

The Order 4341

Chapter: 4341

He didn't understand what this man meant. Now that the formation was not open, Chen Ping had no way to get in. How could he try to open it from the inside?

Just when Chen Ping looked confused, the man waved his hand lightly, and Chen Ping's body instantly began to levitate!

Immediately afterwards, Chen Ping felt the blood in his body begin to boil, and blood continued to seep out from around his skin!

Soon, everything around Chen Ping turned blood red, which made Chen Ping nervous and wanted to struggle!

But the man's voice rang out: "Don't struggle, imagine yourself as this huge magic circle, and integrate into this magic circle..."

When Chen Ping heard this, he dispersed all his spiritual consciousness and let his spiritual consciousness merge with the huge magic circle!

Thousands of brilliance slowly rose in the formation, wrapping Chen Ping!

At this time, Chen Ping was like a baby in the womb, slightly closing his eyes and enjoying himself comfortably!

Slowly, Chen Ping's body continued to descend, and his entire body was wrapped in the formation. Then his body penetrated the formation and fell into another space!

When Chen Ping opened his eyes, he found that the huge magic circle had reached the top of his head. The magic circle was still shining with light, but at this time, Chen Ping looked over and could easily find the formation's eyes. It's there!

Incredulous, Chen Ping looked at the man beside him. He didn't understand how this was done.

The man smiled and said: "Don't think of using force to solve any problem you encounter. Try to integrate with your heart. Maybe you will find that you can integrate many things..."

"Fusion?" Chen Ping frowned slightly, he still couldn't quite understand what the man meant!

"All things in the world are interdependent and mutually reinforcing. There are still many things you need to learn."

"Do you know where we are now?"

The man asked Chen Ping!

"Aren't we at the bottom of the medicine pool?" After Chen Ping finished speaking, he looked around!

He found that although the surroundings were pitch black, there was a flash of green light not far away, and with the faint light, Chen Ping could also see countless skeleton-like supports all around!

Each bracket was as huge as a hill, and the texture was crystal clear, like white jade. Chen Ping gently touched it with his hand, and it was extremely cold where he touched it!

Chen Ping ran towards the green light not far away again. When he walked in, he realized that it was a dragon crystal!

I saw that the aura emitted by the dragon crystal was extremely violent, especially after Chen Ping got close, the dragon crystal started to tremble!

The power of the divine dragon in Chen Ping's body was like a wild beast, rushing out uncontrollably!

At this moment, the huge formation above the head was flashing with rays of light, shining on the dragon crystal, seeming to be controlling the violent dragon crystal!

“This...what the hell is this place?”

Chapter: 4342

“Isn’t this the belly of a giant dragon?”

Chen Ping’s face was full of surprise. Looking at the dragon crystal in front of him and the hill-like skeleton, Chen Ping began to wonder if they had entered the belly of a giant dragon!

The man smiled slightly, then nodded!

At this time, Chen Ping looked at the man in confusion and said, “You said you were the one suppressing me. If you say that, wouldn’t I be in your belly?”

“What is going on? Who is suppressing you?”

Chen Ping was confused now and couldn’t figure out what was going on with this man!

“I set up this formation, and I am the one who suppressed it...”

The man said!

The man’s answer made Chen Ping even more confused. He had never seen someone setting up a formation to suppress him!

“Why do you suppress yourself?”

Chen Ping asked in confusion!

The man smiled without saying a word, pointed at the dragon crystal and said, "Look carefully at the dragon crystal..."

After hearing this, Chen Ping looked at the dragon crystal carefully again!

Soon, Chen Ping's pupils shrank, and there was a look of surprise in his eyes, because he found that there was a very fine black flame inside the dragon crystal. Although the black flame looked very weak, it was obviously beating and burning. !

You must know that dragon crystal is a pure substance, and there is absolutely no impurity in it. However, there are black flames beating in the dragon crystal in front of him, which makes Chen Ping very strange!

"What is inside this dragon crystal?"

Chen Ping asked the man!

"That is the Dark Fire of the Demon Clan. I was seriously injured that year, and the dragon crystal in my body was burned by the Demon Clan's Ultimate Fire, so I set up this magic circle to suppress myself."

"If not, my dragon crystal would have turned black by now, and I don't know how many people would have died."

The man explained.

When Chen Ping heard this, he immediately became interested and hurriedly asked: "Senior, you must have experienced the war between gods and demons, right? What happened back then?"

"Do you know who my father is? Many people say that I am the son of a dragon, the true form of a golden dragon. What is going on?"

Chen Ping finally met an ancient dragon clan, and he desperately wanted to know about his father!

After hearing Chen Ping's question, the man suddenly became silent, and then slowly said: "No one can say clearly what happened back then. In that battle, the heavens collapsed and the order was chaotic. I was just an insignificant part of it. Member, what can I know..."

Chapter: 4343

Mentioning what happened back then, the man's expression became obviously sad!

After a while, the man continued: "You do have dragon blood flowing in your body, otherwise you would not be here. As for who your father is, maybe you will know when you really grow up..."

When the man mentioned Chen Ping's father, his expression became very respectful.

When Chen Ping saw this, he stopped asking questions. He knew that it seemed that he was the only one to explore his father's affairs. Every time he asked about his father, he always looked enigmatic and no one would really tell him. !

"Then why did you bring me here?"

Chen Ping knew that the man who suddenly appeared and brought him into this formation must have other intentions! ! !

"You have also seen that my dragon crystal is contaminated with the demonic fire. Although it is suppressed by the formation now, the formation will eventually collapse!"

"I don't want my dragon crystal to turn into something evil and harm living beings..."

"So I want to dedicate this dragon crystal to you, but if you want to get this dragon crystal, you must eliminate the demonic fire."

"Do you dare to give it a try?"

The man said to Chen Ping!

Chen Ping looked at the dragon crystal, his eyes flashing continuously!

For such a good thing, Chen Ping will never let go. Although it may be dangerous to eliminate the demonic fire, it is worth it to get such a complete dragon crystal!

“Senior, I can try, but if I take away your dragon crystal, won’t you be dead?”

Chen Ping said to the man.

“Hahaha, I have already been destroyed by the Tao and the body. How can there be nothing that will not perish? The fact that my dragon crystal can find a destined person can be regarded as my good fortune.”

The man laughed loudly!

Chen Ping saw that the man had said this, so with a flash of his mind, his whole body instantly entered the dragon crystal.

.....

Within the Jade Cauldron Sect!

Today is the day of the Jade Cauldron Sect’s sect meeting, and all the disciples are dressed up and going out!

In the sect’s main hall, Hu Yixiao was sitting in the position of the sect leader, flanked by the third elder and the second elder!

And those standing below were the disciples of each of their elders, and they were all fighting in separate lines, separated from each other!

At this time, the atmosphere in the entire sect hall was very depressing, and everyone was thinking about their own plans!

Chapter: 4344

Liu Ruyan stood among the disciples of the third elder and looked at Hu Yixiao angrily.

“Second Junior Brother, Third Junior Brother, everyone has arrived. I think the conference can begin...”

Hu Yixiao glanced at the disciples and then said!

“Brother, can I say a few words before the conference starts?”

The third elder asked!

“Of course, please do...” Hu Yixiao said with a faint smile!

The third elder nodded, then stood up and glanced at the many disciples of the Jade Cauldron Sect!

Seeing the appearance of the third elder, Hu Yixiao and the second elder looked at each other and smiled!

“Jade Cauldron Sect disciples, today at the sect meeting, I would like to invite you to meet someone...”

After the third elder finished speaking, he nodded towards Liu Ruyan!

Liu Ruyan jumped up and landed firmly next to the third elder!

“Third Junior Brother, what are you doing?” Hu Yixiao pretended not to know and asked in confusion!

“Hu Yixiao, I want to expose your evil deeds at today’s sect meeting and let all sect disciples know your face.”

Liu Ruyan glared at Hu Yixiao and suddenly pulled off the disguise mask on her face!

When Liu Ruyan’s face was revealed, many sect disciples were instantly shocked!

“Miss, isn’t this the eldest lady?”

“Didn’t you say that the eldest lady is dead? Why is she still alive?”

“How is this going?”

Many disciples started talking about it one after another!

“It turns out to be the eldest lady. I didn’t expect you to be still alive...”

Hu Yixiao smiled lightly when he saw Liu Ruyan showing his true colors.

Seeing Hu Yixiao’s unsurprised expression, the hearts of the third elder and Liu Ruyan sank, and then they looked at the second elder!

The second elder looked calm and said nothing!

At this time, the third elder and Liu Ruyan all had a premonition that something was not going to happen, but now that it was over, it was hard to get out of riding a tiger!

Chapter: 4345

“Hu Yixiao, you used poison to poison our family, and then took over the position of the leader of the Jade Cauldron Sect. You are such a heartless guy, aren’t you afraid of a good death?”

“Thanks to God’s vision, I am still alive in the world, so I can expose your evil deeds and avenge your parents...”

Liu Ruyan gritted her teeth and shouted at Hu Yixiao at the top of her lungs!

boom!

As soon as Liu Ruyan’s words came out, everyone was shocked!

They never thought that this was how Hu Yixiao became the sect leader, and that the old sect leader was poisoned to death by Hu Yixiao!

“Sect Master, did you really kill the old sect leader?”

At this time, a disciple stood up and asked in disbelief!

“Yes, the old sect leader is fatuous and incompetent, which has led to the fact that our Jade Cauldron Sect has been developing for many years, but is still penniless. You don’t have a look at how much the Jade Cauldron Sect has changed in the past few years under my management?”

Hu Yixiao admitted it without any scruples!

Seeing Hu Yixiao admitting, many Jade Cauldron Sect disciples were extremely surprised, but more disciples were silent!

Liu Ruyan didn’t expect that Hu Yixiao would admit it so happily.

“Disciples, Hu Yixiao has admitted it himself. We should unite to kill him as a traitor and avenge the old sect master.”

The third elder held the sword, raised his arms and shouted!

“Kill the traitors and avenge the old lord...”

The disciples of the third elder began to shout loudly, but no other disciples spoke!

Seeing this, the third elder looked at the second elder and said, “Second senior brother, the old sect leader treats you well. Won’t you join us today to kill the traitor Hu Yixiao?”

Although the third elder already knew the answer, he still wanted to ask the second elder!

“Third Junior Brother, I never like to fight for strength, so I will not get involved in this matter. For me, there is nothing wrong with having Senior Brother as the leader of this sect.”

The second elder raised his lips, and then took two steps back. On the surface, he would not get involved!

When the third elder saw this, although he already knew the answer, he was still very angry with the second elder.

“You despicable villain, I shouldn’t have believed you in the first place. You will die badly...”

The third elder yelled at the second elder!

“Junior brother, you should take care of yourself first. I don’t know if you can get out alive today!”

Chapter: 4346

The second elder said proudly!

“All disciples listen to my orders and follow me to hang the traitors and avenge the old sect leader...”

The third elder raised his arms and shouted, then ran straight towards Hu Yixiao!

At this point, the third elder knew that they had no other choice but to fight to the death and still have a chance of survival!

“All disciples of the Jade Cauldron Sect, please join me in destroying the traitor Hu Yixiao and revive the prestige of our Jade Cauldron Sect!”

Liu Ruyan also shouted and rushed forward!

Fang Shu and the disciples of the three elders also charged forward!

There are many disciples who are ready to make a move, but many people are looking at the attitude of the second elder!

If the second elder helps any side now, that side will have an absolute advantage!

It’s a pity that the second elder stepped aside and sat down, intending to watch the fun and had no intention of taking action!

“Miss, do you really plan to fight to the death? If you just surrender, I can spare the lives of the disciples who follow you!”

“Are you just going to watch those disciples die for your selfish desires?”

Hu Yixiao said to Liu Ruyan with a sneer!

“Hu Yixiao, we are already prepared to die today. None of my disciples are greedy for life or afraid of death.”

The third elder shouted loudly and immediately followed Hu Yixiao to fight!

The disciples of the Third Elder’s lineage and Hu Yixiao’s lineage also started fighting in an instant, and the entire Jade Cauldron Sect hall was filled with swords and swords!

At this time, Nie Heng, who was Hu Yixiao’s disciple, did not take action, but retreated and hid outside the hall!

He is still alive now, which proves that Chen Ping in the medicine pool is not already dead as others guessed. Chen Ping should still be alive now!

If Chen Ping dies, Nie Heng’s life soul will disappear in an instant. Without the life soul, Nie Heng cannot survive!

Since Chen Ping is still alive, Nie Heng does not want to participate in this fight, because no matter who wins, Nie Heng will not do well!

Nie Heng, who escaped from the hall, instantly realized something was wrong, because he felt that there were dozens of terrifying auras approaching the Jade Cauldron Sect hall!

Now all the disciples are gathered together, and there are no guards at the door. If someone attacks the Jade Cauldron Sect at this time, the Jade Cauldron Sect will be in danger!

Nie Heng hurriedly hid his body, and soon he saw dozens of people wearing strange clothes appearing from all directions. These people had strong auras, and the worst ones were all at the eighth level of Transformation Realm!

These dozens of people surrounded the entire Jade Cauldron Sect Hall, but these people did not make any next move. They just surrounded the Jade Cauldron Sect Hall outside, seeming to be waiting for orders!

Chapter: 4347

Upon seeing this, Nie Heng rushed back to the hall. At this time, the hall was in chaos, and there were already many corpses on the ground!

“Stop it, stop it, something happened, something happened...”

Nie Heng yelled desperately!

Soon, everyone in the melee stopped. Hu Yixiao looked at Nie Heng with an angry face and said: “Nie Heng, as a disciple, if you don’t help me as a teacher, where did you go?”

Hu Yixiao became very angry when he saw that Nie Heng did not help him deal with the third elder and the others!

“Master, stop fighting, something happened.”

“Someone broke into our Jade Cauldron Sect. Many people came. I’m afraid the visitor is not good...”

Nie Heng said anxiously to Hu Yixiao.

“What?” Hu Yixiao was stunned, and then asked anxiously: “Who is it? Can you see clearly?”

“I don’t know. Those people are outside and have surrounded the entire hall. We can’t kill each other anymore.”

Nie Heng shook his head!

Hearing what Nie Heng said, the third elder and Liu Ruyan were also shocked. They did not expect that someone would take advantage of the internal strife in their Jade Cauldron Sect to suddenly attack!

All the Jade Cauldron Sect disciples were shocked, and Hu Yixiao was the first to rush out!

After rushing out of the hall, looking at the dozens of experts around them, everyone took a breath!

“Demon cultivator?”

The expression of the third elder changed!

Others also saw that these people were demon cultivators, so they all became extremely nervous!

For so many years, the demon cultivators have been like rats on the streets, and everyone is shouting to beat them up. There are no demon cultivators who dare to show up openly. Now that dozens of demon cultivators have appeared, the Jade Cauldron Sect must be in danger!

“Everyone, don’t be nervous. I brought these people here. As long as you obey my orders, there won’t be any danger.”

The second elder shouted loudly, and then jumped into the air!

Now that the matter has come to this, the second elder has nothing to hide!

Moreover, the melee between the third elder and Hu Yixiao caused both sides to suffer losses and face exhaustion. The second elder was able to catch them all at once!

“Second Junior Brother, what are you bringing these demon cultivators for?”

Hu Yixiao’s eyes narrowed slightly and he said!

Chapter: 4348

The second elder smiled coldly: "Senior brother, as the saying goes, things are changing. You have been the sect leader for several years. Shouldn't you let me sit in that seat? Besides, you also used despicable means to gain the position of sect leader. Come on, so it's not an exaggeration for me to use some means to seize the position of sect leader, right?"

"you....."

When Hu Yixiao heard this, he was immediately furious. He originally thought that everything was under his control, but he didn't want to be manipulated by the second elder!

"Second Elder, you can get the position of the sect if you want, but you blatantly colluded with the demon cultivator. This is a capital crime, and everyone will be punished if you find it."

"If the surrounding sects find out that you are colluding with demon cultivators, have you thought about the consequences?"

Liu Ruyan asked the second elder with a stern face!

"Hahaha, what's wrong with colluding with demonic cultivators? Which of you has not done all the evil things for your own benefit?"

"Don't come and lecture me now. Those who obey me today will prosper and those who go against me will perish. Anyone who stops me from becoming the leader of this sect will die..."

The second elder laughed wildly!

"You don't have to think about it. I will never give up this position of sect leader to you. Besides, how can I, a disciple of the Jade Cauldron Sect, cooperate with the demon cultivator?"

"All Jade Cauldron Sect disciples obey the order and follow me to kill the second elder and eradicate the demonic cultivators..."

Hu Yixiao raised his arms and shouted, there was no way he would obediently give up his position as the head of the Jade Cauldron Sect!

However, Hu Yixiao raised his arms and shouted this time, but not many people responded. After all, Hu Yixiao, the leader of the sect, was not honorable!

Now the entire Jade Cauldron Sect is divided into three factions, the third elder and Liu Ruyan's faction, Hu Yixiao's faction, the second elder's faction, and some Jade Cauldron Sect disciples are wavering, not knowing who to listen to!

"I still say the same thing, those who follow me will prosper and those who go against me will perish. You'd better make the right choice..."

The second elder coldly glanced at the many Jade Cauldron Sect disciples and said!

Feeling the cold gaze of the second elder, many Jade Cauldron Sect disciples lowered their heads!

After all, there are dozens of powerful demon cultivators around, all brought by the second elder. At the door of the powerful room, the second elder clearly has the advantage!

"I am very smart, but I don't want to be fooled by you. I will kill you..."

Hu Yixiao rushed towards the second elder angrily!

Originally, he had always thought that the second elder had no ambition, but he didn't expect that the second elder had the greatest ambition!

"Third Elder, let's go together. If we join forces, we may not lose!"

Liu Ruyan said loudly to the third elder!

No matter what grudges they have against Hu Yixiao, the Jade Cauldron Sect must not fall into the hands of the demon cultivator!

Chapter: 4349

“Hahaha, what will happen even if you join forces?”

As the void trembled, flames suddenly appeared all over the sky, and then in the flames, a figure slowly walked out!

Immediately after striking out with a palm, the flames swept across like a huge wave, and the burning void made bursts of bursts of sounds!

The third elder and Liu Ruyan were instantly repelled by the flames!

Zhe Yan walked out of the flames. After seeing Zhe Yan, the third elder and Liu Ruyan were both slightly startled!

They didn't expect that this guy would dare to come back after escaping!

“I let you escape last time, this time I will definitely kill you, a demon cultivator...”

The third elder shouted loudly and headed towards Zhe Yan!

“Third Elder, let me help you...”

Liu Ruyan also jumped up!

Other Jade Cauldron Sect disciples also took action and followed those demon cultivators into a melee!

At this time, at the bottom of the medicine pool!

Chen Ping entered the dragon crystal!

Just when Chen Ping entered the dragon crystal, the dark fire suddenly became manic and continued to attack the surroundings, as if it wanted to break through the dragon crystal and escape!

“Where to escape...”

Chen Ping suddenly swung out his claws. If he wanted to catch the ultimate fire, he only needed to remove the ultimate fire from the dragon crystal!

But Zhihuo seemed to have consciousness. He evaded Chen Ping’s attack with a few dodges, and then rushed towards Chen Ping!

When Chen Ping saw this, he shouted loudly and activated his indestructible golden body, glowing with golden light!

Darkness and fire passed by Chen Ping, and a burst of flames instantly rose from Chen Ping’s body!

Waves of extremely hot feeling hit Chen Ping’s whole body.

Waves of spiritual power emanated from Chen Ping’s body, and then formed a transparent light shield around him, directly extinguishing the flames on his body!

Then Chen Ping punched out both fists, and a terrifying aura erupted, like a tornado, sweeping towards the ultimate fire!

Chen Ping wanted to use this breath to directly extinguish the fire!

A terrifying aura swept out, and the dark fire was blown away continuously, but the burning flame was still burning, with no sign of extinguishing!

Chapter: 4350

“This demonic fire cannot be extinguished. You can only refine it...”

The man looked at Chen Ping in the dragon crystal and said aloud!

When Chen Ping heard this, he instantly understood what the man meant. He turned his hands over and light blue flames burned on his palms!

Then Chen Ping waved his hand, and the blue flame instantly enveloped the ultimate fire!

Then the two flames entangled together, both engulfing each other!

Chen Ping is planning to use spiritual fire to refine this demon’s ultimate fire!

After all, there is only such a ball of demonic supreme fire, so refining it shouldn’t be too troublesome!

But soon, Chen Ping discovered that although it looked like a small ball of demonic fire, it contained endless power!

Even though Chen Ping almost exhausted all the spiritual power in his body, he still couldn’t refine the ultimate fire!

On the contrary, the spiritual fire created by Chen Ping showed signs of being absorbed by the demonic fire!

Chen Ping gritted his teeth and continued to exert his spiritual power. The light blue spiritual fire burned fiercely!

boom!

Suddenly, the sky filled with black flames filled the entire dragon crystal, the light blue spiritual fire was directly engulfed, and even Chen Ping was wrapped in the ultimate fire!

When the man saw this, he frowned instantly, but there was nothing he could do to help!

As black fireworks filled the entire dragon crystal, the originally suppressed formation also fell apart in an instant, shattering and disappearing!

“Hey, it’s over, maybe this is God’s will...”

The man sighed and closed his eyes slightly, as if waiting for the fire to engulf him!

But after waiting for a while, the ultimate fire that could have swallowed everything did not arrive!

The man opened his eyes and found a faint golden light flickering among the black fireworks!

“This...” The man’s eyes widened and he looked very surprised!

I saw the faint golden light getting stronger and stronger, spreading towards the surroundings, and soon the black fireworks were suppressed by this golden light!

Immediately afterwards, the entire dragon crystal was covered with light patterns, and around Chen Ping, three dragon crystals of different colors were floating around!

At Chen Ping’s feet, a formation as vast as stars appeared. In this formation, aura surged, and with the power of the dragon constantly bursting out from the dragon crystal, it directly trapped the group of demons in the fire. Among them!

Zhihuo rushed around, but there was no way to escape. Chen Ping had completely sealed him in the formation!
