

## **The Order 4331**

Chapter: 4331

He didn't expect that he had only been in the medicine pool for a long time, and that he would break through the realm that had been bothering him for a long time!

Chen Ping felt that the spiritual power in his body had been condensed to a new level, and his consciousness and body had also become much stronger!

"It seems that if we stay here, we can break through the realm of transformation and reach the realm of integration, it will be just around the corner..."

Chen Ping was extremely excited. Practicing in this medicine pool was many times faster than practicing outside!

Chen Ping was quite satisfied with his choice at this time. Chen Ping also did not expect that the Jade Cauldron Sect's medicine pool was so powerful!

At this moment, the people waiting for Chen Ping at the pass also heard the movement in the medicine pool!

"What's this noise?"

Everyone looked towards the medicine pool in shock!

"Why do I feel like someone has broken through?"

"What a terrifying smell. Could it be that Chen Ping broke through inside?"

Someone started talking!

Hu Yixiao and the second elder looked solemnly in the direction of the medicine pool. If Chen Ping really broke through in the medicine pool, it would be trouble for them!

“Master, could this be Mr. Chen’s aura?”

Fang Shu hurriedly asked the third elder!

The third elder didn’t say anything because he didn’t know. After all, when this terrifying aura broke out, if Chen Ping broke through, he would definitely break through to the Fusion Realm!

But it’s not very realistic for Chen Ping to break through to the Fusion Realm in such a short period of time!

The third elder didn’t know that Chen Ping’s breakthrough was much more powerful than others!

If Chen Ping breaks through the Great Realm and reaches the Fusion Realm, it is estimated that the entire Jade Cauldron Sect will be enveloped by thunder!

“Brother, I think it’s better to close the medicine pool!”

The second elder said to Hu Yixiao!

Hu Yixiao nodded and prepared to close the medicine pool. No matter who made the noise inside, as long as the medicine pool is closed, the person trapped inside will definitely not survive!

“Senior Brother, didn’t you say you were giving me an hour? It’s not time yet!”

The third elder saw that Hu Yixiao was about to close the medicine pool, so he asked.

“I have other things to do and I don’t have time to wait!”

Chapter: 4332

After Hu Yixiao finished speaking, he saw his hands slowly clasping together, and the Yao Chi Pass slowly closed as well!

“Master...”

When Fang Shu saw that the medicine pool was closed, she suddenly became anxious!

If Chen Ping is still inside, he will definitely die now!

The third elder looked very ugly, but now that the medicine pool was closed, what he was saying was useless!

“let’s go.....”

The third elder glanced helplessly in the direction of the medicine pool and prepared to leave with Fang Shu and Liu Ruyan!

But when the third elder was about to leave, the second elder blocked the way of the third elder!

“Third Junior Brother, why does your new disciple look familiar? Have I seen him somewhere?”

The second elder found that Liu Ruyan looked more and more familiar, and the aura on Liu Ruyan’s body, but he couldn’t remember where he had seen it before!

“How could Second Senior Brother have seen this before? This is just a new disciple I recruited from other places!”

The third elder smiled lightly, but at this moment he was extremely nervous!

It would be dangerous if the second elder discovered Liu Ruyan's identity at this time!

"Perhaps I'm wrong, but you, the newly recruited disciple, are quite capable..."

After the second elder looked at Liu Ruyan, he stepped out of the way!

The third elder quickly left with Fang Shu and Liu Ruyan!

"Junior brother, what's going on?" Hu Yixiao asked the second elder.

"Oh, it's nothing, it just looks familiar!"

The second elder waved his hand and then led others away!

However, at this time, the second elder already had doubts about Liu Ruyan's identity. The reason why he did not tell Hu Yixiao was because he wanted to investigate on his own!

If Liu Ruyan's identity is as he guessed, then he can use this matter to implement his plan!

Everyone left and the medicine pool returned to calm!

At this time, deep in the medicine pool, Chen Ping continued to dive into the deepest part of the medicine pool!

Although the terrifying spiritual energy around him poured into Chen Ping's body like a storm, it was quickly refined by Chen Ping's Heart Concentration Technique, and coupled with Chen Ping's abnormal body, there was no danger for the time being!

Chapter: 4333

Chen Ping didn't know how long he had been submerged. He couldn't see his fingers. The dark bottom of the pool now had a faint light!

Chen Ping looked along the light and saw a huge formation pattern. This pattern was emitting a faint light. From this, it could be seen that the formation was activated!

Perhaps because of the age, the light on the formation patterns is very weak.

"Is there something sealed at the bottom of this medicine pool?"

Looking at the formation pattern, Chen Ping was very surprised!

But now that he's here, no matter what's at the bottom of the medicine pool, Chen Ping plans to find out!

As Chen Ping continued to go deeper, the originally weak light began to brighten, and the formation patterns began to become densely packed. Chen Ping looked over and saw that there were dense formation runes for miles around.

This was the first time Chen Ping had seen such a large formation rune and such a complex rune!

The faint light he saw just now was not caused by the formation's telekinetic rescue, but because the water at the bottom of the pool was as dark as ink, so the light was weak!

Now that Chen Ping is in front of the formation, the light on the formation becomes brighter!

Looking at the complex formation runes in front of him, Chen Ping was a little at a loss as to what to do!

If such a huge formation was set up by one person, then this person would definitely be a top formation master!

With such a large formation and such complex and cumbersome rune carvings, if there are any flaws, the entire huge formation will fall short!

Chen Ping is now considered to be one of the best in formation skills, but if he were asked to depict such a huge formation, Chen Ping might not be able to do it!

But how could there be such a huge formation at the bottom of the Jade Cauldron Sect's medicine pool?

What is the use of such a huge formation hidden here?

Chen Ping slowly landed on the formation, and then gently touched the huge formation with his hand, feeling the breath in the formation. Chen Ping was able to detect such a thing from the remaining breath of the formation. Who set up this huge formation!

When Chen Ping's hand touched the formation, a white soft light instantly enveloped Chen Ping. This soft light was not offensive at all, but made Chen Ping feel very comfortable!

Just when Chen Ping was wrapped in soft light, the dragon crystal on his chest shone directly, and traces of the power of the dragon radiated out, and then merged with the soft light!

At this moment, Chen Ping seemed to feel some kind of call. He could clearly know that something was suppressing something under this huge formation!

Chen Ping gently put his hands on the formation, closed his eyes slightly, and let out all his consciousness!

The dragon crystal in the body flashes faster and faster, and the power of the dragon is also rushing out!

After the power of the divine dragon surged out of Chen Ping's body, the soft white light originally emitted from the formation became dazzling at this moment!

And Chen Ping's divine dragon power began to continuously impact the formation!

Chapter: 4334

The power of the dragon seemed to be out of Chen Ping's control, and it had its own consciousness. It kept attacking the huge formation at Chen Ping's feet!

And in the formation, dazzling white light emitted, dispersing the power of the dragon emanating from Chen Ping's body again and again!

Chen Ping frowned slightly, waved his palms lightly, opened his mouth suddenly and inhaled, and the manic dragon power was instantly sucked into Chen Ping's body!

Suppressing the manic dragon power, Chen Ping carefully checked the formation under his feet!

Chen Ping seemed to understand something at this time!

Under this formation, a giant dragon should be suppressed, and this giant dragon seems to have some connection with him, so that the power of the dragon in his body is out of control!

Chen Ping inspected it carefully and found that there was no danger in this huge formation. As long as no one took the initiative to destroy the formation, the formation would not actively attack people!

On the contrary, in this formation, not only will there be no danger, but there will also be great benefits, because there is a lot of gentle power in this formation!

The soft white light just now enveloped Chen Ping, making Chen Ping very comfortable. If the power of the dragon hadn't suddenly gone crazy and attacked the formation, this formation would not have fought back!

After observing for a while, Chen Ping gently pressed one hand on the formation, and a stream of spiritual power slowly penetrated into the formation!

Buzz.....

Suddenly, a huge force instantly ejected Chen Ping...

Seeing this, Chen Ping could only helplessly start studying again slowly!

Jade Cauldron Sect, where the three elders reside!

Now two days have passed, the medicine pool has been closed, and there is no news about Chen Ping. From this point of view, Chen Ping is already in danger!

Originally, the third elder wanted Liu Ruyan to form a Taoist couple with Chen Ping, and was using Chen Ping's strength to help Liu Ruyan seize the Jade Cauldron Sect.

Now that Chen Ping's life and death are unknown, the third elder needs to take a long-term approach to re-capture the Jade Cauldron Sect!

"Third Elder, how many of my father's old subordinates are there in the Jade Cauldron Sect now?"

Liu Ruyan asked the third elder!

"Miss, the old sect leader has quite a few old subordinates, but after so many years, I'm afraid those people have already been fascinated by wine, sex and wealth, and have colluded with Hu Yixiao."

The third elder frowned slightly and said!

Liu Ruyan also frowned and looked very ugly. Many people would not care about friendship in the face of interests!

"Third Elder, if I can ask the Supreme Elder to come forward, will he support me?"

Liu Ruyan asked!

Chapter: 4335

If we can get the support of the Supreme Elder, it will be much easier to take back the Jade Cauldron Sect. As long as the Supreme Elder says a word, Hu Yixiao probably won't even dare to fart!

And the entire Jade Cauldron Sect will definitely listen to the words of the Supreme Elder. After all, all the people in the Jade Cauldron Sect regard the Supreme Elder as a god!

But the third elder shook his head and said: "The Supreme Elder has long stopped asking about the fight between the Jade Cauldron Sect. As long as someone does not invade the Jade Cauldron Sect and put the Jade Cauldron Sect's life and death at risk, the Supreme Elder will not come forward."

The words of the third elder made Liu Ruyan fall into silence. Without the support of the Supreme Elder, she didn't know how sure she was that she could kill Hu Yixiao and take back the Jade Cauldron Sect!

Unknowingly, Liu Ruyan thought of Chen Ping again. Although she and Chen Ping had not known each other for a long time, she could always find a sense of security in Chen Ping. If Chen Ping was here, maybe Chen Ping would have an idea. Got it!

Just when the third elder and Liu Ruyan fell into silence, suddenly someone seemed to flash outside the window!

"who?"

The third elder was shocked and asked loudly!

You must know that Liu Ruyan's identity must not be exposed. There is someone outside the room window. They have just discovered that if Liu Ruyan's identity is exposed, let alone retaking the Jade Cauldron Sect from Hu Yixiao, they may want to escape from the Jade Cauldron Sect's capital. Impossible!

When Hu Yixiao knew that Liu Ruyan was still alive, he would definitely kill Liu Ruyan by any means necessary!

“Third Junior Brother, there is no need to make a fuss, it’s me...”

At this time, the second elder opened the door and walked in!

“Second senior brother?” The third elder’s face was full of surprise!

The second elder looked at Liu Ruyan and saluted slightly: “Greetings to the eldest lady...”

“Second Elder, you...why are you here?”

Liu Ruyan also asked in surprise!

After all, this is the residence of the third elder, and the second elder would never come here at ordinary times!

The aura of the third elder has begun to rise at this time, and he is ready to take action against the second elder at any time. Liu Ruyan’s identity must not be exposed!

Although the second elder is slightly stronger, with Liu Ruyan here, Liu Ruyan is now also a strong person in the Fusion Realm. The third elder plus Liu Ruyan may not be the opponent of the second elder!

The second elder felt the killing intent rising from the third elder, and hurriedly smiled and said: “Third junior brother, you don’t have to be like this. If I want to reveal the identity of the eldest lady, the senior brother will already know it the day the medicine pool is opened. .”

The second elder had already begun to doubt Liu Ruyan’s identity the day the medicine pool was opened!

Although Liu Ruyan changed her appearance and voice, there were some auras about her that couldn’t be changed!

“Second Senior Brother, what are you doing here?”

The third elder asked the second elder coldly!

Chapter: 4336

“I came here to find the eldest lady. When I knew that the eldest lady was still alive, I was very excited.”

“I know you are looking for an opportunity to take back the Jade Cauldron Sect from the strength of senior brother, so I came to see if there is anything I can do to help you.”

The second elder said straight to the point!

The third elder seemed a little surprised when he heard this. He didn't expect the second elder to be so straightforward.

“Second Senior Brother, why are you helping me? You know your disciple was just killed by my disciple. It would be great if you don't hate me. Will you help me?”

“Besides, you contacted the demon cultivator privately, and used the demon cultivator's hands to kill my people, and now you come to help us. How can I trust you?”

Since the second elder was very straightforward, the third elder did not beat around the bush and directly told the story about the connection between the second elder and the demon cultivator!

“Junior brother, I think you made a mistake. I am not helping you, I am helping the eldest lady!”

“If the eldest lady is not alive, I will still regard you as a thorn in my side, and I will still hunt Chen Ping to the end.”

“But now that the eldest lady is still alive, you and I were promoted by the old sect master. Of course we must consider the eldest lady!”

“I have long been disgusted with that Hu Yixiao. Ever since he was the leader of the Jade Cauldron Sect, he has always been arrogant and has never treated us as human beings. He will hit us whenever he wants and scold us whenever he wants. I have had enough of it for a long time. !”

The second elder’s face was filled with anger and he cursed at Hu Yixiao!

The third elder looked at the second elder’s behavior and somewhat believed it. After all, the second elder was slapped in the mouth by Hu Yixiao in public, and the third elder also saw it!

No one would believe that the second elder was slapped without any resentment in his heart. After all, he was the second elder of the Jade Cauldron Sect. It was indeed a bit too much for Hu Yixiao to just slap him in the face without giving him any face!

So the second elder is very angry now and curses Hu Yixiao, so the third elder will believe it!

Liu Ruyan looked at the third elder at a loss. After all, Liu Ruyan had been in a coma these years and she didn’t know anything about what happened. Therefore, she didn’t know whether what the second elder said was true or not. She could only look at the third elder’s words. reaction!

“Second Senior Brother, since you know the identity of the eldest lady and secretly found her yourself, I guess you already have a solution, right?”

“Then Hu Yixiao used poison to kill the old sect leader. Fortunately, the eldest lady did not deserve to die. She finally woke up after being in a coma for several years.”

“Now that the eldest lady is awake, is there any good way to make Hu Yixiao pay the price and take the Jade Cauldron Sect away from him?”

The third elder asked tentatively to the second elder!

“Third Junior Brother, you have been here alone for these years and you don’t know much about the affairs within the sect.”

“Many people in the Jade Cauldron Sect are complaining about Hu Yixiao’s dictatorship. If at this time, the eldest lady steps forward and exposes what Hu Yixiao has done, I believe many people will support the eldest lady.”

“There will be a sect conference in a few days. We can have the eldest lady attend the conference in disguise, and then stand up at the conference to expose Hu Yixiao’s crimes.”

“When the time comes, the two of us will speak out to support the eldest lady and directly isolate Hu Yixiao!”

Chapter: 4337

“At that time, Hu Yixiao will become a rat that everyone calls for beating. The eldest lady can easily take back the Jade Cauldron Sect, and also bring Hu Yixiao to justice and avenge the old sect master.”

The second elder analyzed it carefully!

After hearing what the second elder said, the third elder fell into deep thought, and then said: “Second senior brother, do you really mean what you said?”

“Of course, do you think I will harm the eldest lady? If I want to harm the eldest lady, I will reveal my identity as the eldest lady on the day the medicine pool is opened.”

The second elder said seriously with a serious face.

The third elder looked at the second elder like that, and for a moment he didn’t know whether what the second elder said was true or not. But at this point, the third elder could only choose to believe what the second elder said!

Now besides uniting with the second elder, the third elder can’t think of any other good way!

“Second Senior Brother, I believe you, then wait until the sect meeting and let the eldest lady expose Hu Yixiao’s face directly and take back the Jade Cauldron Sect!”

The third elder said.

“Okay, I’ll go back and make arrangements right now. As long as the two of us work together to help the eldest lady take back the Jade Cauldron Sect, there will definitely be no problem.”

The second elder nodded, then looked at Liu Ruyan and said: “Miss, I’ll take my leave first...”

“Second Elder, thank you for your hard work...”

Liu Ruyan said politely!

When the second elder walked back, Liu Ruyan looked at the third elder and said, “Third elder, do you think the second elder is reliable?”

The third elder did not speak. He remained silent for a moment and said, “I don’t know either, but now we can only choose to believe him.”

“I hope Second Senior Brother can see the old sect master’s face and sincerely want to help us!”

Liu Ruyan stopped talking. Now it seems that their success or failure depends on the second elder!

At this time, after the second elder left the third elder’s station, a proud smile appeared on his face!

Returning to the Jade Cauldron Sect, the second elder did not return to his mansion, but went directly to find Hu Yixiao!

“Second Junior Brother, why are you here so late?”

Hu Yixiao asked after seeing the second elder.

“Senior brother, I have something to report to you...”

The second elder said.

“Just tell me if you have anything to do.”

Chapter: 4338

Hu Yixiao closed his eyes slightly and lay on the chair, looking lazy.

The second elder looked at the disciples on both sides, then waved his hand and said: “You all go out, I have something to report to the sect master.”

Several Jade Cauldron Sect disciples were stunned for a moment, then looked at Hu Yixiao.

After all, they only listened to Hu Yixiao’s words, and the second elder could not order them.

“You guys go out.” Hu Yixiao waved his hand.

After several Jade Cauldron Sect disciples went out, the second elder hurriedly walked to Hu Yixiao’s side, and then whispered in Hu Yixiao’s ear.

After hearing what the second elder said, Hu Yixiao’s eyes that were slightly closed suddenly widened and he jumped up from his chair.

“Second Junior Brother, is what you said true?”

Hu Yixiao asked in shock.

“Senior brother, of course it’s true. I definitely didn’t lie to you. I just came back from the third junior brother’s station.”

The second elder said with a serious face.

Hu Yixiao's brows furrowed tightly, his eyes slightly condensed, with a strong murderous look in his eyes.

"I didn't expect that the eldest lady is still alive. No wonder the third junior brother's new disciple looks familiar to me."

"After so many years, Third Junior Brother has been hiding deep enough..."

After Hu Yixiao finished speaking, he suddenly looked at the second elder and asked with a little doubt: "Second Junior Brother, why did you suddenly tell me this matter?"

"Do you know that the old sect master treats you well?"

Hu Yixiao didn't understand why the second elder came to inform and tell him this matter.

If the second elder and the third elder join forces, and Liu Ruyan appears, it will be easy to take back the Jade Cauldron Sect from him.

But now the second elder has chosen to betray the third elder and Liu Ruyan, which makes Hu Yixiao a little confused.

"Senior brother, you have treated me well over the years. You have left me the management of all matters of the sect, even important things like the warehouse."

"I know that only by following my senior brother can I have a good life. If the Jade Cauldron Sect is really captured by Liu Ruyan, it will be the third junior brother who will be reused in the future. I am afraid that I will have no place to live in the Jade Cauldron Sect."

The second elder explained.

“Hahaha, Second Junior Brother sees things clearly. Since you choose to side with me, I will reward you heavily after taking care of them.”

Hu Yixiao burst out laughing!

Chapter: 4339

Seeing Hu Yixiao’s happy look, the second elder also smiled, but there was a bit of sinister in the second elder’s smile!

After leaving Hu Yixiao’s mansion, the second elder came to the warehouse again, then opened the formation in the corner, and instantly came to an extremely dark space!

Here, Zhe Yan is recuperating. He took people to kill Chen Ping a few days ago, but he failed to kill Chen Ping, but he lost several of his men. This made Zhe Yan very depressed!

Seeing the second elder coming, Zhe Yan just opened his eyes slightly, and then closed them!

“Our opportunity has come...”

The second elder said to Zhe Yan with excitement!

“Are you planning to seize the Jade Cauldron Sect?” Zhe Yan asked.

“Yes, this is our once-in-a-lifetime opportunity.”

The second elder nodded and said!

“I just lost several masters. If I go to seize the Jade Cauldron Sect now, how sure can I be?”

“And that Chen Ping is probably the biggest variable in the Jade Cauldron Sect. That guy is indeed evil.”

Zhe Yan now has a headache when thinking about Chen Ping!

“Hahaha, don’t worry, Chen Ping won’t show up again. He is already trapped in the medicine pool. He might be dead by now.”

“You just need to contact all the people you can contact, and tell them that as long as I capture the Jade Cauldron Sect, you will no longer have to hide in the Jade Cauldron Sect, and you can live an upright life in the Jade Cauldron Sect.”

“Then Hu Yixiao thought that he could securely sit on the throne of the Jade Cauldron Sect by finding cooperation with the beast clan. He was too naive...”

The second elder said proudly!

“Okay, I’ll gather the people together and wait for your news...”

Zhe Yan nodded!

When the second elder left the warehouse, his face was full of excitement, because his ideal was about to be realized!

.....

The bottom of the medicine pool!

Chen Ping finally carefully inspected the entire huge formation!

If you want to break the formation, you must first find the center of the formation. If you want to break it by force, unless Chen Ping’s strength is much higher than the formation!

With Chen Ping's current strength, it is obviously impossible to forcefully break this huge formation!

Chapter: 4340

"This formation is too strange. Why can't I find the location of the formation eye?"

Chen Ping was very surprised. After searching for so long, he didn't find the location of the formation.

If he can't find the formation's eye, then Chen Ping has no way to break the formation, and he has no way to know what is being suppressed under this formation!

Just when Chen Ping was a little overwhelmed, ripples suddenly appeared on one side of the formation, as if someone had entered the bottom of the pool!

As the ripples became larger and larger, Chen Ping soon saw a light and shadow. As the light and shadow continued to get closer, Chen Ping saw clearly that in the light and shadow, there was a man wearing a long coat, but the man's head was It seems to have two horns!

Seeing the man walking towards him, Chen Ping's expression became wary, and he held the Dragon Slaying Sword tightly in his hand!

"Don't be nervous, I won't hurt you, and I don't have the ability to hurt you now..."

"I am just a shadow now, without any ability at all..."

The man smiled slightly at Chen Ping.

Chen Ping used his spiritual consciousness to cover the man's spiritual consciousness. He did not feel any breath in the man's spiritual consciousness. It was obvious that this man was just a shadow!

When Chen Ping saw this, he relaxed and asked, "Who are you? Why are you here?"

“You don’t need to know who I am, but what I can tell you is that I have always been here, because under this huge formation, I am the one suppressing...”

The man said!

“Is it you?” Chen Ping was startled, then looked at the two horns on the man’s head and said, “You are not a human, right? Are you an orc? Are the horns on your head dragon horns? Are you a dragon?”

Chen Ping himself has always been called the true form of the Golden Dragon and the son of the dragon, so Chen Ping has always felt that his father should be a dragon!

If the man in front of him was a dragon, then he would be the first dragon person Chen Ping had ever seen!

Chen Ping can also get some information about his father from this person!

The man looked at Chen Ping, neither admitting nor denying, but smiled lightly and said: “I told you, don’t worry about my identity. It is fate that you can come here. If you open this formation, you will have something unexpected.” harvest.”

“But this formation is too huge and I can’t open it.” Chen Ping said a little frustrated!

He studied for a long time, but couldn’t find the formation eye at all, so he couldn’t open the formation!

Seeing Chen Ping like that, the man suddenly laughed.

“Since you can’t open this formation from here, why not try to open it from the inside?”

the man said.

“Open it from the inside?” Chen Ping was stunned for a moment!
