

The Order 3991

Chapter: 3991

When Hu Mazi saw this, he immediately became angry. Although this was the world of heaven and humans, looking at these low-strength guys in front of him, Hu Mazi could defeat them with just one hand. How could he still be threatened?

Just when Hu Mazi was about to take action, he was stopped by Chen Ping. He didn't want Hu Mazi to hurt people at will in the world of heaven and man!

The Hammer Master had a faint smile on his face and didn't say a word. He seemed to be intending to make Chen Ping feel the hostility between humans in the heaven and human world!

“Okay, let's go with you...”

Chen Ping nodded and agreed to that Ali!

Then the group of people walked towards Dashi Village. Dashi Village is a small village with only a hundred households. Formations are arranged around the village, which seems to be for defense against monsters!

There are two towers on the west side of the village, only a dozen meters high. There are people guarding them, and there are also people guarding them with weapons in front of the door.

Chen Ping looked at such a small village in front of him and it was so tightly defended. He couldn't figure out why!

Ali led Chen Ping and the others through the door. Many people greeted Ali after seeing him!

When they saw Chen Ping and the others, they all showed curious expressions. There were even several children who followed Chen Ping and the others as if they were monsters, looking at Chen Ping and the others carefully!

The strange behavior of the villagers made Chen Ping more and more curious about this Dashi Village, and how many villages like this there were in the human world!

Originally, Chen Ping thought that the Heavenly and Human Realm was filled with masters and transformation monks everywhere, but now that he saw this Dashi Village, it was completely different from the Heavenly and Human Realm he had imagined!

“Sister Yun’er, let Lao Zhang take care of this monster body. Tomorrow I will help you take the animal skin and animal pills to the town to sell them, and then I will buy some medicine for your grandma!”

“Remember, you are never allowed to sneak out of the village to hunt monsters again. This is too dangerous. Even if you are not eaten by the monsters, it is still very dangerous if you meet people from other villages.”

After entering Dashi Village, Ali scolded the girl!

“I see.....”

The girl lowered her head, seeming a little aggrieved!

Upon seeing this, Ali touched the girl’s head distressedly, and then sent someone to help the girl carry away the monster’s body.

Ali invited Chen Ping and the others to walk towards a stone house. Before they entered the stone house, Chen Ping discovered that a formation had been set up around the stone house. However, Chen Ping did not point it out and followed. Get in!

For Chen Ping, a formation like this is just like a child playing house, it cannot trap them!

Entering the stone house, Ali said to Chen Ping: “You guys should rest here first, I will send someone to bring you some food...”

After saying that, Ali walked out!

When Ali just walked out of the stone house, accompanied by a burst of dazzling white light, beams of light suddenly appeared around the entire stone house, trapping Chen Ping and the others inside like a cage!

When Hu Mazi saw this, he was stunned for a moment, and then he yelled at Ali: "Damn it, you guys who repay kindness with hatred, you just don't entertain us well, but you actually trapped us?"

Chapter: 3992

But Ali just turned around and glared at Hu Mazi coldly, and left without saying anything!

"Damn, what are the people in the human world today? It feels like their brains are sick..."

Hu Mazi said cursingly!

"Didn't I tell you a long time ago that the most terrifying thing in the world of gods and humans is the human heart. In the world of gods and humans, there is only suspicion and suspicion among humans."

Master Hammer said with a faint smile.

"Human beings in the world of heaven and humans seem to be experiencing a serious crisis of trust. The paradise in the eyes of people in the secular world does not seem to be a real paradise..."

Chen Ping said with some emotion!

"The world of heaven and earth is heaven in the eyes of monks in the secular world, but in the eyes of real humans in the world of heaven and earth, it is more like hell, because humans in the world of heaven and earth have a higher desire for strength!"

"The goal that everyone strives for is to overcome the calamity and become an immortal. Therefore, in the eyes of humans in the heaven and human world, relatives and friendships will be much weaker. In order to improve their strength, some people can do anything."

“So in the world of gods and humans, the most terrifying thing is the human heart, because everyone is blinded by the desire for realm strength. If it were not for the suppression of the laws of heaven and earth, the secular world would be the most ideal place for human beings to live!”

Master Hammer said with emotion!

Chen Ping was not talking. The world is often like this. People inside the besieged city want to get out, while people outside are desperately trying to enter the besieged city...

At this time, in a low house in Dashi Village, Yun'er handed the body of the monster to Lao Zhang for disposal, while she was wiping her hands on the bed of an old woman whose eyes were wrapped in white cloth!

“Grandma, I hunted a lot of monsters today. Brother Ali said that when I go to town tomorrow and sell the skins and elixirs, I will get you some medicine. Your eyes will be fine.”

Yun'er said while wiping the old woman's hands!

“You child, how can you go hunting in the mountains by yourself with such little ability? If you have some shortcomings, how can I explain to your dead parents...”

The old woman scolded Yun'er very distressedly!

“Grandma, don't worry. I'm very lucky. A kind person rescued me today and helped me kill the monster.”

“I think those people are so powerful. With just a flick of their fingers, a monster beast was killed...”

Yun'er followed the old woman and talked about what she had done on the mountain!

After hearing this, the old woman frowned slightly and said, "Yun'er, where are those people you mentioned from? Where are they now?"

"Grandma, I don't know where they are from, but they were all invited to Dashi Village by Brother Ali."

Yuner said!

"It's broken..." The old woman stood up suddenly, startling Yun'er, and then said: "Yun'er, take me to find those people right now. This Ali is so reckless, how could he What did they bring into the village?"

Chapter: 3993

Seeing the old woman like that, Yun'er said doubtfully: "Grandma, you don't have to be so nervous. I don't think those people are bad people. They even escorted me back."

"You silly girl, you have a sinister heart. You don't understand it at all. Take me there quickly..."

The old woman urged Yun'er to take her to see Chen Ping and the others!

Yun'er had no choice but to help the old woman and walk out of the house!

As soon as he walked out of the door, he met Ali.

"Brother Ali, where did you place those people who rescued me just now?"

Yun'er asked Ali!

"Ali, why are you so reckless and bring outsiders into the village? How did you become the village chief?"

The old woman was very dissatisfied and scolded Ali!

“Grandma, I locked those three people in the stone house in the village. They are surrounded by formations and they can’t get out.”

Ali said to the old woman!

“Brother Ali, they are my saviors, how can you lock them up?”

When Yun’er heard that Ali locked Chen Ping and the others in the stone house, she immediately said dissatisfied!

“Sister Yun’er, these people...”

“Okay, stop talking, take me to see...” The old woman interrupted Ali and asked Ali to lead her towards the stone house.

When the old woman arrived at the stone house, she did not go in. Instead, she stood quietly outside the stone house. Auras emitted from her body and enveloped the inside of the stone house!

This aura is different from the spiritual power emitted by other monks, and is more like the power of Tao patterns in Chen Ping’s body.

Chen Ping, who was lying bored in the stone house, stood up instantly after feeling these breaths!

At the same time, Hu Mazi and Master Hammer also felt the enveloping auras!

“I didn’t expect there to be experts in this small mountain village...”

After feeling this breath, Hu Mazi said!

Chen Ping's face was full of shock, and he rushed out of the stone house in an instant. In front of Chen Ping, the formations outside the stone house were useless and could not stop Chen Ping at all!

Ali and Yun'er were shocked when they saw Chen Ping walking out of the stone house easily, and the surrounding magic circle did not bring any obstruction to Chen Ping!

Hu Mazi and Master Hammer also walked out of the stone house one after another. This time Ali stood awkwardly, not knowing what to say!

Chapter: 3994

He thought that there were formations around the stone house that could trap Chen Ping and the others, but he didn't expect that in the eyes of Chen Ping and the others, these so-called formations were of no use at all!

The old woman also felt that Chen Ping and the others came out of the stone house, her brows furrowed tightly, and her face became extremely ugly!

The aura that just emitted made her know that the three people in front of her were stronger than she imagined.

The old woman subconsciously protected Yun'er behind her, and then said: "Three of you, you are already a semi-immortal, why are you still interested in this small mountain village?"

Chen Ping did not speak, but exuded an aura that instantly enveloped the old woman, and then a ray of divine consciousness directly pierced the old woman's body and entered her sea of consciousness!

The old woman tried desperately to resist, but it was of no use!

In just a moment, Chen Ping's aura and consciousness were taken back, and then he quietly looked at the blind old woman in front of him!

Chen Ping can now conclude that the old woman in front of him is a demon cultivator and belongs to the demon race, not the human race!

But Chen Ping didn't understand. This old woman was obviously a demon, so why did she live with humans in this small mountain village?

And it seems that this old woman is very protective of Yun'er. She just subconsciously protected Yun'er behind her, and Chen Ping really saw it!

"Old lady, we just accidentally saw Miss Yun'er being chased by a monster in the forest, so we rescued her and sent her back. We have no interest in this mountain village."

"If you don't welcome us, we can leave now. I hope you don't misunderstand..."

Chen Ping did not reveal the identity of the old woman!

"If that's the case, then you can leave. We don't have what you want in this poor mountain village."

The old lady immediately issued an eviction order.

Chen Ping didn't expect the old woman to be so direct. After being slightly stunned, he turned around and walked towards the outside of Dashi Village!

Since he is not welcome, there is no need for Chen Ping to stay here, not to mention that he has no plans for this Dashi Village!

Chen Ping followed Hu Mazi and Master Hammer out of Dashi Village. It wasn't until Chen Ping and the others left that the old woman heaved a sigh of relief!

Yun'er, on the other hand, took advantage of the old lady not paying attention and chased after Chen Ping and the others!

"Just a moment..."

Yun'er caught up with Chen Ping and the others.

Chen Ping turned around and saw Yun'er chasing after her with a red face, so he asked: "Miss Yun'er, is there anything else?"

Yun'er said a little embarrassedly: "My grandma doesn't like strangers, so don't be surprised. You saved me, but I don't know your name yet."

"My name is Chen Ping." Chen Ping said with a slight smile.

Chapter: 3995

"Chen Ping?" Yun'er muttered in a low voice, and then asked: "Brother Chen Ping, where are you from? Your skills are really good..."

"I..." Chen Ping opened his mouth, but for a moment he didn't know where he was from.

He can't follow Yun'er and say that he is from the secular world, right?

I'm afraid Yun'er doesn't necessarily know where the secular world is or what it is!

"I am from Qingniu Peak..." Chen Ping remembered the location of the Weapon Refining Sect and said!

"Qingniu Peak?" Yun'er's eyes widened with surprise on her face: "That place is so far away. I didn't expect you to come from there."

"You will definitely have to walk for a long time on this journey. I have some animal meat here. You can take it and replenish your energy on the way..."

With that said, Yun'er took out a cloth bag filled with cut animal meat!

In fact, these animal meats are of little use to Chen Ping and others, but to Yun'er, they are extremely precious, because these animal meats can also be sold for money.

Now that Yun'er took out the animal meat and gave it to Chen Ping, it can be seen that Yun'er repays his kindness and is not the kind of person who forgets his loyalty for profit.

In this way, humans in the world of heaven and humans are not all selfish people!

Chen Ping took the bag, put it into the storage ring, and then took out a jade pendant from the storage ring!

With a trace of dragon and phoenix power embedded in the jade pendant, Chen Ping handed the jade pendant to Yun'er and said, "Miss Yun'er, I have a jade pendant here for you. You are hunting monsters with this jade pendant." When the time comes, it can achieve twice the result with half the effort."

You must know that the power of the dragon and phoenix that Chen Ping penetrated is the power of the divine beast, and it has the aura of the divine beast. As long as it is not a particularly high-level monster, Yun'er will not dare to get close to it with this jade pendant!

Yun'er declined a few times, but finally accepted the jade pendant.

After saying goodbye to Yun'er, Chen Ping and the others set foot on the road to Xijian Pond. As for the Dashi Village, Chen Ping didn't pay too much attention to it, just treating it as a small episode on his way!

Little did Chen Ping know that in the near future, it would be Dashi Village, a small mountain village, that would save his life...

.....

After several days of trekking, Chen Ping and the others finally arrived at the foot of Qingniu Peak!

Looking at the familiar place, Master Hammer's eyes became moist. He had not been to this familiar place for more than ten years!

"It's been more than ten years, I don't know if the Weapon Refining Sect is still there..."

Master Hammer was full of emotion and then headed towards the mountain!

Chen Ping and Hu Mazi followed closely behind, for fear of losing the hammer master. In this unfamiliar world of heaven and earth, wouldn't they become beggars by then?

Soon after, a towering stone gate appeared. The area around the stone gate was already overgrown with weeds and trees, but the stone gate was still standing!

Chapter: 3996

Carved on the stone gate are the three characters of the Weapon Refining Sect. Although they have gone through many vicissitudes, these three characters are still clearly visible!

After crossing the stone gate, what you see is a piece of rubble. This place has been abandoned for a long time and its original appearance is no longer visible. However, looking at the scale of the rubble, this Weapon Refining Sect must have been very glorious!

Master Hammer looked at the scene in front of him, knelt heavily on the ground, and cried out in pain!

Looking at the crying Hammer Master, neither Chen Ping nor Hu Mazi said anything, they just waited silently!

After all, no one can control their inner emotions when they see their sect like this!

Master Hammer cried for a long time, then wiped his tears and took Chen Ping and Hu Mazi deep into the Weapon Refining Sect!

Soon a deep pool appeared in front of Chen Ping and the others, and the water in the pool was biting cold!

Although no one has taken care of it for so many years, the water in this pool is extremely clear, without any impurities!

Hu Mazi looked at the clear water and couldn't help but squat down, wanting to wash his face to wash away the dust of the past few days!

"Do not move....."

Master Hammer saw this and hurriedly shouted to Hu Mazi!

But it was too late, Hu Mazi had already put his hands into the pool, but the moment Hu Mazi touched the pool with his hands, suddenly sharp breaths flew past the pool!

Like a sharp sword, it shot towards Hu Mazi. Fortunately, Hu Mazi was reminded by Master Hammer. Just when those sharp breaths came, his body quickly retreated and hurriedly fell to the ground. Roll and dodge this attack!

Hu Mazi stood up in embarrassment, wiped the cold sweat from his forehead and said: "How could there be such a sharp smell in this pool of water, it almost killed me..."

"Master Hu, are you okay?" Chen Ping asked hurriedly upon seeing this.

"It's okay!" Hu Mazi shook his head.

"Master Hammer, what's going on?" Chen Ping looked at Master Hammer and asked!

Master Iron Hammer explained: "This Sword Washing Pool has been used to clean and quench the swords for many years. This pool of water already contains a large amount of sword energy, and these sword energies have also condensed into sword spirits. The sword spirits protect them. The Sword Washing Pond cannot be touched casually."

“What? You said there is a sword spirit in this pool of water? Where is it? Why can’t I see it?”

Hu Mazi was shocked. He looked into the pond and could not see the existence of the sword spirit at all!

Chen Ping was also curious and observed the Sword Washing Pool carefully. He found that although the water in the Sword Washing Pool was clear, it could only be seen a few meters deep, and downwards it was completely white, making it difficult to see clearly. I couldn’t see what was under the water.

However, Chen Ping could clearly feel that in the pond, sharp sword auras were constantly moving back and forth like swimming fish. If someone jumped into the pond rashly, they would be killed instantly by the sword aura. Killed!

“Master Hammer, what should we do next? You should have an idea, right?”

Chen Ping asked Master Hammer.

Chapter: 3997

“That’s of course. As a weapon refiner of the Weapon Refining Sect, of course I have a solution for my sect’s Sword Washing Pond.”

Master Hammer nodded: “Give me the Dragon-Slaying Sword, and I will throw it into the sword-washing pool to quench the chain...”

Chen Ping sacrificed the Dragon Slaying Sword and then handed it into the hands of Master Hammer.

Master Iron Hammer took the Dragon Slaying Sword, muttered something in his mouth, then put his fingers together, and a golden light emitted from his fingertips and shot out towards the Sword Washing Pond!

The golden light instantly submerged into the Sword Washing Pond. The originally calm water suddenly began to surge, and waves continued to spurt upward!

Upon seeing this, Master Iron Hammer threw the Dragon-Slaying Sword in his hand towards the pond. The Dragon-Slaying Sword fell into the pond and disappeared in an instant!

Immediately afterwards, the surging water suddenly began to calm down, and the entire Sword Washing Pool returned to its previous state, as if nothing had happened!

When Master Hammer saw this, he was stunned and looked at the sword-washing pool in front of him in disbelief!

“Master Hammer, what...what’s going on? Where is my Dragon-Slaying Sword?”

Chen Ping looked at Master Hammer and asked quickly!

“How...how could this happen? It shouldn’t be?”

Master Iron Hammer was also a little panicked at this time, and he kept chanting the magic formula in his mouth, and golden light shot towards the Sword Washing Pond!

But the pond was completely silent, and there was no movement anymore. Even the Dragon-Slaying Sword was gone!

No matter how much Master Hammer casts spells, there is still no movement in the Sword Washing Pond. This makes Master Hammer anxious!

Chen Ping was also anxious, with cold sweat on his forehead. You must know that in Chen Ping’s eyes, this dragon-slaying sword has already become a part of his body. If it just disappears, Chen Ping can’t bear it!

Just when Chen Ping and Master Hammer were anxious and at a loss, huge bubbles suddenly appeared in the pool, and then a white-haired old man slowly rose from the pool!

The old man’s body was floating on the pond. It looked like a spirit body and had no physical body!

After seeing the old man, Master Iron Hammer instantly became extremely respectful. He stepped forward and saluted: "Disciple Iron Hammer of the Weapon Refining Sect, I would like to pay my respects to Master Jian..."

Jian Lao looked at Master Hammer coldly and said: "For more than ten years, I thought that all the people in the Weapon Refining Sect were dead, but I didn't expect that there were still disciples of the Weapon Refining Sect who would remember this Sword Cleansing Pond."

"Jian Lao has helped our Weapon Refining Sect to quench countless divine swords. How could our Weapon Refining Sect forget about Jian Lao? We just had a sword belonging to my friend. I wanted to use the Sword Washing Pond to repair it, but now it has sunk to the bottom of the pond. I hope the sword I can always give that sword back..."

Master Hammer said to Mr. Jian!

"That dragon-slaying sword just now? It was one of my most proud swords, but I don't want it to end up like this now."

Jian Lao said with a very unhappy expression!

"Sword Master, the Dragon-Slaying Sword was left in the secular world for many years because the sword spirit was damaged. I just got the Dragon-Slaying Sword not long ago. Now it is because the Dragon-Slaying Sword cannot withstand my power, so it is damaged."

Chapter: 3998

"I also asked Mr. Jian to repair the Dragon-Slaying Sword. I believe that in my hands, the Dragon-Slaying Sword will definitely be able to exert its maximum power..."

Chen Ping begged Jian Lao!

Jian Lao looked at Chen Ping and said with a bit of disdain in his eyes: "With your strength, how could the Dragon Slaying Sword not be able to withstand it? I think it's because you don't care about it at all, so you let a divine sword go." The sword has fallen into this state."

“Now that the Dragon-Slaying Sword is back in my hands, I will not hand it over again. I will temper it again and turn the Dragon-Slaying Sword into a more advanced sword.”

Jian Lao said coldly!

“Jian Lao, the Dragon-Slaying Sword has become one with Chen Ping, and the sword spirit has recognized its owner. I hope that Jian Lao can return the Dragon-Slaying Sword to him.”

Master Hammer quickly begged for mercy!

“The sword and man merge into one, and the sword spirit recognizes its master. That’s because the dragon-slaying sword spirit was damaged and was picked up by this kid when it was vulnerable. Otherwise, how could it be possible to recognize him as its master?”

“This Dragon-Slaying Sword is like my child. I will not allow my child to marry an incompetent person. Judging from the aura of this guy, he is just a transformation state. He is not worthy of possessing the Dragon-Slaying Sword!”

As Jian Lao spoke, his body began to shake like ripples and slowly began to disappear!

When Chen Ping saw this, he frowned, and then the power of the dragon condensed on his right fist.

“Holy Light Fist...”

Chen Ping punched towards the Sword Washing Pond, and the huge golden light fist enveloped the entire Sword Washing Pond!

Since the sword always refuses to hand over the Dragon-Slaying Sword, Chen Ping has no choice but to take action. The Dragon-Slaying Sword has long been a part of his body and no one can take it away!

“Chen Ping, stop...”

Master Hammer saw that Chen Ping actually attacked Jian Lao, and shouted hurriedly!

But Chen Ping's punch had already hit the water of the Sword Washing Pond hard, and the huge force caused the water to rise into the sky!

Jian Lao, who was slowly disappearing, actually became solid at this moment!

"You are so brave, you dare to attack me..."

Jian Lao's face turned cold, he waved his sleeves, and countless sword energy shot out, instantly penetrating Chen Ping's golden light fist!

"It has been more than ten years since the Weapon Refining Sect was destroyed, but no one dares to touch my sword-washing pool easily, but I don't want you, a young brat, to dare to attack me..."

Jian Lao had an angry look on his face, and his fierce sword energy was coming towards Chen Ping!

Chen Ping's punch was shattered by the sword energy, and with the sword energy coming like raindrops, it enveloped Chen Ping. Hu Mazi and Master Hammer beside Chen Ping were all frightened and turned pale!

Chen Ping's expression became extremely solemn when facing Jian Lao's overwhelming sword aura. Although Jian Lao was only a spiritual body, the sword aura exuded was extremely condensed.

Chapter: 3999

Chen Ping did not dare to be careless at all, and quickly activated the Indestructible Golden Body. His whole body was covered with golden scales, and then Chen Ping took out the God King Bow!

Pulling the God King's bow suddenly, countless light spots began to flicker on the bowstring of the God King's bow, and arrow feathers appeared with golden light flashing!

Chen Ping shouted loudly, loosened his bow string, and countless arrow feathers flew towards those sword energy!

Bang bang bang.....

There were bursts of explosions in the mid-air, and Jian Lao's sword energy was all stopped by Chen Ping with the God King Bow!

Jian Lao, on the other hand, frowned and looked at the God King Bow in Chen Ping's hand, in a daze!

"You actually have such a magical weapon in your hand. It seems not simple..."

Jian Lao said with emotion!

"Jian Lao, I just want to get back the Dragon-Slaying Sword. I don't want to fight you. I also hope you can hand over the Dragon-Slaying Sword."

Chen Ping said to Jian Lao in a neither humble nor arrogant manner!

Jian Lao looked at Chen Ping and said after a moment: "I can give you the Dragon Slaying Sword, but you need to go to the bottom of the pond to get it back in person. I wonder if you have the courage?"

"If you take it back, take it back. What's wrong with that?"

After Chen Ping finished speaking, he was about to jump into the sword washing pool!

Although the sword energy in the sword-washing pool is everywhere, Chen Ping seems to have a physical body with an indestructible golden body, so it is not that he cannot resist the sword energy in the sword-washing pool!

“Chen Ping, there are countless sword puppets in this sword-washing pool. Once, an elder of our weapon refining sect got drunk and jumped into the pool to take a bath and never came out again...”

Master Hammer said to Chen Ping!

Chen Ping was stunned. He didn't expect that besides the old swordsman, the Sword Washing Pond would also produce sword puppets. You must know that the strength of these sword puppets increased with the sword energy.

Now that there is so much fierce sword energy in this sword washing pool, the strength of the sword puppets there is definitely not low!

“Boy, don't you dare to get it?” The old swordsman smiled scornfully: “If you can bring the Dragon-Slaying Sword up, I can promise you that I will not only repair the Dragon-Slaying Sword, but also improve the quality of the Dragon-Slaying Sword.”

When Chen Ping heard this, he immediately nodded and said: “Okay, then it's settled...”

After saying that, Chen Ping dived into the Sword Washing Pool without hesitation. As soon as Chen Ping entered the pool, he instantly felt the sharp sword energy continuously passing through his body!

However, these sword energies could not harm Chen Ping, so Chen Ping walked all the way towards the depths of the pool!

As Chen Ping went deeper, the originally bright pool began to become extremely dark. Master Hu Mazi and Hammer above could no longer see Chen Ping!

Chen Ping radiated all his consciousness, resisting the sword energy while searching for the whereabouts of the Dragon-Slaying Sword!

Chapter: 4000

Soon, Chen Ping seemed to have encountered a barrier. As he went downstream, the resistance increased exponentially, and along with the huge rebound force, Chen Ping's body was pushed back!

Chen Ping burst out with strength, and his body suddenly rushed forward. After a huge squeeze, Chen Ping's body suddenly relaxed, and his whole body fell rapidly!

As Chen Ping's falling speed accelerated, the screens of light in front of him also lit up. Only then did Chen Ping realize that there was no water around him at this moment. He looked up and found that a screen of light above his head blocked the pool of water. On top!

There turned out to be a huge hole below, and Chen Ping's body was suspended in the air, constantly falling downwards!

As Chen Ping's body fell, waves of violent aura surged up from below. Chen Ping looked closely and found that below, there were actually densely packed sword puppets. Each of these sword puppets held a sword in their hand. A sword, wandering aimlessly!

Chen Ping saw that his Dragon-Slaying Sword was surrounded by these sword puppets!

If he wants to get the sword, Chen Ping must destroy these sword puppets or lure them away!

These dozens of sword puppets, each with a violent aura, are all above the Transformation Realm. Chen Ping does not have the ability to deal with so many sword puppets at once!

Chen Ping wouldn't be afraid if there were one or two Realm Transformation sword puppets, but with these dozens of sword puppets, Chen Ping knew that if he went down to get the Dragon-Slaying Sword, he would definitely be hacked to death by these sword puppets in an instant!

Chen Ping's body was suspended in the air, quietly observing the sword puppets at his feet, frowning slightly, thinking about a solution!

Fortunately, these sword puppets do not have spiritual consciousness, so Chen Ping is floating above them, and these sword puppets cannot notice it at all, otherwise Chen Ping would be in a very embarrassing situation!

After observing for more than ten minutes, Chen Ping knew that it was not an option to continue to waste it like this, so Chen Ping's body slowly fell downwards, approaching the sword puppets!

Chen Ping tried his best to contain the aura in his body and prevent these sword puppets from discovering him!

But just after Chen Ping's body dropped a certain distance, several sword puppets under his feet suddenly stopped moving, bursts of light erupted from each of them, and a terrifying aura enveloped Chen Ping!

These sword puppets raised their heads, and then rushed towards Chen Ping quickly. When Chen Ping saw this, he quickly stepped back, trying to distance himself from the sword puppets!

But those sword puppets were chasing Chen Ping, not giving Chen Ping a chance to escape.

Looking at the sword puppets chasing after him, Chen Ping saw that the other sword puppets didn't seem to notice him and were still wandering around.

"Is it true that only by approaching a certain distance can we attract the attention of these sword puppets?"

Chen Ping stopped and looked at the sword puppets chasing after him. He flipped his palms and a sharp breath shot out from Chen Ping's palms!

Bang bang bang.....

Chen Ping struck out with a few palms, and instantly destroyed the bodies of the chasing sword puppets, turned into a sword energy, and slowly dissipated!

"This is a good idea..."

Chen Ping looked at the sword puppets that he had destroyed, and his heart suddenly became happy!

He can lure those sword puppets over little by little, and then eliminate them one by one. In this way, when the number of sword puppets decreases, Chen Ping can take out the Dragon Slaying Sword!
