

The Order 3881

Chapter: 3881

Leng Wudao nodded: "Yes!"

Tong Haiyang glanced inside and said, "The evil spirit inside is so strong, and there are countless undead souls. I guess Chen Ping will die if he jumps!"

"We'd better leave here first, and then guard at the mouth of the valley. If Chen Ping is still alive, that's the only place he can go out!"

"We can't kill these undead anymore. Once we learn Yao Qing's skills, these undead will be the best resources."

Tong Haiyang reminded Leng Wudao that he was afraid that Leng Wudao would lose his mind for revenge!

When Leng Wudao heard this, he reacted instantly. When he saw many undead souls that had been killed, he felt heartbroken!

"Withdraw, let's get out of here quickly..."

Leng Wudao shouted, and everyone quickly evacuated!

After retreating to the entrance of the valley, Leng Wudao sent people to tightly close the door dozens of meters high at the entrance of the valley, in order to prevent the undead from running out!

They need to learn the skills first, and after they learn the skills, they can open the door and kill the undead!

"Yao Qing, this is your chance to make up for your past mistakes. Please pass on your skills to us!"

Leng Wudao said to Yao Qing.

“Okay.” Yao Qing nodded, not daring to say anything, and began to teach everyone the skills.

For a time, in the abyss, Leng Wudao and everyone in the hidden world began to follow Yao Qing to learn the method of evil cultivation!

In the deep cave of the valley!

Chen Ping’s body was slowly falling downwards. At this time, Chen Ping felt the thick evil spirit around him, and his mind became increasingly blurry!

He seemed to be able to feel something constantly passing by, like the undead, but it didn’t seem like it.

If it was the undead, why didn’t they attack me?

Unknowingly, Chen Ping lost consciousness!

The body is still falling, but it seems to be held up by something, and the falling speed is very slow!

When Chen Ping’s body finally touched a round platform and stopped falling, countless undead gathered around him. However, after taking one look at Chen Ping, they did not attack, but crawled out of the cave!

Chen Ping just lay there quietly. Countless undead souls passed by, but none of them attacked him!

I don’t know how long it took, but Chen Ping slowly opened his eyes, but all he saw was darkness and countless undead.

The undead emitted a faint white light in this deep cave, and then floated upward one by one.

Chapter: 3882

Seeing so many undead, Chen Ping was frightened. He held the Dragon-Slaying Sword in his hand and guarded his surroundings!

Only a moment later, Chen Ping discovered that these undead souls seemed to not be able to see him and did not attack him!

At this moment, Chen Ping finally breathed a sigh of relief, and then began to look at the surrounding environment!

Because it was dark all around, Chen Ping couldn't see anything clearly, but he could see clearly the round platform under his feet!

Chen Ping walked around on it and found that the diameter of the circular platform was a hundred meters, which was very huge. However, there seemed to be space under the circular platform, and such a large circular platform seemed to be suspended in mid-air!

“What the hell is this place?”

Chen Ping remembered that he jumped into the deep cave under the altar, but he didn't expect that there was such a big space in the deep cave!

Chen Ping emitted his spiritual consciousness and wanted to investigate, but when his mind moved, he realized that the spiritual power in his Dantian was already empty!

Helpless, Chen Ping could only sit cross-legged and start to regain his strength!

Fortunately, there is a strong Yin evil spirit here. For Chen Ping, these things are no different from the spiritual energy, and they can quickly make Chen Ping recover!

But Chen Ping had just activated the Heart Condensation Technique and couldn't help but frown: "Hey, why does it seem like there's Ning Zhi's aura here?"

Chen Ping was very surprised, how could Ning Zhi's aura appear in this place!

Chen Ping couldn't remember how long it had been since he had seen Ning Zhi. Chen Ping didn't even know if Ning Zhi was still alive!

But now Ning Zhi's aura suddenly appeared here, making Chen Ping think of him again!

However, Chen Ping was only surprised for a moment, and then he quickly began to enter the cultivation state!

He didn't believe that Ning Zhi would appear here. After all, he opened this place accidentally, so Ning Zhi might be here!

Just when Chen Ping was quickly recovering from his cultivation, Yue Buqun and Qu Yunchang in the secret realm were already extremely anxious!

Yue Buqun and the others have recovered, but they haven't seen Chen Ping yet, which makes everyone very anxious!

They were all afraid that if Chen Ping met Leng Wudao and others, it would be a disaster.

Chen Ping alone would never be a match for Leng Wudao and so many others. As long as he encountered him, he would definitely die!

"How is it? Have you found Mr. Chen?"

Qu Yunchang frowned and asked anxiously.

Yue Buqun shook his head: "I didn't find it. This time I searched for two hundred miles, but I still couldn't find Mr. Chen."

"Senior Qu, I haven't found him either. I sent all my disciples out, but there's no news yet!"

Chapter: 3883

The fortune teller also shook his head and said!

Hearing this, Qu Yunchang had a bad feeling in his heart!

If Chen Ping was fine, he would never not come back for so many days. He should know that he would be worried about him.

Since he didn't come back, he must be in danger!

"We're going to look for it separately now. In three days, whether we find it or not, we'll all gather at this place."

After Qu Yunchang finished speaking, he disappeared in a flash!

Yue Buqun and Shen Shuanzi also separated, searching in the same direction.

Because there was a lot of evil energy in the deep cave, Chen Ping recovered very quickly!

When Chen Ping fully recovered, he slowly opened his eyes, but at this time he was still on the round platform!

Now Chen Ping didn't know if Leng Wudao and others had left, and he didn't dare to go up rashly. Then Chen Ping came to the edge of the round platform and looked down. It was pitch black and he couldn't see anything. He didn't know how much there was below. deep!

“It’s not really hell down here, is it?”

Chen Ping looked down, his curiosity constantly encouraging him to go down and have a look!

At this time, the undead are still emerging, and these undead are obviously emerging from further below!

“There are so many undead, what are they down there?”

Chen Ping walked forward with a curious look on his face!

At the last moment, he gritted his teeth and jumped directly from the round platform!

This time, as soon as Chen Ping jumped off the round platform, he felt a suffocating pressure coming over him. The pressure continued to spread throughout the cave, and Chen Ping fell even slower!

It was as if something was holding Chen Ping up and didn’t want him to fall down!

Chen Ping could only sink his anger into his Dantian and use the Thousand Jin Pendant, which made his body fall a little faster!

However, as Chen Ping’s body fell, the pressure became stronger and stronger, as if it was going to crush Chen Ping!

If Chen Ping’s body wasn’t strong enough and he activated his indestructible golden body, Chen Ping would have turned into a puddle of meat by now!

He didn’t know how long he had been falling, but Chen Ping suddenly felt his body light up, and then his body fell rapidly like a meteorite.

Chen Ping hurriedly boosted his energy and stabilized his figure. As his falling speed accelerated, Chen Ping's eyes began to become extremely bright!

Bang.....

Chapter: 3884

With a loud noise, Chen Ping's body hit the ground heavily, smashing a deep pit into the ground!

Chen Ping calmed down for a while and then slowly climbed out of the pit. But when Chen Ping climbed out of the pit, he was stunned!

I saw towering mountains all around, the entire sky was gray, the ground was covered with countless skeletons, and countless weapons were scattered all over the place!

Several black crows kept circling overhead. The scene was lifeless and the surroundings were desolate. Apart from a few crows, there was no living thing at all, not even a blade of grass!

"This...what is this place? Is this an ancient battlefield?"

Chen Ping's face was full of shock.

He didn't understand, how could he suddenly be in this place when he was in that dark cave?

Could it be that there was a teleportation array in that cave? Teleported yourself to this place?

Chen Ping couldn't understand, and he didn't even know where this place was!

Even if he spread his spiritual consciousness to the extreme, Chen Ping could not detect other auras!

But now that he is here, Chen Ping still plans to wander around. If he can get to this place somehow, he may have adventures here!

Chen Ping saw faint rays of light flashing on countless white bones, and then the undead on the bones appeared, and then floated into the air!

Chen Ping looked up following the figures of the undead and found a black hole in the sky. The black hole seemed to be still spinning, swallowing everything close to him!

“This? Is this where I fell?”

Chen Ping looked at the black hole in the sky and seemed to understand that he should have fallen from this black hole, and these undead also entered the Daona Valley through this black hole!

A large number of undead emerged, then floated into the sky, and were swallowed by the inner black hole!

Seeing this, Chen Ping held the dragon-slaying sword and slashed out with one sword. With so many undead souls, he could kill more than a dozen with one slash. In this way, he could collect more with the power of Dao Marks!

But when Chen Ping slashed at the undead with his sword, he found that his sword light penetrated the undead instantly and did not cause any harm to the undead!

Those undead didn't pay attention to Chen Ping, as if Chen Ping didn't exist!

At this time, Chen Ping was a little dumbfounded. Why was he unable to attack the undead in this place!

After trying several times in a row, Chen Ping gave up.

Chen Ping held the Dragon-Slaying Sword and walked blankly in the place surrounded by mountains. The white bones on the ground were exuding waves of cold air!

Chen Ping didn't know what happened here to cause so many people to die!

However, as Chen Ping continued to move forward, a huge set of white bones soon appeared in front of Chen Ping. When Chen Ping saw this, he couldn't help but gasp.

Chapter: 3885

I saw that this skeleton was more than ten meters high, and it was still complete. However, the posture of this skeleton was a bit strange, it was actually kneeling on the ground!

The whole body of the skeleton is crystal clear and shining with luster, and bursts of pressure are exuded from the skeleton!

Chen Ping was very surprised. Except that this skeleton was much larger than that of the Yin Demon, the bones were all crystal clear, almost exactly the same!

However, Chen Ping had never seen this person who was more than ten meters tall. Even if the person was kneeling on the ground, Chen Ping had to raise his head if he wanted to see the whole skeleton!

But when Chen Ping looked up, he found that at the position of the skull, an equally crystal clear arrow was inserted between the eyebrows of the skull!

If Chen Ping hadn't looked carefully, he wouldn't have noticed it at all!

Chen Ping slowly floated his body up until it was level with the skull. Only then did Chen Ping realize that the crystal clear arrow feathers were only a few inches long and hit the forehead of the skull. He could tell that the owner of this skeleton was killed by this arrow!

Chen Ping grabbed the arrow out of curiosity. He wanted to pull it out to see if it was some kind of treasure!

But just when Chen Ping grabbed the arrow feathers, he suddenly felt a dangerous aura. Then the arrow feathers burst out with a bright light, and then a huge aura erupted, and Chen Ping was directly shocked. Fly out!

Chen Ping's body was instantly knocked dozens of meters away, and then hit the ground hard!

Chen Ping felt that his internal organs were constantly surging, and blood was spilling from the corners of his mouth!

You must know that Chen Ping's body is extremely strong now, and he even has an indestructible golden body to protect his body. Even the strong Martial Emperor may not be able to hurt Chen Ping like this!

But the aura emanating from the arrow feathers just now almost caused Chen Ping to die!

Taking a deep breath, Chen Ping stared at the arrow feathers. Something that could explode with such power was definitely not a mortal thing. It might be a divine arrow!

Chen Ping mobilized his spiritual power, and then burst out bursts of breath to resist the pressure emanating from the arrow feathers, and then moved towards the arrow feathers again. Chen Ping wanted to pull out the arrow feathers. have a look!

But just after Chen Ping got close, he was knocked away by a huge aura again!

Chen Ping tried several times in a row, but he couldn't get close to the arrow feather!

Even if Chen Ping burst out the power of the dragon, he still couldn't get close. The burst of arrow feathers directly suppressed Chen Ping's spiritual power and the power of the dragon!

At this time, Chen Ping's face was a little pale, and the corners of his mouth were full of blood!

"Damn it, I don't believe it anymore, I can't even pull out an arrow..."

Chen Ping's temper was also aroused.

But just when Chen Ping was about to try again, he suddenly discovered that the power of the Dao Mark in his body was actually shining!

Chen Ping hurriedly exploded the power of the Dao Marks. Just after the power of the Dao Marks in Chen Ping's body exploded, the arrow feathers inserted in the skull also emitted bursts of light and began to tremble.

“Could it be that the power of this pattern can suppress the arrow feathers?”

Chapter: 3886

Chen Ping continued to explode the power of Dao Mark and began to approach the arrow feathers!

Sure enough, this time the arrow feathers did not exude a powerful aura, but just when Chen Ping was about to take the arrow feathers in his hands, the arrow feathers suddenly shook even more violently, and finally broke away from the skull in an instant and flew away instantly. !

Along with the separation of the arrow feathers, the skeleton of more than ten meters collapsed!

“Don't run...”

Chen Ping ignored the collapsed skeleton and chased directly towards the arrow feathers.

The arrow feathers turned into streams of light and flew straight to the peak on one side, while Chen Ping tried his best to chase after him!

When he finally reached the top of the peak, the arrow suddenly slowed down, and Chen Ping stepped forward to grab the arrow!

As soon as the arrow feathers were in hand, waves of chills hit him, and Chen Ping almost got thrown out!

Looking at the crystal clear arrow feathers and the waves of coldness in my hands, it seems as if the arrow feathers are made of ice!

“This arrow doesn’t seem to be anything special?”

Chen Ping observed carefully. Apart from the fact that it was cold to the touch, there seemed to be nothing special about this arrow!

Even if Chen Ping injected the power of Dao Mark, the arrow feathers would not change at all!

But just when Chen Ping was feeling strange, the ground suddenly trembled violently, followed by roars!

Chen Ping hurriedly turned his head and looked down the mountain peak, and found that there were countless undead souls under the mountain peak. One of the undead souls reached a height of more than ten meters. Chen Ping could tell at a glance that this undead soul came from the huge corpse just now. Within the skeleton!

The chills and roars emanating from the countless undead made Chen Ping tremble in his heart!

He didn’t understand why the undead, who had been so quiet just now and were all floating in the air, became violent now.

Chen Ping looked towards the sky and was dumbfounded for a moment. He didn’t know when the huge black hole in the sky disappeared!

These undead souls have nowhere to go, so they start to become irritable and restless!

And Chen Ping himself didn’t know where to go at this moment. The black hole was gone, how could he go back?

This time, Chen Ping was in a bit of a dilemma. Could he be trapped in this place forever?

This is simply a place where birds don’t poop, and Chen Ping doesn’t even know where this is!

Just when Chen Ping was at a loss, the undead actually started climbing towards the mountain!

They seem to be launching an attack on Chen Ping!

Chen Ping hurriedly put away the arrow feathers, then held the dragon-slaying sword, preparing to fight to the death with these undead!

Chapter: 3887

But just when the undead were about to reach the top of the mountain, a dazzling golden light suddenly exploded!

All the undead souls who climbed the mountain turned into nothingness at this moment and disappeared without a trace!

When the undead behind saw this, they all stopped.

Chen Ping hurriedly looked towards the place emitting golden light and found a bow embedded in a stone wall.

This bow penetrated very deep into the stone wall, and only part of it was still exposed. The dazzling golden light just now emanated from this bow!

Upon seeing this, Chen Ping hurried forward and used the dragon-slaying sword in his hand to clean up the surrounding stones. The bow was soon revealed in full!

Looking at the exquisite curved bow in front of him, emitting bursts of golden light, Chen Ping reached out and took it out!

When the bow was held in Chen Ping's hand, it made a buzzing sound, and the power of the Dao pattern in Chen Ping's body began to boil!

Although Chen Ping didn't know what level of weapon this curved bow was, it was definitely a good thing. The golden light it just emitted and the aura it emitted were definitely not what ordinary weapons could emit!

Chen Ping carefully looked at the bow in his hand, and soon found the words "God King Bow" on the handle of the bow!

"Is this bow called the God King's Bow?"

Chen Ping looked at the God King Bow and couldn't put it down!

Chen Ping checked the God King's Bow in his hand, then curiously opened his stance and pulled the bow string fiercely!

But no matter how hard Chen Ping tried, the bowstring didn't move at all.

"How could this happen?" Chen Ping was stunned!

Then Chen Ping exploded with the power of Dao Marks, and wisps of Dao Marks' power entered the Divine King's Bow, and the Divine King's Bow finally responded!

Chen Ping pulled the bow string, and the bow string of the God King's bow trembled a little!

But it was just shaking, and it was not pulled away by Chen Ping!

But just by trying to pull the God King's Bow, Chen Ping was shocked to find that the power of the Dao Mark in his body was completely exhausted!

"this....."

Chen Ping was dumbfounded. The power of the two Dao Marks that he had finally accumulated was completely consumed without even pulling the God King's bow!

Is this too fucking outrageous?

"How does this thing work?"

Chen Ping looked at the God King Bow in his hand and finally threw it into the storage ring!

Chapter: 3888

Looking at the disappeared black hole and the densely packed undead under the mountain peak, Chen Ping sat blankly on the mountain peak, feeling a little at a loss for a moment!

Chen Ping didn't notice that after he threw the God King's Bow into the storage ring, the huge undead waved his hand, and countless undead were already climbing towards the mountain!

When Chen Ping discovered it, he found that the undead had already crawled to his feet!

"Fuck..."

Chen Ping was shocked. He slashed with the dragon-slaying sword in his hand, and a sharp sword light flashed across instantly like a bolt of lightning!

The undead souls that reached Chen Ping's feet were killed instantly, and the power of countless Dao Marks poured into Chen Ping's body!

Chen Ping looked at the beheaded undead in front of him and was stunned for a moment!

When they entered here just now, the undead ignored Chen Ping's damage, and it was difficult for them to attack Chen Ping!

But now that the black hole is gone, these undead have begun to attack Chen Ping, and Chen Ping can also kill these undead!

Seeing this scene, Chen Ping began to get excited. With so many undead, the power of the Dao pattern that he had exhausted should be replenished soon!

While Chen Ping was stunned, many undead souls had already climbed up!

At this moment, Chen Ping began to hold the dragon-slaying sword, and instantly rushed towards the undead, and began to massacre the undead!

Although these undead are numerous in number, they are not very strong. Chen Ping can kill more than a dozen undead with one sword!

However, the power of the Dao patterns generated by these undead souls is also very weak!

Chen Ping glanced at the densely packed undead under the mountain peak, including many undead leaders, and finally set his sights on the huge undead that was more than ten meters high!

If this huge undead is killed, the power of the Dao Mark produced will definitely be explosive!

Thinking of this, Chen Ping jumped up and jumped towards the mountain peak.

Chen Ping, who was in mid-air, kept waving the dragon-slaying sword, and the sword rays were like cannonballs, exploding in the undead army!

Countless undead souls were killed in an instant, and the power of Dao Mark in Chen Ping's body also instantly turned into one!

Chen Ping fell in front of the huge undead. In front of this huge undead, Chen Ping's body seemed extremely small!

However, Chen Ping was not afraid at all while holding the dragon-slaying sword. He looked up and saw that the evil spirit was constantly coming out of the huge undead body, and these evil spirits surrounded the huge undead body, forming a transparent light curtain armor. !

As the evil spirit continued to emanate from the huge undead body, the light screen armor became more and more condensed, and finally turned into a shining silver light!

The huge undead looked down at Chen Ping. Because of the armor, the huge undead looked more like a living person, but this person was too tall!

When Chen Ping followed the huge undead and looked at each other, Chen Ping instantly felt an extremely dangerous aura!

Chapter: 3889

At this moment, Chen Ping's hair stood on end!

"call....."

Suddenly, the huge undead breathed out at Chen Ping!

This breath of evil energy instantly caused the surrounding space to freeze. Countless white ice flowers densely followed the surrounding space and surrounded Chen Ping!

Chen Ping only felt a cold wind coming, and then his surroundings turned into a vast expanse of white. The air around him condensed. Chen Ping seemed to be frozen in this space!

"Holy crap, is this guy so powerful? If I had known better, I wouldn't have come down to provoke him..."

Chen Ping felt regretful in his heart. He didn't expect this huge undead to be so powerful. He just breathed out and he was trapped!

But now he is trapped, Chen Ping must get out of it!

The surrounding space was frozen. Chen Ping thought of his spiritual fire, so he turned his palm and a light blue flame rose up!

As Chen Ping's spiritual power continued to increase, the spiritual fire became more and more powerful, and finally Chen Ping threw it fiercely towards the space in front of him!

boom.....

The space trembled for a while, and the condensed space made a sound of shattering. In the end, it was like glass, shattering instantly!

The space around Chen Ping was restored, and the oppressive feeling disappeared!

"Damn, it's not rude to come back without reciprocating..."

Chen Ping held the Dragon-Slaying Sword, and the Dragon-Slaying Sword burned with blazing fire!

Then Chen Ping jumped up, and then slashed the dragon-slaying sword in his hand towards the head of the huge undead!

A bright golden light streaked across the sky and struck hard on the head of the huge undead!

clang.....

With a crisp sound, Chen Ping's Dragon-Slaying Sword struck the giant undead's head without causing any scratches!

Even that pair of shining silver armor failed to scratch a single mark!

“this.....”

Chen Ping was dumbfounded. Even if his hard blow failed to hurt the huge undead, why was there no trace of the opponent’s armor?

The huge undead looked at Chen Ping, and then waved!

A huge aura instantly knocked Chen Ping away!

Chapter: 3890

Chen Ping’s body was like a fired bullet at this moment, quickly hitting the mountain behind!

Chen Ping’s indestructible golden body burned with a raging fire under the huge friction with the air. At this time, Chen Ping was like a ball of fire!

boom.....

Chen Ping’s body hit the stone wall heavily and was embedded directly into the mountain for more than ten meters!

After a long time, Chen Ping crawled out with difficulty. The indestructible golden body on his body was gone, his clothes were as ragged as a beggar, and the corners of his mouth were full of blood!

“So fucking perverted.....”

Chen Ping looked at the huge undead and couldn’t help but cursed!

Chen Ping now knew that he was no match for this giant undead. Not to mention himself, even if Qu Yunchang, the eighth-grade Martial Emperor, came, he would be slapped away!

Seeing the huge undead walking towards him, Chen Ping quickly took a deep breath, suddenly jumped up, and fled towards the top of the mountain!

When Chen Ping escaped to the top of the mountain, he saw countless undead climbing up behind him!

Chen Ping was already injured, so now he could only grit his teeth and keep slashing with the Dragon Slayer Sword!

But there is no way to go down this way. Those undead souls are simply climbing up endlessly!

But soon, Chen Ping thought of something and hurriedly took out the God King Bow from the storage ring!

Chen Ping thrust the God-King Bow on the ground, and the God-King Bow instantly emitted bright golden light!

The undead souls who climbed up the mountain disappeared without a trace under this golden light in an instant!

When the undead at the foot of the mountain saw this, they began to retreat one after another. Even the huge undead, after seeing the golden light emitted by the God King's bow, retreated far away!

Seeing the huge undead retreating, Chen Ping thought for a moment!

"These undead are so afraid of the God-King Bow. Is this God-King Bow the only one that can deal with the huge undead?"

Chen Ping stroked the God King's Bow with a confused look on his face!

He can't even draw the bow string now. Even if the huge undead is afraid of the God King's bow, what's the use!

Chen Ping sat cross-legged on the top of the mountain and rested for a while, recovering the spiritual power in his body!

Looking at the densely packed undead, Chen Ping seemed to have thought of a way, and then put away the God King Bow!

When Chen Ping put away the God King's bow, the undead began to climb up the mountain!

Chen Ping, on the other hand, was holding the Dragon-Slaying Sword and slashing continuously to increase the power of his Dao Marks!
