

The Order 3961

Chapter: 3961

When Chen Ping increased the injection of power again, the Dragon-Slaying Sword shook even more violently, seeming to be struggling in pain!

Chen Ping had no choice but to put away the Dragon-Slaying Sword again. He didn't understand how the Dragon-Slaying Sword's compatibility with him had decreased after his level had improved.

After putting away the dragon-slaying sword, Chen Ping turned his attention to the dragon-marked clock. In the past, Chen Ping's realm was too low and he forced the dragon-marked clock to activate, which almost killed him!

Now that his realm has improved, Chen Ping wants to see if he can control this dragon pattern clock now!

He took out the dragon pattern clock from the storage ring, looked at the dragon pattern clock in his hand, and suddenly threw it into the air!

The dragon-patterned bell instantly grew larger and spun in mid-air!

Chen Ping held the bell hammer in one hand, jumped angrily, and struck the dragon pattern clock hard!

Buzz.....

A sound wave spread from the dragon pattern clock to the surroundings!

The entire void began to twist and deform under this sound wave, the Fire Gate Secret Realm was shaking violently, and the time and space of the entire secret realm seemed to be rapidly changing!

The barren desert in the Fire Gate Secret Realm was actually changing at a speed visible to the naked eye, and pieces of oases and jungles began to appear like pictures!

This confused Ge Cangsheng and Jiang Wuya below. They had stayed in the Fire Gate Secret Realm for so many years, and they had never seen the environment of the Fire Gate Secret Realm change!

You must know that the eight secret realms are created according to the Five Elements and Bagua. Each secret realm has its own characteristics and geographical environment!

Now the geographical environment has been changed?

Just when Ge Cangsheng and Jiang Wuya were confused, Chen Ping came down with his hammer again, hitting the dragon pattern clock hard!

Although this time, Chen Ping only felt that his hands were numb from the shock, but the sound of the dragon pattern bell was stronger than the first time!

The originally changing environment has changed again!

The space of the entire secret realm began to distort, and the turbulence of time and space continued to rage. The entire Fire Gate secret realm was about to collapse!

At this time, Chen Ping was still above Xiangyun, and he had no idea about the changes in the secret realm of the Fire Sect under his two hammers!

In addition to the Fire Sect Secret Realm, other secret realms are also undergoing great vibrations and changes in these sound waves!

“what happened?”

Yu Qian, who was in the Tianmen secret realm, felt the vibration of the secret realm, with a bit of horror in his eyes!

In the Purple Thunder Sect in the Earth Gate Secret Realm, Yao Qisheng was wearing a purple robe and felt the huge vibration in the secret realm.

He quickly sent his disciple Yao Shenghui to check!

Chapter: 3962

At this moment, in the Demon Heart Sect, Da Neng's slightly closed eyes opened, and even in the secret realm where he was, there was a violent vibration in the space!

"This Chen Ping actually broke through. He wants to break through the eight secret realms one by one, but I won't give him this chance."

After Da Neng finished speaking, he waved his palm and several rays of purple light shot out!

He wanted to gather all the purple-robed messengers together to prevent Chen Ping from defeating them one by one!

As long as they wait for the time to come and the spiritual energy recovery array to be activated, Chen Ping will have no value.

At this time, Chen Ping, who was in the Fire Gate Secret Realm, put away the Dragon Pattern Bell. His current strength can activate the Dragon Pattern Bell, but he can only use part of the Dragon Pattern Bell's strength!

When Chen Ping jumped down from the auspicious clouds, he found that the entire Fire Sect Secret Realm was no longer what it was before!

Due to the raging harvest of space turbulence, the Fire Sect Secret Realm is no longer suitable for habitation at all!

"how so?"

Chen Ping asked Ge Cangsheng with a surprised look on his face!

“Mr. Chen, I wonder if you touched the Dragon Pattern Bell just now? After the Dragon Pattern Bell rang twice, the secret realm became like this!”

Ge Cangsheng said to Chen Ping!

“this.....”

Chen Ping was a little embarrassed. Just now he just tried to see if he could activate the Dragon Pattern Bell, but he didn't expect that just this simple attempt directly destroyed the Fire Gate Secret Realm!

“Let's leave quickly. It is estimated that this Fire Sect Secret Realm will not last long and will collapse...”

After Chen Ping finished speaking, he opened the Nine Thousand Miles of Mountains and Rivers Map and was teleported back to Kyoto in an instant!

Chen Ping, who had made a breakthrough in his realm, now felt a lot more confident. Although he was not as powerful as the Demonic Heart Sect, Chen Ping had the confidence to deal with those purple-robed messengers!

It's just that I don't know what happened to the dragon-slaying sword, but it actually made some trouble with Chen Ping!

You must know that this Dragon-Slaying Sword followed Chen Ping all the way to the battle, and the sword and man have already become one. The Dragon-Slaying Sword is already a part of Chen Ping's body!

Now that this situation suddenly occurs, it is difficult for Chen Ping to accept it!

“Is it because I have the God King's Bow and the Dragon Pattern Bell that Dragon Slayer Sword thinks I want to abandon it?”

Chen Ping was very puzzled!

Although the Dragon-Slaying Sword is not as powerful as the God King's Bow and the Dragon Pattern Bell, it is still a divine weapon. However, due to damage, its power is greatly reduced, and Chen Ping needs to cultivate it bit by bit!

Chen Ping took the Dragon-Slaying Sword in his hand again. When Chen Ping injected a little bit of the power of the dragon and wanted to connect with the Dragon-Slaying Sword, the Dragon-Slaying Sword would shake violently, seeming to be very resistant!

Chapter: 3963

Chen Ping had no choice but to take back the Dragon-Slaying Sword again. It seemed that the Dragon-Slaying Sword would be unusable in the future!

"I wonder how Yuqi is doing..."

Chen Ping decided to go see Su Yuqi. Regardless of whether there was danger or not, he would always tell Su Yuqi the good news of rescuing his mother!

And Chen Ping really misses Su Yuqi after not seeing her for such a long time!

Chen Ping came to the backyard of the Kyoto Martial Arts Alliance. This is the entrance to the secret realm of Taoism!

After opening the entrance, Chen Ping's figure slowly disappeared, and his whole person appeared in the secret realm of Taoism!

When Chen Ping appeared in the secret realm of Taoism, he was stunned.

I saw that the entire Taoist sect secret realm had changed a lot. The original cave was gone. In the middle of the secret realm were eight stone statues. The stone statues were tens of meters high. There was a strange aura exuding from each stone statue. !

"Chen Ping..."

“Brother Chen Ping...”

After seeing Chen Ping, Su Yuqi and Xiaoru hurried over!

Several people seem to be living a good life in the secret realm, and they have all gained a lot of weight!

“What’s going on in this secret realm?”

Chen Ping asked, pointing to the statues that were tens of meters high!

“These statues suddenly appeared some time ago, and we don’t know what happened.”

Su Yuqi said!

Chen Ping looked at those statues. They were obviously the ones in the cave, but they were just bigger!

Chen Ping looked at a statue. Within this statue, Chen Ping could clearly feel a familiar atmosphere!

“Why is there my breath in this statue?”

Chen Ping frowned slightly and slowly walked to the foot of the statue.

When Chen Ping touched the statue with his hand, the familiar aura became more obvious, and there seemed to be a terrible suction force inside the statue, sucking Chen Ping into the statue!

Chen Ping’s whole hand had already sunk into the statue, which frightened Chen Ping!

Just when Chen Ping was about to break the statue with all his strength, Su Yuqi jumped up, stood on the head of the statue, and patted it gently. The inexplicable suction disappeared instantly, and Chen Ping took his hand from the statue. Come out!

“What’s going on?” Chen Ping asked Su Yuqi with a shocked face.

Chapter: 3964

“Every statue here corresponds to one of our people. As long as you find the statue that corresponds to you, you can enter the statue and control the statue.”

After Su Yuqi finished speaking, she touched a statue.

Su Yuqi’s body disappeared instantly and was sucked directly into the inside of the statue!

“Yu Qi.....”

When Chen Ping saw this, he was immediately shocked!

“Brother Chen Ping, don’t be nervous, it’s okay...”

Xiaoru quickly stopped Chen Ping!

I saw that the statue that Su Yuqi entered came to life after flashing a golden light!

The body that was tens of meters tall kept moving, and every step was like an earthquake!

Then there was a flash of light, and Su Yuqi’s figure appeared, but the statue became motionless!

Chen Ping looked at Su Yuqi in surprise: “How do you know you can control this statue?”

“We also found out by chance, but we just don’t know what these statues are used for.”

Su Yuqi said!

Chen Ping looked at those towering statues, and he understood that these statues must be related to the spiritual energy recovery formation!

However, Chen Ping still had no idea when the spiritual energy recovery formation would be launched or how to use these statues!

“Brother Chen Ping, why do you think of coming to see us?”

Xiaoru asked Chen Ping.

“I miss you, come here to see you, and I have another happy thing to tell you...”

Chen Ping smiled slightly and told Su Yuqi about rescuing his mother!

“You really rescued aunt? That’s great...”

Su Yuqi was also very happy after hearing this!

“Brother Chen Ping, now that your aunt has been rescued, you and Sister Yu Qi can get married and have children, right?”

“Sister Yuqi has been with you for so long, and you haven’t touched anyone yet. Sister Yuqi has always fantasized about giving birth to a big fat boy for you.”

Xiaoru said jokingly!

Chapter: 3965

“Xiaoru, what are you talking nonsense about? Who is imagining it? You are not allowed to talk nonsense.”

Su Yuqi glared at Xiaoru!

Chen Ping looked at Su Yuqi, feeling a little guilty and said, “When I rescue you, we will get married...”

When Su Yuqi heard this, her face turned red with embarrassment. She had been waiting for this day for a long time, while Wu Meier on the side was silent!

Su Yuqi is Chen Ping’s real girlfriend, but who is she?

The secret territory of Demonic Heart Sect!

The powerful man faced the six purple-robed messengers in front of him, his expression extremely ugly!

In a short period of time, he lost two purple-robed envoys, and both secret realms were breached by Chen Ping!

If Chen Ping hadn’t rang the Dragon Pattern Bell after his breakthrough to give himself a wake-up call, all eight secret realms would have been breached by Chen Ping one by one!

“Before the spiritual energy recovery array is activated, you should not leave here to prevent Chen Ping from defeating him one by one. As long as the spiritual energy is revived, Chen Ping will lose his value...”

The great power said to the six purple-robed messengers!

When the six people heard this, they all looked at each other. One of the purple-robed envoys came forward and said: “Great Master, our family is still in the secret realm. If we stay here, what will happen if Chen Ping takes action against our family?”

“Yes, all our family property and all our hard work are in the secret realm. If we stay here, what will happen to our family property?”

“Can we bring all our families and disciples here? Anyway, the spiritual energy will be revived soon. When the secret realm collapses, we can live in the secular world.”

None of the purple-robed envoys wanted to stay in the secret realm of the Demon Heart Sect. After all, all their hard work and family members were in the secret realm. They couldn't ignore it!

“As a monk, you should put aside your seven emotions and six desires. The so-called family affection will hinder your cultivation.”

“When the spiritual energy recovers and we rule the entire secular world, I can take you to the heaven and human world to pursue higher cultivation.”

“At that time, you can live for tens of millions of years, so why talk about family ties?”

The powerful man had a stern look on his face and reprimanded several purple-robed messengers with great dissatisfaction!

The purple-robed envoys all fell silent. They knew that in front of the mighty power, there was no room for them to speak!

At this moment, a crystal clear bead in front of Da Neng suddenly shone with light, and then a scene appeared inside, which was the scene of Chen Ping in the secret realm of Taoism!

“This kid actually dares to come to the secret realm?”

Da Neng couldn't help but be surprised when he saw Chen Ping appearing in the secret realm of Taoism!

“Damneng, I request to meet with Chen Ping...”

Chapter: 3966

At this time, Ning Zhi walked out from the side and stared at Chen Ping!

He followed Chen Ping and had an sworn hatred. In order to defeat Chen Ping, Ning Zhi paid a lot. Now is the time for him to take revenge!

Da Neng looked at Ning Zhi's anger and nodded slowly: "Remember, don't hurt his life. The spiritual energy recovery formation still needs him."

"As ordered..." Ning Zhi nodded, then turned and left.

The powerful man said to the six purple-robed envoys: "Follow you too and leave Chen Ping in the secret realm, so that he won't cause trouble everywhere..."

The reason why Da Neng sent six purple-robed envoys was because he was afraid that Ning Zhi would get angry and kill Chen Ping, which would be troublesome!

The six purple-robed envoys took the order and left. If they could keep Chen Ping in the secret realm, then they wouldn't have to worry about their families!

However, the six purple-robed messengers were asked to attack Ning Zhi, which made several people feel very unhappy!

At this time, in the Taoist secret realm, Chen Ping looked around the entire secret realm. Apart from these statues that were tens of meters high, there were no other abnormalities. Chen Ping did not find any traces of the magic circle!

Therefore, Chen Ping didn't know how the Taoist Sect set up this great spiritual energy recovery formation. The layout of any magic formation would leave traces and aura, but Chen Ping turned around and couldn't find it!

"Chen Ping, you'd better leave quickly. We are fine here and there is no danger. If the people from the Demonic Heart Sect know that you are here, they will definitely be disadvantageous to you."

Su Yuqi persuaded Chen Ping to leave here quickly!

“Don’t worry, I will definitely come back to rescue you...”

Chen Ping gently touched Su Yuqi’s face, then turned around and planned to leave!

But just when Chen Ping turned around, a ray of light suddenly flashed, and Ning Zhi’s figure instantly appeared in front of Chen Ping!

When Chen Ping saw Ning Zhi, he was stunned!

“Ning Zhi? You’re not dead?”

Chen Ping looked at Ning Zhi in disbelief. At this time, the aura on Ning Zhi’s body had undergone earth-shaking changes, and his broken arm had already grown out of nowhere!

“Chen Ping, I have not avenged my revenge, how can I die? If I die, you will die in front of me...”

Ning Zhi said with arrogance!

At this time, Ning Zhi no longer had Chen Ping in his eyes. In his opinion, Chen Ping was not even qualified to fight with him!

“You are so confident. I wonder if your confidence comes from the evil spirit in your body?”

Chen Ping said with a faint smile!

In his opinion, Ning Zhi was sending resources to himself, and the evil energy in his body would definitely make his Dao Mark power more abundant!

Chapter: 3967

“Stop talking nonsense, I will let you know where my confidence comes from in a moment...”

After Ning Zhi finished speaking, his expression turned cold, and the aura on his body began to slowly rise!

At this moment, several more rays of light flashed, and six purple-robed messengers appeared.

Looking at the six purple-robed messengers, Chen Ping frowned. He did not expect that six purple-robed messengers would come at once!

If there were just one or two purple-robed messengers, Chen Ping wouldn't be afraid!

But six purple-robed messengers suddenly arrived, which made Chen Ping very passive!

When Su Yuqi and Xiaoru saw this, they quickly got into position. No matter what, they couldn't just watch Chen Ping in danger!

“Ning Zhi, you, the defeated general, knew that you were no match for me, so you specially called for help, intending to bully the minority?”

Chen Ping said to Ning Zhi with a mocking look!

Ning Zhi looked at Chen Ping's mocking look, then looked at the six purple-robed messengers, and he was already very angry.

“None of the six of you are allowed to do anything if I take action from now on, do you hear me?”

Ning Zhi said in a commanding tone to the six purple-robed messengers!

At this time, Ning Zhi's heart was so swollen that he didn't even pay attention to the purple-robed messenger, because he knew that as a flame demon, all powerful people would respect him!

The six purple-robed envoys were furious after hearing Ning Zhi's words. However, they also knew the importance of Ning Zhi in the spiritual energy recovery formation, so they could only swallow their anger and no one spoke!

Seeing that the six purple-robed messengers were all angry at him and dared not speak out, Ning Zhi almost felt like he was floating!

"Chen Ping, today I want to let you know how powerful I am..."

After Ning Zhi finished speaking, his figure flashed, his whole body was covered with black energy, and he headed towards Chen Ping in the blink of an eye!

A dark claw protruded out, and the biting cold evil spirit instantly turned into a sharp blade and clawed directly towards Chen Ping's chest!

Ning Zhi gave up the position of Chen Ping's heart because he couldn't kill Chen Ping!

Ning Zhi's speed was so fast that Chen Ping didn't even have time to react. Ning Zhi was already in front of him!

"Fall down..."

Ning Zhili shouted!

This claw contains Ning Zhi's endless humiliation and hatred. He suffered inhuman torture just for this day!

The cold wind was biting, and Ning Zhi's eyes were filled with blood-red color!

Chapter: 3968

“With this little ability, you want to hurt me? You are simply overestimating your abilities...”

Chen Ping looked at Ning Zhi, the corners of his mouth slightly raised, his face full of disdain!

Just when Ning Zhi touched Chen Ping’s chest with his claw, Chen Ping’s body suddenly burst into dazzling golden light!

The indestructible golden body was activated, and Chen Ping’s whole body was covered in golden scales!

clang.....

Amidst the exclamations of Su Yuqi and others, Ning Zhi grabbed Chen Ping’s chest with one claw!

“Chen Ping...”

“Brother Chen Ping...”

Seeing this, Su Yuqi, Wu Meier and Xiaoru all burst out with bursts of spiritual energy and headed towards Ning Zhi!

But soon, they stopped and looked at Chen Ping blankly!

There was no blood splattering on Ning Zhi’s claw, and there was no tear in the liver or intestines.

I saw Chen Ping with a sneer on his face and looking at Ning Zhi with disdain!

Ning Zhi’s smile froze on his face, his face full of disbelief!

The claw he just made was almost with all his strength. Chen Ping didn't dodge at all, but he failed to hurt Chen Ping?

Now that Chen Ping is standing still, Ning Zhi can't even hurt Chen Ping at all!

"This...how is this possible? This is absolutely impossible..."

Ning Zhi looked at Chen Ping, his eyes full of unwillingness. In order to defeat Chen Ping, he suffered inhumane experiences!

Now that it's done, I thought I could crush Chen Ping and take revenge easily!

But now that it's over, he is still not Chen Ping's opponent.

Now not only is he no longer an opponent, he even no longer has the ability to hurt Chen Ping!

This psychological gap made Ning Zhi feel stupid!

Not only Ning Zhi, but also the six purple-robed envoys on the side frowned when they saw this. They did not expect that Chen Ping's strength would increase so fast!

"In the future, as long as you are practicing and making progress? I tell you, you can never beat me..."

Chen Ping smiled coldly, then kicked Ning Zhi away with a flying kick. Ning Zhi's body was like a kite with a broken string, suddenly flew out and fell heavily to the ground!

Chapter: 3969

puff.....

Ning Zhi spat out a mouthful of blood on the ground. The blood was half due to injury and half due to the anger that attacked his heart!

“Why? Why exactly?”

Ning Zhiyang sighed. He felt that God was unfair to him. He practiced so hard that he even threw himself into purgatory and suffered inhuman torture.

But in the end, it was all in vain. This kind of blow was hard for Ning Zhi to bear for a while!

Looking at the dumbfounded Ning Zhi, Chen Ping knew that Ning Zhi was completely disabled by this blow, so he smiled coldly and said: “Instead of letting you live in pain like this, I might as well give you a happy... ..”

After Chen Ping finished speaking, he suddenly swung his palm towards Ning Zhi!

He wants to kill Ning Zhi, because this kid is too scheming. As long as he or Chen Ping can live in peace!

But just when Chen Ping was about to attack Ning Zhi, a figure suddenly flashed out and stood directly in front of Ning Zhi, then slapped Chen Ping hard!

Bang.....

After a loud noise, the purple-robed messenger took three steps back, while Chen Ping just shook his figure!

The purple-robed messenger’s face was full of surprise, and when the other purple-robed messengers saw this, they hurried forward and surrounded Chen Ping!

“What? Are you planning to bully the minority?”

Chen Ping glanced at the six purple-robed messengers and asked coldly.

“Chen Ping, we won’t kill you, but you’d better stay here obediently and don’t leave anywhere. If you don’t listen, then don’t blame us for being rude to you...”

A purple-robed messenger walked up to Chen Ping and said!

Chen Ping heard the voice sounded familiar, and suddenly remembered that it was Yu Qian’s voice!

Chen Ping did not expect that Yu Qian, who had the most say in the eight secret realms, was also one of the purple-robed messengers!

“You still need me to activate your spiritual energy recovery formation, so you don’t dare to kill me at all.”

“Since you don’t dare to kill me, then I won’t listen to you. What can you do?”

“I’m going to walk out...”

Chen Ping walked straight towards the outside of the Taoist Sect’s secret territory!

When Yu Qian saw this, his face turned red with anger, and he could only shout: “Stop him, you can’t kill him, but that doesn’t mean you can’t cripple him, cripple him, let’s see how rampant he can be...”

After saying that, several purple-robed messengers all rushed towards Chen Ping!

Chapter: 3970

Facing the six purple-robed messengers, Chen Ping’s confidence had long since disappeared, but just when Chen Ping was thinking of ways to deal with the six purple-robed messengers!

Suddenly there was a loud shout from behind, and Ning Zhi stood up and said with anger on his face: "You all stop it, I want to give this Chen Ping to me, I want to turn him into a human stick..."

The six purple-robed envoys looked back and found that Ning Zhi's whole body was exuding a sinister aura, and his entire body seemed to have grown a lot taller.

Then bursts of black mist condensed behind Ning Zhi, instantly transforming into a tall and powerful evil god of hell!

I saw this evil god holding a double sword, his eyes wide open with anger, and his face full of evil!

Seeing this scene, the six purple-robed envoys were startled and quickly stopped and made way for Ning Zhi!

Ning Zhi walked towards Chen Ping, and with every step he took, the evil god of hell behind him also took a step forward, and endless pressure continued to spread towards Chen Ping!

"Chen Ping, don't forget, I am a demon body, I have a physique that is different from ordinary people..."

Ning Zhi glared at Chen Ping. As Ning Zhi got closer and closer to Chen Ping, the evil god of hell behind Ning Zhi became taller and taller!

"Chen Ping, go to hell..."

Ning Zhi roared angrily!

The evil god of hell also roared, and when the two swords in his hands touched, he burst out with infinite power!

But just when the evil god of hell launched an attack on Chen Ping, the sky suddenly turned dark, and then a huge hand descended from the sky, instantly slapping the evil god of hell and scattering him!

“Are you turning a deaf ear to what I say?”

In the sky, that powerful voice slowly came!

Upon hearing the powerful voice, Ning Zhi trembled with fright. He was really angry just now, and he wanted to kill Chen Ping!

If Chen Ping is really killed, he will be in big trouble!

“Almighty, I know my mistake, please ask Almighty to get around me once...”

Ning Zhi quickly knelt down and begged for mercy!

“You are no match for Chen Ping now. This guy’s strength far exceeds yours...”

“You need to continue to practice. Now you have to put aside the distracting thoughts of revenge in your mind and practice wholeheartedly.”

Da Neng said to Ning Zhi.

“Damneng, this Chen Ping killed my father and has been oppressing me. I have been practicing hard just to defeat him and avenge my father.”

“I am a fire demon body. If I activate my fire demon body, Chen Ping is no match for me at all...”
