

The Order 3971

Chapter: 3971

Ning Zhi said loudly!

In Ning Zhi's opinion, the reason he couldn't beat Chen Ping was because he didn't activate the Flame Demon Body, otherwise Chen Ping wouldn't be his opponent at all!

The powerful voice did not come, but the huge palm just now slowly disappeared, and the evil god of hell who was scattered returned to Ning Zhi's back!

Ning Zhi seemed to understand what Da Neng meant. He stood up quickly and looked at Chen Ping. His eyes were slightly focused and he said with murderous intent: "Chen Ping, today I will make you taste life worse than death."

After saying that, Ning Zhi's figure flashed with light, and then Ning Zhi's body merged with the evil god of hell!

The huge evil god of hell came towards Chen Ping waving his double swords!

Seeing this, Chen Ping flipped his right hand, and the Dragon-Slaying Sword appeared in his hand!

He blocked forward obliquely, blocking the double-edged attack of the evil god of hell!

But just this time, Chen Ping felt that the Dragon-Slaying Sword in his hand was shaking abnormally again, and this time it was shaking very hard. Chen Ping tried to control the Dragon-Slaying Sword, but it was to no avail!

Even the Sword Spirit and Chen Ping can't communicate with each other. No matter how Chen Ping injects the power of the dragon into the Dragon Slaying Sword, he can't control it!

Kakakaka.....

After a series of small sounds, Chen Ping found that the Dragon-Slaying Sword in his hand had small cracks!

This time, Chen Ping was shocked. You must know that this Dragon-Slaying Sword has never been in this situation with him in the north and south!

He didn't expect that a spiritual weapon like the Dragon Slayer Sword would actually produce cracks!

Chen Ping was shocked and hurriedly took back the Dragon-Slaying Sword. He was afraid that the Dragon-Slaying Sword would break if he continued to use it!

But when Chen Ping withdrew the Dragon-Slaying Sword, there was nothing blocking the evil god of hell's double swords. In the end, he was directly hit by the double swords!

Bang.....

Chen Ping's body was instantly thrown out, and after flipping several times in the air, he fell heavily to the ground!

However, Chen Ping's physical body was strong, and with the protection of his indestructible golden body, he did not cause any harm!

"Chen Ping."

"Brother Chen Ping."

Su Yuqi and the others hurried over and helped Chen Ping up with concern!

Seeing the worried looks of several people, Chen Ping smiled lightly and said: "I'm fine, this little strength can't hurt me."

Su Yuqi and the others were relieved when they saw that Chen Ping was indeed not injured!

Chapter: 3972

“Hahaha, Chen Ping, you should know how powerful my Flame Demon Body is by now, right?”

Ning Zhi’s voice came from the mouth of the evil god of hell!

It can be heard that Ning Zhi is very excited now, he can finally defeat Chen Ping!

The depression and shock just now are all gone now!

Chen Ping looked at the proud Ning Zhi, and the corner of his mouth curled up!

“Even if you activate your special physique, you will not be my opponent.”

After Chen Ping finished speaking, he took out the Divine King Bow!

The Dragon-Slaying Sword is temporarily unusable, and Chen Ping can only use the Divine King Bow!

The moment the God King took out his bow, the eyes of the six purple-robed messengers were attracted.

Chen Ping pulled the bow string, and all the spiritual energy from hundreds of meters away was swarming in.

These spiritual energy condensed into an arrow feather on the bow string, and the billowing aura of horror was gathering momentum!

Ning Zhi looked at the God King Bow in Chen Ping’s hand and was a little confused. He could already really feel the dangerous aura emanating from the God King Bow!

This kind of dangerous aura is exactly the opposite. The aura emanating from the God King's Bow suppressed the evil spirit in Ning Zhi's body!

Watching Chen Ping pull the bowstring and an arrow was aimed at him, Ning Zhi began to panic!

Uh-huh.....

Chen Ping loosened his bowstring, and the arrow feathers were like shooting stars, dragging a long white tail flame and heading straight towards Ning Zhi!

When Ning Zhi saw this, he touched the two sharp swords in his hands, and shields appeared in front of him instantly!

In just the blink of an eye, more than a dozen shields shrouded in black mist enveloped Ning Zhi tightly!

The arrow feathers shot by Chen Ping touched the shield in front of Ning Zhi's body at an extremely fast speed!

Without the slightest pause, the arrow feathers broke through the shield in an instant!

In front of this arrow feather, the shield formed by Ning Zhi was as fragile as tissue paper!

The arrow feathers penetrated more than a dozen shields and instantly shot into the body of the evil god of hell!

For a moment, the scene was quiet, and the evil god of hell had a painful expression on his face.

boom...

Chapter: 3973

With an explosion, the evil god of hell was instantly wiped out and disappeared without a trace!

But Ning Zhi, who had merged with the evil god of hell, separated at the last moment!

But even so, Ning Zhi was shocked and vomited blood.

At this time, Ning Zhi's face was uglier than if he had eaten shit. He thought he could defeat Chen Ping by activating his Flame Demon Body.

But he didn't want to be beaten by Chen Ping. This was a deep blow to Ning Zhi's self-confidence!

"Do you believe me now?"

At this time, the powerful voice sounded again.

Ning Zhi lowered his head and said nothing. There was indeed a gap between his and Chen Ping's strength.

Soon a ray of light flashed, and Ning Zhi's figure disappeared instantly. The powerful voice continued: "You guys, keep Chen Ping here and don't let him leave the secret realm..."

The powerful man asked the six purple-robed envoys to keep Chen Ping and prevent him from leaving the secret realm of the Taoist Sect!

Six purple-robed messengers surrounded Chen Ping!

Chen Pingping faced the six purple-robed messengers and frowned slightly: "As monks in the Eight Great Secret Realms, you are willing to become the lackeys of a demon cultivator. Don't you feel embarrassed?"

Chen Ping asked the six purple-robed messengers!

“Chen Ping, you don’t need to talk anymore. Just stay here and don’t go there. I can keep you safe...”

“We just want the spiritual energy recovery array to be activated, we don’t want to hurt anyone!”

“Although the eight secret realms are full of spiritual energy, they still have limitations after all. And as time goes by, the eight secret realms will face collapse at any time. Where will we people go?”

Yu Qian stood up and said to Chen Ping!

“I want to leave, but you can’t stop me unless you kill me...”

Chen Ping said coldly!

“Don’t force us to do something to you...” Yu Qian’s face turned gloomy!

“Then do it, I must get out of here.”

After Chen Ping finished speaking, bursts of aura began to erupt from his body!

Seeing this, Yu Qian waved his hand and said: “Do it, don’t let him leave...”

We just saw Chen Ping’s strength, so the six purple-robed messengers took action together!

Chapter: 3974

Several rays of light were seen emanating from the hands of the six purple-robed messengers. After several rays of light gathered in the air, they formed a powerful beam of light, shining towards Chen Ping!

Facing the huge beam of light, Chen Ping didn't panic at all, because he knew that these purple-robed messengers would not kill him, they just wanted to trap him!

The huge beam of light shone on Chen Ping, instantly forming a transparent barrier around Chen Ping, directly covering Chen Ping inside!

"With this formation, maybe it can trap me?"

Chen Ping was full of disdain and suddenly clenched his fists.

"Holy Light Fist....."

Chen Ping shouted loudly, the spiritual power in his Dantian began to surge, and bursts of light flashed on his right fist.

But just when Chen Ping wanted to punch down the barrier in front of him, he found that the light on his fist dissipated instantly, and the spiritual power in his Dantian could no longer be mobilized.

It was as if there was a strong suppressive force suppressing the spiritual power in his body. In this way, Chen Ping could not use his strength to break this barrier and escape.

"How could this happen?" Chen Ping didn't believe it and wanted to burst out the spiritual power in his body again, but there was still no movement!

Even the power of the dragon in the dragon crystal cannot be used!

Seeing Chen Ping like that, Yu Qian smiled: "Chen Ping, don't waste your efforts. No one can break the trapped immortal array we have jointly set up. In the trapped immortal array, you can't use your own spirit." force!"

"You stay here obediently. When the spiritual energy recovery array is activated and the spiritual energy of the entire secular world is revived, we can follow the almighty to intercede and let you live."

“You have extraordinary talent and are indeed a genius in cultivating immortals. I hope you can be more aware of current affairs.”

Yu Qian persuaded Chen Ping, but Chen Ping said nothing!

At this time, Chen Ping quietly mobilized the power of the Dao Marks in his body. He found that although his spiritual power and the power of the divine dragon were suppressed by the trapped immortal formation, the power of the Dao Marks had no impact at all!

It seems that the trapping immortal array is aimed at the spiritual power used by immortals, or the power of divine dragons, but the power of this pattern is not possessed by immortal cultivators at all!

The power of this pattern is the power of the demon clan, and the trapping immortal formation used cannot suppress the power of the pattern at all.

Finding that the power of the Dao pattern was not affected, Chen Ping breathed a sigh of relief, but he still showed great anger and glared at Yu Qian: “You are helping the tyrants to commit evil, and you are not worthy of being a monk at all. I will never follow you.” You guys are in the same group.”

“Would you like to join us? Do you think you still have a choice now?”

Yu Qian snorted coldly, and then left with several other purple-robed messengers in a flash!

They were very confident, confident that Chen Ping would never be able to escape from the trapped immortal formation.

Within the Demonic Heart Sect!

Ning Zhi knelt in front of the powerful man, his face turned ashen!

Chapter: 3975

This time, Ning Zhi no longer had the energy and energy to deal with this blow, and his whole body seemed to be in a state of dementia!

The ambition at the beginning has long since disappeared!

He thought that after undergoing arduous training in the abyss of hell, he would be invincible after coming out, and he would definitely be able to defeat Chen Ping easily!

But the fact is exactly the opposite. He was beaten by Chen Ping and was unable to fight back!

Ning Zhi lowered his head, waiting for Almighty's punishment!

And when Da Neng looked at the decadent look on Ning Zhi's face, his expression was as cold as ice!

"Mighty Neng, now that Ning Zhi is quenching his chains in the abyss of hell, he is no match for Chen Ping. What should we do?"

"The time for the activation of the spiritual energy recovery array is coming soon. If we can't subdue Chen Ping, I'm afraid that after the array is activated, Chen Ping will definitely cause trouble."

The magic envoy whispered to the powerful man!

"It seems that I overestimated the power of the Flame Demon Body, but now that the matter has come to this, I can only find a way to quickly improve Ning Zhi's cultivation."

Da Neng said slowly!

"Mighty, even if we use all the resources of the Demonic Heart Sect, Ning Zhi may not be able to refine it in such a short period of time."

The devil said!

“Resources cannot be refined, so we will give him ready-made strength and let him absorb the strength of others to improve...”

Da Neng turned his head and looked at the Demon Envoy!

This time, the demon envoy was startled, and he knelt down in front of the powerful man with a bang. He was afraid that he would become the one absorbed by Ning Zhi!

Seeing how frightened the demon envoy was, the powerful man continued to speak: “You don’t have to be afraid. I still don’t like your strength. I will give you a task now and get it done right away...” ”

The powerful man waved his hand, and then whispered a few words in the devil’s ear!

After listening, the magic envoy nodded, turned around and left quickly!

Da Neng glanced at Ning Zhi, waved his hand and said, “You can go down too. You are not allowed to look for Chen Ping without my permission.”

Ning Zhi didn’t speak, but stood up slowly, turned around and left!

Looking at Ning Zhi’s back, Da Neng was extremely angry. If Ning Zhi hadn’t been in the body of a fire demon, he would have slapped him to death!

Not long after Ning Zhi left, Yu Qian and his six purple-robed envoys returned!

“Didn’t I ask you to trap Chen Ping? Why is he back?”

Chapter: 3976

Almighty asked.

“Damneng, we have trapped Chen Ping with the trapped immortal formation. It is impossible for him to escape.”

Yu Qian stepped forward and said: “Now that Chen Ping is trapped, I hope that the powerful can allow us to return to the secret realm to meet our family. After all, we came in a hurry and did not say goodbye to our family.”

“I have already sent someone to invite your family. We can meet in less than two days. Just wait and see!”

“The top priority is to ensure the activation of the spiritual energy recovery formation. As long as the spiritual energy is revived, the secular world is so big that you can roam around, and then there will be no secret realms left.”

The great power said to several purple-robed messengers!

When several purple-robed envoys heard this, they quickly thanked them. They did not expect that the powerful would send someone to pick up their families!

After several purple-robed envoys left, the powerful palm waved lightly, and a black hole instantly appeared in mid-air!

After a ripple in the black hole, four masked people actually walked out of the black hole!

Four people were also carrying a coffin. The scarlet coffin looked very thick!

However, there are many complex runes carved around the coffin, and there are also several yellow charms affixed to the coffin!

It seems like there is some monster sealed in this coffin!

The four masked men placed the coffin in front of Da Neng, and then one of the masked men took out a token and handed it to Da Neng!

The powerful man took the token, a breath penetrated into the token, and bursts of red light flashed on the token!

As the red light flashed, the coffin began to tremble, and a terrifying aura emitted from inside!

The four masked men just glanced at it, then turned around and walked into the black hole again!

When Da Neng looked at the token in his hand and the coffin in front of him, he became very excited.

Enter the secret territory of Taoist Sect!

Su Yuqi and Xiaoru were all anxious when they saw Chen Ping trapped!

But no matter what method they used, they couldn't open the trapped immortal formation!

"You don't have to waste your efforts. You can't open this trapped immortal formation."

Chen Ping said to Su Yuqi!

"No, I must rescue you. I can't just watch you trapped here..."

Su Yuqi waved her fist and punched the trapped immortal array!

Chapter: 3977

But with Su Yuqi's strength, she can't shake the trapped immortal formation at all!

“I can go out on my own. This trapped immortal formation can’t trap me at all.”

After Chen Ping finished speaking, the power of the Tao marks on his body gathered on Chen Ping’s fist!

boom.....

Chen Ping punched out, and the trapped immortal formation instantly collapsed!

Seeing Chen Ping break out of the formation so easily, Su Yuqi and Xiaoru were a little dumbfounded!

After a while, Xiaoru said: “Brother Chen Ping, you are so bad. You can clearly break out of the formation, but you still look at us in such a hurry?”

Su Yuqi also glared at Chen Ping, pouting and getting a little angry!

When Chen Ping saw this, he could only rush forward to coax Su Yuqi!

“Okay, get out of here quickly, or else those people will come back and you won’t be able to leave...”

Su Yuqi pushed Chen Ping and told him to leave quickly!

“Don’t worry, it won’t take long before I can take you out...”

Chen Ping followed Su Yuqi and said!

“I believe you, please leave quickly...”

At Su Yuqi’s urging, Chen Ping left the Taoist secret realm!

After Chen Ping returned to Longmen, he thought of his Dragon-Slaying Sword and felt sad in his heart!

Taking out the Dragon-Slaying Sword, Chen Ping looked at it again and again. Looking at the cracks on the Dragon-Slaying Sword, Chen Ping felt very uncomfortable!

This Dragon-Slaying Sword has been fighting with him in all directions, and the sword has become one for a long time. But now the Dragon-Slaying Sword is damaged, Chen Ping is very sad!

“Is there any way to restore this dragon-slaying sword?”

Chen Ping wanted to find out if there was a way to restore the Dragon-Slaying Sword in his hand!

But after thinking about it, Chen Ping couldn't think of a way.

So Chen Ping found Hu Mazi!

Hu Mazi is well-informed and has experienced many things. Maybe he will have a solution!

When Hu Mazi heard what Chen Ping meant, he felt very embarrassed!

Chapter: 3978

“Chen Ping, the Dragon-Slaying Sword in your hand is obviously a spiritual sword, and it also has spiritual wisdom. It is probably difficult for an ordinary weapon refiner to restore your Dragon-Slaying Sword.”

Hu Mazi looked at the dragon-slaying sword in Chen Ping's hand and said!

“Isn't there just one way? Master Hu is well-informed, and he can always know some masters of weapon refining, right?”

Chen Ping started to praise Hu Mazi!

Hu Mazi felt a little prettier when Chen Ping praised him like this.

“Master Weapon Refiner, of course I know him. Hundreds of years ago, there was a sect that was very powerful in refining weapons. However, for unknown reasons, this sect disappeared.”

“A few years ago, I once met an old monk who traveled far and wide. During the chat, I found out that he was actually an weapon refiner and a disciple of the sect that had disappeared for hundreds of years. I thought at the time that he It’s bragging.”

“But after I personally saw him using a piece of scrap metal to make an extremely sharp dagger, I started to believe it.”

Hu Mazi said.

“Then where is the old monk you mentioned? Let’s go find him now...”

Chen Ping asked quickly after hearing this.

“It’s been so many years, I don’t know where it is, but he once said that his place of becoming a monk is at Lingyin Temple.”

Hu Mazi said!

“Okay, let’s go to Lingyin Temple tomorrow...”

Chen Ping decided to go find the weapon-refining master that Hu Mazi mentioned. If he could repair the Dragon-Slaying Sword, that would be great!

Without the Dragon Slayer Sword, Chen Ping always felt like something was missing!

the next day!

Chen Ping followed Hu Mazi straight to Lingyin Temple!

Lingyin Temple is only a few hundred kilometers away from Kyoto. At Chen Ping's speed, it only took a few hours to get there!

In the past, Lingyin Temple was also very prosperous, and there was an endless stream of people coming to worship and offer incense every day.

But now it has become very desolate. Chen Ping and Hu Mazi went up the mountain and saw no one along the way!

When I arrived at Lingyin Temple, I found that Lingyin Temple was already dilapidated and dusty everywhere, as if no one lived there!

Chen Ping's heart suddenly went cold when he saw Lingyin Temple like this.

When the two people walked into Lingyin Temple, they saw a desolate place with overgrown weeds. There was no monk anywhere!

Chapter: 3979

"It seems that the weapon-refining master I met is no longer here."

Hu Mazi looked at the situation in Lingyin Temple and realized that no one had lived here for a long time!

"Hey..." Chen Ping sighed: "Let's go..."

Just when Chen Ping and Hu Mazi turned around to leave, a breath of air suddenly hit them, followed by a figure blocking their way.

Chen Ping looked closely and found that the person blocking their way was an old monk wearing tattered monk robes and his face covered with dirt!

“You two, since you’ve come to Lingyin Temple, why don’t you burn incense sticks and pay the last one before leaving?”

The old monk said to Chen Ping and Hu Mazi!

Hu Mazi looked the old monk up and down, and then hurriedly said: “Master, master, do you remember me? We had a chance meeting a few years ago?”

The old monk looked at Hu Mazi, and then shook his head: “I have traveled all over the world and met countless people, how can I remember them all...”

“Master, it doesn’t matter whether you remember it or not. We are here to ask you for a favor.”

The old monk did not remember Hu Mazi, and Hu Mazi was not angry!

“Looking for my help?” The old monk was stunned: “Look at me like this, how can I help you?”

“Master, I know you are a master of weapon refining. This friend of mine has a damaged sword. I would like to ask the master to help repair it...”

Hu Mazi said directly!

“So that’s it.” The old monk nodded slightly: “It’s just a sword repair. I can do it, but will I get any benefits?”

“Master, as long as you can help me repair the sword, you can do whatever you want. Even if you rebuild the Lingyin Temple, I have no problem.”

When Chen Ping heard this, he hurriedly said!

“That’s not a small tone, but this Lingyin Temple is not mine, so why should I repair it?” The old monk shook his head: “If I help you repair the sword, you need to help me save someone!”

“Who to save?” Chen Ping and Hu Mazi asked at the same time!

“You don’t have to worry about who I save, but this person is imprisoned in the dungeon of the Huo Fen Sect. You promise to help me rescue him. Not to mention helping you repair a sword, even if I make a sword for you, it will be no problem. .”

The old monk said.

“Huo Fenzong?” Chen Ping and Hu Mazi were stunned!

They have never heard of such a sect.

“Master, where is the Huo Fen Sect you mentioned? I have never heard of it?”

Chapter: 3980

Chen Ping knew everything about the secular world, the hidden world or the secret realm, and he had never heard of the Huo Fen Sect!

“You don’t even know about the Huo Fen Sect? It’s halfway up the Qingniu Peak. How come you haven’t heard of such a big sect?”

The old monk looked at Chen Ping with a look of surprise on his face!

This time, Chen Ping and Hu Mazi were even more confused. They didn’t know where Qingniu Peak was!

“Master, you...you said that we have never heard of Qingniu Peak...”

Chen Ping looked helpless!

“How come you guys haven’t even heard of Qingniu Peak? This Qingniu Peak...”

The old monk was about to scold Chen Ping and Hu Mazi!

But his whole body suddenly froze, as if he remembered something, and then tears flowed out, and he started to cry loudly.

The old monk’s actions confused Chen Ping and Hu Mazi.

“Master, what’s wrong with you?”

Chen Ping asked cautiously!

But the old monk ignored Chen Ping at all and continued to cry, which made Chen Ping speechless!

After Chen Ping and Hu Mazi watched the old monk cry for more than ten minutes, the old monk stopped crying!

“Master, you...”

Chen Ping was about to ask, when the old monk spoke!

“The Huo Burning Sect I’m talking about is in the Heaven and Human Realm, that’s why you haven’t heard of it. Unexpectedly, in the blink of an eye, I have been away from the Heaven and Human Realm for more than ten years...”

The old monk said with a sad look on his face.

The old monk's words instantly stunned Chen Ping and Hu Mazi.

“Master, you...are you from the world of heaven and humans?”

Chen Ping's face was full of disbelief. He didn't expect that there were people from the heavenly world in this secular world!

The old monk nodded: “For so many years, I have always thought that I was living in the heaven and human world, but I didn't want to leave the heaven and human world for many years.”

“Master, wouldn't you be suppressed by the laws of heaven and earth if you come from the world of heaven and humans to the secular world?”

Chen Ping was very surprised. Is this old monk not afraid of the suppression of the laws of heaven and earth just like him?
