

## **The Order 3981**

Chapter: 3981

“How can I not be suppressed by the laws of heaven and earth? But in order to survive, I can only do this. Now more than ten years have passed, and under the suppression of the laws of heaven and earth, my strength has regressed a lot!”

“However, my weapon refining skills have not been suppressed, so it is easy to repair the weapons.”

The old monk said calmly.

“Master, what happened? That made you come to the secular world from the world of heaven and earth, despite being suppressed by the laws of heaven and earth?”

Chen Ping was very curious as to why the old monk left the world of heaven and humans!

You must know that in the eyes of these monks in the secular world, the world of heaven and humanity is heaven, a place they dream of!

“Hey, it’s a long story...”

The old monk sighed, and then spoke happily!

Chen Ping and Hu Mazi listened quietly, and then they understood what was going on!

This old monk was not originally a monk, but a master of the Weapon Refining Sect, named Iron Hammer.

Because the Weapon Refining Sect is most famous for creating divine weapons, they were targeted by the Fire Sect!

The Huo Fen Sect asked the Weapon Refining Sect to help build weapons. However, because the Huo Fen Sect was an evil cultivator, the Weapon Refining Sect refused to comply, so they were exterminated, and the leader of the Weapon Refining Sect was also arrested!

Master Iron Hammer escaped with the weapon refining secrets of the Weapon Refining Sect and was chased by the people of the Fire Sect!

In desperation, Master Iron Hammer could only tear apart time and space and escape to the secular world. He would rather be suppressed by the laws of heaven and earth than be caught by the people of the Huo Fen Sect!

The people of the Huo Fen Sect were afraid of the laws of heaven and earth, so they did not pursue them. This allowed Master Hammer to escape the disaster!

However, Master Iron Hammer could only wander in the secular world, and later became a monk in Lingyin Temple. Later, due to the dilapidation of Lingyin Temple, he once again lived a life of no fixed abode!

But he never gave up on saving his sect master, which is why Chen Ping and the others came to Master Hammer. The condition proposed by Master Hammer was to save people!

After listening to Master Hammer's words, Chen Ping realized that the world of heaven and earth is not a fairyland on earth at all. It is also full of intrigues and fights!

From this point of view, this hammer master is quite pitiful. He has been alone in the secular world for so many years!

After Chen Ping and Hu Mazi listened, they didn't speak for a long time!

Master Hammer also fell into sadness. After a while, Master Hammer took a long breath, and then squeezed out a smile and said: "Looking at you two listening to my nagging so seriously, I don't want anything. The conditions are met, and with your abilities, there is no way you can save people from the Huo Fen Sect."

“Whatever weapons you want to repair, just take them out. I’ll leave this place after I’ve repaired them for you.”

“Master Hammer, another one of my swords has cracks. Please help me see if it can be repaired...”

After Chen Ping finished speaking, he grabbed his right hand and the Dragon-Slaying Sword appeared in his hand!

Chapter: 3982

The moment the Dragon-Slaying Sword appeared, Master Hammer was stunned. His eyes widened and he stared at the Dragon-Slaying Sword in Chen Ping’s hand!

“Dragon-slaying sword?” Master Hammer said after looking at it for a while!

“Master, how do you know this is the Dragon-Slaying Sword?”

Chen Ping was very surprised!

“This Dragon-Slaying Sword was originally a spiritual sword forged by our Weapon Refining Sect. Back then, our sect leader relied on this Dragon-Slaying Sword to kill three demon kings in a row. However, later on, the sword spirit was damaged and the Dragon-Slaying Sword also failed. Gone!”

“I didn’t expect that the Dragon-Slaying Sword actually fell into the secular world and returned to your hands. However, the fact that you can follow the Dragon-Slaying Sword and merge with the human sword also means that you and this Dragon-Slaying Sword are indeed destined.”

Hammer Master said!

When Chen Ping heard this, he didn’t expect that the Dragon-Slaying Sword that followed him throughout his expeditions was actually a spiritual sword forged by the Weapon Refining Sect!

Being able to forge a spiritual sword like the Dragon-Slaying Sword shows that the strength of this weapon-refining sect cannot be underestimated!

“Master, take a look. This dragon-slaying sword has begun to crack for some unknown reason, and it seems to be in conflict with me.”

Chen Ping handed the Dragon Slaying Sword to Master Hammer.

“Logically speaking, it shouldn’t be. Even if the dragon-slaying sword spirit is damaged, the sword body is extremely hard and there shouldn’t be any cracks.”

Master Hammer took the Dragon Slaying Sword and observed it carefully!

Soon, the Hammer Master discovered the crux of the problem!

“The sword spirit of the Dragon-Slaying Sword seems to have improved a lot in strength in your hand. However, as your strength continues to increase, the sword spirit of the Dragon-Slaying Sword has not increased. Therefore, when you use the Dragon-Slaying Sword, It’s hard for the Dragon-Slaying Sword to withstand the aura you exude!”

“Besides, the Dragon-Slaying Sword can no longer show all your strength. You must upgrade the Dragon-Slaying Sword again.”

Master Hammer said to Chen Ping!

When Chen Ping heard this, he instantly understood. He had been paying attention to the growth of his own strength, but he had ignored the growth of the Dragon-Slaying Sword and Sword Spirit. It scares you that his strength suddenly increased so much explosively. When he was injecting the power of the dragon into When the Dragon-Slaying Sword was being used, it was difficult for the Dragon-Slaying Sword to bear, so it made a buzzing tremor!

“Master, is there any way you can help me repair the Dragon-Slaying Sword? Or upgrade the Dragon-Slaying Sword?”

Chen Ping hurriedly asked Master Hammer.

Master Hammer shook his head: "If it is an ordinary weapon, I can help you repair it, but with my current strength, there is no way to repair or upgrade this dragon-slaying sword."

When Chen Ping heard this, he was immediately frustrated: "Are we just going to watch the Dragon Slaying Sword become useless trash?"

"Master Hammer, since this dragon-slaying sword was forged by your Weapon Refining Sect, why can't you repair it?"

Hu Mazi asked puzzledly.

Chapter: 3983

"If you want to repair or upgrade a spiritual sword like the Dragon Slayer Sword, you cannot rely solely on a refiner. You don't know how to refine a weapon, so you don't know the steps involved!"

"Do you think this kind of spiritual sword can be made by forging alone? Can you imagine how the sword spirit in this spiritual sword is produced?"

Hammer Master said!

"How did it happen?" Chen Ping and Hu Mazi both asked in unison.

Both of them are very curious. After all, they know nothing about weapon refining, and there are very few weapon refiners in the secular world or the secret realm!

The magic weapons used by some people were obtained from exploring some ruins or digging for treasures, and were not forged by others!

Therefore, no one has considered how these weapons were forged, and where did the sword spirit in the spiritual sword come from?

“In our weapon refining sect, there is a divine pool called the Sword-washing Pool. The swords that are made must pass through the Sword-washing Pool and be nourished by the spiritual energy in the pool. Sword spirits will slowly be generated in the Sword-washing Pool. !”

“However, not all swords can produce sword spirits. After some swords are made and placed in the sword washing pool, they will be damaged. This is a useless sword.”

“If you want to repair or upgrade a dragon-slaying sword like yours, you need to soak it in the sword-washing pool and add my weapon refining skills.”

Hammer Master said!

“Then let’s go to the Sword Washing Pond and repair my dragon-slaying sword, right?”

Chen Ping asked.

Master Hammer looked at Chen Ping as if he were a fool: “This is the secular world, and the Sword Cleansing Pond is in the heavenly and human world. How do we get there? I have been here for so many years, and my strength has been suppressed a lot. I can’t tear it apart.” Time and space have opened the passage from the secular world to the heaven and human world...”

“It might be difficult to go to the world of heaven and humans...”

Hu Mazi also said!

Chen Ping remained silent. After thinking for a moment, he said to Master Hammer: “Master, if I can open the passage from the secular world to the world of heaven and man, can you take us to the Sword Washing Pond?”

“Can you open the passage from the secular world to the heaven and earth?” Master Iron Hammer looked at Chen Ping in disbelief: “Don’t be kidding me. Although your strength is not weak, if you want to open the passage from the secular world to the heaven and earth, The passage is simply impossible...”

Master Hammer didn't believe what Chen Ping said at all!

"Master Hammer, just tell me if I open the passage, can you take us there?"

Chen Ping asked seriously.

"Of course, after so many years, I also want to go back and have a look. If I can really return to the heaven and human world, I will never leave again, even if I am caught by people from the Huo Fen Sect, I will not leave... ...."

Master Hammer nodded and said!

"Chen Ping, can you really open a passage to the same world of heaven and humans? Don't be kidding me. If you are not strong enough and want to forcefully open a passage to the same world of heaven and humans, I'm afraid you will suffer backlash."

Chapter: 3984

Hu Mazi warned Chen Ping.

"I'll give it a try, it should work..."

After Chen Ping finished speaking, he took out the God King Bow!

When the piece of God King's bow was taken out, Master Hammer was dumbfounded!

"This...this...this is the God King's Bow, the most precious weapon in the world of gods and humans. How come you have it in your hands?"

"I heard that the God King's Bow was sealed in the Valley of Death. Many people wanted to get the God King's Bow, but all failed."

“Why is this God-King Bow in your hand? What is going on? Who are you?”

The moment Master Iron Hammer saw the God King’s Bow, he was stunned. This kind of treasured weapon from the heaven and human world actually appeared in the secular world. This is obviously unscientific!

“I got it by accident.” Chen Ping didn’t know how to explain it!

I saw Chen Ping grabbing the bow string, and then all the power of the Dao pattern in his body burst out!

The God King’s Bow was pulled, and the rays of light in the sky and the earth began to converge towards the God King’s Bow rapidly!

The God King’s Bow emits a huge suction force, as if it absorbs all the surrounding power.

The light condensed and soon turned into a dazzling arrow feather. The bright golden light illuminated the entire sky with dazzling glory!

Soon, the golden light of the arrow feathers became lighter and lighter, gradually turning into a transparent crystal jade shape.

The aura emanating from the arrow feathers filled the eyes of Hu Mazi and Master Hammer with horror. They had never felt such a terrifying aura before!

Chen Ping gritted his teeth and tightened his grip on the bowstring. The cold sweat on his forehead continued to fall!

Chen Ping’s legs began to tremble, but Chen Ping did not loosen the bow string and still persisted, because he did not know whether his arrow could open the passage to the heaven and human world, so he had to fight hard Try your best to give it a try!

Hu Mazi and the hammer master became nervous when they saw Chen Ping like that!

“ah.....”

Chen Ping burst out with a roar, a deafening sound that made both Hu Mazi and Hammer Master’s eardrums hurt!

Whoosh.....

Chen Ping let go of the bow string, and the transparent arrow feathers shot out into the air instantly!

The flying arrow feathers tore the air apart, making a sharp sound of breaking through the air!

Chen Ping sat down on the ground exhausted, breathing heavily!

Chapter: 3985

“Chen Ping, are you okay?”

Hu Mazi hurriedly stepped forward and helped Chen Ping up!

Chen Ping shook his head: “It’s okay...”

After saying that, Chen Ping stared at the arrow feathers closely, feeling nervous in his heart!

As the arrow flew higher and higher, there was a sudden explosion. The violent explosion could be clearly heard hundreds of miles away!

Along with the explosion, there was a distortion and tremor in the void, and a black hole slowly formed!

The black hole is very small at first, and the power around the black hole is also very weak!

Slowly, the black hole is getting bigger and bigger, and in the black hole, turbulent vortices are clearly visible!

The huge power in the black hole sucked Chen Ping and the others into the black hole!

“It got through. I didn’t expect that it actually got through?”

Master Hammer looked at the black hole in front of him in disbelief!

There were tears in Master Hammer’s eyes. He had been trapped in the secular world for more than ten years, but he didn’t want to have the chance to return to the heavenly world!

“Master Hammer, let’s leave quickly. I don’t know how long this passage can last...”

Chen Ping said to the Hammer Master!

Master Hammer nodded, then jumped up with Chen Ping and the others, and was sucked into the black hole!

Chen Ping and the others only felt their bodies rolling in the turbulence, and they knew nothing as soon as their eyes went dark!

When they woke up, they found that they were already on a vast mountain range with dense forests and towering ancient trees!

“Where are we? Have we already reached the world of heaven and humans?”

Hu Mazi looked at the towering trees around him and asked with a blank look on his face.

Chen Ping also looked confused. Although he had been to the Heavenly and Human Realm, he had only killed the undead in Death Valley. He had never been to other places at all!

Now they can only listen to Master Hammer. After all, Master Hammer is from the Celestial Realm and should know something about the Celestial Realm!

I saw Master Hammer breaking a few branches from the tree and inserting them into the ground, and then drew a few strange shapes with his hands, and then the reflections of the branches began to move slowly!

After watching carefully for a while, Master Hammer frowned and said: "Damn, why were you transported to the realm of the demon clan? We have to leave as soon as possible..."

After saying that, Master Hammer quickly destroyed the graphics he drew with his feet, and left with Chen Ping and Hu Mazi!

Chapter: 3986

"Master Hammer, what is the world of monsters? Are there monsters in this forest?"

Chen Ping asked puzzledly.

"This world of gods and humans is different from the secular world. The world of gods and humans is divided into three major races, the human race, the demon race, and the demon race. Each race has its own living realm."

"Although each race has conflicts from time to time, they will not go to war with each other. They also have agreements with each other. For so many years, the world of heaven and humans has always been peaceful."

"But I haven't been back for more than ten years. I don't know if there are any new changes in the world of gods and humans. Our current place belongs to the realm of the demon clan. It's best to leave as soon as possible to avoid unnecessary trouble... "

Master Hammer explained the world of heaven and humanity to Chen Ping while walking quickly out of the forest!

The three people marched for who knows how long, and finally walked out of the vast jungle, and then came to the foot of a mountain!

“Master Hammer, how far are we from the Green Ox Peak you mentioned?”

Chen Ping asked Master Hammer.

“It’s not far away, there are still more than 30,000 miles...”

Hammer Master said!

When Chen Ping and Hu Mazi heard this, they almost lost their temper!

More than thirty thousand miles? Not far away?

“Master Hammer, how big is the world of heaven and earth?” Chen Ping asked.

“I don’t know exactly how big it is, but it’s probably hundreds of times bigger than your secular world.”

Hammer Master said!

Hundreds of times?

Chen Ping and Hu Mazi were shocked again. They didn’t expect that the world of heaven and humans would be so big!

If they are in a hurry, even if they are strong enough to fly in the wind, they will still waste a lot of time on the road!

Master Hammer seemed to see the doubts of the two people, so he said: "In the heaven and human world, many people know the teleportation array, so they don't really rely on walking, and there are many masters in the heaven and human world, these people just don't use the teleportation array." Dharma, a thought can travel thousands of miles in an instant."

"Yes, people in the world of gods and humans are almost immortals. This distance is nothing."

Hu Mazi said.

In Hu Mazi's eyes, the world of gods and humans is the world of immortals, and the people in the world of gods and humans are all immortals!

After listening to Hu Mazi's words, Master Iron Hammer smiled and said: "The people in the Celestial Realm are no different from your secular world. Not everyone in the Celestial Realm is a master, and the Celestial Realm is just another time and space. It's just a world, and there are no immortals in the world of gods and humans."

Chapter: 3987

"A true immortal is someone who can cross time and space at will and reach any plane world at will. Don't think so well of the world of heaven and humans..."

Iron Hammer's words made Chen Ping confused for a moment. You have to know that the Celestial Realm is a place where many secret realm monks work hard to break through the void. In the end, Master Iron Hammer said that the Celestial Realm is the same as the secular world. , just an ordinary world!

Chen Ping obviously didn't believe this. After all, in Chen Ping's knowledge, the world of heaven and humans should be different. After all, those demons are very powerful and they all come from the world of heaven and humans!

Master Hammer did not explain, but continued on the road with Chen Ping and Hu Mazi. But just as the three of them were about to leave, they suddenly heard the roar of a monster!

The three people looked for the sound and found a monster rushing out of the forest. In front of the monster, a girl who was only seventeen or eighteen years old, with cold sweat on her forehead and bloodstains on her body, was desperately trying to fight for the way. escape!

Judging from the aura emanating from the girl, she is only at the Nascent Soul realm. This kind of strength is not considered a master in the secular world. Chen Ping doesn't understand how there are people with such low realm strength in a place like the heaven and human world. Woolen cloth?

The monster behind the girl is obviously stronger than the girl and much faster. It is about to catch up with the girl!

The girl looked panicked. After seeing Chen Ping and the three of them, she was slightly stunned, and then shouted: "Help, help..."

The girl changed direction and ran towards Chen Ping and the others!

Upon seeing this, Chen Ping was about to come to the rescue, but was stopped by Master Hammer: "Don't worry, in the heaven and human world, it's best not to meddle in other people's business. People in the heaven and human world are not as good as you think... ...."

Chen Ping looked at Master Hammer in surprise, not understanding the meaning of Master Hammer's words, but as soon as Master Hammer stopped him, the monster had already caught up with the girl!

"Roar....."

After a roar, the monster rushed towards the girl!

When the girl saw that Chen Ping and the others did not help, she could only grit her teeth, holding a long-broken scimitar in her hand, and slashed at the monster!

The monster beast directly avoided the girl's attack on one side of its body, and then slapped the girl hard with its big paw, sending the girl flying away!

Immediately afterwards, the monster jumped and pounced on the girl, but the girl looked desperate at this time and could only close her eyes helplessly, waiting for death to come!

The monster's bloody mouth was already in front of the girl, and the thick bloody smell made the girl gag continuously!

Seeing this, Chen Ping could no longer hold back. He ignored Master Hammer's blockage and flicked his right hand, sending a golden light straight towards the monster!

Roar.....

The monster beast was hit by the golden light, and after roaring, it instantly fell to the ground and died!

With Chen Ping's current strength, he only needs to wave his hand to deal with monsters of this level!

The monster was dead, but the girl slowly got up with a dazed look on her face and a frightened look on her face!

"Thank you... thank you..."

The girl timidly followed Chen Ping to say thank you!

Chapter: 3988

At this time, waves of roars came from not far away, accompanied by the tremor of the earth!

"It's broken. A large number of monsters are coming this way. Let's leave quickly..."

Master Hammer felt the tremor of the earth and frowned!

"Girl, run away quickly, a large number of monsters are already coming here..."

Chen Ping warned the girl, and after finishing speaking, he planned to leave with Master Hammer!

But the girl turned back suddenly, then grabbed the recently dead monster with both hands, and carried it on her body with all her strength!

It can be seen that the girl is struggling, gritting her teeth and carrying the corpse of the monster, and moves forward step by step!

Chen Ping was very surprised when he saw this. He didn't understand why the girl ran for her life and carried the corpse of the monster on her back.

“Girl, you should quickly throw away the corpse of this monster and run for your life, otherwise you will be overtaken by a large number of monsters.”

Chen Ping said to the girl!

But the girl didn't say a word and moved forward desperately. Her body was already soaked with sweat and blood!

Feeling that a large number of monsters were getting closer and closer, Chen Ping couldn't bear to watch the girl being eaten by those monsters, so he stepped forward and took the girl's shoulders with one hand, then jumped up and was hundreds of meters away in an instant. !

Chen Ping took the girl and escaped for dozens of miles before he stopped. Master Hammer looked at Chen Ping with a displeased look on his face!

“You little girl, why would you risk your own life for the corpse of this monster?”

Hu Mazi stepped forward and scolded the girl!

The girl looked at Hu Mazi's fierce look, biting her lip, her eyes full of grievance, and finally she started crying!

This time, Hu Mazi was stunned for a moment and a little at a loss!

"I want this monster corpse to exchange for spiritual coins to treat my grandma. My grandma is sick, otherwise I wouldn't come to this mountain range alone to hunt monsters."

The girl cried very sadly!

"Little girl, stop crying. Wherever you live, we will take you back!"

Chen Ping saw that the little girl was crying very sadly, and he took the risk to hunt monsters just to treat his grandma, so he decided to send the little girl home!

"My family lives in Dashi Village not far away!"

The little girl pointed towards the west and said!

"Okay, let's go now!" After Chen Ping finished speaking, he glanced at Hu Mazi and said, "Master Hu, carry the corpse of this monster on your back."

Chapter: 3989

"Why am I carrying it?" Hu Mazi was stunned!

"Who asked you to scare people into crying? Of course it was you who carried it..."

Chen Ping smiled and said!

Hu Mazi rolled his eyes and could only reach out and pick up the corpse of the monster!

“Master Hammer, let’s send this little girl back first, and then go to Qingniu Peak!”

Chen Ping said to the Hammer Master.

“Hey...” Master Hammer sighed: “I stopped you not because I am vicious, but because you know too little about the affairs of the heaven and human world.”

“Do you know what is the most terrifying thing in the world of gods and humans?”

“The most terrifying thing in the world of gods and humans is not the demons or demons, the most terrifying thing is the human heart. Often many people die not at the hands of demons or demons, but at the hands of the people closest to them. ”

“You must know that in the face of absolute interests, there is nothing that cannot be betrayed. Human beings are far more terrifying than demons and monsters.”

“Master Hammer, you are too alarmist. Although some people are very bad, I feel that there are still many good people. Let’s send the little girl back first.” After Chen Ping finished speaking, he asked the little girl to lead the way and went straight to Dashi Village. And go.

After Chen Ping and the others had been marching for a while, the little girl suddenly pointed not far away and said: “Ahead is Dashi Village. Thank you, I will go back by myself...”

The girl said, took the monster body from Hu Mazi’s hand, and then headed towards Dashi Village not far away!

Hu Mazi was stunned and looked at the girl in confusion: “This little girl is so rude. We rescued her and sent her back, but she didn’t even invite us to her house for a drink?”

Chen Ping was also a little surprised. Seeing that this girl didn’t look like the kind of impolite person, how could she not invite them in when she arrived at the entrance of the village?

“In the world of gods and humans, people are very wary of each other. In a small village like this, strangers are not allowed to enter.”

Master Hammer saw the confusion of Chen Ping and Hu Mazi, so he explained!

When Chen Ping heard this, he felt a little surprised. He didn't understand why people in the heaven and human world were so wary?

But since the girl didn't invite them, Chen Ping and the others couldn't force them to follow her home, so as not to cause unnecessary misunderstandings.

Now that the girl is no longer in danger, Chen Ping plans to leave and go to Qingniu Peak!

But just when Chen Ping and the others were about to leave, suddenly seven or eight strong men wearing animal skins and holding weapons surrounded Chen Ping and the others!

Chen Ping glanced at these people and found that these people were not very strong. They were about the same strength as the girl just now!

But the hostility in the eyes of these people puzzled Chen Ping. He had no enemies in the world of heaven and humans, so why did these people hate him so much?

“Who are you? Why are you sneaking into our Dashi Village?”

Chapter: 3990

One of the young men holding a big knife asked sternly at Chen Ping and the others!

“We are escorting a girl back. She is from your Dashi Village, so she is here.”

Chen Ping explained!

“Escort our people from Dashi Village back?” The young man frowned slightly!

“Brother Li, don’t listen to his nonsense. I think they are spies from Daqing Village. They came to inquire about the situation in our Dashi Village. Let’s arrest them first.”

A strong man said to the young man with an angry face.

The young man looked at Chen Ping and the others for a few times, then waved his hand and said:  
“Arrest the three of them first and then...”

Seven or eight strong men were about to step forward and arrest Chen Ping and the others, but Hu Mazi looked at these people, pinched his fingers, and was ready to take action.

These people don’t need anyone else to do anything, and even Hu Mazi can easily solve them by himself!

But at this moment, the girl who had just left suddenly turned back and shouted: “Brother Ali, don’t do anything, they are escorting me back...”

The girl shouted and ran, blocking Chen Ping and the others, preventing the seven or eight strong men from taking action!

“Sister Yun’er, what’s going on?”

Ali asked the girl.

The girl hurriedly explained the situation in detail, and then let Ali and others take a look at the killed monster!

Only when they saw the corpse of the monster did these people believe the girl’s words!

But Ali obviously did not eliminate his suspicion and hostility towards Chen Ping and the others!

“Guys, since you saved sister Yun’er, come and sit in our Dashi Village so that we can repay you with our loyalty as landlords...”

Ali said to Chen Ping and the others!

“No, we have other things to do, so I won’t disturb you...”

After this incident, Chen Ping didn’t want to go to Dashi Village to waste time, and it was obvious that the other party was still hostile to them!

“You saved the people of our Dashi Village, and our Dashi Village should repay you. This is the village rule of our Dashi Village. Please come with me...”

Ali’s tone was very firm and there was no room for negotiation!

After Ali finished speaking, several other strong men blocked Chen Ping’s way!

It seems that Chen Ping and the others are going to go even if they don’t go...
