

The Order 4041

Chapter: 4041

But what Ning Zhi doesn't know is that the road to immortality is extremely difficult. Even if he reaches the integration state, he has only gone through half of the journey to immortality, so he is called a half-immortal. The road to immortality that follows is the most difficult. It is also the most cruel!

After transcending the tribulation and reaching ascension, the resources required for each small realm are immeasurable. Whether it is a monk in the secret realm, a cultivator in the world of heaven and man, or even a cultivator in other space worlds, the total More than ten million!

But only one in ten thousand can truly ascend to immortality. Even if they reach the final stage of ascension, thousands of monks will die tragically on the way to the immortal world!

Ning Zhi was only at the peak of his transformation realm at this time, but it was ridiculous to think of the scene when he became an immortal.

Daneng glanced at Ning Zhi, and then said calmly: "No need to catch him, I believe he will be here soon. With Chen Ping's character, it is impossible for him to ignore his girlfriend."

"Yes, yes, then Chen Ping will definitely not ignore his girlfriend. He will definitely come by himself. We should wait..."

Yu Qian quickly agreed!

At this time, they could only delay and give Chen Ping enough time to save their family!

Da Neng looked back at Yu Qian and smiled meaningfully, but it didn't mean anything.

It was Dang Neng's smile that made Yu Qian tremble all over and break out in cold sweat!

He saw that powerful eyes that seemed to be able to penetrate everything, which had to make Yu Qian nervous!

Within the Demonic Heart Sect, Chen Ping regained his composure, and several golden rays of light flashed in his mind, causing Chen Ping's consciousness to return to normal!

The scene in front of him was all restored. The demon envoy watched Chen Ping calm down, and his hanging heart finally relaxed!

"Chen Ping...Chen Ping..."

The magic envoy tried calling Chen Ping twice.

"let's go....."

Chen Ping stepped forward, and this second formation was broken so easily!

The demon envoy looked at Chen Ping's back and couldn't help but be speechless. Fortunately, he didn't resist Chen Ping, otherwise he would have died miserably now!

The demon envoy hurriedly took a few steps and walked in front of Chen Ping, leading the way for Chen Ping!

Soon, the entrance to the dungeon was in sight, and at this time, in front of the dungeon entrance, a light curtain flickered, blocking the way into the dungeon!

"This is the third formation. After passing this formation, you can enter the dungeon. However, I am not qualified to enter the dungeon. There are other people guarding the dungeon."

The magic envoy said to Chen Ping!

Chen Ping just nodded, then walked to the light curtain and gently touched the light curtain with one hand!

Chen Ping closed his eyes slightly, and the consciousness in his mind instantly spread to the entire formation, and he quickly found the formation's eye!

Chapter: 4042

It only took a few minutes for the light curtain in front of him to disappear, and the third formation was also cracked by Chen Ping!

The Demon Envoy was so shocked that he couldn't speak, and watched Chen Ping walking towards the dungeon!

The Demon Envoy was about to issue a warning when he saw the dungeon door slowly opening and a monster with a head and body of a bull walking out of it!

Seeing this scene, the Demon Envoy was so frightened that he froze in place. He never knew that there was a monster in this dungeon!

He's never been in a dungeon either!

And Chen Ping was also surprised after seeing the monster with a head and a body of a bull!

"Who dares to break into the Demon Heart Sect's dungeon without permission? Are you tired of living?"

The bull-headed monster uttered human words and asked Chen Ping sternly!

Chen Ping frowned slightly, and several rays of spiritual consciousness penetrated into the body of the bull-headed monster. Feeling the breath of the bull-headed monster, Chen Ping was a little confused!

Because the aura exuding from this bull-headed monster is fundamentally different from other disciples of the Demonic Heart Sect, and it is even different from the aura of other people in the secular world!

This kind of breath is more like coming from the world of heaven and man. Chen Ping has felt this kind of breath from the armor-piercing beast!

It's just that the aura of this minotaur is thicker than that of the armor-piercing beast!

Although the armor-piercing beast can speak human words, it still looks like a spiritual beast, and this Minotaur has already transformed into a human body. It seems that it won't be long before it can completely transform into a human form!

In this way, it makes sense that the aura of this Minotaur is thicker than that of the armor-piercing beast!

"You are not a monster from the secular world, you are from the world of gods and humans, right?"

Chen Ping asked the Minotaur!

After all, there are no demonic beasts in the secular world that can turn into humans, and even none can speak human words. If they can generate spiritual intelligence and understand people's speech, it is already good!

But the fire phoenix is different. The fire phoenix is not a spiritual beast in the secret realm of the secular world. She is a fire phoenix spiritual beast in the heaven and human world, and was later thrown into the secular world!

When Chen Ping asked about the world of heaven and man, the Minotaur was obviously stunned, and then roared: "I don't understand what you are talking about. If you break into the Demon Heart Sect dungeon without permission, you must die..." "

The Minotaur roared, and suddenly a huge ax struck Chen Ping hard!

Chen Ping did not dodge, he saw a golden light flashing from his body, and the sword spirit Zhongli flashed instantly, directly blocking the heavy axe, and then swung out a palm, sending the Minotaur flying away in an instant!

The Minotaur looked at Zhongli in shock: "Sword spirit? How could there be a sword spirit condensed in the sword-washing pool here?"

The Minotaur's words made Chen Ping instantly certain that this Minotaur was definitely from the world of heaven and man, otherwise it would be impossible to know about the Sword Washing Pond!

At this moment, a long sword suddenly appeared in Zhongli's hand, and he slashed towards the Minotaur with one sword!

Chapter: 4043

"Don't kill him..."

Chen Ping stopped Zhongli because he had something to ask the Minotaur!

This is the secret realm of the Demonic Heart Sect, which belongs to the secular world. This minotaur is a monster from the heaven and human world. How could it come here? How did he become the guard of the Demon Heart Sect's dungeon?

Could it be that the Demonic Heart Sect still has contact with the Heaven and Human Realm?

When he thought of this, Chen Ping had a bad feeling in his heart. If the Demonic Heart Sect was connected to the world of heaven and humans, it would be even more difficult for Chen Ping to eradicate the Demonic Heart Sect!

Chen Ping walked towards the Minotaur, looked down at the Minotaur coldly and said, "Are you from the Heavenly Realm? Why do you appear here? What is your relationship with the Demonic Heart Sect?"

Chen Ping asked the Minotaur several questions in succession. He wanted to get the answer from the Minotaur's mouth!

But who knows, the Minotaur grinned: "Since you know the heaven and human world and know that I come from the heaven and human world, you should know that this Demonic Heart Sect is just....."

The Minotaur seemed to want to say something, but before he finished speaking, his whole body suddenly trembled violently, and then his body started to burn!

In an instant, the Minotaur was burned into black coals and could no longer die...

Seeing this scene, Chen Ping frowned tightly!

Chen Ping looked back at the demon envoy who was already frightened, and asked coldly: "How many such monsters do you have in the Demon Heart Sect?"

"I...I don't know, I never knew that such a monster existed in our Demon Heart Sect."

The demon shook his head desperately!

This is the first time he has seen this kind of monster with a head and a body today!

"Aren't you the demon envoy of the Demon Heart Sect? You can also be regarded as a high-ranking figure in the Demon Heart Sect, but you don't know anything?"

Chen Ping asked with some disbelief.

The demon envoy said with some embarrassment: "Although I am the demon envoy of the Demon Heart Sect, many things are decided by the Almighty alone. Moreover, I have never entered this dungeon, and the Almighty does not allow us to enter!"

"It seems that there is an ulterior secret in this dungeon. I'll go take a look..."

After Chen Ping finished speaking, he walked directly into the dungeon.

The Demon Envoy looked at Chen Ping who walked in. After much hesitation, he also walked in. The Demon Envoy was also very curious about the inside of the dungeon!

After Chen Ping entered the dungeon, a damp and cold breath hit his face, and it carried an unpleasant smell!

On the top of the dungeon, water dripped from time to time, making the dungeon extremely humid!

The stone walls on both sides were covered with moss, and the environment was very poor!

Chapter: 4044

Seeing such a harsh environment, Chen Ping finally understood why Yu Qian and the others would seek cooperation with him to rescue his family!

No one can accept that their family members are locked up in a place like this!

Chen Ping walked down the dark dungeon corridor. What surprised Chen Ping was that there were no mechanisms or guards in the dungeon, only the Minotaur guarding the door!

“Is this dungeon not important? Otherwise, why would there not be a single guard or formation mechanism inside?”

Chen Ping muttered in a low voice and continued to move forward as he spoke!

Sword Spirit Zhongli followed Chen Ping closely, his eyes full of vigilance, protecting Chen Ping’s safety at all times!

And the demon envoy was following behind. Even if Chen Ping’s back was turned to him, he didn’t dare to have the slightest evil intention!

Soon, Chen Ping was blocked by a bronze door. Looking at the bronze door, Chen Ping knew that this was the first level of the dungeon, and Yu Qian had said that their family was on the third level, so Chen Ping and the others had to go through it. Just go through here!

Chen Ping reached out and pushed open the bronze door. He found that the bronze door was very light and there was no formation on it, so he pushed it open easily!

As the bronze door creaked open, a particularly large prison appeared!

I saw small cells on both sides of the corridor. People were detained in the cells. The light of the formation was constantly flashing around the cells!

The people in the cell were all chained up with thick iron chains, and these people looked very haggard, all with disheveled hair, and they looked like they had been detained for a long time!

Hearing the sound of the copper door being pushed open, several prisoners looked up and looked over. However, the eyes of these prisoners all flashed with fierceness. It was obvious that they were not ordinary people!

Besides, this is the dungeon of the Demonic Heart Sect, so it is impossible for ordinary people to be imprisoned!

Chen Ping didn't know what the issue was between these people and the Demon Heart Sect, so they were imprisoned here.

Originally, Chen Ping wanted to release these people. After all, the enemy of his enemy is his friend. But looking at the stern eyes of these people, Chen Ping hesitated. He was afraid that releasing these people would cause trouble for himself!

Chen Ping quickly passed through the cells on the first floor and walked towards the second floor. As for these people, let them be locked up here!

Chen Ping is not a savior, nor can he save everyone. He just needs to rescue Yu Qian and his family as soon as possible!

After passing through the dungeon on the first floor, Chen Ping and the others came to the second floor. However, the second floor was different from the first floor. The huge cell on the second floor only held four people. In the four corners of the cell, These four people are also tied up with thick chains!

These people all have disheveled hair, and their appearance cannot be seen at all. However, these people are still alive with thick iron chains passing through their bodies. It seems that these people are definitely not weak!

Chen Ping just glanced at it casually, and then quickly walked towards the third floor. But just as Chen Ping was about to reach the entrance of the third floor, a hoarse voice came!

“Why is there a sword spirit from the Sword Washing Pond here? Is it to save me?”

At this time, an old man with disheveled hair in the corner spoke!

Chen Ping followed the sound and saw that the old man was skinny, his face was sallow, and he looked like he was dying!

Chapter: 4045

“Who are you? How do you know about Sword Cleansing Pond?”

Chen Ping looked at the old man and asked!

“I am the chief elder of the Weapon Refining Sect, how could I not know about the Sword Cleansing Pond...”

As the old man finished speaking, the three people in other corners also raised their heads!

Chen Ping was surprised when he discovered that these four people looked almost identical!

And this person’s identity, the chief elder of the Weapon Refining Sect?

Since he is an elder of the Artifact Refining Sect in the Heaven and Human Realm, why is he being imprisoned here?

Master Iron Hammer said that their Weapon Refining Sect was destroyed by the Fire Sect, so what happened to these Weapon Refining Sect elders?

Could it be that the Demon Heart Sect is still related to the Huo Fen Sect?

At this moment, Chen Ping was completely confused!

“You are the chief elder of the Artifact Refining Sect in the Heavenly Realm? Then why are you here?”

Chen Ping asked the old man!

The old man looked at Chen Ping and did not answer Chen Ping’s words. Instead, he asked Chen Ping: “This sword spirit has been baptized by the Sword Cleansing Pool. Who are you? How did you get to the Sword Cleansing Pool?”

Chen Ping stared at the old man for a while, and then said: “Master Hammer took us there. The sword master personally transformed Zhongli, the sword spirit in the Dragon Slaying Sword.”

“Dragon-slaying sword?” The old man’s eyes suddenly widened, staring at the sword spirit Zhongli!

“You mean, she is the sword spirit in the Dragon-Slaying Sword? That Dragon-Slaying Sword is the sword of my weapon refining sect. Later, the sword spirit was damaged and I don’t know where it was lost.”

The old man’s expression became very excited!

When Chen Ping saw the old man’s appearance, he knew that the old man would not lie to him. Then he glanced at the sword spirit Zhongli. Zhongli flashed in an instant, and it was replaced by the dragon-slaying sword, which was held by Chen Ping!

“The Dragon-Slaying Sword is really a Dragon-Slaying Sword. Brothers, take a look...”

The old man shouted, and the other three identical old men all looked over in shock!

“Seniors, as elders of the Weapon Refining Sect, why are you locked up here? What on earth is going on?”

Chen Ping asked the old man.

“Didn’t Iron Hammer tell you that our Weapon Refining Sect was attacked by the Huo Burning Sect and was destroyed? Our sect masters were all taken away, and we, the senior officials, were also taken away at the same time!”

“It’s just that we and the sect master have been detained separately. We have been detained here for more than ten years!”

Chapter: 4046

The old man said slowly!

“Why are you being imprisoned here? This is not the world of heaven and humans, this is the secular world, in the secret realm of the Demonic Heart Sect?”

Chen Ping was very puzzled. They should be imprisoned in the Huo Fen Sect. How could they be imprisoned in the secret prison of the Demon Heart Sect in the secular world!

This is too outrageous!

“What? This is the secular world? What is the Demon Heart Sect? We have never heard of it?”

The old man said in surprise!

This time, Chen Ping was also confused. It seems that several elders of the Weapon Refining Sect are being held here. It seems that they don't know where this is!

"Let's not talk about this for now. Since you are the elders of the Weapon Refining Sect, then we are destined to be together. I will rescue you first and then talk about it!"

Chen Ping walked towards the old man!

"Don't move. We have formation control here. Maybe you will be injured by the formation."

The old man hurriedly dissuaded Chen Ping!

But Chen Ping didn't stop, but walked straight to the old man, and then a light curtain appeared around the old man, surrounding the old man!

Chen Ping then gently touched the light screen with his hand, and then a halo like water ripples spread continuously from Chen Ping's fingertips!

Along with the ripples, Chen Ping's fingertips flashed with a dazzling golden light, and then the formation light curtain was like a piece of cloth being torn apart, a gap appeared directly, and then the light curtain disappeared completely!

The old man looked at Chen Ping in surprise. He didn't expect that Chen Ping could break the formation so easily at such a young age!

Several other elders were also shocked from ear to ear when they saw this scene.

"Senior, can I save you by cutting off this iron chain?"

Chen Ping asked the old man.

The old man nodded: "Yes, if you cut off this iron chain, we will be free. However, this iron chain is not ordinary, but it is made of tungsten steel, which is extremely hard, and... .."

Before the old man finished speaking, Chen Ping waved the Dragon-Slaying Sword in his hand, and the chain instantly split into two pieces!

The iron chain was pulled away from the old man's body, and the wound was dripping with blood, but the old man didn't care, but said excitedly: "I'm free, hahaha, I'm free..."

Chen Ping followed the same pattern and released the other three people!

"Little brother, the four of us brothers are originally quadruplets, and I am the great elder. Thank you so much. If it weren't for you, we might never see the light of day."

"Little brother, please accept the obeisance of the four of us brothers..."

Chapter: 4047

With that said, the four old men were about to kneel down and worship, but they were quickly stopped by Chen Ping!

"Several seniors mentioned that I have a deep relationship with the Artifact Refining Sect. Now Master Iron Hammer is recruiting troops from the Artifact Refining Sect and plans to rebuild the Artifact Refining Sect. If these seniors go back, the Artifact Refining Sect will definitely be able to create greater glory!"

Chen Ping said to several old men!

"Little brother, what happened to the secular world and the Demonic Heart Sect you just mentioned? We have no memory of it. We have never left the heaven and human world. Isn't this the dungeon of the Fire Sect?"

The old man asked!

“Senior, it’s a long story. I’ll explain it to you when we get out. I’m going to the third floor to rescue people. I’ll wait until everyone is rescued!”

Chen Ping didn’t have time to give them a detailed explanation!

“Okay, we will accompany you to rescue people...”

The old man said!

Chen Ping did not refuse, but led four old men towards the third underground floor!

This time, the magic envoy did not dare to follow because the four old men made him very scared. He never thought that there were not so many masters with unpredictable strength imprisoned in this dungeon!

And they are all from the world of heaven and humans? He really couldn’t figure it out. They had always dreamed of going to the heaven and human world. Even Almighty once said that he wanted to go to the heaven and human world!

But why are the people imprisoned in this dungeon all from the world of heaven and humans?

What has actually happened?

No one gave the demon an answer, so Chen Ping led four elders to the third floor of the dungeon!

Although the three-story dungeon is at the deepest level, the environment is not the worst. There are many people imprisoned in each cell, including men, women, and even children!

“Chen Ping? You...how did you get here?”

Chen Ping had just walked down the third floor when he heard someone calling him!

It turned out to be Yu Qian's daughter Yu Jiameng. They met at the secret conference, so Yu Jiameng knew Chen Ping!

"Miss Yu..." After seeing Yu Jiameng, Chen Ping hurriedly walked over: "I'm here to rescue you. Your father found me and asked me to rescue you..."

"What is going on? Where is my father? Someone picked us up and said they wanted to see my father, but they locked us here."

Yu Jiameng asked Chen Ping.

"It's a long story, I'd better get you out first and then talk about it!"

After Chen Ping finished speaking, he destroyed the cell with a sudden force!

Chapter: 4048

Soon, Chen Ping rescued several families of the purple-robed messengers. When he returned to the cells on the first floor, four elders of the Refining Sect released all the prisoners!

Chen Ping did not stop them. After all, these people are enemies of the Demon Heart Sect. If they are released, they will only cause trouble for the Demon Heart Sect!

When Chen Ping led everyone out of the dungeon in a mighty manner, the Great Elder of the Artifact Refining Sect felt the surrounding atmosphere, and suddenly frowned and said: "This is really not the world of heaven and humans. What is going on? How can we Will he be taken to the secular world?"

Chen Ping did not answer him, but took out the Nine Thousand Miles of Mountains and Rivers Map, and then said to Yu Jiameng: "Miss Yu, I will use the teleportation array to send you back to your respective secret realms. No matter what happens, Qian Ping will Don't leave your secret realm easily."

After Chen Ping finished speaking, the Nine Thousand Miles of Mountains and Rivers map began to flash, and the picture began to change!

“I won’t leave, I want to find my father, and I want to ask what the hell is going on!”

Yu Jiameng didn’t leave at all.

Looking at the stubborn Yu Jiameng, Chen Ping didn’t bother too much because he really didn’t have much time!

After sending the family members of the other purple-robed messengers back to their respective secret realms, Chen Ping said to the great elder of the Artifact Refining Sect: “Senior, you tear apart time and space and return to the world of heaven and man. Juniors still have very important things to deal with, so just I won’t send it to you anymore...”

The Great Elder looked confused: “We have been trapped for more than ten years and were still locked by iron chains. Now that we have just come out, how can we tear apart time and space and open the passage between the secular world and the heavenly world... ...”

As soon as the great elder said this, the others also looked at each other. They couldn’t tear apart time and space and open the passage!

This time, Chen Ping was in a bit of a dilemma. Although Chen Ping had the Divine King’s Bow and could open the passage, if he opened the passage now, it would exhaust his energy and require him to recuperate!

But he never had time to recuperate. Now that the spiritual energy recovery formation was about to be launched, he had to rush to stop it as soon as possible and save his girlfriend.

“Senior, why don’t you wait here, I have something very important to deal with. If I can come back alive, I will help you open the passage and return to the heaven and human world from the secular world...”

Chen Ping said to the elder of the Weapon Refining Sect!

“Little brother, it seems that you are also in trouble. Since you rescued us, we must not sit idly by and watch. We will go with you!”

The great elder of the Weapon Refining Sect said!

After all, they stay here and are unfamiliar with the place. If something happens, it will not be easy for them to deal with it. After all, this is not the world of heaven and humans!

As long as they follow Chen Ping and help Chen Ping solve the problem, Chen Ping can open the passage and let them return to the world of heaven and humanity. This is also good!

The rescued prisoners all nodded and were willing to follow Chen Ping. After all, if they didn't follow Chen Ping, they wouldn't be able to open the passage and they wouldn't be able to return to the world of heaven and humanity!

“That's fine. I'll take you back after the processing is over!”

Chen Ping nodded. It happened that he was in urgent need of help now. He was afraid that it would be difficult for him to deal with the Demonic Heart Sect. Even with Yu Qian and the others as internal agents, Chen Ping had no confidence in facing the unfathomable power!

Now that the elders of the Weapon Refining Sect and these people have chosen to help him, Chen Ping will have more helpers!

But Chen Ping didn't know why the dungeons of the Demonic Heart Sect were all imprisoned from the Heavenly and Human Realm. How did these people from the Heavenly and Human Realm get here? This is a mystery to Chen Ping!

Chapter: 4049

Chen Ping didn't have time to think about it, and then he took the elders of the Weapon Refining Sect and these people from the heaven and human world, left the secret realm of the Demonic Heart Sect, and went straight to the secret realm of the Taoist Sect!

Just after leaving the secret realm, these people in the Heaven and Human Realm felt the suppression of the laws of heaven and earth. Each of them frowned slightly, and some even showed expressions of pain!

Fortunately, after leaving the Demonic Heart Sect Secret Realm, he soon came to the entrance of the Taoist Sect Secret Realm. Chen Ping led everyone into the Taoist Sect Secret Realm, and the Demon Envoy followed closely behind. Chen Ping had not yet taken out the secret in his mind. He can only follow the mark!

At the same time, in the secret realm of Taoism, Ning Zhi was a little impatient with the wait, and said anxiously: "Damneng, is Chen Ping coming yet? He has been waiting for such a long time."

"Don't worry, he will definitely come, but he has to finish his work before coming back!"

Da Neng said calmly!

Listening to Da Neng's words, everyone behind Yu Qian was already sweating. Listening to Da Neng's tone, it seemed that he knew everything Chen Ping did!

Cold sweat continued to fall from the foreheads of the six purple-robed envoys. Da Neng suddenly turned his head to look at the six purple-robed envoys and said, "You seem to be very hot?"

"No...not hot..."

Yu Qian shook his head quickly!

Da Neng didn't say anything, but the slight smile on his lips made Yu Qian and the others even more frightened!

Soon, Chen Ping and his people arrived in a hurry. When he saw the scene in front of him, his expression became even more solemn!

No wonder he didn't see a few members in the secret realm of the Demon Heart Sect. It turned out that they were all brought to the secret realm of the Taoist Sect. There were hundreds of members of the Demon Heart Sect arranged neatly!

The powerful man at the front is dressed in black robes, and his body always gives people a looming feeling!

Behind Da Neng were six purple-robed messengers. Chen Ping just glanced at the six purple-robed messengers, and then looked away!

Among them, Yu Qian saw his daughter Yu Jiameng following Chen Ping, and he knew that Chen Ping had rescued their family!

However, Chen Ping brought Yu Jiameng, which made Yu Qian very unhappy. He thought that Chen Ping was threatening him because of Yu Jiameng, lest they would not admit their mistakes and stop standing with Chen Ping!

"Chen Ping, you are finally here. I have been waiting for you for a long time..."

Ning Zhi looked at Chen Ping, narrowed his eyes slightly, and said in a cold voice!

Chen Ping just glanced at Ning Zhi, but didn't pay attention to him. Instead, he stared at Da Neng with his eyes!

In Chen Ping's eyes, only Da Neng is his real opponent, and Ning Zhi is just a jumping grasshopper!

"Where are my girlfriends?"

Chen Ping asked Da Neng in a cold voice!

Da Neng didn't speak. He stood quietly, unable to see the expression on his face clearly!

Chapter: 4050

Ning Zhi was ignored by Chen Ping and suddenly became furious.

“Chen Ping, how dare you ignore me, today I will make your life worse than death...”

After Ning Zhi finished speaking, the aura in his body exploded, and the aura of the peak transformation realm filled the air instantly!

And between Ning Zhi’s eyebrows, a black star flashed.

Feeling the aura on Ning Zhi’s body, Yu Qian and the others were furious. You must know that the strength Ning Zhi has shown now was obtained with the lives of their respective disciples!

But the mighty one was right in front of them, and Yu Qian and the others didn’t dare to take action. The majesty of the mighty one made them feel timid!

After bursting out with the aura of peak transformation state, Ning Zhi looked at Chen Ping coldly and said, “Did you see that? This is the real strength...”

Ning Zhi did not speak, but the breath in his body burst out instantly. No matter what today, Chen Ping will stop this spiritual energy recovery!

“Sixth level of Transformation Realm?” After Ning Zhi felt the aura on Chen Ping’s body, he immediately sneered: “With your strength, do you still want to fight me?”

Ning Zhi was full of disdain and grabbed the void. The void immediately trembled. A golden long sword was caught in Ning Zhi’s hand. As the breath of Ning Zhi’s body was injected into it, the golden long sword made a buzzing sound. Voice!

“go to hell.....”

Ning Zhi jumped up, and this time he tried his best. After all, he could not be defeated in front of the powerful, and this time he could directly kill Chen Ping!

Ning Zhi kills Chen Ping, but Da Neng has no intention of stopping it. It seems that Chen Ping's life and death is not very important now!

When Chen Ping saw this, his dragon-slaying sword flew out instantly, followed by a sword beam, and he followed Ning Zhi in a fight!

Both of them unleashed their full strength, chaos emerged for a moment, the void exploded, and sword shadows filled the sky!

Although Chen Ping was at a low level, he did not fall behind. At this time, when Chen Ping was fighting with Ning Zhi, he kept paying attention to the movements of that powerful man!

He wants to see when this great power will activate this spiritual energy recovery formation!

Chen Ping and Ning Zhi were fighting, but Da Neng didn't even look at it. Instead, he waved his hand and said, "Come on, kill everyone in front of you..."

This order was given to the six purple-robed envoys, and also to the hundreds of Demonic Heart Sect disciples!

After receiving the order from the powerful, Yu Qian and the others did not take action immediately. They and Chen Ping are now in a cooperative relationship, and they need to work together to eliminate the Demonic Heart Sect!

Yu Qian winked at the other people and saw the powerful man standing in front of them without any warning, so the six of them gritted their teeth and waved their palms forward at the same time!

This palm contained their lifelong skills, and everyone tried their best, because they knew that if they could not control the power with one move, their lives would be in danger!

For a moment, six terrifying palm winds, with a devastating force, hit the powerful man fiercely!

Yu Qian and the others were already very close to the great power, and now they tried their best to attack, so six terrifying palm winds came in an instant and hit the great power directly!
