

## **The Order 4071**

Chapter: 4071

At this time, everyone was even more confused. They didn't understand how the late Mr. Shi could prepare a letter for them in advance.

"Open it quickly and take a look..."

Hu Mazi urged anxiously!

Ji Ruxue quickly opened the letter, and then a group of people gathered around to watch!

After reading the letter, everyone's expressions instantly became helpless!

"It's over, we can't save Chen Ping now!"

"How could this happen? Did Mr. Shi have already expected that Chen Ping would be sucked into the world of heaven and humans?"

"Mr. Shi is really mysterious, he seems to be able to predict things like a god!"

Girls, you said something to me one by one!

Hu Mazi was embarrassed to be among the women, so he didn't see the content of the letter, so he asked anxiously: "What's going on? What did Mr. Shi say?"

"Mr. Shi said that we should practice hard. The passage between the heaven and human world and the secular world cannot be opened within a year. He said that the spiritual energy will revive, the laws of heaven and earth will disappear, and the protection mechanism of the secular world will be opened."

“Furthermore, Mr. Shi also said that he doesn’t know what the secular world will look like in one year, so we must practice diligently to help Chen Ping in the future. He also said that Chen Ping will not be in danger, so let’s Let’s not worry!”

Ji Ruxue briefly stated the contents of the letter!

After listening, Hu Mazi fell into deep thought and said after a moment: “If there was no protection period for this year, I really don’t know what the secular world would be like. It seems like we should really practice hard!”

In the year after that, Hu Mazi really started to practice crazily, and he didn’t have sex with women for a whole year. These are all things for another time!

.....

The world of heaven and humanity.

The vast mountains, towering ancient trees, and dense forests!

And under a thick tree, a figure lay quietly motionless, as if dead!

A wild wolf slowly approached, looking at the figure warily, and then looked around again. After making sure that no one was ambushing him, he walked up to the figure and sniffed it gently with his nose!

Then the wild wolf gently touched the human figure with its paw, and found that the human figure was motionless. The wild wolf was relieved and opened its mouth to bite it with a bloody mouth!

But just when the wild wolf opened its mouth to bite, an arrow suddenly shot over!

Whoosh.....

The arrow feathers instantly penetrated the body of the wild wolf. The injured wild wolf howled, gave up on the person in front of him, turned around and wanted to run away!

Chapter: 4072

But five or six people rushed over from not far away, all holding weapons, and surrounded the wild wolf!

The wild wolf was injured and was quickly killed by these five or six people!

After killing the wild wolf, several people walked up to the figure!

After looking at the figure lying on the ground, a girl among the people screamed: "Brother Chen Ping....."

This girl is Yun'er who Chen Ping rescued not long ago in the world of heaven and humanity!

Today she went hunting with Ali and several young people in the village, but she didn't want to save Chen Ping!

At this time, Chen Ping's face was extremely pale, his eyes were tightly closed, and his breath was extremely weak, as if he could die at any time!

Beside Chen Ping, the Divine King Gong was lying quietly. When Chen Ping was sucked into the black hole, the Divine King Gong had not had time to put it into the storage ring!

"How could this man be so seriously injured? The breath on his body is very weak, as if all the energy in his body has been drained!"

Ali frowned tightly as he looked at Chen Ping.

You know Chen Ping's strength. Ali has seen it with his own eyes. For such a powerful person to be so seriously injured, are there other masters nearby?

Ali became vigilant at this time. They lived in this area in Dashi Village, relying on hunting and gathering herbs for a living. They had never met anyone who was particularly powerful. But now, people with Chen Ping's strength have been seriously injured. , which shows that the opponent is stronger!

Now that such a master suddenly appeared around the village, Ali had to be vigilant. If this person had any intention to attack Dashi Village, their village would be completely destroyed!

"Hurry up and take the wolf corpse with you, we'll leave here right away..."

Ali gave the order quickly!

Soon, several people lifted up the body of the wild wolf, and Yun'er looked at Ali and said: "Brother Ali, let's save brother Chen Ping? Last time, if it weren't for brother Chen Ping, I would have been eaten by the monster!" "

Yun'er's eyes were full of tears, begging Ali!

Although Chen Ping saved Yun'er last time and didn't do anything to Dashi Village, Ali had already been wary of Chen Ping!

They met again this time. He didn't want to save Chen Ping, nor did he want to cause trouble to Dashi Village. If Chen Ping's enemies found out, their Dashi Village would be doomed!

"Yun'er, it's not that I don't want to save him. He must have a deep hatred for this person who was beaten like this. If we save him and his enemies come to visit, our entire Dashi Village will be finished..."

Ali said to Yun'er!

Yun'er also knew Ali's worries and knew that doing so would bring danger to Dashi Village, so she said: "Brother Ali, you can go, I will stay with brother Chen Ping."

“Yun’er, this place is full of monsters. If you stay here by yourself, the monsters will definitely eat you. Moreover, this person will die soon. We can’t save him at all!”

Ali persuaded Yun’er!

Chapter: 4073

“If Brother Chen Ping dies, then I will die with him. He gave me this life. Since I can’t save him, then I will give my life back to him...”

Yun’er said firmly!

Ali looked at Yun’er with helplessness on his face. Finally he could only sigh and said, “Okay, I’ll carry him back to Dashi Village, but I’m not sure if I can save him...”

As Ali spoke, he carried Chen Ping on his back. Yun’er wiped her tears, glanced at Wang Gong, and then took it in her hand!

She knew that this must be Chen Ping’s weapon, so she brought it with her, but she didn’t know that this bow was the famous God King Bow!

After carrying Chen Ping back to Dashi Village, Yun’er asked Ali to put Chen Ping in her home!

“Yun’er, I have some herbal medicine here. You can give it to this kid. Whether he can survive or not depends on the fate of that kid.”

“If that kid dies, tell me so I can carry him out and bury him.”

Ali gave Yun’er a pack of herbs and said.

“Thank you, Brother Ali.”

Yun'er took the herbs and said gratefully!

After Ali left, the blind old woman walked out of the room on the other side!

"Yun'er, I heard Ali is here. What did he say just now? Why are you talking about whether he can survive? Who is injured?"

asked the old woman.

"Grandma, it's Brother Chen Ping." Yun'er said!

"Brother Chen Ping?" The old woman was confused.

So Yun'er explained it carefully, and the old woman realized that it was the person who had been here some time ago!

"Yun'er, take me to see..."

The old woman asked Yun'er to lead her into the room where Chen Ping was lying!

The old woman stepped forward and felt Chen Ping's breath, then took his pulse and said, "This kid is really lucky. His body is almost hollowed out, and even his blood and essence are almost burned out, but he didn't expect that he is still alive."

"Grandma, can Brother Chen Ping wake up?"

Yuner asked quickly.

"Then I don't know. It depends on his nature. Don't give him any medicine. It won't be of any use to him. Just let him lie down!"

The old woman said!

Chapter: 4074

But just as the old woman finished speaking, she suddenly frowned, turned her face to one side and said, "Yun'er, is there something here? Why do I feel something is wrong?"

Yun'er took a look and found that what was lying there was Chen Ping's bow, so she said, "Grandma, this is Chen Ping's brother's weapon. It's just a bow. It looks quite broken!"

Yun'er said, picked up the God King's bow and handed it to the old woman!

But when the old woman took the God King's Bow and touched it with her hand, her whole body suddenly started to tremble, and the God King's Bow fell directly to the ground!

"Grandma, what's wrong with you?"

Seeing that the old lady was so nervous, Yun'er hurriedly stepped forward to help her and asked!

"Oh, it's okay, it's okay..."

The old woman shook her head, and then said to Yun'er: "Yun'er, quickly wrap this bow in rags and hide it. Don't tell anyone about it, do you understand?"

Yun'er looked puzzled and said, "Grandma, is there anything different about this bow? Brother Ali and the others also saw it."

"Nothing is different, just listen to me, hurry up..."

The old woman suddenly said to Yun'er with a straight face!

Seeing this, Yun'er had no choice but to obey, wrapped the God King's bow in rags, and then hid it in a hidden place!

As Yun'er walked back, the old woman felt the very weak breath on Chen Ping's body and murmured to herself: "Who are you? You have the God King's Bow in your hand, and you are so seriously injured."

"I hope your arrival will not bring destruction to this small mountain village..."

After the old woman finished speaking, she turned around and groped out of the room!

Time passes day by day, and it's been three days in the blink of an eye!

In the past three days, Yun'er has taken great care of Chen Ping, but Chen Ping has never woken up, his breath is still weak, and he is still in danger of dying at any time!

"Brother Chen Ping, wake up quickly. Don't let anything happen to you!"

Yun'er held the jade pendant that Chen Ping had given her in her hand, her eyes full of anticipation!

She hopes that Chen Ping will wake up soon. If Chen Ping fails to survive, Yun'er will feel guilty. After all, Chen Ping saved her life!

Just when Yun'er was holding the jade pendant, hoping that Chen Ping would wake up, the power of the dragon wind that Chen Ping had originally put into the jade pendant floated out from the jade pendant, and then entered Chen Ping's body!

It was this power of dragon and phoenix that gave Chen Ping's shaky body a trace of strength, and Chen Ping slowly opened his eyes!

"Where am I?"

Chen Ping opened his eyes and felt that his head was dizzy and he had no strength in his body. He wanted to do it, but as soon as he exerted force, his body was in unbearable pain!

Chapter: 4075

Chen Ping didn't have any strength to work, and his hands and feet didn't work!

But he looked at the old roof and knew that he was in the room now!

Yun'er on the side saw Chen Ping open his eyes, and immediately rushed forward excitedly, looking at Chen Ping happily and said: "Brother Chen Ping, are you awake? You are finally awake..."

Chen Ping looked at the girl in front of him, confused for a while. He didn't remember the girl very well. After all, when Chen Ping left Dashi Village, he didn't have a deep impression on her, because he felt that he would never have another chance in a small mountain village like this. Any relationship!

"Brother Chen Ping, don't you recognize me? I'm Yun'er, and this is Dashi Village..."

Yun'er looked at Chen Ping's confused look and said quickly!

Chen Ping finally remembered, and then asked in confusion: "Yun'er, I...why am I here?"

Chen Ping could only remember that he was sucked up by a huge suction force, followed by the shouts of Huofeng, Su Yuqi and the others, chasing after them!

He didn't know that the black hole was the passage leading to the heaven and human world. Now it seems that he has arrived in the heaven and human world!

"Brother Chen Ping, you were seriously injured. Brother Ali and I found you while hunting, so we rescued you. You have been in a coma for three days and three nights, and I was afraid you wouldn't wake up!"

Yuner said!

Chen Ping felt a little stronger at this time. With Yun'er's help, he sat up from the bed. He was still a little confused now!

Chen Ping carefully recalled everything he could remember!

The spiritual energy revived, Taoism began, and Mr. Shi disappeared.....

"Yes, God King Bow. Where is my God King Bow?"

Chen Ping suddenly remembered that he had not had time to put the God King Bow into the storage ring before he fell into coma. Now that he had come to the world of heaven and man, where was the God King Bow?

You must know that this is a divine weapon. Without the God King's Bow, Chen Ping would not be able to stop Wen Haotian!

Although Chen Ping was not strong enough and the God King's bow failed to hurt Wen Haotian, countless arrow feathers blocked Wen Haotian's footsteps, allowing Mr. Shi to successfully prevent the person in the copper coffin from being resurrected!

Upon hearing this, Yun'er knew that Chen Ping was looking for his own weapon, and hurriedly said: "Brother Chen Ping, are you looking for your own weapon? I have hidden it for you, and I will give it to you right now..."

Yun'er said, going to take out the God King Bow and return it to Chen Ping!

But as soon as he reached the door, he was blocked by the old woman!

"Grandma, Brother Chen Ping is awake. I'll get him a weapon..."

Yuner said happily!

“Yun’er, don’t move that bow for now. You go out first. I have something to ask him!”

Chapter: 4076

The old woman said!

When Yun’er heard this, she felt a little unhappy. After all, it was Chen Ping’s weapon. If someone wanted his own weapon, why not give it to him?

Seeing that Yun’er didn’t move, the old woman’s face turned cold and said: “Get out...”

The old woman’s sudden reprimand made Yun’er instantly startled, and tears flowed out!

Because for so many years, the old lady had always taken good care of her and never reprimanded her!

Although the two people are not related by blood, they are like relatives.

The old woman seemed to feel Yun’er’s grievance. Her cold face softened a little and said: “Yun’er, you go out first. I really have something to tell you, Brother Chen Ping. It’s difficult for you, Brother Chen Ping, to stand up by yourself now. Please take your weapon.” If you give it to him, he won’t be able to pick it up, so just leave it for now!”

“Oh!” Yun’er nodded, then glanced at Chen Ping, who also signaled for Yun’er to go out!

Although Chen Ping didn’t know what the old woman was talking to about him, she probably wouldn’t harm him. After all, he had been in a coma for so many days. If she wanted to harm him, she would have done it long ago!

After Yun’er went out, the old woman walked into the room. Although she was blind, Chen Ping still felt a coercive force from the old woman!

“Who are you?” the old woman asked Chen Ping.

“Who are you?” Chen Ping asked back!

After all, this old woman is from the demon clan, but she lives in a small human mountain village. This makes Chen Ping a little incredible!

The old woman also knew that Chen Ping knew her identity, so she did not hide it: “I am from the Demon Blood Flame Castle. Because the demons of our lineage were hunted down, I have lived in this small mountain village anonymously for decades. Got it!”

Chen Ping saw that the old woman was quite sincere. Although Chen Ping didn’t know where the Demonic Blood Flame Castle was, let alone why the people in the Blood Flame Castle were being hunted, he looked at the old woman and it didn’t look like she was lying!

“I am from the secular world!”

Chen Ping also confessed to the old lady!

“You’re talking nonsense!” As soon as Chen Ping finished speaking, the old woman reprimanded loudly: “How can you be from the secular world? You have the God King’s Bow in your hand. It is a divine weapon in the heaven and human world. How many people want to get it? It all comes back in vain, how can you, a person in the secular world, have the God King’s Bow?”

In the old woman’s opinion, so many masters in the world of gods and humans wanted to get the God-King Bow, but none of them could get it. How could Chen Ping, a person from the secular world, get the God-King Bow so easily?

“I do come from the secular world. As for how I obtained the God King’s Bow, that is my own business and I have no comment.”

Although Chen Ping felt that this old woman would not harm him, it was impossible for him to tell her everything!

“Then what happened to your injuries?”

“Your essence and blood are almost burned out, and the muscles and veins in your body are severed. Your consciousness has collapsed, and your Dantian is empty. You are just a shell now!”

“I didn’t expect that you would be able to wake up after only three days. If it were anyone else, you would be dead by now!”

Chapter: 4077

The old woman asked Chen Ping.

“I was injured by an enemy in the secular world. As for how I came here, I don’t know very well. I only know that I was sucked into a black hole, and then I appeared here and was saved by Yun’er!”

Chen Ping said!

The old woman did not speak, but frowned slightly. After a while, she said: “Since you have saved Yun’er’s life, just stay here. In your current situation, you will die if you walk out of here!”

“As for the God-King Bow, I asked Yun’er to hide it. In your current situation, the God-King Bow will only bring disaster to you!”

“After you recover, I will ask Yun’er to hand over the Divine King’s Bow to you. Don’t worry. Although the Divine King’s Bow is a treasure of divine weapons, I will never be greedy for it.”

After the old woman finished speaking, she turned around and walked out, but when she reached the door, she suddenly stopped and warned Chen Ping: “Even if you wake up, don’t walk around at will, let alone leave Dashi Village, so as not to harm the villagers here. Bringing catastrophe!”

After the old woman left, Chen Ping felt that the old woman was not a bad person. A demon actually cared about the life and death of this small mountain villager!

Chen Ping sat quietly, slowly recalling what happened when he was sucked into the black hole.

“I don’t know where Yuqi and Huofeng were transported to the world of heaven and humanity...”

Chen Ping was a little worried.

“Master, master...” At this time, the voice of Sword Spirit Zhongli came from Chen Ping’s mind!

“Zhongli, how are you?”

Chen Ping asked quickly!

Sword Spirit Zhongli also suffered a lot of damage at that time!

“Master, I’m afraid it will be difficult for me to leave your body and protect you in a short time.”

Zhongli said.

“You should take a good rest yourself. When I regain some strength, I will go find Master Hammer and ask Master Jian to help you repair it in the Sword Washing Pond!”

Chen Ping comforted Zhongli!

“Master, your aura is very weak now, you should take care of yourself.”

Zhongli said worriedly!

At this time, Yun’er walked in with a bowl of hot noodles. Chen Ping stopped talking with Zhong Li. If Yun’er found out about this, she would definitely think that Chen Ping was crazy!

“Brother Chen Ping, you have been in a coma for several days. Eat something to replenish your body. I put monster meat in it to enhance your physical fitness.”

“If grandma finds out, she will definitely scold me. These monster meats are to be taken to the town to be exchanged for spiritual coins.”

Chapter: 4078

Yun'er smiled lightly at Chen Ping and said!

Chen Ping looked at the innocent Yun'er with gratitude in his eyes. If it weren't for Yun'er, he would definitely have died in the wilderness of the Heavenly Realm this time!

Chen Ping took the wrist noodles, looked at the pieces of monster meat inside, and said to Yun'er: “Yun'er, when I recover, I will give you endless amounts of monster meat and a small mountain of monster meat.” Dan...”

“Brother Chen Ping, I don't need you to give me anything. Just take good care of yourself. I will go hunting with Brother Ali, otherwise we will all starve!”

After Yun'er finished speaking, she turned around and left!

After Yun'er left, Chen Ping stayed in the room and slowly recovered!

After examining his body, Chen Ping frowned slightly. At this time, his body's muscles and veins were severed, his consciousness was severely injured, his Dantian was empty, and even the dragon crystal had lost its luster!

“You can still survive in this situation...”

Chen Ping himself was surprised. Even his essence and blood were almost burned out. He didn't expect to survive!

This all depends on Chen Ping's physical body. Although Chen Ping's strength is now gone, Chen Ping's physical body has no effect!

Now even if someone from the out-of-body realm comes, there is nothing Chen Ping can do. After all, this realm cannot hurt Chen Ping's physical body at all!

Being able to save his life in the hands of Wen Haotian this time is already a miracle among miracles.

"Fortunately, there is plenty of spiritual energy in the human world today, so it should be no problem to recover slowly!"

Chen Ping comforted himself. He was really afraid that after this time, his strength would never be as good as before!

At this time, Chen Ping was still thinking that after he regained his strength, he would find Su Yuqi and Huofeng, then open the passage and return to the secular world!

He didn't know that the secular world had already activated the protection mechanism, and that the passage from the heavenly world to the secular world would not be able to be opened within a year!

Chen Ping sat quietly on the bed. Fortunately, there were no masters around this small mountain village. Chen Ping relied on this body to protect himself!

But if he leaves here, Chen Ping doesn't know who he will meet.

For three days in a row, Chen Ping was slowly operating the Heart Condensation Art to regulate his body. At this time, Chen Ping's Dantian already had some spiritual power, which made Chen Ping extremely happy!

In the past three days, Yun'er would go hunting with Ali and the others every day. Every time she came back, she would look at Chen Ping, and when cooking, she would put monster meat in Chen Ping's rice bowl. Yun'er and The old lady just ate some vegetables!

Chen Ping knew that the people in Dashi Village lived in poverty, especially Yun'er's family. It seemed that Ali took care of Yun'er, taking her with him every time he went hunting so that she could benefit from it!

If no one cares about it, how can Yun'er, a seventeen or eighteen-year-old girl, take care of a blind old woman?

"Brother Chen Ping, please eat quickly. Grandma and I don't like eating meat. You have to eat more to replenish your body!"

Yun'er said happily when she saw that Chen Ping's complexion was getting better and better!

Chapter: 4079

"Well, I'll eat..."

Chen Ping nodded!

Chen Ping himself also wants to regain his strength as soon as possible so that he can help Yun'er. However, with his current strength, no one in Dashi Village can beat him. Even Ali is no match for Chen Ping!

Looking at Chen Ping gobbling up the food, Yun'er laughed!

"Yun'er, do you want to go hunting every day?"

Chen Ping asked Yun'er!

He wanted to know more about Dashi Village and its environment. Chen Ping had only passed by here at that time and had no idea about Dashi Village at all!

"Of course, if we don't go out hunting every day, what will we eat? And I have to sell the animal skins and animal elixirs to pay for it, so I can hire the best doctor in town to treat grandma's eyes!"

Yun'er said very optimistically!

“Yun’er, don’t worry about grandma’s eyes. You must not work yourself too hard. My eyes can’t see well. Don’t waste your efforts!”

The old woman persuaded Yun’er!

“Grandma, don’t worry about it. I’ve already inquired about it. Doctor Zhang has returned to town. I’ll ask him to treat your eyes when I have time!”

Yun’er smiled slightly and said!

Seeing Yun’er’s optimistic attitude, Chen Ping was deeply moved. Under such difficult conditions, Yun’er, a seventeen or eighteen-year-old child, could still be so optimistic!

After eating, Yun’er went hunting again with the people in the village, while Chen Ping stayed in the room to practice!

Chen Ping hasn’t said a word to the old lady in the past few days. Both of them are somewhat wary of each other!

When Chen Ping finished practicing and opened his eyes, it was already dark outside, but Yun’er didn’t call him to eat!

Usually by this time, Yun’er would have already returned from hunting and called him to eat!

But now there was no movement, so Chen Ping got up and walked out!

When he walked out, he found that the old woman was already standing at the door of the yard, looking a little anxious, as if she was also waiting for Yun’er to come back!

“It shouldn’t be. Yun’er has never come back so late?”

“You won’t be in any danger, right?”

The old woman was talking to herself while walking!

Just when Chen Ping was about to step forward and ask what was going on, a little boy in his teens ran over shirtless, shouting as he ran: “It’s not good, our prey has been killed.” It’s been a robbery, Brother Ali and the others were also arrested, everyone get your weapons and go rescue people...”

Chapter: 4080

With the little boy shouting, many people quickly gathered in Dashi Village, including men and women, old and young, but everyone had weapons in their hands!

And after the old woman heard that Yun’er and the others had been robbed, her expression became obviously more anxious!

“Kid, what happened?”

Chen Ping stopped the little boy and asked!

The little boy glanced at Chen Ping, and then said: “Brother Ali, Sister Yun’er, they were lucky today. They hunted a demon tiger, but they were stopped by people from Daqing Village next door. They wanted the demon tiger. Ah If Brother Li doesn’t give it, we’ll start fighting.”

“Brother Ali and Sister Yun’er were both injured and were detained by them. I escaped back and called someone to rescue them.”

When Chen Ping heard that Yun’er was injured, a killing intent instantly surged from his body. This killing intent made the little boy tremble all over, and Chen Ping didn’t dare to move at all!

Upon seeing this, Chen Ping quickly put away his murderous intent and said to the little boy: “Kid, what’s your name? Now take me and rescue Yun’er and the others!”

“My name is Zhuzi. It’s definitely not possible for just the two of us. I want to go find the old village chief.”

Zhuzi said and ran towards a house!

When Chen Ping saw this, he could only follow him. Now only Zhu Zhu knew where Yun’er and the others were.

Soon, Chen Ping followed Zhu Zhu into the house and saw a skinny old man inside, smoking a cigarette, sitting on a chair!

This man is the old village chief of Dashi Village. Later, because of his old age, he passed the position of village chief to young Ali!

However, the old village chief is still very prestigious in Dashi Village. If Ali is not around, Dashi Village still has to ask the old village chief for advice.

The old village chief glanced at Chen Ping and showed no surprise. It seemed that Chen Ping had been in Dashi Village for a few days and everyone knew about him!

“Zhuzi, what happened? I heard you yelling outside!”

The old village chief asked to the pillar!

“Old village chief, Brother Ali and Sister Yun’er hunted a demon tiger, but they were robbed by people from Daqing Village. They also injured Brother Ali and Sister Yun’er. Now they are all detained. Living!”

Zhu Zhu said anxiously!

“What?” A cold light suddenly shot out from the old village chief’s eyes, and he dropped the cigarette in his hand on the table: “These beasts in Daqing Village are always against us, and now they are openly robbing things and beating people. ”

“You immediately gather everyone in Dashi Village and fight with them...”

After the old village chief finished speaking, he bent down and pulled out a big knife that was already rusty from under the table!

“Wait a moment.....”

Chen Ping stopped the pillar and then asked the old village chief: “Old village chief, how about comparing the strength of our Dashi Village with that of Daqing Village?”
