

## **The Order 4161**

Chapter: 4161

“Demon Emperor, this is a vision from heaven. Will something big happen?”

Elder Pei said with a shocked face!

Demon Emperor Yihe didn't speak, he just looked up blankly!

When Sect Master Hu saw the clouds in the sky, he was stunned for a moment and said in disbelief:  
“Dan cloud? This...is this a Dan Yun?”

At this time, even Chen Ping was a little surprised. He did not expect that this agrimony was indeed a fairy grass. In just ten minutes of refining, it could form such a large cloud of pills!

“Danyun? What is Danyun?”

Demon Emperor Yihe was a little confused, he had never heard of it!

“The pill cloud is only produced when refining the pill, but it does not appear every time the pill is refined. The appearance of this pill cloud proves that the grade of the pill is very high. The larger the pill cloud, the higher the grade of the pill.” The higher!”

“It seems that this agrimony is very powerful. It only took ten minutes to refine it, but it produced such a huge cloud of pills!”

Chen Ping followed Demon Emperor Yihe and explained!

“This should be due to Mr. Chen's skill in refining medicine. If it were anyone else, I'm afraid he wouldn't be able to refine it at all.”

There was something in the words of Demon Emperor Yihe, and he was obviously talking about it for Sect Master Hu!

At this time, Sect Leader Hu felt as if ten thousand grass and mud horses were galloping past.

Now that Dan Yun has appeared, it proves that Chen Ping's refining worry is of a very high grade. It is an absolutely high-level pill and is not a waste pill at all!

Now Sect Leader Hu is only begging for Chen Ping's elixir to cure Elder Pei's daughter!

Although the elixir is high-grade, if the medicine is not suitable for the patient, it will be useless even at a high-grade level!

But at this moment, an excited shout suddenly came from the room.

"Miss wake up, miss wake up....."

With the shouting, everyone rushed into the room and saw that Elder Pei's daughter had opened her eyes and her face was much rosy!

"Daughter, you...you finally woke up..."

Elder Pei burst into tears and threw himself forward!

"Dad..." Elder Pei's daughter also started crying!

After a moment, Elder Pei knelt down to Chen Ping with a bang: "Mr. Chen, I will never forget your great kindness."

"Elder Pei, this is just a small effort. Let your daughter get out of bed and move around. After lying down for so many years, her body needs to recover slowly!"

Chapter: 4162

Chen Ping helped Elder Pei up!

Elder Pei nodded, personally helped his daughter out of bed, and then slowly started walking!

Demon Emperor Yihe was very happy to see that Elder Pei's daughter was well!

Especially Princess Isa, the way she looked at Chen Ping changed a lot!

She didn't expect that this inconspicuous human being could have such superb medical skills and compassion, and would risk everything to fight against Sect Leader Hu for an unrelated girl!

"The elixir has been prepared and the person has been cured. Shouldn't you kneel down?"

Chen Ping looked at Sect Leader Hu and said!

Sect Master Hu was slightly startled, then said: "Boy, how can I, the majestic Sect Master of the Jade Cauldron Sect, kneel down to you? Stop dreaming, I was just making a joke!"

Sect Leader Hu is ready to cheat. There is no way he will kneel down to Chen Ping!

"You want to cheat?" Chen Ping's eyes narrowed slightly.

"I'm just cheating, what can you do? Why don't you just rely on the Shennong Cauldron and Agrimony in your hands to cure that girl?"

"Without these things, you are nothing, but your Shennong Cauldron is a good thing. If you give it to me, I can give you the position of elder in the Jade Cauldron Sect!"

Sect Master Hu fell in love with Chen Ping's Shennong Cauldron, and he shamelessly started asking for it!

Chen Ping sneered: "Are you worthy of owning the Shennong Cauldron? If you don't kneel down today, you will never leave this imperial city!"

"Hahaha, kid, you are too crazy. Doesn't this imperial city belong to your family? Demon Emperor Yihe is here. Do you think he dares to say such a thing?"

Sect Leader Hu burst out laughing. He knew that Demon Emperor Yihe would never dare to do anything to him!

As for Chen Ping's threat, he could completely ignore it. With Chen Ping's current strength, Sect Master Hu didn't pay attention at all!

"Sect Master Hu, if you don't kneel down, you really won't be able to leave my imperial city!"

Demon King Yihe said with a cold face!

In front of Chen Ping and Sect Master Hu, Demon Emperor Yihe would of course obey Chen Ping unconditionally. Sect Master Hu was nothing!

The respect I had for Sect Master Hu at the beginning was just because I was asking for help from others!

Sect Leader Hu was stunned for a moment, with a smile frozen on his face. He looked at Demon Emperor Yihe in disbelief and said, "Demon Emperor Yihe, what do you mean? Do you want to become an enemy of our Jade Cauldron Sect because of this kid? ?"

"You have to know the consequences of being an enemy of our Jade Cauldron Sect. When the time comes, no one will be refining elixirs for your imperial city, and maybe someone will join forces with other imperial cities to ban you directly!"

Sect Master Hu threatened Demon Emperor Yihe, but he completely ignored Demon Emperor Yihe's attitude towards Chen Ping!

Chapter: 4163

Chen Ping can reprimand Demon Emperor Yihe like a child, which means that Demon Emperor Yihe treats Chen Ping with ten times and a hundred times more respect than he treats Sect Leader Hu!

"Even if I'm banned now, you still have to kneel down to Mr. Chen..."

After Demon King Yihe finished speaking, a terrifying aura suddenly erupted from his body. This aura was filled with a thick smell of blood, and it also had the kind of violence of the orcs!

Feeling the aura of Demon Emperor Yihe, Sect Leader Hu's body trembled continuously. He could not understand why Demon Emperor Yihe would not hesitate to be his enemy and the entire imperial city for a young boy like Chen Ping. 's safety!

"Kneel down and you can go, otherwise....."

Chen Ping looked at the trembling Sect Leader Hu, with a strong murderous intent in his eyes!

Sect Leader Hu gritted his teeth, his face flushed, and finally he knelt down helplessly!

After kowtowing to Chen Ping, Sect Leader Hu looked at Chen Ping angrily and said, "Remember, I will repay you for today's humiliation twice as much..."

Sect Leader Hu left, and Demon Emperor Yihe looked at Chen Ping excitedly and said, "Mr. Chen, I really didn't expect that your alchemy skills are so good. From now on, I, the imperial city's elixirs, will no longer have to be restricted by others. ."

In the past, in order to hire a human pharmacist, Demon Emperor Yihe had to spend a lot of resources and be respectful. Now Chen Ping is the pharmacist, and his alchemy skills are much better than other pharmacists, so he no longer has to ask for help!

But Chen Ping smiled bitterly and said: "Although I know how to refine medicine, I can't stay here to refine medicine for you all the time. You have to train your own medicine master!"

"Take me to your library and see if I can decipher the secret of why beasts can't become medicine masters."

When Demon Emperor Yihe heard that Chen Ping was going to help him train a pharmacist, he immediately excitedly led Chen Ping towards the library!

"Mr. Chen, I'll recruit a translator for you. These are all written by my beast clan, you can't understand it!"

Demon Emperor Yihe said to Chen Ping!

Chen Ping waved his hand and said: "No, I can understand. You just need to send someone to watch the door and don't let anyone disturb me..."

"Can you understand?" Demon Emperor Yihe looked at Chen Ping in shock. He really couldn't understand how Chen Ping could understand the orc writing!

But then I thought about it, Chen Ping has the aura of a dragon and half of his blood is the beast race. It shouldn't be surprising that he can understand the beast race characters!

Demon Emperor Yihe sent Huben and the imperial guards to guard outside the library, and no one was allowed to disturb Chen Ping!

Not to mention how depressed Huben was. He grabbed Chen Ping in the library while shouting at first, and wanted to punish him!

But now it's better, people are reading books in the library openly, and he still has to guard the door!

Chen Ping was in the library, looking through the various books on the beast tribe!

As Chen Ping reads more and more books, Chen Ping learns more and more about the orcs!

It turns out that the acupuncture points on the orcs' bodies are different from those of humans. Even if these orcs transform into human forms, the acupoints are still different!

Chapter: 4164

Although some acupuncture points overlap, some are different. The cultivation methods of humans and beasts are also different, and each has its own characteristics!

After Chen Ping discovered this, he realized why no one in the orc tribe could learn the art of refining medicine, which seemed to him not difficult at all!

"I have the aura of a divine beast on my body. I wonder if I can open up the beast acupoints on my body?"

Chen Ping looked at the books and began to study. If he wanted to teach the beasts to become pharmacists, he had to be like these beasts!

Thinking of this, Chen Ping slowly landed on the ground, looked at the orc books in front of him, and slowly closed his eyes!

Chen Ping's spiritual consciousness sneaked into the body, and then the spiritual power introduced into the body began to wander!

Originally, these spiritual powers traveled along the acupuncture points of human beings in the body, and then formed various powers and protections in the body!

Now, Chen Ping is guiding these spiritual powers to continuously attack the places in his body that seem to have no acupuncture points!

In fact, among the orcs, these places all have acupuncture points!

Chen Ping was hit with spiritual power again and again, and the severe pain made Chen Ping sweat profusely!

Chen Ping didn't know at all whether his body would have acupuncture points like those of the orcs. He was just testing it over and over again, but it was also very dangerous. However, in order for his body to not be controlled by others, Chen Ping could only Fight!

Just when Chen Ping was in the Library Pavilion, he was working hard to let the beast tribe cultivate to perfection!

Deep in the mountains, Ali was struggling to move forward with injuries all over his body!

At this time, Ali was in ragged clothes and had countless wounds on his body. With his strength, it was a miracle that he could reach the depths of the mountains!

“Chen Ping, where are you, where are you...”

Ali leaned on a big tree and roared in grief and anger!

He knew that if Chen Ping could not be found for one day, the folks in Dashi Village would suffer for one day!

But now, he is almost exhausted, and the pain on his body makes it difficult for him to move forward. If Chen Ping cannot be found, Dashi Village will suffer!

Ali gritted his teeth, took a sip of water in his mouth, and then desperately moved forward again!

But just after taking two steps, a ferocious demon wolf blocked the way!

Looking at the demon wolf in front of him, Ali's face instantly turned pale, because he knew that he was no longer able to face a demon wolf!

Ali knelt on the ground, tears constantly falling from his eyes, because at this time, he could think of the fate of his father and fellow villagers!

“God, you are so unfair. Why, why on earth...”

“We live such a difficult life, yet we have to suffer so much misfortune...”

Chapter: 4165

Ali knelt on the ground, cursing God!

But the demon wolf in front of him showed his fangs, his eyes were full of excitement, and he walked towards Ali step by step!

At this time, in the eyes of the demon wolves, Ali is just a prey. These demon wolves have no emotions and thoughts!

Ali faced the approaching demon wolf without any panic, his face was expressionless, and he had a look of despair!

“Ouch.....”

The demon wolf roared loudly, and then rushed towards Ali, biting Ali’s head with its bloody mouth!

Ali closed his eyes, waiting for the general to die!

But at this critical moment, the demon wolf that pounced on Ali was suddenly kicked away!

When Ali heard the sound, he quickly opened his eyes and found that the person in front of him was Lang Feng!

After seeing Lang Feng, the demon wolf that was kicked away instantly fell to the ground and turned into a docile look!

“What are you doing here?”

Lang Feng asked Ali.

“Quickly, go find Chen Ping and tell him that something happened in Dashi Village...”

Ali said with all his last strength!

After saying this, Ali fainted directly. Looking at the fainted Ali, Lang Feng frowned, then raised his head and roared, and soon more than a dozen demon wolves came running!

Lang Feng asked these demon wolves to take care of Ali, and then he quickly ran towards the Demon Imperial City!

In the library pavilion, streaks of golden light were outlined outside Chen Ping’s body, and dozens of beast clan acupoints were opened. At this moment, Chen Ping seemed to have a clear understanding. He felt that he had transformed from human race to beast clan. transformation!

“Now I can change the breath in my body at will, so I can also practice the beast clan skills!”

Chen Ping’s face was full of excitement, and then he flipped through the books on the beast clan’s exercises!

Chen Ping found the simplest orc technique. After his spiritual consciousness was immersed in his body, he started to operate this orc technique!

In an instant, Chen Ping’s body began to crackle, every bone seemed to be broken, and then the muscles became bulging!

Chen Ping's height is constantly rising, and the strength in his body is also increasing exponentially.

It's just that Chen Ping's appearance at this time has become a bit weird. He is neither human nor ghost. It is very scary!

After taking a deep breath, Chen Ping's body slowly recovered!

Chapter: 4166

Although this technique is very simple, it can only increase a person's strength instantly and is not very useful. However, this also proves that Chen Ping can learn some beast clan techniques in the future!

Chen Ping still kept the orc acupoints open, and then began to operate the alchemy technique according to the memory in the sea of consciousness!

After running it, Chen Ping discovered that these alchemy skills were originally prepared for humans, so it was very difficult to use the body structure of the beast race to run the alchemy skills!

But this was nothing to Chen Ping. Chen Ping began to improve the alchemy technique according to the body structure and acupuncture points of the beast race!

Chen Ping kept experimenting and recording, and soon recorded a whole book of alchemy techniques, which also contained a lot of pharmacological knowledge.

"This is enough to study for a while..."

Chen Ping looked at the thick masterpiece in his hand and smiled with satisfaction!

Chen Ping walked out of the library with the books he had written. When he found Huben and someone guarding the outside, he was a little surprised!

But Chen Ping ignored him and walked past Huben!

“stop.....”

Huben stopped Chen Ping!

“What’s wrong?” Chen Ping stopped and looked at Huben: “I went to the Library Pavilion this time, but your Demon Emperor allowed it. Do you still want to arrest me?”

“The Demon Emperor allowed you to read books in the library, but he didn’t allow you to take the books away?”

“Hand over the books in your hands. Books from our library are not allowed to be taken out.”

Huben saw the book in Chen Ping’s hand and stopped Chen Ping!

“This is not a book from your library, it was written by me.”

Chen Ping explained!

“Did you write it?” Huben sneered: “How can you prove that you wrote it? Hand the book over immediately, or I will take you to see the Demon Emperor.”

Huben is very hostile to Chen Ping. He doesn’t like humans, and he even dislikes humans who follow Princess Isa very closely!

“Go find your Demon King...”

Chen Ping is too lazy to follow this nonsense!

“You can see the Demon Emperor if you want to? Our Demon Emperor is very merciful. It is already a great mercy to allow you to observe and learn in the library. You still want to take the book away.”

“Hand over the book now and follow me to plead guilty to the Demon King. If not, don’t blame me for being rude.”

Huben showed his weapon, and as long as Chen Ping refused, he would take action immediately!

Chapter: 4167

At this moment, Princess Isa hurriedly came over and saw Huben being at war with Chen Ping. She suddenly said sharply to Huben: “Hu Ben, what are you doing? Do you want to rebel? The Demon Emperor asked you to protect Chen Ping’s, I didn’t ask you to fight with him.”

“Princess Isa, even if he is reading in the library, he actually wants to take the books out...”

Huben said with an aggrieved look!

Princess Isa looked at the book in Chen Ping’s hand, and Chen Ping explained: “This is a medicine refining technique written by myself for the beast tribe. It records a lot of medicine refining techniques and pharmacological knowledge. It’s something the orcs can practice.”

“Did you write it?” Princess Isa took the book with a shocked face and flipped through it casually. She found that what was recorded in it was really some alchemy skills. You must know that their library does not have such books!

Princess Isa looked at Chen Ping with curiosity and admiration in her eyes, and slowly returned the book to Chen Ping!

Seeing the way Princess Isa looked at Chen Ping, Huben was almost furious to death!

“This book doesn’t belong to our library, so it doesn’t matter if you take it out!”

Princess Isa said to Huben!

“Princess, as the general of the Imperial City Guard, I must not...”

Snapped.....

Before Huben could finish his words, Princess Isa stepped forward and gave him a mouthful!

“Remember, it’s okay if I say yes. Do you dare to go against my words?”

Princess Isa is filled with anger!

Seeing this, Huben lowered his head and stopped talking.

“let’s go.....”

Princess Isa left with Chen Ping!

Looking at the backs of Princess Isa and Chen Ping, Huben’s eyes became more sinister.

“Princess Isa, do you want to see me for something?”

Chen Ping asked Princess Isa!

If Princess Isa came to the Library, she must have come to find herself, not that Tiger Ben.

“Lang Feng came to the Imperial City to find me. He said he was a friend of yours. He was looking for you all injured. He seemed to say something happened in Dashi Village...”

Princess Isa followed Chen Ping and said!

When Chen Ping heard this, he suddenly froze, and his body was filled with terrifying murderous intent!

Chapter: 4168

This sudden change made Princess Isa feel a little scared!

“Where is that friend of mine?”

Chen Ping asked with murderous intent.

“He is being protected by Lang Feng. He will be fine. Lang Feng is at the gate of the city now.”

Princess Isa looked at Chen Ping like that and said timidly!

Upon hearing this, Chen Ping handed the book in his hand to Princess Isa and said: “Give this book to your father and tell him to choose some talented people to practice.”

After Chen Ping finished speaking, he quickly ran towards the city gate!

“Hey, wait for me...”

Princess Isa chased after her!

When Chen Ping saw Lang Feng at the door, he immediately rushed up and said, “Where is my friend? Where is he?”

“Your friend is injured and is still in the mountains and jungles, but I have sent a dozen demon wolves to protect him. He will be fine.”

Lang Feng said!

“Take me, take me to him immediately!”

Chen Ping stepped forward, grabbed Lang Feng's shoulders and urged!

Lang Feng glanced at Princess Isa, who nodded: "Take him there, and you will listen to him from now on..."

Although Lang Feng was puzzled, Princess Isa said so, so he could only obey!

"Come with me....."

Lang Feng took Chen Ping and left quickly!

Princess Isa looked at Chen Ping's back, and her eyes changed again. She felt the man's blood spurting from Chen Ping's body!

Lang Feng took Chen Ping to find Ali. At this time, Ali was covered with scars and passed out on the ground!

Chen Ping hurriedly stepped forward and sent a burst of spiritual power into Ali's body. After a moment, Ali slowly opened his eyes!

"Chen Ping...Chen Ping..."

When he opened his eyes and saw Chen Ping, Ali grabbed Chen Ping's arm excitedly: "Save Dashi Village quickly, save Dashi Village quickly..."

"Ali, don't worry, what happened?"

Chapter: 4169

Chen Ping asked Ali!

Ali told what Zhang Biao and Wu Feiyu did in Dashi Village!

Chen Ping's face was extremely gloomy at this moment, and his eyes were full of murderous intent!

It seems that his guess was good. As expected, Zhang Biao and Wu Feiyu went to Dashi Village. They would not just watch the agrimony being taken away by them!

"Lang Feng, help me take care of Ali..."

After Chen Ping entrusted Ali to Lang Feng, he quickly rushed towards Dashi Village!

In Dashi Village, another villager was killed by Zhang Biao on the square!

Although everyone in Dashi Village was very angry, there was nothing they could do, because in front of Zhang Biao and Wu Feiyu, they were just lambs to be slaughtered, with no room for resistance!

What's more, they don't dare to go against the Jade Cauldron Sect, otherwise they will face the consequences of the whole village being massacred!

At this moment, a token on Wu Feiyu's waist suddenly flashed with light. After taking off the token, Wu Feiyu's face became a little nervous and ugly!

"Brother, what's wrong?"

Zhang Biao asked Wu Feiyu!

"Master is recruiting me back..."

Wu Feiyu frowned and said nervously!

Now that he has not got the agrimony, he will definitely be punished if he goes back like this, but now that the master calls, he has to go!

“Senior brother, you should go back and follow Master first. I will guard here. As soon as Chen Ping comes back, I will catch that kid and take him to the Jade Cauldron Sect!”

Zhang Biao said to Wu Feiyu!

Zhang Biao didn't want to go back and be punished.

Wu Feiyu glanced at Zhang Biao, and then said: “Then Chen Ping's strength is not low, you are afraid...”

“Senior brother, don't worry. I will definitely take care of that kid. If I can't even deal with a mountain villager, won't it ruin the reputation of my Jade Cauldron Sect!”

“When you go back and tell Master, tell me that Agrimony will arrive two days late!”

Zhang Biao said with confidence!

The two of them didn't even know that their master had already known the whereabouts of Agrimony, and even knelt down before Chen Ping!

“Well, don't be merciful here. If you don't see Chen Ping tomorrow, just kill two people.”

Chapter: 4170

“These untouchables just want to punish them so that they will be afraid and really do things for you!”

Wu Feiyu said to Zhang Biao!

“Senior brother, don’t worry. If you don’t see Chen Ping in three days, I will slaughter this village...”

Although Zhang Biao is called a miracle doctor, he does not have the slightest medical ethics. He is a murderous demon without blinking an eye!

Wu Feiyu nodded, then left Dashi Village and returned to follow his master to return his life!

Zhang Biao asked the old village chief to prepare good wine and food to serve him. At this time, Zhang Biao had no idea that his death was coming soon!

At this time, Chen Ping was trying his best to rush towards Dashi Village as fast as possible!

Chen Ping has now recovered 70% of his strength and can use many methods, so he is no longer afraid of Zhang Biao and Wu Feiyu!

What’s more, people in Dashi Village are now facing dangers, and these dangers are brought by themselves!

When Chen Ping hurried back to Dashi Village, the people in Dashi Village became excited when they saw Chen Ping coming back!

When Zhuzi and Yun’er saw Chen Ping, they both cried!

“Brother Chen Ping, you are finally back. Those beasts kill people every day!”

“Brother Chen Ping, you have to avenge us, avenge us!”

Zhuzi and Yun’er cried very sadly!

They witness their fellow villagers being killed every day, and their anger has long been suppressed in their hearts!

Chen Ping glanced at the square not far away and saw several corpses lying on the square. These corpses were the people Zhang Biao had killed in the past few days, and he was not allowed to collect the corpses in order to shock the people of Dashi Village. !

“Don’t worry, I will cut them into pieces...”

Chen Ping gritted his teeth, clenched his fists, and filled the sky with murderous intent!

The old village chief seemed to sense something and hurriedly ran out. After seeing Chen Ping, the old village chief’s expression did not change. He walked forward quickly and said: “Chen Ping, Ali is looking for you. You Do you see it? ”

The old village chief is worried about Ali’s safety. After all, Ali is the backbone of the younger generation in Dashi Village!

“Don’t worry, old village chief, Ali is fine. Someone is watching over him.”

“Are those two beasts still in the village? I’m going to kill them now.”

Chen Ping asked angrily.

“Chen Ping, don’t be impulsive. Wu Feiyu has left, and only Zhang Biao is left in the village. With your current strength, can you beat that Zhang Biao?”
