

The Order 4111

Chapter: 4111

Chen Ping glanced at the sign, and then said calmly: "I'm just doing it for convenience!"

After Chen Ping finished speaking, he walked towards the camp, and the sign reprimanded: "I tell you, this is the territory of the demon wolf group. Don't even think about escaping. If you leave the camp, you will definitely be bitten to death by the demon wolf. You're lucky this time, you won't encounter the demon wolf!"

Chen Ping ignored Zhang Biao. After walking back to the camp, Na Lang Feng always appeared in his mind. He didn't understand what this guy wanted to do with him?

Is it because of the aura of the divine beast on his body?

Zhang Biao saw that Chen Ping ignored him, and there was murderous intent in his eyes. His status was something that villagers like Chen Ping could not desecrate!

After the night passed, Wu Feiyu glanced at the white powder he had sprinkled and said to everyone, "Who was on duty last night?"

At this time, a few selected people stood up, including Chen Ping!

"Did any monster come last night?"

Wu Feiyu looked at a few people and asked.

Everyone else shook their heads, only Chen Ping nodded and said: "Yes, a monster has come to the camp!"

"What kind of monster is it?"

Wu Feiyu's expression was obviously a little nervous!

"It's a demon wolf. After approaching the camp, it suddenly got frightened and ran away!"

Chen Ping said truthfully!

Upon hearing that it was a demon wolf, Wu Feiyu's expression relaxed a lot, but Chen Ping was a little strange. This was the territory of the demon wolf group. Are there other demonic beasts haunting it?

"Okay, get your belongings and let's go..."

After Wu Feiyu finished speaking, he walked straight forward!

"Set off....."

Zhang Biao waved his hand and led everyone to go deeper.

From time to time, the roar of a demon wolf would be heard, and everyone's hearts would be in their throats!

But not long after everyone was marching, Wu Feiyu suddenly frowned and asked everyone to stop quickly!

Then a breath came from not far away, and then several figures appeared!

Everyone looked at each other in surprise. They didn't expect to see humans here. Villagers who usually hunt would not come here!

When Wu Feiyu and Zhang Biao saw the coming person, their expressions became even more solemn!

Chapter: 4112

“Wu Feiyu, you seem to be a little late...”

A man with a short beard looked at Wu Feiyu and said with a faint smile!

“Ning Can, you seem to have just arrived here, right? You’re not much faster than me!”

Wu Feiyu said with a gloomy face!

The man named Ning Can just smiled, then glanced at the people behind Wu Feiyu, and said with a slight mockery: “You just bring these people here, there is no way you can collect agrimony!”

“Whether you can pick it or not, I don’t need to worry about it. You must have come here for the agrimony, so let’s see who can get the agrimony!”

Wu Feiyu’s eyes were slightly focused, full of hostility!

“You want to compete with me?” Ning Can smiled, and then said: “Let me tell you, it is impossible for you and me to get the agrimony, because I understand that the spiritual beasts guarding near the agrimony are bloodthirsty beasts. It’s just not something we can deal with.”

Ning Can’s words immediately shocked the people who came with Wu Feiyu. They only knew that they were following to collect medicines. As for what medicines to collect, they had no idea what dangers they would encounter!

But now they know that what they are coming to pick is actually fairy grass, and it is also protected by bloodthirsty beasts. Just for these people, aren’t they here to die in vain?

Everyone’s body is trembling slightly, but there is nothing they can do. They are already here, and it is impossible for them to withdraw. Even if they withdraw, they will not be able to get out of this mountain range!

Wu Feiyu felt the panic of those behind him. He knew that Ning Can said this deliberately to confuse the hearts of these people!

“That’s because you can’t deal with it. As for whether I can deal with it, you’ll know later!”

Wu Feiyu’s eyes were full of confidence, and he was doing this to give confidence to the people who followed him!

However, Wu Feiyu did have a way to deal with the bloodthirsty beast, but it was impossible for him to tell Ning Can about this way!

“Do you have a way to deal with that bloodthirsty beast?” Ning Can asked in surprise when Wu Feiyu said this!

“I said, you don’t have to worry about it. If you don’t have the ability, then go back and save yourself from being buried here!”

After Wu Feiyu finished speaking, he led everyone to continue walking forward!

Seeing Wu Feiyu leading the people away, Ning Can’s eyes were filled with anger.

“Sir, what should we do?”

At this time, a servant behind Ning Can came forward and asked.

“Let’s follow. I want to see what the Jade Cauldron Sect can do to deal with the bloodthirsty beast!”

Ning Can followed directly!

When Wu Feiyu found out that Ning Can and others were following him, he frowned tightly!

Chapter: 4113

“Senior brother, this Ningcan is like a dog-skin plaster that sticks to us. What should we do?”

Zhang Biao said to Wu Feiyu!

“Let him follow, I will make him look good in a while...”

After Wu Feiyu finished speaking, he quietly changed the direction of travel!

“Hu Zhuang, do you know those people just now?” Chen Ping asked Hu Zhuang!

“I know you. The person who spoke is the son of the Ning family. The Ning family is also a wealthy family in this area, but it seems that the relationship with the Jade Cauldron Sect is not good!”

Hu Zhuang whispered!

“We all need to be careful, it looks like there may be a fierce battle soon!”

Chen Ping has discovered that Wu Feiyu deliberately changed his route, definitely to lure Ning Can and others who were following behind!

After everyone had been walking for about a few hours, the roars of demonic wolves began to sound around them, and the roars became louder and louder!

Waves of demonic wolf aura swept in one after another like ocean waves!

Feeling the aura of the demon wolf group, everyone turned pale with fear. Even Zhang Biao said nervously: “Brother, we... have we walked into the circle surrounded by the demon wolf group?”

Wu Feiyu nodded: “Yes, I walked in on purpose!”

Zhang Biao looked at Wu Feiyu in disbelief, but Wu Feiyu soon took out a cloth bag and explained: "I have wolf repelling powder here, which can drive away the demon wolves. We will not be attacked."

"I want Na Ningcan to be buried among the wolves!"

After Zhang Biao finished speaking, he handed the wolf repelling powder to Zhang Biao: "Distribute it and let everyone sprinkle it on their clothes!"

Zhang Biao nodded, then distributed the wolf-repelling powder, and told everyone to sprinkle it on themselves!

"Brother Chen Ping, what is this? Why do you want us to sprinkle these things?"

Zhu Zhu asked in confusion!

Chen Ping smiled lightly and said: "If my guess is correct, this should be wolf repelling powder. When the demon wolf smells the wolf repelling powder, it will be stimulated, and then turn around and run away, so that it will not attack us!"

When Zhu Zhu heard this, he was surprised and said: "This is good stuff, I want to sprinkle more..."

Soon, Zhuzhu became as white as a white man!

"Sir, we seem to be surrounded by wolves, what should we do?"

A servant next to Ning Can said nervously!

Chapter: 4114

And Ning Can's eyes narrowed slightly: "Damn, this guy walked into the wolf pack on purpose."

“Sir, that Wu Feiyu is the senior brother of the Jade Cauldron Sect. He must have a strategy to drive away wolves. Look at the white powder they sprinkled on their bodies. It might be used to drive away wolves. So what should we do?”

The servant asked!

“If the wolves attack after a while, we will rush into the crowd. These are some villagers, not very strong. As long as we are entangled together, those white powders will definitely have an effect on us!”

Ning Can whispered!

He knew that the white powder must be used to drive away wolves, so as long as the wolves launched an attack, they would quickly rush into the crowd and use the white powder on these people to drive the wolves away!

The people brought by Ning Can were already on guard, while Wu Feiyu was staring at Ning Can closely!

Hundreds of demon wolves slowly appeared, walked out of the dense jungle, and surrounded them all!

Facing hundreds of demon wolves, everyone’s expressions changed slightly!

Although there are wolf exorcism fans, Wu Feiyu’s expression became extremely solemn when he saw hundreds of demon wolves appearing together!

“Brother, we...we...”

Zhang Biao was a little scared and was stumbling when he spoke!

“Don’t be nervous, we have wolf repellent fans. If the wolves attack, we will rush out. With the wolf repellent fans here, nothing will happen!”

Wu Feiyu comforted Zhang Biao, but also to comfort Chen Ping and the others.

If you want to pick agrimony, people like Chen Ping are still very useful, so Wu Feiyu will not let them die easily!

The reason why Wu Feiyu asked Zhang Biao to find so many people to accompany him in collecting herbs was actually not to protect him, but to use these people to deal with the bloodthirsty beast!

Wu Feiyu has long known that the spiritual beast guarding the agrimony is a bloodthirsty beast, and he also has a way to deal with it!

When Ning Can saw hundreds of demon wolves staring at him with eager eyes, his body started to tremble slightly!

“rush.....”

Before the demon wolf could attack, Ning Can immediately led his men and rushed towards Chen Ping and the others!

Ning Can knew that if these hundreds of demon wolves were allowed to attack, they would probably have no chance!

Wu Feiyu didn't expect that Ning Can would lead people to rush toward him. He immediately jumped up and stood in front of Ning Can in an instant!

If Chen Ping and the others were not still useful, Wu Feiyu would not care about their life or death!

“Wu Feiyu, you deliberately led us into a wolf pack. Don't think that you can refine the medicine powder and avoid the attack of the demon wolves.”

Chapter: 4115

“I'm entangled with you now. I want to see if the demon wolf will attack again!”

After Ning Can finished speaking, a long knife in his hand suddenly slashed forward!

A sharp edge slashed out instantly, extremely fast, and killed a villager in an instant!

Ning Can's attack was extremely ruthless, without any hesitation at all!

Upon seeing this, Wu Feiyu took out a pair of scissors that shone with golden light and started fighting with Ning Can!

Seeing this, Zhang Biao also jumped up and started fighting with the people brought by Ning Can!

For a moment, the scene was in chaos, and a scuffle broke out. Chen Ping pulled the pillar and Yun'er quickly retreated.

Chen Ping doesn't want to participate in this meaningless melee!

Seeing that Chen Ping didn't take action, Ali and Hu Zhuang also hurriedly retreated!

A large number of demon wolves outside looked at Chen Ping and the others with eager eyes, but none of them attacked!

Soon, several of the villagers who followed Wu Feiyu and the others were already dead, which made Wu Feiyu feel heartbroken!

However, at this time, Wu Feiyu was fighting to the death with Ning Can. The two of them were equally powerful, and there was no way to tell the winner in a short time!

"Ning Can, if you and I continue to fight, we will become the prey of the demon wolf. Let's stop!"

Wu Feiyu said to Ning Can.

Upon hearing this, Ning Can fainted and escaped from the battle, but Wu Feiyu was not taking any action!

Ning Can didn't want to follow Wu Feiyu in the fight at this time. If the two sides fought to the death, in the end no one would be able to think about or leave. Hundreds of demon wolves are no joke!

"Everyone stop..."

Ning Can and Wu Feiyu shouted at the same time, and everyone in the melee stopped!

"Ning Can, that agrimony is guarded by bloodthirsty beasts. If you don't have a way to deal with the bloodthirsty beasts, you won't be able to get the agrimony at all. Now I can give you wolf repelling powder to help you get rid of the wolves and go back quickly. Bar!"

Wu Feiyu said to Ning Can!

But who knew Ning Can smiled and said: "Wu Feiyu, do you think I am a fool? I have worked hard to get here, and you want me to go back like this?"

"I can't deal with that bloodthirsty beast, but you may not be able to deal with it either. I think the two of us can cooperate for now."

"When we get the agrimony, we will discuss the distribution!"

When Wu Feiyu heard this, he immediately snorted and said: "How is that possible? I am bound to get the agrimony, so how can I use it to cooperate with you!"

Chapter: 4116

"Wu Feiyu, since you won't cooperate with me, then let's fight to the death and we will all become the demon wolf's meal..."

Ning Can said, about to take action again!

Wu Feiyu frowned, his face was extremely ugly, and he said helplessly: "Ning Can, that agrimony is very important to our Jade Cauldron Sect, but your Ning family doesn't know how to refine it even if you get the agrimony."

"We can cooperate, but we cannot divide the agrimony. I can give you the body of the bloodthirsty beast. You must know that the elixir of this kind of guardian spirit beast is also priceless."

Wu Feiyu was very helpless now. He had no other choice but to cooperate with Ning Can. He never expected that Ning Can would choose to die together!

When Ning Can heard this, his heart suddenly moved and he said, "Do you really have a way to deal with that bloodthirsty beast?"

"Of course, if there's no other way, why am I working so hard to come here!"

Wu Feiyu said very confidently!

After thinking for a moment, Ning Can nodded and said: "Okay, I promise you, I don't have to share the agrimony with you, but the body of the bloodthirsty beast must be given to me!"

"No problem!" Wu Feiyu felt happy when he saw Ning Can agreed, and then extended his hand to Ning Can!

Ning Can shook hands with Wu Feiyu, which was considered a cooperation!

"How to deal with these demonic wolves now?"

Ning Can glanced at the demon wolves around him, and then asked!

“We have no choice but to rush out. With the wolf repellent fans here, I guess these demonic wolves won’t attack!”

As Wu Feiyu said that, he also took some wolf repellent powder and sprinkled it on Ning Can and others!

This time, the two teams became teammates, but the bloody corpses on the ground could no longer survive!

Although some villagers who lost their companions could not hide their grief and anger, they were helpless. In the face of absolute strength, they were just ants, ants that could die at any time!

And no one cares about their life or death, these people only care about their own interests!

Chen Ping looked at this scene and shook his head slightly. These villagers were really worthless in front of these sect families.

The current world of gods and humans is countless times more cruel than the secular world.

“Get ready, let’s break out of the siege of these monster wolves...”

Wu Feiyu said loudly after seeing Ning Can and others getting ready!

Everyone held weapons, turned their backs, and looked at the demonic wolf in front of them warily!

Just when Wu Feiyu was about to give the order to attack, a wolf howl suddenly came!

Chapter: 4117

“Ouch.....”

This wolf roar was like a huge bomb exploding, producing waves of sound waves sweeping around.

Many towering trees were uprooted by this wolf howl!

Hearing the wolf howl and seeing the uprooted tree in front of them, Wu Feiyu and Ning Can's expressions instantly became extremely ugly!

Others were even more shocked, with deep fear in their eyes!

You must know that the wolf howl just now made them all feel the breath of death, as if the messenger from hell had arrived in front of them!

"It's broken. Why is there still such a high-level demon wolf?"

Wu Feiyu frowned and said with an ugly face!

Ning Can didn't speak, but the hand holding the knife was trembling slightly!

When Chen Ping heard the wolf howl, he instantly knew that it came from Nalang Feng's mouth.

"Be vigilant and follow me soon..."

Chen Ping reminded Ali and the others in a low voice!

Chen Ping knew that the monsters that could transform into humans were very powerful. Now that Lang Feng was coming with his pack of wolves, they might all be in danger!

But just when everyone was extremely nervous and ready to fight, hundreds of demon wolves slowly retreated, and finally entered the jungle without a trace!

This time, everyone was confused. You must know that the demon wolf is a very ferocious monster. How could it retreat when it has an absolute advantage?

“Why have all these demonic wolves retreated?”

Zhang Biao asked very puzzledly.

Wu Feiyu said nothing because he didn't understand why these demon wolves left!

“Could these demon wolves be up to something, right? You know, demon wolves are very smart, and I think one of them has a spiritual intelligence!”

Ning Can said.

“No matter what the plot is, it's best for us to leave as soon as possible...”

After Wu Feiyu finished speaking, he immediately led everyone to run forward quickly. He wanted to leave the territory of the demon wolf pack in the shortest possible time!

When Ning Can saw this, he also led others to follow closely behind him.

However, the demon wolves that left did not appear again, nor did they pursue them!

Chapter: 4118

But just after they all left, Lang Feng slowly appeared, and beside Lang Feng, there was also a very sweet-looking girl. The girl looked about twenty, and she had two shallow dimples when she smiled!

But for such a sweet and weak girl, Na Lang Feng stood next to the girl, but his face was full of nervousness, his head was slightly lowered, and he did not dare to look at the girl!

“Princess, did you see the man with the aura of a mythical beast on his body just now?”

Lang Feng asked softly.

“Well, I saw it. He’s quite handsome. I just don’t know why he has the aura of a mythical beast. I’m going to find an opportunity to take him to see my father and let him see what’s going on!”

After the girl finished speaking, she chased directly in the direction where Chen Ping and the others left, and Nalang Feng followed closely behind, nervously protecting the girl’s safety!

At this time, Chen Ping and the others, after traveling quickly, had left the territory of the demon wolf group, and everyone relaxed a little!

However, this place is already deep in the mountains. Even if it leaves the territory of the demon wolf group, there will still be other high-level demon beasts appearing!

In front of high-level monsters, these villagers have no room for resistance. Now they can only rely on Wu Feiyu and others!

“I can already feel the smell of agrimony. The agrimony should be not far away. Let’s go quickly...”

Wu Feiyu sniffed it gently with his nose, and then ran in one direction!

After another ten minutes, a piece of scorched earth suddenly appeared in front of Chen Ping and the others.

The entire ground was black, and there was no grass at all. Even the surrounding trees were very withered and yellow, as if they had been burned by fire!

And on this scorched earth, there are white bones everywhere, and there are many corpses of monsters. However, these corpses are very complete, and no injuries can be seen, but the corpses are very deflated, and it is obvious that the blood in the body has been damaged by something. Absorbed them all!

The air was filled with a disgusting smell, and there was a thick evil spirit hovering in the air that lingered for a long time!

No one knew where the bloodthirsty beast was hiding. Many people were nervous and sweating profusely, and some of the more timid ones simply collapsed to the ground when they saw the scene in front of them!

“How can fairy grass grow in a place like this? There is literally no grass growing!”

Zhuzhu looked at everything in front of him and whispered in a low voice!

Chen Ping glanced at Zhu Zhu and signaled Zhu Zhu to stop talking. At this time, it was best not to attract other people’s attention!

“This is it. The agrimony is a fairy grass that absorbs the essence of heaven and earth, so it is difficult for other plants to survive within a few hundred meters of it.”

Wu Feiyu looked at the scorched earth in front of him, with excitement in his eyes!

As soon as everyone heard about the place, they all became extremely nervous. After all, they all knew that the agrimony was surrounded by bloodthirsty beasts guarding it.

“Wu Feiyu, now that we have arrived, let’s find a way to eradicate the bloodthirsty beast. Otherwise, as soon as we step into this land, we will become the food of the bloodthirsty beast!”

Ning Can said to Wu Feiyu!

Chapter: 4119

If you want to get the agrimony, you must kill the bloodthirsty beast.

Wu Feiyu smiled faintly and said confidently: “Since I’m here, I must have a way to deal with that bloodthirsty beast!”

“Now we don’t know where the bloodthirsty beast is hiding, how can we deal with it?”

Ning Can asked.

“This is not easy to handle. I brought so many people here just to lure the bloodthirsty beast!”

After Wu Feiyu finished speaking, he turned to look at the villagers he had brought with him, and pointed casually: “You two go in and explore the way...”

When the villagers who were pointed out saw this, they were frightened to death, with cold sweat covering their foreheads, and then they knelt down: “I... we don’t dare, please let us go...”

“If you don’t go, it won’t be of any value to me. I won’t keep anything worthless!”

After Wu Feiyu finished speaking, he waved his hand and the two villagers bled to death in an instant!

Everyone was dumbfounded when they saw this scene. These people thought they had gotten a big deal at first, but they didn’t expect that they were just cannon fodder!

“You two go...”

Wu Feiyu pointed at the two people again and said!

The person who was pointed out was so frightened that he could only follow Zhang Biao and beg for mercy!

“Doctor Zhang, please save us. We are old acquaintances. Please save us...”

They don’t know Wu Feiyu, but they know Zhang Biao, so they want Zhang Biao to save them!

But who would have thought that Zhang Biao said: “Let you explore the way, and you are not going to die. As long as you lure the bloodthirsty beast out, my senior brother and I will deal with the bloodthirsty beast. Don’t be afraid!”

“But if you don’t go, my senior brother will have a bad temper. You have also seen what happened to those two people just now.”

Zhang Biao threatened the two villagers.

After hearing Zhang Biao’s words, he looked at the two villagers who died tragically. The two people could only stand up slowly, and then slowly walked into the scorched earth full of fear!

The two people walked very slowly, trembling all over, but when the two people walked a certain distance, nothing happened at all, which also made the two people relax!

“Senior brother, there is no response. Is the bloodthirsty beast asleep?”

Zhang Biao saw that the bloodthirsty beast did not appear at all, so he whispered!

But as soon as Zhang Biao finished speaking, he heard two screams, and then he saw the ground bulge, and then two tentacles came out of the ground, and then tightly entangled the two villagers!

Amidst the screams of the two villagers, everyone saw that the bodies of the two villagers were rapidly deflating, and the blood in their bodies was rapidly draining along the two tentacles.

Chapter: 4120

After only a few dozen seconds, the two villagers were completely silent, and all the blood in their bodies was absorbed!

But two villagers died, and no one saw the appearance of the bloodthirsty beast, only two tentacles!

“How can we deal with this bloodthirsty beast hiding underground?”

Ning Can saw that the bloodthirsty beast did not show up, but hid underground, so he frowned and said!
!!

“Don’t worry, even if it hides underground, I will still have a way to deal with it!”

After Wu Feiyu finished speaking, he took out a dozen pills and handed them to Zhang Biao: “Distribute these pills and let everyone eat them!”

Zhang Biao nodded and then distributed the pills.

Everyone was holding thumb-sized black pills, but they didn’t know what they were, so no one dared to take them!

“Brother Chen Ping, what is this? It looks disgusting!”

Zhu Zhu held the pills and asked Chen Ping.

Chen Ping took the pill and sniffed it gently, and then said: “This is a San Gong pill. After taking it, your kung fu will be weakened...”

“ah.....”

Hearing what Chen Ping said, Ali and the others were all shocked!

“Chen Ping, why do you want to give us Sanggong pills? Only if we have the strength can we help them deal with the bloodthirsty beast and pick agrimony?”

“Yes, why do they want to disperse our power with this miracle doctor?”

“What the hell are these guys doing?”

Ali and Yun'er are very puzzled. They don't understand that Zhang Biao asked them to help collect herbs, but now he wants to disperse their skills. This is too unreasonable!

Chen Ping took the San Gong Pill and thought for a moment, then his eyes narrowed slightly, and the expression on his face was extremely solemn!

“I should have guessed the reason...” Chen Ping said.

“What's the reason?” Ali asked quickly!

“Wu Feiyu gave us the power pills not to disperse our power, but to disperse the bloodthirsty beast's power.”

“Now that we have taken San Gong Pills, the effect of the medicine will work in our blood, and when the bloodthirsty beast sucks our blood, it is equivalent to taking a large amount of San Gong Pills. In this way, the bloodthirsty beast will The strength of the blood beast will be greatly reduced!”

Chen Ping analyzed it carefully!

Hearing Chen Pingfa's analysis, Ali and the others' faces turned green. Zhang Biao and the others regarded them as food for bloodthirsty beasts!
