

The Order 4031

Chapter: 4031

He never expected that Yu Qian would actually ask him to cooperate. You must know that Yu Qian and the others are the purple-robed messengers of the Demon Heart Sect and the core figures of the Demon Heart Sect!

“That’s right, it’s not just me who is looking for your cooperation, but our remaining six purple-robed envoys are looking for your cooperation.”

Yu Qian said!

“Why do you want to cooperate with me? Tell me...”

Chen Ping was very interested in the cooperation proposed by Yu Qian!

If he could really cooperate with Yu Qian and the others, it would be easier for Chen Ping to deal with the Demonic Heart Sect!

Although Chen Ping’s strength has improved a lot now, he still lacks the strength to deal with Demon Heart Sect!

Putting aside whether he can defeat the powerful one, even if these six purple-robed messengers join forces, Chen Ping probably has no chance of winning!

And now it would be great if we could cooperate with them and deal with the powerful Demon Heart Sect together...

Yu Qian didn’t hide anything and told Chen Ping everything that happened recently!

I also mentioned that Ning Zhi was relying on the disciples from several of their major secret realms as resources to continuously improve his cultivation!

Although Chen Ping was mentally prepared, he was still shocked when he heard that Ning Zhi regarded the disciples and living people of several secret realms as resources, absorbing more than a dozen a day!

However, Chen Ping looked at Yu Qian and said: "As the purple-robed messengers of the Demon Heart Sect, you should serve the Demon Heart Sect. Since you have joined the Demon Heart Sect, you should have this awareness..."

"When we join the Demon Heart Sect, it is just a cooperative relationship with the Demon Heart Sect. The great power has promised us that when the spiritual energy recovers, he will give us the territory in the secular world."

"We have been trapped in the secret realm for so many years, and our cultivation speed is getting worse and worse. If we practice in the secret realm, I am afraid we will never have the opportunity to enter the world of heaven and humans."

"You also know that there is no monk who doesn't want to ascend to immortality, so we agreed to the Demonic Heart Sect's powerful master!"

"But now the Demonic Heart Sect obviously regards us as cannon fodder. Even if the spiritual energy recovery array is activated and the spiritual energy of the entire secular world is revived, we may not have a place!"

"That's why we asked you to cooperate, hoping to rescue our family, then destroy the spiritual energy recovery and destroy the Demonic Heart Sect."

"Even if we are trapped in the secret realm, we don't want to lose our loved ones and many disciples..."

Yu Qian followed Chen Ping very excitedly!

After listening to Yu Qian's words, Chen Ping sighed softly and said: "The world of heaven and humans may not be as beautiful as you think. That place is far more cruel than here..."

Yu Qian was stunned and looked at Chen Ping in disbelief: "Have you been to the world of heaven and man?"

Chen Ping nodded: "To be honest, I just came back from the heaven and human world..."

After listening to Chen Ping's words, Yu Qian was silent for a long time. They have worked hard all their lives to go to the heaven and human world, but they have never been able to go!

Chapter: 4032

But Chen Ping is so young and his level of strength is not very high. He is actually able to go to the world of heaven and humans, and he can come and go freely!

This is simply comparing people to death, comparing goods and throwing them away...

"Chen Ping, I am under the oppression of the laws of heaven and earth, and I came to see you secretly. I definitely have no intention of lying to you. As long as you rescue our family, we can help you destroy the Demonic Heart Sect without any distractions. !"

Yu Qian promised solemnly!

Chen Ping looked at Yu Qian, and Chen Ping said for a moment: "I can believe you, but how can I save your family?"

"Our family is imprisoned in the secret realm of the Demon Heart Sect. Because we are always under surveillance, it is impossible for us to get close to the dungeon. I can take you into the secret realm of the Demon Heart Sect. Any time you find an opportunity, you can release our family. "

"We will pick you up when the time comes. As long as our family leaves, we don't have to worry about anything anymore."

"After this incident, we have come to understand that we can't give up our relatives or our emotions. Even if we can't become immortals, we can't just watch our family and disciples in danger!"

Only then did Yu Qian realize that family ties are more important than becoming an immortal!

“Okay, I can help you.” Chen Ping nodded and said!

“Great, you need to rest first. After I go back and discuss it, I will pick you up and take you to the secret realm of Demonic Heart Sect.”

Yu Qian was very happy and left quickly after finishing speaking!

He was afraid that he would be discovered by the powerful if he left for too long, and then they would fall short!

After Yu Qian left, Chen Ping fell into deep contemplation. In fact, Chen Ping had no idea whether this matter was true or not. He was just gambling.

In the secret realm of Demon Heart Sect, six purple-robed envoys are separated from each other!

“Everyone, I have already met with Chen Ping. He promised me that he can help us rescue our relatives. Now we need to think of a foolproof strategy.”

Yu Qian said to several other people.

“Master Yu, the entire Demonic Heart Sect’s secret area is heavily guarded. I also secretly inquired about it. Our family members are locked up in the third underground floor with the most security. It seems that Almighty is also afraid that we will rescue his family members, so from the beginning he Be on guard against us.”

“Now I’m afraid that even if Chen Ping is willing to cooperate and help, it will be difficult to save our family...”

Yao Qisheng sighed and said!

Upon hearing Yao Qisheng's words, several purple-robed envoys lowered their heads one after another, with sad looks on their faces.

"No matter how hard it is, we have to give it a try. We can't watch our families suffer, and watch our disciples become resources for others. We must resist."

Yu Qian said firmly.

"Yes, we have to resist, otherwise the spiritual energy recovery array will be activated, and the entire secular world will really have spiritual energy revived, and the great power will not let us go."

Chapter: 4033

"Maybe we will become powerful cultivation resources by then!"

Feng Jingyan's eyes flashed and he said loudly!

"I didn't say not to save him, but the dungeon is too tight. We must think of countermeasures, otherwise we will act rashly. If we fail, not only will my family be in danger, but we will also die. of the land."

Yao Qisheng said!

"I do have a plan..."

Wind chimney.

"What's the plan?" Several other purple-robed messengers asked in unison.

"If we want to rescue our family, we must do it when the Demon Heart Sect is at its most lax, and the time when the Demon Heart Sect is at its most lax is the day when the spiritual energy recovery formation is activated."

“At that time, the great leader will definitely take people to the secret realm of the Taoist Sect and prepare to activate the spiritual energy recovery formation. At that time, the Demonic Heart Sect is most relaxed. We can take the opportunity to rescue our family.”

Feng Jingyan said!

After hearing Feng Jingyan’s plan, everyone fell silent!

Yao Shenghui said: “Master Fenggu, although your plan is good, the Demon Heart Sect will definitely be the most lax that day, but when that day comes, we will probably not have any disciples left in the secret realms absorbed by Ning Zhi. How much.”

“Besides, as the purple-robed messengers of the Demonic Heart Sect, we will definitely be taken by the powerful one that day. We will have no chance to save people. And Chen Ping is the key to activating the spiritual energy recovery formation, so he will definitely be taken by him. The powerful threatens to go to the secret realm of Taoism, so who will save our family?”

Yao Shenghui’s rebuttal was approved by several others. Although Feng Jingyan’s plan was good and that day was indeed the most relaxed time for the Demon Heart Sect, they had no time at all that day!

“I have calculated it. On the day when the spiritual energy recovery array is launched, there will be a time lag when the powerful force threatens Chen Ping to go to the Taoist Sect. Chen Ping can use this time lag to go to the Demonic Heart Sect to save people.”

“And the few of us can delay time for Chen Ping in the secret realm of Taoism and stabilize the power. As long as our family is rescued, we will fall out immediately.”

“As for our disciples, we can only let them sacrifice, because this is the best way I can think of. It is impossible for us to save all our families and those disciples.”

Feng Jingyan said with a low expression!

Because he doesn’t want to do this and let his disciples die, but now there is no other way.

After hearing this, several other people fell silent and were all thinking!

“We will do what the Lord of the Wind Valley wants. Nothing is perfect in this world. If we can save our family, it is already very good.”

“I’m going to find Chen Ping and explain the plan to him. You all should behave normally and don’t let anyone see the situation.”

After Yu Qian finished speaking, he waved his hand for everyone to disperse. If they gathered for a long time, they were afraid of being discovered by powerful officials.

the next day!

Chapter: 4034

Yu Qian found Chen Ping here and told Chen Ping the plan!

And Chen Ping knew that on the day when the spiritual energy recovery formation was launched, Dagong would definitely threaten Su Yuqi’s and the others’ lives to make him go.

Because only when they are all here can the spiritual energy recovery formation be truly activated!

Yu Qian saw Chen Ping’s worry, so he said: “Don’t worry, as long as you are not present, Dang Neng will not dare to kill your girlfriend, because they are also an important part of the spiritual energy recovery array.”

“And a few of us will definitely be at the scene. We will do our best to dissuade the powerful and delay you...”

“When you rescue our family, we will work together inside and outside to destroy the spiritual energy recovery formation and destroy the Demonic Heart Sect!”

“If you don’t cooperate with us, with your current strength, it is impossible to fight with the Demon Heart Sect. Once the spiritual energy is revived in the formation, and the secular world’s spiritual energy is revived, it will be our death.”

“Do you think Almighty will let you go? Do you think he will let your family go?”

“The Dragon Gate you worked so hard to build will probably be replaced by a river of blood and disappear!”

Yu Qian told Chen Ping the pros and cons, and Chen Ping also knew that what Yu Qian said was right!

If the spiritual energy really revives, not to mention his Dragon Gate, I am afraid that the entire martial arts world in the secular world will suffer!

How can these warriors be the opponents of those monks? By then, these warriors will only become slaves!

And the entire secular world will also be in constant disputes and fall into a turbulent situation, and this is what Chen Ping least wants to see!

“Okay, then on the day when the spiritual energy recovery formation is activated, I will help you rescue your family. But when that day comes, you have to find a way to bring me into the Demon Heart Sect in advance!”

Chen Ping said!

“That’s natural, just wait with peace of mind!” Yu Qian said and left quickly. Under the suppression of the laws of heaven and earth, Yu Qian felt very uncomfortable every extra minute he stayed!

Time passes day by day, and the time for the activation of the spiritual energy recovery array is approaching!

During this period of time, Chen Ping was singing and dancing every night, and it was difficult for Ji Ruxue and the others to resist Chen Ping!

Fortunately, the sword spirit Zhongli is here. Whenever Ji Ruxue and the others are overwhelmed and need to rest, the sword spirit Zhongli will appear and serve Chen Ping wholeheartedly!

After all, Zhongli is a sword spirit, so he is stronger than humans in all aspects, so even if he can deal with Chen Ping alone, it is no problem. This Ji Ruxue and other women are envious!

Chen Ping could be said to have fallen into a gentle land these days. He was drunk and dreaming all day long, so unhappy.

Chen Ping himself didn't know whether he would be able to sabotage the activation of the spiritual energy recovery array and destroy the Demonic Heart Sect on the day it was activated.

Maybe he will be killed by the powerful one, after all, the powerful power of the Demonic Heart Sect is unfathomable!

So Chen Ping has been trying his best to have fun these days!

Chapter: 4035

Chen Ping is very happy these days, and the one who is even happier than Chen Ping is Long Ruotong. She has been looking forward to having a grandson!

The most depressing thing these days is Hu Mazi. Seeing Chen Ping playing all day and night, accompanied by so many beauties, Hu Mazi's eyes almost dropped with envy.

Although Hu Mazi was accompanied by Zhou Jie and fought non-stop every night, for a person like Hu Mazi, he was not willing to have only one woman by his side.

But Zhou Jie was supervising her too tightly, and Hu Mazi had no choice but to listen to the happy sounds coming from Chen Ping's room all day long, and she could only feel envious!

“Today is the day when the spiritual energy recovery array is launched...”

Chen Ping looked at the blue sky and murmured to himself!

Soon, Yu Qian came. The two just looked at each other and said nothing. Chen Ping followed Yu Qian and left.

Yu Qian took Chen Ping directly into the secret realm of the Demon Heart Sect, and then warned: “The dungeon is in the back mountain, but to go to the dungeon, you have to go through three formations. You have to find a way to control a Demon Heart Sect member.” Man, let him take you in.”

“We can’t get close to this dungeon, so it’s up to you to do it by yourself. The great master is not in the Demon Heart Sect now, but you can’t be careless. If there is any change in this formation, the great master will sense it.”

“I have to leave and rush to the secret realm of Taoism, otherwise I will be suspected by the powerful. You have to act quickly.”

After Yu Qian finished speaking, he left. He had to find a way to hold off Da Neng, and he couldn’t let Da Neng find Chen Ping for the time being!

After Yu Qian left, Chen Ping observed the terrain of Demon Heart Sect!

I saw a courtyard at the foot of the mountain, so Chen Ping concealed his presence and walked over. There must be people from the Demonic Heart Sect in this courtyard!

Now Chen Ping is not familiar with the life and place here, and he doesn’t even know where the three formations are, so he doesn’t dare to rush to rescue people!

When Chen Ping came outside the courtyard, he heard a familiar voice coming from the courtyard!

“Hahaha, today is the day when the spiritual energy recovery array is activated. After the spiritual energy is revived, we will no longer have to be trapped in this small secret realm. By then, the entire secular world will be our world.”

A loud laugh came from the courtyard!

“Master Demon Envoy, when the spiritual energy is revived, will the powerful envoy really divide the territory among those purple-robed envoys and make them kings and prime ministers?”

“I think those people now have a much higher status in the Demon Heart Sect than you...”

A member of the Demonic Heart Sect asked.

“Hmph, those few people are just resources for Almighty. How could Almighty grant them the title of king or prime minister? After the spiritual energy is revived, they will become Almighty’s cultivation resources.”

“We are the core members of the Demonic Heart Sect, and we are the powerful confidants...”

The demon said with a cold snort!

Listening to the words of the demon envoy, Chen Ping understood that Yu Qian was not a liar. It seemed that the great leader really did not regard these purple-robed envoys as his own!

Chapter: 4036

Chen Ping knew that time was running out, so he did not continue to listen, but walked directly into the courtyard!

With Chen Ping’s current skills, it is more than enough to deal with the demon envoy and several members of the Demonic Heart Sect in front of him!

“Who is it? Dare to break into our Demon Heart Sect?”

As soon as Chen Ping walked into the courtyard, he was discovered by a member of the Demonic Heart Sect, who yelled at Chen Ping!

When the demon heard this, he quickly stood up and looked over. When he saw Chen Ping clearly, he was stunned!

“Chen Ping?” The devil’s face was full of surprise!

The other members of the Demon Heart Sect were also shocked when they heard the word Chen Ping. They did not expect that Chen Ping would dare to come to the secret realm of the Demon Heart Sect!

“Your wishful thinking is very good, but you treat others as fools. Are others really stupid?”

Chen Ping said with a sneer!

“Chen Ping, you...why do you appear here? Shouldn’t you be in the Taoist secret realm now?”

“Knowing that your girlfriend is still there, don’t you want her to be the only one?”

The magic envoy asked very strangely.

“Of course I will save it, but not now. I have more important things to do now...”

After Chen Ping finished speaking, a terrifying aura suddenly erupted from his body. This aura instantly overwhelmed everyone in the courtyard!

Feeling the terrifying aura on Chen Ping’s body, the Demon Envoy and the members of the Demonic Heart Sect were frightened. They did not expect that Chen Ping’s current strength would reach such a terrifying level!

“You guys stop him, I’ll notify the powerful right away...”

The demon envoy gave an order to have more than a dozen members of the Demonic Heart Sect stop Chen Ping, and he was going to inform the powerful!

But just when the demon turned around to run away, Chen Ping suddenly flashed with light, and then the sword spirit Zhongli appeared!

“Zhongli, I’ll leave these little minions to you...”

After Chen Ping finished speaking, he jumped up and stood directly in front of the demon envoy!

Zhongli started fighting with the members of the Demonic Heart Sect!

Zhongli’s strength is beyond the comparison of these little guys from the Demon Heart Sect!

“You still want to run away? You can’t run away...”

Chen Ping looked at the demon envoy and sneered.

Chapter: 4037

“Chen Ping, what exactly do you want to do when you come to our Demon Heart Sect?”

“Now that both the great leader and Ning Zhi are not in the secret realm of the Demonic Heart Sect, are you here just to kill unimportant people like us?”

The demon envoy asked Chen Ping.

“I’m not here to kill you. As long as you take me to your dungeon now, I can let you go...”

Chen Ping said to the magic envoy!

“Going to the dungeon? What are you doing in the dungeon?” The demon envoy looked surprised!

“It’s none of your business, you just need to take me there!”

Chen Ping said impatiently!

“I can’t take you there, even if you kill me...”

The Demon Envoy knows the powerful methods. If he takes Chen Ping to the dungeon now, he will be worse than dead!

“Whether you go or not is up to you...”

After Chen Ping finished speaking, he casually shot out a beam of light!

This ray of light instantly entered the demon’s body, instantly making the demon’s body seem to freeze!

Immediately afterwards, it was as if flames were burning inside the demon envoy’s body, and his internal organs seemed to be roasted on the fire!

But at this time, the demon envoy couldn’t move, couldn’t even make a sound, and could only bear the pain of the flames!

The severe pain caused the demon’s forehead to be instantly covered with cold sweat!

The demon’s face grew larger and more ferocious. He looked at Chen Ping in disbelief. He didn’t expect that in just a few months, Chen Ping’s strength would surpass him by so much!

In front of Chen Ping, he didn't even have the ability to fight back. You must know that a few months ago, he didn't even take Chen Ping into his eyes!

Chen Ping flicked his finger, and a ray of light instantly hit the demon's Adam's apple, allowing the demon to make a sound!

"ah....."

"ah....."

The Demon Envoy screamed in pain, and the other members of the Demon Heart Sect, listening to the Demon Envoy's screams, had long since lost interest in fighting and wanted to escape, but they were all killed by Zhongli!

"I...I'll take you there..."

In the end, the Demon Envoy couldn't bear it anymore and had no choice but to compromise!

Chapter: 4038

Seeing this, Chen Ping waved his hand, and a spiritual light flew out of the demon envoy's body, which made the demon envoy let out a long breath!

The feeling just now was like being thrown into the eighteenth level of hell and being tortured by fire. It was so painful!

The demon was breathing heavily, and it took him a long time to recover!

"Don't waste time, take me to the dungeon..."

Chen Ping said to the magic envoy!

“I can take you there, but I can’t remove the formation. Only people from the Demon Heart Sect with a powerful mark on their bodies can pass through the formation. Otherwise, passing through the formation will definitely cause The formation is activated.”

The magic envoy said to Chen Ping!

“Just lead the way for me, you don’t have to worry about the formation...”

Chen Ping said!

When the demon envoy heard this, he could only nod his head and lead Chen Ping out of the courtyard!

Chen Ping put a mark between the demon envoy’s eyebrows, so that the demon envoy would not dare to play tricks!

Zhongli turned into a dragon-slaying sword and returned to Chen Ping’s body.

The demon envoy is in front, and Chen Ping is behind, walking towards the back mountain!

After walking a certain distance, the magic envoy said: “The first formation is ahead. If you want to pass, you must break the formation.”

Chen Ping looked at nothing in front of him. Even if his spiritual consciousness spread out, he could not detect the location of the formation. This made Chen Ping feel very strange!

“Why can’t I feel the formation in front of me?”

Chen Ping asked in surprise.

“This is the formation set up by the great master himself. You can feel it when I pass it.”

The magic envoy said and walked straight forward. Soon there was a wave of spiritual energy and a flash of light. The magic envoy passed through the formation!

After passing through the first magic circle, the magic envoy looked at Chen Ping and said, "The power of this magic circle is not small. Did you see it clearly this time?"

Chen Ping nodded. When the magic envoy passed through the magic circle just now, accompanied by the fluctuation of spiritual energy, Chen Ping discovered the existence of the magic circle!

It seems that this magic circle is indeed very powerful, but Chen Ping is not afraid. Instead, he walks into the magic circle with a calm face and a smile. With a wave of fluctuations, Chen Ping's figure disappears and disappears. Into the formation!

Seeing Chen Ping disappearing, the demon envoy's face was very solemn. Chen Ping must have been trapped in the formation at this time. If he escaped at this time, Chen Ping would definitely not be able to stop him!

But when he thought of the imprint that Chen Ping had just left on his mind, the demon envoy put away his thoughts of escaping. Since Chen Ping dared to let himself pass through the formation, he was fully confident!

Chapter: 4039

The Demon Envoy knew that if he really ran away, his head might explode!

"Chen Ping, Chen Ping..."

The devil shouted softly in front of him.

But there was no sign of Chen Ping in front of him. Chen Ping was trapped in the formation at this time. This made the demon very anxious. If Chen Ping was trapped in the formation and could never get out, his brain would Will the branding in my life cost me my life?

The magic envoy was very anxious, but Chen Ping who was in the formation was not anxious at all. He looked at the formation and found that although the formation was indeed very powerful, in Chen Ping's eyes it was still vulnerable!

Chen Ping found the location of the formation eye at a glance. As long as he found the formation eye, it would be much easier to break the formation!

In about ten minutes, Chen Ping broke through the first formation, and then the figure slowly appeared!

When the demon envoy saw Chen Ping break the formation and come out, he immediately became happy. As long as Chen Ping was alive, he would not have to die!

And Chen Ping was a little surprised when he saw that the demon was still staying in place obediently!

"Why didn't you escape while I was trapped in the formation?"

Chen Ping asked the magic envoy!

"Where should I run away to? You have put a mark on my mind. If I run away, you will definitely detonate the mark and make my brain burst."

The devil said truthfully!

When Chen Ping heard this, he immediately laughed. He knew that the Demon Envoy also thought about running away, but after weighing the pros and cons, he chose to stay!

"You are very self-aware. As long as you take me into the dungeon, I will spare your life."

Chen Ping said to the magic envoy!

“Chen Ping, I can take you to the dungeon, but it is not that easy to enter the dungeon. You must know that the important areas of the dungeon are guarded by dedicated personnel. Among them, the leader of the dungeon guard has a position no lower than mine in the Demonic Heart Sect!”

“I have no way to order him, so I have to rely on you to find a way to enter the dungeon. As for what you do when you enter the dungeon, you don’t have to tell me, I don’t want to know!”

The magic envoy warned Chen Ping!

“The dungeon actually has special guards?”

When Chen Ping heard this, his brows suddenly furrowed. He didn’t expect that the Demon Envoy would be difficult to use in a dungeon!

But now that we are here, we can only take one step at a time!

“Just take me to the entrance of the dungeon, and I’ll handle the rest myself!”

Chen Ping said to the magic envoy!

Chapter: 4040

The magic envoy nodded, and then took Chen Ping towards the other side of the mountain again!

Unconsciously, the two people arrived in front of the second formation, but this time, Chen Ping could really feel the existence of the formation!

Moreover, the formation this time was so much stronger than the first time that Chen Ping was a little unsure!

“This formation will disturb people’s minds. Don’t look at this formation so exposed. It must not be very powerful. What it does best is to confuse the enemy and make people who want to sneak attack the cell stay here.”

The demon envoy persuaded Chen Ping earnestly!

The devil knew that if Chen Ping died, he might not be able to survive, and he didn't want to die!

The revival of spiritual energy is just around the corner. This is the day he has been waiting for. Then they can do whatever they want in the secular world, so he doesn't want to die now!

"It doesn't matter, you can go there first..."

Chen Ping said calmly!

Seeing this, the Demon Envoy could only rely on the Demon Heart Sect mark on his body to pass through the formation!

This time, Chen Ping walked into the formation, but he didn't seem to disappear.

After Chen Ping stepped into the formation, the scene in front of him changed instantly!

At this moment, what Chen Ping saw was Su Yuqi and the others. They were all standing quietly in front of the stone statue, and everyone's expressions were very calm!

Soon, they were sucked into the body of the stone statue, and then there was thunder, lightning and thunder, and countless purple lightning bombarded the stone statue!

When Chen Ping saw this scene, he was all anxious and shouted desperately for Su Yuqi.....

In the eyes of the demon, Chen Ping was yelling like a fool. He knew that Chen Ping was confused by the formation, but there was nothing he could do. He could only rely on Chen Ping to get out on his own!

At the same time, in the secret realm of Taoist Sect, Da Neng led everyone from Demon Heart Sect to stand neatly in front of the towering stone statues. Within these stone statues, Su Yuqi and others with special physiques have been sucked in!

“Now we are just waiting for Chen Ping to arrive, and the spiritual energy recovery array can be activated. By then, the entire secular world will be ours...”

Da Neng said excitedly!

Yu Qian and his six purple-robed messengers stood behind Da Neng, not daring to speak. At this time, the six of them were very anxious, wondering if Chen Ping had rescued their family members!

“Da Neng, do you want me to go and capture Chen Ping now?”

Next to Da Neng, Ning Zhi said with high spirits!

At this time, Ning Zhi has reached the peak of the Transformation Realm. As long as this spiritual energy recovery array is activated, he will be able to break through the Transformation Realm and reach the Fusion Realm. By then, he will be a true semi-immortal. Coupled with the special physique of his flame demon body...

Ning Zhi had already thought of the scene of him traveling in the immortal world. He had never thought that he was once an ordinary warrior and could now become an immortal...
