

The Order 3841

Chapter: 3841

Although it was no longer pitch black in the valley at this time, allowing everyone to see the scene, the hazy night scene, coupled with the bones all over the ground, gave the place an even more eerie look!

“With so many white bones, no wonder the yin energy here is so heavy...”

The fortune teller opened his mouth wide and said in surprise.

Chen Ping did not speak, but slowly walked in, and everyone followed directly into the valley!

The entire valley was eerily quiet. Everyone here did not dare to breathe too loudly.

“Quack quack.....”

And along with a few crows flying by, everyone was startled.

“How come there are living things here?” Yue Buqun asked with a puzzled look on his face!

“Master, this... this won't be a real hell, right? I'm afraid...”

Liu Rui was trembling all over. She was a girl after all. Facing such a scene, it would be strange not to be afraid!

“This can't be hell. Hell is the underworld. With our strength, we can't escape from the secular world and go to another space. However, this place is indeed permeable, just like purgatory...”

The fortune teller frowned and said!

“No matter what world it is, since it’s here, we have to go down hard.”

“Everyone, please be vigilant and don’t get lost...”

Chen Ping reminded everyone!

Because the moment he walked in the door, he could feel an extremely dangerous aura approaching!

Everyone is close to each other and on full alert!

“Mr. Chen, since there are living creatures here, are there people there?”

Liu Xing asked curiously.

“I don’t know either. Anyway, this place is very weird. Everyone just needs to pay attention...”

Chen Ping said!

After saying that, everyone carefully followed Chen Ping and walked forward slowly. Although everyone was careful, they still kept stepping on those bones!

Because there are so many bones covering almost the entire valley, there is no way to avoid them even if you are careful!

“Ka...ka...ka...”

Chapter: 3842

Suddenly, there were regular sounds. In this dead valley, the sounds were very harsh!

Chen Ping stopped for a moment, and then looked around warily!

Everyone looked panicked and wanted to know where the sound came from!

But soon, they discovered that the clicking sound began to resound throughout the entire valley!

“Mr. Chen, look...”

Liu Rui shouted, and then everyone saw that the scattered bones on the ground moved!

I saw those white bones floating slowly, and then re-formed into a humanoid skeleton!

Slowly, there were more and more humanoid skeletons, and almost all the bones on the ground stood up again!

Thousands of skeletons surrounded Chen Ping and the others!

This sudden scene scared everyone into panic!

“What...what’s going on?”

At this moment, Yue Buqun started to panic!

Soon, thousands of skeletons, with weapons in their hands, began to approach Chen Ping and the others!

Chen Ping and the others were now unable to retreat. Facing the approaching skeletons, Chen Ping waved his hand, and the Dragon-Slaying Sword appeared in his hands!

“Let’s rush out now, don’t go deep yet...”

Chen Ping planned to take Yue Buqun and others to rush out of the valley. Just after entering, he encountered this situation. If he went deeper, he didn't know what dangers there would be.

After Chen Ping finished speaking, he took the lead and slashed at the skeletons with his sword. This sword directly chopped more than a dozen skeletons into pieces!

Just after Chen Ping killed a dozen skeletons with one sword, a dozen undetectable auras instantly entered Chen Ping's body!

But Chen Ping didn't notice it because these dozen breaths were so weak!

"kill....."

Yue Buqun and others also showed their weapons and charged towards the skeletons!

But soon, they discovered a problem. Although the skeletons that Yue Buqun and others killed were scattered, they could be reassembled quickly!

But the skeletons that Chen Ping killed with one sword were directly broken into powder, and they really disappeared!

This situation left everyone confused. Even Chen Ping himself didn't know what the reason was!

Chapter: 3843

After fighting for a long time, Yue Buqun and the others didn't kill anyone!

Although the strength of these skeletons is not very strong, there are too many of them, and they are unconscious things, so they are not afraid at all and rush forward desperately!

Soon, Yue Buqun and the others felt a little exhausted, and the speed of their hands also slowed down!

“Mr. Chen, you don’t have to worry about us, or you can run away first...”

Yue Buqun said to Chen Ping!

Yue Buqun knew that although they could still hold on now, they would not be able to hold on if time went on. After all, these skeletons were immortal to them and could not be killed by anything!

“I will not abandon you...”

After Chen Ping finished speaking, the Dragon-Slaying Sword in his hand emitted a dazzling golden light!

“Nine Shadows Sword Technique...”

Chen Ping used the Nine Shadows Sword Technique, and six figures appeared instantly!

Six identical Chen Pings protected Yue Buqun and others behind them!

Immediately afterwards, Chen Ping swung the dragon-slaying sword in his hand even more tightly. Every time the sword was struck, more than a dozen skeletons turned into powder!

And the aura emanating from the skeleton gathered more and more in Chen Ping’s body...

After more than an hour, thousands of skeletons were killed by Chen Ping!

At this time, the white bones on the ground had long since disappeared. They were all turned into powder and blown away by the cold wind!

Chen Ping put away the six clones and let out a long breath!

Yue Buqun, Shen Suanzi and others looked at Chen Ping with surprise in their eyes!

They didn't expect that Chen Ping's phantom clone would actually have strength!

You must know that most people's phantom clones are only used to confuse the enemy and have no strength at all, but Chen Ping's clone has strength and can still fight...

Chen Ping himself felt something was different at this moment. If he usually used the Nine Shadows Sword Technique, the spiritual power in his body would not be able to support the existence of these clones for such a long time!

But it's been an hour now, and the clone still hasn't dissipated, and the power in his body seems to be inexhaustible!

At this moment, Chen Ping felt that there seemed to be a kind of power in his body, a power that was different from spiritual power and the power of the dragon!

Qi settled in his dantian, and Chen Ping's consciousness began to wander around his body. Only then did he notice that there was a gray aura above his dantian.

Chen Ping tentatively wanted to refine this aura, but no matter how hard he tried, he could not sink this aura into his dantian and refine it into spiritual power!

Chapter: 3844

"Does this aura need to be fused with the power of the dragon?"

Chen Ping frowned slightly.

Immediately afterwards, Chen Ping emitted a dragon's power, surrounding the aura, trying to make the aura merge with the dragon's power!

But the two seemed to be somewhat repulsive, and the power of the dragon couldn't even be fused with the gray aura!

“What a strange smell? What on earth is this?”

Chen Ping had a solemn look on his face. He didn't know if this kind of breath would cause harm to his body!

“Mr. Chen...are you okay?”

Seeing that Chen Ping was motionless, Yue Buqun shouted, fearing that Chen Ping was injured!

“Oh, I'm fine, let's go...”

Chen Ping reacted and smiled slightly!

Chen Ping didn't have any reaction or discomfort for the time being, so he just ignored the aura for the time being!

So he took Yue Buqun and the others and continued heading deeper into the valley!

But just after taking two steps, a gust of wind suddenly blew wildly, and then a vague figure slowly approached Chen Ping and the others!

At this time, everyone became nervous, because everyone could really feel the dangerous aura from this figure!

“ah.....”

When the figure slowly approached and could see its face clearly, Liu Rui was so frightened that she screamed!

I saw that this figure was not a human being, but a rotten corpse with white bones on its face. It looked very scary!

Even Yue Buqun and others were frightened when they suddenly saw such a rotting corpse.

“Who are you? Leave here quickly. This is a place to suppress evil spirits. It is a death penalty for you to break in without authorization...”

The corpse slowly opened its mouth and scolded Chen Ping and the others loudly!

At this time, everyone was confused. Shouldn't this be a secret place with various treasures?

Why did it suddenly become a place to suppress evil spirits?

And what is that demon?

Chen Ping was even more confused and frowned slightly: “Shouldn't this be a ruins? There are many treasures? We are just here to hunt for treasures.”

Chapter: 3845

“Hmph, there is no treasure here. If you don't leave, then you will never leave!”

The corpse said angrily!

Now Chen Ping was in a dilemma. The old man obviously said that this place was a treasure, and it also allowed him to summon souls and then return to the world of heaven and humans!

Why has everything changed now?

If there was no treasure, Chen Ping would not have gone through so much trouble to bring the skull here!

Just when Chen Ping was at a loss, the void suddenly shook, and then another figure appeared!

I saw that this person was an old man with white hair, wearing a black cloak with skull patterns on his body!

However, Chen Ping could tell at a glance that this old man was just a soul, not a real person!

“Little brother, you are fine...”

The white-haired old man smiled at Chen Ping and said!

Chen Ping was stunned for a moment, then his eyes widened, and he looked at the old man in front of him in surprise, because the old man’s voice was exactly the same as the voice made by the skull!

“you you.....”

Chen Ping pointed at the old man and didn’t know what to say for a moment!

“Hahaha, that crystal skull is mine, and I am the one who led you here!”

The old man laughed and said!

“Why are you doing this? Your soul is obviously here, why did you lie to me and say that you want to use this place to attract the soul so that you can be resurrected in the world of heaven and humans?”

Chen Ping looked at the old man angrily and asked.

He tried his best to deliver the old man's skull, but he didn't expect to be deceived! Remember URL

"I'm not lying to you. Although my soul is still here, I can't leave. I am the demon suppressed here. Only by breaking the suppression here can I return to the world of heaven and humans."

Yin Mo said truthfully to Chen Ping.

"After doing this for a long time, you want me to save you?" Chen Ping said angrily: "Why should I save you? What's the benefit of me saving you?"

"Of course there are benefits to saving me, but as for why you saved me, it's because only you can save me from here..."

"You saved both the Wind Demon and the Blood Demon. You should also save me from here."

Yin Mo said to Chen Ping.

Chapter: 3846

"Wind Demon?"

Chen Ping was stunned. He only knew that the blood demon went directly to the heaven and human world because of the resurrected spiritual energy. But Chen Ping didn't remember what wind demon he had saved?

"This is the old guy who taught you Holy Light Fist. He was suppressed by the Demon Suppression Tower, and you let him out."

The demon explained!

Only then did Chen Ping remember that he had learned the Holy Light Fist from the old man in the Demon Suppressing Tower, and the old man was just a remnant soul!

“Is that old man also a big devil?”

Chen Ping asked in surprise.

Because at that time he saw the old man dressed in white robes, with a kind face and kind intentions. How could he look like a big devil?

“Bah, he doesn’t deserve the title of Big Demon. A small demon-suppressing tower suppressed him for hundreds of years. It really embarrasses our demon clan.”

The Yin Demon actually took a sip, obviously looking down on the Wind Demon!

“Aren’t you trapped here?” Chen Ping found it very funny. This evil demon was obviously suppressed here, but he still laughed at others!

“Can this be the same? This is the Valley of the Abyss, but it can’t be compared to the small Demon Suppression Tower. Moreover, what is suppressed here is only a trace of my residual soul. If my body is here, I can level this broken place. , go directly to the underworld!”

Yin Mo said with a proud look!

“Go away, stop bragging here...”

I saw the rotting corpse on the side waved his hand, and the ghost of the evil spirit flew far away in an instant!

When Chen Ping saw this, he said to the evil demon: “How can I save you? And what benefits have you given me?”

“Senior Feng Mo taught me the Holy Light Fist, and Senior Blood Demon saved my life.”

“I have given you all the benefits, can’t you feel it? The aura in your body is the evil spirit of Dao Mark. As long as you kill the evil things, the evil spirit of Dao Mark will become stronger. When you practice the Nine When you get the Dao pattern, no one in the world can be your opponent!”

“If you kill this half-dead guy now, you will be able to generate the first Dao mark, your strength will be greatly improved, and you can also rescue me. Why not?”

Yin Mo said to Chen Ping.

“Hmph, you are bragging again, and there is no one in the world who can match you?”

The rotten corpse snorted coldly, and then smacked it with a palm, instantly dissipating the ghost of the evil spirit!

“Boy, don’t listen to his bragging. Now you leave quickly and I can spare your lives. Otherwise, don’t blame me for being rude!”

The rotten corpse threatened Chen Ping!

Chapter: 3847

“What if I don’t leave?” Chen Ping asked.

“If you don’t leave, the only option is death...”

After the rotten corpse finished speaking, the yin energy at his fingertips began to condense, and instantly turned into a bunch of fierce ghosts. The ghosts bared their teeth and claws and rushed towards Chen Ping and others!

Everyone was shocked and took up their positions one after another. They didn’t expect that the rotten corpse would take action as soon as he said it!

Moreover, those fierce ghosts were extremely fast and arrived in front of us like lightning!

But just when everyone was waving their weapons to attack the evil ghosts in front of them, they found that there was no way to cause harm to these evil ghosts, and these evil ghosts did not hurt anyone, but penetrated everyone's body at extremely fast speeds. Body!

In an instant, everyone became sluggish, the weapons in their hands were thrown to the ground, their eyes were dull, as if they had turned into corpses!

Chen Ping frowned. He could also feel that after penetrating his body, the evil ghost began to control Chen Ping's brain!

Chen Ping thought it was an illusion and started to recite the Heart-Cleaning Mantra, but found that the Heart-Cleaning Mantra could not be stopped at all, and the evil ghost attacked Chen Ping desperately in his consciousness.

"What a powerful method." Chen Ping frowned slightly.

He did not expect that the rotten corpse would directly attack the person's consciousness. As long as it controls the person's consciousness, it is equivalent to killing the person directly, because the controlled person will obey all instructions, even if it means committing suicide...

Experts at the level of Martial Gods and even Martial Emperors were controlled by their consciousness without any resistance. This shows how powerful this rotten corpse is!

Otherwise, I might not be able to suppress a big demon like Yin Mo!

Chen Ping's consciousness was desperately resisting in his mind, his face was extremely pale, and his forehead was dripping with cold sweat!

Chen Ping's body became stiff and he stood motionless, only his brain was running rapidly!

"This person's spiritual thoughts are so powerful, how can he resist until now?"

The rotten corpse couldn't help but feel a little surprised when he saw that Chen Ping hadn't been controlled yet!

But soon, Chen Ping's eyes began to become dull, his whole person became sluggish, and his aura changed, making him look like a walking corpse!

Seeing this, the rotten corpse grinned: "No one can escape my attack..."

"Since you killed my skeleton soldiers, then you can act as my soldiers and guard the gate..."

After the rotten corpse finished speaking, his figure slowly disappeared!

Yue Buqun and others stood on both sides obediently, and even Chen Ping was no exception, quietly walking to the side and standing!

However, Chen Ping was not controlled at this moment, and his consciousness was still resisting desperately!

Just when Chen Ping's consciousness was inextricably entangled with the evil ghost in his sea of consciousness, a holy light suddenly shone through!

Chapter: 3848

Chen Ping suddenly felt that his body was extremely warm, and the fierce ghost let out a shrill scream!

Chen Ping looked up and found that the light was actually coming from the wordless heavenly book!

The wordless heavenly book was radiating light in Chen Ping's sea of consciousness, making the fierce ghost scream in agony!

When Chen Ping saw this, he instantly used his spiritual consciousness to kill the fierce ghost.

After returning to normal, Chen Ping felt the light of the Wordless Heavenly Book and felt a little incredible in his heart. He did not expect that the Wordless Heavenly Book given by Mr. Shi could have such a use!

“Sect Master Yue? Master of divine calculation?”

Chen Ping looked at the stunned Yue Buqun and Shen Suanzi, stepped forward and shouted twice, but the two people didn't respond at all!

“Liu Rui, Liu Xing?”

Chen Ping looked at Liu Rui and Liu Xing. They were also standing blankly, their eyes unblinking, like sculptures!

No matter how much Chen Ping shouted, these people had no response at all!

“It seems that only by killing that guy can they recover...”

Chen Ping frowned slightly.

Now even if Chen Ping doesn't want to kill the rotting corpse, he can't just watch Yue Buqun and others turn into puppets!

Chen Ping continued towards the depths of the valley!

Soon I saw something like an altar, standing high, and the altar was emitting a faint light!

The rotting corpse was guarding under the altar, and under the altar, Chen Ping could clearly hear the screams!

“What are you doing here? Go quickly and guard the door...”

The rotten corpse saw that Chen Ping had come here, so he ordered Chen Ping sharply!

He thought Chen Ping was already under his control at this time!

“Keep your mother...”

Chen Ping suddenly burst into flames, and the dragon-slaying sword in his hand lit up with a ball of golden brilliance, and suddenly slashed towards the rotten corpse!

The corpse was stunned. He didn't expect that Chen Ping was not under his control at all!

The rotten corpse tried his best to block it with his fist, and one of his arms was chopped off neatly!

However, the rotten corpse showed no expression at all, as if the chopped off arm was not his!

Chapter: 3849

Chen Ping was stunned when he saw this. He didn't expect to chop off one of the arm of the corpse so easily!

From this point of view, the strength of this rotten corpse is not very strong, right?

Just when Chen Ping was stunned, the broken arm of the rotten corpse was growing rapidly!

Then he turned his palm, and the evil energy condensed into arrow feathers. The arrow feathers were full of runes and shone with a faint light!

Countless arrow feathers shot toward Chen Ping, and the sinister energy on the arrow feathers roared, making a shrill sound of breaking through the air!

Seeing this, Chen Ping swung the dragon-slaying sword in his hand vigorously, and a sword energy came out in front of him like a moon-cutting scimitar!

Brush brush brush.....

This sword energy continued to rotate, and the arrow feathers shot by the corpse were instantly crushed and turned into powder!

However, the rotten corpse didn't seem to care that he missed the attack. Instead, his eyebrows flickered, and a golden light instantly entered Chen Ping's mind!

It turns out that the arrow feathers just attracted Chen Ping's attention and had no power. The most powerful thing was this golden light!

After the golden light entered Chen Ping's mind, it instantly began to control Chen Ping's brain and seize Chen Ping's consciousness!

But at this moment, the wordless heavenly book in Chen Ping's sea of consciousness once again emitted holy white light, and Chen Ping's whole body was bathed in this white light!

“ah.....”

The rotten corpse finally let out a scream and fell to the ground with a painful expression!

Chen Ping knew that the opportunity had come. He held the Dragon-Slaying Sword in his hand, injected a holy white light into the sword, and then slashed out with the sword!

Uh-huh.....

This sword directly cut the rotten corpse in half. The rotten corpse stopped moving, and its entire body began to slowly decay, and finally it slowly disappeared!

“Is this too easy?”

Chen Ping couldn't believe it. How could this rotten corpse be killed by him so easily?

At this moment, Chen Ping felt that the gray aura in his body had changed. After immersing his consciousness, he found that the gray aura had now turned into a bright mark!

“Is this the pattern?” Chen Ping mobilized the pattern, and then a huge force came out of his body instantly!

When Chen Ping saw this, his face was full of surprise. It seemed that the Yin Demon had not lied to him. The power of this pattern was indeed powerful!

In addition to spiritual power and dragon power, Chen Ping now has another kind of power!

Chen Ping doesn't plan to use this power easily, he wants to keep it as his own killer weapon!

Chapter: 3850

At the critical moment of life and death, when the spiritual power and the power of the dragon are exhausted, suddenly using the power of this pattern will have unexpected effects!

Chen Ping was happy for a while and found that the Yin Demon did not appear. He couldn't help but feel a little strange. He killed the corpse, why didn't the Yin Demon show up?

“Hurry up and rescue me. This guy only has strong mental attacks and has no real strength!”

“He met you, and he deserved it. No matter how good his mental power is, he can't control you at all. That's why I asked you to save me.”

At this time, the figure of the Yin Demon appeared!

“Then what should I do? I have killed this rotten corpse, why can't you escape?”

Chen Ping asked!

“You put my skull on the altar, so that the altar will be destroyed and my soul will be saved.”

The demon said!

Chen Ping nodded, jumped up, and landed firmly on the altar. In the center of the altar, a crystal clear skeleton was placed, but this skeleton lacked a head!

Chen Ping took out the skull of the storage ring and then slowly placed it on the altar!

Just when Chen Ping placed the skull, the entire altar suddenly emitted a dazzling light, and soon the skeleton slowly disappeared in the light!

The figure of the Yin Demon slowly became a little more solid. Although it was still a spirit, it seemed to be following the real person!

“Hahaha, hahaha...”

“I’m finally free, I’m finally free. When I find out who framed my demon clan and found out who suppressed us, I will send him to the eighteenth level of hell, and he will never be reincarnated...”

The demon laughed crazily!

Chen Ping looked at Yin Mo and was about to ask about his life experience and ask Yin Mo if he knew who his father was. However, he found that the altar under his feet was shaking violently and was about to collapse!

“This altar is about to collapse. Please take your friends and leave here quickly. The undead under the altar are about to break free...”

“I want to return to the heaven and human world to reshape my body. If we are destined, let’s meet again in the heaven and human world...”

After Yin Mo finished speaking, he grabbed the void with his hands, and a crack in time and space appeared, and then the figure of Yin Mo disappeared into the crack in time and space!

“Damn, I saved you and just left like this?”

“Don’t you even say thank you?”

Chen Ping couldn’t help but curse.

But then, the altar began to collapse, and screams began to come from under the altar, getting closer and closer!
