

The Order 4081

Chapter: 4081

“What else can we do? The population of Daqing Village is twice that of ours, and it is also stronger. They often bully our village and we can only swallow it!”

Before the old village chief could speak, Zhuzhu spoke!

“Zhuzhi, shut up!” The old village chief yelled at Zhuzhi, then looked at Chen Ping and said: “Although our Dashi Village is not as strong as Daqing Village, we are by no means easy to bully. Even if we risk our lives today, We must also rescue Ali and others from the people of Daqing Village.”

The old village chief looked really angry. As the saying goes, rabbits bite when they are angry!

“Old village chief, since our Dashi Village is not as strong as that of Daqing Village, if you take people there rashly like this, you will definitely suffer a lot of losses. Maybe the people in Dashi Village will suffer heavy casualties!”

Chen Ping hurriedly persuaded the old village chief!

“Then what should we do? Are we going to watch Daqing Village bully people and watch them arrest our people without saving them?”

The old village chief glared at Chen Ping and shouted!

“Old village chief, I didn’t say not to save them. You don’t have to take the whole village with you. Let Zhuzhi take me to the place where Yun’er and the others were captured. I can save them myself!”

Chen Ping said to the old village chief!

“Just you?” The old village chief looked Chen Ping up and down: “I know you were very powerful before, but now you are like a useless person, how can you save others?”

When Chen Ping was rescued back to Dashi Village, his muscles and veins were all gone, his essence and blood were burned out, and even his breath was extremely weak!

It's good that Chen Ping is alive now, but he still wants to save people?

It's obvious that the old village chief doesn't believe it at all!

"Old village chief, are you willing to watch the men, women, and children in your village die miserably? I hope you can believe me, and I will definitely rescue them for you!"

Chen Ping assured the old village chief!

Although Chen Ping has only recovered a small part of his strength, it is more than enough to deal with the nearby villagers!

It's as simple as an adult spanking a child!

Chen Ping discovered that Ali, the most powerful man in Dashi Village, was just a monk who had just entered the realm of transformation. In the realm of warriors in the secular world, he was at best a great martial prince!

Even if Chen Ping regains a little bit of strength, he can beat Da Wuhou.

"Can you really save people?" The old village chief looked at Chen Ping in disbelief!

"Old village chief, it was Yun'er who saved me and let me stay in Dashi Village. And you villagers in Dashi Village didn't make things difficult for Yun'er. Driving me away means that Dashi Village is kind to me. How could I lie to you?!"

Chen Ping said with sincerity!

The old village chief looked at Chen Ping like that, nodded after a moment and said: "Okay, let Zhu Zhu take you there, but if you encounter danger, you must come back immediately!"

Chapter: 4082

"I understand, thank you, old village chief..."

Chen Ping said very gratefully!

In fact, the old village chief also knew that even if he brought all the people from Dashi Village, it would only increase casualties. Maybe their Dashi Village would be destroyed from now on!

Since Chen Ping was so committed, the old village chief decided to let Chen Ping give it a try!

"Zhuzi, let's not waste any time, let's go quickly..."

Chen Ping urged towards the pillar!

Zhuzi glanced at the old village chief, who waved his hand and said: "Go, pay attention to safety..."

Zhu Zhu nodded, and then led Chen Ping out of the room!

When Zhuzi passed by the door of his house, he took out a long knife as tall as himself and a bow and arrow from the room.

"Let me see the people in Daqing Village and I'll shoot them to death..."

Zhuzhu gritted his teeth and seemed to hate the people of Daqing Village!

"Zhuzi, do people from Daqing Village always bully you?"

Chen Ping asked.

“No, they rely on their numbers and strength to always bully us. Originally, in this mountain range, we each have our own hunting grounds!”

“But Daqing Village expands their territory every year, pushing our Dashi Village hunting ground to the edge, and it’s getting smaller and smaller.”

“Every time I go out, I come back with very little harvest, so the people in our village are getting poorer...”

Zhuzhu introduced!

When Chen Ping heard this, it seemed that Daqing Village and Dashi Village were still feuding, both for the purpose of robbing resources!

“The people in Daqing Village were just robbing things, so why did they hurt people? Why did he catch Yun’er and the others?”

Chen Ping was very puzzled. Since it was for resources and there was no other hatred, just taking the things away, why did he still arrest people!

“Brother Chen Ping, you don’t know at all that the people in Daqing Village are bad. They arrest our people just to get things to ransom. Moreover, they will secretly attack our village and steal our things. We The watchtower in the village is to prevent sneak attacks from Daqing Village.”

“They not only robbed things, but also killed people. My father was killed by people from Daqing Village...”

As Zhu Zhu said that, he actually started to cry!

When Chen Ping saw it, he immediately stepped forward and stroked Zhu Zhu's head, and then asked: "How can the people in Daqing Village be so bad? They are simply bandits..."

Chapter: 4083

"They were originally bandits. In the past, Daqing Village was a bandit village. Later, because of Daqing Village's good location and wide hunting grounds, it gradually attracted many people to settle down, so the current Daqing Village was formed."

Zhuzhu explained!

When Chen Ping heard this, he immediately understood. No wonder these people in Daqing Village were so cruel. They turned out to be a group of extremely vicious bandits!

Chen Ping and Zhu Zhu were chatting and walking, and soon arrived at the foot of the mountain range.

There are monsters at the foot of the mountain from time to time, but they are usually small monsters with lower levels and not very valuable, so in order to capture the large monsters, Ali and the others will go deeper into the jungle!

"Brother Chen Ping, the place ahead is where we were robbed. I just don't know if Brother Ali and the others are still there!"

"But we can't go deep into the mountains, because there are many powerful monsters inside, and their strength is very terrifying!"

"But this kind of monster is also very expensive. Beast elixirs and beast meat can be sold for a lot of money."

"When I practice hard and become stronger, I will go to the depths of the mountains to hunt monsters in exchange for money. Then I will trample the people of Daqing Village under my feet."

Zhuzhu looked serious, with yearning in his eyes!

He yearns for strength and one day becomes a strong man!

“When I recover, I will take you to hunt high-level monsters!”

Chen Ping touched Zhu Zhu’s head and said!

“Brother Chen Ping, I heard from people in the village that you are a very strong man. Even the stone houses in our village cannot trap you. Is it true?”

Zhu Zhu looked at Chen Ping and asked.

Chen Ping nodded: “Yes, it’s true...”

“Damn it, Brother Chen Ping, are you really that awesome? Please teach me how to practice. I want to be as strong as you.” After Zhu Zhu finished speaking excitedly, the excitement on his face soon disappeared and he said, “You are so strong, and was beaten almost to death, it seems you are not the strongest, I want to be the strongest!”

Chen Ping smiled and touched Zhu Zhu’s head and said, “I believe you will definitely become the strongest.”

The pillars are small, so maybe they don’t even know what the strongest person is like!

Zhu Zhu walked with Chen Ping for a while, then looked around, then looked at a tree carefully, then frowned and said, “It’s right here, why is there no one there?”

“Zhu Zhu, what’s wrong?” Chen Ping asked!

“Brother Chen Ping, Brother Ali and Sister Yun’er were arrested here, but there is no one there now. I marked them on the tree.”

Zhuzhu pointed to a mark on the tree and said!

“Maybe these people have left and taken people to Daqing Village?”

Chapter: 4084

Chen Ping asked.

“It’s possible. If they are taken to Daqing Village, it will be troublesome. We won’t be able to rescue them. We have to give them spiritual coins!”

Zhuzhu said with a melancholy look on his face!

“Zhuzi, do you know where Daqing Village is?”

Chen Ping asked.

“Of course I know. We can pass through here and then go around the hill to get there. But it will probably be dark when we get to Daqing Village.”

“Besides, it’s just the two of us. Even if we get to Daqing Village, we can’t do anything. Maybe we both will be arrested too!”

Zhuzhu said!

“Is there no shortcut to Daqing Village? Do you have to take such a long detour?” Chen Ping didn’t understand why he took a detour to Daqing Village!

“Of course there is a shortcut. We can go directly through this mountain range, but the monsters deep in this mountain range are too powerful and dangerous, so no one takes it!” Zhuzhu said!

“It’s okay, you take me there. If it takes too long, Yun’er and the others might be in danger!”

Chen Ping said very confidently!

Zhuzi looked at Chen Ping, then nodded, and led Chen Ping towards the depths of the mountains!

As they continued to go deeper, the aura of the surrounding monsters became stronger and stronger. Zhuzhu held a long knife in his hand, and his nervous forehead was covered with cold sweat!

“Zhuzi, don’t be so nervous, I will protect you!”

Chen Ping saw that Zhu Zhu was too nervous, so he comforted him!

But just as he finished speaking, he saw a demon wolf flash past. Zhuzhu quickly bent his bow and prepared an arrow to shoot, but was stopped by Chen Ping, because Chen Ping could see that the demon wolf was not coming for the two of them. , and the demon wolf’s mouth is full of blood!

This must be because the demon wolf was full and had no interest in Chen Ping and the others, so it passed by without attacking!

“The smell of human blood, someone in front must be injured!”

After the demon wolf flashed past, Chen Ping smelled the strong smell of human blood from the demon wolf!

“Human blood? It can’t be Ali Ge and the others, right?”

Zhuzhu said nervously!

“Let’s go and have a look...” Chen Ping took the pillar and followed the smell of blood to find it!

Soon they found an unrecognizable corpse that had been eaten. It was obvious that the corpse had been eaten by the demonic wolf just now!

Chapter: 4085

“Wow.....”

Seeing this corpse, Zhu Zhu vomited directly. He was a child after all and had never seen such a bloody scene!

Chen Ping frowned slightly and bent down to examine it carefully. However, because it was completely unrecognizable, Chen Ping could not identify who the corpse was!

“Zhuzi, do you think this is a person from Dashi Village?” Chen Ping asked Zhuzi!

Zhuzi could only cover his mouth and nose, resisting a glance, and then shook his head: “No, these are people from Daqing Village. You can tell by their clothes!”

“Why do people from Daqing Village appear here?”

Chen Ping frowned slightly, confused: “Did the people from Daqing Village capture Yun’er and the others, and instead of returning to Daqing Village, they went deep into the mountains?”

Chen Ping thought for a moment, then stood up and took a look at the unrecognizable corpse. This is the world of heaven and humanity that everyone in the secular world longs for, but the people here are struggling all day long for food and clothing!

“Brother Chen Ping, is it possible that the people in Daqing Village are using Brother Ali and the others as bait in order to capture high-level monsters?”

Zhu Zhu also asked in confusion!

“If people from Dashi Village were used as bait, how could it be that people from Daqing Village died here? We’d better catch up and take a look!”

After Chen Ping finished speaking, he took Zhuzhu and sped up!

Along the way, Chen Ping kept observing the surroundings. He saw blood stains on some trees, and it was human blood. If he followed the blood stains and looked for them, he should be able to catch up!

“Ouch.....”

Suddenly, just as Chen Ping was chasing Zhu Zhu all the way, a demon wolf rushed over instantly, staring at Chen Ping and Zhu Zhu with two ghastly eyes, and the demon wolf’s mouth was also full of blood!

But it seemed that the demon wolf was not full, so it focused on Chen Ping and Zhu Zhu!

The aura exuded by this wolf demon was very terrifying, which made Chen Ping frown slightly!

“It seems that my strength recovery is still too little, and I was not able to detect this demonic wolf in advance.”

Chen Ping murmured to himself!

With Chen Ping’s ability, if he had not been injured, Chen Ping would have been able to sense the terrifying aura of the demon wolf very quickly, even if he was several miles apart!

But now that the demon wolf was in front of him, he realized that his apparent strength had recovered too little, and his consciousness had not recovered either!

Zhu Zhu held a long knife and looked at the demonic wolf in front of him. His legs began to tremble violently. He was scared to death!

How can he and Chen Ping deal with this demonic wolf now?

Chen Ping stretched out his right hand and grabbed the void, instinctively wanting to grab the Dragon Slaying Sword in his hand!

Chapter: 4086

Unfortunately, the Dragon-Slaying Sword did not appear. The sword spirit Zhongli was injured and was recovering from his injuries. Chen Ping forgot about it!

Zhuzi on the side looked at Chen Ping's open right hand and kept grabbing it. He thought that Chen Ping had no weapons and was asking for one, so he handed the long knife in his hand to Chen Ping's hand!

Chen Ping looked at the long knife and could only smile lightly. Having a long knife in hand is better than bare hands!

"Roar....."

The demon wolf roared angrily, and then its body turned into an afterimage and rushed towards Chen Ping. The demon wolf was very fast.

When Zhuzhu saw this, he was so frightened that he backed away and turned pale!

Chen Ping was holding a long sword and was ready. After all, Chen Ping himself didn't know how much strength he had recovered!

Moreover, the damage caused by his burning essence and blood was too great. I don't know if it would be possible to restore everything to the past!

However, Chen Ping's body is hard enough. Even if he cannot defeat the demon wolf, it is impossible for the demon wolf to eat Chen Ping. The demon wolf's teeth cannot break through the defense of Chen Ping's body!

The demon wolf came to Chen Ping, and Chen Ping focused his spiritual power on the long knife in his hand, and then slashed hard with the long knife on one side of his body!

Stab...

The demon wolf's body passed over Chen Ping's head, and a large amount of blood spurted out from the demon wolf's belly!

The knife that Chen Ping just struck directly cut through the belly of the demon wolf, and all the intestines in the body flowed out.

Although Chen Ping has only recovered part of his strength, he can still easily handle a demon wolf!

The demon wolf fell to the ground, howling in pain, looking at Chen Ping with horrified eyes, then desperately got up and ran away!

Whoosh.....

Just as the demon wolf stood up to run, an arrow flew towards the demon wolf in an instant, hitting the demon wolf's head directly!

The arrow feathers were shot from a pillar. When he saw Chen Ping disemboweling the demon wolf easily, he was no longer so afraid.

The demon wolf that was shot in the head didn't even cry out, it just became silent!

"Zhuzhu, your archery skills are pretty good!"

Chen Ping looked at the pillars and praised!

"Brother Chen Ping, you are still awesome. If it weren't for you, I wouldn't even dare to move my bow!"

Zhu Zhu looked at Chen Ping with admiration!

Then Zhuzhu walked up to the demon wolf, took out a dagger, and skillfully took out the demon wolf's beast pill.

Chapter: 4087

Then Zhuzi peeled off the demon wolf's skin. As for the demon wolf's meat, there was no way to get it. After all, Chen Ping and the others still had to go deep into the mountains, and Zhuzi couldn't carry the demon wolf on his back!

However, this demon wolf meat is also worth some money. Zhuzi is a little reluctant to part with it, but there is nothing he can do about it.

Looking at Zhu Zhu's reluctant look, Chen Ping smiled lightly and said, "Take this demon wolf meat with you!"

After Chen Ping finished speaking, he threw the demon wolf directly into the storage ring.

Seeing that the demon wolf in front of him suddenly disappeared, Zhu Zhu asked in surprise: "Brother Chen Ping, what spell did you use? Why did the demon wolf disappear?"

"I just put the demon wolf in the storage ring. When I get back to Dashi Village, I will take it out. You can sell it for some money!"

Chen Ping smiled slightly and said!

"Storage ring? This is a good thing..."

Zhuzi's face was full of excitement, knowing that this demon wolf could be sold for a lot of money!

Chen Ping continued walking forward with the pillar, and soon found a person lying under the big tree, but this person was still breathing weakly. His lower body had been eaten clean by the demon wolf, and the ground was covered with blood!

When Zhuzi saw this person, he was stunned, and then he cried and shouted: “Brother Shuanzi, Brother Shuanzi, what’s wrong with you? Where are Brother Ali and the others?”

Zhuzhu stepped forward, looking at the person in front of him and asked with some confusion!

And Shuanzi opened his eyes and looked at the pillar, opened his mouth, wanted to say something, but couldn’t say a word, he was too seriously injured!

When Chen Ping saw this, he knew that he was from Dashi Village. He hurried forward and a burst of spiritual energy penetrated Shuanzi’s body. Shuanzi took a breath and said, “Zhuzi, go quickly and save Ali and the others. They went deep into the mountains...”

“Don’t be impatient and tell me slowly what happened. Weren’t you captured by people from Daqing Village?”

Chen Ping wanted to know what happened to Yun’er and the others!

Shuanzi licked his dry lips, and Chen Ping quickly took out the water bottle and gave him a few sips, but Shuanzi soon spat it out. He was too injured and couldn’t drink the water.

“We were caught by people from Daqing Village, but these people from Daqing Village wanted to hunt high-level monsters, so they used us as bait and drove us deep into the mountains!”

“As a result, we were attacked by a demon wolf. Ali took us out of control. In order to get rid of the people in Daqing Village, we had to run all the way deep into the mountains.”

“The people from Daqing Village are chasing after us. Along the way, we have to avoid the people from Daqing Village and fight with the demon wolves. Ali and the others must be very dangerous now. The front is the territory of the demon wolf group. If we encounter a group of demon wolves, Wolf, then no one will survive!”

“Go quickly, go save Ali and the others, and leave me alone. I know I won’t survive!”

Shuanzi urged Chen Ping and the others to hurry up and save Ali and the others!

Chen Ping glanced at Shuanzi and knew that there was no way Shuanzi could survive in this environment, but he still comforted him: "You hold on here, we will rescue Ali and the others and take you back to the village for treatment. . . ."

After Chen Ping finished speaking, he stood up and was about to chase forward with the pillar, but he was held back by the bolt!

Chapter: 4088

"I know my own situation. I don't want to wait for death quietly like this. Can you give me a break?"

Shuanzi looked at Chen Ping with pleading eyes!

Rather than bleeding out like this and dying of pain, it's better to have a good time!

Chen Ping looked at Shuanzi's pleading eyes and felt very unbearable in his heart, but now besides making Shuanzi suffer less pain, he couldn't do anything else!

Finally, Chen Ping slowly put his hand on Shuanzi's head, and then a burst of spiritual power passed through Shuanzi's head!

There was a smile on Shuanzi's lips and he slowly closed his eyes!

"Brother Shuanzi..."

Zhuzhu cried loudly!

Chen Ping's eyes also became moist. Although he and Shuanzi didn't know each other, they didn't have any feelings!

But these days in Dashi Village, Chen Ping also regards himself as a member of Dashi Village, and the villagers of Dashi Village are his relatives!

“Zhuzi, stop crying, let’s go...”

Chen Ping knew that this was not the time to feel sad, so he took the pillar and quickly went deep into the mountains!

At the same time, a dozen men with full aura and well-equipped weapons looked at the jungle in front of them and did not dare to step into it again!

These people are all from Daqing Village, and the weakest of these people are Nascent Soul monks. There are also many Transformation monks among them. It seems that their strength is indeed much stronger than the people of Dashi Village!

“Brother, the front is the territory of the Demonic Wolf Clan, should we pursue it?”

A man walked up to the leading strong man and asked in a low voice.

“You’re chasing a bullshit and entering the territory of the demon wolf clan. Just the likes of us are not enough for the demon wolves to fill our teeth.”

“These guys from Dashi Village ran in. It is estimated that even the whole body is gone now. Let’s go back!”

After the leader finished speaking, he turned around and prepared to return with his men!

But just as he turned around, he ran into Chen Ping and Zhuzi who were rushing over!

When Zhuzi saw these people, he immediately trembled with fright, and said with a pale face: “Brother Chen Ping, he... they are the people from Daqing Village, it is these people who captured Brother Ali and the others!”

When Chen Ping heard this, a strong murderous intention instantly surged from his body, and his eyes narrowed slightly as he asked, "Are you from Daqing Village?"

The leading man took a look at Chen Ping and found that he didn't know him at all, but he knew the pillar next to him, so he nodded and said: "Yes, we are from Daqing Village, and you are from Dashi Village? You two dare to Come?"

At this time, the people in Daqing Village regarded Chen Ping and Zhuzi as prey, with a cold light in their eyes!

Chapter: 4089

Feeling this kind of gaze, Zhuzi couldn't stop trembling all over. After all, he was afraid of being bullied by the people in Daqing Village, so his body trembled like a reflex!

But Chen Ping remained motionless, with a gloomy and terrifying look on his face: "Just admit it, where are Ali, Yun'er and the others?"

"They have been eaten by demonic wolves and have been reduced to bones..."

The leading man sneered!

"Impossible, Brother Ali and the others will not die so easily!" Zhu Zhu bravely shouted!

"Impossible?" The leading man raised his lips: "No one who enters the territory of the demon wolf group can come out..."

"Originally, I thought I would get nothing today, but I didn't expect you two to come to my door!"

After the leading man finished speaking, the others surrounded Chen Ping and Zhu Zhu!

Zhu Zhu grabbed Chen Ping's clothes in fear. There were two of them and more than a dozen people on the other side. It was obvious that they were at a disadvantage!

"You are looking for death, and the sky will not spare you..."

Chen Ping's eyes flashed with a murderous cold light, and he was holding the long knife of the pillar in his hand!

And Zhuzi has already set up his bow and shot arrows, ready to fight at any time. Now that this is the case, there is no point in being afraid.

Feeling Chen Ping's murderous intent, the leading man also took out a knife and coldly snorted: "You still want to resist? Follow us obediently. You can still save your life. If you dare to resist, then go to hell." Look for your brother Ali on the road!"

"You talk too much nonsense..."

Chen Ping suddenly swung the long knife in his hand, and everyone felt their eyes blurred, and a ray of light flashed!

Then the leading man's eyes widened and he stood motionless!

At this time, blood began to slowly flow out of the forehead of the leading man. People on the side saw it and hurriedly stepped forward and said: "Brother, your forehead is broken..."

But this man said several times in succession, but the leading man remained motionless, not even blinking!

The people on the side can only give him a gentle push to remind him!

But with just this push, the leading man fell to the ground suddenly, and his body was cut in half, with his internal organs scattered on the floor.

“ah.....”

This sudden scene scared several people into screaming!

None of them expected that Chen Ping would use his sword so fast, let alone split their eldest brother in half with one strike!

“Avenge my eldest brother, kill...”

Chapter: 4090

Someone suddenly shouted, and more than a dozen people reacted and rushed towards Chen Ping!

Chen Ping, holding a long knife in his hand, stepped forward to meet him!

Zhuzi only saw Chen Ping’s figure moving among the crowd like lightning!

In less than a minute, all the dozen or so people from Daqing Village lay on the ground!

These people were all cut down with a knife, leaving no one alive!

Zhuzi was stunned when he saw this scene. He couldn’t believe his eyes. You must know that these people are not weak, some are even higher than Ali, but they didn’t seem to be easily killed by Chen Ping alone. !

Zhuzi didn’t know that Chen Ping had only recovered part of his strength. If he had recovered all his strength, he wouldn’t have to use his hands to kill these people. He could crush these people with just the pressure from his body!

“Zhuzhu, let’s go...”

After killing these people, Chen Ping didn't even look at them. He shouted to Zhu Zhu to leave. He wanted to find Yun'er and the others as soon as possible!

But the pillar was just like the stone statue, standing blankly!

"Zhuzi..." Chen Ping shouted again!

"Oh..." Zhuzi finally realized and hurriedly followed Chen Ping.

At this time, Zhu Zhu was following behind Chen Ping, looking at Chen Ping with admiration in his eyes!

Chen Ping and Zhuzi stepped into the territory of the demon wolf group. As soon as they stepped here, the atmosphere around them changed obviously!

You must know that a single demon wolf is not scary, but a group of demon wolves is scary. These demon wolves are social animals, and group attacks are very powerful!

The single demon wolf that Chen Ping and the others encountered outside was probably driven away by the group, so it was not the strongest. It was easy to deal with it, but it would be troublesome if they encountered a group of demon wolves.

Deep in the territory of the demon wolf group, Ali and others were fighting bloody battles with the demon wolves. Several demon wolves had already died in front of them, but there were more demon wolves eyeing them.

Ali and the others were also wounded all over their bodies and were retreating while fighting. But facing so many demon wolves, it was only a matter of time before they were killed by the demon wolves!

However, the demon wolf leader didn't seem to be in a hurry to kill Ali and the others. He just surrounded Ali and the others with his wolves, constantly pushing Ali and the others deeper into the mountains!

If these demon wolves wanted to kill Ali and the others, all they had to do was swarm up, but the demon wolf leader did not do that. He just sent one or two demon wolves to attack Ali and the others!

“I’m sorry to everyone. It was me who harmed everyone. If we didn’t run in here, we might still have a chance to survive...”

Ali felt very sad when he saw everyone exhausted and covered in blood!

If he hadn’t led everyone to run into the demon wolf’s clan to avoid being chased by the people of Daqing Village, he wouldn’t be like this!

Even if the people in Daqing Village kill them, it is impossible to kill them all, but now these demon wolves will not let any of them go!
