beasts had obviously dropped by a level, because part of their strength was absorbed by the fire phoenix!

After the golden light disappeared into Chen Ping's forehead, a force began to rotate around the dragon crystal on Chen Ping's chest. The power of the dragon in Chen Ping's body also merged with this force, and soon merged together to form A powerful force!

“Cough cough cough.....”

Chen Ping coughed twice and slowly opened his eyes!

When Chen Ping opened his eyes, the first thing he saw was the blue sky.

“What is this place? Am I not dead?”

Chen Ping frowned slightly. All he could think of now was fighting with the short man and fainting in the end!

As for what happened next, Chen Ping had no idea!

After lying down and relaxing for a while, Chen Ping found that the power of the dragon in his body had actually become stronger, and there was no longer any suppression at all!

Then he clenched his fist, and Chen Ping found that his strength had recovered, and he no longer felt like he was unable to use his strength!

“Awesome, I finally recovered...”

Chen Ping shouted happily and sat up suddenly!

But as soon as I stood up, I was instantly shocked by everything in front of me!

In front of him, he saw a mass of monsters lying in darkness. There were all kinds of monsters, and each one was huge in size, and the aura on them was also very terrifying!

Chen Ping was so frightened that he almost fainted again after just waking up!

Chen Ping didn't dare to move even while sitting, he didn't even dare to breathe!

But the hundreds of monsters in front of him were also motionless, and they didn't dare to breathe!

Both sides are afraid of each other and are afraid of each other!

“You don't have to be afraid. These monsters have become your little brothers now and will not hurt you.”

The old man's voice rang out!

“What? Becoming my little brother? What's going on?”

Chapter: 3807

Chen Ping looked surprised and didn't understand what happened!

"To be precise, these monsters are all the little brothers of your little girl, so they are also your little brothers."

The old man explained!

"Little girl? What little girl?" Chen Ping didn't understand!

"You guys, you don't admit it even after you put on your pants? It's the same fire phoenix you played with."

The old man told Chen Ping the story, and then Chen Ping realized that it was the power left by the fire phoenix in his body that tamed these monsters!

Thinking about the monsters on the Monster Mountain Range, they were much more powerful than these monsters, and they were also submissively controlled by the fire phoenix, so taming these monsters in front of them was not a problem.

"You think if I get up now, these monsters really won't attack me?"

Chen Ping was still a little worried. After all, there were so many monsters looking at him eagerly!

"Definitely not, please quickly take me to the place marked on the treasure map!"

The old man was a little anxious!

Chen Ping still didn't dare to get up and asked the old man: "Don't lie to me. If I were eaten by a monster, no one would take you there..."

“Don’t worry, how could I lie to you? As soon as you get up, these monsters will probably tremble in fear!”

The old man urged Chen Ping to get up!

Chen Ping slowly stood up. When he saw Chen Ping standing up, he quickly took two steps back with the monster in hand, causing a commotion!

“See, these monsters are afraid of you!”

The old man said to Chen Ping!

Chen Ping looked at the eyes of those monsters, and he was indeed afraid of himself, which made Chen Ping feel more at ease!

Chen Ping then looked at the giant lion not far away, and then waved: “Come here...”

He wanted to try to see if these monsters would listen to him since they were his little brothers!

The giant lion lay on the ground and nudged in front of Chen Ping.

Just like a docile puppy!

This made Chen Ping extremely happy. So many monsters were his little brothers, so why was he afraid of Leng Wudao and those guys from the hidden world?

Thinking of being chased and how badly he was beaten, Chen Ping became angry!

Chapter: 3808

“I must take revenge...”

Chen Ping suddenly punched out, and a huge boulder in the distance suddenly turned into powder!

This time, the monsters were so frightened that they all trembled, thinking that Chen Ping was going to attack them!

Chen Ping, on the other hand, looked at his fist and was a little stunned. He didn't expect that during the time he was unconscious, his level would actually improve!

At this time, Chen Ping has reached the fourth realm of distraction, which is the fourth level of Martial God!

In this way, even if Chen Ping meets Emperor Wu, he can still fight!

"This level of improvement is a bit too casual..."

Chen Ping didn't expect that he would improve his level while in a coma!

"You have absorbed the strength of hundreds of monsters in your body. If you don't improve your realm, then you are too perverted..."

The old man said speechlessly!

Chen Ping then remembered that the old man had just told him that the fire phoenix absorbed the strength of hundreds of monsters, which allowed Chen Ping to wake up, and the power of the dragon and phoenix were fused together, without the suppression of heaven!

Although each monster only absorbs part of its strength, the combined strength of these hundreds of monsters cannot be underestimated!

"With these monsters, I don't have to be afraid of those guys in the hidden world..."

After Chen Ping finished speaking, he started walking down the mountain!

As soon as Chen Ping left, hundreds of demonic beasts followed behind him in a mighty manner, with dust flying and trees flying everywhere!

Even the ground was trembling, and the entire mountain seemed to be crumbling!

When Chen Ping saw this, he quickly waved his hand to make all these monsters stop!

Although it was very majestic to bring these monsters with him, it would be impossible for Chen Ping to avoid the sight of others wherever he went!

Now that his strength has been restored and his level has been improved, even if he encounters someone from the hidden world, he is still capable of fighting. If that doesn't work, he can easily escape!

There is no need for these monsters to follow for the time being, so Chen Ping said loudly: "You all should disperse. If necessary, I will summon you..."

After Chen Ping finished speaking, those monsters dispersed and left!

When Chen Ping saw that all the monsters had left, he turned around and walked down the mountain. He wanted to help the old man find the location marked on the map first, and then talk about revenge!

But now that he was brought here by the giant lion, it was much farther away from the place marked on the map. Chen Ping had to hurry up as soon as possible.

Under the mountain peak, the Chunyang Sect is stationed!

Chapter: 3809

Yao Qing rushed over with the people from the Burning Heaven Sect. Since he promised Leng Wudao and the others to destroy the Chunyang Sect and replace the Chunyang Sect, he must do it!

Otherwise, living such a secretive life is not a long-term solution!

Before the Chunyang Sect found a suitable place to set up camp, they could only temporarily repair here!

“Master, we are so alienated from other sects now, do you think they will do anything to us?”

Liu Xing asked Yue Buqun.

“No, after all, they are from a well-known and decent family, but they just won’t interact with each other in the future, so they don’t need to do anything against us!”

Yue Buqun still believes in other sects. Although they have quarrels with each other, they have not yet reached the point of committing evil acts and killing people!

“We need to find a place away from these guys, otherwise they will always cause trouble...”

Liu Rui said!

“Don’t be in a hurry, search slowly. This secret realm seems to be an unowned secret realm, and it is so big. I believe there are many Feng Shui treasures that have not been discovered!”

“Everyone, please go to bed early. We will continue to search tomorrow...”

After Yue Buqun finished speaking, he lay down on the bed!

He was still worried about Chen Ping’s safety and wondered if Chen Ping had escaped!

Liu Xing and Liu Rui also went to rest. Only two Chunyang Sect disciples were patrolling around to prevent the intrusion of monsters!

At this moment, two patrolling Chunyang Sect disciples suddenly noticed a figure approaching rapidly!

Before they could speak, they felt a tightness in their chest, and then a blood hole appeared in their chest, and blood spurted out!

Before they even had time to make any sound, the two Chunyang Sect disciples started to hate the northwest!

Plop, plop.....

Two slight sounds of falling to the ground still startled Yue Buqun!

Originally Yue Buqun couldn't sleep while lying down, but now he heard some movement and immediately got up to check!

But when Yue Buqun just stood up, he saw several figures running towards him quickly, and each of them had murderous intent!

Yue Buqun was shocked, and suddenly struck out with his palm. A white light flashed in the dark night, and the terrifying force directly knocked those figures away!

At this time, all the disciples of Chunyang Sect were alarmed. When Yao Qing saw this, he knew that a sneak attack was impossible, so he stopped hiding!

As torches were lit one after another, Yue Buqun was surprised to see that the one who attacked him was Yao Qing from the Burning Heaven Sect!

Chapter: 3810

He did not expect that people from the Burning Heaven Sect would actually enter this secret realm, and they would be so bold as to attack him!

You know, the Burning Heaven Sect has been hiding in hiding all these years, and they don't dare to show up in public at all!

"Yao Qing, how brave are you to attack my Chunyang Sect secretly?"

Yue Buqun shouted at Yao Qing with an angry look!

"Yue Buqun, the Burning Sect's pursuit of me back then was also related to your Chunyang Sect, so it is natural for me to sneak attack on you now to avenge you."

Yao Qing snorted coldly!

"You are too courageous. Don't you know that not far away, there is the headquarters of other sects? When the time comes to attract other sects, I see how you, the Burning Heaven Sect, can leave!"

Yue Buqun threatened Yao Qing.

"Hahaha, you are so naive, do you think other sects will come to save you?"

"Seeing that your death is imminent, I might as well tell you that I have come to destroy your Chunyang Sect, and I have also negotiated with other sects. Your Chunyang Sect's position will be replaced by my Burning Heaven Sect."

Yao Qing said with a smile.

"You fart, they will never do this, stop sowing discord..."

Yue Buqun didn't believe what Yao Qing said at all!

You know how much they hate evil cultivators, how could they let Yao Qing take the place of Chunyang Sect!

“Whether it’s true or not, you’ll know soon. Let’s see if someone comes to save you soon...”

After saying that, Yao Qing raised his palm, and the dark sky became darker, and waves of terrifying and sinister aura began to slowly spread!

“kill.....”

Those people from the Fentian Sect, holding weapons, shouted and charged towards the disciples of the Chunyang Sect!

The disciples of the Chunyang Sect did not show weakness, and the two sides fought together instantly, and the wails instantly resounded throughout the night sky!

This kind of sound can travel far in the silent night!

Leng Wudao looked at the shouts of killing not far away and the firelight soaring into the sky, with a satisfied smile on his face!

“Brother Leng, do you really plan to let the Burning Heaven Sect take the place of the Chunyang Sect?”

At this time, Tong Haiyang stepped forward and asked.

“What do you mean?” Leng Wudao looked at Tong Haiyang!
