

The Order 4221

Chapter: 4221

The young man snorted coldly, not taking Nie Heng seriously at all!

Nie Heng was ignored and became very angry. His aura rose up and he was about to take action, but was stopped by Chen Ping!

“As the saying goes, doctors are benevolent to the world. In the eyes of doctors, there are only patients and no other identities. When you treat patients and save people, do you still have different identities? If this is the case, then I won’t treat this disease today...”

Chen Ping deliberately raised his voice and said loudly!

Just when Chen Ping finished speaking, he heard a vicissitudes of voice coming from the room.

“What a great doctor, Huairen Tianxia, let them come in...”

The vicissitudes of voice came, and the young man had no choice but to hide aside!

Chen Ping followed Nie Heng into the room. As soon as Chen Ping entered the room, he saw an old man with a stooped figure, wearing a robe that could no longer be seen. He had a gray beard and his eyes were filled with a hint of evil. Looks tired!

Chen Ping was a little surprised when he saw Nie Heng’s third uncle. It seemed that Nie Heng’s third uncle was much older than his master.

“Uncle Third Master.....”

Nie Heng stepped forward and saluted!

Nie Heng’s third uncle nodded slightly, and then said: “Sit down...”

Chen Ping and Nie Heng sat on the chairs, while Nie Heng's third uncle looked Chen Ping up and down and said: "Young man, you said you came to see a doctor, but I see that your breathing is calm and your face is rosy. A sick person!"

Chen Ping smiled lightly and said: "I'm here to see a doctor, not for me, but for you..."

Chen Ping's words stunned Nie Heng and his third uncle!

Uncle Nie Hengsan frowned and said, "Are you treating me? What disease are you treating me? Are you also a pharmacist?"

"Uncle Third Master, Chen...Chen Ping is also a pharmacist, and his medical skills are very good..."

Nie Heng said quickly!

"Oh, then I want to see how powerful it is. You said you would treat me, what disease would you treat me with?"

Uncle Nie Heng asked Chen Ping!

"Your room is lit with asparagus, and you can smell it from outside the room."

"And this asparagus is used to dispel snakes and ants and detoxify. I see that your eyes are dull now, and although your breathing is gentle, there is a slight echo with every breath."

"If I'm not wrong, you must have been poisoned and will die soon, and it's very likely that you were poisoned by snake venom."

"Now you should have ulcers on a large area of your body, am I right?"

Chapter: 4222

Chen Ping said with a faint smile!

After hearing Chen Ping's words, Uncle Nie Heng's expression changed instantly, and his brows also wrinkled!

"Boy, who are you? You actually know my details?"

"Did Hu Yixiao send you here to trick me on purpose? Let me tell you, no matter if I am poisoned or not, I will never tell Hu Yixiao how to open the Tibetan Medicine Pavilion. Let him give up!"

"Unless the Supreme Elder shows up and gives orders personally, I won't tell Hu Yixiao even if I take the method of opening the Tibetan Medicine Pavilion to the grave."

"Now you two get out of here right now, don't wait for me to get angry, you can't leave even if you want to."

Nie Heng's third uncle shouted angrily!

"Uncle Third Master, you misunderstood, we actually..."

Nie Heng knew that his third uncle had misunderstood, and he hurriedly wanted to explain!

But his third uncle didn't listen at all. He waved his big hand, and suddenly the air in the room shook, and a vast and terrifying aura came towards Chen Ping and Nie Heng!

This aura was like a stormy sea, instantly enveloping Chen Ping and Nie Heng!

Nie Heng was shocked. He didn't expect that his third uncle would become so irritable and take action at the slightest disagreement!

Faced with the aura suppression of the third level of Fusion Realm, Nie Heng had no room for resistance!

But Chen Ping had a relaxed look on his face, raised the corner of his mouth slightly, and then shot out a breath with a palm, which went straight towards Uncle Nie Heng!

The aura of Chen Ping's palm seemed so small and weak in front of the vast and terrifying aura of Third Master Nie Heng!

But when the two breaths collided together, the vast and terrifying breath was instantly shattered!

Uncle Nie Heng's expression changed, his pupils suddenly shrank, and his body couldn't help but retreat!

When Nie Heng saw this scene, he was immediately shocked. You must know that his third uncle's strength is at the third level of the Fusion Realm. Even if Chen Ping is powerful, he is just a monk in the Transformation Realm. How could he let his third uncle suffer so easily? Woolen cloth?

Uncle Nie Heng's expression was extremely cold, and the muscles in the corners of his eyes were contracting continuously.

"No wonder Hu Yixiao dared to let you come. It turns out there is a master, but at such a young age, he has such strength and can indeed occupy a place in the Jade Cauldron Sect."

"It's a pity that if you follow Hu Yixiao, you will never reach the supreme state of selflessness."

After Uncle Nie Heng finished speaking, the aura on his body surged again!

Seeing that the other party wanted to take action, Chen Ping said calmly: "If you were not poisoned, maybe I would avoid you, but now your whole body is full of toxins, and you can't do anything to me if you take action."

“I told you, I’m just here to treat you. As for that Hu Yixiao you’re talking about, I don’t know him, and I’m not his disciple. With your Jade Cauldron Sect’s medical skills, you’re not even qualified to carry my shoes.”

Chapter: 4223

Chen Ping’s words made Nie Heng’s third master uncle furious. Although he couldn’t understand Hu Yixiao’s behavior, he was also a member of the Jade Cauldron Sect. Someone would humiliate the Jade Cauldron Sect. Of course, Nie Heng’s third master uncle would not. Happy!

“Boy, you are so arrogant. Even if I am poisoned, I can kill you with just a raise of my hand!”

After Uncle Nie Heng finished speaking, a terrifying aura rose into the sky.

But just when the other party was about to take action, Chen Ping suddenly shook his head!

“You are poisoned, yet you dare to activate your spiritual power like this. You are seeking death...”

Just as Chen Ping finished speaking, Elder Nie Hengsan saw a mouthful of blood spurting out!

Forcibly activating the spiritual power made Third Master Nie Heng’s face pale, and both of them became anxious.

“Uncle Third Master?”

When Nie Heng saw this, he hurriedly stepped forward to help!

Chen Ping also stepped forward to grasp the opponent’s pulse, and then patted the opponent’s chest three times in a row!

Soon, Uncle Nie Heng’s expression slowly recovered and his breathing began to become calmer!

“I have protected your heart and can temporarily save your life. If you want to truly survive, you must force the poison out.”

Chen Ping said!

When Uncle Nie Heng saw that Chen Ping had taken action to save him, he lost his previous hostility. He just shook his head slightly and said, “It’s useless. I can’t cure my poison myself, and others can’t cure it.”

Uncle Nie Heng is a pharmacist himself, and a senior pharmacist at that. He himself can’t get rid of the poison in his body, and others can’t do anything about it!

“Although your poison is difficult to cure, I have a way. I have already said that your Jade Cauldron Sect’s medical skills are like rubbish in front of me.”

Chen Ping said unabashedly!

Although Nie Heng’s third uncle was displeased, he didn’t say anything else!

“Nie Heng, let me tell you some medicinal ingredients. Go and find them for me right away...”

Chen Ping said to Nie Heng!

“Chen Ping, you...don’t you want to join the sect with me to become a disciple? Didn’t we agree...”

Nie Heng followed Chen Ping’s agreement and asked Chen Ping to donate the treasure and then worship Hu Yixiao as his disciple, in order to be able to penetrate into the Jade Cauldron Sect, enter the medicine pool to increase his strength, and also help Nie Heng seize the position of the leader of the Jade Cauldron Sect!

“I asked you to find medicine, there is so much nonsense...”

Chen Ping frowned and said!

Chapter: 4224

Nie Heng trembled all over and did not dare to say anything. He could only follow Chen Ping's instructions to find the medicinal materials!

As Nie Heng walked back, Chen Ping said to Uncle Nie Heng, "Now take me to the place where you make elixirs and cure diseases..."

Uncle Nie Heng looked at Chen Ping with a slight frown. After all, the place where he made alchemy was a secret for him. How could he invite someone he didn't know there at will?

Also, he still has doubts about Chen Ping's medical skills. After all, Chen Ping is too young. Even if he practiced it from his mother's womb, how strong can he be!

Chen Ping also saw Uncle Nie Heng's confusion, smiled lightly, said nothing, and directly took out the Shennong Cauldron from the storage ring!

"Look at this cauldron, do you think I can cure your illness?"

Chen Ping asked!

When Uncle Nie Heng saw the Shennong Cauldron, he was stunned. Then he stretched out his hand and stroked the Shennong Cauldron in shock!

"This is the Shennong Cauldron, the ancient divine cauldron..."

Uncle Nie Heng's entire body was trembling slightly, full of envy and excitement!

Although he was envious and excited, there was no trace of greed in the eyes of Third Master Nie Heng. Unlike Hu Yixiao, Hu Yixiao wanted to take it for himself the first time he saw the Shennong Ding!

“Now that you know this is the ancient divine cauldron, hurry up and take me to the place where you make alchemy.”

Chen Ping said!

Uncle Nie Hengsan nodded, and then took Chen Ping into a very dim room. The room was not big, but there were many medicinal herbs!

There is a small alchemy cauldron in the middle, but this alchemy cauldron has been around for some time, and the cauldron is still somewhat damaged!

Chen Ping took a look at the herbs and found that they were all very common and of low value. This made Chen Ping very confused!

In this area, the Jade Cauldron Sect is the only sect that makes alchemy and cures diseases. Many herbs around it have been picked and stored by the Jade Cauldron Sect, but the third-in-command of the Jade Cauldron Sect, the herbs for alchemy are so shabby!

Uncle Nie Heng also saw Chen Ping's doubts and explained with a wry smile: “Although I am still the third elder of the Jade Cauldron Sect, I only exist in name only. The resources of the Jade Cauldron Sect will not be given to me.”

“If it weren't for the fact that I had the method to open the Tibetan Medicine Pavilion, then Hu Yixiao might have killed me long ago...”

Chen Ping looked at the third elder in front of him, and his heart was full of admiration. Originally, he could live a life of fine clothing and fine food, but for the benevolence of a doctor in his heart and to help the mountain people around him, the third elder chose to persevere!

Although humans in the Heavenly Realm are much more utilitarian in comparison, and many people do whatever it takes to improve their strength, there are still some people who maintain a kind heart!

For example, those people in Dashi Village, and the third elder of the Jade Cauldron Sect in front of me...

“If I hadn’t seen that you maintain a benevolent attitude as a doctor, I wouldn’t have come to your door, let alone treated you.”

Chen Ping said slowly!

Chapter: 4225

The third elder stared at Chen Ping and asked in confusion: “Who are you? How come you own the Shennong Cauldron? Why do you come to our Jade Cauldron Sect?”

Following the third elder’s question, Chen Ping also revealed the purpose of coming to Jade Cauldron Sect, but Chen Ping’s identity was not revealed!

When Chen Ping said that he would give the Shennong Cauldron to Hu Yixiao in order to join the Jade Cauldron Sect and enter the medicine pool, the third elder immediately stopped him and said: “You must not give this Shennong Cauldron to Hu Yixiao. The Shennong Cauldron is an ancient god.” The tripod was made by Shen Nong, the medical immortal, for the benefit of the people.”

“If this Shennong Ding gets into the hands of Hu Yixiao, it will ruin the reputation of Shennong Ding. Don’t you just want to enter the medicine pool? I can help you get a place. Although I don’t have many disciples in my lineage, you can enter There are still spots in the medicine pool.”

“You can pretend to be a disciple of my lineage, and then you can enter the medicine pool without having to bend your knees under Hu Yixiao’s sect.”

The third elder’s words made Chen Ping’s eyes light up. If this was possible, he wouldn’t have to pretend to worship Hu Yixiao!

“Third Elder, do you only need a quota to enter the medicine pool? And what exactly is this medicine pool?”

Chen Ping asked the third elder!

“Of course not. If you want to enter the medicine pool, you also need to pass an assessment, but your strength should make it easy to pass.”

“As for what this medicine pool is, I don’t know very well, but according to the ancient records of our Jade Cauldron Sect, this medicine pool was the place where the ancestors of the Jade Cauldron Sect washed medicine and made elixirs. After years of accumulation, the medicine pool has A large amount of spiritual energy, this spiritual energy is a hundred times more powerful than the spiritual energy of heaven and earth.”

“However, every time the medicine pool is opened, the soaking time is also limited.”

The third elder explained to Chen Ping!

“Is there a limit? Are you afraid of absorbing all the spiritual energy in the medicine pool?”

Chen Ping asked puzzledly.

“Absorb it all?” The third elder smiled: “The medicine pool has experienced thousands of years, and the spiritual energy contained in it is as vast as the sea. How can it be absorbed completely?”

“It’s just because the spiritual energy inside is too powerful. Although it can quickly increase your strength, it also has side effects. If your physique is too poor and you soak in it for a long time, you will explode and die.”

“This is also the reason why you have to pass the assessment. Even if you pass the assessment, you can’t soak it for too long. This is also the result of the experiments of generations of disciples.”

“In the medicine pool, the soaking time cannot exceed one hour, otherwise there will be side effects, ranging from damage to the internal organs to death from explosion.”

The third elder said!

“Isn’t there anyone who can last longer than an hour?”

Chen Ping couldn’t believe that after soaking this thing for an hour, could his body still not be able to bear it?

“Of course there are, but they are very few. According to records, one Supreme Elder stayed in the medicine pool for three hours. He was the longest person who has ever stayed.”

“Now that the Supreme Elder is still alive, no one knows what level he has reached. I have never seen this Supreme Elder!”

When talking about this supreme elder, the eyes of the third elder were full of respect. It was obvious that this supreme elder who was still alive had a high status in the Jade Cauldron Sect!

Chapter: 4226

Listening to the words of the third elder, Chen Ping became even more fascinated by this medicine pool. Now that Chen Ping’s realm is improving, the resources he needs have increased exponentially. If he only relies on the spiritual energy of heaven and earth to practice, it will take a long time to improve his realm. You can only practice until the year of the monkey and the month of the horse!

Therefore, if Chen Ping wants to quickly improve his strength, he needs a lot of spiritual energy and resources. It seems that this medicine pool is really a good choice!

While Chen Ping was chatting with the third elder, Nie Heng came back with some medicinal herbs!

When he saw Chen Ping chatting animatedly with his third uncle, he couldn’t help but be a little surprised. The two of them were fighting just now, but after a while they were like old friends!

“Put down the herbs, you can go...”

Chen Ping said to Nie Heng!

“Aren’t you going to join the sect with me? If you want to become a disciple, you need to pass the inner sect examination, and then you can become a disciple and join the Jade Cauldron Sect.”

Nie Heng followed Chen Ping and explained the rules of the Jade Cauldron Sect!

Although Nie Heng knew that Chen Ping was just showing off, the procedure still had to go through. He was just a disciple, but he had no ability to make Chen Ping skip the procedure!

“I don’t plan to worship Hu Yixiao anymore. I plan to worship under the third elder. In this way, I can be considered a disciple of the Jade Cauldron Sect. Can’t I also enter the medicine pool?”

Chen Ping said!

“Yes, I can enter the medicine pool, but...but...”

Nie Heng looked embarrassed!

“But what? Get out of here...” Chen Ping looked a little angry when he saw Nie Heng like that!

“Mr. Chen, even if you become a disciple of Third Master Uncle, you still need to pass the inner sect examination. This is the rule of the Jade Cauldron Sect and cannot be canceled.”

Nie Heng said in a very embarrassed tone!

Chen Ping glanced at the third elder, who nodded and said, “That’s true. You need to pass the inner sect examination before you can choose whose sect you want to be. If you fail the inner sect examination, you are not qualified to enter the Jade Palace.” He is a disciple of the Ding Sect.”

Chen Ping saw that the third elder said the same thing, so he waved his hand and said: “You go and wait outside. I will help the third elder take care of the disease, and then I will follow you into the sect!”

Nie Heng nodded and then retreated.

Chen Ping put the herbs into the Shennong Cauldron, and a burst of spiritual fire penetrated the Shennong Cauldron. Soon the Shennong Cauldron was ignited with raging fire!

Waves of pleasant aroma began to waft out from the Shennong Cauldron!

Seeing Chen Ping's different methods of alchemy, the third elder was very shocked. However, because Chen Ping even took out the Shennong Cauldron, the third elder had no doubts about Chen Ping's alchemy skills!

About an hour later, the flames inside the Shennong Cauldron gradually extinguished, and a brown-green pill appeared inside the Shennong Cauldron!

Chen Ping took out the elixir: "Third Elder, take this elixir, and then after a few days of cultivation, the toxins in your body will be excreted..."

Chapter: 4227

The third elder took the elixir from Chen Ping's hand and looked at it carefully. He didn't see anything special about the elixir, and the aura in the elixir was not particularly strong. He didn't think of any magic elixir. Can you cure toxins in your body?

"Look, Danyun, Danyun has appeared..."

Just when the third elder was confused, someone suddenly shouted outside!

The third elder followed Chen Ping out of the room and found many disciples looking up at the sky!

I saw a colorful red cloud in the sky, exuding an alluring brilliance!

"Such a beautiful Danyun, why does Danyun appear here? Could it be that someone in the sect has mastered high-level elixirs?"

The third elder looked at the Danyun in the sky and said in surprise!

“Uncle Third Master, my master is not in the sect, who can refine high-level elixirs? Uncle Second Master’s alchemy skills are probably inferior to mine.”

Nie Heng also looked up at Danyun in the sky and said!

The third elder was also full of doubts, but soon the third elder seemed to have thought of something, and suddenly looked at the elixir in his hand, and then looked at Chen Ping in shock!

“This...is this Danyun...”

The third elder looked at Chen Ping in shock, feeling uncomfortable with what he said!

Chen Ping just smiled slightly, neither admitting nor denying!

But the third elder already understood that this Danyun was produced by Chen Ping’s alchemy just now!

Seeing this, the third elder swallowed the pill without hesitation!

To be able to produce such a beautiful elixir cloud, the elixir refined by Chen Ping is definitely not ordinary!

At this time, inside the Jade Cauldron Sect, the second elder looked up at the dilapidated house and the colorful alchemy clouds on the house. He couldn’t help but frown and said: “The third junior brother’s alchemy skills have improved so much.” It is so fast that it can produce such a beautiful Danyun. It seems that I need to talk to my senior brother about this matter!”

After Chen Ping refined the elixir for the third elder, he followed Nie Heng into the Jade Cauldron Sect’s mountain gate!

Because of Nie Heng's leadership, no one stopped me along the way!

After entering the mountain gate of the Jade Cauldron Sect, there are many buildings on both sides. The outer disciples of the Jade Cauldron Sect live here. These Jade Cauldron Sect disciples cannot become disciples and can only do the dirtiest and most tiring work in the Jade Cauldron Sect. I am looking forward to one day succeeding in the examination and becoming an inner disciple!

When these outer disciples saw Nie Heng, they were all very respectful. There were actually quite a few female disciples among them who took the initiative to come forward and make out with Nie Heng, as if no one else was around!

It seems that Nie Heng does have a high status in the Jade Cauldron Sect and enjoys it very much. However, because Chen Ping is here, Nie Heng can only drive away all the female disciples!

"It seems that you have a very comfortable life in the Jade Cauldron Sect..."

Chen Ping said with a faint smile!

Chapter: 4228

"Mr. Chen is joking. These outer disciples all want to take a shortcut. Through my relationship, they can pass the assessment, learn from their masters, and become inner disciples!"

"It's just that these rules were set by the ancestor of the Jade Cauldron Sect. How can I, an inner sect disciple, change it? In fact, if you want to join the ranks of inner sect disciples, you have to improve your strength and pass the assessment."

Nie Heng said awkwardly!

"Since you don't have that ability, wouldn't these outer female disciples let you play for nothing?"

Chen Ping asked in confusion!

Since Nie Heng couldn't change the rules, why did these female disciples throw themselves into his arms?

"It's not a waste of time. Even if they can't become inner disciples, I still have the right to allocate some resources. I can allocate more to them..."

Nie Heng quickly explained!

Chen Ping smiled and said nothing. He followed Nie Heng for more than ten minutes and passed through a mountain gate again. Only then did he enter the inner gate of the Jade Cauldron Sect. The buildings here were obviously more magnificent than the outside!

Moreover, there are disciples guarding the inner gate, and those outer disciples have no way to enter!

Nie Heng took Chen Ping to a position near the top of the mountain before stopping, and then pointed to the building on the top of the mountain and said: "The place above is where my master and second uncle live and practice, and my mansion is below them."

Nie Heng brought Chen Ping into his luxurious mansion. Disciples of the inner sect like Nie Heng always have someone to take care of them!

"Mr. Chen, you can rest here while I go to contact you about the assessment. However, I hope that Mr. Chen will not move around while I am away, so as not to cause unnecessary misunderstandings and troubles."

"If Mr. Chen feels bored, I can ask some female outer disciples to come over and keep you company. They all look good and have great figures."

Nie Heng said to Chen Ping!

After all, in Nie Heng's heart, he believed that no man could escape the trap of a woman. As the saying goes, which man is not lewd?

“No, you’d better hurry up and help me finish the assessment. I don’t feel comfortable staying here, so I’d better go down the mountain!”

Chen Ping didn’t want to stay here any longer. He wanted to go down the mountain and stay with the third elder!

Although this place is magnificent and luxurious, the atmosphere is very bad. All the disciples are like robots, especially the disciples who serve Nie Heng. They all have expressionless faces, like walking zombies.

“Mr. Chen, please wait a minute. I will go to the Second Senior Uncle to talk about the assessment. The Second Senior Uncle is in charge of the inner sect assessment.”

After Nie Heng finished speaking, he left quickly!

Chen Ping didn’t move around, and he didn’t want to attract other people’s attention. After all, he didn’t really want to join the Jade Cauldron Sect!

Nie Heng quickly walked to the top of the mountain, came to one of the buildings, and shouted loudly: “Uncle Second Master, disciple Nie Heng wants to see you...”

“come in.....”

Chapter: 4229

An old voice sounded!

Nie Heng walked into the room and saluted the second elder: “Uncle Second Master, there is a person who wants to join our Jade Cauldron Sect and directly enter the inner sect to become a disciple, so he wants to take an examination!”

“I want to take the inner sect examination tomorrow. It’s too late today.” The second elder waved his hand and then asked: “Nie Heng, have you just come back from down the mountain?”

“Yes, I just came back from the mountain!” Nie Heng nodded!

“Let me ask you, Danyun suddenly appeared at your third uncle’s place just now. Did you see it?”

The second elder asked!

“I saw it. The pill cloud is very beautiful. It should be produced by refining high-level pills.”

Nie Heng said!

“Yes, I think so too. I really didn’t expect that your third uncle’s alchemy skills have improved so much.”

“You have to work hard and don’t put all your energy into women. Have you played with all the female disciples in the outer sect?”

The second elder’s face suddenly turned cold and said!

After hearing this, Nie Heng lowered his head and said nothing, not knowing how to answer!

“You two masters and disciples really have the same nature. You can’t move forward when you see a woman. Your master likes women, and you also like them. Don’t you know how to practice more? If you keep doing this, sooner or later, your third uncle will not be able to surpass you!”

The second elder saw that Nie Heng was silent and continued to scold him!

“Second Master Uncle taught me that I will work hard to practice.”

Nie Heng said quickly!

“Well, go back and take the person to the assessment site on time tomorrow. Whether you succeed or not depends on one chance.”

The second elder said.

“I understand!” Nie Heng nodded, then turned and left!

Returning to the mansion, Nie Heng said to Chen Ping: “Mr. Chen, I have already greeted the second elder. The assessment will be available tomorrow. I will take you to the assessment site now!”

Chen Ping nodded. He also wanted to visit the Jade Cauldron Sect to see what was special about this Jade Cauldron Sect!

Chen Ping stood up and followed Nie Heng out. Because Nie Heng was following them, no one could stop them no matter where they went!

It can be seen that the identity of Nie Heng’s disciple is very useful in the Jade Cauldron Sect!

Soon, Nie Heng took Chen Ping to a secluded place in the Jade Cauldron Sect!

Chapter: 4230

“Mr. Chen, the examination room is ahead. They are all basic examinations. With your strength, you can pass it easily...”

Nie Heng pointed to the area in front that was blocked by a formation and said!

Chen Ping was right when he thought about it. If the inner sect’s examination was too strict and he couldn’t pass it, even the entire Jade Cauldron Sect would no longer have any inner sect disciples!

“Is there a time requirement for this assessment?”

Chen Ping asked Nie Heng.

“There is a requirement that the maximum time cannot exceed ten hours. If it does not come out within ten hours, it is equivalent to failure.”

“You can give up midway. After all, it’s very dangerous inside. If your life is in danger, you can crush the assessment token and someone will bring the assessors out at that time!”

Nie Heng explained!

“I understand, let’s go back...”

Chen Ping nodded and followed Nie Heng back!

After spending a day at Nie Heng’s residence, Nie Heng took Chen Ping to the assessment venue early the next day!

At this time, the second elder has not arrived yet, so Chen Ping and Nie Heng can only wait!

But after waiting for about an hour, the second elder hadn’t arrived yet, which made Chen Ping a little anxious!

Seeming to see that Chen Ping was a little anxious, Nie Heng hurriedly said: “Mr. Chen, my second uncle is like this. He is not very capable, but he has great power in the Jade Cauldron Sect. He controls all assessments, and no one dares to offend him. , and secretly gave him gifts, so he took his time.”

When Chen Ping heard this, he could only wait helplessly.

After another ten minutes, an old man wearing a gorgeous blue robe, holding a purple clay pot in his hand, drinking tea and humming a tune came over!

“Uncle Second Master, you are here...”

When Nie Heng saw this, he rushed forward to greet him!

“Yes.” The second elder agreed, then looked at Chen Ping and said, “Is this the person who is being assessed?”

“Yes, that’s him!” Nie Heng nodded!

“Since you can bring this person here, it seems that your master thinks highly of this young man.”

The second elder said calmly!

“Second Master Uncle, this is to become the disciple of Third Master Uncle, not to become my master.”

Nie Heng quickly explained!
