

The Order 4051

Chapter: 4051

Just when Yu Qian and the others were about to be happy, they suddenly discovered that the six palm winds had directly penetrated Da Neng's body and finally dissipated into the void.

Da Neng slowly turned around and looked at Yu Qian and others. This time, Yu Qian and others were frightened. Their legs were shaking and they were all dumbfounded!

But what surprised them was that Da Neng did not attack them, but slowly lifted his body into the air, and finally floated in mid-air, looking down at everything below!

At this time, the members of the Demon Heart Sect had already begun to fight. The elders of the Weapon Refining Sect, along with the people rescued from the dungeon, stood in a group with the members of the Demon Heart Sect!

Because the elders of the Weapon Refining Sect and the others had been imprisoned for more than ten years, were weak, and were still injured, they were fighting with the people of the Demonic Heart Sect for a while!

When Yu Qian and the others saw this, they took off their masks and instantly joined the battle group. When Yu Jiameng saw his father, he hurried over and looked at his father in purple robes, his eyes full of disbelief!

However, Yu Qian had no time to explain at this time, so he could only kill the members of the Demonic Heart Sect with all his strength!

With Yu Qian and the others joining in, those from the Demonic Heart Sect were obviously at a disadvantage!

The demon envoy was hiding aside at this time, watching the melee between the two sides, but for a moment he didn't know what to do!

The great leader was looking down at the battle group in mid-air, and he could see everyone's every move!

Even though the demon envoy hid aside and did not take action, the powerful man did not show any anger at all!

Watching the members of the Demon Heart Sect die one by one, there was no trace of sadness in Da Neng's eyes, as if the people he killed had nothing to do with him!

Chen Ping followed Ning Zhi, still slashing with swords and swords. Ning Zhi was stronger than Chen Ping, but in the real fight, Ning Zhi found that he was gradually losing ground.

This made Ning Zhi's face become very gloomy, and the long sword in his hand became more vicious like a poisonous snake!

While Chen Ping and Ning Zhi were fighting, and there was a melee below, no one noticed that there was a black hole in the air of the Taoist Sect's secret realm, which was constantly absorbing everyone's breath!

Any breath will be absorbed, anger, murderous intent, and even dead souls will be sucked in instantly!

No one noticed this scene and they were still fighting to the death!

As the battle became more and more intense, more and more people died, but the smile on Da Nang's face became brighter and brighter!

"Chen Ping, why are you able to compete with me for so long despite your level being inferior to mine?"

"Why, exactly why, you know that in order to kill you, I endured all the hardships!"

Ning Zhi couldn't understand why he still couldn't defeat Chen Ping even though he had improved by absorbing other people's strength!

“Do you think we have been fighting for too long? Let’s end it...”

Chen Ping actually threw the Dragon-Slaying Sword in his hand, and a dazzling golden light shone on his body, and golden scales covered his body!

Ning Zhi was stunned. He didn’t expect Chen Ping to throw the weapon in his hand.

Chapter: 4052

Ning Zhi felt that Chen Ping’s approach must be fraudulent, but now that Chen Ping was standing in front of him with his bare hands, Ning Zhi didn’t want to let go of this opportunity!

“go to hell.....”

Ning Zhi instantly slashed out a golden sword light and struck Chen Ping hard!

The huge sword light cuts through the sky like a mountain.

boom!

There was a deafening loud noise, a dazzling light suddenly exploded, and a violent aura spread out!

This sword made everyone in the melee lose their minds and stared blankly at everything in mid-air!

Chen Ping’s body was struck by a sword, and then fell downwards like a meteor, and then hit the ground heavily, creating a pit of more than ten meters in the ground!

At this time, the elders of the Weapon Refining Sect were all shocked. After all, they still expected Chen Ping to return to the world of heaven and man. But as soon as he made a move, he was killed!

Yu Qian and the others were also shocked. They didn't expect that Chen Ping couldn't even deal with Ning Zhi. How could he deal with the mighty ones and the entire Demonic Heart Sect?

Ning Zhi looked down at the ground, watching the smoke and dust rising and Chen Ping's figure disappearing, and couldn't help but laugh!

"Hahaha, Chen Ping, you were no match for me after all, and you died in my hands..."

Ning Zhi was extremely arrogant and happy at this time!

But he didn't notice that above his head, the sword spirit Zhongli was holding a long sword that exuded sharpness and was already slashing hard!

The mighty power suspended in mid-air watched helplessly as Zhong Li slashed at Ning Zhi, intending to kill him, but he had no intention of taking action!

The smoke slowly dissipated, and Chen Ping's figure appeared, leaping directly from the pit!

Although Ning Zhi's sword just now was extremely powerful, it failed to hurt Chen Ping.

Seeing that Chen Ping was not injured, Ning Zhi, who was originally happy and arrogant, suddenly had a smile on his face!

When Yu Qian and others saw this, they were also in disbelief.

Yu Qian himself thought that if he resisted that sword, he would be seriously injured even if he survived!

But Chen Ping was not injured at all. The bright golden light surrounded Chen Ping. At this time, Chen Ping was like a golden-armored god of war!

"You are too weak, you have to admit your incompetence..."

Chen Ping looked at Ning Zhi and said with a disdainful smile.

“Ah...I must kill you...”

Chapter: 4053

Ning Zhi was crazy, completely crazy. He was so angry at Chen Ping!

But just when Ning Zhigang was about to attack Chen Ping again, he suddenly felt a strong wind whistling above his head.

Ning Zhi looked up and saw that a sword light was approaching instantly. Ning Zhi had no time to dodge and was directly struck by the sword light.

“ah.....”

Hearing Ning Zhi’s scream, his body fell heavily downwards.

The sword light dissipated, and Ning Zhi’s body also disappeared.

“Then Ning Zhi wouldn’t be killed just like that, right? Just evaporate?”

Feng Jingyan swallowed and said in disbelief!

You must know that with Ning Zhi’s strength, among the six purple-robed envoys, except for Yu Qian who can fight with him, the others are no match for Ning Zhi!

But Ning Zhi, who was now at the peak of transformation, was evaporated in Chen Ping’s hands!

“Chen Ping, it’s too scary...”

Yu Qian murmured to himself!

At this time, the sword spirit Zhongli instantly turned into a dragon-slaying sword after Yi Jian's hand, and returned to Chen Ping's hand!

And Da Neng, who watched Ning Zhi disappear, was suspended in mid-air without any change in his expression!

Chen Ping held the Dragon-Slaying Sword and looked at the powerful man. The power of the divine dragon was continuously injected into the Dragon-Slaying Sword!

Moreover, the God King's Bow and Dragon Pattern Bell in the storage ring are also ready at any time!

Chen Ping knew that to deal with the great power, he had to use all his means!

But just when Chen Ping was ready to take action against the powerful man, suddenly a black dot appeared in the void, and then the black dot got bigger and bigger!

As the black spot continued to expand, a figure came out of it!

"Chen Ping, I can't be killed that easily."

Ning Zhi's eyes were like torches, and the black starlight between his eyebrows disappeared. It seemed that this black starlight saved Ning Zhi's life!

Looking at Ning Zhi who was not dead, Chen Ping did not show the slightest surprise!

If Ning Zhi could be killed so easily, Da Neng probably wouldn't have spent a lot of resources training him!

“If I can’t kill you once, then I will kill you ten times. I want to see how many ways you have to save your life!”

Chapter: 4054

Chen Ping said with a cold smile!

“Don’t even think about killing me a second time...”

After Ning Zhi finished speaking, he immediately let out a roar, and then a drop of bright red blood floated from the center of his eyebrows. This drop of blood floated directly into the black hole that Ning Zhi just walked out of!

As a drop of blood essence floated in, a deafening roar came, and then a huge body was seen slowly walking out of the black hole.

With the appearance of the huge body, the color of the world changed instantly, and everyone felt the terrifying pressure!

unicorn?

Chen Ping looked at the huge body that came out, and it turned out to be a unicorn. The unicorn’s body was more than ten meters tall, and its breath was full of icy air!

Ning Zhi jumped up and climbed onto the unicorn.

“This is a unicorn monster from the world of gods and humans. It has ice attributes and can freeze everything...”

The moment the Great Elder of the Weapon Refining Sect saw the unicorn, he was shocked and shouted to Chen Ping!

Chen Ping frowned when he heard the words of the great elder of the Weapon Refining Sect!

He didn't expect that the monster that Ning Zhi had summoned actually belonged to the heaven and human world. So wasn't this black hole the passage from the secular world to the heaven and human world?

But Chen Ping looked carefully at the black hole, but it was not like a passage. The black hole was very calm, with no turbulence or any fluctuations!

Just when Chen Ping felt incredible, Ning Zhi commanded the unicorn to rush towards Chen Ping!

The unicorn sprayed out a huge stream of ice mist towards Chen Ping. The ice mist rolled in like a giant wave and surrounded Chen Ping instantly!

Frost formed quickly around Chen Ping, and Chen Ping looked like an ice sculpture at this time!

Even some people on the ground were frozen instantly before they had time to dodge!

For a moment, everyone was shocked and tried their best to stay away from the unicorn. When the people from the Demonic Heart Sect saw this, they once again launched an attack on the Great Elder of the Weapon Refining Sect!

The melee started again, and the sounds of fighting, roars, and the collision of weapons intertwined into a tragic symphony!

Ning Zhi looked at the frozen Chen Ping with a bit of disdain in his eyes. At this time, Ning Zhi had many methods, and this unicorn was just one of them!

Just when Chen Ping was frozen and everyone was fighting, the entire Taoist sect was undergoing earth-shaking changes!

The surrounding scenes all changed, but no one noticed. They were only focused on fighting, saving their own lives and killing the enemy!

Looking at the changing scene around him, the calm Da Nang finally had a faint smile at this moment!

Ning Zhi commanded the unicorn and crashed towards Chen Ping. At this time, Chen Ping was already frozen and could not dodge. With this collision, Chen Ping was smashed into pieces!

Chapter: 4055

But just when the unicorn was about to hit Chen Ping, a crisp cry echoed throughout the world!

Then a fire phoenix covered with golden wings appeared. The body of the fire phoenix was also huge, and its body was burning with blazing flames!

With the fanning of the wings of the fire phoenix, waves of heat swept out. Wherever the heat wave passed, the coldness disappeared instantly, and those people who were frozen on the ground were also instantly unblocked!

Ning Zhi's unicorn felt the heat wave and instinctively retreated, while the frozen Chen Ping also regained his freedom at this moment!

The great elders of the Weapon Refining Sect looked at the sudden appearance of the fire phoenix, and all of them couldn't help but gasped: "The divine beast fire phoenix? This is the supreme divine beast in the heaven and human world, why is it here?"

All the people from the heaven and human world were very shocked. They didn't understand how there were so many divine beasts from the heaven and human world in this secular world!

Huofeng's body turned around, transformed into a human form, and stood beside Chen Ping!

In this confrontation, the fire phoenix was clearly superior. Ning Zhi's unicorn did not dare to move forward when it encountered the heat wave breath of the fire phoenix!

"Huofeng, why are you here?"

Chen Ping was very surprised when he saw the sudden appearance of the fire phoenix!

After all, this Taoist sect secret realm cannot be entered casually, and how did the fire phoenix find the entrance to the Taoist sect secret realm?

“I felt your aura was dangerous, so I came...”

Huofeng explained.

“Then how did you enter the Taoist Sect Secret Realm?” Chen Ping was very confused. You must know that the Monster Beast Secret Realm and the Taoist Sect Secret Realm do not have a teleportation array!

“The secret realm of Taoism?” Huofeng was stunned for a moment, and then said: “Where is the secret realm? Now that all the secret realms have collapsed, the spiritual energy of the secular world has been revived, and the place we are now is not a secret realm...”

When Huofeng said this, Chen Ping was instantly shocked. When he looked around, he was stunned!

Because the surrounding scene has already changed, it is no longer the scene in the secret realm of Taoism!

When Yu Qian and the others heard what Huofeng said, they were all shocked!

They have always dreamed of the revival of spiritual energy, but now that the spiritual energy has really recovered, they are not happy at all, but have a deep sense of crisis!

After the spiritual energy is revived and the secret realm collapses, all their relatives will be exposed to the secular world. Who knows what kind of bloody storm will be caused in the secular world by then!

“How could this happen? How could this happen? After all, it still failed to prevent the spiritual energy recovery, but there is no sign of the spiritual energy recovery array being activated?”

Chen Ping couldn't figure it out. There was no sign of the spiritual energy recovery formation being activated, and he and Ning Zhi were also part of the activation process. Now that the two of them were fighting, the spiritual energy recovery array shouldn't be activated?

Now Chen Ping had a confused look on his face. He looked at Da Neng in mid-air. Da Neng's body was looming, still floating in mid-air motionless, without any expression or movement!

Chen Ping frowned, and he suddenly had a very bad premonition in his heart. You must know that Da Neng tried his best to revive the spiritual energy in the secular world, but now that the spiritual energy has been revived, Da Neng's calm performance makes him sad. Chen Ping was a little confused!

Chapter: 4056

"Hahaha, the spiritual energy has revived, Chen Ping, your value has come to an end, you will die today..."

Ning Zhi also discovered that the Taoist secret realm had disappeared unknowingly, and the spiritual energy of the entire secular world had quietly revived!

Now that the spiritual energy has recovered, Chen Ping has no value at all in Da Neng's heart, so he can kill Chen Ping without any scruples!

Ning Zhi was shocked, and then five drops of blood flew out from between his eyebrows, and the blood flew towards the black hole. Then the void began to tremble, and with loud roars, five huge monsters emerged from the black hole. In, appear!

The strength of these monsters is the same as the unicorns at the beginning, and they are all transformation level monsters.

Chen Ping's eyes narrowed slightly. Ning Zhi suddenly attracted six monster beasts, which greatly increased Chen Ping's pressure. Although he had the fire phoenix with him, the fire phoenix was much stronger than these monsters, but he couldn't hold it back. There are many opponents!

"Chen Ping, I want you to be buried in the belly of a monster..."

After Ning Zhi finished speaking, he directly commanded the unicorn to rush towards Chen Ping, and the other five monster beasts also surrounded Chen Ping with great momentum!

When Yu Qian and the elders of the Weapon Refining Sect saw this, they wanted to help Chen Ping, but before they could take action, they were stopped by those from the Demonic Heart Sect!

The fire phoenix turned around and then turned into a flaming phoenix, waving its huge wings and blocking Chen Ping behind him!

Sword Spirit Zhongli also escaped from his body in an instant, holding a sword to block Chen Ping!

“Chen Ping, even if you have the means, it is useless now in the face of absolute strength.”

Ning Zhi said very arrogantly!

Chen Ping did not speak, but the dragon crystal on his chest began to flash continuously, and the dazzling golden light shot straight into the sky!

This golden light fell into the void, followed by a tremor, and a huge golden dragon slowly fell from the sky!

Along with a dragon roar, the golden dragon’s body glowed with golden light, shocking everyone!

One dragon and one phoenix protected Chen Ping, while Sword Spirit Zhongli stayed close to Chen Ping, blocking Chen Ping from the coming harm!

Looking at the dragon and phoenix, the monsters summoned by Ning Zhi were so frightened that they shivered and retreated continuously!

You must know that this dragon and phoenix are divine beasts, not monsters. As for the aura of the divine beasts, it is not comparable to these monsters!

No matter how Ning Zhi drove the unicorn and several other monsters, these monsters just didn't dare to step forward!

But this dragon and phoenix launched a direct attack. Upon seeing this, Ning Zhi jumped up and dodged the attack.

But the unicorn and the other monsters were in dire straits!

I saw a dragon and a phoenix, just like wolves entering a flock of sheep. The monster beasts they killed kept wailing. Soon, the huge bodies of the monster beasts all fell straight down. Under the attack of the dragon and phoenix, the monsters, these transformed monster beasts are actually defenseless!

When Ning Zhi saw this, he jumped towards the powerful one. Now Chen Ping was protected by two divine beasts, a dragon and a phoenix, and even the sword spirit Zhongli. Ning Zhi knew that he was no match for Chen Ping!

Chapter: 4057

But just when Ning Zhi wanted to escape towards the powerful force, a dragon and a phoenix instantly blocked Ning Zhi's way!

Chen Ping took the opportunity to jump up and then slapped Ning Zhi with his palm!

Ning Zhi felt a strong wind coming from behind him. He was so frightened that he quickly dodged. He looked at Da Neng in mid-air and called for help: "Da Neng, save me..."

With the combination of dragon and phoenix, plus Chen Ping, Ning Zhi knew that he was no match for him. If he didn't save him, he would be dead!

But who would have thought that Da Neng remained motionless and didn't even look at Ning Zhi. Instead, he raised his head slightly and stared blankly at the sky!

boom.....

Chen Ping slapped Ning Zhi on the body with one palm. Ning Zhi fell suddenly, making a deep pit on the ground, and a cloud of smoke rose into the sky!

Seeing this scene, many people were stunned. The strength Chen Ping showed had exceeded their imagination!

No matter it was the elders of the Artifact Refining Sect or Yu Qian and the other purple-robed messengers, no one expected that Chen Ping would be so powerful. Chen Ping, a sixth-level Transformation Realm, was actually protected by a divine beast. They didn't know what Chen Ping had. What a life-saving means!

As Ning Zhi sank deeply into the ground, the golden dragon slowly disappeared with a dragon roar, while the fire phoenix transformed into a human form again and stood beside Chen Ping!

"Ning Zhi is dead, and you will be next. I don't care how capable you are, you and I will eventually come to an end."

Chen Ping looked at Da Neng and said with firm eyes!

Although he failed to prevent the resurgence of spiritual energy, he had to find a way to kill the powerful one, otherwise the secular world would be a mountain of corpses and a sea of blood!

After hearing Chen Ping's words, Da Neng slowly lowered his slightly raised head and glanced at Chen Ping lightly: "You are not worthy of fighting with me..."

"Whether it's worthy or not, you won't know until you try it..."

Chen Ping grabbed it with his right hand, and the Dragon-Slaying Sword instantly appeared in his hand. Surrounded by the power of the divine dragon, the Dragon-Slaying Sword buzzed!

"What he said is indeed right. You are not worthy of taking action against him now..."

Just when Chen Ping was about to attack Da Neng, a familiar voice came!

Chen Ping quickly turned around and saw that Mr. Shi was walking over calmly and calmly!

“Mr. Shi...”

Chen Ping was very surprised. He didn’t understand why Mr. Shi appeared here?

“Please step back...”

Mr. Shi smiled lightly at Chen Ping and said!

“Mr. Shi, now that the spiritual energy recovery array has been activated, the entire secular world has recovered spiritual energy. If you had come earlier, you might have been able to prevent the spiritual energy recovery.”

Chapter: 4058

Chen Ping didn’t understand, why didn’t Mr. Shi come earlier?

But who knew that Mr. Shi shook his head and smiled and said: “Even if I came here early, I can’t prevent the spiritual energy from reviving. The spiritual energy recovery is destiny, and destiny cannot be violated.”

“And this so-called spiritual energy recovery formation is just a lie...”

After Mr. Shi finished speaking, he immediately looked at the powerful man and said, “Am I right? Ask Haotian?”

As soon as Mr. Shi’s words came to the ground, the powerful man trembled slightly, obviously a little surprised!

“I didn’t expect you already knew...”

Da Neng smiled slightly, and then the black robe on his body slowly disappeared, and his looming figure began to become solid.

Soon an old man with white hair and long beard appeared in front of Chen Ping and the others!

Everyone was stunned when they saw the old man appearing. None of them thought that the powerful man of the Demonic Heart Sect would be an old man who looked kind-hearted!

Even the demon envoy was surprised. He had followed Dagong for many years, and this was the first time he saw Dagong's appearance!

"Mr. Shi, this...what is going on?"

Chen Ping was completely confused. It seemed that Mr. Shi knew this great master of the Demonic Heart Sect and could even call him by his name.

Also, the spiritual energy recovery array that Mr. Shi said was a scam. What on earth is going on?

"Don't you understand yet? Who set up this so-called spiritual energy recovery array?"

Mr. Shi asked Chen Ping.

"It was ordered by Daozong." Chen Ping replied!

"Don't you find it strange that the great formation set up by the Taoist Sect can be activated by someone from the Demonic Heart Sect?"

Mr. Shi said!

At this moment, Chen Ping fell into a state of confusion. He felt that his brain was not enough!

But soon, Chen Ping seemed to remember something, and he opened his eyes wide and looked at Wen Haotian: "He... is he the master of the Taoist Sect?"

At this time, Chen Ping remembered the first time he came to the secret realm of Taoism, and used the wordless heavenly book to see the scene of Taoism!

At that time, Taoist Sect was peaceful, but in the blink of an eye, everyone disappeared, but Taoist Sect had these stone statues, and this so-called spiritual energy recovery formation!

Mr. Shi did not answer Chen Ping's words, but looked to ask Haotian: "Is it worth sacrificing all the people of the sect to set up this great formation, and spending many years in the Demon Heart Sect?"

"Of course it's worth it. This is my mission. You don't understand..."

Chapter: 4059

Ask Haotian!

"Mission?" Mr. Shi frowned slightly, and his face began to look ugly: "You just let so many people be buried with you just for your mission, to save a damned person? Do you know how many people you have killed? people?"

Mr. Shi looked at the corpses on the ground. They all died because of asking Haotian!

"You don't need to say any more, it's useless to say anything. Some things will never be the truth, and some things you can never stop!"

As Wen Haotian finished speaking, the originally clear sky instantly became extremely dark!

And in the sky, a black mist appeared. This black mist slowly turned into a huge human face, with a pair of eyes shining with dazzling light!

When this face appeared, everyone felt an unprecedented crisis!

The big mouth of the human face slowly opened, and a copper coffin flew out of the big mouth. The moment the copper coffin appeared, the stone statues originally arranged on the ground began to shake violently!

Immediately afterwards, eight rays of light of different colors flew out from the eight stone statues in an instant, and then gathered together in the air, directly wrapping the copper coffin!

Colorful light enveloped the copper coffin, causing it to float in mid-air. The eight stone statues slowly disappeared, and Su Yuqi and the others also fell out of the stone statues!

“Yu Qi...”

Seeing Su Yuqi and the others falling out, Chen Ping hurried forward to check!

However, apart from Su Yuqi’s aura being a little weak, their lives were not in any danger, which made Chen Ping feel relieved.

“Mr. Shi, this...what exactly is going on?”

Chen Ping’s face was full of confusion. He was completely confused now.

Not only him, but everyone present was confused!

Especially the Demonic Heart Sect and Yu Qian, they all followed Da Neng for the spiritual energy recovery formation, and the disciples of the Demonic Heart Sect all thought that Da Neng was their leader!

But in the end, this powerful man turned out to be a member of the Taoist Sect, and all of them, the Demonic Heart Sect, were kept in the dark!

Especially the demon envoy, he had the most contact with Da Neng. Now it seems that everything Da Neng said is false!

“Can you feel the aura of the human face appearing in the air?”

Mr. Shi did not answer Chen Ping, but asked Chen Ping.

Chen Ping nodded and said: “Okay...”

“Then feel it with your heart...”

Mr. Shi said.

Chapter: 4060

Chen Ping closed his eyes slightly, and the consciousness in his mind was instantly released, and then he felt the aura emanating from that human face!

Soon, Chen Ping’s brows wrinkled, and cold sweat broke out on his forehead!

“What do you feel, tell me...”

Mr. Shi asked.

“I feel that the aura emanating from this face is very strange. This aura is very messy and seems to be all-encompassing. I even feel my own aura in the aura of this human face!”

Chen Ping said with some pain!

“This human face that appears is condensed using the auras of all of you. Your fighting auras and anger, including the souls of the dead, have all been absorbed into this human face!”

“The reason why you were able to easily rescue people from the Demon Heart Sect’s dungeon was because Haotian did it on purpose. If he didn’t want you to save people, would it be possible to rescue people from the Demon Heart Sect’s dungeon with just your strength? ”

“Don’t you think about why those people in the Eight Secret Realms are imprisoned in the third-level dungeon? Are these people really that important?”

“Actually, it’s not the case. It’s just that Haotian deliberately imprisoned them on the third floor. As long as you go to rescue people, you will pass through the first and second floors and rescue the people imprisoned inside!”

“And what he needs is for you to rescue them and bring them here. As for these people from the Demon Heart Sect, they are just chess pieces. Their life or death is not important. No matter whether they are dead or alive, they will become Wen Haotian.” Resources in hand!”

“Whether you can understand it or not, you have to remember one thing. People’s hearts in the world of heaven and humans are more complicated than you think...”

Mr. Shi’s words instantly made Chen Ping stand on the spot. Only now did he understand why his rescue was so smooth, why Yu Qian and his family were imprisoned on the third floor, and why these people in the world of heaven and humans would Imprisoned in the Demon Heart Sect dungeon!

Those who were members of the Demon Heart Sect, as well as the Demon Envoys, including Yu Qian and the others, looked at Ask Haotian in shock!

It turns out that everything they did was just a chess piece, just waiting for this day to come!

Looking at the dead people on the ground, suddenly everyone felt as if they had been pricked by a needle!

“Why, why on earth, what is the purpose of his planning for so long?”

Chen Ping didn't understand that Haotian didn't even care about his sect disciples, and turned into a powerful man to run the Demon Heart Sect for more than ten years. Even Yu Qian and the others were deceived for so many years!

What is it for?

"Because he wants to resurrect the people in the copper coffin!" Mr. Shi slowly raised his head and looked at the copper coffin wrapped in colorful rays of light!

Chen Ping glanced at the copper coffin and asked curiously: "Who is in the copper coffin? Is it worth asking Haotian's layout for so long?"

Others were also staring at Mr. Shi. They also wanted to know who was in the copper coffin and why Haotian had to hide it for so long!

Mr. Shi smiled lightly: "This is not something you should know. When you should know it, someone will naturally tell you..."

After Mr. Shi finished speaking, he looked at Wen Haotian and said, "I came here to stop you. How dare you release this copper coffin?"
